RISK FACTORS

1

Risks derived from the Issuer's legal nature and operations.

a) Nature of the Fund and obligations of the Management Company.

BBVA-9 PYME FONDO DE TITULIZACIÓN DE ACTIVOS (the “Fund” and/or the “Issuer”) is a separate closed-end fund devoid of legal personality and is managed by a management company, EUROPEA DE TITULIZACIÓN, S.A., SOCIEDAD GESTORA DE FONDOS DE TITULIZACIÓN (the “Management Company” or “EUROPEA DE TITULIZACIÓN”), in accordance with Royal Decree 926/1998, May 14, regulating asset securitisation funds and securitisation fund management companies, as currently worded (“Royal Decree 926/1998”). The Fund shall be liable only for its obligations to its creditors with its assets.

The Management Company shall discharge for the Fund the functions attributed to it in Royal Decree 926/1998, which include enforcing Bondholders' interests as the manager of third-party portfolios. There shall be no syndicate of bondholders. Therefore, the capacity to enforce Bondholders' interests shall depend on the Management Company's means.

b) Forced substitution of the Management Company.

In accordance with article 19 of Royal Decree 926/1998, where the Management Company is adjudged insolvent or has its licence to operate as a securitisation fund management company revoked by the Comisión Nacional del Mercado de Valores (*National Securities Market Commission*) (the “CNMV”), it shall find a substitute management company. In any such event, if four months should have elapsed from the occurrence determining the substitution and no new management company should have been found willing to take over management, the Fund shall be liquidated early and the Bonds issued by the same shall be redeemed, in accordance with the provisions of the Deed of Constitution and of this Prospectus.

c) Limitation of actions.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against Loan Obligors who may have defaulted on their payment obligations or against the Originator. Any such recourse may be used by the Management Company, representing the Fund.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against the Fund or against the Management Company in the event of non-payment of amounts due by the Fund resulting from the existence of Loan default or, as the case may be, prepayment, a breach by the Originator of its obligations or by the counterparties to the transactions entered into for and on behalf of the Fund, or shortfall of the financial hedging transactions for servicing the Bonds in each Series.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against the Management Company other than as derived from breaches of its duties or inobservance of the provisions of the Deed of Constitution and of this Prospectus. Those actions shall be resolved in the relevant ordinary declaratory proceedings depending on the amount claimed.

d) Applicability of the Bankruptcy Act.

Both BANCO BILBAO VIZCAYA ARGENTARIA, S.A. (the “Originator” or “BBVA”) and the Management Company may be declared insolvent.

Pursuant to Additional Provision 5 of Act 3/1994, April 14, adapting Spanish laws in the matter of Credit Institutions to the Second Banking Coordination Directive and introducing other financial system changes, as currently worded (“Act 3/1994”), the assignment to the Fund of the Mortgage Loan receivables by issuing Pass-Through Certificates and of the Non-Mortgage Loan receivables can only be rescinded or contested as provided for in article 71 of Bankruptcy Act 22/2003, July 9, as currently worded (the “Bankruptcy Act”) by the receivers, who shall have to prove the existence of fraud.

Notwithstanding that, in the event that the public deed of constitution should be deemed to satisfy the requirements set in Additional Provision 3 of Act 1/1999, January 5, the assignment to the Fund of the Non-Mortgage Loan receivables could be liable to be rescinded in accordance with the general system provided for under article 71 of the Bankruptcy Act, paragraph 5 of which specifically provides that transactions made at arm's length in the Originator's ordinary course of business cannot be rescinded under any circumstances. There is no case law on the subject.

In the event of the Originator being decreed to be insolvent, the monies received by the Originator, as Servicer, and held by the same on behalf of the Fund before the date on which insolvency is decreed, might, given their nature as a fungible asset, be earmarked for the outcome of the insolvency proceedings, based on the most widespread construction of articles 80 and 81 of the Bankruptcy Act.

Certain means are nevertheless in place mitigating that risk, as described in sections 3.4.4.1 (Treasury Account), 3.4.5 (Collection by the Fund of payments in respect of the assets) and 3.7.2.1(2) (Collection Management) of the Building Block.

In the event of insolvency of the Management Company, it must be replaced by another management company in accordance with the provisions of article 19 of Royal Decree 926/1998.

2 Risks derived from the securities.

a) Issue Price.

The Bond Issue is made with the intention of being fully subscribed for by the Originator in order to have liquid assets available which may be used as security for Eurosystem transactions or be subsequently sold in the market, and, consequently, the terms of the Bond Issue are not an estimate of the prices at which those instruments could be sold in the secondary market or of the Eurosystem's valuations in due course for the purpose of using them as security instruments in its lending transactions to the banking system.

b) Liquidity.

As set out in the preceding section, the Originator will fully subscribe for the Bond Issue and, even in the event that the Bond Issue should hereafter be fully or partially disposed of, there is no assurance that the Bonds will be traded on the market with a minimum frequency or volume.

In addition, there is no undertaking that any institution will be involved in secondary trading, giving the Bonds liquidity by offering consideration.

Moreover, the Fund may in no event repurchase the Bonds from Bondholders. Nevertheless, the Bonds may be fully subject to early amortisation in the event of Early Liquidation of the Fund, on the terms laid down in section 4.4.3 of the Registration Document.

c) Yield and duration.

Calculation of the yield (internal rate of return), duration and average life of the Bonds in each Series contained in section 4.10 of the Securities Note is subject, inter alia, to assumed Loan prepayment and delinquency rates that might not be fulfilled, and to future market interest rates, given the floating nature of the Nominal Interest Rate of each Series.

d) Late-payment interest.

Late interest payment or principal repayment to Bondholders in any Series shall under no circumstances result in additional or late-payment interest accruing to their favour.

e) Subordination of the Bonds.

Series B Bond interest payment and principal repayment is deferred with respect to Series A Bonds. There is however no assurance whatsoever that these subordination rules shall protect Series A Bondholders from the risk of loss.

The first partial amortisation of Series B Bonds shall occur once Series A Bonds have been fully amortised. Based on the assumptions made in section 4.10 of the Securities Note, Series B Bonds shall begin to be amortised on September 18, 2018, for a 3% Loan CPR; on June 18, 2018, for a 5% CPR, and on March 19, 2018, for a 7% CPR.

The subordination rules among the Series are established in the Priority of Payments and in the Liquidation Priority of Payments in accordance with section 3.4.6 of the Building Block.

f) Deferral of interest.

This Prospectus and the other supplementary documents relating to the Bonds provide for deferral of Series B Bond interest payment in the event of the circumstances provided for in section 3.4.6.2.1.2 of the Building Block occurring. Based on the assumptions made in section 4.10 of the Securities Note, this event would not occur.

g) Bond Rating.

The credit risk of the Bonds in each Series has been assessed by DBRS Ratings Limited and Standard & Poor's Credit Market Services Europe Limited, Sucursal en España (the "**Rating Agencies**").

The Rating Agencies may revise, suspend or withdraw the final ratings assigned to each Series at any time, based on any information that may come to their notice.

These ratings are not and cannot therefore be howsoever construed as an invitation, recommendation or encouragement for investors to proceed to carry out any transaction whatsoever on the Bonds and, in particular, acquire, keep, charge or sell those Bonds.

h) Ratings not confirmed.

The Rating Agencies' failure to confirm the provisional ratings given to the Bonds in each Series by 3pm (CET) on December 27, 2012 shall be an event of termination of the establishment of the Fund and the Bond Issue.

3 Risks derived from the assets backing the issue.

a) Risk of default on the Loans.

Bondholders in each Series shall distinctly bear the risk of default on the Loans pooled in the Fund.

BBVA, as Originator, shall have no liability whatsoever for the Obligors' default of principal, interest or any other Loan amount they may owe. Under article 348 of the Commercial Code, BBVA shall be liable to the Fund exclusively for the existence and lawfulness of the Loans, and for the personality with which the issue of the Mortgage Loan Pass-Through Certificates and the assignment of the Non-Mortgage Loan receivables will be made. BBVA will have no liability whatsoever to directly or indirectly guarantee that the transaction will be properly performed nor give any guarantees or security, nor indeed agree to repurchase the Non-Mortgage Loan receivables or the Pass-Through Certificates, other than the undertakings contained in section 2.2.9 of the Building Block regarding substitution or redemption of Non-Mortgage Loan receivables or Pass-Through Certificates failing to conform, upon the Fund being established, to the representations given in section 2.2.8 of the Building Block.

b) Limited Liability.

The Bonds issued by the Fund neither represent nor constitute an obligation of BBVA or the Management Company. No other guarantees have been granted by any public or private organisation whatsoever, including BBVA, the Management Company and any of their subsidiary or affiliated companies.

c) Limited Hedging.

A high level of delinquency of the Loans might reduce or indeed exhaust the limited hedging against Loan losses that the Bonds in each Series distinctly have as a result of the existence of the credit enhancement transactions described in section 3.4.2 of the Building Block.

The degree of subordination in interest payment and principal repayment between the Bonds in each Series derived from the Priority of Payments and the Liquidation Priority of Payments is a mechanism for distinctly hedging the Series.

d) Loan prepayment risk.

There will be a prepayment of the Loans when the Obligors prepay the portion of capital pending maturity, or in the event that BBVA should be substituted in the relevant Loans by any other financial institution licensed to do so, or in any other event having the same effect.

That prepayment risk shall pass quarterly on each Payment Date to Bondholders upon partial amortisation of the Bonds, as provided for in the terms for amortisation of each Series and in the rules for Distribution of Available Funds for Amortisation on each Payment Date contained in sections 4.9.2 and 4.9.3.5 of the Securities Note.

e) Geographical concentration.

The number of selected loans at November 21, 2012 to be assigned to the Fund upon being established with obligors domiciled in Catalonia (19.26% in terms of outstanding balance), the Community of Madrid (12.41% in terms of outstanding balance), the Basque Country (12.07% in terms of outstanding balance) and the Valencian Community (11.84% in terms of outstanding balance) is 1,818 (51.04% of the total loans) and their outstanding balance amounts to EUR 301,992,531.70 (55.58% of the total), as detailed in section 2.2.2.q) of the Building Block.

Given this concentration level, any circumstance whatsoever having a substantial adverse effect on these Autonomous Communities could affect payments of the Loans backing the Bond Issue.

f) Selected loan origination date concentration.

Selected portfolio loans originated in the years 2010 and 2011 and in the first six months of 2012 respectively account for 12.50%, 41.38% and 28.65% (jointly 82.53%), in terms of outstanding balance, of the total selected portfolio. Given how recent the loans arranged in those years are, and based on experience, it must be presumed that their delinquency rate shall not yet have attained their highest value, and it is therefore still possible for the Loan delinquency rate to go up in the coming months. The weighted average age of the portfolio is 22.39 months at November 21, 2012, the portfolio selection date.

g) Sector concentration.

Out of the loans selected at November 21, 2012 to be assigned to the Fund upon being established, 16.22%, in terms of outstanding balance, have obligors whose business (Spanish Business Activity Code *CNAE*) is comprised within the building and real estate sectors (*CNAEs* 41, 43 and 68). Out of the selected loans, 16.83%, in terms of outstanding balance, is comprised within the wholesale trade and trade intermediaries and retail trade sectors (*CNAEs* 46 and 47) and 4.62%, in terms of outstanding balance, is comprised within the manufacture of metallic products, other than machinery and equipment sector (*CNAE* 25).

Given these concentration levels, any circumstance whatsoever having a material adverse effect on such activities could affect payments of the Loans backing the Bond Issue.

h) Mortgage security.

Selected portfolio loans selected at November 21, 2012 with real estate security account for 36.85%, in terms of outstanding balance, of that portfolio.

Selected mortgage loans with security consisting of urban and rustic land account for 11.45%, in terms of outstanding balance, of the selected mortgage loans. Selected mortgage loans with security consisting of residential properties and parking spaces and lumber rooms account for 22.20%, in terms of outstanding balance, of the selected mortgage portfolio, the rest being industrial warehouses (33.92%) and business premises and offices (32.42%).

Selected mortgage loans with security consisting of residential properties and parking spaces and lumber rooms with a ratio, expressed as a percentage, of the outstanding balance at November 21, 2012 to the appraisal value of the mortgaged properties adjusted, as the case may be, pro rata to the current balance of the mortgage loan with respect to the total current balance of all equally ranked mortgage loans sharing the same mortgage security (the "LTV") in excess of 80% account for 1.64%, in terms of outstanding balance, of the selected portfolio.

Selected mortgage loans with security other than residential properties and parking spaces and lumber rooms with an LTV at November 21, 2012 in excess of 60% account for 7.79%, in terms of outstanding balance, of the selected portfolio.

i) Selected loan repayment system and principal repayment exclusion.

As detailed in section 2.2.2.i) of the Building Block, the selected loans at November 21, 2012 to be assigned to the Fund upon being established with a repayment system consisting of an only payment at maturity (bullet loans) account for 10.80%, in terms of outstanding balance, of the selected loans. Additionally, 6.68%, in terms of outstanding balance, of the selected loans are loans with a last repayment instalment accounting for more than 25% of the outstanding balance at November 21, 2012.

Out of the selected loans, 15.34%, in terms of outstanding balance, have a principal repayment exclusion period at November 21, 2012. The possibility of applying for subsequent principal repayment exclusion other than as set out above is not provided for. The average principal repayment exclusion period of the selected loans is 10.33 months weighted by the outstanding balance at that date. There is no loan with an interest-free period.

j) Concentration by Obligor and Obligor Group and type of business of the Obligor.

The sum of the outstanding balance at November 21, 2012 for the ten business groups weighing most in the selected portfolio accounts for 6.50% of the selected portfolio outstanding balance, as opposed to 18.00% of the Bond Issue which the Initial Cash Reserve accounts for.

As for the business sector of the ten business groups weighing most in the selected loan portfolio at November 21, 2012, 2.98%, in terms of outstanding balance, of the selected loans are comprised within the building and accommodation services sectors (CNAEs 41 and 55).

The outstanding balance of each business group given therein is the result of the sum of the outstanding balance of each of the selected loans granted to the business group proper.

k) Intended use of the loans.

Out of the selected loan portfolio at November 21, 2012, 39.98%, in terms of outstanding balance, are intended to be used for project funding (including ICO loans and facilities - 39.12%, in terms of outstanding balance, of the selected loans) and 16.32%, in terms of outstanding balance, are intended for other purpose (loans under agreements and treaties with Autonomous Communities and Public Sector). Real estate developer financing for purchasing land is not excluded.

BBVA's databases contain no further details on the two intended uses referred to in the preceding paragraph.

l) Ranking of the collateral.

The selected loans with real estate mortgage security as at November 21, 2012 account for 36.85%, in terms of outstanding balance, of the selected loans, and the mortgages are all registered as senior mortgages or, as the case may be, as junior mortgages although BBVA has documents supporting cancellation of the debts originated by previous mortgages, which are yet to be struck off the register. BBVA has reported in the special accounting record for mortgage loans and credits provided for in Schedule I to Royal Decree 716/2009 that the mortgage ranks first.

BBVA makes no distinction in its databases between mortgages entered as senior ranking mortgages and mortgages where the debts originated by previous mortgages have been cancelled.

BBVA shall, as Servicer, in mortgage foreclosure events, where the Land Registry contains entries regarding the real estate secured with the mortgage under which action is taken in respect of mortgages senior to the latter mortgage which however have been repaid, previously to or upon the action being brought, do all such things as shall be appropriate at law and in court in order for the Land Registry to match the legal reality outside the Registry. In the event that the relevant documents are available, then the procedure shall be as provided for in article 40 and in Title IV of the Mortgage Act, and the procedure shall otherwise be as provided for in article 209 of that Act.

m) Damage insurance.

The public deeds originating the Mortgage Loans provide that until the latter are fully repaid the Obligor is bound to have the mortgaged properties insured against the risk of fire and other damages during the contract term, at least satisfying the minimum requirements laid down by the mortgage market laws in force for the time being, but the validity of such damage insurance is not supported in the Originator's databases. In this connection, BBVA has reported in the special accounting record for mortgage loans and credits provided for in Schedule I to Royal Decree 716/2009 that 100% of the selected Mortgage Loans do not cover the mortgaged asset with damage insurance.

n) Applicable maximum nominal interest rates.

Out of the loans selected at November 21, 2012 to be assigned to the Fund upon being established, 19.38%, in terms of outstanding balance, are applied a maximum nominal interest rate set at between 9% and 31%.

4.4 Date of incorporation and existence of the Issuer.

4.4.1 Date of establishment of the Fund.

The Management Company and BBVA, as Originator of the Loan receivables, shall proceed to execute on December 24, 2012 a public deed whereby BBVA-9 PYME FONDO DE TITULIZACIÓN DE ACTIVOS will be established, BBVA will assign to the Fund Non-Mortgage Loan receivables and Mortgage Loan receivables, the latter by issuing Pass-Through Certificates, and the Fund will issue the Asset-Backed Bonds (the "**Deed of Constitution**"), on the terms provided in article 6 of Royal Decree 926/1998.

The Management Company represents that the contents of the Deed of Constitution shall match the draft Deed of Constitution it has submitted to the CNMV and the terms of the Deed of Constitution shall at no event contradict, change, alter or invalidate the contents of this Prospectus, notwithstanding the need to complete the respective details and amounts of the Non-Mortgage Loan receivables and of the Mortgage Loan Pass-Through Certificates to be respectively assigned or issued and subscribed for under the Deed of Constitution.

As provided for in article seven of Investment Trusts and Companies System and Mortgage Securitisation Funds Act 19/1992, July 7, as currently worded ("**Act 19/1992**"), the Deed of Constitution may be amended, upon request by the Management Company.

4.4.2 Existence of the Fund.

The Fund shall commence its operations on the date of execution of the Deed of Constitution.

The Fund shall be in existence until December 18, 2044 or the following Business Day if that is not a Business Day (the "**Final Maturity Date**"), unless there should previously have been an Early Liquidation as set forth in section 4.4.3 of this Registration Document or any of the events laid down in section 4.4.4 of this Registration Document should occur.

4.4.3 Early Liquidation of the Fund.

4.4.3.1 Following notice served on the CNMV, the Management Company shall be entitled to proceed to early liquidation (“**Early Liquidation**”) of the Fund and thereby early amortisation of the entire Bond Issue (“**Early Amortisation**”) on a date which could be different from a Payment Date and in any of the following events (the “**Early Liquidation Events**”):

(i) When the amount of the Outstanding Balance of the Loans yet to be repaid is less than ten (10) percent of the initial Outstanding Balance of the Loans upon the Fund being established, and provided that the Bond payment obligations in each Series then outstanding may be honoured and settled in full in the Liquidation Priority of Payments.

Bond payment obligations in each Series on the Early Liquidation date of the Fund shall at all events be deemed to be the Outstanding Principal Balance of the Series on that date plus interest accrued and not paid until that date, which amounts shall be deemed to be due and payable on that date to all statutory intents and purposes.

(ii) Where, in any event or circumstance whatsoever unrelated to the Fund’s operations, a substantial alteration occurs or the financial balance of the Fund is permanently damaged, as provided for in article 11.b) of Royal Decree 926/1998. This event includes such circumstances as the existence of any change in the law or supplementary implementing regulations, the establishment of withholding obligations or other situations which might permanently affect the financial balance of the Fund.

(iii) Mandatorily, in the event that the Management Company should be adjudged insolvent and/or have its licence to operate as a securitisation fund management company revoked by the CNMV, and a period of four months should elapse without a new management company being designated in accordance with the provisions of section 3.7.1.3 of the Building Block to this Prospectus.

(iv) If the Management Company should have the express consent and acceptance of all Bondholders in each Series and existing lenders and other Fund creditors, as regards both payment of amounts resulting from, and the procedure for, Early Liquidation.

(v) When a default occurs indicating a major permanent imbalance in relation to any of the Bonds issued or that it is about to occur.

(vi) Upon the lapse of forty-two (42) months from the date of the last maturity of the Loans, even if amounts are still due and payable thereon.

4.4.3.2 The following requirements shall have to be satisfied to proceed to that Early Liquidation of the Fund:

(i) That Bondholders be given not less than fifteen (15) Business Days’ notice, as prescribed in section 4.1.3.2 of the Building Block, of the Management Company’s resolution to proceed to Early Liquidation of the Fund.

(ii) That the Management Company previously advise the CNMV and the Rating Agencies of the notice referred to in the preceding paragraph.

(iii) The notice of the Management Company’s resolution to proceed to Early Liquidation of the Fund shall contain a description of (i) the event or events triggering Early Liquidation of the Fund, (ii) the liquidation procedure, and (iii) how the Bond payment obligations are to be honoured and settled in the Liquidation Priority of Payments.

4.4.3.3 In order for the Fund, through its Management Company, to proceed to Early Liquidation of the Fund and Early Amortisation of the Bond Issue, the Management Company shall, for and on behalf of the Fund:

(i) Proceed to sell the Loan receivables remaining in the Fund at a reasonable market price, initially not less than the sum of the principal then outstanding plus interest due or accrued and not paid on the relevant Loans, subject to the provisions of paragraph (iv) below.

- (ii) Proceed to terminate such agreements as are not necessary for the Fund liquidation procedure.
- (iii) Be entitled to arrange a loan, which shall be fully allocated to early amortisation of the Bonds in the outstanding Series. Financial expenses due shall be paid and loan principal shall be repaid in accordance with the Liquidation Priority of Payments.
- (iv) Finally, both due to the preceding actions falling short and the existence of Loan receivables or other remaining assets of the Fund, the Management Company shall proceed to sell them, to which end it shall invite a bid from at least five (5) entities who may, in its view, give a reasonable market value in Early Liquidation Events other than (i) and (iv) of section 4.4.3.1 above. The Management Company shall be bound to accept the best bid received for the Loans or other remaining assets on offer. In order to set the reasonable market value, the Management Company may secure such valuation reports as it shall deem necessary.

However, in (i) and (iv) above, the Originator shall have a pre-emptive right and will therefore have priority over third parties to voluntarily acquire the Loan receivables or other assets still on the assets of the Fund, and in (iii) above the Originator shall have priority to grant to the Fund, as the case may be, the loan designed for early amortisation of the Bonds in the outstanding Series. In relation to (iv) above, the Management Company shall send the Originator a list of the Loans or other remaining assets and of third-party bids received, if any, and the latter may use that right for all of the Loans or other assets offered by the Management Company within ten (10) Business Days of receiving said notice, and provided that its bid is at least equal to the best of the third-party bids, if any. The Originator shall notify the Management Company that the exercise of the pre-emptive right was subject to its usual revision procedures and that the exercise of the right is not designed to implicitly support securitisation.

- 4.4.3.4 The Management Company shall forthwith apply all the proceeds from the sale of the Fund's assets to paying the various items, in such manner, amount and order as shall be requisite in the Liquidation Priority of Payments, other than the amounts, if any, drawn under the loan arranged for early amortisation of the Bonds, which shall be applied to honouring their payment obligations.

4.4.4 Termination of the Fund.

The Fund shall terminate in any case, after completing the relevant legal procedure, in the following events:

- (i) Upon the Loans pooled therein being fully repaid.
- (ii) Upon the Bonds issued being fully amortised.
- (iii) When the Early Liquidation procedure established in section 4.4.3 above is over.
- (iv) At all events, upon final liquidation of the Fund on the Final Maturity Date on December 18, 2044 or the following Business Day if that is not a Business Day.
- (v) Upon the establishment of the Fund terminating in the event that the Rating Agencies should not confirm any of the provisional ratings assigned to each Bond Series as final ratings by 3pm (CET) on December 27, 2012. In this event, the Management Company shall terminate the establishment of the Fund, the assignment of the Non-Mortgage Loan receivables, the subscription for the Pass-Through Certificates and the Bond issue.

In that case, termination of the establishment of the Fund shall be notified to the CNMV as soon as such is confirmed, and shall be publicised by means of the procedure specified in section 4.1.3.2 of the Building Block. Within not more than one month after the occurrence of the event of termination, the Management Company shall execute a statutory declaration before a notary public declaring that the Fund's obligations have been settled and terminated and that the Fund has terminated. Notwithstanding the above, the Fund Management Company shall defray the Fund set-up and Bond issue expenses payable out of the Start-Up Loan, and the Start-Up Loan agreement shall not be terminated but shall rather be cancelled after those amounts are settled, principal repayment being

subordinated to fulfilment of all other obligations undertaken by the Management Company, acting for and on behalf of the Fund.

In the event that there should be any remainder upon the Fund being liquidated and after making all payments to the various creditors by distributing the Liquidation Available Funds in the Liquidation Priority of Payments, that remainder shall be for the Originator on the liquidation terms established by the Management Company. If that remainder is not a liquid amount, since relating to Loan receivables that are pending the outcome of court or out-of-court proceedings instituted as a result of default by the Loan Obligor, both their continuation and the proceeds of their termination shall be for the Originator.

Starting three (3) months after liquidation of the Fund's remaining assets and distribution of the Liquidation Available Funds, the Management Company shall proceed to terminate the Fund and strike it off the relevant administrative registers and shall execute a statutory declaration before a notary public declaring (i) that the Fund has terminated, and the events prompting its termination, (ii) as the case may be, how Bondholders and the CNMV were notified, and (iii) how the Liquidation Available Funds were distributed in the Liquidation Priority of Payments; this shall be the subject of an extraordinary notice and all other appropriate administrative procedures will be observed. The Management Company will submit that statutory declaration to the CNMV.

4.7 Description of the rights attached to the securities.

The economic and financial rights for Bondholders associated with acquiring and holding the Bonds shall be, for each Series, as derived from the terms as to interest rate, yields and redemption terms on which they are to be issued and given in sections 4.8 and 4.9 of this Securities Note. In accordance with the laws in force for the time being, the Bonds subject of this Securities Note shall vest the investor acquiring the same in no present and/or future political rights in and to the Fund.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against Loan Obligors who may have defaulted on their payment obligations or against the Originator. Any such rights shall lie with the Management Company, representing the Fund.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against the Fund or against the Management Company in the event of non-payment of amounts due by the Fund resulting from the existence of default or in the event of Loan prepayment, a breach by the Originator of its obligations as such or as counterparty to the transactions entered into for and on behalf of the Fund, or shortfall of the financial hedging transactions for servicing the Bonds in each Series.

Bondholders and all other creditors of the Fund shall have no recourse against the Management Company other than as derived from a breach of its duties or inobservance of the provisions of this Prospectus and the Deed of Constitution. Those actions shall be resolved in the relevant ordinary declaratory proceedings depending on the amount claimed.

All matters, disagreements, actions and claims deriving from the Management Company's establishing the Fund, managing and being the authorised representative of the Fund and the Bond Issue by the same shall be heard and ruled upon by the competent Spanish Courts and Tribunals in the city of Madrid.

4.8 Nominal interest rate and provisions relating to interest payable.

4.8.1 Bond nominal interest rate.

The Bonds in each Series shall, from the Closing Date until they mature fully, accrue yearly nominal interest, floating and payable quarterly, which shall be the result of applying the policies established hereinafter for each Series.

The resultant yearly nominal interest rate (hereinafter the "**Nominal Interest Rate**") for each Series shall be payable quarterly in arrears on each Payment Date or on the liquidation date on the Outstanding Principal Balance of the Bonds in each Series on the preceding Determination Date, provided that the Fund has sufficient liquidity in the Priority of Payments or in the Liquidation Priority of Payments, as the case may be.

Withholdings, interim payments and taxes established or to be established in the future on Bond principal, interest or returns shall be borne exclusively by Bondholders, and their amount, if any, shall be deducted by the Management Company, for and on behalf of the Fund, or through the Paying Agent, as provided by law.

4.8.1.1 Interest accrual.

For interest accrual purposes, the duration of each Bond Series shall be divided into successive interest accrual periods (the "**Interest Accrual Periods**") comprising the exact number of days elapsed between every two consecutive Payment Dates, each Interest Accrual Period including the beginning Payment Date but not including the ending Payment Date. Exceptionally,

- (i) the duration of the first Interest Accrual Period shall be equivalent to the exact number of days elapsed between the Closing Date, December 28, 2012, inclusive, and the first Payment Date, March 18, 2013, exclusive, and
- (i) the duration of the last Interest Accrual Period shall be equivalent to the exact number of days elapsed between the last Payment Date prior to Fund liquidation, inclusive, and the liquidation date, exclusive.

The Nominal Interest Rate shall accrue on the exact number of days in each Interest Accrual Period for which it was determined, calculated based upon a 360-day year.

4.8.1.2 **Nominal Interest Rate.**

The Nominal Interest Rate applicable to the Bonds in each Series and determined for each Interest Accrual Period shall be the result of adding:

- (i) the Reference Rate, as established in the following section, and
- (ii) a margin for each Series as follows:
 - **Series A:** 0.30% margin.
 - **Series B:** 0.50% margin.

The resultant Nominal Interest Rate shall be expressed as a percentage to three decimal spaces rounding off the relevant number to the nearest thousandth, rounding up when equidistant.

4.8.1.3 **Reference Rate and determining the same.**

The reference rate ("**Reference Rate**") for determining the Nominal Interest Rate applicable to each Bond Series is as follows:

- i) Other than for the first Interest Accrual Period, three- (3-) month Euribor, "Euro Interbank Offered Rate", calculated and distributed by the BRIDGE financial information system under an FBE ("Fédération Bancaire de l'Union Européenne") mandate, set at 11am (CET or "Central European Time") on the Interest Rate Fixing Date established in section 4.8.1.4 below, which is currently published on electronic page EURIBOR01 supplied by Reuters, or any other page taking its stead in providing these services.

Exceptionally, the Reference Rate for the first Interest Accrual Period shall be three- (3-) month Euribor, set at 11am (CET) on the Business Day preceding the Closing Date.

Euribor definitions approved by the FBE and the Financial Markets Association (ACI) supplementing the current definition of Euribor shall be considered included for the purpose of the Euribor Reference Rate without having to amend these Reference Rate terms or have the Management Company notify Bondholders.

- ii) In the event that the rate established in (i) above should not be available or be impossible to obtain, the substitute Reference Rate shall be the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable three- (3-) month deposit transactions in Euros in an amount equivalent to the Outstanding Principal Balance of the Bond Issue, declared by four (4) prime banks in the Euro zone, following a simultaneous request to each of their headquarters by the Paying Agent as soon as possible after 11am (CET) on the Interest Rate Fixing Date.

Exceptionally, the substitute Reference Rate for the first Interest Accrual Period shall be the rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable three- (3-) month deposit transactions in Euros, declared by the banks as provided for in paragraph one above, following a simultaneous request to each of their headquarters by the Paying Agent as soon as possible after 11am (CET) on the Business Day preceding the Closing Date.

The resultant Nominal Interest Rate shall be expressed as a percentage to three decimal places rounding off the relevant number to the nearest thousandth, rounding up when equidistant.

Should it be impossible to apply the above substitute Reference Rate, upon the failure by any or several of the banks to provide written quotations as provided for in paragraphs one and two of this section, the interest rate resulting from applying the simple arithmetic mean of the interest rates declared by at least two of the other banks shall be applicable.

- iii) If the rates established in i) and ii) above should not be available or be impossible to obtain, the last Reference Rate or substitute Reference Rate applied to the next preceding Interest Accrual Period shall apply, and so on for subsequent Interest Accrual Periods whilst matters remain the same. For the

first Interest Accrual Period, three- (3-) month Euribor available immediately before 11am (CET) on the Business Day preceding the Closing Date shall be applied, calculated and distributed as described in the first paragraph of i) above.

On each Interest Rate Fixing Date, the Paying Agent shall notify the Management Company of the Reference Rate determined in accordance with i), ii) and iii) above. The Management Company shall keep the listings and supporting documents on which the Paying Agent shall notify it the Reference Rate determined.

4.8.1.4 Interest Rate Fixing Date.

The Management Company shall, for and on behalf of the Fund, determine the Nominal Interest Rate applicable to each Bond Series for every Interest Accrual Period as provided for in sections 4.8.1.2 and 4.8.1.3 above, on the second Business Day preceding each Payment Date (the “**Interest Rate Fixing Date**”), and it will apply for the following Interest Accrual Period.

Exceptionally, the Management Company shall determine the Nominal Interest Rate applicable to each Bond Series for the first Interest Accrual Period as provided for in sections 4.8.1.2 and 4.8.1.3 above, on the Business Day preceding the Closing Date, and shall notify the same in writing on the same day to the Subscriber. The Management Company will also notify this to the Paying Agent, AIAF and Iberclear.

The Nominal Interest Rates determined for each Bond Series for subsequent Interest Accrual Periods shall be communicated to Bondholders within the deadline and in the manner for which provision is made in section 4.1.1.a) of the Building Block.

4.8.1.5 Formula for calculating interest.

Interest settlement for each Series, payable on each Payment Date or on the liquidation date for each Interest Accrual Period, shall be calculated for each Series in accordance with the following formula:

$$I = P \times \frac{R}{100} \times \frac{d}{360}$$

Where:

I = Interest payable on a given Payment Date or on the liquidation date.

P = Outstanding Principal Balance of the Series at the Determination Date preceding the Payment Date or on the liquidation date.

R = Nominal Interest Rate of the Series expressed as a yearly percentage.

d = Exact number of days in each Interest Accrual Period.

4.8.2 Dates, place, institutions and procedure for paying interest.

Interest on the Bonds in each Series shall be paid until finally amortised by Interest Accrual Periods in arrears on March 18, June 18, September 18 and December 18 in each year, or the following Business Day if any of those is not a Business Day (each of those dates, a “**Payment Date**”) or on the liquidation date, and interest for the then-current Interest Accrual Period will accrue until the relevant Payment Date or the liquidation date, not inclusive, on the terms established in section 4.8.1.2 of this Securities Note.

The first interest Payment Date for the Bonds in each Series shall be March 18, 2013, and interest will accrue at the applicable Nominal Interest Rate between the Closing Date, December 28, 2012, inclusive, and March 18, 2013, exclusive.

In this Bond Issue, business days (“**Business Days**”) shall be deemed to be all days other than a:

- public holiday in the city of Madrid, or
- non-business day in the TARGET 2 calendar (or future replacement calendar).

Both interest resulting for Bondholders in each Series and the amount, if any, of interest accrued and not paid, shall be notified to Bondholders as described in section 4.1.1.a) of the Building Block, at least one (1) calendar day in advance of each Payment Date or the liquidation date.

Interest accrued on the Bonds in each Series shall be paid on each Payment Date provided that the Fund has sufficient liquidity to do so in the Priority of Payments or upon Liquidation of the Fund in the Liquidation Priority of Payments, as the case may be.

In the event that on a Payment Date the Fund should be unable to make full or partial payment of interest accrued on the Bonds in either Series, in the Priority of Payments, unpaid amounts shall be accumulated on the following Payment Date to interest in the actual Series, if any, which should be paid on that same Payment Date, and will be paid in the Priority of Payments and applied by order of maturity if it should be impossible once again not to pay the same fully due to a shortfall of Available Funds.

Overdue interest amounts shall not earn additional or late-payment interest and shall not be accumulated to the Outstanding Principal Balance of the Bonds in the relevant Series.

The Fund, through its Management Company, may not defer Bond interest payment beyond December 18, 2044, the Final Maturity Date, or the following Business Day if that is not a Business Day.

The Bond Issue shall be serviced through the Paying Agent, to which end the Management Company shall, for and on behalf of the Fund, enter into a Paying Agent Agreement with BBVA, as established in section 5.2.1 of this Securities Note.

4.9 Maturity date and amortisation of the securities.

4.9.1 Bond redemption price.

The redemption price of the Bonds in each Series shall be EUR one hundred thousand (100,000) per Bond, equivalent to 100 percent of their face value, payable as established in section 4.9.2 below.

Each and every one of the Bonds in a same Series shall be amortised in an equal amount by reducing the face amount of each of the Bonds.

4.9.2 Characteristics specific to the amortisation of each Bond Series.

4.9.2.1 Amortisation of Series A Bonds.

Series A Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series A, in accordance with the rules for Distribution of Available Funds for Amortisation given in section 4.9.3.5 below, prorated between the Bonds in Series A proper by reducing the face amount of each Series A Bond.

The first partial amortisation of Series A Bonds shall occur on the first Payment Date, March 18, 2013, in accordance with the rules for Distribution of Available Funds for Amortisation.

Final amortisation of Series A Bonds shall occur on the Final Maturity Date (December 18, 2044 or the following Business Day if that is not a Business Day), notwithstanding their full amortisation before that date due to the partial amortisation for which provision is made and that the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.2.2 Amortisation of Series B Bonds.

Series B Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series B in accordance with the rules for Distribution of Available Funds for

Amortisation given in section 4.9.3.5 below, prorated between the Bonds in Series B proper by reducing the face amount of each Series B Bond.

The first partial amortisation of Series B Bonds shall occur once Series A Bonds have been fully amortised.

Final amortisation of Series B Bonds shall occur on the Final Maturity Date (December 18, 2044 or the following Business Day if that is not a Business Day), notwithstanding possible full amortisation before that date due to the partial amortisation for which provision is made or because the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.3 **Partial amortisation of the Bonds in each Series.**

Irrespective of the Final Maturity Date and subject to Early Amortisation of the Bond Issue in the event of Early Liquidation of the Fund, the Fund shall, through its Management Company, proceed to partial amortisation of the Bonds in each Series on each Payment Date other than the Final Maturity Date or upon Early Liquidation of the Fund on the specific amortisation terms for each Series established in sections 4.9.2.1 and 4.9.2.2 of this Securities Note and on the terms described hereinafter in this section common to both Series.

4.9.3.1 **Determination Dates and Determination Periods.**

Determination dates (the “**Determination Dates**”) will be the dates falling on the fifth (5th) Business Day preceding each Payment Date on which the Management Company on behalf of the Fund will make all necessary calculations to distribute or withhold the Available Funds and the Available Funds for Amortisation which the Fund shall dispose of on the relevant Payment Date, in the Priority of Payments. The first Determination Date shall be March 11, 2013.

Determination periods (the “**Determination Periods**”) shall be periods comprising the exact number of days elapsed between every two consecutive Determination Dates, each Determination Period excluding the beginning Determination Date and including the ending Determination Date. Exceptionally:

- (i) the duration of the first Determination Period shall be equal to the days elapsed between the date of establishment of the Fund, inclusive, and the first Determination Date, March 11, 2013, inclusive, and
- (ii) the duration of the last Determination Period shall be equal to the days elapsed a) until the Final Maturity Date or the date on which Early Liquidation of the Fund concludes, as provided for in section 4.4.3 of the Registration Document, b) from the Determination Date preceding the Payment Date preceding the date referred to in a), not including the first date b) but including the last date a).

4.9.3.2 **Outstanding Principal Balance of the Bonds.**

The outstanding principal balance (the “**Outstanding Principal Balance**”) of a Series shall be the sum of the principal pending repayment (outstanding balance) at a date of all the Bonds in that Series.

By addition, the outstanding principal balance of the Bond Issue (the “**Outstanding Principal Balance of the Bond Issue**”) shall be the sum of the Outstanding Principal Balance of the two Series A and B making up the Bond Issue.

4.9.3.3 **Outstanding Balance of the Loans.**

The outstanding balance (the “**Outstanding Balance**”) of a Loan shall be the sum of the capital or principal not yet due and the capital or principal due and not paid into the Fund on the specific Loan at that date.

The outstanding balance of the Loans (the “**Outstanding Balance of the Loans**”) at a date shall be the sum of the Outstanding Balance of each and every one of the Loans at that date.

Delinquent Loans (the “**Delinquent Loans**”) shall be deemed to be Loans that at a date are delinquent with a period of arrears in excess of three (3) months in payment of overdue amounts, excluding Doubtful Loans. Non-delinquent Loans (the “**Non-Delinquent Loans**”) shall be deemed to be Loans that at a date are not deemed to be either Delinquent Loans or Doubtful Loans.

Doubtful Loans (the “**Doubtful Loans**”) shall be deemed to be Loans that are delinquent with a period of arrears equal to or greater than eighteen (18) months in payment of overdue amounts or classified as bad debts by the Management Company because there are reasonable doubts as to their full repayment based on indications or information received from the Servicer. Non-doubtful Loans (the “**Non-Doubtful Loans**”) shall be deemed to be Loans that are not deemed to be Doubtful Loans at a date.

4.9.3.4 **Amortisation Withholding and Available Funds for Amortisation on each Payment Date.**

On each Payment Date, the Available Funds shall be used in fourth (4th) place in the Priority of Payments for withholding the amount altogether designed for amortising the Bonds and without distinguishing among the Series (the “**Amortisation Withholding**”), in an amount equal to the positive difference, if any, at the Determination Date preceding the relevant Payment Date, between (i) the Outstanding Principal Balance of the Bond Issue, and (ii) the Outstanding Balance of Non-Doubtful Loans.

Depending on the liquidity existing on each Payment Date, the amount actually applied of the Available Funds to Amortisation Withholding shall constitute the available funds for amortisation (the “**Available Funds for Amortisation**”) and be applied in accordance with the Distribution of Available Funds for Amortisation established hereinafter in section 4.9.3.5 below.

4.9.3.5 **Distribution of Available Funds for Amortisation.**

The Available Funds for Amortisation on each Payment Date shall be sequentially applied (“**Distribution of Available Funds for Amortisation**”) firstly to amortising Series A until fully amortised and secondly to amortising Series B until fully amortised.

4.9.4 **Early Amortisation of the Bond Issue.**

Notwithstanding the Fund's obligation, through its Management Company, to proceed to final amortisation of the Bonds on the Final Maturity Date or partial amortisation of each Series before the Final Maturity Date, the Management Company shall, after first notifying the CNMV, be authorised to proceed, as the case may be, to Early Liquidation of the Fund and consequently Early Amortisation of the entire Bond Issue in the Early Liquidation Events and subject to the requirements established in section 4.4.3 of the Registration Document and subject to the Liquidation Priority of Payments.

4.9.5 **Final Maturity Date.**

The final maturity date (the “**Final Maturity Date**”) and consequently final amortisation of the Bonds is on December 18, 2044 or the following Business Day if that is not a Business Day, without prejudice to the Management Company, for and on behalf of the Fund, and in accordance with the provisions of sections 4.9.2 to 4.9.4 of this Securities Note, proceeding to amortise the Bond Series before the Final Maturity Date. Final amortisation of the Bonds on the Final Maturity Date shall take place subject to the Liquidation Priority of Payments.

4.10 **Indication of yield.**

The average life, yield, term and final maturity of the Bonds in each Series depend on several factors, most significant among which are the following:

- i) The repayment schedule and system of each Loan established in the relevant agreements.
- ii) The Obligors' capacity to prepay the Loans in whole or in part and the aggregate prepayment pace throughout the life of the Fund. In this sense, Loan prepayments by Obligors, subject to continual changes, and estimated in this Prospectus using several performance assumptions of the future effective constant annual early amortisation or prepayment rate (hereinafter also “**CPR**”), are very

significant and shall directly affect the pace at which Bonds are amortised, and therefore their average life and duration.

- iii) The floating interest rates which shall apply to most Loans, resulting in the repayment amount on every instalment differing.
- iv) The Obligors' delinquency and default in payment of Loan instalments.

The following assumed values have been used for the above-mentioned factors in calculating the amounts contained in the tables of this section:

- The Loan interest rate used for calculating the repayment instalments and interest of each of the selected loans is the interest rate for each selected loan at November 21, 2012;
- maintenance of the selected loan repayment systems at November 21, 2012, including, as the case may be, the selected principal repayment exclusion, and the due date of the instalments;
- Loan portfolio delinquency: 8.16% of the Outstanding Balance of the Loans -BBVA's consolidated group SME loan delinquency rate at September 30, 2012-, with 60.00% recoveries within 18 months of becoming delinquent (recovery ratio consistent with that observed by the Originator in SME loans), the remaining loans not recovered becoming doubtful;
- Loan portfolio doubtful rate: 3.26% per annum, with 40% yearly principal recovery of the Outstanding Balance of Doubtful Loans within 18 months of becoming doubtful (recovery ratio consistent with that observed by the Originator in SME loans); resulting in cumulative Loan portfolio doubtful rates from the establishment of the Fund with respect to the initial Outstanding Balance of the Loans upon the Fund being established: 4.54% for a 3% CPR; 4.03% for a 5% CPR; and 3.79% for a 7% CPR;
- that the Loan prepayment rate remains constant throughout the life of the Bonds;
- that the Bond Closing Date is December 28, 2012; and
- that there is no extension of the term or an interest rate renegotiation for any of the selected loans.

The actual adjusted duration and the yield or return on the Bonds will also depend on their floating rate. The Bond nominal interest rate assumed for the different Interest Accrual Periods is the result of adding to 3-month Euribor (0.184%) at December 17, 2012 the margin set for each Series in section 4.8.1.2 of this Securities Note, as follows:

	Series A Bonds	Series B Bonds
Nominal interest rate	0.484%	0.684%

The weighted average interest rate of the loans selected at November 21, 2012, as detailed in section 2.2.2.i) of the Building Block, is 3.99%, which is above the 0.514% weighted average nominal interest rate of the Bonds that has been presumed for hypothetical purposes for the different Interest Accrual Periods.

4.10.1 Estimated average life, yield or return, duration and final maturity of the Bonds.

Assuming that the Management Company shall exercise the Early Liquidation of the Fund and Early Amortisation of the Bond Issue option provided in section 4.4.3 of the Registration Document when the Outstanding Balance of the Loans is less than 10% of their initial Outstanding Balance upon the Fund being established, the average life, return (IRR) for the Bond subscriber, duration and final maturity of the Bonds for different Loan CPRs, based on the performance in recent months of similarly characterised loans previously securitised by BBVA, would be as follows:

% CPR:	3.00%	5.00%	7.00%
---------------	--------------	--------------	--------------

Series A Bonds			
Average life (years)	2.26	2.14	2.03
IRR	0.492%	0.492%	0.492%
Duration (years)	2.23	2.12	2.01
Final maturity	18 09 2018	18 06 2018	19 03 2018
(in years)	5.73	5.47	5.22

Series B Bonds			
Average life (years)	6.75	6.30	6.03
IRR	0.695%	0.695%	0.695%
Duration (years)	6.56	6.13	5.87
Final maturity	18 12 2019	18 06 2019	18 03 2019
(in years)	6.98	6.47	6.22

The Management Company expressly states that the servicing tables described hereinafter for each Series are merely theoretical and given for illustrative purposes, and represent no payment obligation whatsoever, on the basis that:

- Whereas the Loan CPRs are assumed to be constant respectively at 3.00%, 5.00% and 7.00% throughout the life of the Bond Issue, as explained above actual prepayment changes continually.
- The Outstanding Principal Balance of the Bonds in each Series on each Payment Date and hence interest payable on each such dates shall depend on the actual Loan prepayment, delinquency and default rates.
- Whereas Bond nominal interest rates are assumed to be constant for each Series from the second Interest Accrual Period, the interest rate in both Series is known to float.
- It is assumed that the Management Company will exercise the Early Liquidation option of the Fund and thereby proceed to Early Amortisation of the Bond Issue when the Outstanding Balance of the Loans is less than 10% of the Initial Outstanding Balance upon the Fund being set up, as provided in section 4.4.3 of the Registration Document.

4.11 Representation of security holders.

No syndicate of Bondholders will be set up for the securities included in this Bond Issue.

On the terms provided for in article 12 of Royal Decree 926/1998, it is the Management Company's duty, as the manager of third-party portfolios, to represent and enforce the interests of the holders of the Bonds issued by the Fund and of all its other ordinary creditors. Consequently, the Management Company shall make its actions conditional on their protection and observe the provisions established for that purpose from time to time.

4.12 Resolutions, authorisations and approvals for issuing the securities.

a) Corporate resolutions.

Resolution to set up the Fund and issue the Bonds:

The Executive Committee of the Board of Directors of EUROPEA DE TITULIZACIÓN adopted the following resolution on November 15, 2012:

- i) That BBVA-9 PYME FONDO DE TITULIZACIÓN DE ACTIVOS be set up in accordance with the legal system for which provision is made in Royal Decree 926/1998, Act 19/1992, failing a provision in Royal Decree 926/1998 and to the extent applicable, and all other legal and statutory provisions in force and applicable from time to time.
- ii) That receivables owned by and recorded in the assets of BBVA derived from loans with real estate mortgage security, with security other than a real estate mortgage and without special security granted to small and medium-sized enterprises (legal persons and sole traders) ("SMEs" as defined by the European Commission -Recommendation of May 6, 2003-) domiciled in Spain, be pooled in the Fund.
- iii) That the Bonds be issued by the Fund.

Resolution to assign the Loan receivables:

At a meeting held on July 30, 2012, BBVA's Board of Directors resolved that the issue of Pass-Through Certificates and/or Mortgage Certificates on mortgage loans granted by BBVA to entrepreneurs and enterprises be authorised at an aggregate sum of not more than BEUR 1.5 to be subscribed for by one or several securitisation funds sponsored by BBVA. In addition, it authorised the assignment to those securitisation funds of loans, credits or non-mortgage loan or credit receivables or any other type of non-mortgage credit assets granted by BBVA for funding entrepreneurs and enterprises. The amount of the non-mortgage credit assets to be assigned to the securitisation fund shall be equal to the difference between the amount at which the fund is ultimately set up (not more than EUR one billion five hundred million (1,500,000,000)) and the total aggregate face amount of the Pass-Through Certificates and/or Mortgage Certificates to be issued.

b) Registration by the CNMV.

The condition precedent for the Fund to be established and the Bonds to be issued is that this Prospectus and all other supporting documents be entered in the Official Registers of the CNMV, in accordance with the provisions of article 5.1.e) of Royal Decree 926/1998.

This Prospectus regarding the establishment of the Fund and issue of the Bonds will be entered in the CNMV's Official Registers.

c) Execution of the Fund public deed of constitution.

Upon the CNMV registering this Prospectus, the Management Company shall, in the presence of BBVA, as Originator of the Loan receivables, proceed to execute on December 24, 2012 a public deed whereby BBVA-9 PYME FONDO DE TITULIZACIÓN DE ACTIVOS will be established, BBVA will assign to the Fund Non-Mortgage Loan receivables and Mortgage Loan receivables upon BBVA

issuing and the Fund subscribing for Pass-Through Certificates, and the Fund will issue the Asset-Backed Bonds, on the terms provided in article 6 of Royal Decree 926/1998.

The Management Company represents that the contents of the Deed of Constitution shall match the draft Deed of Constitution it has submitted to the CNMV and the terms of the Deed of Constitution shall at no event contradict, change, alter or invalidate the contents of this Prospectus.

The Management Company shall submit a copy of the Deed of Constitution to the CNMV to be entered in the Official Registers by December 28, 2012.

4.13 Issue date of the securities.

The Bond issue date shall be December 24, 2012.

4.13.1 Bond subscription.

The Bond Issue shall be fully subscribed for by BBVA.

4.13.2 Bond Issue subscription payment method and dates.

The Subscriber shall subscribe for the entire Bond Issue on December 27, 2012 (after 3pm and before 4pm) and pay to the Fund by 1pm (CET) on December 28, 2012 (the "**Closing Date**"), for same day value, the issue price at the face value of all the Bond Issue.

4.14 Restrictions on the free transferability of the securities.

There are no restrictions on the free transferability of the Bonds. They may be freely transferred by any means admissible at Law and in accordance with the rules of the AIAF market where they will be admitted to trading. A transfer in the accounts (book entry) will convey the ownership of each Bond. The effects of entering conveyance to the transferee in the accounting record shall be the same as handing over the certificates and the transfer shall thereupon be enforceable on third parties.

5 ADMISSION TO TRADING AND DEALING ARRANGEMENTS.

5.1 Market where the securities will be traded.

In fulfilment of the provisions of article 2.3 of Royal Decree 926/1998, the Management Company shall, upon the Bonds having been paid up, apply for this Bond Issue to be listed on AIAF Mercado de Renta Fija S.A. ("**AIAF**"), which is a qualified official secondary securities market pursuant to transitional provision six of Act 37/1998, November 16, amending the Securities Market Act, and a regulated market, as contained in the annotated presentation of regulated markets and additional provisions as required by Investment Services Directive 93/22 published in the Official Journal of the European Union on July 11, 2009. The Management Company undertakes to do all such things as may be necessary in order that definitive admission to trading is achieved not later than one month after the Closing Date.

The Management Company expressly represents that it is aware of the requirements and terms that must be observed for the securities to be eligible to be listed, remain listed and be excluded from listing on AIAF, in accordance with the laws in force and the requirements of its governing bodies, and the Fund agrees through its Management Company to observe the same.

In the event that, by the end of the one-month period referred to in the first paragraph of this section, the Bonds should not be admitted to trading on AIAF, the Management Company shall forthwith proceed to notify Bondholders thereof, moreover advising of the reasons resulting in such breach, using the extraordinary notice procedure provided for in section 4.1.2 of the Building Block. This shall be without prejudice to the Management Company being held to be contractually liable, as the case may be, if it is at fault for the delay.

5.2 Paying agent and depository agents.

5.2.1 Bond Issue Paying Agent.

The Bond Issue will be serviced through BBVA as Paying Agent. Payment of interest and repayments shall be notified to Bondholders in the events and in such advance as may be provided for each case in section 4.1.1 of the Building Block. Interest and amortisation shall be paid to Bondholders by the relevant members and to the latter in turn by Iberclear, the institution responsible for the accounting record.

The Management Company shall, for and on behalf of the Fund, enter with BBVA into a paying agent agreement to service the Bond Issue, the most significant terms of which are given in section 3.4.7.1 of the Building Block.

6 EXPENSE OF THE OFFERING AND OF ADMISSION TO TRADING.

The expected expenses for setting up the Fund and issue and admission to trading of the Bond Issue are EUR five hundred and six thousand (506,000.00). These expenses include, inter alia, the Management Company's initial fee, notary's fees, rating and legal advice fees, CNMV fees, AIAF and Iberclear fees and Prospectus translation expenses.

7 ADDITIONAL INFORMATION.

7.1 Statement of the capacity in which the advisors connected with the issue mentioned in the Securities Note have acted.

GARRIGUES, as independent adviser, has provided legal advice for establishing the Fund and the Bond issue and has been involved in reviewing this Prospectus and, from a commercial and regulatory standpoint, in reviewing the transaction and financial service agreements referred to herein and the Deed of Constitution.

BBVA and EUROPEA DE TITULIZACIÓN have structured the financial terms of the Fund and of the Bond Issue.

7.2 Other information in the Securities Note which has been audited or reviewed by auditors.

Not applicable.

7.3 Statement or report attributed to a person as an expert.

Deloitte has audited the most significant features of a sample of the selected loans from which the Loans will be taken to be assigned to the Fund upon being established, on the terms set forth in section 2.2 of the Building Block. In addition, it has audited the Management Company's annual accounts and BBVA's annual accounts for the years ended from December 31, 2004.

7.4 Information sourced from a third party.

Within its duties to verify the information contained in this Prospectus, the Management Company has received confirmation from BBVA as to the truthfulness of the characteristics of BBVA as Originator, of the Loans, the Pass-Through Certificates and the Mortgage Loans, given in section 2.2.8 of the Building Block, and of the remaining information on BBVA and on the selected mortgage loans from which the Loans will be taken given in this Prospectus.

In the Deed of Constitution of the Fund, BBVA shall reaffirm to the Management Company the fulfilment of those characteristics on the date on which the Fund is established.

The Management Company confirms that the information from BBVA on the selected mortgage loans from which the Loans will be taken and on the Originator proper has been accurately reproduced and, to the best of its knowledge and ability to determine based on that information provided by BBVA, no fact has been omitted which might result in the information reproduced being inaccurate or deceptive.

7.5 Credit ratings assigned to the securities by rating agencies.

DBRS and S&P have, on December 18, 2012, assigned the following provisional ratings respectively to each Bond Series and to Series A Bonds, and expect to assign the same final ratings by 3pm (CET) on December 27, 2012.

Bond Series	DBRS Rating	S&P Rating
Series A	A (sf)	A- (sf)
Series B	BB (sf)	No rating

If the Rating Agencies should not confirm any of the provisional ratings assigned to each Bond Series as final by 3pm (CET) on December 27, 2012, this circumstance would forthwith be notified to the CNMV and be publicised in the manner for which provision is made in section 4.1.2.2 of the Building Block. Furthermore, this circumstance would result in the establishment of the Fund, the Bond Issue and the assignment of Loan receivables terminating, as provided for in section 4.4.4.(v) of the Registration Document.

Rating considerations.

The ratings assigned to the Bonds by DBRS are an opinion as to timely interest payment and principal payment by or on the Final Maturity Date, in accordance with the transaction documents.

The ratings assigned to Series A Bonds by S&P are an opinion as to the Fund's capacity to make timely interest and principal payments by the Final Maturity Date.

In relation to the rating given by S&P to Series A Bonds, for the record, the relevant rating letter shall be governed by the Laws of England and Wales and will be exclusively subject to the jurisdiction of the English Courts.

The Bond ratings are not an opinion as to the likelihood or frequency of repayments on the underlying obligations occurring or the possibility of the Bondholder obtaining a return below what is expected. The above credit ratings are only an opinion and need not prevent potential investors from making their own analyses of the securities to be acquired.

The aforementioned Rating Agencies have been registered and authorised on October 31, 2011 as rating agencies in the European Union in accordance with Regulation (EC) no. 1060/2009 of the European Parliament and of the Council of September 16, 2009 on credit rating agencies.

The Rating Agencies' ratings are not an assessment of the likelihood of Obligors prepaying principal, nor indeed of the extent to which such prepayments differ from what was originally forecast. The ratings are not by any means a rating of the level of actuarial performance.

The ratings assigned, and any revision or suspension of the ratings:

- (i) are assigned by the Rating Agencies based on manifold information received with respect to which they can give no assurance, nor even as to their accuracy or wholeness, wherefore the Rating Agencies may in no event be deemed to be responsible therefor; and
- (ii) are not and cannot therefore be howsoever construed as an invitation, recommendation or encouragement for investors to proceed to carry out any transaction whatsoever on the Bonds and, in particular, acquire, keep, charge or sell those Bonds.

In carrying on the rating and monitoring process, the Rating Agencies rely on the accuracy and wholeness of the information provided to it by BBVA, the Management Company, DELOITTE as auditors of certain features and attributes of a sample of the selected loans, and on the legal advice given by GARRIGUES on the date of establishment of the Fund, as independent legal adviser.

The ratings take into account the structure of the Bond Issue, the legal aspects thereof and of the issuing Fund, the characteristics of the loans selected to be assigned to the Fund and the regularity and continuity of the operating flows.

The Rating Agencies may revise, suspend or withdraw the final ratings assigned to each Bond Series at any time, based on any information that may come to their notice. Those events, which shall not on their own constitute early liquidation events of the Fund, shall be forthwith notified to both the CNMV and Bondholders, in accordance with the provisions of section 4.1 of the Building Block.

ASSET-BACKED SECURITIES NOTE BUILDING BLOCK

(Annex VIII to Commission Regulation (EC) No. 809/2004 of April 29, 2004)

1. SECURITIES

1.1 Minimum denomination of the issue.

The Fund shall be set up with the Mortgage Loan Pass-Through Certificates issued and the Non-Mortgage Loan receivables which BBVA shall assign to the Fund upon being established, and their Outstanding Balance shall be equal to or slightly above EUR four hundred and seventy million (470,000,000.00), the face value amount of the Bond Issue.

1.2 Confirmation that the information relating to an undertaking or obligor not involved in the issue has been reproduced.

Not applicable.

2. UNDERLYING ASSETS

2.1 Confirmation that the securitised assets have capacity to produce funds to service any payments due and payable on the securities.

In accordance with the information supplied by the Originator, the Management Company confirms that, based on their contractual characteristics, the flows of principal, interest and any other amounts generated by the securitised Loan receivables allow the payments due and payable on the Series Bonds issued to be distinctly satisfied.

Nevertheless, in order to cover for potential payment defaults by securitised Loan Obligors, a number of credit enhancement transactions have been arranged allowing the amounts payable on the Bonds in each Series to be covered to a different extent and mitigating interest risk due to the different terms of the interest clauses of the Loans and of the Bonds in each Series. In exceptional circumstances, the enhancement transactions could actually fall short for meeting payments on the Bonds in each Series or other creditors of the Fund. The credit enhancement transactions are described in sections 3.4.2, 3.4.3 and 3.4.4 of this Building Block.

Not all the Bonds issued have the same risk of default. Hence the different credit ratings assigned by the Rating Agency to the Bonds in each Series, detailed in section 7.5 of the Securities Note.

Upon the occurrence of a (i) substantial alteration or permanent financial imbalance of the Fund due to any event or circumstance whatsoever unrelated to the Fund's operations or (ii) default indicating a serious permanent imbalance in relation to any of the Bonds issued or suggesting that it will occur, the Management Company may proceed to Early Liquidation of the Fund and thereby Early Amortisation of the Bond Issue on the terms laid down in section 4.4.3 of the Registration Document.

The contents of the preceding paragraphs are provided by the Management Company based on the Originator's representations set out in section 2.2.8 of the Building Block in relation to the Pass-Through Certificates and the Loans and to the Originator proper, on the information supplied by the Originator and on the audit report on certain features and attributes of a sample of the portfolio of selected loans that will mostly be assigned to the Fund upon being established.

2.2 Assets backing the issue.

The receivables to be pooled in the Fund, represented by the Management Company, upon being established, shall be exclusively receivables owned by BBVA deriving from Loans granted by BBVA to micro, small and medium-sized and autonomous enterprises ("SMEs" as defined by the European Commission -Recommendation of May 6, 2003- enterprises which employ fewer than 250 persons and which have an annual turnover not exceeding EUR 50 million, and/or an annual balance sheet total not exceeding EUR 43 million) domiciled in Spain.

The selected loan portfolio from which the Loans will be taken in order for their receivables to be assigned to the Fund upon being established comprises 3,562 loans, their outstanding balance as at November 21, 2012 being EUR 543,336,015.44 and the overdue principal being EUR 209,086.86.

The Mortgage Loan receivables are assigned to the Fund by issuing Pass-Through Certificates because the relevant mortgage loans do not satisfy all the requirements established in Chapter II of Royal Decree 716/2009 and are not therefore considered eligible mortgage loans for issuing mortgage participation certificates.

Audit of the assets securitised through the Fund.

Deloitte has audited the most significant features of the selected loans.

That audit was made using sampling techniques consisting of analysing a number of transactions fewer (sample) than the full selection of loans (population), allowing a conclusion to be arrived at regarding that population. The verification deals with a number of both quantitative and qualitative attributes regarding the sample transactions and specifically regarding: purpose of the loan, ownership, loan transfer, identification of the borrower, SME accreditation, loan origination date, loan maturity date, repayment term (at source) not less than one year, initial loan amount, current loan balance (outstanding capital), reference rate or benchmark index, interest rate spread, interest rate applied, loan origination, loan intended use, additional collaterals, arrears in payment, insolvency status, developer loan, and additionally for loans with real estate mortgage security, mortgage loan origination, mortgage security, mortgaged property, address of the mortgaged property, appraisal value, current loan-to-value ratio and damage insurance. Selected loans in respect of which errors are detected in verifying the sample shall not be assigned to the Fund by BBVA.

The audit results shall be set out in a report prepared by Deloitte, which is one of the documents on display as determined in section 10 of the Registration Document.

2.2.1 Legal jurisdiction by which the pool of assets is governed.

The securitised assets are governed by Spanish Law.

2.2.2 Description of the general characteristics of the obligors and the economic environment, as well as global statistical data referred to the securitised assets.

a) Information as to number and distribution of the selected loan obligors.

The following table gives the number of loans, the outstanding balance and the overdue principal on selected loans in regard to which there was any delay in payment of amounts due as at November 21, 2012.

In accordance with BBVA's representation in section 2.2.8.2.(3) of the Building Block, none of the Loans that will finally be assigned to the Fund upon being established shall have any payments more than one (1) month overdue on their assignment date.

s) Loan to value ratio of loans with senior real estate mortgage security or level of collateralisation.

There are 877 selected loans with real estate mortgage security as at November 21, 2012, and their outstanding balance is EUR 200,197,292.64. Mortgage loan mortgages are registered as senior mortgages or, as the case may be, as junior mortgages although BBVA has documents supporting cancellation of the debts originated by previous mortgages, which are however yet to be struck off the register.

The ratio, expressed as a percentage, of the outstanding balance amount at November 21, 2012 to the appraisal value of the selected mortgage loan mortgaged properties adjusted, as the case may be, pro rata to the current mortgage loan balance with respect to the total current balance of all equally ranked mortgage loans sharing the same mortgage security (LTV) ranged between 0.13% and 252.08%, and the average ratio weighted by the outstanding balance of each mortgage loan is 52.84%. The LTV of 10.45%, in terms of outstanding balance, of the selected mortgage loans is in excess of 80% at November 21, 2012.

Out of the selected mortgage loans, 14.16%, in terms of outstanding balance, are loans sharing a mortgage in the same property with other equally ranked loans (senior or junior, as the case may be, although BBVA has documents supporting cancellation of the debts originated by previous mortgages, which are however yet to be struck off the register). In all of these mortgage loans, the mortgagee in all the equally ranked mortgages is BBVA. Out of the selected mortgage loans, 2.75%, in terms of outstanding balance, are mortgage loans sharing security in which all the loans sharing security are included in the portfolio from which the Loans will be taken to be assigned to the Fund upon being set up. Out of the selected mortgage loans, 11.41%, in terms of outstanding balance are mortgage loans sharing security in which one or several of the loans sharing security are not included in the portfolio from which the Loans will be taken to be assigned to the Fund upon being set up. In the event of the Fund calling the mortgage security of any of the loans sharing equally ranked mortgage security with BBVA, the senior ranked mortgage burden/s shared with BBVA shall subsist.

The following table gives the distribution of the mortgage loans by 10.00% LTV intervals.

*Loan to Value Ratio refers to averages weighted by the outstanding balance.

Selected mortgage loans with security consisting of residential properties and parking spaces and lumber rooms and an LTV at November 21, 2012 in excess of 80% account for 1.64%, in terms of outstanding balance, of the selected portfolio.

Selected mortgage loans with security other than residential properties and parking spaces and lumber rooms and an LTV at November 21, 2012 in excess of 60% account for 7.79%, in terms of outstanding balance, of the selected portfolio.

There is no overcollateralisation in the Fund since the total Loan receivables principal or capital that BBVA shall assign to the Fund upon being set up shall be equal to or slightly above EUR four hundred and seventy million (470,000,000.00), the face value amount of the Bond Issue.

2.2.3 Legal nature of the pool of assets.

The selected loans may be classified based on their collaterals into:

- (i) Loans with real estate mortgage security entered in the Land Registry, and the collateral, if any, specified in paragraph (ii) below, originated in a public deed (the Mortgage Loans).

The Mortgage Loans were originated in a public deed subject to the Mortgage Act, February 8, 1946, Act 2/1981, and ancillary laws.

The Mortgage Loan receivables shall be assigned to the Fund upon BBVA issuing and the Fund subscribing for Pass-Through Certificates subject to the provisions of Act 2/1981, additional provision five of Act 3/1994, and Royal Decree 716/2009, on the terms provided for in section 3.3 of this Building Block. The Pass-Through Certificates shall be issued and subscribed for in the same Deed of Constitution of the Fund.

- (ii) Loans with no special guarantee, exclusively secured by pledging money and/or units in investment funds, and/or listed securities and/or with third-party personal guarantees, originated in a public document, which are enforceable (Civil Procedure Act article 517) (the Non-Mortgage Loans).

The Non-Mortgage Loan receivables shall be directly assigned to the Fund upon being sold by BBVA and acquired by the Fund, on the terms provided for in section 3.3 of this Building Block. The Non-Mortgage Loan receivables shall be assigned to the Fund in the same Deed of Constitution of the Fund.

2.2.4 Expiry or maturity date(s) of the assets.

The selected loans each have a final maturity date without prejudice to periodic partial repayment instalments, on the specific terms applicable to each of them.

Obligors may at any time during the life of the Loans prepay all or part of the outstanding capital, in which case the accrual of interest on the part prepaid will cease as of the date on which repayment occurs.

The final maturity date of the selected loans at November 21, 2012 was comprised between December 1, 2012 and November 17, 2040.

2.2.5 Amount of the assets.

The Fund shall be set up with the Loan receivables which BBVA will assign to the Fund upon being established, and their Outstanding Balance shall be equal to or slightly above EUR four hundred and seventy million (470,000,000.00), the face value amount of the Bond Issue.

The selected loan portfolio from which the Loans will be taken to be assigned to the Fund upon being established comprises 3,562 loans, their outstanding principal as at November 21, 2012 being EUR 543,336,015.44 and the overdue principal being EUR 209,086.86.

In order to be assigned to the Fund upon being established, BBVA shall choose from the selected loans i) loans that have not fully matured and are in good standing or that have no payments that are more than one (1) month overdue and ii) with an aggregate outstanding balance amount for each obligor group from lowest to highest up to a total principal or capital equal to or slightly above EUR four hundred and seventy million (470,000,000.00).

2.2.6 Loan to value ratio or level of collateralisation.

The loan to value ratio or level of collateralisation of the selected mortgage loans is given in section 2.2.2 s) of this Building Block.

2.2.7 Method of creation of the assets.

The loans selected for assignment to the Fund have been directly granted by BBVA (without any intermediary whatsoever being involved) following its usual credit risk analysis and assessment procedures for lending to enterprises in place at the loan origination date. Those procedures are described below:

1. Introduction.

Banca de Empresas y Corporaciones (BEC) is the Business Unit set up at BBVA to serve businesses. This unit specialises in managing and serving large, medium-sized and small enterprises. Banca Comercial is the Business Unit set up at BBVA to manage the business from the private customer, retail and small enterprise segments.

Origination channels.

BEC has a network of 251 Branches, 178 of which serve the enterprise segment, 55 serve the institutions segment and 8 the corporations segment.

Banca Comercial has 3,147 branches nation-wide.

The management model is based on a customised integral customer management; customers are all allocated a personal account manager.

Out of the selected portfolio as of November 21, 2012, 56.62%, in terms of outstanding balance, was originated by BEC, whereas the remaining 43.38% was originated by Banca Comercial.

2. Lending procedures.

2.1 System supporting lending decision making: internal rating.

Rating tools are analysis and assessment systems enabling BBVA to assign a customer a credit rating based on data and standards. This is the basis for:

- Providing risk policies consistent with the rating and monitoring the live risk
- Conferring powers
- Permitting distinct pricing policies

This tool is integrated in the risks procedures and circuits covering all stages of the risks cycle, each of them including a value added system avoiding the need to re-collect information (incremental analysis system) and allows efforts to be adjusted and capacities to be assigned based on risk types:

- More in-depth information and analysis in complex risks.

Thus, admission standards can be consistently applied and decision-making can be decentralised, trimming response times. The rating tool was the result of internal development at BBVA and was implemented in September 2002.

- **Rating methodology**

Rating

The following method is used for rating a customer:

Score-based valuing of the business.

Two types of information are considered:

- Quantitative factors: analysis of financial statements
- Qualitative factors: from customer reports

Each factor carries certain points or weights. The sum determines the customer's final score.

Rating models

The models developed may, depending on the size of the enterprise or client typology, be sorted into:

- Corporate (based on size of business)
- Enterprises (based on size of business)
- SMEs (based on size of business)
- Developers (client typology)
- Institutions

Master scale

One of the prime objectives of a rating system is rating customers based on their credit quality. This quality is defined by the likelihood of a customer being in arrears. A master scale is used to calculate the default rate: it allows each customer to be assigned a default probability. It is unique for the whole of BBVA.

The master scale consists of a number of values or grades and each is assigned a default probability (expected default frequency).

General operating diagram

In order to obtain an internal rating a minimum information on the customer has to be available (financial statements, other information and CIRBE), corporate application data must be captured, the automatic system calculation must be obtained, based on an algorithm calculated as described above, and finally an analysis and assessment of the results provided by the tool must be made.

2.2 Lending procedure.

a) Banca Comercial

The account manager receives a proposal from a client who may or may not be a customer of BBVA. The account manager requests such information as is deemed necessary to be able to decide and which shall at a minimum be the information established in the internal risks empowerment rule as detailed in paragraph 2.2.3 concerning risks empowerment.

b) Banca de Empresas

The admission procedure begins with the customer's risk application. BBVA Group has implemented a customised management model in the enterprise segment.

Admission of transactions begins with the customer's application. The customer may be known to have a current risk with BBVA or to have been a customer in the past or not to have ever dealt with BBVA.

2.2.1 Required information.

a) Banca Comercial

The following will be the minimum information to be able to decide:

- Balance sheet or, alternatively, declaration of assets or wealth return
- Operating account for the last fiscal year
- Primarily, the balance sheets and operating accounts must be audited and otherwise the tax or companies register balance sheets and operating accounts. It should usefully be noted that companies must satisfy this requirement when at least two of the following circumstances occur:
 - i. The assets are in excess of €2,373,997.81.
 - ii. The turnover is in excess of €4,747,995.62

iii. The average number of workers employed during the fiscal year shall have been in excess of 50 workers.

- Checking the RAI, internal delinquency at BBVA, ASNEF, etc.
- Customer's complete position at BBVA and in the banking system.
- Checking the assets and collaterals of the applicant.
- Guarantor's declaration of assets, if any.
- For rated customers, rating history.

b) Banca de Empresas

Prior to analysing and approving the transaction, the account manager generally does the following:

Updating or opening a record with the following information:

- Balance sheets, financial statements, audits
- Guarantors' declaration of assets, if any
- Business activity reports and purpose of the transaction
- Searches in registers
- Current positions at BBVA and in the banking system

Studying the transaction

Based on the information provided by the customer, completed with information available to BBVA proper and other outside sources, a financial plan or base support is prepared including:

- Financial plan: economic and financial position, activity, shareholders, interests, etc.
- Searching for or preparing the rating, with the assistance of an internal tool allowing both the rating of the enterprise and risk and alert indicators for such enterprise previously included to be searched for (business risk conduction or CRE).
- Search in default filters
- Progress of CIRBE, including guarantors
- Previous experience, if a customer
- Any other data relevant to or revealing for decision-making

2.2.2 Preparing the proposal and approval.

a) Banca Comercial

Proposed transactions shall be entered in a certificate/register of transactions/Committees, in chronological order, whether the proposals are authorised, refused in exercising the empowerment or submitted to be studied and decided on to higher levels.

b) Banca de Empresas

After the analysis made and the conclusions arrived at, the branch draws up a mandatory proposal. If a dismissal is considered, then a reference is made to such refusal.

If the transaction is accepted, the proposal and supporting information passes to the approval process by the Branch's committee, where it has authority over the customer at issue, or is submitted to the Regional Management or the Central Credit Risks Unit.

2.2.3 Empowerment in authorising risks.

a) Banca Comercial

The account manager's empowerment figure and the requirements laid down in the internal risks empowerment rule shall determine whether the account manager is able to authorise the transaction. Being empowered to take on risks is a requirement but is not sufficient in order for a person to decide. Powers are conferred personally and based on the empowered person's experience and qualification. The figure to be empowered with shall be determined based on the empowered person's capacity and the characteristics of the market and segment allocated. The empowerment does not cover certain transactions, depending, for instance on:

- Amount: current account overdrafts and credit account excesses based on days and terms.
- Term: transactions exceeding the maxima established for every specific product.
- Instrumentation: where transaction rules and procedures are not observed.
- Documentation: where minimum information or supporting documents are missing.
- Products: based on each product characteristic limits such as scoring, valuation percentage, etc.
- Type of client: for employees, split transactions, clients at several branches, etc.

At Banca Comercial, empowerment is open and each conferrer may sub-delegate up to 100% of his or her empowerment figure, cascaded as follows; each territorial manager empowers the territorial risks manager or the area manager, who may in turn sub-delegate to the risks coordinator or the Banca Comercial centre managers (5 or 6 branches grouped together) and they in turn sub-delegate to admission and monitoring analysts or branch managers.

b) Banca de Empresas

Empowerment is implemented under an internal policy. The following is noteworthy among the most relevant aspects influencing the management model:

- The conferment of powers to accept risks is a requirement but is not sufficient in order for a person to decide.
- Powers are conferred personally based on the attorney's experience and qualification.
- It is advisable for powers to be gradually conferred.
- The empowerment figure embodies the maximum limits and risks to be arrived at with a customer or group of customers considered to be an economic group or family unit.
- Empowerment originates in the group's political bodies and is hierarchically conveyed.
- The conferrer shall specify to his or her attorneys the empowerment figure conferred and the extent and capacity in and by which the attorney may in turn subdelegate.

Quantitatively, the general manager, Retail Banking, confers on the Banca de Empresas Manager powers based on an iso-risk curve with reference to the clients' risk.

The Banca de Empresas manager in turn subdelegates to regional managers risk empowerment between EUR 5.2 and EUR 6 million. Regional managers in turn subdelegate authorities to branch managers in amounts of up to 33% of that figure.

Risks exceeding the Regional Managers' authority because of their amount or other circumstances are decided, on a proposal by the branches, at the Central Credit Risks Unit.

3. Risk monitoring.

a) *Banca Comercial*

Each of the 7 territorial offices (DT) have teams, reporting to the Head Office, in charge of monitoring general progress (of the risk), although responsibility for the transaction being duly performed ultimately lies with the team at the branch originating the investment. Each DT has a team consisting of two Monitoring supervisors and a group of Monitoring Analysts. Each Monitoring Analyst is allocated an area altogether covering between 40 and 50 branches. In turn, the monitoring supervisors at each DT liaise with and support the Risk Monitoring Analysts' performance within their scope of operation.

Although risk management is integral, methodology varies according to client/product typology.

Two different monitoring methods could be pointed to:

- 1- Statistics or development by business lines, and
- 2- Individual clients. The paths for detecting clients with alert signs are mainly as follows:
 - a. Daily list of defaults
 - b. Clients detected via internal audits
 - c. How the enterprise risk is dealt with
 - d. Rating alerts
 - e. Development of risks both at BBVA and in the financial system
 - f. Searching external databases, mainly RAI (bad debts registry and DBI, claims database)

In addition, Risk Monitoring Committees meet weekly at four levels within the organisation:

- Head Office
- Territorial Office
- Area Office
- Commercial Banking Centre Office (CBC)

Committees review how the different dependent units and clients with alert signs and defaults are developing, drawing up action plans for those who are to be added to the list of alerts and monitoring the progress of listed clients.

Monthly information is obtained by client in order to analyse the status of their risks, an appropriate analysis is made and so are actions to be improved if such is concluded to be necessary.

The lists are as follows:

- Clients with an obsolete balance sheet.
- Clients who have lost 3 ratings in a month.
- Clients rated B or below (based on an internal scale rating clients from AAA to C).

b) *Banca de Empresas*

The Enterprise segment is structured about 7 Regional Offices and 178 Enterprise Branches spread out throughout national territory.

The BEC Risks Manager is based at the Spain and Portugal Business Head Office, which includes in its team a Risk and Recoveries - Enterprises Monitoring Officer and, together with a team of five people, manages and coordinates the tasks for which he or she is responsible.

In addition, each Regional Office has a specific team of five or seven people (44 in all) in charge of dealing with this function. They are all duly qualified and have professional experience, in many cases in excess of 15 years. In several cases, they originate in Audit. Their goals are as follows:

- Overseeing risk quality, control and monitoring, within an established setting for decision-making and rating
- Supporting and encouraging the Branch network to implement and develop a defined action plan in regard to monitoring live risk, overdue payments and listing as doubtful assets
- Encouraging the achievement of the set risk quality and credit writedown targets

The functions of the Banca de Empresas Unit in the Risks Monitoring area include the following:

- Reviewing risk quality indicators and progress.
- Monitoring the daily development of irregular investments.
- Coordinating and supervising the rating of regional office clients.
- Monitoring the risk of clients singled out for surveillance and problem clients.
- Diagnosing risk portfolios.
- Setting up, preparing, attending and participating on Risk Monitoring Committees.
- Developing, implementing and using suitable risk monitoring tools.
- Coordinating with recoveries and the legal department the transfer of cases of late payment and subsequently monitoring the same.
- Other responsibilities:
 - Visiting branches
 - Monitoring written audit proceedings
 - Sampling case files and sub-delegating
 - Controlling risk admission and management procedures

The risk quality variable is objectified and periodic controls are made in order to ascertain the same through several action plans which, upon being evaluated, are reused to newly feed the circuit.

Client rating systems

This is for departments and those involved in risk management: account managers, admission and monitoring teams and central credit risks unit (UCRC). It also includes the valuation assigned by Internal Audit, in addition to other indicators sourced in the various products, delinquency filters, CIRBE, etc.

These ratings and information are fed into the alert signs system which shall identify problem groups or groups specifically singled out for surveillance in order to anticipate and mitigate the negative effects of their potentially falling into arrears.

4. Recoveries.

4.1 Units involved in the recovery process.

a) Banca Comercial

Recovery at Banca Comercial is centrally managed by a business unit that is in turn divided into three subunits:

- Outsourcing. Controls and monitors all matters outsourced to external companies. Acts on clients with a client risk below €15,000 and on others who have a higher risk but no court cases.
- Operations.
 - o Centrally carries out all pre-judicial stage tasks

- Carries out friendly recovery management simultaneously with pre-judicial action
- Administering and booking all collections and payments in arrears.

It acts on clients with a risk exceeding a figure of €15,000.

- Judicial. Its duties consist of submitting and monitoring all legal proceedings instituted as a result of overdue debts being claimed, aided by internal lawyers, external lawyers and court attorneys.

1-Outsourcing Unit

The Outsourcing Area is a centralised management unit whose duty it is to control and monitor outsourced matters:

- It manages recovery at all times through external firms that may use friendly proceedings or debt collection proceedings and even in some cases executive proceedings
- The clients altogether dealt with from outsourcing comprise two major groups:
 - clients with a risk below €15,000, for which comprehensive recovery Management is carried out, including friendly and court management
 - and an ordinary management for certain products of risk clients with a client risk > €15,000 prior to passing to operations/judicial)
 - Friendly recovery of petty sums with non-integral recovery profile clients not involved in legal proceedings managed by the Special Court Recovery Centre (CER).
 - Debt collection proceedings of doubtful accounts where there is no enforceable document in order to obtain and forward the same to the Special Court Recovery Centre (CER), this being the body in charge of dealing with and managing recovery of doubtful assets once the court stage is under way.

To achieve this, 12¹ external firms in all currently work with BBVA.

2-Operations Unit

The Unit's main functions are as follows:

- 1) Friendly recovery procedure with obligors
- 2) Preparing the judicial file for CER
- 3) Accountancy

Its structure is very flexible and readily adapts to the workload.

3- Judicial Unit (CER)

Its main function is to manage judicial recoveries. In so doing, the Unit first acts proactively with obligors demanding payment in the first place, including friendly attempts to have the debt regularised and, failing agreements, a legal action is brought, including attachments, court withholdings and enforcements, with lawyers, with respect to legal proceedings, with third parties, and with respect to large claims.

The following are the steps included in the judicial stage;

Judicial enforcement proceedings. The procedural stages for enforcement are as follows:

¹ The number of firms involved in friendly management varies

- Submitting the application.
- Clearing or allowing enforcement
- Court payment demand served on the obligor (attachment of assets)
- Auction: application, scheduling of auction date and notice on the obligor, after publishing such edicts as are established by Law.

b) Banca de Empresas

At Banca de Empresas, clients are dealt with at the Business Group level, and the following are the distinctive elements resulting in their being managed by one unit or another:

	Non-developer groups	Developer groups
Group risk < MEUR 1	OPERATIONS (Pre-judicial + Initial friendly management)	CERBEC
Group risk > MEUR 1	OPERATIONS (Pre-judicial) Banca de Empresas + Legal Services Recoveries	OPERATIONS (Pre-judicial) Real Estate ² + Legal Services

*CERBEC: Special Corporation and Enterprise Banking (BEC) Recoveries Centre

1. OPERATIONS + CERBEC

The operating method very much resembles the description given for Banca Comercial with specific features in the different stages mainly due to treatment on a group level.

2. Banca de Empresas Recoveries

Centralised unit in managing business groups with a risk in excess of 1 million Euros. Its duties range from friendly proactive Management to court management.

Together with Legal Services, it reviews the client's position forthwith upon the client falling in arrears, to find the best solutions for both the client and the bank.

Its duties are focussed on Non-developer groups³.

3. Real Estate

Its duties are similar to Banca de Empresas Recoveries but for Developer groups.

4. Legal Services

Each regional office has a legal services department whose main duties are to provide advice, prepare the paperwork for perfecting transactions and deal with recovery in cases of arrears, failures and bad debts shown on the balance sheets of dependent branches within their sphere of authority, including bringing actions and attending hearings.

Both lawyers and staff in charge of providing administrative support in charge of recovering BBVA's overdue accounts have proven skills and ample expertise, specifically 18 years on average in the case of lawyers and some 15 years in the latter case.

² Real Estate does not belong to the Recoveries Unit.

³ Generally, non-developer groups are considered to be those in which the aggregate risks of the segmented developer components are not in excess of 50% of the total group risk.

At the Head Office, the Spain and Portugal Legal Services structure has a Spain Banking Business Legal Services Manager to whom the following report: both the lawyers, responsible for each territory described above, and the Recovery Legal Services Manager, with functional legal responsibility within BEC (Banca de Empresas y Grandes Corporaciones) recoveries.

c) Cross-Units

In addition to the units described, there are two specialised cross units that serve both Banca Comercial and BEC:

- Insolvency-SMEs Centre

This deals with managing insolvent clients at Banca Comercial and BEC (pure risk of up to €600,000)

- Bad Debts Unit

The Bad Debts unit deals with insolvent clients whose accounts are long past due, although this does not pre-judge the extent of recovery (as used to be the case with this definition).

The portfolio of clients with limited solvency and any instalment significantly in arrears is managed from the bad debts unit.

4.2 Circuits for transferring matters to arrears

Once a transaction has been automatically or manually transferred to arrears, observing the rules laid down in Bank of Spain Circular 4/2004, it is processed by an automatic strategies system which determines, based on recovery policies in place from time to time, the circuit to be followed.

Those that are selected for legal action remain pending a decision based on the IMAS (Arrears Report in Support of the Decision) which shall include all necessary remarks in order for actions to be taken to recover the overdue debt. At the same time, the so-called Case Manager shall validate the documents required which, upon being obtained, shall be submitted to the Regional Office.

Branches get to know of transactions reclassified in due course as doubtful assets in several ways. In addition, regional offices receive daily information from central services on Arrears, Failures and Bad Debts related activity, with details concerning both receipts and recoveries.

2.2.8 Indication of representations and collaterals given to the Issuer relating to the assets.

Representations of the Originator.

- (8) That, in granting all the Loans and in accepting, as the case may be, the subrogation of subsequent borrowers to the initial borrower's position, it has strictly adhered to the lending policies in force at the grant date set out in section 2.2.7 of the Prospectus Building Block.

- (25) That none of the Loans refers to finance lease or syndicated transactions.
- (26) That none of the Mortgage Loans are an extension or reinstatement of earlier loans in arrears.

3. In relation to the Pass-Through Certificates and the Mortgage Loans.

- (1) That the Pass-Through Certificates are issued in accordance with Act 2/1981, Royal Decree 716/2009 and as established by Additional Provision Five of Act 3/1994, and other applicable laws. Mortgage Loan receivables are assigned to the Fund by issuing Pass-Through Certificates because the Mortgage Loans do not satisfy all the requirements established in Chapter II of Royal Decree 716/2009. This issue is consistent with the contents laid down in schedule I to Royal Decree 716/2009 relating to the special book register of mortgage loans and credits.
- (2) That the particulars of the Mortgage Loans and the Pass-Through Certificates, represented in a multiple registered certificate, accurately reflect their current status and are true and complete.

Those mortgage interests are entered in the Land Registry.
- (4) That the Mortgage Loans do not have any of the characteristics of credits excluded or restricted by article 12.1 a), c), d) and f) of Royal Decree 716/2009.

- (5) That all the mortgaged properties (i) are located in Spain, (ii) have been appraised by duly qualified institutions approved by BBVA, which institutions are entered in the Bank of Spain's Register of Appraisal Firms, evidence of which appraisal has been provided in the form of an appropriate certificate, and (iii) in the case of properties relating to constructions in general, building work has been completed.
- (6) That none of the mortgaged properties are officially protected housing.
- (7) That the outstanding principal balance of each Mortgage Loan does not exceed 260 percent of the appraisal value adjusted, as the case may be, pro rata to the current mortgage loan balance with respect to the total current balance of all equally ranked mortgage loans sharing the same mortgage on the same property.
- (8) That the public deeds originating the Mortgage Loans provide that until the latter are fully repaid the Obligor is bound to have the mortgaged properties insured against the risk of fire and other damages during the contract term, at least satisfying the minimum requirements laid down by the mortgage market laws in force for the time being (appraisal value of the insured asset, excluding the value of items that are uninsurable by nature, particularly land). The validity of such insurance is not supported in the Originator's databases.
- (9) That the Mortgage Loans are not perfected in registered, negotiable or bearer securities, other than the Pass-Through Certificates hereby issued for subscription by the Fund.
- (10) That the Mortgage Loans are not earmarked for any issue whatsoever of mortgage bonds, mortgage participation certificates or pass-through certificates, other than the issue of the Pass-Through Certificates.
- (11) That it is not aware of any circumstance which might prevent foreclosure of the mortgage security.
- (12) That BBVA shall not secure the grant of new loans with a mortgage on the properties already mortgaged as security for the Mortgage Loans or, as the case may be, the new mortgages shall be entered ranking junior to the mortgage underlying the relevant Mortgage Loan, in order thereby for there to be no detriment to the Mortgage Loan security.
- (13) That nobody has a preferred right over the Fund in and to the Mortgage Loans, as holder of the Pass-Through Certificates.
- (14) That the Pass-Through Certificates shall be issued for the same term remaining until maturity of and at the same interest rate as each of the underlying Mortgage Loans.

2.2.9 Substitution of the securitised assets.

Set rules for substituting the Loans or the Pass-Through Certificates or otherwise repayment to the Fund.

1. In the event of Loan prepayment upon the relevant Loan capital being prepaid, there will be no substitution of the Non-Mortgage Loan receivables or of the relevant Pass-Through Certificates.
2. In the event that during the full term of the Loans it should be found that any of them fail to conform to the representations given in section 2.2.8 above upon the Fund being established, BBVA agrees, subject to the Management Company's consent, to proceed forthwith to remedy and, if that is not possible, substitute or redeem the affected Loans not substituted, by terminating the assignment of the affected Loan receivables and, as the case may be, cancelling the relevant Pass-Through Certificate, subject to the following rules:
 - (i) The party becoming acquainted with the existence of a Loan in that circumstance, be it the Originator or the Management Company, shall advise the other party thereof. The Originator shall have a period of not more than fifteen (15) Business Days from said notice to remedy that circumstance if it may be so remedied or proceed, as the case may be, to a substitution of the

affected Loans, notifying the Management Company of the characteristics of the loans intended to be assigned to take their stead, which shall fulfil the representations given in section 2.2.8 of this Building Block and be homogeneous as to residual term, class of interest rate, interest rate, instalment payment frequency, BBVA's internal rating of the Obligor, security, and outstanding principal value as the affected Loans and also, in the case of Pass-Through Certificates to be replaced, credit quality in terms of ranking of the security, ratio of outstanding principal to the appraisal value of the mortgaged property or properties, in order for the financial balance of the Fund not to be affected by such substitution, nor indeed the ratings of the Bonds in connection with the provisions of section 7.5 of the Securities Note. Once the Management Company has checked the appropriateness of the substitute loan or loans, and after advising the Originator expressly of loans suitable for such substitution, such substitution shall be made by terminating the assignment of the affected Loan receivables and, as the case may be, cancelling the relevant Pass-Through Certificate, and simultaneously assigning the new substitute loans and, as the case may be, issuing the new substitute pass-through certificates.

The substitution shall be recorded in a public deed subject to the same formalities established for the assignment of the Loan receivables upon the Fund being established, in accordance with the specific characteristics of the new loans assigned. The Management Company shall provide the CNMV, the undertaking in charge of the Bond accounting record and the Rating Agencies with a copy of the public deed.

- (ii) In the event that there should be no substitution of the affected Loans in accordance with rule (i) above, the assignment of the affected Loan receivables not substituted shall be terminated and, as the case may be, the relevant Pass-Through Certificate will be cancelled. That termination shall take place by a repayment in cash to the Fund by the Originator of the outstanding principal of the affected Loans not substituted, interest accrued and not paid, calculated until the repayment date, and any other amount owing to the Fund under those Loans.
 - (iii) In the event of (i) and (ii) above occurring, BBVA shall be vested in all the rights attaching to those Loans accruing from the date of substitution or repayment to the Fund or accrued and not due, and overdue amounts on that same date.
3. In particular, the amendment by the Originator during the life of the Loans of their terms without regard to the limits established in the special laws applicable and, in particular, to the terms agreed between the Fund, represented by the Management Company, and the Originator in this Prospectus, in the Deed of Constitution and in the Servicing Agreement, which would therefore be an absolutely exceptional amendment, would constitute a unilateral breach by the Originator of its duties which should not be borne by the Fund or by the Management Company.

Upon any such breach occurring, the Fund may, through the Management Company: (i) demand payment of the relevant damages and losses and (ii) request replacement or repayment of the affected Loans, in accordance with the procedure provided for in paragraph 2 above of this section, which shall not result in the Originator guaranteeing that the transaction will be successfully completed, but only the requisite redress of the effects resulting from the breach of its duties, in accordance with article 1124 of the Civil Code.

The expenses originated by the actions to remedy the Originator's breach shall be borne thereby and cannot be charged to the Fund or the Management Company. The Management Company shall notify the CNMV of each and every replacement of Loans on the terms of the procedure provided for in paragraph 2 above.

2.2.10 Relevant insurance policies relating to the assets.

The public deeds originating the Mortgage Loans provide that until the latter are fully repaid the Obligor is bound to have the mortgaged properties insured against the risk of fire and other damages during the contract term, at least satisfying the minimum requirements laid down by the mortgage market laws in force for the time being, but the validity of such damage insurance is not supported in the Originator's databases. In this connection, BBVA has reported in the special accounting record for mortgage loans and credits provided for in Schedule I to Royal Decree 716/2009 that 100% of the selected Mortgage Loans do not cover the mortgaged asset with damage insurance.

No details are included regarding concentration of the insurers because the status as to validity of the insurance policies taken out by the Obligors and their data are not supported in the Originator's computer records, and concentration could therefore exist in any or some insurers.

2.2.11 Information relating to the obligors where the securitised assets comprise obligations of 5 or fewer obligors which are legal persons or where an obligor accounts for 20% or more of the assets, or where an obligor accounts for a material portion of the assets.

Not applicable.

2.2.12 Details of the relationship, if it is material to the issue, between the Issuer, guarantor and obligor.

There are no relationships between the Fund, the Originator, the Management Company and other parties involved in the transaction other than as set forth in section 5.2 of the Registration Document and section 3.2 of this Building Block.

2.2.13 Where the assets comprise fixed income securities, a description of the principal terms.

Not applicable.

2.2.14 Where the assets comprise equity securities, a description of the principal terms.

Not applicable.

2.2.15 If the assets comprise equity securities that are not traded on a regulated or equivalent market, where they represent more than ten (10) per cent of the securitised assets, a description of the principal terms.

Not applicable.

2.2.16 Valuation reports relating to the property and cash flow/income streams where a material portion of the assets are secured on real property.

The appraisal values of the properties securing the selected mortgage loans correspond to appraisals made by appraisers for the purpose of granting and arranging the selected mortgage loans.

2.3 Actively managed assets backing the issue.

Not applicable.

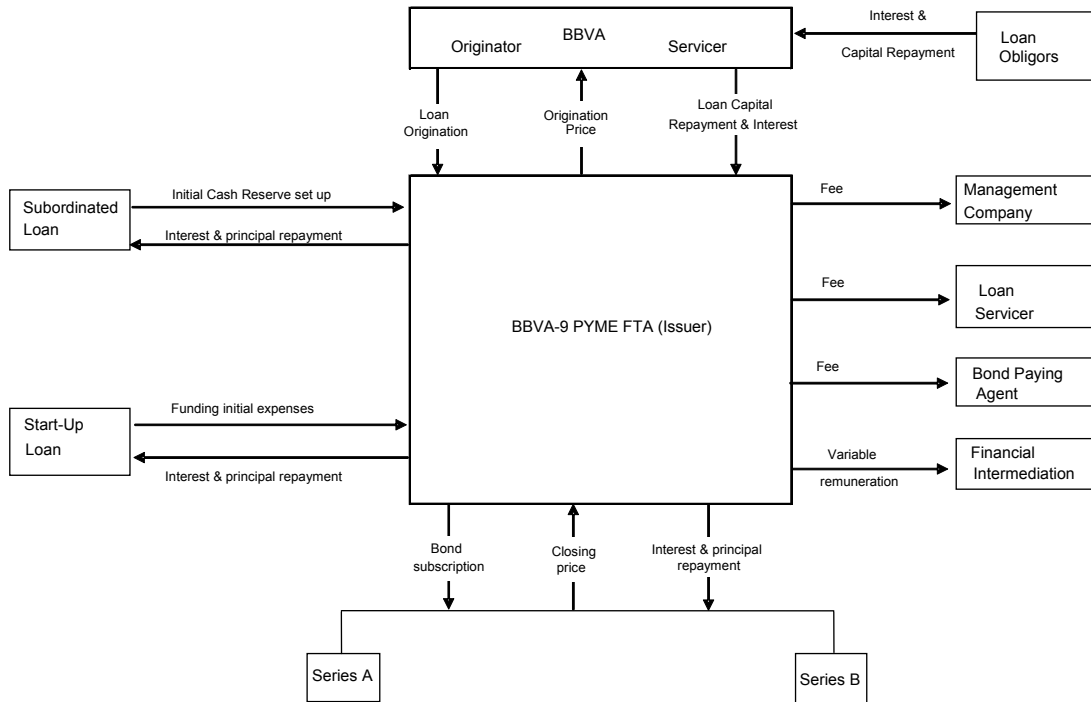

2.4 Where the Issuer proposes to issue further securities backed by the same assets, statement to that effect and description of how the holders of that class will be informed.

Not applicable.

3.2 Description of the entities participating in the issue and of the functions to be performed by them.

- (i) EUROPEA DE TITULIZACIÓN is the Management Company that will establish, manage and be the authorised representative of the Fund and has, together with BBVA, structured the financial terms of the Fund and the Bond Issue.
- (ii) BBVA is the originator of the Loan receivables to be assigned to the Fund upon being established, shall be the Lead Manager and Subscriber of the Bond Issue and has, together with the Management Company, structured the financial terms of the Fund and of the Bond Issue.

In addition, BBVA shall be the Fund's counterparty under the Guaranteed Interest Rate Account (Treasury Account), Subordinated Loan, Start-Up Loan, Loan Servicing, Bond Paying Agent and Financial Intermediation Agreements.

- (iii) GARRIGUES, as independent adviser, has provided legal advice for establishing the Fund and the Bond issue and has been involved in reviewing this Prospectus and, from a commercial and regulatory standpoint, in reviewing the transaction and financial service agreements referred to herein and the Deed of Constitution.
- (iv) Deloitte has audited the most significant features of a sample of the selected BBVA loans from which the Loans will be taken to be assigned to the Fund upon being established.
- (v) DBRS and S&P are the Rating Agencies that have respectively rated each Bond Issue Series and Series A Bonds.

The description of the institutions referred to in the above paragraphs is given in section 5.2 of the Registration Document.

The Management Company represents that the summary descriptions of those agreements, given in the relevant sections of this Prospectus, which it shall enter into for and on behalf of the Fund, include the most substantial and relevant information on each agreement, duly reflect their contents and that no information has been omitted which might affect the contents of the Prospectus.

3.3 Description of the method and date of the sale, transfer, novation or assignment of the assets or of any rights and/or obligations in the assets to the Issuer.

3.3.1 Perfecting the assignment of the Loan receivables to the Fund.

The Management Company, for and on behalf of the Fund, and BBVA as Originator, shall in the Deed of Constitution perfect the agreement assigning the Loan receivables to the Fund, effective from that same date, as follows:

- (i) The assignment of the Mortgage Loan receivables shall be perfected upon BBVA issuing and the Fund subscribing for pass-through certificates (the "**Pass-Through Certificates**") as established by Act 2/1981, Additional Provision Five of Act 3/1994, Additional Provision One of Royal Decree 716/2009 and other applicable laws.

The Pass-Through Certificates shall be represented by means of a multiple registered certificate which shall contain the minimum data provided for pass-through certificates in article 29 of Royal Decree 716/2009, and the registration particulars of the mortgaged properties securing the relevant Mortgage Loans.

The Pass-Through Certificates may be transferred by a written statement on the very certificate and, in general, by any of the means admitted by Law. Transfer of the Pass-Through Certificate and the new holder's address shall be notified by the transferee to the issuer. They may only be acquired or held by professional investors, and may not be acquired by the unspecialised public.

Both in the event that any Pass-Through Certificate should be substituted, as prescribed in section 2.2.9.2 of this Building Block, and in the event that the Management Company, acting for and on behalf of the Fund, should proceed to foreclose a relevant Mortgage Loan, as prescribed in section 3.7.2.1.7 of this Building Block, and moreover if, upon Early Liquidation of the Fund, in the events and on the terms of section 4.4.3 of the Registration Document, Pass-Through Certificates have to be sold, BBVA agrees to split, as the case may be, any multiple certificate into such individual or multiple certificates as may be necessary, or to substitute or exchange the same for the above purposes.

The multiple certificate representing the Pass-Through Certificates and the multiple or individual certificates, if any, into which the same is split shall be deposited at BBVA, and relations between the Fund and BBVA shall be governed by the Loan Servicing and Pass-Through Certificate Custody

Agreement to be entered into between BBVA and the Management Company for and on behalf of the Fund. That deposit shall be made for the benefit of the Fund and therefore BBVA shall custody the documents supporting the Pass-Through Certificates deposited, on the Management Company's instructions.

BBVA, as the issuer, shall keep a special book in which it shall enter the Pass-Through Certificates issued and the changes of address notified by the Pass-Through Certificate holders, also including therein (i) Mortgage Loan origination and maturity dates, initial amount and settlement method; and (ii) the registration particulars of the mortgages securing the Mortgage Loans.

Pursuant to section 2 of additional provision one of Royal Decree 716/2009, pass-through certificates may be issued exclusively to be placed among professional investors or pooled in asset securitisation funds. In addition, for the purposes of paragraph two of article 32.1 of Royal Decree 716/2009, the Fund's subscription for and holding of the Pass-Through Certificates shall not be subject to a marginal note on each entry of the mortgage underlying each Mortgage Loan in the Land Registry, given that securitisation funds are considered professional investors, as established in paragraph 3.a) of article 78 b of the Securities Market Act.

- (ii) The Non-Mortgage Loan receivables shall be assigned directly by BBVA to the Fund without any underlying security being issued by means of their sale by BBVA and acquisition by the Fund.

The assignment by BBVA to the Fund of the Loan receivables shall not be notified to either Obligors or third-party guarantors or the insurers with which the Obligors may have entered into the damage insurance contracts, if any, of the properties mortgaged under the Mortgage Loans underlying the Pass-Through Certificates. Where the Loans have other security interests or third-party personal guarantees other than a real estate mortgage, the assignment will not be initially notified either to the custodian of the assets, where that is an undertaking other than the Originator, or to the Obligors' guarantors. Where the Loans have security interests in which the custodian of the pledged assets is the Originator proper, the same shall be deemed to have received notice of the transfer upon appearing at the execution of the Deed of Constitution.

However, in the event of insolvency, administration by the Bank of Spain, liquidation or substitution of the Servicer, or because the Management Company deems it reasonably justified, the Management Company may demand the Servicer to notify Obligors (and third-party guarantors, custodians of the pledged assets and mortgaged property insurers, if any), of the transfer to the Fund of the outstanding Loan receivables, and that payments derived therefrom will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify Obligors and third-party guarantors and mortgaged property insurers, if any, within five (5) Business Days of receiving the request and in the event of the Servicer becoming insolvent, the Management Company itself shall directly or, as the case may be, through a new Servicer it shall have designated, notify Obligors and third-party guarantors, custodians of the pledged assets and mortgaged property insurers, if any.

Similarly and in the same events, the Management Company may request the Servicer to do such things and satisfy such formalities as may be necessary, including third-party notices and entries in the relevant records, in order to guarantee maximum enforceability of the assignment of the Loan receivables and collaterals with respect to third parties, all on the terms given in section 3.7.2.1.7 of this Building Block.

3.3.2 Loan receivables assignment terms.

1. The Non-Mortgage Loan receivables will be assigned and Mortgage Loan Pass-Through Certificates will be issued fully and unconditionally for the entire term remaining from the date on which the Fund is established, until maturity of each Loan.

In accordance with article 348 of the Commercial Code and 1529 of the Civil Code, the Originator will be liable to the Fund for the existence and lawfulness of the Loans, and for the personality with which the assignment and the issue are made, but shall not be liable for the Obligors' solvency.

The Originator shall not bear the risk of Loan default and shall therefore have no liability whatsoever for the Obligors' default of principal, interest or any other Loan amount whatsoever they may owe, and shall not be answerable either for the enforceability of the securities collateral thereto. It will not be howsoever liable either to directly or indirectly guarantee that the transaction will be properly performed, nor give any guarantees or security, nor indeed agree to repurchase or substitute the Loans, saving as provided for in section 2.2.9 of this Building Block.

2. The assignment of Loan receivables shall be made for all the outstanding principal pending repayment on the assignment date, which shall be the date of establishment of the Fund, and for all ordinary interest on each Loan assigned.
3. The Fund shall have rights in and to the Loans from the date on which they are assigned and the Fund is established. Specifically, without limitation and for illustrative purposes only, the assignment shall confer on the Fund the following rights in relation to each Loan:
 - a) To receive all Loan capital or principal repayment amounts accrued.
 - b) To receive all Loan capital ordinary interest amounts accrued. Ordinary interest will also include interest accrued and not due on each Loan from the last interest settlement date, on or before the assignment date, and overdue interest, if any, at that same date.
 - c) To receive all late-payment interest amounts on the Loans.
 - d) To receive any other amounts, assets, properties, securities or rights received as payment of Loan principal, interest or expenses, either in the form of the auction sale price or amount determined by a court decision or notarial procedure in enforcing the mortgage or non-mortgage securities or given as payment in kind, on the sale or utilisation of properties, assets or securities awarded or given as payment in kind or, upon foreclosing, in the administration or interim possession of the properties, assets or securities in foreclosure proceedings.
 - e) To receive all possible rights or compensations on the Loans accruing for the Originator and derived therefrom, including, as the case may be, those derived from the damage insurance contracts, if any, attached to the properties mortgaged by the Mortgage Loans which are also assigned to the Fund, and those derived from any right collateral to the Loans, excluding the fees established for each Loan, which shall remain for the benefit of the Originator.
4. In the event of Loan prepayment upon a full or partial repayment of the capital, there will be no substitution of the affected Loans.
5. The Fund's rights resulting from the Loans shall be linked to payments made by the Obligors and shall therefore be directly affected by the evolution, late payments, prepayments or any other incident in connection therewith.
6. The Fund shall defray any and all expenses or costs advanced or disbursed by the Originator derived from recovery actions in the event of a breach by the Obligors of their obligations, including enforcement proceedings against the same.
7. In the event of renegotiation consented to by the Management Company, for and on behalf of the Fund, of the Loans, or their due dates, the change in the terms shall affect the Fund.
8. Until the execution of the Deed of Constitution, BBVA shall be the beneficiary of the damage insurance contracts entered into by the Obligors in relation to the properties mortgaged as security for the Mortgage Loans, up to the insured amount.

BBVA shall thereupon perfect the assignment attached to the issue of the Pass-Through Certificates of the rights BBVA has as the beneficiary of those damage insurance contracts taken out by the Obligors. As the holder of the Pass-Through Certificates, the Fund shall be entitled to any and all amounts received by BBVA under such agreements.

3.3.3 Loan receivables sale or assignment price.

The price for selling the Non-Mortgage Loan receivables and subscribing for the Pass-Through Certificates shall be at par with the outstanding capital or principal (outstanding balance). The aggregate price payable by the Fund represented by the Management Company to BBVA for the assignment of the Loan receivables shall be an amount equivalent to the sum of (i) the face value of the capital or principal outstanding on each Loan, and (ii) ordinary interest accrued and not due and overdue interest, if any, on each Loan at the assignment date (the “**accrued interest**”).

The Management Company shall pay the total Loan receivables assignment price on behalf of the Fund as follows:

1. The part of the price consisting of the face value of the capital of all Loans, item (i) of paragraph one of this section, shall be paid by the Fund on the Bond Issue Closing Date, for same day value, upon subscription for the Bond Issue and the Start-Up Loan being paid up. BBVA shall receive no interest on deferred payment until the Closing Date.
2. The part of the price consisting of payment of interest accrued on each Loan, item (ii) of paragraph one of this section, shall be paid by the Fund on each collection date, as described in section 3.4.1 below, falling on the first interest settlement date of each Loan. Payment of accrued interest shall be made without regard to the Priority of Payments.

If the establishment of the Fund and hence the assignment of the Loan receivables should terminate, in accordance with the provisions of section 4.4.4.(v) of the Registration Document, (i) the Fund's obligation to pay the total Loan receivables assignment price shall terminate, and (ii) the Management Company shall be obliged to restore to BBVA any rights whatsoever accrued for the Fund upon the Loan receivables being assigned.

3.3.4 Compliance with Royal Decree 216/2008.

In compliance with the provisions of article 40 bis of Royal Decree 216/2008, February 15, in relation to the capital of financial institutions (“**Royal Decree 216/2008**”), introduced by Royal Decree 771/2011, June 3, and of rule fifty-six bis of Bank of Spain Circular 3/2008, May 22, to credit institutions, on determination and control of minimum capital requirements (“**Circular 3/2008**”), added by Bank of Spain Circular 4/2011, November 30, the Originator has notified the Management Company that it shall on an ongoing basis retain a material net economic interest in the Fund on the terms required by the Bank of Spain. In this regard, the Originator has notified the Management Company that “on an ongoing basis” shall be construed in the sense that the net economic interest retained is not covered or sold, other than for adjustments derived from repayment of the Bonds or the Subordinated Loan described below and which do not affect fulfilment of the retention commitment. The Originator shall agree in the Deed of Constitution to include at its website a reference to the location where all the updated details concerning retention of a net economic interest may be found.

Notwithstanding the above, a number of details shall be provided hereinafter in this Prospectus as to such retention. In particular:

- That, pursuant to article 40 bis.1.d) and rule 56bis of Circular 3/2008, the Originator, as originator of the securitisation, shall agree in the Deed de Constitution to retain on an ongoing basis the Subordinated Loan principal (first loss tranche), thereby for the retention to initially equal 18% of the Outstanding Balance of the Loans (securitised exposures) and at all times a ratio of not less than five percent (5%) of the Outstanding Balance of the Loans from time to time, on the terms required to that end by the Bank of Spain.
- That the Originator shall agree in the Deed de Constitution to notify the Management Company, on a quarterly basis, of fulfilment of the retention commitment taken on in order for the latter in turn to post that information at its website www.edt-sg.com. In connection with such notice, the Originator shall explicitly declare that it has not taken any action (credit risk cover, sale, short positions, etc.) undermining the application of the retention requirement.

In compliance with the provisions of paragraph two of article 40 quater of Royal Decree 216/2008 and rule 56bis of Circular 3/2008, the Originator shall make sure that potential investors may readily access all the relevant details in order that they may comply with their due diligence obligations. Accordingly, if the Bonds should be transferred to third parties, whatever the amount transferred may be, the Originator shall include at its website (or any future replacement website), a reference to the location where those details may be found which, to the extent considered relevant, shall include information as to credit quality and evolution of the underlying exposures, cash flows and real securities backing the securitisation exposures, and all such information as may be necessary in order to carry out thorough, documented stress tests with respect to the cash flows and the value of the real securities, if any, backing the underlying exposures.

3.4 Explanation of the flow of funds.

3.4.1 How the cash flow from the assets will meet the Issuer's obligations to holders of the securities.

Loan amounts due to the Fund and received by the Servicer will be paid by the Servicer into the Fund's Treasury Account on the second day after the date on which they are received by the Servicer or the following business day if that is not a business day, and for value on the second calendar day after the date on which they are received by the Servicer, as established in section 3.7.2.1 below.

Quarterly on each Payment Date Bondholders will be paid interest accrued and principal repayment on the Bonds in each Series on the terms set for each of them and in the Priority of Payments given in section 3.4.6.2 of this Building Block.

3.4.2 Information on any credit enhancement.

3.4.2.1 Description of the credit enhancement.

The following credit enhancement transactions are incorporated to the financial structure of the Fund:

- (i) Cash Reserve set up by drawing down the Subordinated Loan.

Mitigates the credit risk derived from Loan delinquency and default and the interest rate risk occurring in the Fund because the Loans are subject to fixed interest and floating interest with benchmark indices and reset and settlement periods differing from the floating interest established for the Bonds based on 3-month Euribor with quarterly accrual and settlement periods.

- (ii) Treasury Account.

Partly mitigates the loss of return on the liquidity of the Fund due to the timing difference between Loan income received daily and until Bond interest payment and principal repayment occurs on the next succeeding Payment Date.

- (iii) Subordination and deferment in interest payment and principal repayment between the Bonds in both Series, derived from their place in the application of the Available Funds as well as the rules for Distribution of Available Funds for Amortisation in the Priority of Payments, or in the application of the Liquidation Available Funds in the Liquidation Priority of Payments, are a means for distinctly hedging the different Series.

3.4.2.2 Cash Reserve.

The Management Company shall set up on the Closing Date a cash reserve (the "**Cash Reserve**") by drawing fully the Subordinated Loan principal and shall subsequently, on each Payment Date, keep the Required Cash Reserve amount provisioned in the Priority of Payments.

The characteristics of the Cash Reserve shall be as follows:

Cash Reserve amount.

1. The Cash Reserve shall be set up on the Closing Date in an amount equal to EUR eighty-four million six hundred thousand (84,600,000.00) (the “**Initial Cash Reserve**”), i.e. 18.00% of the face amount of the Bond Issue.
2. Subsequently to being set up, on each Payment Date, the Cash Reserve shall be provisioned up to the Required Cash Reserve amount established hereinafter out of the Available Funds in the Priority of Payments.

The required Cash Reserve amount on each Payment Date (the “**Required Cash Reserve**”) shall be the lower of:

- (i) EUR eighty-four million six hundred thousand (84,600,000.00).
 - (ii) The higher of:
 - a) 36.00% of the Outstanding Principal Balance of the Bond Issue.
 - b) EUR forty-two million three hundred thousand (42,300,000.00).
3. Notwithstanding the above, the Required Cash Reserve shall not be reduced on the relevant Payment Date and shall remain at the Required Cash Reserve amount on the preceding Payment Date whenever any of the following circumstances concur on the Payment Date:
 - i) That on the Determination Date preceding the relevant Payment Date the amount of the Outstanding Balance of Delinquent Loans is in excess of 1.00% of the Outstanding Balance of Non-Doubtful Loans.
 - ii) That the Cash Reserve is not provisioned up to the Required Cash Reserve amount on the relevant Payment Date.
 - ii) That three (3) years have not elapsed since the date of establishment of the Fund.

Yield.

The Cash Reserve amount shall remain credited to the Treasury Account, and will be remunerated on the terms of the Guaranteed Interest Rate Account (Treasury Account) Agreement.

Application.

The Cash Reserve shall be applied on each Payment Date to satisfying Fund payment obligations in the Priority of Payments and, upon Liquidation of the Fund, in the Liquidation Priority of Payments.

3.4.3 Details of any subordinated debt finance.

3.4.3.1 Subordinated Loan.

The Management Company shall, for and on behalf of the Fund, on the date of establishment of the Fund enter with BBVA into an agreement whereby BBVA shall grant to the Fund a commercial subordinated loan (the “**Subordinated Loan**”) totalling EUR eighty-four million six hundred thousand (84,600,000.00) (the “**Subordinated Loan Agreement**”). The Subordinated Loan amount shall be delivered on the Closing Date and be applied to setting up the Initial Cash Reserve on the terms for which provision is made in section 3.4.2.2 of this Building Block, although granting of the Loan by no means guarantees performance of the Loans.

Subordinated Loan principal shall be repaid on each Payment Date in an amount equal to the positive difference existing between the outstanding Subordinated Loan principal at the Determination Date preceding the relevant Payment Date and the Required Cash Reserve amount at the relevant Payment Date, and in the application priority established for that event in the application of Available Funds in the Priority of Payments.

In the event that the Fund should not have sufficient liquidity to make the relevant Subordinated Loan repayment on a Payment Date, in the Priority of Payments, the portion of principal not repaid shall be repaid on the next succeeding Payment Date along with the amount that should be repaid, as the case may be, on that same Payment Date, until fully repaid.

The Subordinated Loan shall at all events be finally due on the Final Maturity Date or, as the case may be, on the date on which the Management Company proceeds to Early Liquidation subject to the Liquidation Priority of Payments of the Fund.

Outstanding Subordinated Loan principal shall earn floating annual nominal interest, determined quarterly for each Interest Accrual Period, which shall be the result of adding: (i) the Reference Rate determined for the Bonds for each Interest Accrual Period, and (ii) a 0.10% margin. This interest will be payable only if the Fund should have sufficient liquidity in the Priority of Payments or, in the event of liquidation of the Fund, in the Liquidation Priority of Payments. Interest shall be settled and be payable on the expiry date of each Interest Accrual Period on each Payment Date, and shall be calculated based on: (i) the exact number of days in each Interest Accrual Period and (ii) a three-hundred-and-sixty- (360-) day year. The first interest settlement date shall be March 18, 2013.

Interest accrued and not paid on a Payment Date shall not be accumulated to the Subordinated Loan principal and shall not earn late-payment interest.

All Subordinated Loan amounts due and not paid by the Fund because of a shortfall of Available Funds shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments. Payment of amounts not paid on preceding Payment Dates shall take precedence over amounts falling due under the Subordinated Loan on that Payment Date, in the Priority of Payments or, in the event of liquidation of the Fund, in the Liquidation Priority of Payments.

The Subordinated Loan Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to each Series as final ratings by 3pm (CET) on December 27, 2012.

3.4.3.2 Start-Up Loan.

The Management Company shall, for and on behalf of the Fund, on the date of establishment of the Fund enter with BBVA into an agreement whereby BBVA shall grant to the Fund a commercial loan (the "**Start-Up Loan**") totalling EUR seven hundred thousand (700,000.00) (the "**Start-Up Loan Agreement**"). The Start-Up Loan amount shall be delivered on the Closing Date and be allocated to financing the Fund set-up and Bond issue and admission expenses and partly financing assignment of the Loan receivables, at the difference between the total face capital of the Loan receivables and the face amount of the Bond Issue.

Outstanding Start-Up Loan principal will earn annual nominal floating interest, determined quarterly for each Interest Accrual Period, which shall be the result of adding: (i) the Bond Reference Rate determined for each Interest Accrual Period, and (ii) a 0.10% margin. This interest will be payable only if the Fund should have sufficient liquidity in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments, as appropriate. Interest shall be settled and be payable on the expiry date of each interest accrual period on each Payment Date, and shall be calculated based on: (i) the exact number of days in each Interest Accrual Period, and (ii) a three-hundred-and-sixty- (360-) day year. The first interest settlement date shall be March 18, 2013.

Interest accrued and not paid on a Payment Date will not be accumulated to the Start-Up Loan principal and shall not earn late-payment interest.

Start-Up Loan principal will be repaid quarterly on each Payment Date as follows:

- (i) The portion of Start-Up Loan principal actually used to finance the Fund set-up and Bond issue and admission expenses shall be repaid in twelve (12) consecutive quarterly instalments in an equal amount, on each Payment Date, the first of which shall be the first Payment Date, March 18, 2013, and the following until the Payment Date falling on December 18, 2015, inclusive.

- (ii) The portion of Start-Up Loan principal used to partly finance assignment of the Loan receivables and the unused portion, if any, shall be repaid on the first Payment Date, March 18, 2013.

All Start-Up Loan amounts due and not paid by the Fund because of a shortfall of Available Funds shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments. Payment of amounts not paid on preceding Payment Dates shall take precedence over amounts falling due under the Start-Up Loan on that Payment Date, in the Priority of Payments or, in the event of liquidation of the Fund, in the Liquidation Priority of Payments.

The Start-Up Loan Agreement shall not be terminated in the event of the Fund being terminated, in accordance with the provisions of section 4.4.4 (v) of the Prospectus Registration Document. In that event, the Start-Up Loan shall be used to pay the Fund set-up and Bond issue expenses and all other obligations undertaken by the Management Company, for and on behalf of the Fund, originated upon the Fund being established and which are due and payable, and principal repayment shall be deferred and subordinated to satisfaction of those obligations, out of the Fund's remaining resources.

3.4.3.3 Subordination of Series B Bonds.

Series B Bond interest payment and principal repayment is deferred with respect to Series A Bonds, as provided in the Priority of Payments and in the Liquidation Priority of Payments.

Sections 4.6.1 and 4.6.2 of the Securities Note detail the order numbers in the priority of payments of the Fund of Bond interest payment and principal repayment in each Series in the Priority of Payments and in the Liquidation Priority of Payments.

3.4.4 Investment parameters for the investment of temporary liquidity surpluses and parties responsible for such investment.

3.4.4.1 Treasury Account.

The Management Company, for and on behalf of the Fund, and BBVA shall enter into a guaranteed interest rate account agreement (the "**Guaranteed Interest Rate Account (Treasury Account) Agreement**") whereby BBVA will guarantee a certain floating yield on the amounts paid by the Fund through its Management Company into a financial account. The Guaranteed Interest Rate Account (Treasury Account) Agreement shall specifically determine that all amounts received by the Fund will be paid into a financial account in Euros (the "**Treasury Account**") opened at BBVA, in the name of the Fund by the Management Company, which amounts shall mostly consist of the following:

- (i) cash amount received upon subscription for the Bond Issue being paid up;
- (ii) Loan principal repaid and interest collected;
- (iii) any other Loan amounts received payable to the Fund;
- (iv) Subordinated Loan principal drawn down and the Cash Reserve amount from time to time;
- (v) Start-Up Loan principal drawn down;
- (vi) the amounts of the returns obtained on Treasury Account balances; and
- (vii) the amounts, if any, of interim withholdings on the return on investments to be effected on each relevant Payment Date on the Bond interest paid by the Fund, until due for payment to the Tax Administration.

BBVA shall pay an annual nominal interest rate, floating quarterly and settled quarterly, other than for the first interest accrual period, the duration of and the interest settlement for which shall be based on the duration of that period, applicable for each interest accrual period (differing from the Interest Accrual Period established for the Bonds) to the positive daily balances if any on the Treasury Account, equal to the higher of (a) zero (0), and (b) the interest rate resulting from decreasing (i) the Reference Rate

determined for each Bond Interest Accrual Period substantially matching each Treasury Account interest accrual period (ii) by a 0.10% margin, translated to an interest rate based on calendar years (i.e. multiplied by 365, or 366 in leap years, and divided by 360). Interest shall be settled on the date of expiry of each interest accrual period on each Fund Determination Date (the fifth (5th) Business Day preceding each Payment Date), and shall be calculated based on: (i) the exact number of days in each interest accrual period, and (ii) a three-hundred-and-sixty-five (365-) day year or a three-hundred-and-sixty-six (366-) day year if it is a leap year. The first interest accrual period shall comprise the days elapsed between the date of establishment of the Fund and the first Determination Date, March 11, 2013.

In the event that the rating of the long-term unsecured and unsubordinated debt obligations of BBVA or the institution in which the Treasury Account is opened (in both cases, the “**Treasury Account Provider**”) should be downgraded, while Series A Bonds are outstanding, below BBB- by S&P, or, at any time during the life of the Bond Issue, below BBB based on the public rating assigned by DBRS or, where there is no such rating, the internal assessments and/or private ratings made by DBRS (the “**DBRS Rating**”), the Management Company shall, within not more than sixty (60) calendar days from the time of the occurrence of the downgrade below BBB- by S&P or within not more than thirty (30) calendar days from the time of the occurrence of the downgrade below BBB by DBRS, do one of the following to allow a suitable level of security to be maintained with respect to the commitments made in the Guaranteed Interest Rate Account (Treasury Account) Agreement:

- (a) Obtain from an institution with long-term unsecured and unsubordinated debt obligations rated at least as high as BBB- by S&P, if Series A Bonds are outstanding, and/or BBB in accordance with the DBRS Rating (such rating not to be “Under Review (Negative)”), an unconditional, irrevocable, first demand guarantee securing for the Fund, merely upon the Management Company so requesting, prompt payment by the Treasury Account Provider of its obligation to repay amounts credited to the Treasury Account, for such time as the Treasury Account Provider’s debt obligations remain downgraded below BBB- and/or BBB.
- (b) Transfer the Treasury Account to an institution with long-term unsecured and unsubordinated debt obligations rated at least as high as BBB- by S&P, if Series A Bonds are outstanding, and BBB in accordance with the DBRS Rating (such rating not to be “Under Review (Negative)”), and arrange the best possible yield for its balances, which may differ from that arranged with the Treasury Account Provider under the Guaranteed Interest Rate Account (Treasury Account) Agreement.

The Treasury Account Provider shall irrevocably agree to notify the Management Company forthwith upon the occurrence, throughout the life of the Bond issue, of any change or removal of the rating for its unsecured and unsubordinated debt obligations given by the Rating Agencies.

If upon the occurrence of (b) above, BBVA’s long-term unsecured and unsubordinated debt obligations should subsequently be upgraded back to being at least as high as BBB- by S&P, if Series A Bonds are outstanding, and BBB in accordance with the DBRS Rating, the Management Company shall subsequently transfer the balances back to BBVA under the Guaranteed Interest Rate Account (Treasury Account) Agreement.

All costs, expenses and taxes incurred in connection with doing and arranging the above shall be borne by the substituted or secured Treasury Account Provider.

BBVA agrees, forthwith upon a downgrade of the credit rating of the Treasury Account Provider’s unsecured and unsubordinated debt obligations, to use commercially reasonable efforts in order that the Management Company may do either of (a) or (b) above.

3.4.5 Collection by the Fund of payments in respect of the assets.

Asset payment collection management by the Fund is detailed in section 3.7.2.1.2 of the Building Block.

3.4.6 Order of priority of payments made by the Issuer.

3.4.6.1 Source and application of funds on the Bond Closing Date.

The source of the amounts available for the Fund on the Closing Date and their application until the first Payment Date, exclusive, shall be as follows

1. Source: the Fund shall have the following funds:

- a) Bond subscription payment.
- b) Drawdown of Start-Up Loan principal.
- c) Drawdown of Subordinated Loan principal.

2. Application: in turn, the Fund will apply the funds described above to the following payments:

- a) Payment of the price for acquiring the Non-Mortgage Loan receivables and subscribing for the Pass-Through Certificates at their face value.
- b) Payment of the Fund set-up and Bond issue and admission expenses.
- c) Setting up the Initial Cash Reserve.

3.4.6.2 Source and application of funds from the first Payment Date, inclusive, until the last Payment Date or liquidation of the Fund, exclusive. Priority of Payments.

On each Payment Date, other than the Final Maturity Date or upon Early Liquidation of the Fund, the Management Company shall proceed successively to apply the Available Funds and the Available Funds for Amortisation in accordance with the order of priority of payments given hereinafter for each of them (the "Priority of Payments").

3.4.6.2.1 Available Funds: source and application.

1. Source.

The available funds on each Payment Date (the "Available Funds") to meet the payment or withholding obligations listed in section 2 below shall be the following amounts credited to the Treasury Account identified as such by the Management Company (based on information received from the Servicer concerning the items applied):

- a) Loan principal repayment income received during the Determination Period preceding the relevant Payment Date.
- b) Loan ordinary and late-payment interest income received during the Determination Period preceding the relevant Payment Date.
- c) The return received on amounts credited to the Treasury Account.
- d) The Cash Reserve amount on the Determination Date preceding the relevant Payment Date.
- e) Any other amounts received by the Fund during the Determination Period preceding the relevant Payment Date, including those resulting from the sale or utilisation of assets, properties, securities or rights awarded or given as payment in kind for Loans.
- f) Additionally, on the first Payment Date, the remainder upon the Start-Up Loan being drawn down to the extent not used.

Income under a), b) and e) above received by the Fund and credited to the Treasury Account from the Determination Date, exclusive, preceding the relevant Payment Date, inclusive, shall not be included among the Available Funds on the relevant Payment Date, and that amount shall remain credited to the Treasury Account, to be included in the Available Funds on the following Payment Date.

2. Application.

The Available Funds shall be applied on each Payment Date to meeting payment or withholding obligations falling due on each Payment Date in the following order of priority, irrespective of the time of accrual, other than the application established in the 1st place, which may be made at any time as and when due:

1. Payment of the Fund's properly supported taxes and ordinary⁽¹⁾ and extraordinary⁽²⁾ expenses, whether or not they were disbursed by the Management Company, including the management fee due to the latter, and all other expenses and service fees, including those derived from the Paying Agent Agreement, and any Fund set-up and Bond issue and admission expenses not paid from the Closing Date. Only expenses prepaid or disbursed on the Fund's behalf by and Loan amounts reimbursable to the Servicer, provided they are all properly supported, shall be made to the Servicer under the Servicing Agreement in this priority.
2. Payment of interest due on Series A Bonds.
3. Payment of interest due on Series B Bonds unless this payment is deferred to 5th place in the order of priority.

This payment shall be deferred to 5th place when on the Determination Date preceding the relevant Payment Date the cumulative Outstanding Balance of Doubtful Loans since the Fund was established, reckoned at the amount of the Outstanding Balance as at the Doubtful Loan classification date, is in excess of 5.00% of the initial Outstanding Balance of the Loans upon the Fund being established and provided that Series A Bonds have not been and are not to be fully amortised on the relevant Payment Date.

4. Amortisation withholding in an amount equivalent to the positive difference existing at the Determination Date preceding the relevant Payment Date between (i) the Outstanding Principal Balance of the Bond Issue, and (ii) the Outstanding Balance of Non-Doubtful Loans.

Depending on the liquidity existing on each Payment Date, the amount actually applied to Amortisation Withholding shall be included among the Available Funds for Amortisation to be applied in accordance with the rules for Distribution of Available Funds for Amortisation established in section 3.4.6.2.2 below.

5. Payment of interest due on Series B Bonds when this payment is deferred from 3rd place in the order of priority as established therein.
6. Withholding of an amount sufficient for the Required Cash Reserve amount to be maintained.
7. Payment of Subordinated Loan interest due.
8. Repayment of Subordinated Loan principal to the extent amortised.
9. Payment of Start-Up Loan interest due.
10. Repayment of Start-Up Loan principal to the extent amortised.
11. Payment to the Servicer of the fee established in the Servicing Agreement.

In the event that the BBVA should be replaced as Loan Servicer by another institution, payment of the servicing fee shall be moved up to 1st place above, along with the other payments included therein.

12. Payment of the Financial Intermediation Margin.

When accounts payable for different items exist in a same priority order number on a given Payment Date and the Available Funds are not sufficient to settle the amounts due under all of them, the application of the remaining Available Funds shall be prorated among the amounts payable under each such item, and the amount applied to each item shall be distributed in the priority in which the accounts payable fall due.

- (1) The following shall be considered ordinary expenses of the Fund:
- a) Any expenses deriving from mandatory administrative verifications, registrations and authorisations, other than payment of the Fund set-up and Bond issue and admission expenses.
 - b) Rating Agency fees for monitoring and maintaining the Bond ratings.
 - c) Expenses relating to keeping the Bond accounting record representing the Bonds by means of book entries, admission to trading in organised secondary markets and maintaining all of the foregoing.
 - d) Expenses of auditing the annual accounts.
 - e) Bond amortisation expenses.
 - f) Expenses deriving from announcements and notices relating to the Fund and/or the Bonds.

The Fund's ordinary expenses in its first full financial year, including the management fee due to the Management Company and those derived from the Paying Agent Agreement, are estimated at approximately EUR two hundred thousand (200,000.00). Because most of those expenses are directly related to the Outstanding Principal Balance of the Bond Issue and that balance shall fall throughout the life of the Fund, the Fund's ordinary expenses will also fall as time goes by.

- (2) The following shall be considered extraordinary expenses of the Fund:
- a) Expenses, if any, deriving from preparing and perfecting an amendment to the Deed of Constitution and to the agreements, and from entering into additional agreements.
 - b) Expenses required to enforce Loans and their collaterals, and deriving from any recovery actions required.
 - c) Expenses required to manage, administer, maintain, value and dispose of or operate real properties, assets, securities or rights awarded to or given as payment in kind on the Loans.
 - d) Extraordinary expenses of audits and legal advice.
 - e) The remaining amount, if any, of the initial Fund set-up and Bond issue and admission expenses in excess of the Start-Up Loan principal.
 - f) In general, any other extraordinary expenses or costs required or not determined among ordinary expenses borne by the Fund or borne or incurred by the Management Company for and on behalf of the Fund.

3.4.6.2.2 Available Funds for Amortisation: source and application.

1. Source.

The Available Funds for Amortisation on each Payment Date shall be the Amortisation Withholding amount actually applied in fourth (4th) place of the order of priority of payments on the relevant Payment Date.

2. Distribution of Available Funds for Amortisation between each Series.

The Available Funds for Amortisation on each Payment Date shall be sequentially applied firstly to amortising Series A Bonds until fully amortised, and secondly to amortising Series B Bonds until fully amortised.

3.4.6.3 Fund Liquidation Priority of Payments.

The Management Company shall proceed to liquidate the Fund upon the Fund being liquidated on the Final Maturity Date or upon Early Liquidation in accordance with the provisions of sections 4.4.3 and 4.4.4 of the Registration Document, by applying the following available funds (the "**Liquidation Available Funds**"): (i) the Available Funds, and (ii) the amounts obtained by the Fund from time to time upon disposing of the Loan receivables and the remaining assets, in the following order of priority of payments (the "**Liquidation Priority of Payments**"):

1. Reserve to meet the final tax, administrative or advertising termination and liquidation expenses.
2. Payment of the Fund's properly supported taxes and ordinary and extraordinary expenses, whether or not they were disbursed by the Management Company, including the management fee due to the latter, and all other expenses and service fees, including those derived from the Paying Agent Agreement. Only expenses prepaid or disbursed on the Fund's behalf by and Loan amounts reimbursable to the Servicer, provided they are all properly supported, shall be made to the Servicer under the Servicing Agreement in this priority.
3. Payment of interest due on Series A Bonds.
4. Repayment of Series A Bond principal.
5. Payment of interest due on Series B Bonds.
6. Repayment of Series B Bond principal.
7. In the event of the loan being arranged as provided for in section 4.4.3.3.(iii) of the Registration Document, payment of the financial expenses accrued and repayment of principal of the loan taken out.
8. Payment of Subordinated Loan interest due.
9. Repayment of Subordinated Loan principal.
10. Payment of Start-Up Loan interest due.
11. Repayment of Start-Up Loan principal.
12. Payment to the Servicer of the fee established in the Servicing Agreement.

In the event that the BBVA should be replaced as Loan Servicer by another institution, payment of the servicing fee shall be moved up to 2nd place above, along with the other payments included therein.

13. Payment of the Financial Intermediation Margin.

When accounts payable for different items exist in a same priority order number on the Final Maturity Date or upon Early Liquidation and the Liquidation Available Funds are not sufficient to settle the amounts due under all of them, the application of the remaining Liquidation Available Funds shall be prorated among the amounts payable under each such item, and the amount applied to each item shall be distributed in the priority in which the accounts payable fall due.

Additionally, and not included among the Liquidation Available Funds, the Fund shall have, as the case may be, in accordance with the provisions of section 4.4.3.3 (iii) of the Registration Document, the amount drawn under the loan taken out for early amortisation of the Bonds then outstanding, designed only for settling such items (principal and interest).

3.4.6.4 Financial Intermediation Margin.

The Management Company shall, for and on behalf of the Fund, enter with the Originator into a Financial Intermediation Agreement designed to remunerate the Originator for the financial intermediation process carried out, enabling the financial transformation defining the Fund's activity, the assignment to the Fund of the Loan receivables and the ratings assigned to each Bond Series.

The Originator shall be entitled to receive from the Fund a variable subordinated remuneration (the “**Financial Intermediation Margin**”) which shall be determined and shall accrue upon expiry of every quarterly accrual period, which shall comprise, except for the first period, the three calendar months next preceding each Payment Date, in an amount equal to the positive difference, if any, between the income and expenditure accrued by the Fund, including losses, if any, brought forward from previous years, in each period with reference to its accounts and before the close of the last day of the calendar month next preceding every Payment Date. The Financial Intermediation Margin accrued at the close of the months of February, May, August and November, these being the last calendar month in each interest accrual period, shall be settled on the next succeeding Payment Date, provided that the Fund has sufficient liquidity in the Fund Priority of Payments.

Exceptionally: (i) the first Intermediation Margin accrual period shall be comprised between the date on which the Fund is established, inclusive, and February 28, 2013, inclusive, this being the last day in the calendar month preceding the first Payment Date, and (ii) the last Financial Intermediation Margin accrual period shall comprise a) until the Final Maturity Date or the date on which Early Liquidation of the Fund concludes, b) from the last day in the calendar month preceding the Payment Date before the date referred to in a), including a) but not including b). The first Financial Intermediation Margin settlement date shall be the first Payment Date, March 18, 2013.

If the Fund should not have sufficient liquidity on a Payment Date in the Priority of Payments to pay the full Financial Intermediation Margin, the unpaid amount due shall accumulate without any penalty whatsoever on the Financial Intermediation Margin accrued, as the case may be, in the following quarterly period and shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments or, in the event of liquidation of the Fund, in the Liquidation Priority of Payments. Financial Intermediation Margin amounts not paid on preceding Payment Dates shall be paid with priority over the amount payable on the relevant Payment Date.

The Financial Intermediation Agreement shall be fully terminated in the event that the Rating Agencies should not confirm any of the provisional ratings assigned to each Bond Series as final by 3pm (CET) on December 27, 2012.

3.4.7 Other arrangements upon which payments of interest and principal to investors are dependent.

3.4.7.1 Bond Issue Paying Agent.

The Management Company shall, for and on behalf of the Fund, enter with BBVA into a paying agent agreement to service the Bond Issue (the “**Paying Agent Agreement**”).

The obligations to be taken on by BBVA (the “**Paying Agent**”) under this Paying Agent Agreement are summarily as follows:

- (i) On each Bond Payment Date, out of the Fund’s Treasury Account, paying Bond interest and, as the case may be, repaying Bond principal through Iberclear, after deducting the total amount of the interim tax withholding for return on investments to be made by the Management Company, on the Fund’s behalf, in accordance with applicable tax laws.
- (ii) On each Interest Rate Fixing Date, notifying the Management Company of the Reference Rate determined to be used as the basis for the Management Company to calculate the Nominal Interest Rate applicable to each Bond Series.

In the event that the Paying Agent’s long-term unsecured and unsubordinated debt obligations should be downgraded, if Series A Bonds are outstanding, below BB+ by S&P, or, at any time during the life of the Bond Issue, below BBB in accordance with the DBRS Rating, the Management Company shall, within not more than thirty (30) calendar days from the downgrade below BB+ or BBB, after first notifying the Rating Agencies, do one of the following in order for the ratings given to the Bonds by the Rating Agency(ies) not to be adversely affected: (i) obtain from an institution with long-term unsecured and unsubordinated debt obligations rated at least as high as BB+ by S&P, if Series A Bonds are outstanding, and/or BBB (such rating not to be “Under Review (Negative)”) in accordance with the DBRS Rating, an unconditional, irrevocable, first demand guarantee securing for the Fund, merely upon the Management Company so

requesting, the commitments made by the Paying Agent, for such time as the rating remains downgraded below BB+ and/or BBB; or (ii) revoke the Paying Agent's designation as Paying Agent and thereupon designate another institution with long-term unsecured and unsubordinated debt obligations rated at least as high as BB+ by S&P, if Series A Bonds are outstanding, and BBB (such rating not to be "Under Review (Negative)") in accordance with the DBRS Rating, to take its place before terminating the Paying Agent Agreement. Should the Paying Agent be replaced, the Management Company shall be entitled to change the fee payable to the substitute institution, which may be higher than that established with BBVA in the Paying Agent Agreement.

The Paying Agent shall notify the Management Company in the event that it should have its unsecured and unsubordinated debt obligations downgraded by the Rating Agencies.

All costs, expenses and taxes incurred in connection with doing and arranging (i) above shall be borne by the substituted Paying Agent or, as the case may be, the secured institution.

Should the Paying Agent be replaced, the Management Company shall be entitled to change the fee payable to the substitute institution, which may be higher than that established under the original Paying Agent Agreement.

The Paying Agent shall agree, forthwith upon its credit rating being downgraded, to use commercially reasonable efforts in order that the Management Company may do one of the above.

In consideration of the services to be provided by the Paying Agent, the Fund shall pay it on each Payment Date during the term of the agreement, a fee that will be payable provided that the Fund has sufficient liquidity and in the Priority of Payments or, in the event of the Fund being liquidated, the Liquidation Priority of Payments.

In the event that, in the Priority of Payments, the Fund should not have sufficient liquidity to pay said full fee, then the amounts accrued and not paid shall be accumulated without any penalty whatsoever to the fee falling due on the following Payment Date, unless that absence of liquidity should continue, in which case the amounts due shall build up until fully paid on the Payment Date on which they are settled, in the Priority of Payments or, in the event of the Fund being liquidated, in the Liquidation Priority of Payments.

The Paying Agent Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to each Series as final ratings by 3pm (CET) on December 27, 2012.

3.6 Return on and/or repayment of the securities linked to others which are not assets of the Issuer.

Not applicable.

3.7 Administrator, calculation agent or equivalent.

3.7.1 Management, administration and representation of the Fund and of the holders of the securities.

The Management Company, EUROPEA DE TITULIZACIÓN, shall be responsible for managing and being the authorised representative of the Fund, on the terms set in Royal Decree 926/1998, Act 19/1992, failing a provision in Royal Decree 926/1998 and to the extent applicable, and other applicable laws, and on the terms of the Deed of Constitution and the Prospectus.

The Management Company shall discharge for the Fund the functions attributed to it in Royal Decree 926/1998.

It is also the Management Company's duty, as the manager of third-party portfolios, to represent and enforce the interests of the holders of the Bonds issued by the Fund and of all its other ordinary creditors. Consequently, the Management Company shall make its actions conditional on their protection and observe the provisions established for that purpose from time to time. Bondholders and all other ordinary creditors of the Fund shall have no recourse against the Fund Management Company, other than for a breach of its duties or failure to observe the provisions of the Deed of Constitution and the Prospectus.

3.7.1.2 Administration and representation of the Fund.

The Management Company's obligations and actions in fulfilment of its duty to manage and be the authorised representative of the Fund are the following, for illustrative purposes only and without prejudice to any other actions provided in this Prospectus:

- (i) Keeping the Fund's accounts duly separate from the Management Company's own, rendering accounts and satisfying tax and any other statutory obligations of the Fund.
- (ii) Making such decisions as may be appropriate in connection with liquidation of the Fund, including the decision to proceed to Early Liquidation of the Fund and Early Amortisation of the Bond Issue, as provided for in the Deed of Constitution and in this Prospectus. Moreover, making all appropriate decisions in the event of the establishment of the Fund terminating.
- (iii) Complying with its formal, documentary and reporting duties to the CNMV, the Rating Agencies and any other supervisory body.
- (iv) Appointing and, as the case may be, replacing and dismissing the auditor who is to review and audit the Fund's annual accounts.
- (v) Providing Bondholders, the CNMV and the Rating Agencies with all such information and notices as may be prescribed by the laws in force for the time being and specifically as established in the Deed of Constitution and in this Prospectus.
- (vi) Complying with the calculation duties provided for and taking the actions laid down in the Deed of Constitution and in this Prospectus and in the various Fund transaction agreements or in such others as the Management Company may enter into in due course for and on behalf of the Fund.
- (vii) The Management Company may extend or amend the agreements entered into on behalf of the Fund, substitute, as the case may be, each of the Fund service providers on the terms provided for in each agreement, and indeed, if necessary, enter into additional agreements, including a loan agreement in the event of Early Liquidation of the Fund. In any event, those actions shall require that the Management Company notify or first secure the authorisation, if necessary, of the CNMV and notify the Rating Agencies, and provided that such actions are not detrimental to the ratings assigned to the Bonds by the Rating Agencies. In addition, the Management Company may amend the Deed of Constitution, on the terms laid down in article 7 of Act 19/1992, set out in section 4.4.1 of the Registration Document. The Deed of Constitution or the agreements may also be corrected upon a request by the CNMV.

- (viii) Exercising the rights attaching to the ownership of the Non-Mortgage Loan receivables and the Pass-Through Certificates acquired by the Fund and the properties, securities or rights awarded or given to pay for the Loans, and, in general, carrying out all such acts of administration and disposition as may be required for properly servicing, managing and being the authorised representative of the Fund.
- (ix) Checking that the Loan income amount actually received by the Fund matches the amounts that must be received by the Fund, on the terms of assignment of the Loan receivables and on the terms of their respective agreements communicated by the Originator, and that the Loan amounts receivable are provided by the Servicer to the Fund within the time-periods and on the terms provided for under the Servicing Agreement.
- (x) Determining on each Interest Rate Fixing Date and for each Interest Accrual Period thereafter, the Nominal Interest Rate to be applied for each Bond Series and calculating and settling the accrued interest amounts payable on each Payment Date.
- (xi) Calculating and determining on each Determination Date the principal to be amortised and repaid on each Bond Series on the relevant Payment Date.
- (xii) Determining the interest rate applicable to each of the relevant borrowing, lending and hedge transactions and calculating and settling the interest and fee amounts receivable and payable by the Fund under the same, and the fees payable for the various financial services arranged for.
- (xiii) Taking the actions for which provision is made in relation to the debt ratings or the financial position of the Fund counterparties in the financial and service provision agreements listed in section 3.2 of this Building Block.
- (xiv) Watching that the amounts credited to the Treasury Account return the yield set in the Agreement.
- (xv) Calculating the Available Funds, the Available Funds for Amortisation, the Liquidation Available Funds and the payment or withholding obligations to be complied with, and applying the same in the Priority of Payments or the Liquidation Priority of Payments, as the case may be.
- (xvi) Instructing transfers of funds between the various borrowing and lending accounts, and issuing all relevant payment instructions, including those allocated to servicing the Bonds.

3.7.1.3 Resignation and substitution of the Management Company.

The Management Company shall be substituted in managing and representing the Fund, in accordance with articles 18 and 19 of Royal Decree 926/1998 set forth hereinafter and with subsequent rules statutorily established in that connection.

Resignation.

- (i) The Management Company may resign its duties to manage and be the authorised representative of all or part of the funds managed whenever it deems this fit, applying to be substituted in a letter addressed to the CNMV, including a designation of the substitute management company. That letter shall enclose a letter from the new management company, declaring its willingness to take over those duties and applying for the appropriate authorisation.
- (ii) The CNMV's substitution authorisation shall be subject to meeting of the following requirements:
 - (a) The substituted Management Company's delivery of the accounting records and data files to the new management company. That delivery will only be taken to have been made when the new management company is able to fully take over its function and that circumstance is notified to the CNMV.
 - (b) The ratings accorded to the Bonds by the Rating Agencies should not fall as a result of the proposed substitution.

- (iii) The Management Company may in no event resign its duties until and unless all requirements and formalities have been complied with in order for its substitute to take over its duties.
- (iv) The substitution expenses originated shall be borne by the resigning Management Company and may in no event be passed on to the Fund.
- (v) The substitution shall be published within fifteen days by means of a notice inserted in two nationwide newspapers and in the bulletin of the organised secondary market where the Bonds issued by the Fund are listed. Furthermore, the Management Company shall notify the Rating Agencies of that substitution.

Forced substitution.

- (i) In the event that the Management Company should be adjudged insolvent or have its licence to operate as a securitisation fund management company revoked by the CNMV, it shall find a substitute management company, in accordance with the provisions of the foregoing section.
- (ii) In the event for which provision is made in the preceding section, if four months should have elapsed from the occurrence determining the substitution and no new management company should have been found willing to take over management, there shall be Early Liquidation of the Fund and Early Amortisation of the Bond Issue, in accordance with the provisions of this Prospectus and of the Deed of Constitution.

The Management Company agrees to execute such public and private documents as may be necessary for it to be substituted by another management company, in accordance with the system for which provision is made in the preceding paragraphs of this section. The substitute management company shall be substituted in the Management Company's rights and duties under this Prospectus. Furthermore, the Management Company shall hand to the substitute management company such accounting records and data files as it may have to hand in connection with the Fund.

3.7.1.4 Subcontracting.

The Management Company shall be entitled to subcontract or subdelegate to reputable creditworthy third parties the provision of any of the services it has to provide as the manager and authorised representative of the Fund, as established in this Prospectus, provided that the subcontractor or delegated party waives the right to take any action holding the Fund liable. In any event, subcontracting or delegating any service (i) may not result in an additional cost or expense for the Fund, (ii) shall have to be legally possible, (iii) shall not result in the ratings accorded to each Bond Series by the Rating Agencies being downgraded, and (iv) shall be notified to the CNMV and, where statutorily required, first be authorised by the CNMV. Notwithstanding any subcontracting or subdelegation, the Management Company shall not be exonerated or released, under that subcontract or subdelegation, from any of the liabilities undertaken in this Prospectus which may legally be attributed or ascribed to it.

3.7.1.5 Management Company's remuneration.

In consideration of the functions to be discharged by the Management Company, the Fund will pay it a management fee consisting of:

- (i) An initial fee which shall accrue upon the Fund being established and be payable on the Closing Date.
- (ii) A periodic fee on the Outstanding Principal Balance of the Bond Issue, which shall accrue daily from the establishment of the Fund until it terminates and shall be settled and paid by Interest Accrual Periods in arrears on each Payment Date subject to the Priority of Payments or, as the case may be, the Liquidation Priority of Payments. The periodic fee amount on each Payment Date may not be respectively higher or lower than the maximum and minimum amounts determined. The minimum amount shall be cumulatively reset in the same proportion, from the year 2014, inclusive, and be effective from January 1 of each year.

If on a Payment Date, in the Priority of Payments, the Fund should not have sufficient liquidity to settle the above-mentioned fee, the amount due shall accrue interest at the Bond Reference Rate for the relevant Interest Accrual Period. The unpaid amount and interest due shall build up for payment on the fee payable on the following Payment Date, unless that absence of liquidity should continue, in which case the amounts due shall build up until fully paid, in the Priority of Payments or, in the event of the Fund being liquidated, in the Liquidation Priority of Payments.

3.7.2 Servicing and custody of the securitised assets.

BBVA, Originator of the Loan receivables to be assigned to the Fund, as established in article 2.2.b) of Royal Decree 926/1998, and for the Pass-Through Certificates as established in article 23.3 of Royal Decree 716/2009, shall continue as attorney for the Management Company to be responsible for custody and servicing of the Loans, and relations between BBVA and the Fund, represented by the Management Company, shall be governed by the Loan Servicing and Pass-Through Certificate Custody Agreement (the "**Servicing Agreement**") in relation to custody and servicing of the Loans and custody of the Pass-Through Certificate supporting documents.

BBVA (the "**Servicer**" in the Servicing Agreement) shall accept the appointment received from the Management Company and thereby agrees as follows:

- (i) To be the Loan custodian and servicer subject to the system terms and ordinary custody and servicing procedures established in this Prospectus and in the Deed of Constitution.
- (ii) To continue servicing the Loans, devoting the same time and efforts to them as it would devote and use to service its own loans and in any event on the terms for which provision is made in this Prospectus and in the Deed of Constitution.
- (iii) That the procedures it applies and will apply to service and manage the Loans are and will continue to be in accordance with the laws and statutory regulations in force applicable thereto.
- (iv) To full faithfully observe the instructions issued by the Management Company, provided that they observe the provisions of this Prospectus, the Deed of Constitution and the laws for the time being in force.
- (v) To pay the Fund damages and losses resulting from a breach of the obligations undertaken, although the Servicer shall not be liable for actions put in place on the Management Company's instructions.

In any event, the Servicer waives the privileges and authorities conferred on it by law as the manager of collections for the Fund, as servicer of the Loans, and as custodian of the relevant agreements and of the Pass-Through Certificates, and in particular those for which provision is made in articles 1730 and 1780 of the Civil Code and 276 of the Commercial Code.

Any action going beyond the servicing and management duties provided for in the following paragraphs of this section of the Building Block shall require the express authorisation of the Management Company, on behalf of the Fund, and therefore the contents of the following paragraphs shall not be construed as an inclusive list.

If BBVA must be replaced in servicing of the Loans and custody of the documents representing the Pass-Through Certificates, BBVA agrees to carry on discharging its duties until the very moment it is actually replaced, in order that such a replacement is not howsoever detrimental to the Fund and Bondholders.

The Servicer agrees not to take any action whatsoever to hold the Fund liable.

The Servicer will continue being responsible for processing the computer records and maintaining the filing systems relating to the Loans and the Obligors, in accordance with Personal Data Protection Act 15/1999, December 13, and implementing regulations, and shall therefore indemnify the Fund and the Management Company as the representative against any damage resulting therefor.

3.7.2.1 Ordinary system and procedures for servicing and managing the Loans.

1. Custody of deeds, agreements, documents and files.

The Servicer shall keep all Loan deeds, agreements, documents and data files in safe custody and shall not give up their possession, custody or control other than with the Management Company's prior written consent for it to do so, unless a document should be required to institute proceedings to claim a Loan, or any other competent authority should so require informing the Management Company.

All computer records relating to the Loans shall be maintained so that they may be identified and told apart from the records relating to other loans held by the Servicer.

The Servicer shall allow the Management Company or the auditors or other advisers of the Fund duly authorised thereby reasonable access at all times to such deeds, agreements, documents and files. The Servicer shall, in addition, whenever it is asked to do so by the Management Company, provide within two (2) Business Days of that request and free of charge, a copy or photocopy of any of such deeds, agreements and documents.

2. Collection management.

The Servicer shall continue managing collection of all Loan amounts payable by the Obligors and any other item including under the mortgaged property insurance contracts securing the Mortgage Loans. The Servicer shall use all reasonable efforts for payments to be made by the Obligors to be collected in accordance with the contractual terms and conditions of the Loans.

The Servicer shall, as collections manager, receive for the Management Company, on behalf of the Fund, any and all Loan principal repayment and interest and other amounts paid by Obligors owing to the Fund, and shall pay them on a daily basis into a transitory internal account opened at the Servicer. The Servicer will subsequently pay those amounts on the relevant Collection Date, by crediting the Treasury Account.

The Servicer will under no circumstances pay any Loan payment amount whatsoever to the Fund not previously received.

Loan amounts due to and received by the Servicer shall be paid by the Servicer in full into the Fund's Treasury Account on the second day after the day on which they were received by the Servicer, or the following business day if that is not a business day (the "**Collection Dates**"), for same day value. In this connection, business days shall be taken to be all those that are business days in the banking sector in the city of Madrid.

If the DBRS Rating for the Servicer's long-term unsecured and unsubordinated debt obligations should be downgraded below BBB (low), or its rating should be removed, the Servicer shall, within not more than thirty (30) calendar days from the occurrence of that circumstance, do one of the following: (i) find an institution with a sufficient rating to take over its duties as Servicer, (ii) find a back-up servicer, or (iii) post cash collateral to the Fund at a sum in line with the DBRS criteria.

In the event of a downgrade of the credit rating of the Servicer's long-term unsecured and unsubordinated debt obligations below BB+ by S&P, if Series A Bonds are outstanding and within not more than thirty (30) calendar days from the occurrence of that circumstance, triggering a downgrade of the ratings given by S&P to the Bonds, the Servicer shall do one of the following:

- (i) obtain from an institution with long-term unsecured and unsubordinated debt obligations rated at least as high as BB+ by S&P, a first demand guarantee, meeting S&P's criteria in force from time to time, in an amount allowing the Bond ratings given by S&P to be maintained; or
- (ii) post cash collateral to the Fund at an institution with long-term unsecured and unsubordinated debt obligations rated at least as high as BB+ by S&P.

The amount of the guarantee or collateral shall be equivalent to the estimated aggregate amount of the repayment and interest instalments which the Loans would generate during one month from the date of downgrade below BB+ by S&P, calculated with a 12.00% CPR or the historical CPR of the Loans assigned to the Fund if that should be above 12.00%.

Both posting and the amount of the collateral shall have to be confirmed by S&P.

The Fund may only call the guarantee or draw on the amount of the cash collateral to the extent of the Loan amounts, if any, not received from the Servicer owing to the Fund and received by the Servicer and not paid to the Fund.

All costs, expenses and taxes incurred in connection with doing and arranging the above shall be borne by the Servicer.

Notwithstanding the above, in relation to Loan amounts paid by the Obligors, the Servicer shall notify the Management Company of the amount thereof on a daily basis.

If however in exceptional cases the Servicer should not pay in any amount received from the Obligors owing to the Fund on the relevant Collection Date, it shall pay in the amount delayed for value date on the Collection Date when it would have been due in accordance with the provisions of the preceding paragraphs. If due to a transfer of the Treasury Account or for any other reason the delayed amount should not be paid into the Fund for value date as due, the Servicer shall, on each Payment Date, pay to the Fund, for same day value, an amount equivalent to the interest that would have been due to the Fund on the delayed amounts credited to its Treasury Account. The accrual period for that interest, in respect of each of the delayed amounts, shall be taken to be the period elapsed between the Collection Date and the value date on which the Servicer actually made the payment. Interest settlement shall be carried out by the Management Company, on behalf of the Fund, notifying and duly justifying this to the Servicer at least two (2) Business Days before each Payment Date.

The Servicer shall notify the Management Company on a daily basis of the details of the Loan amounts received by sending a software or computer file appropriate for transaction movements.

The Management Company may change the time periods, Collection Dates and method of payment at any time, by written notice to the Servicer at least thirty (30) days before the first Collection Date which is to be affected by the relevant change, in which case it shall advise the Rating Agencies of any such changes.

3. Fixing the interest rate.

In the case of floating-rate Loans, the Servicer shall continue fixing the interest rates applicable in each interest period as established in the respective Loan agreements, submitting such communications and notices as may be established therein.

4. Information.

The Servicer shall regularly communicate to the Management Company the information concerning the individual characteristics of each Loan, fulfilment by the Obligors of their obligations under the Loans, delinquency status, changes in the characteristics of the Loans, and actions for payment in the event of late payment, legal actions and auction of real estate or assets, the foregoing subject to the procedures and with the frequency established in this Prospectus and in the Deed of Constitution.

Furthermore, the Servicer shall prepare and hand to the Management Company such additional information concerning the Loans or the rights attaching thereto as the Management Company may reasonably request, and in particular the documents required for the Management Company, as the case may be, to bring legal actions.

5. Loan subrogation.

The Servicer shall be authorised to permit substitutions in the Obligor's position under the Loan agreements, exclusively where the new Obligor's characteristics are not less creditworthy than those of the former Obligor and those characteristics observe the lending policies described in section 2.2.7 of this Building Block, and further provided that the expenses derived from that change are fully borne by the Obligors. The Management Company may fully or partially limit this authority of the Servicer or set conditions therefor, in the event that those substitutions might adversely affect the ratings accorded to the Bonds by the Rating Agencies.

In relation to the Mortgage Loans, a mortgagor may apply to the Servicer for subrogation under the Mortgage Loans pursuant to Act 2/1994. Subrogation of a new creditor under the Mortgage Loan and the ensuing payment of the amount due shall, as the case may be, result in early amortisation of the respective Pass-Through Certificate.

6. Authorities and actions in relation to Loan renegotiation procedures.

The Servicer may not voluntarily cancel the Loans or their mortgages or security arrangements for any reason other than payment of the Loan, relinquish or settle in regard thereto, forgive the Loans in full or in part or extend the same, or in general do anything that may diminish the legal effectiveness or economic value of the Loans or of the mortgages or security arrangements, without prejudice to its heeding requests by Obligors using the same efforts and procedure as if they were own loans.

Notwithstanding the above, the Management Company, as manager of third-party portfolios and having regard to Obligors' requests to the Servicer directly or under Act 2/1994, may instruct or first authorise the Servicer to agree with the Obligor, subject to the terms and conditions for which provision is made in this section, for a novation changing the relevant Loan, either by an interest rate renegotiation or by an extension of the maturity period, provided in the case of Mortgage Loans that those novations are not detrimental to the mortgage ranking.

Without prejudice to the provisions hereinafter, any novation changing a Loan entered into by the Servicer shall be made exclusively with the prior consent of the Management Company, on behalf of the Fund, and the Servicer agrees to seek such consent from the Management Company as soon as it is aware that an Obligor has requested a change. The Management Company may nevertheless initially authorise the Servicer to entertain and accept Loan interest rate and term renegotiations, without requiring the Management Company's prior consent, subject to the following general enabling requirements:

a) Renegotiating the interest rate.

Loan interest rate may be renegotiated subject to the following rules and limitations:

1. The Servicer may under no circumstances entertain on its own account, and without being so requested by the Obligor, interest rate renegotiations which may result in a decrease in the interest rate applicable to a Loan. The Servicer shall, without encouraging interest rate renegotiation, act in relation to such renegotiation bearing in mind the Fund's interests at all times.
2. Subject to the provisions of paragraphs 3 and 4 below, the Servicer may renegotiate the Loan interest rate clause on terms that are deemed to be at arm's length and that do not differ from those applied by the actual Servicer in renegotiating or granting its floating- and fixed-rate credits and loans. For these purposes, arm's length interest rate shall be deemed to be the rate offered by the Servicer in the Spanish market for loans or credit facilities granted to enterprises in an amount and on terms substantially similar to the renegotiated Loan.
3. The fixed rate of a Loan shall under no circumstances be renegotiated down in the event that the average interest rate of all fixed-rate Loans weighted by the outstanding capital of each fixed-rate Loan is below 5.00%.

4. Timely renegotiation of the interest rate applicable to a floating-rate Loan may in no case occur in the event that (i) the change is to a floating interest rate with a benchmark index for determination other than Euribor or Mibor or mortgage market reference rates or benchmark indices, established in section 3 of rule six bis of Bank of Spain Circular no. 8/1990, September 7 (or any replacement law), and (ii) the average margin or spread weighted by the outstanding principal of outstanding floating-rate Loans is not in excess of 50 percentage basis points above the Euribor or Mibor benchmark rates or index. For the purposes prescribed in this section, the provisions of section 5 below shall govern in the case of Loans having benchmark indices other than the Euribor or Mibor rates or indices in regard to consistency with reference to margin over a Euribor or Mibor benchmark index.

The Management Company may, on the Fund's behalf, at any time during the term of the Servicing Agreement, cancel, suspend or modify the Servicer's authorisation previously granted for it to renegotiate the interest rate.

b) Extending the period of maturity.

The final maturity or final amortisation date of the Loans may be deferred ("**extending the term**") subject to the following rules and limitations:

- (i) The Servicer may in no case entertain on its own account, i.e. without it being so requested by the Obligor, a change in the final maturity date of the Loan which may result in an extension thereof. The Servicer, without encouraging an extension of the term, shall act in relation to such extension bearing in mind the Fund's interests at all times.
- (ii) The aggregate of the capital or principal assigned to the Fund of the Loans with respect to which the maturity date is extended may not exceed 10% of the face amount of the Bond Issue.
- (iii) The term of a specific Loan may be extended provided that the following requirements are met:
 - a) That the same Loan capital or principal repayment instalment frequency is at all events maintained or increased and the same repayment system is maintained or, in the case of a single repayment (bullet loans), a periodic instalment repayment system is adopted.
 - b) That the new final maturity or final repayment date does not extend beyond November 17, 2040.

The Management Company may, on the Fund's behalf, at any time during the term of the Servicing Agreement, cancel or suspend or amend the Servicer's power to extend the term.

If there should be any renegotiation of the interest rate of a Loan or its due dates, the Servicer shall forthwith notify the Management Company of the terms resulting from each renegotiation. Such notice shall be made through the software or data file provided for the terms of the Loans to be updated.

In the event of a renegotiation of the interest rate of the Loans or their due dates, consented to by the Management Company, for and on behalf of the Fund, the change in the terms shall affect the Fund.

The contractual documents supporting the novation of the renegotiated Loans will be kept by the Servicer, in accordance with the provisions of paragraph 2 of this section.

7. Action against Obligor in the event of Loan default.

Actions in the event of late payment.

The Servicer shall use the same efforts and procedure for claiming overdue Loan amounts it applies for the rest of its portfolio loans.

In the event of default of payment obligations by the Obligor, the Servicer shall do the things described in paragraph 4 Recoveries of section 2.2.7 of this Building Block, taking for that purpose the steps it would ordinarily take if they were its own portfolio loans and in accordance with standard banking usage and practice for collecting overdue amounts, and shall be bound to advance such expenses as may be necessary for those actions to be taken, without prejudice to its right to be reimbursed by the Fund. Needless to say, these actions include all such legal and other actions as the Servicer may deem necessary to claim and collect the amounts due by the Obligors or their guarantors.

Legal actions.

The Servicer shall, using its fiduciary title to the Loans or using the power referred to in the following paragraph, take all relevant actions against Obligors failing to meet their Loan payment obligations and against guarantors, if any. Such an action shall be brought using the appropriate court enforcement procedures prescribed in articles 517 et seq. of the Civil Procedure Act.

In the above connection and for the purposes prescribed in articles 581.2 and 686.2 of the Civil Procedure Act, and in the event that this should be necessary, the Management Company shall confer in the Deed of Constitution as full and extensive a power of attorney as may be required at Law on BBVA in order that the latter may, acting through any of its attorneys properly empowered for those purposes, on the Management Company's instructions, for and on behalf of the Fund, or in its own name but for the Management Company as the Fund's authorised representative, demand in or out of court that any Loan Obligor and guarantors, if any, pay the debt and take legal action against the same, in addition to other authorities required to discharge its duties as Servicer. These authorities may be extended and amended in another deed if necessary or appropriate.

The Servicer shall generally commence the relevant legal proceedings, if, for a period of seven (7) months, a Loan Obligor having failed to honour his or her or its payment obligations should not resume payments to the Servicer and the latter, with the Management Company's consent, should not obtain a payment commitment satisfactory to the Fund's interests. In the event of Loan default, the payment agreements and their terms shall not be subject to the terms and calculation established in section 6 above, other than the latest final maturity date of November 17, 2040. The Servicer shall therefore forthwith proceed to file an executive action if the Management Company, acting for the Fund, and after analysing the specific circumstances of the case, should deem this necessary.

If however in accordance with the above the Servicer should fail to file the recovery action without there being proper reasons therefor, the Management Company may, on behalf of the Fund, proceed directly to commence the appropriate legal proceedings to fully claim the debt.

In the event that the proceedings commenced by the Servicer should be stopped without there being proper reasons therefor, the Management Company may, as the case may be, on behalf of the Fund, take over from the latter and continue with the legal proceedings.

In addition to the Servicer's legal actions against Obligors as provided for above in this section, the Management Company, for the Fund, may also take action against Obligors who are in breach of their Loan payment obligations and against guarantors, if any. That action shall be brought observing the formalities for the relevant legal procedure in accordance with the provisions of the Civil Procedure Act, satisfying, as the case may be, the requirements as to right of action allowing that to be done.

If this should be legally required, and for the purposes prescribed in the Civil Procedure Act, BBVA shall confer in the Deed of Constitution as full and extensive an irrevocable power of attorney as may be required at Law in order for the Management Company, acting for and on behalf of BBVA, to demand through a notary public any Loan Obligor to pay the debt.

1. As for the Mortgage Loans, in the event of default by any Obligor, the Management Company, acting for and on behalf of the Fund, shall have the following remedies currently provided for mortgage participation certificates in article 31 of Royal Decree 716/2009, which also apply to pass-through certificates:
 - (i) To demand the Servicer to apply for foreclosure.
 - (ii) To take part on an equal standing with the Servicer, as issuer of the Pass-Through Certificates, in the foreclosure the latter shall have instituted against the Obligor, intervening to that end in any foreclosure proceedings commenced by the former.
 - (iii) If the Servicer should fail to take that action within sixty (60) business days of a notice served through a Notary demanding payment of the debt, the Management Company shall, for and on behalf of the Fund, be secondarily entitled to apply for Mortgage Loan foreclosure claiming both principal and interest.
 - (iv) In the event that the proceedings instituted by the Servicer should come to a standstill, the Fund, duly represented by the Management Company, may be subrogated to the position of the former and continue the foreclosure proceedings, without the above period having to elapse.

In the events provided in (iii) and (iv) above, the Management Company may, for and on behalf of the Fund, apply to the Judge or Notary with jurisdiction to commence or continue the respective foreclosure proceedings, attaching to the application the original Pass-Through Certificate, the notice served through a Notary Public provided for in (iii) above and an office certificate as to mortgage registration and subsistence. The Servicer shall be bound to issue a certification of the balance outstanding on the Mortgage Loan.

The Management Company, for and on behalf of the Fund as holder of the Pass-Through Certificates, may also take part on an equal standing with the Servicer in the foreclosure proceedings and may in this sense, on the terms for which provision is made in the Civil Procedure Act, request the award of the mortgaged property as Mortgage Loan payment.

2. In the event of default by the Obligor (or third-party guarantors, if any) of Non-Mortgage Loan payment obligations, the Management Company, acting for the Fund, shall have an executive action against those Obligors (and third-party guarantors, if any), taking the steps provided for such proceedings in the Civil Procedure Act (articles 517.4 and 517.5).
3. In the event of default by the Obligor (or third-party guarantors, if any) of payment obligations of Loans secured with pledges, the Management Company, acting for the Fund, shall avail of an action to enforce those pledges, after entering, as the case may be, the assignment of the respective Loan in the relevant register. In particular:
 - a) In the case of Loans secured with a money pledge, and subject to delivery, as the case may be, of the bank-book, passbook, receipt or public deed supporting the pledged credit right or entry or recording therein or in the relevant originals, protocols or records concerning transfer of the pledge, the enforcement means provided for in the agreement proper, in the Civil Procedure Act and in the Civil Code (article 1872).
 - b) In the case of Loans secured with a pledge in units in investment funds (in book-entry form), and after first entering the assignment of the security in the register of the institution in charge of the book record of the units, the enforcement means provided for in the agreement proper, in the Civil Procedure Act and in the Civil Code (article 1872).
 - c) In the case of Loans secured with a pledge of listed securities, without limitation, a request may be made for the certifications referred to in articles 18 to 21 of Book Entries and Stock Exchange Transaction Clearing and Settlement Royal Decree 116/1992, February 14, to be provided.

The description of the above actions and procedures shall not imply a waiver by the Servicer or the Management Company of any other court or out-of-court actions or procedures whatsoever available against the Obligor or any guarantors or other third parties, if any, to recover the amounts due or keep in place or enforce the Loan security arrangements.

The Servicer shall, in mortgage foreclosure events, where the Land Registry contains entries regarding the real estate secured with the mortgage under which action is taken in respect of mortgages senior to the latter mortgage which however have been repaid, previously to or upon the action being brought, do all such things as shall be appropriate at law and in court in order for the Land Registry to match the legal reality outside the Registry. In the event that the relevant documents are available, then the procedure shall be as provided for in article 40 and in Title IV of the Mortgage Act, and the procedure shall otherwise be as provided for in article 209 of that Act.

The Servicer agrees to promptly advise of payment demands, legal actions and any and all other circumstances affecting collection of overdue Loans amounts. Furthermore, the Servicer will provide the Management Company with all such documents as the latter may request in relation to said Loans and in particular the documents required for the Management Company to take legal actions, as the case may be.

8. Mortgage Loan mortgaged property damage insurance.

The Servicer shall not take or fail to take any action resulting in cancellation of any fire and damage insurance policy covering the Mortgage Loan mortgaged properties or reducing the amount payable in any claim thereunder. The Servicer shall use all reasonable efforts and in any event use the rights conferred under the insurance policies or the Mortgage Loans in order to keep those policies in full force and effect in relation to each Mortgage Loan and the respective mortgaged property, although the validity of such damage insurance is not supported in the Servicer's databases.

Whenever the Servicer receives notice of non-payment of policy premiums by any Obligor the Servicer may demand the Obligor to pay the same and indeed take out fire and damage insurance on the Obligor's behalf where it is able to do so under the Mortgage Loan deed, advancing payment of the premiums, without prejudice to being reimbursed by the Obligor for amounts so paid.

In the event of a claim, the Servicer shall coordinate actions for collecting compensations derived from the property damage insurance policies on the terms and conditions of the Mortgage Loans and the actual policies, paying the amounts received to the Fund.

9. Set-off.

In the exceptional event that any Loan Obligor should have a liquid receivable, due and payable vis-à-vis the Servicer, and because the assignment is made without the Obligor being aware, any Loan should be fully or partially set-off against that receivable, the Servicer shall remedy that circumstance or, if it cannot be remedied, proceed to pay to the Fund the amount set off plus accrued interest which would have been payable to the Fund until the date on which payment is made, calculated on the terms applicable to the relevant Loan.

10. Subcontracting and Non-Exclusive Services.

The Servicer may subcontract any of the services it may have agreed to provide under the Servicing Agreement and described in this Prospectus and in the Deed of Constitution other than those that may not be so delegated in accordance with the laws in force for the time being. That subcontracting may in no event result in an additional cost or expense for the Fund or the Management Company, and may not result in the ratings assigned to each Bond Series by the Rating Agencies being downgraded. Notwithstanding any subcontracting or subdelegation, the Servicer shall not be excused or released under that subcontract or subdelegation from any of the liabilities undertaken in the Servicing Agreement which may legally be attributed or ascribed to it.

The Servicer may provide services similar to those referred to in this Agreement to other persons, firms or companies engaging in a business similar to or competitive with the business of the Management Company, or servicing other Asset Securitisation Funds.

11. Auction and award of real property and other assets.

The Servicer agrees to notify the Management Company of the places, dates, terms and valuation of the real estate mortgaged as security for the Mortgage Loans and of the assets attached as security for the Loans, auctions scheduled, and proposed action and bid, in suitable advance in order that the Management Company may put in place such actions as it shall see fit and submit instructions on the subject to the Servicer in suitable time.

The Servicer agrees to attend auctions of real property and other assets, but shall thereat abide at all times by the instructions it shall have received from the Management Company, and shall therefore only tender a bid or apply for the award of the real property or asset to the Fund, in pursuance of the instructions received from the Management Company.

In the event of real estate or other assets being awarded to the Fund, the Management Company shall proceed, through the Servicer or as the case may be directly, to take possession of and safekeep and sell the same within the shortest possible space of time and at arm's length.

3.7.2.2 Term and substitution.

The services shall be provided by the Servicer until all the obligations undertaken by the Servicer as Originator of the Loans assigned to the Fund terminate, once all the Loans have been repaid, or when liquidation of the Fund concludes after it terminates, without prejudice to a possible early revocation of its appointment in accordance with the provisions of the following paragraphs.

In the event of insolvency of the Servicer or administration by the Bank of Spain or in the event of a breach by the Servicer of the obligations described in this Prospectus and in the Deed of Constitution imposed on the Servicer under the Servicing Agreement or in the event of the credit rating of the Servicer's unsecured and unsubordinated debt obligations being downgraded or lost or its financial circumstances changing to an extent that may be detrimental to or place the financial structure of the Fund or Bondholders' rights and interests at risk, the Management Company may, in addition to demanding the Servicer to fulfil the obligations laid down in the Servicing Agreement, proceed, where this is legally possible, inter alia and after notifying the Rating Agencies, to do any of the following in order for there to be no detriment to the ratings assigned to the Bonds by the Rating Agencies: (i) demand the Servicer to subcontract or subdelegate to another institution the performance of obligations and undertakings made in the Servicing Agreement and described in this Prospectus and in the Deed of Constitution; (ii) have another institution with sufficient credit rating and quality in order for there to be no detriment to the ratings assigned to the Bonds by the Rating Agencies secure all or part of the Servicer's obligations; (iii) post cash or securities collateral to the Fund in an amount sufficient to secure all or part of the Servicer's obligations, and (iv) terminate the Servicing Agreement, in which case the Management Company shall previously designate a new Servicer with sufficient credit quality in order for there to be no detriment to the ratings assigned to the Bonds by the Rating Agencies and accepting the obligations contained in the Servicing Agreement and described in this Prospectus and in the Deed of Constitution or, as the case may be, in a new servicing agreement. In the event of insolvency of the Servicer, only (iv) above shall be valid. Any additional expense or cost derived from the aforesaid actions shall be covered by the Servicer and at no event by the Fund or the Management Company.

Furthermore, in the event of insolvency, administration by the Bank of Spain, liquidation or substitution of the Servicer or because the Management Company deems this reasonably justified, the Management Company may demand the Servicer to notify Obligors (and third-party guarantors, custodians of the pledged assets or the Mortgage Loan mortgaged property insurers, if any) of the transfer to the Fund of the outstanding Loan receivables, and that payments thereunder will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify Obligors and third-party guarantors, custodians of the pledged assets and Mortgage Loan mortgaged property insurers, if any, within five (5) Business Days of receiving the request and in the event of insolvency or liquidation of the Servicer, the Management Company itself shall notify Obligors and third-party guarantors, custodians of the pledged assets and Mortgage Loan mortgaged property insurers, if any, directly or, as the case may be, through a new Servicer it shall have designated.

Similarly, and in the same events, the Management Company may request the Servicer to do such things and satisfy such formalities as may be necessary, including third-party notices and entries in the relevant accounting records, in order to guarantee maximum efficiency of the assignment of Loan receivables and collaterals with respect to third parties, all on the terms given in section 3.7.2.1.7 of this Building Block.

The Servicer agrees to deliver to the Management Company the personal details of the Obligors and of third-party credit support providers and insurers, if any, as required in order to serve notice on the same.

Upon early termination of the Servicing Agreement as established in the preceding paragraphs, the outgoing Servicer shall provide the new Servicer, on demand by the Management Company and as determined thereby, with the necessary documents and data files it may have in order for the new Servicer to carry on the relevant activities.

The Servicing Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to each Series as final ratings by 3pm (CET) on December 27, 2012.

3.7.2.3 Liability of the Servicer and indemnity.

The Servicer shall at no time have any liability whatsoever in relation to the Management Company's obligations as manager of the Fund and manager of Bondholders' interests, nor in relation to the Obligors' Loan obligations, without prejudice to the liabilities undertaken thereby in the Deed of Constitution as Originator of the Loan receivables acquired by the Fund.

The Servicer agrees to indemnify the Fund or its Management Company for any damage, loss or expense resulting for the same due to any breach by the Servicer of its Loan custody, servicing, management and reporting, loan default recovery actions and Pass-Through Certificate custody obligations, established in this Prospectus and in the Deed of Constitution.

The Management Company shall, for and on behalf of the Fund, have an enforcement action against the Servicer where the breach of the obligation to pay to the Fund any and all principal repayment and interest and other Loan amounts owing to the Fund paid by the Obligors does not result from the Obligors' default and is attributable to the Servicer.

Upon the Loans terminating, the Fund shall, through its Management Company, retain a right of action against the Servicer until fulfilment of its obligations.

Neither Bondholders nor any other creditor of the Fund shall have any direct right of action whatsoever against the Servicer; that action shall lie with the Management Company, as the representative of the Fund, who shall have that action on the terms described in this section.

3.7.2.4 Servicer's remuneration.

In consideration of its Loan custody, servicing and management and Pass-Through Certificate supporting document custody, the Servicer shall be entitled to receive in arrears on each Payment Date during the term of the Servicing Agreement, a servicing fee, which shall accrue on the exact number of days elapsed in each Determination Period preceding the Payment Date. If BBVA should be replaced in that servicing task, the Management Company will be entitled to change the fee for the new Servicer, which may be in excess of that agreed with BBVA. The servicing fee will be paid on the relevant Payment Date provided that the Fund has sufficient liquidity in the Priority of Payments or, in the event of liquidation of the Fund, in the Liquidation Priority of Payments.

If the Fund should fail, through its Management Company, due to a liquidity shortfall in the Fund Priority of Payments, to pay on a Payment Date the full fee due to the Servicer, overdue amounts shall accumulate without any penalty whatsoever on the fee payable on the following Payment Dates, until fully paid.

In relation to any and all amounts due to the Fund under the Servicing Agreement, the Servicer expressly and irrevocably waives any right to set-off against the Fund which it might otherwise avail of under articles 1195 et seq. of the Civil Code.

Furthermore, on each Payment Date, the Servicer shall be entitled to reimbursement of all Loan servicing and management expenses of an exceptional nature incurred, such as in connection with legal and/or recovery actions, including procedural expenses and costs, or managing and overseeing the sale of assets or properties, if any, awarded to the Fund, after first justifying the same. Those expenses will be paid whenever the Fund has sufficient liquidity and in the Priority of Payments or, in the event of liquidation of the Fund, in the Liquidation Priority of Payments.

3.7.2.5 Out-of-pocket expenses.

The Servicer shall be bound to advance such amounts as may be necessary to keep in force the property insurance policies of the mortgaged properties awarded to the Fund and such others as may be required in order to proceed to claim in or out of court the amounts due by the Obligors.

The Management Company shall for its part be bound, on behalf of the Fund, to reimburse the Servicer, on the Bond Payment Dates and subject to proper evidence being first produced thereof, for any such amounts, or for serving and managing the sale of the assets or properties awarded to the Fund and any other exceptional out-of-pocket expense incurred as a result of the provision of the services laid down in this Agreement, and subject to the Priority of Payments or, in the event of the Fund being liquidated, the Liquidation Priority of Payments of the Fund.

If the Fund, through its Management Company, should, due to a shortage of liquidity, fail to pay on a Payment Date all the out-of-pockets paid by the Servicer, the unpaid amounts shall be settled without any penalty whatsoever on the following Payment Dates, until reimbursed in full.

The Fund shall be bound to return to the Servicer any amounts howsoever described received from the same and which were actually due to the Servicer, subject to the Priority of Payments or, as the case may be, the Liquidation Priority of Payments of the Fund.

3.8 Name, address and brief description of any swap, credit, liquidity or account counterparties.
