EMEA Structured Finance CreditWatch Actions In Connection With Revised Counterparty Criteria

On Dec. 6, 2010, we updated the criteria we use for assessing counterparty risk (see "Counterparty And Supporting Obligations Methodology And Assumptions"). Based on our analysis, under the updated criteria we have placed or kept on CreditWatch negative certain affected EMEA structured finance ratings.

The tables below provide the transaction names, series, and ratings for the affected EMEA transactions. For the related media release, see "Ratings On 1,981 EMEA Structured Finance Tranches Placed On CreditWatch Negative After Counterparty Criteria Update," published on Jan. 18, 2011.

Table 1 provides a summary of the affected EMEA transactions. Tables 2 to 5 provide the details of the affected tranches by asset class: ABS, CMBS, RMBS, and structured credit (including CDOs).

Table 1
