RISK FACTORS

1 Risks derived from the issuer's legal nature and operations.

a) Nature of the Fund and obligations of the Management Company.

The Fund is a separate fund devoid of legal personality and is managed by a management company, in accordance with Royal Decree 926/1998. The Fund shall be liable only for its obligations to its creditors with its assets.

The Management Company shall discharge for the Fund the functions attributed to it in Royal Decree 926/1998, and enforce Bondholders' interests as the manager of third-party portfolios. There shall be no syndicate of bondholders. Therefore, the capacity to enforce Bondholders' interests shall depend on the Management Company's means.

b) Forced substitution of the Management Company.

In accordance with article 19 of Royal Decree 926/1998, where the Management Company is adjudged insolvent or has its licence to act as a securitisation fund management company revoked by the CNMV, it shall find a substitute management company. In any such event, if four months should have elapsed from the occurrence determining the substitution and no new management company should have been found willing to take over management, there shall be an early liquidation of the Fund and an early amortisation of the securities issued by the same.

c) Limitation of actions against the Management Company.

Bondholders and all other ordinary creditors of the Fund shall have no recourse whatsoever against the Fund Management Company other than as derived from a breach of its duties or inobservance of the provisions of the Deed of Constitution and of this Prospectus.

d) Applicability of the Bankruptcy Act

Both BBVA and the Management Company may be declared insolvent.

In particular, insolvency of BBVA could affect its contractual relationships with the Fund, in accordance with the provisions of the Bankruptcy Act.

As for the legal transactions consisting of the issue of the Pass-Through Certificates backed by the Mortgage Loans and the assignment of the Non-Mortgage Loan receivables, such legal transactions cannot be terminated other than by an action brought by the receivers of BBVA, in accordance with the provisions of the Bankruptcy Act and after proving the existence of fraud in those legal transactions, all as set down in Additional Provision Five of Act 3/1994 and in article 15 of Act 2/1981.

In the event of BBVA being decreed insolvent, in accordance with the Bankruptcy Act, the Fund, acting through the Management Company, shall have a right of separation with respect to the rights in which it shall be vested upon subscribing for the Pass-Through Certificates and acquiring the Non-Mortgage Loan receivables, on the terms provided for in articles 80 and 81 of the Bankruptcy Act. Moreover, the Fund, acting through its Management Company, shall be entitled to obtain from BBVA the amounts resulting from the Pass-Through Certificates and the acquisition of the Non-Mortgage Loan receivables from the date on which insolvency is decreed, for those amounts will be considered to be the Fund's property, through its Management Company, and must therefore be transferred to the Management Company, on behalf of the Fund. This right of separation would not necessarily extend to monies received and held by BBVA on behalf of the Fund before that date, for they might be earmarked for the outcome of the insolvency, based on the most widespread construction of article 80 of the Bankruptcy Act for the time being in force, given the essential fungible nature of money.

Subject to the above, both the Prospectus and the Deed of Constitution provide for certain means in order to mitigate the aforesaid effects in relation to money, because it is a fungible asset.

In this sense, in order to mitigate the consequences that an insolvency decree of the Originator could have in this connection on the Fund's rights, in particular, for the purposes of article 1527 of the Civil Code, paragraph 3.3.1.3 of the Building Block provides that the Fund's subscription for the Pass-Through Certificates and acquisition of the Non-Mortgage Loan receivables shall not be notified to the Obligors. However, in the event of insolvency, or indications thereof, of administration by the Bank of Spain, of liquidation or of substitution of the Servicer, or because the Management Company deems it reasonably justified, the Management Company may demand the Servicer to notify Obligors, and guarantors, if any, of the transfer to the Fund, upon subscription for the Pass-Through Certificates and acquisition of the Non-Mortgage Loan receivables, of the outstanding rights and that the payments derived therefrom will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify Obligors within five (5) Business Days of receiving the request and in the event of the Servicer becoming insolvent, the Management Company itself shall directly or, as the case may be, through a new Servicer it shall have designated, notify Obligors and guarantors, if any.

Moreover, and for the same purposes of mitigating the aforesaid risk, provision has been made for certain means which are described in sections 3.4.4.1 (Treasury Account), 3.4.5 (Collection by the Fund of payments in respect of the assets) and 3.7.2.1.2 (Collection management), all of the Building Block.

In the event of bankruptcy of the Management Company, it must be replaced by another management company in accordance with the provisions of paragraph 1.b) above and articles 18 and 19 of Royal Decree 926/1998.

The structure of the envisaged asset securitisation transaction does not, other than in the event of a breach by the parties, allow the existence of any cash amounts that could be included in the Management Company's estate because the Fund's income shall, on the terms provided for in this Prospectus, be paid into the accounts opened in the name of the Fund by the Management Company (that is involved in opening those accounts as the Fund's authorised representative), and the Fund would therefore in that regard have a right of separation on the terms provided for in articles 80 and 81 of the Bankruptcy Act.

Subject to the above, insolvency of any of the parties involved (whether BBVA, the Management Company or any other Fund counterparty due to replacement) could affect their contractual relations with the Fund.

2 Risks derived from the securities.

a) Issue Price.

The Bond Issue is made with the intention of being fully subscribed for by the Originator in order to have liquid assets available which may be sold in the market or be used as security for Eurosystem transactions, and, consequently, the terms of the Bond Issue are not an estimate of the prices at which those instruments could be sold in the secondary market or of the Eurosystem's valuations in due course for the purpose of using them as security instruments in its lending transactions to the banking system.

b) Liquidity.

There is no assurance that the Bonds will be traded on the market with a minimum frequency or volume.

There is no undertaking that any institution will be involved in secondary trading, giving the Bonds liquidity by offering consideration.

Moreover, the Fund may in no event repurchase the Bonds from Bondholders. Nevertheless, the Bonds may be fully subject to early amortisation in the event of Early Liquidation of the Fund, on the terms laid down in section 4.4.3 of the Registration Document.

c) Yield.

Calculation of the yield (internal rate of return) of the Bonds in each Series contained in section 4.10 of the Securities Note is subject to future market interest rates, given the floating nature of the Nominal Interest Rate of each Series.

d) Duration.

Calculation of the average life and duration of the Bonds in each Series contained in section 4.10 of the Securities Note is subject to fulfilment of Loan repayment and to assumed Loan prepayment rates that may not be fulfilled. Loan repayment performance is influenced by a number of economic and social factors such as market interest rates, the Obligors' financial circumstances and the general level of economic activity, preventing their predictability.

e) Late-payment interest.

Late interest payment or principal repayment to holders of Bonds in any Series shall under no circumstances result in late-payment interest accruing to their favour.

f) Subordination of the Bonds.

Series B Bond interest payment and principal repayment is deferred with respect to Class A (Series A1 and A2(G)) Bonds, whereas Series C Bond interest payment and principal repayment is in turn deferred with respect to Class A (Series A1 and A2(G)) and Series B Bonds. However, there is no certainty that these subordination rules will protect Series A1, A2(G), B and C Bondholders from the risk of loss.

The subordination rules among the different Series are established in the Priority of Payments and in the Liquidation Priority of Payments in accordance with section 3.4.6 of the Building Block.

g) Deferment of interest.

This Prospectus and the other supplementary documents relating to the Bonds provide for deferment of Series B and C Bond interest payment in the event of the circumstances provided for in section 3.4.6.2.1.2 of the Building Block occurring.

Class A Bond interest is not subject to these deferment rules.

h) Bond Rating.

The credit risk of the Bonds issued by the Fund has been assessed by the Rating Agency Standard & Poor's España S.A.

The Rating Agency may revise, suspend or withdraw the final ratings assigned at any time, based on any information that may come to their notice.

These ratings are not and cannot therefore be howsoever construed as an invitation, recommendation or encouragement for investors to proceed to carry out any transaction whatsoever on the Bonds and, in particular, acquire, keep, charge or sell those Bonds.

i) Fulfilment of formal obligations by investors not resident in Spain.

In accordance with Spanish laws for the time being in force, returns on the Bonds obtained by an investor who is not a resident of Spain shall be either (i) exempt from a withholding on account of Non-Resident Income Tax (in the case of investors acting through a permanent establishment), or (ii) exempt on the same terms established for returns on public debt (in the case of investors acting in Spain without a permanent establishment and provided that they are not obtained through countries or territories statutorily considered to be tax havens).

Notwithstanding the above, in order for the above withholding exclusion to be effective, it is necessary for those investors to satisfy certain formal obligations, currently provided for in the Order of December 22, 1999 and in Royal Decree 2281/1998, amended by Royal Decree 1778/2004, and, from January 1,

2008, provided for in Royal Decree 1065/2007, repealing said Royal Decree 2281/1998, subject to specific rules being enacted for securitisation funds in the future.

Where pursuant to the abovementioned laws the exemption right is not satisfactorily established (that is to say, proof is not produced that the non-resident investor is not acting through a tax haven or the Fund is not provided, through the Paying Agent, with the relevant certificates of the Bond clearing institution and custodian), returns on the Bonds shall be subject to a withholding that is currently set at 18%.

The tax implications described above are based on the laws in force at the time of issue and do not purport to be comprehensive. Consequently, they should not be considered in lieu of the requisite tax advice suited to each investor's particular situation.

3 Risks derived from the assets backing the issue.

a) Risk of default on the Loans.

Bondholders shall bear the risk of default on the Loans.

BBVA, as Originator, shall have no liability whatsoever for the Obligors' default of principal, interest or any other amount they may owe under the Loans. Under article 348 of the Commercial Code, BBVA is liable to the Fund exclusively for the existence and lawfulness of the Loans, and for the personality with which the Pass-Through Certificates are issued and the Non-Mortgage Loan receivables are assigned. BBVA will have no liability whatsoever to directly or indirectly guarantee that the transaction will be properly performed nor give any guarantees or security, nor indeed agree to repurchase the Loans, other than the undertakings contained in section 2.2.9 of the Building Block regarding substitution or redemption of Non-Mortgage Loans or Pass-Through Certificates failing to conform, upon the Fund being established, to the representations given in section 2.2.8 of the Building Block.

The Bonds issued by the Fund neither represent nor constitute an obligation of BBVA or the Management Company. With the exception of the guarantee of the Regional Government of Catalonia (the **'Catalan Government Guarantee'**) given for Series A2(G) Bonds, on the terms described in section 3.4.2.3 of the Building Block, no other guarantees have been granted by any public or private organisation whatsoever, including BBVA, the Management Company and any of their affiliated or associated companies.

b) Limited Hedging.

A high level of delinquency of the Loans might reduce or indeed exhaust the limited hedging against Loan portfolio losses that the Bonds in each Series distinctly have as a result of the existence of the credit enhancement transactions described in section 3.4.2 of the Building Block. Additionally, that risk of default is covered for Series A2(G) Bonds by the Catalan Government Guarantee, described in section 3.4.2.3 of the Building Block.

The degree of subordination in interest payment and principal repayment between the Bonds in the different Series derived from the Priority of Payments and the Liquidation Priority of Payments is a mechanism for distinctly hedging the different Series, respectively.

c) Loan prepayment risk.

There will be a prepayment of the Loans when the Obligors prepay the portion of principal pending repayment on the Loans, or in the event that BBVA should be substituted in the relevant Loans by any other financial institution licensed to do so, or in any other event having the same effect.

That prepayment risk shall pass quarterly on each Payment Date to Bondholders by the partial amortisation of the Bonds, in accordance with the provisions of the rules for Distribution of Available Funds for Amortisation contained in section 4.9.2 of the Securities Note.

d) Concentration by obligor.

As described in section 2.2.2. a) of the Building Block, the highest debtor among all the debtors represents 1.299%, in terms of outstanding principal, of the total loans selected as at December 28, 2007 to be assigned to the Fund upon being established. The ten highest debtors altogether represent 10.814% of that total.

Given these concentration levels, any circumstance whatsoever having a material adverse effect on these debtors could affect payments of the Loans backing the Bond Issue.

e) Sector concentration.

The selected loans as at December 28, 2007 to be assigned to the Fund upon being established with obligors whose business (Spanish Business Activity Code *CNAE*) is comprised within the building (6.84% of the total in terms of outstanding principal) and real estate (20.64% of the total in terms of outstanding principal) sector altogether represent 272 obligors (21.62% of the total), and their outstanding principal amounts to EUR 79,949,400.24 (27.49% of the total).

Given these concentration levels, any circumstance whatsoever having a material adverse effect on the building and real estate businesses could affect payments of the Loans backing the Bond Issue.

This is a Certified Translation into English of the Spanish Prospectus. No document other than the Spanish Prospectus registered by the Comisión Nacional del Mercado de Valores may have any legal effect whatsoever or be taken into account with respect to the Bond Issue.

4.4.3 Early Liquidation of the Fund.

4.4.3.1 Following notice served on the CNMV, the Management Company shall be entitled to proceed to early liquidation ("**Early Liquidation**") of the Fund and thereby early amortisation of the entire Bond Issue ("**Early Amortisation**"), in any of the following events ("**Early Liquidation Events**"):

- (i) When the amount of the Outstanding Balance of the Loans yet to be repaid is less than ten (10) percent of the initial Outstanding Balance of the Loans upon the Fund being established, and provided that the payment obligations derived from the Bonds in each Series then outstanding may be honoured and settled in full in the Liquidation Priority of Payments.

Payment obligations derived from the Bonds in each Series on the date of Early Liquidation of the Fund shall at all events be deemed to be the Outstanding Principal Balance of the Series on that date plus interest accrued and not paid until that date, which amounts shall be deemed to be due and payable on that date to all statutory intents and purposes.

- (ii) Where, in any event or circumstance whatsoever unrelated to the Fund's operations, a substantial alteration occurs or the financial balance of the Fund required by article 11.b) of Royal Decree 926/1998 is permanently damaged. This event includes such circumstances as the existence of any change in the law or supplementary implementing regulations, the establishment of withholding obligations or other situations which might permanently affect the financial balance of the Fund.
- (iii) In the event that the Management Company should be adjudged insolvent, or the statutory term to do so or otherwise four months should elapse without a new management company being designated in accordance with the provisions of section 3.7.1.3 of the Building Block.
- (iv) When a default occurs indicating a major permanent imbalance in relation to any of the Bonds issued or that it is about to occur.
- (v) In the event that the Management Company should have the express consent and acceptance of all the Bondholders and all the counterparties to the agreements in force with the Fund, as regards both payment of amounts resulting from, and the procedure for, such Early Liquidation.
- (vi) Upon the lapse of forty-two (42) months from the date of the last maturity of the Loans, even if amounts are still due and payable.

4.4.3.2 The following requirements shall have to be satisfied to proceed to that Early Liquidation of the Fund:

- (i) That Bondholders be given not less than fifteen (15) Business Days' notice, as prescribed in section 4.1.3.2 of the Building Block, of the Management Company's resolution to proceed to Early Liquidation of the Fund.
- (ii) That the Management Company previously advise the CNMV and the Rating Agency of that notice.
- (iii) The notice of the Management Company's resolution to proceed to Early Liquidation shall contain a description of (i) the event or events triggering Early Liquidation, (ii) the liquidation procedure, and (iii) how the Bond payment obligations are to be honoured and settled in the Liquidation Priority of Payments.

4.4.3.3 In order for the Fund, through its Management Company, to proceed to Early Liquidation of the Fund and Early Amortisation, the Management Company shall, for and on behalf of the Fund:

- (i) Proceed to sell the Non-Mortgage Loan receivables and/or the Pass-Through Certificates remaining in the Fund at a reasonable market price, initially not less than the sum of the principal then outstanding plus interest accrued and not paid on the relevant Loans, subject to the provisions of paragraph (iv) below.
- (ii) Proceed to terminate such agreements as are not necessary for the Fund liquidation procedure.

- (iii) Be entitled to arrange for a credit facility, which shall be fully allocated to early amortisation of the Bonds in the outstanding Series and repayment of amounts due to the Government of Catalonia upon the Catalan Government Guarantee being enforced for Series A2(G). Financial expenses due shall be paid and credit facility principal shall be repaid in accordance with the Liquidation Priority of Payments of the Fund.
- (iv) Finally, both due to the preceding actions falling short and the existence of Non-Mortgage Loan receivables or other remaining assets of the Fund, the Management Company shall proceed to sell them and shall therefore invite a bid from at least five (5) entities who may, in its view, give a reasonable market value. The Management Company shall be bound to accept the best bid received for the Non-Mortgage Loan receivables and assets on offer. In order to set the market value, the Management Company may secure such valuation reports as it shall deem necessary.

In events (i), (iii) and (iv) above, the Originator shall have a pre-emptive right and will therefore have priority over third parties to voluntarily acquire the Non-Mortgage Loan receivables or other remaining assets still on the assets of the Fund, and/or may grant to the Fund the credit facility designed for early amortisation of the Bonds in the outstanding Series. The Management Company shall therefore send the Originator a list of the assets and of third-party bids received, and the latter may use that right for all of the Non-Mortgage Loan receivables or other assets offered by the Management Company or the credit facility within five (5) Business Days of receiving said notice, and provided that its bid is at least equal to the best of the third-party bids.

The Management Company shall forthwith apply all the proceeds from the sale of the Fund's assets to paying the various items, in such manner, amount and order as shall be requisite in the Liquidation Priority of Payments, other than the amounts, if any, drawn under the credit facility arranged for early amortisation of Bonds in the outstanding Series, which shall be fully applied to Early Amortisation of these Series and repayment of amounts due to the Government of Catalonia upon the Catalan Government Guarantee being enforced for Series A2(G).

4.4.4 Termination of the Fund.

The Fund shall terminate in any case, after complying with and observing the relevant legal procedure, in any of the following events:

- (i) Upon the Non-Mortgage Loan receivables and the Pass-Through Certificates pooled therein being fully amortised.
- (ii) Upon the Bonds issued being fully amortised.
- (iii) When the Early Liquidation procedure established in section 4.4.3 above is over.
- (iv) Upon final liquidation of the Fund on the Final Maturity Date on July 21, 2040 or the following Business Day if that is not a Business Day.
- (v) Upon the establishment of the Fund terminating in the event that the Rating Agency should not confirm any of the assigned provisional ratings as final ratings by 1pm (CET) on February 12, 2008. In this event, the Management Company shall terminate the establishment of the Fund, the Bond issue and the legal transactions for issuing and subscribing for the Mortgage Loan Pass-Through Certificates and assigning the Non-Mortgage Loan receivables.

Termination of the establishment of the Fund shall be notified to the CNMV as soon as such is confirmed, and shall be publicised by means of the procedure specified in section 4.1.3.2 of the Building Block. Within not more than one month after the occurrence of the event of termination, the Management Company shall execute a statutory declaration before a notary public declaring that the Fund's obligations have been settled and terminated and that the Fund has terminated. Notwithstanding the above, the Fund Management Company shall defray the expenses of setting up the Fund payable with the Start-Up Loan, the agreement for which shall not be terminated but shall rather be cancelled after those amounts are settled, principal repayment being subordinated to fulfilment of all other obligations undertaken by the Management Company, acting for and on behalf of the Fund.

In the event that there should be any remainder upon the Fund being liquidated and after making all payments to the various creditors by distributing the Liquidation Available Funds in the set Liquidation Priority of Payments, that remainder shall be for the Originator on the liquidation terms established by the Management Company. If that remainder is not a liquid amount, since relating to Loans that are pending the outcome of legal or notarial proceedings instituted as a result of default by the Loan Obligor, both their continuation and the proceeds of their termination shall be for the Originator.

In any event, the Management Company, acting for and on behalf of the Fund, shall not proceed to terminate the Fund and strike it off the relevant administrative registers until the Fund's Loans and remaining assets have been liquidated and the Fund's Liquidation Available Funds have been distributed, in the Liquidation Priority of Payments.

Upon a period of six (6) months elapsing from liquidation of the Fund's remaining assets and distribution of the Liquidation Available Funds, the Management Company shall execute a statutory declaration before a notary public declaring (i) that the Fund has terminated, and the events prompting its termination, (ii) how Bondholders and the CNMV were notified, and (iii) how the Liquidation Available Funds were distributed in the Liquidation Priority of Payments; notice of this shall be given in a nation-wide newspaper and all other appropriate administrative procedures will be observed. The Management Company will submit that statutory declaration to the CNMV.

The general characteristics of the Catalan Government Guarantee and its enforcement are given in section 3.4.2.3 of the Building Block.

4.8 Nominal interest rate and provisions relating to interest payable.

4.8.1 Bond nominal interest rate.

The Bonds in each Series shall, from the Closing Date until they mature fully, accrue yearly nominal interest, variable and payable quarterly, which shall be the result of applying the policies established hereinafter for each Series.

The resultant yearly nominal interest rate (hereinafter the "**Nominal Interest Rate**") for each Series shall be payable quarterly in arrears on each Payment Date on the Outstanding Principal Balance of the Bonds in each Series on the preceding Determination Date, provided that the Fund has sufficient liquidity in the Priority of Payments or in the Liquidation Priority of Payments, as the case may be.

Withholdings, interim payments, contributions and taxes established or to be established in the future on Bond principal, interest or returns shall be borne exclusively by Bondholders, and their amount, if any, shall be deducted by the Management Company, for and on behalf of the Fund, or through the Paying Agent, as provided by law.

4.8.1.1 Interest accrual.

For interest accrual purposes, the duration of each Bond Series shall be divided into successive interest accrual periods (“**Interest Accrual Periods**”) comprising the exact number of days elapsed between every two consecutive Payment Dates, each Interest Accrual Period including the beginning Payment Date but not including the ending Payment Date. Exceptionally, the duration of the first Interest Accrual Period shall be equivalent to the exact number of days elapsed between the Closing Date, February 14, 2008, inclusive, and the first Payment Date, April 21, 2008, exclusive.

The Nominal Interest Rate shall accrue on the exact number of days in each Interest Accrual Period for which it was determined, calculated based upon a 360-day year.

4.8.1.2 Nominal Interest Rate.

The Nominal Interest Rate applicable to the Bonds in each Series and determined for each Interest Accrual Period shall be the result of adding:

- (i) the Reference Rate, as established in the following section, and
- (ii) a margin for each Series as follows:

- **Series A1:** 0.20% margin.
- **Series A2(G):** 0.10% margin.
- **Series B:** 0.35% margin.
- **Series C:** 0.85% margin.

The resultant Nominal Interest Rate shall be expressed as a percentage rounded to the nearest thousandth of a whole number or rounded up to the nearest one where the differences of rounding up or down to the nearest thousandths are identical.

4.8.1.3 Reference Rate and determining the same.

The reference rate (“**Reference Rate**”) for determining the Nominal Interest Rate applicable to each Bond Series is as follows:

- i) Other than for the first Interest Accrual Period, three- (3-) month Euribor, “Euro Interbank Offered Rate”, calculated and distributed by the BRIDGE financial information system under an FBE (“Fédération Bancaire de l’Union Européene”) mandate, fixed at 11am (CET or “Central European Time”) on the Interest Rate Fixing Date described below, which is currently published on electronic pages EURIBOR01 supplied by Reuters, and 248 supplied by Dow Jones Markets (Bridge Telerate), or any other page taking their stead in providing these services.

Exceptionally, the Reference Rate for the first Interest Accrual Period shall be the result of a straight-line interpolation between two- (2-) month Euribor and three- (3-) month Euribor, fixed at 11am (CET) on the second Business Day preceding the Closing Date, bearing in mind the number of days in the first Interest Accrual Period. The Reference Rate for the first Interest Accrual Period shall be calculated in accordance with the following formula:

$$IR = [((D-60)/30) \times E3] + [(1-((D-60)/30)) \times E2]$$

Where:

- IR = Reference Rate for the first Interest Accrual Period.
- D = Number of days in the first Interest Accrual Period.
- E2 = Two- (2-) month Euribor.
- E3 = Three- (3-) month Euribor.

Euribor definitions approved by the FBE and the Financial Markets Association (ACI) supplementing the current definition of Euribor shall be considered included for the purpose of the Euribor Reference Rate without having to amend these Reference Rate terms or have the Management Company notify Bondholders.

- ii) In the event that the rate established in paragraph (i) above should not be available or be impossible to obtain, the substitute Reference Rate shall be the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable three- (3-) month deposit transactions in euros in an amount equivalent to the Outstanding Principal Balance of the Bond Issue, declared by four (4) prime banks in the Euro zone, following a simultaneous request to each of their headquarters by the Paying Agent as soon as possible after 11am (CET) on the Interest Rate Fixing Date.

Exceptionally, the substitute Reference Rate for the first Interest Accrual Period shall be the rate resulting from the straight-line interpolation between the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable two- (2-) month deposit transactions in euros and the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable three- (3-) month deposit transactions in euros, both in an amount equivalent to the face amount of the Bond Issue, declared by the banks as provided for in paragraph one above, following a simultaneous request to each of their headquarters by the Paying Agent as soon as possible after 11am (CET) on the second Business Day preceding the Closing Date.

The substitute Reference Rate shall be expressed as a percentage rounded to the nearest thousandth of a percentage point or rounded up to the nearest point where the differences of rounding up or down to the nearest thousandths are identical.

Should it be impossible to apply the above substitute Reference Rate, upon the failure by any or several of the banks to provide written quotations as provided for in paragraphs one and two of this section, the interest rate resulting from applying the simple arithmetic mean of the interest rates declared by at least two of the other banks shall be applicable.

- iii) If the rates established in paragraphs i) and ii) above should not be available or be impossible to obtain, the last Reference Rate or substitute Reference Rate applied to the next preceding Interest Accrual Period shall apply, and so on for subsequent Interest Accrual Periods whilst matters remain the same.

On each Interest Rate Fixing Date, the Paying Agent shall notify the Management Company of the Reference Rate determined in accordance with paragraphs i) and ii) above. The Management Company shall keep the listings and supporting documents on which the Paying Agent shall notify it the Reference Rate determined.

4.8.1.4 **Interest Rate Fixing Date.**

The Management Company shall, for and on behalf of the Fund, determine the Nominal Interest Rate applicable to each Bond Series for every Interest Accrual Period as provided for in sections 4.8.1.2 and 4.8.1.3 above, on the second Business Day preceding each Payment Date (the **'Interest Rate Fixing Date'**), and it will apply for the following Interest Accrual Period.

Exceptionally, the Management Company shall determine the Nominal Interest Rate of the Bonds in each Series for the first Interest Accrual Period as provided for in sections 4.8.1.2 and 4.8.1.3 above, on the second Business Day preceding the Closing Date, and shall notify the same in writing on the same day to the Bond Issue Subscriber. The Management Company will also notify this to the CNMV, the Paying Agent, the Barcelona Stock Exchange and SCLBARNA.

The nominal interest rates determined for each Bond Series for subsequent Interest Accrual Periods shall be communicated to Bondholders within the deadline and in the manner for which provision is made in section 4.1.1.a) of the Building Block.

4.8.1.5 **Formula for calculating interest.**

Interest settlement for each Series, payable on each Payment Date for each Interest Accrual Period, shall be calculated for each Series in accordance with the following formula:

$$I = P \times \frac{R}{100} \times \frac{d}{360}$$

Where:

I = Interest payable on a given Payment Date, rounded up to the nearest eurocent..

P = Outstanding Principal Balance of the Series on the Determination Date preceding that Payment Date.

R = Nominal Interest Rate of the Series expressed as a yearly percentage.

d = Exact number of days in each Interest Accrual Period.

4.8.2 Dates, place, institutions and procedure for paying interest.

Interest on the Bonds in all Series shall be paid until they are finally amortised by Interest Accrual Periods in arrears on January 21, April 21, July 21 and October 21 in each year, or the following Business Day if any of those is not a Business Day (each of those dates, a **'Payment Date'**), and interest for the then-current Interest Accrual Period will accrue until said first Business Day, not inclusive, on the terms established in section 4.8.1.2 of this Securities Note.

The first interest Payment Date for the Bonds in each Series shall be April 21, 2008, and interest will accrue at the applicable Nominal Interest Rate between the Closing Date, February 14, 2008, inclusive, and April 21, 2008, exclusive.

In this Bond Issue, business days ("**Business Days**") shall be deemed to be all days other than a:

- public holiday in the city of Madrid, or
- non-business day in the TARGET calendar (Trans European Automated Real-Time Gross Settlement Express Transfer System).

Both interest resulting for Bondholders in each Series and the amount, if any, of interest accrued and not paid, shall be notified to Bondholders as described in section 4.1.1.a) of the Building Block, at least one (1) calendar day in advance of each Payment Date.

Bond interest accrued shall be paid on each Payment Date provided that the Fund has sufficient liquidity to do so in the Priority of Payments or Liquidation Priority of Payments, as the case may be.

In the event that on a Payment Date the Fund should be unable to make full or partial payment of interest accrued on the Bonds in any Series, in the Priority of Payments, the amounts that Bondholders should not have received shall be accumulated on the following Payment Date to interest on that Series which, as the case may be, should be paid on that same Payment Date, and will be paid in the Priority of Payments and applied by order of maturity if it should be impossible once again not to pay the same fully due to a shortfall of Available Funds. The foregoing shall be without prejudice to the Catalan Government Guarantee, which covers shortfalls in payment of Series A2(G) Bond interest and principal economic obligations enforceable on the Fund.

Overdue interest amounts shall not earn additional or late-payment interest and shall not be accumulated to the Outstanding Principal Balance of the Bonds.

The Fund, through its Management Company, may not defer Bond interest payment beyond July 21, 2040, the Final Maturity Date, or the following Business Day if that is not a Business Day.

The Bond issue shall be serviced through the Paying Agent, to which end the Management Company shall, for and on behalf of the Fund, enter into the Paying Agent Agreement with BBVA, as established in section 5.2.1 of this Securities Note.

4.9 Maturity date and amortisation of the securities.

4.9.1 Bond redemption price.

The redemption price of the Bonds in each Series shall be EUR one hundred thousand (100,000) per Bond, equivalent to 100 percent of their face value, payable as established in section 4.9.2 below.

Each and every one of the Bonds in a same Series shall be amortised in an equal amount by reducing the face amount of each of the Bonds.

4.9.2 Characteristics specific to the amortisation of each Bond Series.

4.9.2.1 Amortisation of Series A1 Bonds.

Series A1 Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins until their total face amount has been fully amortised, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series A1, in accordance with the rules for Distribution of Available Funds for Amortisation given in sections 4.9.3.5 and 4.9.3.6 below, prorated between the Bonds in Series A1 proper by reducing the face amount of each Series A1 Bond.

Final amortisation of Series A1 Bonds shall occur on the Final Maturity Date (July 21, 2040 or the following Business Day if that is not a Business Day), notwithstanding their full amortisation before that date due to the partial amortisation for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

The first partial amortisation of Series A2(G) Bonds shall occur once Series A1 Bonds have been fully amortised. However, even if Series A1 has not been fully amortised, in the event that the circumstances for Pro Rata Amortisation of Class A occur, Series A2(G) Bonds shall be amortised pro rata to Series A1 Bonds, all in accordance with the rules for Distribution of Available Funds for Amortisation.

Final amortisation of Series A2(G) Bonds shall occur on the Final Maturity Date (July 21, 2040 or the following Business Day if that is not a Business Day), notwithstanding their full amortisation before that date due to the partial amortisation for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.2.3 Amortisation of Series B Bonds.

The first partial amortisation of Series B Bonds shall occur once Series A1 and A2(G) Bonds have been fully amortised. However, even if Series A1 and A2(G) have not been fully amortised, the Available Funds for Amortisation shall also be applied to amortising Series B on the Payment Date on which the Conditions

for Pro Rata Amortisation are satisfied for Series B in accordance with the rules for Distribution of Available Funds for Amortisation, in such a way that the ratio of the Outstanding Principal Balance of Series B to the sum of the Outstanding Principal Balance of the Bond Issue remains at 9.52%, or higher percentage closest thereto.

Final amortisation of Series B Bonds shall occur on the Final Maturity Date (July 21, 2040 or the following Business Day if that is not a Business Day), notwithstanding their full amortisation before that date due to the partial amortisation for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.2.4 Amortisation of Series C Bonds.

Series C Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins until their total face amount has been fully amortised, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series C in accordance with the rules for Distribution of Available Funds for Amortisation given in sections 4.9.3.5 and 4.9.3.6 below, prorated between the Bonds in Series C proper by reducing the face amount of each Series C Bond.

The first partial amortisation of Series C Bonds shall occur once Series A1, A2(G) and B Bonds have been fully amortised. However, even if Series A1, A2(G) and B have not been fully amortised, the Available Funds for Amortisation shall also be applied to amortising Series C on the Payment Date on which the Conditions for Pro Rata Amortisation are satisfied for Series C in accordance with the rules for Distribution of Available Funds for Amortisation, in such a way that the ratio of the Outstanding Principal Balance of Series C to the sum of the Outstanding Principal Balance of the Bond Issue remains at 11.04%, or higher percentage closest thereto.

Final amortisation of Series C Bonds shall occur on the Final Maturity Date (July 21, 2040 or the following Business Day if that is not a Business Day), notwithstanding their full amortisation before that date due to the partial amortisation for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.3 Partial amortisation of the Bonds in each Series.

Irrespective of the Final Maturity Date and subject to Early Amortisation of the Bond Issue in the event of Early Liquidation of the Fund, the Fund shall, through its Management Company, proceed to partial amortisation of the Bonds in each Series on each Payment Date other than the Final Maturity Date or the date of Early Liquidation of the Fund on the specific amortisation terms for each Series established in sections 4.9.2.1 to 4.9.2.4 of this Securities Note and on the terms described hereinafter in this section common to all four Series.

4.9.3.3 **Outstanding Balance of the Loans.**

The Outstanding Balance of a Loan shall be the sum of the capital or principal not yet due and the capital or principal due and not paid into the Fund on the specific Loan on a given date.

The Outstanding Balance of the Loans on a date shall be the sum of the Outstanding Balance of each and every one of the Loans on that date.

Delinquent Loans shall be deemed to be Loans that are delinquent on a given date with an arrears in excess of three (3) months in payment of overdue amounts, excluding Doubtful Loans. Non-Delinquent Loans shall be deemed to be Loans that are not deemed to be Delinquent Loans on a given date, also excluding Doubtful Loans.

Doubtful Loans shall be deemed to be Loans that are delinquent on a given date with a period of arrears equal to or greater than twelve (12) months in payment of overdue amounts or classified as bad debts by the Management Company because there are reasonable doubts as to their full repayment based on indications or information received from the Servicer. Non-Doubtful Loans shall be deemed to be Loans that are not deemed to be Doubtful Loans on a given date.

4.9.3.4 **Amortisation Withholding on each Payment Date and Amortisation Deficiency.**

On each Payment Date, the Available Funds shall be used in seventh (7th) place in the priority of payments for withholding the amount altogether designed for amortising the Bonds and without distinguishing among the various Series and repaying to the Government of Catalonia the amounts, if any, paid for repaying Series A2(G) principal ("**Amortisation Withholding**"), in an amount equal to the positive difference, if any, at the Determination Date preceding the relevant Payment Date, between (i) the Outstanding Principal Balance of the Bond Issue, increased by the amount to be repaid to the Government of Catalonia upon the Catalan Government Guarantee being enforced for amortising Series A2(G), and (ii) the Outstanding Balance of Non-Doubtful Loans.

Depending on the liquidity existing on each Payment Date, the amount actually applied of the Available Funds to Amortisation Withholding shall be included in the Available Funds for Amortisation to be applied in accordance with the rules for Distribution of Available Funds for Amortisation established hereinafter in section 4.9.3.6 below.

The amortisation deficiency (the "**Amortisation Deficiency**") on a Payment Date shall be the positive difference, if any, between (i) the Amortisation Withholding amount, and (ii) the amount actually applied of the Available Funds for Amortisation.

4.9.3.5 **Available Funds for Amortisation on each Payment Date.**

The available funds for amortisation on each Payment Date (the "**Available Funds for Amortisation**") shall be the Amortisation Withholding amount actually applied in seventh (7th) place in the order of priority for application of the Available Funds on the relevant Payment Date.

Additionally, and not included among the Available Funds for Amortisation, the Fund shall avail of the amount drawn upon enforcing the Catalan Government Guarantee paid to the Fund from the preceding Payment Date until the relevant Payment Date, allocated only to repaying Series A2(G) Bond principal.

4.9.3.6 **Distribution of Available Funds for Amortisation.**

The Available Funds for Amortisation shall be applied on each Payment Date to amortising each Series in accordance with the following rules ("**Distribution of Available Funds for Amortisation**"):

1. The Available Funds for Amortisation shall be sequentially applied firstly to amortising Class A (Series A1 and A2(G)) and repaying amounts due to the Government of Catalonia upon the Catalan Government Guarantee being enforced for amortising Series A2(G) until fully amortised and repaid, as provided for in rule 2 below, secondly to amortising Series B until fully amortised and thirdly to amortising Series C until fully amortised, notwithstanding the provisions of rule 3 below for pro rata amortisation of the different Series.
2. The amounts of the Available Funds for Amortisation applied to amortising Class A (Series A1 and A2(G)) and repaying amounts due to the Government of Catalonia upon the Catalan Government Guarantee being enforced for amortising Series A2(G), both under rule 1 above and under rule 3 below, shall be applied as follows:

2.1 Ordinary application in the following order:

1. Repayment of Series A1 Bond principal.
2. Repayment of Series A2(G) Bond principal and repayment to the Government of Catalonia of amounts it shall have paid to the Fund upon the Catalan Government Guarantee being drawn for repaying Series A2(G) Bond principal, once Series A1 Bonds have been fully amortised.

The amount of the Available Funds for Amortisation applied on a Payment Date to both items (repayment of Series A2(G) Bond principal and repayment to the Government of Catalonia of amounts due upon the Catalan Government Guarantee being enforced for amortising Series A2(G)) shall be applied as follows:

- (i) If there is an Amortisation Deficiency on the relevant Payment Date, firstly to amortising Series A2(G) and secondly, in the remaining amount, if any, to repayment to the Government of Catalonia of amounts due upon the Catalan Government Guarantee being enforced for amortising Series A2(G).
- (ii) Otherwise, firstly to repayment to the Government of Catalonia of amounts due upon the Catalan Government Guarantee being enforced for amortising Series A2(G) and secondly, in the remaining amount, if any, to amortising Series A2(G).

- 2.2 Exceptional pro rata application of Class A ("**Pro Rata Amortisation of Class A**"): The application priority of paragraph 2.1 above shall be stopped in the event that on the Determination Date preceding the relevant Payment Date the Outstanding Balance of Delinquent Loans is in excess of 3.00% of the Outstanding Balance of Non-Doubtful Loans.

In that event, on the relevant Payment Date, the amount of the Available Funds for Amortisation applied to amortising Class A (Series A1 and A2(G)) and repayment to the Government of Catalonia upon the Catalan Government Guarantee being enforced for amortising Series A2(G), shall be distributed among the items set out in paragraph 2.1 above as follows:

- (a) It shall be prorated directly in proportion to (i) the Outstanding Principal Balance of Series A1, and (ii) the Outstanding Principal Balance of Series A2(G) increased by the balance of amounts due to the Government of Catalonia upon the Catalan Government Guarantee being enforced for amortising Series A2(G).
- (b) The amounts assigned to Series A1 Bonds under paragraph (a) above shall be applied to amortising Series A1 Bonds.
- (c) The amount assigned to Series A2(G) Bonds and the amounts due upon the Catalan Government Guarantee being enforced for amortising Series A2(G), under paragraph (a) above, shall be applied to amortising Series A2(G) Bonds and repayment to the Government of Catalonia of the aforesaid amounts due in accordance with the provisions of subparagraph 2.1.2 above.

3. There shall be no exception and, even if Class A (Series A1 and A2(G)) has not been fully amortised, the Available Funds for Amortisation shall also be applied to amortising Series B and Series C on the Payment Dates on which the following circumstances are all satisfied with respect to amortisation of Series B and Series C ("**Conditions for Pro Rata Amortisation**"):
- a) In order to amortise Series B and, as the case may be, Series C:
 - i) that the Pro Rata Amortisation of Class A does not apply,
 - ii) that the Required Cash Reserve amount is to be fully provisioned on the relevant Payment Date; and
 - iii) that on the Determination Date preceding the relevant Payment Date, the amount of the Outstanding Balance of Non-Doubtful Loans is equal to or greater than 10 percent of the face amount of the initial Outstanding Balance upon the Fund being established.
 - b) In order to amortise Series B, that on the Determination Date preceding the relevant Payment Date:
 - i) the Outstanding Principal Balance of Series B is equal to or greater than 9.52% of the Outstanding Principal Balance of the Bond Issue, and
 - ii) the Outstanding Balance of Delinquent Loans does not exceed 1.25% of the Outstanding Balance of Non-Doubtful Loans .
 - c) In order to amortise Series C, that on the Determination Date preceding the relevant Payment Date:
 - i) the Outstanding Principal Balance of Series C is equal to or greater than 11.04% of the Outstanding Principal Balance of the Bond Issue, and
 - ii) the Outstanding Balance of Delinquent Loans does not exceed 1.00% of the Outstanding Balance of Non-Doubtful Loans .

In the event that amortisation of Series B and, as the case may be, of Series C should apply on a Payment Date because the Conditions for Pro Rata Amortisation of Series B and of Series C are respectively satisfied, the Available Funds for Amortisation shall also be applied to amortising Series B and, as the case may be, to amortising Series C, in such a way that the ratio of the Outstanding Principal Balance of Series B and, as the case may be, the Outstanding Principal Balance of Series C to the Outstanding Principal Balance of the Bond Issue respectively remain at 9.52% and 11.04%, or higher percentages closest thereto.

4.9.4 **Early Amortisation of the Bond Issue.**

Notwithstanding the Fund's obligation, through its Management Company, to proceed to final amortisation of the Bonds on the Final Maturity Date or amortisation of each Series before the Final Maturity Date, the Management Company shall, after first notifying the CNMV, be authorised to proceed, as the case may be, to Early Liquidation of the Fund and consequently Early Amortisation of the entire Bond Issue in the Early Liquidation Events and subject to the requirements established in section 4.4.3 of the Registration Document and subject to the Liquidation Priority of Payments.

4.9.5 **Final Maturity Date.**

The Final Maturity Date and consequently final amortisation of the Bonds is on July 21, 2040 or the following Business Day if that is not a Business Day, without prejudice to the Management Company, for and on behalf of the Fund, and in accordance with the provisions of sections 4.9.2 to 4.9.4 of this Securities Note, proceeding to amortise any or all the Series in the Bond Issue before the Final Maturity Date. Final amortisation of the Bonds on the Final Maturity Date shall take place subject to the Liquidation Priority of Payments.

4.10 Indication of yield.

The average life, yield, term and final maturity of the Bonds in each Series depend on several factors, most significant among which are the following:

- i) The repayment schedule and system of each Loan established in the relevant agreements.
- ii) The Obligors' capacity to prepay the Loans in whole or in part and the aggregate prepayment pace throughout the life of the Fund. In this sense, Loan prepayments by Obligors, subject to continual changes, and estimated in this Prospectus using several performance assumptions of the future effective constant annual early amortisation or prepayment rate (hereinafter also "CPR"), are very significant and shall directly affect the pace at which Bonds are amortised, and therefore their average life and duration.
- iii) The floating interest rates which shall apply to most Loans, resulting in the repayment amount on every instalment differing.
- iv) The Obligors' delinquency in payment of Loan instalments.

The following assumed values have been used for the above-mentioned factors in calculating the tables contained in this section:

- Loan interest rate: 5.26% weighted average interest rate as at December 28, 2007 of the portfolio of selected loans which has been used for calculating the repayment instalments and interest of each of the selected loans;
- Loan portfolio delinquency: 0.50% of the Outstanding Balance of the Loans, 0.40% being recovered, with 100% recoveries within 9 months of becoming delinquent, and the remaining 0.10% becoming doubtful from February 2009, with 90% recoveries within 18 months of becoming doubtful;
- that the Loan prepayment rate remains constant throughout the life of the Bonds;
- that the Bond Closing Date is February 14, 2008; and
- that there is no extension of the term of any of the loans.

The actual adjusted life and the yield or return on the Bonds will also depend on their floating rate. The following nominal interest rates are assumed for each Series for the first Interest Accrual Period, resulting from the straight-line interpolation bearing in mind the number of days in the First Interest Accrual Period between 2-month Euribor (4.286%) and 3-month Euribor (4.368%) on February 4, 2008 and the margins set for each Series in accordance with section 4.8.1.2 of this Securities Note:

	Series A1 Bonds	Series A2(G) Bonds	Series B Bonds	Series C Bonds
Nominal interest rate	4.505%	4.405%	4.655%	5.155%

For subsequent Interest Accrual Periods, the floating interest rate of the Bonds in each Series is assumed to be constant as follows, resulting from 3-month Euribor (4.368%) on February 4, 2008 and the margins set for each Series in accordance with section 4.8.1.2 of this Securities Note:

	Series A1 Bonds	Series A2(G) Bonds	Series B Bonds	Series C Bonds
Nominal interest rate	4.568%	4.468%	4.718%	5.218%

4.10.1 Estimated average life, yield or return, duration and final maturity of the Bonds.

Assuming that the Management Company shall exercise the Early Liquidation of the Fund and Early Amortisation of the Bond Issue option provided in section 4.4.3 of the Registration Document when the Outstanding Balance of the Loans is less than 10% of their initial Outstanding Balance upon the Fund being established, the average life, return (IRR) for the Bond subscriber, duration and final maturity of the Bonds for different CPRs, based on the historical performance of mortgage loans previously securitised by BBVA, would be as follows:

The Management Company expressly states that the servicing tables described hereinafter for each Series are merely theoretical and given for illustrative purposes, and represent no payment obligation whatsoever, on the basis that:

- Whereas CPRs are assumed to be constant respectively at 5.00%, 7.00% and 9.00% throughout the life of the Bond Issue, as explained above actual prepayment changes continually.
- The Outstanding Principal Balance of the Bonds on each Payment Date and hence interest payable on each such dates shall depend on the actual Loan prepayment, delinquency and default rates.
- Whereas Bond nominal interest rates are assumed to be constant for each Series from the second Interest Accrual Period, the interest rate in all the Series is known to be variable.
- The assumed values referred to at the beginning of this section are at all events taken for granted, including that Loan portfolio delinquency is 0.50% of the Outstanding Balance of the Loans, 0.40% being recovered, with 100% recoveries within 9 months of becoming delinquent, and the remaining 0.10% becoming doubtful from February 2009, with 90% recoveries within 18 months of becoming doubtful.

- It is assumed that the Management Company will exercise the Early Liquidation of the Fund and thereby the Early Amortisation of the Bond Issue option when the Outstanding Balance of the Loans is less than 10% of the Initial Outstanding Balance upon the Fund being set up, as provided in section 4.4.3 of the Registration Document.
- In this scenario, Pro Rata Amortisation of Class A does not apply and the Conditions for Pro Rata Amortisation of Series B and C do.
- These are all reasonable assumptions based on the historical performance of SME loans granted by BBVA.

The Government of Catalonia's Economy and Finance Department shall, in a Resolution, formally grant to the Fund before it is established with the Guarantee whereby the Government of Catalonia will guarantee, waiving the benefit of discussion established in Civil Code article 1830, payment of such

Series A2(G) Bond economic obligations as may be enforceable on the Fund for a face amount of EUR one hundred and twelve million three hundred thousand (112,300,000.00).

4.14 Restrictions on the free transferability of the securities.

There are no restrictions on the free transferability of the Bonds. They may be freely transferred by any means admissible at Law and in accordance with the rules of the Barcelona Stock Exchange where they will be admitted to trading. A transfer in the accounts (book entry) will convey the ownership of each Bond. The effects of entering conveyance to the transferee in the accounting record shall be the same as handing over the certificates and the transfer shall thereupon be enforceable on third parties.

5 ADMISSION TO TRADING AND DEALING ARRANGEMENTS.

5.1 Market where the securities will be traded.

In fulfilment of the provisions of article 2.3 of Royal Decree 926/1998, the Management Company shall, upon the Bonds having been paid up, apply for this Bond Issue to be listed on the Barcelona Stock Exchange ("**the Barcelona Stock Exchange**"), which is a qualified official secondary securities market pursuant to transitional provision six of Act 37/1998, and a regulated market, in accordance with the Annotated List of Regulated Markets and Additional Provisions under the Investment Services Directive 93/22, published in the Official Journal of the European Communities on May 12, 2005. The Management Company undertakes that definitive admission to trading will be achieved not later than one month after the Closing Date.

The Management Company expressly represents that it is aware of the requirements and terms that must be observed for the securities to be eligible to be listed, remain listed and be excluded from listing on the Barcelona Stock Exchange, in accordance with the laws in force and the requirements of its governing bodies, and the Fund agrees through its Management Company to observe the same.

In the event that, by the end of the one-month period referred to in the first paragraph of this section, the Bonds should not be admitted to trading on the Barcelona Stock Exchange, the Management Company

shall forthwith proceed to notify Bondholders thereof, moreover advising of the reasons resulting in such breach, using the extraordinary notice procedure provided for in section 4.1.2 of the Building Block. This shall be without prejudice to the Management Company being held to be contractually liable, as the case may be.

6 EXPENSE OF THE OFFERING AND OF ADMISSION TO TRADING.

The expected expenses for setting up the Fund and issue and admission to trading of the Bond Issue are EUR three hundred and ninety-five thousand (395,000.00). These expenses include, inter alia, the initial Management Company fee, notary's fees, rating and legal advice fees, CNMV fees, the Barcelona Stock Exchange and SCLBARNA fees, and Prospectus translation and printing expenses.

7 ADDITIONAL INFORMATION.

7.1 Statement of the capacity in which the advisors connected with the issue mentioned in the Securities Note have acted.

CUATRECASAS, as independent advisers, have provided legal advice for establishing the Fund and issuing the Bonds and reviewed the tax implications thereof.

BBVA and EUROPEA DE TITULIZACIÓN have structured the financial terms of the Fund and of the Bond Issue.

7.2 Other information in the Securities Note which has been audited or reviewed by auditors.

Not applicable.

7.3 Statement or report attributed to a person as an expert.

Deloitte have audited the most significant characteristics of a sample of the selected loans of BBVA on the terms set forth in section 2.2 of the Building Block and have audited the Management Company's and BBVA's annual accounts for the years ended December 31, 2006, 2005 and 2004.

7.4 Information sourced from a third party.

Within its duties to verify the information contained in this Prospectus, the Management Company has received confirmation from BBVA, as Originator, as to the truthfulness of the characteristics of BBVA as Originator of the Loans, given in section 2.2.8 of the Building Block, and of the remaining information on BBVA and the Loans given in this Prospectus.

In the Deed of Constitution of the Fund, BBVA shall reaffirm to the Management Company the fulfilment of those characteristics on the date on which the Fund is established.

The Management Company confirms that the information from BBVA on the Loans and on the Originator proper has been accurately reproduced and, to the best of its knowledge and ability to determine based on that information provided by BBVA, no fact has been omitted which might result in the information reproduced being inaccurate or deceptive.

7.5 Credit ratings assigned to the securities by rating agencies.

On February 5, 2008, S&P assigned the following provisional ratings to each Bond Series, and expects to assign the same final ratings by 1pm (CET) on February 12, 2008.

Series A2(G) Bonds have been provisionally rated AAA by S&P, prior to the Catalan Government guarantee for such Series A2(G).

Bond Series	S&P Ratings
Series A1	AAA
Series A2(G)	AAA
Series B	A
Series C	BBB-

If the Rating Agency should not confirm any of the assigned provisional ratings as final by 1pm (CET) on February 12, 2008, this circumstance would forthwith be notified to the CNMV and be publicised in the manner for which provision is made in section 4.1.2.2 of the Building Block. Furthermore, this circumstance would result in the establishment of the Fund, the Bond Issue and the assignment of Loans terminating, as provided for in section 4.4.4.(iv) of the Registration Document.

Rating considerations.

The ratings assigned to each Bond Series by S&P constitute an opinion about the Fund's ability for timely payment of interest and payment of principal throughout the life of the transaction, in any event, before the Final Maturity Date.

The Rating Agency's ratings are not an assessment of the likelihood of obligors prepaying principal, nor indeed of the extent to which such prepayments differ from what was originally forecast. The ratings are not by any means a rating of the level of actuarial performance.

The ratings assigned, and any review or suspension of the ratings:

- (i) are assigned by the Rating Agency based on manifold information received with respect to which it can give no assurance, nor even as to their accuracy or wholeness, wherefore the Rating Agency may in no event be deemed to be responsible therefor; and
- (ii) are not and cannot therefore be howsoever construed as an invitation, recommendation or encouragement for investors to proceed to carry out any transaction whatsoever on the Bonds and, in particular, acquire, keep, charge or sell those Bonds.

In carrying on the rating and monitoring process, the Rating Agency relies on the accuracy and wholeness of the information provided by BBVA, the Management Company, Deloitte, as auditor of the selected loans, and CUATRECASAS.

The ratings take into account the structure of the Bond Issue, the legal aspects thereof and of the issuing Fund, the characteristics of the loans selected to be assigned to the Fund and the regularity and continuity of the operating flows.

The Rating Agency may revise, suspend or withdraw the final ratings assigned at any time, based on any information that may come to its notice. Those events, which shall not constitute early liquidation events of the Fund, shall forthwith be notified to both the CNMV and Bondholders, in accordance with the provisions of section 4.1 of the Building Block.

This is a Certified Translation into English of the Spanish Prospectus. No document other than the Spanish Prospectus registered by the Comisión Nacional del Mercado de Valores may have any legal effect whatsoever or be taken into account with respect to the Bond Issue.

ASSET-BACKED SECURITIES NOTE BUILDING BLOCK

(Annex VIII to Commission Regulation (EC) No. 809/2004 of April 29, 2004)

1. SECURITIES

1.1 Minimum denomination of the issue.

The Fund shall be set up with the Pass-Through Certificates and the Non-Mortgage Loan receivables respectively subscribed for and assigned to the Fund upon being established, BBVA being the Originator, and their total outstanding principal or capital shall be equal to or slightly above EUR two hundred and fifty million (250,000,000.00), the face value amount of the Bond Issue.

1.2 Confirmation that the information relating to an undertaking or obligor not involved in the issue has been reproduced.

Not applicable.

2. UNDERLYING ASSETS

2.1 Confirmation that the securitised assets have capacity to produce funds to service any payments due and payable on the securities.

In accordance with the information supplied by the Originator, the Management Company confirms that, based on their contractual characteristics, the flows of principal, interest and any other amounts generated by the securitised Loans allow the payments due and payable on the Bonds issued to be satisfied.

Nevertheless, in order to cover for potential payment defaults by securitised Loan Obligors, a number of credit enhancement transactions have been arranged allowing the amounts payable on the Bonds in each Series to be covered to a different extent and mitigating interest risk due to the different terms of the interest clauses of the Loans and of the Bonds in each Series. In exceptional circumstances, the enhancement transactions could actually fall short. The credit enhancement transactions are described in sections 3.4.2, 3.4.3, 3.4.4 and 3.4.7 of this Building Block.

Not all the Bonds issued have the same risk of default. Hence the different credit ratings assigned by the Rating Agency to the Bonds in each Series, detailed in section 7.5 of the Securities Note.

Upon the occurrence of a (i) substantial alteration or permanent imbalance of the Fund due to any event or circumstance whatsoever unrelated to the Fund's operations or (ii) default indicating a serious permanent imbalance in relation to any of the Bonds issued or suggesting that it will occur, the Management Company may proceed to Early Liquidation of the Fund and thereby Early Amortisation of the Bond Issue on the terms laid down in section 4.4.3 of the Registration Document.

2.2 Assets backing the issue.

The Pass-Through Certificates and the Non-Mortgage Loan receivables to be pooled in the Fund, represented by the Management Company, upon being established, shall be exclusively backed by Loans granted by BBVA to non-financial enterprises (legal persons) domiciled in Catalonia (the "Obligors"), at least 80 percent of which, in terms of number of loans and outstanding principal balance, were granted to small and medium-sized enterprises ("SMEs", as defined by the European Commission -Recommendation of May 6, 2003-).

The portfolio of selected loans from which the Loans will be taken to be assigned to the Fund upon being established comprises 1,258 loans, their outstanding principal as at December 28, 2007 being EUR 290,868,801.85 and the overdue principal being EUR 166,801.03.

Audit of the assets securitised through the Fund.

The most significant characteristics of the selected loans have been audited by Deloitte.

That audit was made using sampling techniques consisting of analysing a number of transactions fewer (sample) than the full selection of loans (population), allowing a conclusion to be arrived at regarding that population. The verification deals with a number of both quantitative and qualitative attributes regarding the sample transactions and specifically regarding: nature of the loan and the obligor, title, identification of the obligor, asset transfer, SME accreditation, loan origination date, loan maturity date, repayment term, initial loan amount, current loan balance (outstanding principal), reference rate or benchmark index, interest rate spread, interest rate applied, arrears in payment, insolvency status, and additionally for loans with real estate mortgage security, mortgage loan origination, address of the mortgaged property, mortgage security, appraisal value and damage insurance. Selected loans in respect of which errors are detected in verifying the sample shall not be assigned to the Fund by BBVA.

The audit results shall be set out in a report prepared by Deloitte, which is one of the documents on display as determined in section 10 of the Registration Document.

2.2.1 Legal jurisdiction by which the pool of assets is governed.

The securitised assets are governed by Spanish Law.

2.2.2 Description of the general characteristics of the obligors and the economic environment, as well as global statistical data referred to the securitised assets.

- (i) Loans with real estate mortgage security, and the additional security, if any, specified in paragraph (ii) below, originated in a public deed (the Mortgage Loans).

The Mortgage Loans were originated in a public deed subject to the Mortgage Act, Act 2/1981, and ancillary laws.

The Mortgage Loan receivables shall be assigned to the Fund upon BBVA issuing and the Fund subscribing for Pass-Through Certificates subject to the provisions of Act 2/1981 and additional provision five of Act 3/1994, on the terms provided for in section 3.3 of this Building Block.

Final maturity date of the selected loans lies between January 4, 2008 and June 30, 2036.

2.2.5 Amount of the assets.

The Fund shall be set up with the Pass-Through Certificates and the Non-Mortgage Loan receivables respectively subscribed for and assigned to the Fund, with BBVA acting as the Originator, and their total principal or capital shall on the date of establishment of the Fund be equal to or slightly above EUR two hundred and fifty million (250,000,000.00), the face value amount of the Bond Issue.

The portfolio of selected loans from which the Loans will be taken to be assigned to the Fund upon being established comprises 1,258 loans, their outstanding principal as at December 28, 2007 being EUR 290,868,801.85 and the overdue principal being EUR 166,801.03.

In order to be assigned to the Fund upon being established, BBVA shall choose from the selected loans (i) loans that are in good standing or that have no payments that are more than one (1) month overdue and (ii) with an aggregate outstanding principal amount for each obligor from lowest to highest up to a total principal or capital equal to or slightly above EUR two hundred and fifty million (250,000,000.00).

2.2.6 Loan to value ratio or level of collateralisation.

The loan to value ratio or level of collateralisation ratio of the Mortgage Loans is given in section 2.2.2 n) of this Building Block.

2.2.7 Method of creation of the assets.

The loans selected for assignment to the Fund have been granted by BBVA following its usual credit risk analysis and assessment procedures for lending to small and medium-sized enterprises. The procedures currently in place at BBVA are described below:

1. Introduction.

Banca de Empresas is the Business Unit set up at BBVA to serve businesses. This unit specialises in managing and serving large, medium-sized and small enterprises. Banca Comercial is the Business Unit set up at BBVA to manage the business from the private customer, retail and small enterprise segments.

Origination channels.

Banca de Empresas has an own distribution network comprising 211 Branches.

Banca Comercial has 3,362 Branches nation-wide, which are specialised to some extent as follows:

- 630 Business Environment Branches
- 325 Rural Environment Branches

The management model is based on a customised integral customer management; customers are all allocated a personal account manager.

2. Lending procedures.

2.1 System supporting lending decision making: internal rating.

Rating tools are analysis and assessment systems enabling BBVA to assign a customer a credit rating based on data and standards. This is the basis for:

- Providing risk policies consistent with the rating and monitoring the live risk
- Conferring powers
- Permitting distinct pricing policies

This tool is integrated in the risks procedures and circuits covering all stages of the risks cycle, each of them including a value added system avoiding the need to re-collect information (incremental analysis system) and allows efforts to be adjusted and capacities to be assigned based on risk types:

- Less information in low-profile risks.
- More in-depth information and analysis in complex risks.

Thus, admission standards can be consistently applied and decision-making can be decentralised, trimming response times. The SME rating tool was the result of internal development at BBVA and was implemented in September 2002.

- **Rating methodology**

Rating

The following method is used for rating a customer:

1. Score-based valuing of the business.

Two types of information are considered:

- Quantitative factors: analysis of financial statements
- Qualitative factors: from customer reports

Each factor carries certain points or weights. The sum determines the customer's final score.

2. Obtaining alerted variables.

These are elements that, while not influencing the score obtained by the enterprise, may alert to situations exceeding predefined parameters. Alerts may be given on both scoring variables and other purposely defined quantitative and qualitative variables.

Based on their importance they are classified as:

- Variables to be explained: they do not condition the score obtained and indicate that certain variables take unusual values
- Conditioning variables: given their relevance, their existence condition the customer's score.

3. Assessing alerted variables.

The account manager or analyst at BBVA in charge of the rating shall assess any alerted variables and duly explain the reasons originating the alerts and their justification, if any.

Rating models

The models developed may be sorted into two types:

1. General business model based on size:

- Corporate
- Enterprises

- SMEs

2. Specific to other business segments.

Master scale

One of the prime objectives of a Rating system is rating customers based on their credit quality. This quality is defined by the likelihood of a customer being in arrears. A master scale is used to calculate the default rate: it allows each customer to be assigned a default probability. It is unique for the whole Bank.

The master scale consists of a number of values or grades and each is assigned a default probability (expected default frequency or EDF).

• **SME Rating**

The following variables are involved in SME rating scoring:

Quantitative factors.

- Creditworthiness of the enterprise
 - Real estate net of liens on the balance sheet total
 - Other facilities on balance sheet total
 - Size (total assets)
- Creditworthiness of guarantors
 - Capacity to take on business debts
 - Members' credit rating
- Financial
 - Total investment in the business
 - Investment funding
 - Bank debt
 - Repayment capacity
- Economic
 - Progress of sales
 - Cash-flow on sales
 - Total balance sheet cash-flow

Qualitative factors

The following qualitative factors are captured in obtaining the rating:

- Sector: automatically obtained from the assessment made by the Sector Analysis Area
- Time in the business

The final score obtained is set against BBVA's master scale and each score is allocated an expected default frequency (EDF) reflecting the likelihood of the enterprise being in arrears within one year starting from the last date of the statements analysed. Once the score is obtained, the alerted variables are analysed.

Benchmarking, consistency and alerts

A number of ratios and variables have to be checked for the rating to be completed. These factors are an integral part of the Rating and are attached to the score obtained by the customer. There may be two types: quantitative and qualitative.

General operating diagram

In order to obtain an internal rating a minimum information on the customer has to be available (financial statements, other information and CIRBE), corporate application data must be captured, the automatic system calculation must be obtained, based on an algorithm calculated as described above, and finally an analysis and assessment of the results provided by the tool must be made.

2.2 Lending procedure.

a) *Banca Comercial*

The account manager receives a proposal from a client who may or may not be a customer of BBVA. The account manager requests such information as is deemed necessary to be able to decide and which shall at a minimum be the information established in the internal risks Empowerment Rule as detailed in paragraph 2.2.4 concerning risks empowerment.

b) *Banca de Empresas*

The admission procedure begins with the customer's risk application. BBVA Group has implemented a customised management model in the SME business segment.

Admission of transactions begins with the customer's application. The customer may be known to have a current risk with BBVA or to have been a customer in the past or not to have ever dealt with BBVA.

2.2.2 Required information.

a) *Banca Comercial*

The following will be the minimum information to be able to decide:

- Balance sheet or, alternatively, declaration of assets or wealth return
- Operating account for the last fiscal year
- In enterprises in which the risks at BBVA are in excess of €300,000 or €1,200,000 in SCIR total, the balance sheets and operating accounts must be audited. It should usefully be noted that companies must satisfy this requirement when at least two of the following circumstances occur:
 - i. The Assets are in excess of €2,373,997.81.
 - ii. The turnover is in excess of €4,747,995.62
 - iii. The average number of workers employed during the fiscal year shall have been in excess of 50 workers.
- Checking the RAI, internal delinquency at BBVA, ASNEF, etc.
- Customer's complete position.
- Checking the assets and collaterals of the applicant and guarantors.
- For rated customers, rating history.

b) *Banca de Empresas*

Prior to analysing and approving the transaction, the account manager generally does the following:

Updating or opening a record with the following information:

- Balance sheets, financial statements, audits
- Guarantors' declaration of assets
- Business activity reports and purpose of the transaction
- Searches in registers
- Current positions at BBVA and in the banking system

Studying the transaction

Based on the information provided by the customer, completed with information available to BBVA proper and other outside sources, a financial plan or base support is prepared including:

- Financial plan: economic and financial position, activity, shareholders, interests, etc.
- Searching for or preparing the rating and business risk conduction (CRE). Progress
- Search in default filters
- Progress of CIR, including guarantors
- Previous experience, if a customer
- Any other data relevant to or revealing for decision-making

2.2.3 Preparing the proposal and approval.

a) *Banca Comercial*

Proposed transactions shall be entered in a Certificate/Register of transactions/Committees, in chronological order, whether the proposals are authorised, refused in exercising the empowerment or submitted to be studied and decided on to higher levels.

b) Banca de Empresas

After the analysis made and the conclusions arrived at, the Branch draws up a mandatory proposal. If a dismissal is considered, then a reference is made to such refusal.

If the transaction is accepted, the proposal and supporting information passes to the approval process by the Branch's committee, where it has authority over the customer at issue, or is submitted to the Regional Management or the Central Credit Risks Unit.

2.2.4 Empowerment in authorising risks

a) Banca Comercial

The account manager's empowerment figure and the requirements laid down in the internal risks empowerment rule shall determine whether the account manager is able to authorise the transaction. Being empowered to take on risks is a requirement but is not sufficient in order for a person to decide. Powers are conferred personally and based on the empowered person's experience and qualification. The figure to be empowered with shall be determined based on the empowered person's capacity and the characteristics of the market and segment allocated. The empowerment does not cover certain transactions, either because of their type, amount, term, instrumentation, documentation, products or type of client at issue.

b) Banca de Empresas

Empowerment is implemented under an internal policy. The following is noteworthy among the most relevant aspects influencing the management model:

- The conferment of powers to accept risks is a requirement but is not sufficient in order for a person to decide.
- Powers are conferred personally based on the attorney's experience and qualification.
- It is advisable for powers to be gradually conferred.
- The empowerment figure embodies the maximum limits and risks to be arrived at with a customer or group of customers considered to be an economic group or family unit.
- Empowerment originates in the group's political bodies and is hierarchically conveyed.
- The conferrer shall specify to his or her attorneys the empowerment figure conferred and the extent and capacity in and by which the attorney may in turn subdelegate.

Quantitatively, the general manager, Retail Banking, confers on the Corporate Banking Manager powers for approving risks of up to EUR 8 million, with authority to subdelegate 75% of that figure.

The Corporate Banking Manager has in turn subdelegated to regional managers between EUR 5.2 and EUR 6 million, subject to the restriction that they may in turn subdelegate to Branch managers up to 33% of that figure.

Risks exceeding the Regional Managers' authority because of their amount or other circumstances are decided, on a proposal by the Branches, at the Central Credit Risks Unit.

1. In the event of prepayment of the Non-Mortgage Loan receivables and early amortisation of the Pass-Through Certificates upon the relevant Loan capital being prepaid, there will be no substitution of the Loans repaid.

2. In the event that during the full term of the Loans it should be found that any of them fail to conform to the representations given in section 2.2.8 above upon the Fund being established, BBVA agrees, subject to the Management Company's consent, to proceed forthwith to remedy and, if that is not possible, substitute or, as the case may be, redeem the affected Loans not substituted, by automatically terminating the assignment of the affected Loan receivables and, as the case may be, cancelling the relevant Pass-Through Certificate, subject to the following rules:
- (i) The party becoming acquainted with the existence of a latent defect, be it the Originator or the Management Company, shall advise the other party of that circumstance in writing. The Originator shall have a period of not more than fifteen (15) Business Days from said notice to remedy that circumstance if it may be so remedied or proceed to a substitution of the affected Loans, notifying the Management Company of the characteristics of the loans intended to be assigned to take their stead, which shall fulfil the representations given in section 2.2.8 above and be of the same kind as to residual term, interest rate and outstanding principal value as the affected Loans and also credit quality in terms of ratio of outstanding principal to the appraisal value of the mortgaged property or properties of the Mortgage Loans to be replaced, in order for the financial balance of the Fund not to be affected by such substitution, nor indeed the rating of the Bonds in connection with the provisions of section 7.5 of the Securities Note. Once the Management Company has checked the appropriateness of the substitute loan or loans, and after advising the Originator expressly of loans suitable for such substitution, such substitution shall be made by terminating the assignment of the affected Loans and, as the case may be, cancelling the relevant Pass-Through Certificate, and simultaneously assigning the new substitute loans and, as the case may be, issuing the new substitute pass-through certificates.
- The substitution shall be recorded in a public deed subject to the same formalities established for the assignment of the Loans upon the Fund being established, in accordance with the specific characteristics of the new loans assigned. The Management Company shall provide the CNMV, the undertaking in charge of the Bond accounting record and the Rating Agency with a copy of the public deed.
- (ii) In the event that there should be no substitution of the affected Loans in accordance with rule 1 above, the assignment of the affected Loans not substituted shall be terminated and, as the case may be, the relevant Pass-Through Certificate will be cancelled. That termination shall take place by a repayment in cash to the Fund by the Originator of the outstanding principal of the affected Loans not substituted, interest accrued and not paid, calculated until the repayment date, and any other amount owing to the Fund under those Loans.
 - (iii) In the event of paragraphs (i) and (ii) above occurring, BBVA shall be vested in all the rights attaching to those Loans accruing from the date of substitution or repayment to the Fund or accrued and not due, and overdue amounts on that same date.
3. In particular, the amendment by the Originator during the life of the Loans of their terms without regard to the limits established in the special laws applicable and, in particular, to the terms agreed between the Fund, represented by the Management Company, and the Originator in this Prospectus, in the Deed of Constitution and in the Servicing Agreement, which would therefore be an absolutely exceptional amendment, would constitute a unilateral breach by the Originator of its duties which should not be borne by the Fund or by the Management Company.

Upon any such breach occurring, the Fund may, through the Management Company: (i) demand payment of the relevant damages and losses and (ii) request replacement or repayment of the affected Loans, in accordance with the procedure provided for in paragraph 2 above of this section, which shall not result in the Originator guaranteeing that the transaction will be successfully completed, but only the requisite redress of the effects resulting from the breach of its duties, in accordance with article 1124 of the Civil Code.

The expenses originated by the actions to remedy the Originator's breach shall be borne by the Originator and cannot be charged to the Fund or the Management Company. The Management Company shall notify the CNMV of each and every replacement of Loans resulting from a breach by the Originator.

2.2.10 Relevant insurance policies relating to the assets.

No details are included regarding concentration of the insurers because the current status of the insurance policies taken out by the corporate obligors and their data are not supported or updated in the Originator's computer records.

Transfer of the Pass-Through Certificate and the new holder's address shall be notified by the transferee to the issuer. They may only be acquired or held by institutional investors, and may not be acquired by the unspecialised public.

Both in the event that any Pass-Through Certificate should be substituted, as prescribed in section 2.2.9.2 of this Building Block, and in the event that the Management Company, acting for and on behalf of the Fund, should proceed to foreclose a Mortgage Loan, as prescribed in section 3.7.2.1.7 of this Building Block, and moreover if there should be an Early Liquidation of the Fund, in the events and on the terms of section 4.4.3 of the Registration Document, and said Pass-Through Certificates have to be sold, BBVA agrees to split, as the case may be, any multiple certificate into such individual or multiple certificates as may be necessary, or to substitute or exchange the same for the above purposes.

The multiple certificate representing the Pass-Through Certificates and the multiple or individual certificates, if any, into which the same is split shall be deposited at BBVA, and relations between the Fund and BBVA shall be governed by the Loan Servicing and Pass-Through Certificate Custody Agreement to be entered into between BBVA and the Management Company for and on behalf of the Fund. That deposit shall be made for the benefit of the Fund and therefore BBVA shall custody the certificates representing the Pass-Through Certificates deposited, on the Management Company's instructions.

BBVA, as the issuer, shall keep a special book in which it shall enter the Pass-Through Certificates issued and the changes of address notified by the Pass-Through Certificate holders, also including therein (i) Mortgage Loan origination and maturity dates, amount and settlement method; and (ii) the registration particulars of the mortgages securing the Mortgage Loans.

Given that subscription for and holding of the Pass-Through Certificates is restricted to institutional or professional investors and that the Fund is an institutional investor and that the Fund has subscribed for the Pass-Through Certificates, for the purposes of paragraph two of article 64.6 of Royal Decree 685/1982, the issue of the Pass-Through Certificates shall not be subject to a marginal note on each entry of the mortgage underlying each of the Mortgage Loans in the Land Registry.

- (ii) The Non-Mortgage Loan receivables shall be assigned directly without any underlying security being issued by means of their sale by BBVA and acquisition by the Fund.

The assignment by BBVA to the Fund of the Loan receivables shall not be notified to either Obligors or third-party guarantors or the insurers with which the Obligors may have taken out the damage insurance contracts, if any, attaching to the Mortgage Loans underlying the Pass-Through Certificates. Where the Loans have other security interests or third-party personal guarantees other than a real estate mortgage,

the assignment will not be initially notified either to the custodian of the assets, where that is an undertaking other than the Servicer, or to the Obligors' guarantors. Where the Loans have security interests in which the custodian of the assets is the Servicer proper, the same shall be deemed to have received notice of the transfer in the Deed of Constitution.

However, in the event of insolvency, or indications thereof, of administration by the Bank of Spain, of liquidation or of substitution of the Servicer, or because the Management Company deems it reasonably justified, the Management Company may demand the Servicer to notify Obligors (and third-party guarantors and insurers of the mortgaged properties, if any), of the transfer to the Fund of the outstanding Loan receivables, and that the payments derived therefrom will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify Obligors and third-party guarantors and insurers, if any, within five (5) Business Days of receiving the request and in the event of the Servicer becoming insolvent, the Management Company itself shall directly or, as the case may be, through a new Servicer it shall have designated, notify Obligors and third-party guarantors and insurers of the mortgaged properties, if any.

Similarly and in the same events, the Management Company may request the Servicer to do such things and satisfy such formalities as may be necessary, including third-party notices and entries in the relevant accounting records, in order to guarantee maximum enforceability of the assignment of the Loan receivables and collaterals with respect to third parties, all on the terms given in section 3.7.2.1.7 of this Building Block.

3.3.2 Loan receivables assignment terms.

1. The Non-Mortgage Loan receivables will be assigned and the Pass-Through Certificates will be subscribed for fully and unconditionally for the entire term remaining from the date on which the Fund is established, until maturity of each Loan.

In accordance with article 348 of the Commercial Code and 1529 of the Civil Code, the Originator will be liable to the Fund for the existence and lawfulness of the Loans, and for the personality with which the assignment is made, but shall not be liable for the solvency of the Obligors.

The Originator shall not bear the risk of default on the Loans and shall therefore have no liability whatsoever for default by the Obligors of principal, interest or any other amount whatsoever they may owe under the Loans, and shall not be answerable either for the enforceability of the securities collateral thereto. It will not be howsoever liable either to directly or indirectly guarantee that the transaction will be properly performed, nor give any guarantees or security, nor indeed agree to repurchase or substitute the Loans, saving as provided for in section 2.2.9 of this Building Block.

2. The assignment of Loan receivables shall be made for all the outstanding principal pending repayment on the assignment date, which shall be the date of establishment of the Fund, and for all ordinary interest on each Loan assigned.
3. The Fund shall have rights in and to the Loans from the date on which they are assigned and the Fund is established. Specifically, without limitation and for illustrative purposes only, the assignment shall confer on the Fund the following rights in relation to each Loan:
 - a) To receive all Loan capital or principal repayment amounts accrued.
 - b) To receive all Loan principal ordinary interest amounts accrued. Ordinary interest will also include interest accrued and not due on each Loan from the last interest settlement date, on or before the assignment date, and overdue interest, if any, on that same date.
 - c) To receive all late-payment interest amounts on the Loans.
 - d) To receive any other amounts, assets, securities or rights received as payment of Loan principal, interest or expenses, either in the form of the auction sale price or amount determined by a court decision or notarial procedure in enforcing the mortgage or non-mortgage securities, on the sale or utilisation of properties, assets or securities awarded or, upon foreclosing, in the administration or interim possession of the properties, assets or securities in foreclosure proceedings.

- e) To receive all possible rights or compensations on the Loans accruing for the Originator and derived therefrom, including those derived from the insurance contracts, if any, attached to the Mortgage Loans which are also assigned to the Fund, and those derived from any right collateral to the Loans, excluding the fees established for each Loan, which shall remain to the benefit of the Originator.
4. In the event of prepayment of the Non-Mortgage Loans and early amortisation of the Pass-Through Certificates upon a full or partial repayment of the principal, there will be no direct substitution of the affected Loans.
5. The rights of the Fund resulting from the Non-Mortgage Loans and the Pass-Through Certificates shall be linked to the payments made by the Obligors and are therefore directly affected by the evolution, late payments, prepayments or any other incident in connection therewith.
6. The Fund shall defray any and all expenses or costs resulting for the Originator derived from recovery actions in the event of a breach by the Obligors of their obligations, including enforcement proceedings against the same.
7. In the event of renegotiation consented to by the Management Company, for and on behalf of the Fund, of the Loans, or their due dates, the change in the terms shall affect the Fund.
8. Until the execution of the Deed of Constitution, BBVA shall be the beneficiary of the damage insurance contracts taken out by the Obligors in relation to the properties mortgaged as security for the Mortgage Loans, up to the insured amount.

BBVA shall thereupon perfect the assignment attached to the issue of the Pass-Through Certificates of the rights BBVA has as the beneficiary of those damage insurance contracts taken out by the Obligors. As the holder of the Pass-Through Certificates, the Fund shall be entitled to all the amounts BBVA would have received in this connection.

3.3.3 Loan receivables sale or assignment price.

The sale price for acquiring the Non-Mortgage Loan receivables and subscribing for the Pass-Through Certificates shall be at par with the capital or principal. The aggregate price payable by the Fund represented by the Management Company to BBVA for the assignment of the Loans shall be an amount equivalent to the sum of (i) the face value of the capital or principal outstanding on each Loan, and (ii) interest accrued and not due and overdue interest, as the case may be, on each of the Loans on the assignment date (the “**accrued interest**”).

The Management Company shall pay the total Loan receivables assignment price on behalf of the Fund as follows:

1. The part of the assignment price consisting of the face value of the capital of all the Loans, item (i) of paragraph one, shall be paid on the Closing Date of the Bond Issue, for same day value, upon the subscription for the Bond Issue being paid up, by means of instructions given by the Management Company to BBVA to debit the Treasury Account opened in the Fund's name. BBVA shall receive no interest on the deferment of payment until the Closing Date.
2. The part of the price consisting of interest accrued on each Loan, item (ii) of paragraph one, shall be paid by the Fund on each collection date falling on the first interest settlement date of each Loan, and will not be subject to the Fund Priority of Payments.

If the establishment of the Fund and hence the assignment of the Loan receivables should terminate, in accordance with the provisions of section 4.4.4.(v) of the Registration Document, (i) the Fund's obligation to pay the total Loan receivables assignment price shall terminate, and (ii) the Management Company shall be obliged to restore to BBVA any rights whatsoever accrued for the Fund upon the Loan receivables being assigned.

3.4 Explanation of the flow of funds.

3.4.1 How the cash flow from the assets will meet the issuer's obligations to holders of the securities.

Loan amounts due to and received by the Fund will be paid by the Servicer into the Fund's Treasury Account on the seventh day after the date on which they are received by the Servicer or the following business day if that is not a business day, and for value on the seventh calendar day after the date on which they were received by the Servicer. Therefore, the Fund shall be receiving almost daily income into the Treasury Account on the amounts received from the Loans.

The weighted average interest rate of the loans selected as at December 28, 2007, as detailed in section 2.2.2.g) of this Building Block, is 5.26%, which is above the 4.50% weighted average interest rate of the Bonds that has been presumed for hypothetical purposes in the table contained in section 4.10 of the Securities Note. Nevertheless, the Financial Swap mitigates the interest rate risk occurring in the Fund because the Loans are subject to fixed interest and floating interest with benchmark indices and reset and settlement periods differing from the floating interest established for the Bonds based on 3-month Euribor and with quarterly accrual and settlement periods and the risk deriving from potential Loan interest rate renegotiations which may even result in their novation to a fixed rate.

Quarterly on each Payment Date Bondholders will be paid interest accrued and principal repayment on the Bonds in each Series on the terms set for each of them and in the Priority of Payments given in section 3.4.6.2 of this Building Block.

3.4.2 Information on any credit enhancement.

3.4.2.1 Description of the credit enhancement.

The following credit enhancement transactions are incorporated to the financial structure of the Fund:

- (i) Cash Reserve set up by drawing down the Subordinated Loan.
Mitigates the credit risk derived from delinquency and default on the Loans.
- (ii) Financial Swap:
Mitigates the interest rate risk occurring in the Fund because the Loans are subject to fixed interest and floating interest with benchmark indices and reset and settlement periods differing from the floating interest established for the Bonds based on 3-month Euribor with quarterly accrual and settlement periods, and the risk deriving from potential Loan interest rate renegotiations which may even result in their novation to a fixed rate. In addition, a 0.50% margin excess is included and the securitised Loan servicing fee amount is covered.
- (iii) Treasury Account.
Partly mitigates the loss of return on the liquidity of the Fund due to the timing difference between income received daily on the Loans and until interest payment and principal repayment on the Bonds occurs on the next succeeding Payment Date.
- (iv) Subordination and deferment in interest payment and principal repayment between the Bonds in the different Series, derived from their place in the application of the Available Funds as well as the rules for Distribution of Available Funds for Amortisation in the Priority of Payments, or in the application of the Liquidation Available Funds in the Liquidation Priority of Payments, are a means for distinctly hedging the different Series.
- (v) Catalan Government Guarantee for Series A2(G) Bonds:
Guarantees payment of the Series A2(G) Bond economic obligations (interest payment and principal repayment) payable by the Fund.

3.4.2.2 Cash Reserve.

The Management Company shall set up a cash reserve (the "Cash Reserve") on the Closing Date by drawing fully the available Subordinated Loan principal and shall subsequently, on each Payment Date, keep the Required Cash Reserve amount provisioned in the Fund Priority of Payments.

The characteristics of the Cash Reserve shall be as follows:

Cash Reserve amount.

1. The Cash Reserve shall be set up on the Closing Date in an initial amount equal to EUR eight million seven hundred and fifty thousand (8,750,000.00) (the “**Initial Cash Reserve**”).
2. Subsequently to being set up, on each Payment Date, the Cash Reserve shall be provisioned up to the Required Cash Reserve amount established hereinafter with the Available Funds in the Priority of Payments .

The required Cash Reserve amount on each Payment Date (the “**Required Cash Reserve**”) shall be the lower of the following amounts:

- (i) EUR eight million seven hundred and fifty thousand (8,750,000.00).
 - (ii) The higher of:
 - a) 7.00% of the Outstanding Principal Balance of the Bond Issue.
 - b) EUR four million three hundred and seventy-five thousand (4,375,000.00).
3. Notwithstanding the above, the Required Cash Reserve shall not be reduced on the relevant Payment Date and shall remain at the Required Cash Reserve amount on the preceding Payment Date whenever any of the following circumstances concur on the Payment Date:
 - i) That on the Determination Date preceding the relevant Payment Date the amount of the Outstanding Balance of Delinquent Loans is equal to or greater than 1.00% of the Outstanding Balance of Non-Doubtful Loans .
 - ii) That the Cash Reserve was not provisioned up to the Required Cash Reserve amount on the relevant Payment Date .
 - ii) That three (3) years have not elapsed since the date of establishment of the Fund.

Yield.

The Cash Reserve amount shall remain credited to the Treasury Account, and will be remunerated on the terms of the Guaranteed Interest Rate Account (Treasury Account) Agreement.

Application.

The Cash Reserve shall be applied on each Payment Date to satisfying Fund payment obligations in the Priority of Payments and in the Liquidation Priority of Payments.

3.4.2.3 Catalan Government Guarantee for Series A2(G) Bonds.

The Economy and Finance Department shall, in a Resolution, formally grant to the Fund before it is established with a guarantee whereby the Government of Catalonia will guarantee, waiving the benefit of discussion established in Civil Code article 1830, payment of such Series A2(G) Bond economic obligations as may be enforceable on the Fund for a face amount of EUR one hundred and twelve million three hundred thousand (112,300,000.00).

3.4.2.2.1 Catalan Government Guarantee for Series A2(G) Bonds.

- The Catalan Government Guarantee shall extend exclusively to Series A2(G) Bond principal and interest
- The Catalan Government Guarantee shall remain in force and be fully effective until total fulfilment of the economic obligations derived from the Bonds in Series A2(G). In any event, the Catalan Government Guarantee shall expire on July 21, 2040, or the next succeeding Business Day if that is not a Business Day.
- The enforceability of the Catalan Government Guarantee shall be conditional on (i) verification and registration of the Prospectus at the CNMV, (ii) execution of the Deed of Constitution, and (iii) submission of the documents mentioned in the following paragraph.

The Management Company shall send the Government of Catalonia's Economy and Finance Department: (i) a copy of the Rating Agency's letters notifying the provisional and, subsequently, final ratings assigned to each Bond Series, (ii) a certificate by BBVA representing that the Loans satisfy the requirements of the Master Co-Operation Agreement attached to the July 6, 2007 Resolution, and (iii) a certified copy of the Prospectus registered at the CNMV, of which at least one version shall be prepared in Catalan language.

- Provision and execution of this Catalan Government Guarantee shall not accrue any fee whatsoever.
- The Management Company shall notify the Government of Catalonia's Economy and Finance Department on each Series A2(G) Bond Payment Date of the outstanding balance of Series A2(G).

3.4.2.2.2 Enforcement of the Catalan Government Guarantee.

- i) The Catalan Government Guarantee may be partially enforced without any limitation as to number of enforcements.

The Catalan Government Guarantee shall be enforced in the following events in the amounts determined for each one:

1. On any Payment Date or on the Final Maturity Date or upon Early Liquidation of the Fund, when the Available Funds or the Liquidation Available Funds, as the case may be, are not sufficient to pay interest due on the guaranteed Series A2(G), after making the payments in the preceding priority of payments in accordance with the application in the Priority of Payments or the Liquidation Priority of Payments.

In that event, the Catalan Government Guarantee shall be enforced in an amount equivalent to the difference between the Series A2(G) Bond interest amount payable and the amount applied to payment thereof, as the case may be, of the Available Funds on the relevant Payment Date or the Liquidation Available Funds.

The amounts received by the Fund upon enforcing the Catalan Government Guarantee to meet payment of interest due on the guaranteed Series A2(G) shall be allocated to payment of that interest, as appropriate, on the following Payment Date or on the Final Maturity Date or upon Early Liquidation of the Fund immediately after being received and at all events before the Fund terminates.

2. On any Payment Date other than the Final Maturity Date or upon Early Liquidation of the Fund when the Available Funds for Amortisation are not sufficient to repay the Outstanding Principal Balance of guaranteed Series A2(G) in the relevant amount in accordance with the rules for Distribution of Available Funds for Amortisation because there is an Amortisation Deficiency.

In that event, the Catalan Government Guarantee shall be enforced in an amount equal to the difference between the Series A2(G) Bond principal amount to be amortised should no such Amortisation Deficiency occur and the amount of the Available Funds for Amortisation actually applied to their amortisation on the relevant Payment Date.

The amounts received by the Fund upon enforcing the Catalan Government Guarantee to meet payment of the guaranteed Series A2(G) amount to be amortised shall be allocated to payment of that amortisation on the following Payment Date.

3. On the Final Maturity Date or upon Early Liquidation of the Fund when the Liquidation Available Funds are not sufficient to fully amortise the guaranteed Series A2(G).

In that event, the Catalan Government Guarantee shall be enforced in an amount equal to the difference between the Outstanding Principal Balance of Series A2(G) and the amount actually applied of the Liquidation Available Funds to their amortisation.

The amounts received by the Fund upon enforcing the Catalan Government Guarantee to meet payment of the guaranteed Series A2(G) Bond amount to be amortised shall be allocated to payment of that amortisation, immediately after being received and at all events before the Fund terminates.

- ii) Each enforcement of the Catalan Government Guarantee shall be effected by a written notice from the Management Company to the Government of Catalonia's Economy and Finance Department,

declaring the occurrence of the events described of shortfall of Available Funds or Available Funds for Amortisation or Liquidation Available Funds in accordance with the provisions of the preceding paragraph, specifying the amounts claimed, as the case may be, for each of such items. That notice shall enclose the Treasury Account Provider's certification as to the Treasury Account balances available as at that date.

- iii) Payment of the required amounts under each enforcement of the Catalan Government Guarantee shall be made, after being checked, by the Government of Catalonia's Economy and Finance Department within not more than three (3) months, reckoned from the date of receipt of the written request from the Management Company, by crediting the Treasury Account.

Having regard to this period for payment to the Fund of the amounts requested upon every enforcement of the Catalan Government Guarantee to satisfy Series A2(G) interest payable and/or principal repayment in accordance with the provisions of paragraph i) of this section, those amounts might not be paid to the Series A2(G) Bondholders on the relevant Payment Date, and will in any event be paid to them on the Payment Date next succeeding the day on which they are paid to the Fund by the Government of Catalonia's Economy and Finance Department.

- iv) The amounts paid by the Catalan Government under the Catalan Government Guarantee shall constitute an obligation for the Fund in favour of the Catalan Government. The amounts drawn on the Catalan Government Guarantee, whether drawn for paying interest or for repaying principal on the guaranteed Series A2(G) Bonds, shall be repaid on each of the following Payment Dates, until fully repaid, respectively using the Available Funds and the Available Funds for Amortisation, or using the Liquidation Available Funds, in the places in the priority of payments respectively established in the Priority of Payments or the Liquidation Priority of Payments, as the case may be.

In the event that, in accordance with the preceding rules, on a Payment Date, in addition to repaying the amount drawn under the Catalan Government Guarantee, it should be necessary to draw a new amount for paying interest or repaying principal on the guaranteed Series A2(G) Bonds, the Management Company shall calculate and apply the net amount which, as the case may be, should be requested from or repaid to the Government of Catalonia.

3.4.3 Details of any subordinated debt finance.

3.4.3.1 Subordinated Loan.

The Management Company shall, for and on behalf of the Fund, enter with BBVA into an agreement whereby BBVA shall grant to the Fund a commercial subordinated loan amounting to EUR eight million seven hundred and fifty thousand (8,750,000.00) (the "**Subordinated Loan Agreement**"). The Subordinated Loan amount shall be delivered on the Closing Date and be applied to setting up the Initial Cash Reserve on the terms for which provision is made in section 3.4.2.2 of this Building Block, although granting of the Loan by no means guarantees performance of the securitised Loans.

Subordinated Loan principal shall be repaid on each Payment Date in an amount equal to the positive difference existing between the outstanding Subordinated Loan principal on the Determination Date preceding the relevant Payment Date and the Required Cash Reserve amount on the relevant Payment Date, and in the application priority established for that event in the application of Available Funds in the Priority of Payments.

In the event that the Fund should not have sufficient liquidity to proceed to the relevant Subordinated Loan repayment on a Payment Date, in the Priority of Payments, the portion of principal not repaid shall be repaid on the next succeeding Payment Date along with the amount that should be repaid, as the case may be, on that same Payment Date, until fully repaid.

The Subordinated Loan shall at all events be finally due on the Final Maturity Date or, as the case may be, on the date on which the Management Company proceeds to Early Liquidation subject to the Liquidation Priority of Payments of the Fund.

Outstanding Subordinated Loan principal shall earn floating annual nominal interest, determined quarterly in each Interest Accrual Period, which shall be the result of adding: (i) the Reference Rate determined for the Bonds, and (ii) a 3.00% margin. This interest will be payable only if the Fund should have sufficient liquidity in the Priority of Payments or the Liquidation Priority of Payments, as the case may be. Interest shall be settled and be payable on the date of expiration of each Interest Accrual Period on each Payment Date, and shall be calculated based on: (i) the exact number of days in each Interest Accrual Period and (ii) a three-hundred-and-sixty- (360-) day year. The first interest settlement date shall fall on April 21, 2008. Interest shall be paid on the relevant Payment Date provided that the Fund has sufficient liquidity in the Priority of Payments or, in the event, in the Liquidation Priority of Payments.

Interest accrued and not paid on a Payment Date shall not be accumulated to the Subordinated Loan principal and shall not earn late-payment interest.

All Subordinated Loan amounts due and not paid to BBVA because of a shortfall of Available Funds shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments. Payment of amounts not paid on preceding Payment Dates shall take precedence over amounts falling due under the Subordinated Loan on that Payment Date, satisfying in the first place overdue interest and secondly principal repayment in the Priority of Payments or the Liquidation Priority of Payments, as the case may be.

The Subordinated Loan Agreement shall be fully terminated in the event that the Rating Agency should not confirm the provisional ratings assigned to each Series as final ratings by 1pm (CET) on February 12, 2008.

3.4.3.2 Start-Up Loan.

The Management Company shall, for and on behalf of the Fund, enter with BBVA into a commercial loan agreement amounting to EUR five hundred thousand (500,000.00) (the "**Start-Up Loan Agreement**"). The Start-Up Loan amount shall be delivered on the Closing Date and be allocated to financing the expenses of setting up the Fund and issue and admission of the Bonds, and partly financing acquisition of the Non-Mortgage Loan receivables and subscription for the Pass-Through Certificates, at the difference between the total face capital of the Loan receivables and the face amount of the Bond Issue.

Outstanding Start-Up Loan principal will earn annual nominal floating interest, determined quarterly for each Interest Accrual Period, which shall be the result of adding: (i) the Bond Reference Rate determined for each Interest Accrual Period, and (ii) a 2.00% margin. This interest will be payable only if the Fund should have sufficient liquidity in the Priority of Payments or Liquidation Priority of Payments, as the case may be. Interest shall be settled and be payable on the date of expiration of each interest accrual period on each Payment Date, and shall be calculated based on: (i) the exact number of days in each Interest Accrual Period and (ii) a three-hundred-and-sixty- (360-) day year. The first interest settlement date shall be April 21, 2008.

Interest accrued and not paid on a Payment Date will not be accumulated to the Start-Up Loan principal and shall not earn late-payment interest.

Start-Up Loan principal will be repaid quarterly on each Payment Date as follows:

- (i) The portion of Start-Up Loan principal actually used to finance the Fund set-up and Bond issue and admission expenses shall be repaid in twelve (12) consecutive quarterly instalments in an equal amount, on each Payment Date, the first of which shall be the first Payment Date, April 21, 2008, and the following until the Payment Date falling on January 21, 2011, inclusive.
- (ii) The portion of Start-Up Loan principal used to finance partially assignment of the Loans and not used, as the case may be, shall be repaid on the first Payment Date, April 21, 2008.

All Start-Up Loan amounts due and not paid to BBVA because of a shortfall of Available Funds shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments. Payment of amounts not paid on preceding Payment Dates shall take precedence over amounts falling due under the Start-Up Loan on that Payment Date, satisfying in the first place overdue

interest and secondly principal repayment, in the Priority of Payments or Liquidation Priority of Payments, as the case may be.

The Start-Up Loan Agreement shall not be terminated in the event of the Fund being terminated, in accordance with the provisions of section 4.4.4 of the Prospectus Registration Document. In that event, the Start-Up Loan shall be used to pay the expenses of setting up the Fund and issue and admission of the Bonds and all other obligations undertaken by the Management Company, for and on behalf of the Fund, originated upon the Fund being established and which are due and payable, and principal repayment shall be deferred and subordinated to satisfaction of those obligations, out of the Fund's remaining resources.

3.4.3.3 Subordination of Series B and Series C Bonds.

Series B Bond interest payment and principal repayment is deferred with respect to Class A (Series A1 and A2(G)) Bonds, as provided in the Priority of Payments and in the Liquidation Priority of Payments.

Series C Bond interest payment and principal repayment is deferred with respect to Class A (Series A1 and A2(G)) and Series B Bonds, as provided in the Priority of Payments and in the Liquidation Priority of Payments.

In any event, payment of the economic obligations (interest payment and principal repayment) of Series A2(G) Bonds is secured by the Catalan Government Guarantee.

Sections 4.6.1 and 4.6.2 of the Securities Note detail the order numbers of Bond interest payment and principal repayment in each Series in the priority of payments of the Fund.

3.4.4 Investment parameters for the investment of temporary liquidity surpluses and parties responsible for such investment.

3.4.4.1 Treasury Account.

The Management Company, for and on behalf of the Fund, and BBVA shall enter into a Guaranteed Interest Rate Account (Treasury Account) Agreement whereby BBVA will guarantee a certain variable yield on the amounts paid by the Fund through its Management Company into a financial account. The Guaranteed Interest Rate Account (Treasury Account) Agreement shall specifically determine that all amounts received by the Fund will be paid into a financial account in euros (the "**Treasury Account**") opened at BBVA, in the name of the Fund by the Management Company, which amounts shall mostly consist of the following items:

- (i) cash amount received upon subscription for the Bond Issue being paid up;
- (ii) Loan principal repaid and interest collected;
- (iii) any other Loan amounts received payable to the Fund;
- (iv) Subordinated Loan principal drawn down and the Cash Reserve amount from time to time;
- (v) Start-Up Loan principal drawn down;
- (vi) Financial Swap amounts paid to the Fund;
- (vii) amounts, if any, paid to the Fund upon enforcement of the Catalan Government Guarantee;
- (viii) the amounts of the returns obtained on Treasury Account balances; and
- (ix) the amounts of interim withholdings on the return on investments to be effected on each relevant Payment Date on the Bond interest paid by the Fund, until due for payment to the Tax Administration.

BBVA shall pay an annual nominal interest rate, variable quarterly and settled quarterly, other than for the first interest accrual period, the duration of and the interest settlement for which shall be based on the duration of that period, applicable for each interest accrual period (differing from the Interest Accrual Period established for the Bonds) to the positive daily balances if any on the Treasury Account, equal to the interest rate resulting from decreasing (i) the Reference Rate determined for each Bond Interest

Accrual Period substantially matching each Treasury Account interest accrual period (ii) by a 0.10% margin, translated to an interest rate based on calendar years (i.e. multiplied by 365, or 366 in leap years, and divided by 360). Interest shall be settled on the date of expiration of each interest accrual period on each of the Fund Determination Dates (the fourth (4th) Business Day preceding each Payment Date), and shall be calculated based on: (i) the exact number of days in each interest accrual period, and (ii) a three-hundred-and-sixty-five (365-) day year or a three-hundred-and-sixty-six (366-) day year if it is a leap year. The first interest accrual period shall comprise the days elapsed between the date of establishment of the Fund and the first Determination Date, April 15, 2008.

In the event that the rating of the short-term unsecured and unsubordinated debt obligations of BBVA or the institution in which the Treasury Account is opened (the "**Treasury Account Provider**") should, at any time during the life of the Bond Issue, be downgraded below A-1 by S&P (in accordance with S&P's updated counterparty criteria dated May 8, 2007 -*Revised Framework For Applying Counterparty Supporting Party Criteria*-), the Management Company shall within not more than sixty (60) days from the time of the occurrence of that circumstance put in place, after notifying the Rating Agency, any of the options described hereinafter allowing a suitable level of guarantee to be maintained with respect to the commitments derived from the Guaranteed Interest Rate Account (Treasury Account) Agreement in order for the rating given to the Bonds by the Rating Agency not to be adversely affected:

- a) Obtaining from an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1, and subject at all times to the prior communication to the Rating Agency, a first demand guarantee securing for the Fund, merely upon the Management Company so requesting, prompt payment by the Treasury Account Provider of its obligation to repay the amounts credited to the Treasury Account, for such time as the Treasury Account Provider remains downgraded below A-1.
- b) Transferring the Treasury Account to an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1, and arranging the highest possible yield for its balances, which may differ from that arranged with BBVA under the Guaranteed Interest Rate Account (Treasury Account) Agreement.
- c) If options a) and b) above are not possible, obtaining from the Treasury Account Provider or a third party collateral security in favour of the Fund on financial assets with a credit quality of not less than that of Spanish State Government Debt (*Deuda Pública del Estado Español*) on the Closing Date, in an amount sufficient to guarantee the commitments established in the Guaranteed Interest Rate Account (Treasury Account) Agreement.

In b) above, and in the event that the Treasury Account Provider's short-term unsecured and unsubordinated debt obligations should subsequently be upgraded back to A-1, the Management Company shall subsequently transfer the balances back to the Treasury Account Provider under the Guaranteed Interest Rate Account (Treasury Account) Agreement.

All costs, expenses and taxes incurred in connection with putting in place and arranging the above shall be borne by the substituted Treasury Account Provider.

BBVA shall agree, forthwith upon its credit rating being downgraded, to use commercially reasonable efforts in order that the Management Company may adopt any of (a), (b) or (c) above.

3.4.5 Collection by the Fund of payments in respect of the assets.

The Servicer shall manage collection of all amounts payable by the Obligors under the Loans, and any other item including under the damage insurance contracts of the mortgaged properties securing the Mortgage Loans. In this

connection, business days shall be taken to be all those that are business days in the banking sector in the city of Madrid.

Nevertheless, in the event that the rating of the Servicer's short-term unsecured and unsubordinated debt obligations should be downgraded below A-2 by S&P, the Management Company shall, in a written notice to the Servicer, issue instructions for those amounts to be previously credited to the Treasury Account, which may indeed be on the business day next succeeding the date on which they were received by the Servicer.

The Management Company may issue the same instructions in the event that the Servicer's short-term unsecured and unsubordinated debt obligations should not be rated by S&P.

3. Payment to the Servicer of the fee established in the Servicing Agreement.
4. Payment of amounts due, if any, on the net amount payable by the Fund upon termination of the Financial Swap and, only in the event of termination of that Agreement following a breach by the Fund or because the Fund is the party affected by objective circumstances subsequently occurring, payment of the settlement payment amount payable by the Fund.

Other than the application provided for in 6th place above, when accounts payable for different items exist in a same priority order number on the Final Maturity Date or upon Early Liquidation and the Liquidation Available Funds are not sufficient to settle the amounts due under all of them, the application of the remaining Liquidation Available Funds shall be prorated among the amounts payable under each such item, and the amount applied to each item shall be distributed in the priority in which the accounts payable fall due.

Additionally, and not included among the Liquidation Available Funds, the Fund shall have:

- (i) The amount drawn upon enforcing the Catalan Government Guarantee used only for paying interest and repaying principal on Series A2(G).
- (ii) As the case may be, in accordance with the provisions of section 4.4.3.3.(iii) of the Registration Document, the amount drawn under the credit facility arranged for early amortisation of outstanding Bonds and repayment of amounts due to the Government of Catalonia upon the Catalan Government Guarantee being enforced for Series A2(G) designed only for settling those items.

3.4.6.4 Financial Intermediation Margin.

The Management Company shall, for and on behalf of the Fund, enter with the Originator into a Financial Intermediation Agreement designed to remunerate the Originator for the financial intermediation process carried out, enabling the financial transformation defining the Fund's activity, the assignment to the Fund of the Loans and the rating assigned to each Bond Series.

The Originator shall be entitled to receive from the Fund a variable subordinated remuneration (the "**Financial Intermediation Margin**") which shall be determined and shall accrue upon the expiration of every quarterly accrual period comprised between every two consecutive Determination Dates, in an amount equal to the positive difference, if any, between the income and expenditure accrued by the Fund, including losses, if any, brought forward from previous years, with reference to its accounts and before the close of the day next preceding every Determination Date. The Financial Intermediation Margin accrued at

the close of the day preceding every Determination Date shall be settled on the next succeeding Payment Date, provided that the Fund has sufficient liquidity in the Fund Priority of Payments.

Exceptionally: (i) the first accrual period of the Intermediation Margin shall be comprised between the date on which the Fund is established, inclusive, and the first Determination Date, April 15, 2008, exclusive, which is the Determination Date preceding the first Payment Date, and (ii) the last accrual period of the Financial Intermediation Margin shall comprise a) until the Final Maturity Date or the date on which Early Liquidation of the Fund concludes, as provided for in section 4.4.3 of the Registration Document, on which the Loans and the assets remaining in the Fund shall have been liquidated and the Liquidation Available Funds shall have been distributed in the Liquidation Priority of Payments, b) from the Determination Date preceding the Payment Date before the date referred to in a), both inclusive. The first settlement date of the Financial Intermediation Margin shall be on the first Payment Date, April 21, 2008.

If the Fund should not have sufficient liquidity on a Payment Date in the Priority of Payments to pay the full Financial Intermediation Margin, the amount not paid shall accumulate without any penalty whatsoever on the Financial Intermediation Margin accrued, as the case may be, in the following quarterly period and shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments. The Financial Intermediation Margin amounts not paid on preceding Payment Dates shall be paid with priority over the amount payable on the relevant Payment Date.

The Financial Intermediation Agreement shall be fully terminated in the event that the Rating Agency should not confirm any of the provisional ratings assigned to each Bond Series as final by 1pm (CET) on February 12, 2008.

3.4.7 Other arrangements upon which payments of interest and principal to investors are dependent.

3.4.7.1 Financial Swap.

The Management Company shall, for and on behalf of the Fund, enter with BBVA, into a financial swap agreement (the **'Financial Swap Agreement'** or the **'Financial Swap'**) based on the Spanish Banking Association's standard Master Financial Transaction Agreement (CMOF), the most relevant characteristics of which are described below.

Under the Financial Swap Agreement, the Fund will make payments to BBVA calculated on the Loan rate, and in consideration BBVA will make payments to the Fund calculated on the weighted average Nominal Interest Rate of the Bond Series and other items, the foregoing as described hereinafter.

Party A : The Fund, represented by the Management Company.

Party B : BBVA

1. Settlement dates.

The settlement dates shall fall on the Bond Payment Dates, i.e. on January 21, April 21, July 21 and October 21 in every year, or the next succeeding Business Day if any of these dates is not a Business Day. The first settlement date shall be April 21, 2008.

The variable amounts payable by Party A and by Party B for each respective settlement period shall be netted and be paid by the paying Party to the receiving Party on each Payment Date.

2. Settlement periods.

Party A:

The Party A settlement periods shall be the exact number of days elapsed between two consecutive Determination Dates, not including the first but including the last date. Exceptionally, a) the length of the first Party A settlement period shall be equivalent to the exact number of days elapsed between the date of establishment of the Fund, inclusive, and April 15, 2008, the first Determination Date, inclusive, and b) the length of the last Party A settlement period shall be equivalent to the exact

number of days elapsed between the Determination Date preceding the date on which the Financial Swap Agreement terminates, exclusive, and the date on which termination occurs, inclusive.

Party B:

The Party B settlement periods shall be the exact number of days elapsed between two consecutive settlement dates, including the first but not including the last date. Exceptionally, a) the length of the first Party B settlement period shall be equivalent to the exact number of days elapsed between the Bond Issue Closing Date, inclusive, and April 21, 2008, exclusive, and b) the length of the last Party B settlement period shall be equivalent to the exact number of days elapsed between the Payment Date preceding the date on which the Financial Swap Agreement terminates, inclusive, and the date on which termination occurs, exclusive.

3. Face Amount.

This shall be on each settlement date the daily average during the next preceding Party A settlement period of the Outstanding Balance of Non-Delinquent Loans.

4. Party A amounts payable.

This shall be on each settlement date the result of applying the Party A Interest Rate, determined for the next preceding Party A settlement period, to the Face Amount according to the number of days in the Party A settlement period and based on a three-hundred-and-sixty- (360-) day year.

4.1 Party A Interest Rate.

For each Party A settlement period this shall be the annual interest rate resulting from dividing (i) the sum of total interest amount received on the Loans and credited to the Fund during the Party A settlement period, decreased by the amount of interest accrued on the Loans assigned paid by the Fund, as the case may be, during the same Party A settlement period, by (ii) the Face Amount, multiplied by the result of dividing 360 by the number of days in the Party A settlement period.

5. Party B amounts payable.

This shall be on each settlement date the result of adding (i) the amount resulting from applying the Party B Interest Rate, determined for the Party B settlement period falling due, to the Face Amount according to the number of days in the Party B settlement period falling due, and based on a three-hundred-and-sixty- (360-) day year, and (ii) the amount on the relevant settlement date of the fee accrued under the Servicing Agreement or under a new servicing agreement in the event of substitution.

5.1 Party B Interest Rate.

For each Party B settlement period this shall be the annual interest rate resulting from adding (i) the Nominal Interest Rate applicable to each Series A1, A2(G), B and C determined for the then-current Interest Accrual Period coinciding with each Party B settlement period, weighted by the Outstanding Principal Balance of each Series A1, A2(G), B and C during the then-current Interest Accrual Period and (ii) 0.50%.

6. Maturity Date.

This shall be the earlier of the dates on which any of events (i) to (iv) listed for termination of the Fund occurs in accordance with the provisions of section 4.4.4 of the Registration Document.

- 7.** If on a Payment Date the Fund (Party A) should not have sufficient liquidity to pay the full net amount, if any, payable to Party B, the portion of this net amount not paid shall be settled on the following Payment Date provided that the Fund has sufficient liquidity in the Priority of Payments. Should such event of default occur on two consecutive Payment Dates, Party B may choose to terminate the Financial Swap Agreement. In this event, the Fund (Party A) shall accept the obligation to pay the settlement amount established to which it is bound on the terms of the Financial Swap Agreement, the foregoing in the Priority of Payments. Should the settlement amount under the Financial Swap Agreement be a payment obligation for Party B and not for the Fund (Party A), Party B shall take over the obligation to pay the settlement amount provided for in the Financial Swap Agreement.

It shall also be determined that if on a Payment Date Party B should not pay the full amount payable to the Fund (Party A), the Management Company, for and on behalf of the Fund, may choose to terminate the Financial Swap Agreement. In that event, Party B shall accept the obligation to pay the settlement amount established in the Financial Swap Agreement. Should the settlement amount under the Financial Swap Agreement be due by the Fund (Party A) and not by Party B, payment thereof by the Fund (Party A) shall be made in the Priority of Payments.

Subject to the above, other than in an event of permanent financial imbalance of the Fund, the Management Company shall endeavour, for and on behalf of the Fund, to enter into a new financial swap agreement on terms substantially identical with the Financial Swap Agreement.

8. Actions in the event of change in the rating of Party B.

In accordance with valid S&P criteria, subject at all times to change or revision in the future:

In the event that the rating of the short-term unsecured and unsubordinated debt obligations of Party B (or its successor) should, at any time during the life of the Bonds, be downgraded to A2 (or its equivalent) by S&P, then Party B (or its successor) shall become an ineligible Financial Swap counterparty and shall: (i) post collateral to Party A, within not more than 10 Business Days, at an amount covering 125% of the Financial Swap mark-to-market value, in accordance with the criteria then in force published by S&P, and (ii) within not more than 60 calendar days:

- (A) transfer all of its rights and obligations with respect to the Financial Swap Agreement to a replacement third party with short-term unsecured and unsubordinated debt obligations rated at least A-1 by S&P; or
- (B) procure a credit institution suitable for S&P with short-term unsecured and unsubordinated debt obligations rated at least A-1 by S&P to secure by means of a first demand bank guarantee, satisfying the S&P criteria in force from time to time, the obligations of Party B under the Financial Swap Agreement.

Any collateral shall be subject to the Bond rating given by S&P being confirmed and maintained by S&P. All costs deriving from any of the actions defined above shall be borne by the ineligible counterparty.

- 9. The occurrence, as the case may be, of an early termination of the Financial Swap Agreement will not in itself be an Early Amortisation event of the Bond Issue and an Early Liquidation event of the Fund referred to in sections 4.4.3 of the Registration Document and 4.9.4 of the Securities Note, unless in conjunction with other events or circumstances related to the net asset value of the Fund, its financial balance should be materially or permanently altered.

All matters, discrepancies, lawsuits and claims deriving from the Financial Swap Agreement shall be referred for arbitration to the Chamber of Commerce of Madrid.

Party B agrees not to take any action whatsoever holding Party A liable.

The Financial Swap Agreement shall be fully terminated in the event that the Rating Agency should not confirm the provisional ratings assigned to each Series as final ratings by 1pm (CET) on February 12, 2008.

3.4.7.2 Bond Issue Paying Agent.

The Management Company shall, for and on behalf of the Fund, enter with BBVA into a paying agent agreement to service the Bond Issue (the "**Paying Agent Agreement**").

The obligations to be taken on by BBVA (the "**Paying Agent**") under the Paying Agent Agreement are summarily as follows:

- (i) On each Bond Payment Date, paying interest and, as the case may be, repaying Bond principal through SCLBARNA, after deducting the total amount of the interim tax withholding for return on investments to be made by the Management Company, on behalf of the Fund, in accordance with applicable tax laws.
- (ii) On each Interest Rate Fixing Date, notifying the Management Company of the Reference Rate determined to be used as the basis for the Management Company to calculate the Nominal Interest Rate applicable to each Bond Series.

In the event that the rating of BBVA's short-term unsecured and unsubordinated debt obligations should, at any time during the life of the Bond Issue, be downgraded below A-1 by S&P, respectively, the Management Company shall within not more than sixty (60) calendar days from the time of the occurrence of that circumstance put in place, to maintain the ratings assigned by S&P to each Bond Series and after notifying the same, any of the following options:

- a) Obtaining from an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1, a first demand guarantee securing for the Fund, merely upon the Management Company so requesting, the commitments made by the Paying Agent, for such time as the Paying Agent remains downgraded below A-1.
- b) Revoke the appointment of the Paying Agent and thereupon designate another institution with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1 by S&P to take its place before terminating the Paying Agent Agreement or, as the case may be, under a new paying agent agreement, and subject to prior notice being given to the Rating Agency. Should BBVA be replaced as Paying Agent, the Management Company shall be entitled to change the fee payable to the substitute institution, which may be higher than that established with BBVA under the Paying Agent Agreement.

All costs, expenses and taxes incurred in doing any of the above shall be borne by the replaced Paying Agent.

For the above purposes, the Paying Agent shall irrevocably agree to communicate to the Management Company, upon that occurring and over the life of the Bond Issue, any change or removal of its long- and short-term ratings given by S&P.

In consideration of the services provided by the Paying Agent, the Fund shall pay it on each Payment Date during the term of the agreement, a fee of EUR twelve thousand (12,000.00), inclusive of taxes as the case may be. This fee shall be paid provided that the Fund has sufficient liquidity and in the Priority of Payments or, as the case may be, the Liquidation Priority of Payments.

In the event that the Fund should not have sufficient liquidity to pay said full fee, then the amounts accrued and not paid shall be accumulated without any penalty whatsoever to the fee falling due on the following Payment Date, unless that absence of liquidity should continue, in which case the amounts due shall build up until fully paid on the Payment Date on which they are settled.

The Paying Agent Agreement shall be fully terminated in the event that the Rating Agency should not confirm the provisional ratings assigned to each Series as final ratings by 1pm (CET) on February 12, 2008.

Not applicable.

3.7 Administrator, calculation agent or equivalent.

3.7.1 Management, administration and representation of the Fund and of the holders of the securities.

The Management Company, EUROPEA DE TITULIZACIÓN, S.A., SOCIEDAD GESTORA DE FONDOS DE TITULIZACIÓN, shall be responsible for managing and being the authorised representative of the Fund, on the terms set in Royal Decree 926/1998, Act 19/1992, failing a provision in Royal Decree 926/1998 and to the extent applicable, and other applicable laws, and on the terms of the Deed of Constitution.

The Management Company shall discharge for the Fund the functions attributed to it in Royal Decree 926/1998.

It is also the Management Company's duty, as the manager of third-party portfolios, to represent and enforce the interests of the holders of the Bonds issued by the Fund and of all its other ordinary creditors. Consequently, the Management Company shall make its actions conditional on their protection and observe the provisions established for that purpose from time to time. Bondholders and all other ordinary creditors of the Fund shall have no recourse against the Fund Management Company, other than for a breach of its duties or failure to observe the provisions of the Deed of Constitution and the Prospectus.

3.7.1.2 Administration and representation of the Fund.

The Management Company's obligations and actions in fulfilment of its duty to manage and be the authorised representative of the Fund are the following, for illustrative purposes only and without prejudice to any other actions provided in this Prospectus:

- (i) Keeping the Fund's accounts duly separate from the Management Company's own, rendering accounts and satisfying tax and any other statutory obligations of the Fund.
- (ii) Making such decisions as may be appropriate in connection with the liquidation of the Fund, including the decision to proceed to Early Liquidation of the Fund and Early Amortisation of the Bond Issue, in accordance with the provisions of this Prospectus. - (vi) Complying with the calculation duties provided for and taking the actions laid down in this Prospectus and in the various Fund transaction agreements or in such others as the Management Company may enter into in due course for and on behalf of the Fund.
- (vii) The Management Company may extend or amend the agreements entered into on behalf of the Fund, and substitute, as the case may be, each of the Fund service providers on the terms provided for in each agreement, and indeed, if necessary, enter into additional agreements, including a credit facility agreement in the event of Early Liquidation of the Fund, and amend the Deed of Constitution, provided that circumstances preventing the foregoing in accordance with the laws and regulations in force from time to time do not occur. In any event, those actions shall require that the Management Company notify and first secure the authorisation, if necessary, of the CNMV or competent

administrative body and notify the Rating Agency, and provided that such actions are not detrimental to the rating assigned to the Bonds by the Rating Agency. The Deed of Constitution or the agreements may also be corrected upon a request by the CNMV.

- (viii) Exercising the rights attaching to the ownership of the Non-Mortgage Loans and the Pass-Through Certificates acquired by the Fund and, in general, carrying out all such acts of administration and disposition as may be required for properly managing and being the authorised representative of the Fund.

- (xiv) Watching that the amounts credited to the Treasury Account return the yield set in the respective agreements.
- (xv) Calculating the Available Funds, the Available Funds for Amortisation, the Liquidation Available Funds and the payment or withholding obligations to be complied with, and applying the same in the Priority of Payments or the Liquidation Priority of Payments, as the case may be.
- (xvi) Instructing transfers of funds between the various borrowing and lending accounts, and issuing all relevant payment instructions, including those allocated to servicing the Bonds.
- (xvii) Determining the amount payable by the Catalan Government for amounts due to the guaranteed Series A2(G) Bondholders and, if necessary, enforcing the Catalan Government Guarantee.

3.7.1.3 Resignation and substitution of the Management Company.

The Management Company shall be substituted in managing and representing the Fund, in accordance with articles 18 and 19 of Royal Decree 926/1998 set forth hereinafter and with subsequent rules statutorily established in that connection.

Resignation.

- (i) The Management Company may resign its duties to manage and be the authorised representative of all or part of the funds managed whenever it deems this fit, applying to be substituted in a letter addressed to the CNMV, including a designation of the substitute management company. That letter shall enclose a letter from the new management company, declaring its willingness to take over those duties and applying for the appropriate authorisation.
- (ii) The CNMV's substitution authorisation shall be subject to meeting of the following requirements:

- (a) The substituted Management Company's delivery of the accounting records and data files to the new management company. That delivery will only be taken to have been made when the new management company is able to fully take over its function and that circumstance is notified to the CNMV.
- (b) The rating accorded to the securities should not fall as a result of the proposed substitution.
- (iii) The Management Company may in no event resign its duties until and unless all requirements and formalities have been complied with in order for its substitute to take over its duties.
- (iv) The substitution expenses originated shall be borne by the resigning Management Company and may in no event be passed on to the Fund.
- (v) The substitution shall be published within fifteen days by means of a notice inserted in two nationwide newspapers and in the bulletin of the organised secondary market where the Bonds issued by the Fund are listed. Furthermore, the Management Company shall notify the Rating Agency of that substitution.

Forced substitution.

- (i) In the event that the Management Company should be adjudged insolvent, it shall find a substitute management company, in accordance with the provisions of the foregoing section.
- (ii) In the event for which provision is made in the preceding section, if four months should have elapsed from the occurrence determining the substitution and no new management company should have been found willing to take over management, there shall be an early liquidation of the Fund and an amortisation of the Bonds issued by the same and of the loans, in accordance with the provisions of this Prospectus.

The Management Company agrees to execute such public and private documents as may be necessary for it to be substituted by another management company, in accordance with the system for which provision is made in the preceding paragraphs of this section. The substitute management company shall be substituted in the Management Company's rights and duties under this Prospectus. Furthermore, the Management Company shall hand to the substitute management company such accounting records and data files as it may have to hand in connection with the Fund.

3.7.1.4 Subcontracting.

The Management Company shall be entitled to subcontract or subdelegate to solvent and reputable third parties the provision of any of the services it has to provide as the manager and authorised representative of the Fund, as established in this Prospectus, provided that the subcontractor or delegated party waives the right to take any action holding the Fund liable. In any event, subcontracting or delegating any service (i) may not result in an additional cost or expense for the Fund, (ii) shall have to be legally possible, (iii) shall not result in the rating accorded to each Bond Series being downgraded, and (iv) shall be notified to the CNMV and, where statutorily required, first be authorised by the CNMV. Notwithstanding any subcontracting or subdelegation, the Management Company shall not be exonerated or released, under that subcontract or subdelegation, from any of the liabilities undertaken in this Prospectus which may legally be attributed or ascribed to it.

3.7.1.5 Management Company's remuneration.

In consideration of the functions to be discharged by the Management Company, the Fund will pay it a management fee consisting of:

- (i) An initial fee which shall accrue upon the Fund being established and be payable on the Closing Date.
- (ii) A periodic fee on the Outstanding Principal Balance of the Bond Issue, which shall accrue daily from the establishment of the Fund until it terminates and shall be settled and paid by Interest Accrual Periods in arrears on each Payment Date subject to the Priority of Payments or, as the case may be, the Liquidation Priority of Payments. The periodic fee amount on each Payment Date may not be lower

than the minimum amounts determined. The minimum amount shall be cumulatively reset in the same proportion, from the year 2009, inclusive, and be effective as at January 1 of each year.

If on a Payment Date the Fund should not have sufficient liquidity to settle the above-mentioned fee, the amount due shall accrue interest equal to the Bond Reference Rate, payable on the following Payment Date, in the Priority of Payments.

3.7.2 Servicing and custody of the securitised assets.

BBVA, Originator of the Loan receivables to be assigned to the Fund, as established in article 2.2.b) of Royal Decree 926/1998, and for the Pass-Through Certificates as established in article 61.3 of Royal Decree 685/1982, shall continue as attorney for the Management Company to be responsible for servicing and managing the Loans, and relations between BBVA and the Fund, represented by the Management Company, shall be governed by the Loan Servicing and Pass-Through Certificate Custody Agreement (the "**Servicing Agreement**") in relation to custody and servicing of the Loans and custody of the Pass-Through Certificates.

BBVA (the "**Servicer**" in that Agreement) shall accept the appointment received from the Management Company and thereby agrees as follows:

- (i) To service and manage the Loans acquired by the Fund subject to the system terms and ordinary servicing and management procedures established in the Servicing Agreement.
- (ii) To continue servicing the Loans, devoting the same time and efforts to them as it would devote and use to service its own loans and in any event on the terms for which provision is made in the Servicing Agreement.
- (iii) That the procedures it applies and will apply to service and manage the Loans are and will continue to be in accordance with the laws and statutory regulations in force applicable thereto.
- (iv) To full faithfully observe the instructions issued by the Management Company.
- (v) To pay the Fund damages and losses resulting from a breach of the obligations undertaken, although the Servicer shall not be liable for actions put in place on the Management Company's instructions.

In any event, the Servicer waives the privileges and authorities conferred on it by law as the manager of collections for the Fund, as servicer of the Loans, and as custodian of the relevant agreements, and in particular those for which provision is made in articles 1730 and 1780 of the Civil Code and 276 of the Commercial Code.

3.7.2.1 Ordinary system and procedures for servicing and managing the Loans.

1. Custody of deeds, agreements, documents and files.

The Servicer shall keep all deeds, agreements, documents and data files relating to the Loans in safe custody and shall not give up their possession, custody or control other than with the Management Company's prior written consent for it to do so, unless a document should be required to institute proceedings to claim a Loan, or any other competent authority should so require informing the Management Company.

The Servicer shall allow the Management Company or the auditors of the Fund duly authorised thereby reasonable access at all times to said deeds, agreements, documents and files. Furthermore, whenever it is required to do so by the Management Company, it shall provide within two (2) Business Days of that request and free of charge, a copy or photocopy of any of such deeds, agreements and documents.

2. Collection management.

The Servicer shall continue managing collection of all Loan amounts payable by the Obligors and any other item including under the insurance contracts of the mortgaged properties securing the Mortgage Loans. The Servicer shall use all reasonable efforts for payments to be made by the Obligors to be collected in accordance with the contractual terms and conditions of the Loans.

Loan amounts due to and received by the Servicer shall be paid by the Servicer in full into the Fund's Treasury Account on the seventh day after the day on which they were received by the Servicer, or the following business day if that is not a business day, and for value date on the seventh calendar day after the date on which they were received by the Servicer, in accordance with the set terms and conditions. In this connection, business days shall be taken to be all those that are business days in the banking sector in the city of Madrid.

Nevertheless, in the event that the rating of the Servicer's short-term unsecured and unsubordinated debt obligations should be downgraded below A-2 by S&P, the Management Company shall, in a written notice to the Servicer, issue instructions for those amounts to be previously credited to the Treasury Account, which may indeed be on the business day next succeeding the day on which they were received by the Servicer.

The Management Company may issue the same instructions in the event that the Servicer's short-term unsecured and unsubordinated debt obligations should not be rated by S&P.

The Servicer may at no event pay any amount whatsoever to the Fund not previously received from the Obligors as payment for the Loans.

3. Fixing the interest rate.

In the case of floating-rate Loans, notwithstanding a possible renegotiation to a fixed rate, the Servicer shall continue fixing the interest rates applicable in each interest period as established in the respective Loan agreements, submitting such communications and notices as may be established therein.

4. Information.

The Servicer shall regularly communicate to the Management Company the information concerning the individual characteristics of each Loan, fulfilment by the Obligors of their obligations under the Loans, delinquency status, changes in the characteristics of the Loans, and actions for payment in the event of late payment, legal actions and auction of real estate or assets, the foregoing subject to the procedures and with the frequency established in the Servicing Agreement.

Furthermore, the Servicer shall prepare and hand to the Management Company such additional information concerning the Loans or the rights attaching thereto as the Management Company may request, and in particular the documents required for the Management Company, as the case may be, to bring legal actions.

5. Loan subrogation.

The Servicer shall be authorised to permit substitutions in the position of the Obligor under the Loan agreements, exclusively where the characteristics of the new Obligor are similar to those of the former Obligor and those characteristics observe the lending policies described in section 2.2.7 of this Building Block, and further provided that the expenses derived from that change are fully borne by the Obligors. The Management Company may fully or partially limit this authority of the Servicer or set conditions therefor, in the event that those substitutions might adversely affect the ratings accorded to the Bonds by the Rating Agency.

In relation to Mortgage Loans, the mortgagor may apply for subrogation to the Servicer in connection with the Mortgage Loans pursuant to Act 2/1994. Subrogation of a new creditor under the Mortgage Loan and the ensuing payment of the amount due shall, as the case may be, result in prepayment of the Mortgage Loan and early amortisation of the respective Pass-Through Certificate.

6. Authorities and actions in relation to Loan renegotiation procedures.

The Servicer may not voluntarily cancel the Loans or their security arrangements for any reason other than payment of the Loan, relinquish or settle in regard thereto, forgive the Loans in full or in part or extend the same, or in general do anything that may diminish the legal effectiveness or economic value of the Loans or of the security arrangements, without prejudice to its heeding requests by Obligors using the same efforts and procedure as if they were own loans.

Notwithstanding the above, the Management Company, as manager of third-party portfolios and having regard to Obligor's requests to the Servicer directly or under Act 2/1994, may instruct or first authorise the Servicer to agree with the Obligor, subject to the terms and conditions for which provision is made in this section, for a novation changing the relevant Loan, either by an interest rate renegotiation or by an extension of the maturity period, provided in the case of Mortgage Loans that those novations are not detrimental to their ranking as a senior mortgage.

Without prejudice to the provisions hereinafter, any novation changing a Loan subscribed by the Servicer shall be made exclusively with the prior consent of the Management Company, on behalf of the Fund, and the Servicer agrees to seek such consent from the Management Company as soon as it is aware that an Obligor has requested a change. The Management Company may nevertheless initially authorise the Servicer to entertain and accept Loan interest rate and term renegotiations, without requiring the prior consent of the Management Company, subject to the following general enabling requirements:

a) Renegotiating the interest rate.

Loan interest rate may be renegotiated subject to the following rules and limitations:

1. The Servicer may under no circumstance entertain on its own account and without being so requested by the Obligor, interest rate renegotiations which may result in a decrease in the interest rate applicable to a Loan. The Servicer shall, without encouraging the interest rate renegotiation, act in relation to such renegotiation bearing in mind the Fund's interests at all times.
2. Subject to the provisions of paragraph 3 below, the Servicer may renegotiate the interest rate clause of the Loans on terms that are deemed to be at arm's length and that do not differ from those applied by the actual Servicer in renegotiating or granting its floating- and fixed-rate credits and loans. For these purposes, arm's length interest rate shall be deemed to be the rate offered by the Servicer in the Spanish market for loans or credits granted to SMEs in an amount and on terms substantially similar to the Loan.

The Management Company may, on the Fund's behalf, at any time during the term of the Servicing Agreement, cancel, suspend or modify the Servicer's authorisation to renegotiate the interest rate.

3. Renegotiation of the interest rate applicable to a Loan may at no event occur in the event that (i) the change is to a floating interest rate with a benchmark index for determination other than the Euribor or Mibor rate or mortgage market reference rates or benchmark indices, established in section 3 of rule six bis of Bank of Spain Circular no. 8/1990, September 7, and (ii) that the average margin or spread weighted by the outstanding principal of outstanding Loans (including the margin if any resulting from a fixed-rate renegotiation as provided for in section 4.(ii) below) is not in excess of 50 basis points above the Euribor or Mibor benchmark rates or index. For the purposes prescribed in this section, the provisions of section 4 below shall govern in the case of Loans having benchmark indices other than the Euribor or Mibor benchmark rates or indices or which are fixed-rate loans in regard to consistency with reference to margin over a Euribor or Mibor benchmark index.
4. For the purposes of paragraph 3 above:
 - (i) The margin or spread of a floating-rate Loan with a benchmark index other than Euribor or Mibor rates or indices shall be considered to be the result of increasing or reducing the margin applicable to the Loan by the difference between the simple averages of the values of the last three (3) months, published by the Bank of Spain, of (a) the Loan benchmark index and (b) one-year EURIBOR index (one-year Interbank reference).
 - (ii) The novated fixed-rate Loan margin shall be deemed to be the difference between the fixed rate applicable to the Loan and the EURIBOR BASIS fixed rate on Reuters' ISDAFIX2 screen, or any other replacement screen, at 11:00AM CET on the effective date of the new fixed rate for the term of the average life of the Loan based on its new

repayment schedule. In the absence of a EURIBOR BASIS fixed rate, the latter shall be calculated by a straight-line interpolation between the EURIBOR BASIS fixed rates for the lower and higher terms closest to the average life of the Loan.

Calculation of the average life of a novated fixed-rate Loan: average of the time periods from the effective date of the novation until each Loan settlement date, using for weighting purposes the weights the principal to be repaid on each settlement date have, in accordance with the applicable repayment system, on the outstanding principal amount, in accordance with the following expression:

$$V = \frac{\sum (P \times d)}{T} \times \frac{1}{365}$$

Where:

V = Average life of the novated fixed-rate Loan expressed in years.

P = Principal to be repaid on each settlement date under the applicable repayment system.

d = Number of days elapsed between the effective date of the novation and the relevant settlement date.

T = Outstanding principal on the effective date of the novation.

b) Extending the period of maturity.

The final maturity or final amortisation date of the Loans may be deferred (“**extending the term**”) subject to the following rules and limitations:

- (i) The Servicer may in no case entertain on its own account, i.e. without it being so requested by the Obligor, a change in the final maturity date of the Loan which may result in an extension thereof. The Servicer, without encouraging an extension of the term, shall act in relation to such extension bearing in mind at all times the Fund’s interests.
- (ii) The aggregate of the capital or principal assigned to the Fund of the Loans with respect to which the maturity date is extended may not exceed 10% of the face amount of the Bond Issue.
- (iii) The term of a specific Loan may be extended provided that the following requirements are met:
 - a) That the same Loan capital or principal repayment instalment frequency is at all events maintained or increased and the same repayment system is maintained.
 - b) That the new final maturity or final repayment date does not extend beyond June 30, 2036.

The Management Company may, on the Fund’s behalf, at any time during the term of the Servicing Agreement, cancel or suspend or amend the Servicer’s power to extend the term.

If there should be any renegotiation of the interest rate of a Loan or its due dates, the Servicer shall forthwith notify the Management Company of the terms resulting from each renegotiation. Such notice shall be made through the software or data file provided for the terms of the Loans to be updated.

In the event of a renegotiation of the interest rate of the Loans or their due dates, consented to by the Management Company, for and on behalf of the Fund, the change in the terms shall affect the Fund.

The contractual documents supporting the novation of the renegotiated Loans will be kept by the Servicer, in accordance with the provisions of paragraph 2 of this section.

7. Action against Obligor in the event of default on the Loans.

Actions in the event of late payment.

The Servicer shall use the same efforts and procedure for claiming overdue amounts on the Loans as with the rest of its portfolio loans.

In the event of default by the Obligor of the payment obligations, the Servicer shall put in place the actions described in the Servicing Agreement, taking for that purpose the steps it would ordinarily take if they were its own portfolio loans and in accordance with standard banking usage and practice for collecting overdue amounts, and shall be bound to advance such expenses as may be necessary for those actions to be taken, without prejudice to its right to be reimbursed by the Fund. Needless to say, these actions include all such legal and other actions as the Servicer may deem necessary to claim and collect the amounts due by the Obligors or their guarantors.

Legal actions.

The Servicer, using its fiduciary title to the Loans or using the power referred to in the following paragraph, shall take all relevant actions against Obligors failing to meet their payment obligations derived from the Loans and against guarantors, if any. Such an action shall be brought using the appropriate court enforcement procedures prescribed in articles 517 et seq. of the Civil Procedure Act.

In the above connection and for the purposes prescribed in articles 581.2 and 686.2 of the Civil Procedure Act, and in the event that this should be necessary, the Management Company shall confer in the Deed of Constitution as full and extensive a power of attorney as may be required at Law on BBVA in order that the latter may, acting through any of its attorneys properly empowered for those purposes, on the Management Company's instructions, for and on behalf of the Fund, or in its own name but for the Management Company as the authorised representative of the Fund, demand by any judicial or other means the Obligor of any of the Loans and guarantors, if any, to pay the debt and take legal action against the same, in addition to other authorities required to discharge its duties as Servicer. These authorities may be extended and amended in another deed if necessary or appropriate.

The Servicer shall generally commence the relevant legal proceedings, if, for a period of six (6) months, a Loan Obligor having failed to honour his payment obligations should not resume payments to the Servicer and the latter, with the Management Company's consent, should not obtain a payment commitment satisfactory to the Fund's interests. The Servicer shall in any event forthwith proceed to file an executive action if the Management Company, acting for the Fund, and after analysing the specific circumstances of the case, should deem this necessary.

If six (6) months should elapse from the oldest default without the Obligor having resumed payments or the Servicer, with the Management Company's consent, securing a payment commitment satisfactory to the Fund's interests, and the Servicer should fail to file the recovery action without there being proper reasons therefor, the Management Company may, on behalf of the Fund, proceed directly to commence the appropriate legal proceedings to fully claim the debt.

In the event that the proceedings commenced by the Servicer should be stopped without there being proper reasons therefor, the Management Company may, as the case may be, on behalf of the Fund, take over from the latter and continue with the legal proceedings.

In addition to the Servicer's legal actions against Obligors as provided for above in this section, the Management Company, for the Fund, may also take action against Obligors who are in breach of their Loan payment obligations and against guarantors, if any. That action shall be brought observing the formalities for the relevant legal procedure in accordance with the provisions of the Civil Procedure Act, satisfying, as the case may be, the requirements as to right of action allowing that to be done.

If this should be legally required, and for the purposes prescribed in the Civil Procedure Act, BBVA shall confer in the Deed of Constitution as full and extensive an irrevocable power of attorney as may be required at Law in order for the Management Company, acting for and on behalf of BBVA, to demand through a notary public any Loan Obligor and third-party guarantors, if any, to pay the debt.

1. In regard to the Mortgage Loans, in the event of default by any Obligor, the Management Company, acting for and on behalf of the Fund, shall have the following remedies provided for mortgage participation certificates in article 66 of Royal Decree 685/1982, which also apply to the pass-through certificates:
 - (i) To demand the Servicer to apply for foreclosure.
 - (ii) To take part on an equal standing with BBVA, as issuer of the Pass-Through Certificates, in the foreclosure the latter shall have instituted against the Obligor, intervening to that end in any foreclosure proceedings commenced by the former.
 - (iii) If the Servicer should fail to take that action within sixty (60) calendar days of a notice served through a Notary demanding payment of the debt, the Management Company, for and on behalf of the Fund, shall be secondarily entitled to bring the foreclosure action on the Mortgage Loan for both principal and interest.
 - (iv) In the event that the proceedings instituted by the Servicer should come to a standstill, the Fund, duly represented by the Management Company, may be subrogated in the position of the former and continue the foreclosure proceedings, without the above period having to elapse.

In the events provided in paragraphs (iii) and (iv), the Management Company, for and on behalf of the Fund, may apply to the Judge or Notary with jurisdiction to commence or continue with the respective foreclosure proceedings, attaching to the application the original Pass-Through Certificate, the notice served through a Notary Public provided for in section (iii) above and an office certificate as to the registration and subsistence of the mortgage. The Servicer shall be bound to issue a certification of the balance outstanding on the Mortgage Loan.

The Management Company, for and on behalf of the Fund as holder of the Pass-Through Certificates, may also take part on an equal standing with BBVA in the foreclosure proceedings and may in this sense, on the terms for which provision is made in the Civil Procedure Act, request the award of the mortgaged property as payment of the Mortgage Loan. The Management Company shall proceed, directly or through the Servicer, to sell the property awarded within the shortest possible space of time and at arm's length.

2. In the event of default by the Obligor (or third-party guarantors, if any) of Non-Mortgage Loan payment obligations, the Management Company, acting for the Fund shall have an executive action against those Obligors (and third-party guarantors, if any), taking the steps provided for such proceedings in the Civil Procedure Act (articles 517.4 and 517.5).
3. In the event of default by the Obligor (or third-party guarantors, if any) of payment obligations of Loans secured with pledges, the Management Company, acting for the Fund, shall avail of an action to enforce those pledges, after entering, as the case may be, the assignment of the respective Loan in the relevant register. In particular:
 - a) In the case of Loans secured with a money pledge, and subject to delivery, as the case may be, of the bank-book, passbook, receipt or public deed supporting the pledged credit right or entry or recording therein or in the relevant originals, protocols or records concerning transfer of the pledge, the enforcement means provided for in the agreement proper, in the Civil Procedure Act and in the Civil Code (article 1872).
 - b) In the case of Loans secured with a pledge in units in investment funds (in book-entry form), and after first entering the assignment of the security in the register of the institution in charge of the book record of the units, the enforcement means provided for in the agreement proper, in the Civil Procedure Act and in the Civil Code (article 1872).

The description of the above actions and procedures shall not imply a waiver by the Servicer or the Management Company of any other legal or other actions or procedures whatsoever available against

the Obligors or any guarantors or other third parties, if any, to recover the amounts due or keep in place or enforce the Loan security arrangements.

The Servicer agrees to promptly advise of payment demands, legal actions and all and any other circumstances affecting collection of overdue Loans amounts. Furthermore, the Servicer will provide the Management Company with all such documents as the latter may request in relation to said Loans and in particular the documents required for the Management Company to take legal actions, as the case may be.

8. Damage insurance for properties mortgaged under the Mortgage Loans.

The Servicer shall not take or fail to take any action resulting in cancellation of any fire or damage insurance policy covering the properties mortgaged under the Mortgage Loans or reducing the amount payable in any claim thereunder. The Servicer shall use all reasonable efforts and in any event use the rights conferred under the insurance policies or the Mortgage Loans in order to keep those policies in full force and effect in relation to each Mortgage Loan and the respective mortgaged property.

Whenever the Servicer receives notice of non-payment of policy premiums by any Obligor the Servicer may demand the Obligor to pay the same and indeed take out fire and damage insurance on the Obligor's behalf where it is able to do so under the Mortgage Loan deed, advancing payment of the premiums, without prejudice to being reimbursed by the Obligor for amounts so paid.

In the event of a claim, each Servicer shall coordinate actions for collecting compensations derived from the property damage insurance policies on the terms and conditions of the Mortgage Loans and the actual policies, paying the amounts received to the Fund.

9. Set-off.

In the exceptional event that any of the Obligors under the Loans should have a liquid credit right, due and payable vis-à-vis the Servicer, and because the assignment is made without the Obligor being aware, any of the Loans should be fully or partially set-off against that credit, the Servicer shall proceed to pay to the Fund the amount set off plus accrued interest which would have been payable to the Fund until the date on which payment is made, calculated on the terms applicable to the relevant Loan.

10. Subcontracting.

The Servicer may subcontract any of the services it may have agreed to provide under the Servicing Agreement other than those that may not be so delegated in accordance with the laws in force for the time being. That subcontracting may in no event result in an additional cost or expense for the Fund or the Management Company, and may not result in the rating assigned to each Bond Series by the Rating Agency being adversely reviewed. Notwithstanding any subcontracting or subdelegation, the Servicer shall not be excused or released under that subcontract or subdelegation from any of the liabilities undertaken in the Servicing Agreement which may legally be attributed or ascribed to it.

11. Auction of real and chattel property.

The Servicer agrees to notify the Management Company of the places, dates, terms and valuation of the real estate mortgaged as security for the Mortgage Loans and of the chattel property attached as security for the Non-Mortgage Loans, auctions scheduled, and proposed action and bid, in suitable advance in order that the Management Company may put in place such actions as it shall see fit and submit instructions on the subject to the Servicer in suitable time.

The Servicer agrees to attend auctions of real and chattel property, but shall thereat abide at all times by the instructions it shall have received from the Management Company, and shall therefore only tender a bid or apply for the award of the real or chattel property to the Fund, fulfilling the instructions received from the Management Company.

In the event of real estate or other assets being awarded to the Fund, the Management Company shall proceed, directly or through the Servicer, to sell the same within the shortest possible space of time and at arm's length and the Servicer shall actively assist in expediting their disposal.

3.7.2.2 Term and substitution.

The services shall be provided by the Servicer until all the obligations undertaken by the Servicer as Originator of the Loans acquired by the Fund terminate, once all the Loans have been repaid, or when the liquidation of the Fund concludes after it terminates, without prejudice to a possible early revocation of its appointment under the Servicing Agreement.

In the event of insolvency of the Servicer or of administration by the Bank of Spain or in the event of a breach by the Servicer of the obligations imposed on the Servicer under the Servicing Agreement or in the event of the Servicer's credit rating falling or being lost or its financial circumstances changing to an extent that may be detrimental to or place the financial structure of the Fund or Bondholders' rights and interests at risk, the Management Company shall, in addition to demanding the Servicer to fulfil the obligations laid down in the Servicing Agreement, proceed to put in place, where this is legally possible, inter alia and after notifying the Rating Agency, any of the following actions in order for the rating assigned to the Bonds by the Rating Agency not to be adversely affected: (i) demanding the Servicer to subcontract or subdelegate to another institution the performance of the obligations and undertakings made in the Servicing Agreement; (ii) having another institution with a sufficient credit rating and quality secure all or part of the Servicer's obligations; (iii) setting up a deposit in cash or securities in favour of the Fund in an amount sufficient to secure all or part of the Servicer's obligations in order for there to be no detriment to the rating given to the Bonds by the Rating Agency, and (iv) terminating the Servicing Agreement, in which case the Management Company shall previously designate a new Servicer having a sufficient credit quality and accepting the obligations contained in the Servicing Agreement or, as the case may be, in a new servicing agreement. Any additional expense or cost derived from those previous actions shall be covered by the Servicer and at no event by the Fund or the Management Company. In the event of insolvency of the Servicer, only (iv) above shall be valid. Any additional expense or cost derived from the aforesaid actions shall be covered by the Servicer and at no event by the Fund or the Management Company.

Furthermore, in the event of insolvency, or indications thereof, administration by the Bank of Spain, liquidation or substitution of the Servicer or because the Management Company deems this reasonably justified, the Management Company may demand the Servicer to notify Obligors (and third-party guarantors or the insurers with which the Obligors may have taken out the damage insurance contracts, if any, attaching to the Mortgage Loans underlying the Pass-Through Certificates, if any) of the transfer to the Fund of the outstanding Loan receivables, and that the payments derived therefrom will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify Obligors and third-party guarantors and insurers, if any, within five (5) Business Days of receiving the request and in the event of insolvency or liquidation of the Servicer, the Management Company itself shall notify Obligors and third-party guarantors and insurers, if any, directly or, as the case may be, through a new Servicer it shall have designated.

Furthermore, and in the same events, the Management Company may request the Servicer to do such things and satisfy such formalities as may be necessary, including third-party notices and entries in the relevant accounting records, in order to guarantee maximum efficiency of the assignment of Loans and ancillary guarantees with respect to third parties, all on the terms given in section 3.7.2.1.7 of the Building Block.

Upon early termination of the Servicing Agreement, the outgoing Servicer shall provide the new Servicer, on demand by the Management Company and as determined thereby, with the necessary documents and data files it may have in order for the new Servicer to carry on the relevant activities.

The Servicing Agreement shall be fully terminated in the event that the Rating Agency should not confirm the provisional ratings assigned to each Series as final ratings by 1pm (CET) on February 12, 2008.

3.7.2.3 Liability of the Servicer and indemnity.

The Servicer shall at no time have any liability whatsoever in relation to the Management Company's obligations as manager of the Fund and manager of Bondholders' interests, nor in relation to the Obligors' obligations derived from the Loans, without prejudice to the liabilities undertaken thereby as Originator of the Loans acquired by the Fund.

The Servicer takes on the obligation to indemnify the Fund or its Management Company for any damage, loss or expense resulting for the same on account of any breach by the Servicer of its obligations to service, manage and report on the Loans and custody the Pass-Through Certificates, established under the Servicing Agreement, or in the event of breach of the provisions of paragraph 3 of section 2.2.9 of the Building Block.

The Management Company shall, for and on behalf of the Fund, have recourse against the Servicer where the breach of the obligation to pay any and all principal repayment and interest and other amounts paid by the Obligors under the Loans corresponding to the Fund does not result from default by the Obligors and is attributable to the Servicer.

Upon the Loans terminating, the Fund shall, through its Management Company, retain a right of action against the Servicer until fulfilment of its obligations.

Neither Bondholders nor any other creditor of the Fund shall have any direct right of action whatsoever against the Servicer; that action shall lie with the Management Company, as the representative of the Fund, who shall have that action on the terms described in this section.

3.7.2.4 Servicer's remuneration.

In consideration of the custody, servicing and management of the Loans and custody of the documents representing the Pass-Through Certificates, the Servicer shall be entitled to receive in arrears on each Payment Date during the term of the Servicing Agreement, a servicing fee equal to 0.01% per annum, inclusive of VAT if there is no exemption, which shall accrue on the exact number of days elapsed in each Determination Period preceding the Payment Date and on the mean daily Outstanding Balance of the Loans serviced during that Determination Period. If BBVA should be replaced in that servicing task, the Management Company will be entitled to change the above percentage fee for the new Servicer, which may be in excess of that agreed with BBVA. The servicing fee will be paid on the relevant Payment Date provided that the Fund has sufficient liquidity in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

If the Fund should, through its Management Company, due to a shortage of liquidity in the Fund Priority of Payments, fail to pay on a Payment Date the full fee due to the Servicer, the overdue amounts shall accumulate without any penalty whatsoever on the fee payable on the following Payment Dates, until fully paid.

Furthermore, on each Payment Date, the Servicer shall be entitled to reimbursement of all Loan servicing and management expenses of an exceptional nature incurred, such as in connection with legal and/or recovery actions, including procedural expenses and costs, or managing and overseeing the sale of assets or properties awarded to the Fund, after first justifying the same. Those expenses will be paid whenever the Fund has sufficient liquidity and in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.
