RISK FACTORS

1

Risks derived from the issuer's legal nature and operations.

a) Nature of the Fund and obligations of the Management Company.

BANKINTER EMPRESAS 1 FONDO DE TITULIZACIÓN DE ACTIVOS (the “Fund” and/or the “Issuer”) is a separate closed-end fund devoid of legal personality and is managed by a management company, EUROPEA DE TITULIZACIÓN S.A. SOCIEDAD GESTORA DE FONDOS DE TITULIZACIÓN (the “Management Company”), in accordance with Royal Decree 926/1998, regulating asset securitisation funds and securitisation fund management companies (“Royal Decree 926/1998”). The Fund shall be liable only for its obligations to its creditors with its assets.

The Management Company shall discharge for the Fund the functions attributed to it in Royal Decree 926/1998, which include enforcing Bondholders' interests as the manager of third-party portfolios. There shall be no syndicate of bondholders. Therefore, the capacity to enforce Bondholders' interests shall depend on the Management Company's means.

b) Forced substitution of the Management Company.

In accordance with article 19 of Royal Decree 926/1998, where the Management Company is adjudged insolvent or has its licence to operate as a securitisation fund management company revoked by the Comisión Nacional del Mercado de Valores (*National Securities Market Commission*) (the “CNMV”), it shall find a substitute management company. In any such event, if four months should have elapsed from the occurrence determining the substitution and no new management company should have been found willing to take over management, the Fund shall be liquidated early and the Bonds issued by the same shall be redeemed, in accordance with the provisions of the Deed of Constitution and of this Prospectus.

c) Limitation of actions against the Management Company.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against Loan Obligors who may have defaulted on their payment obligations or against the Originator. Any such recourse may be used by the Management Company, representing the Fund.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against the Fund or against the Management Company in the event of non-payment of amounts due by the Fund resulting from the existence of default or in the event of Loan prepayment, a breach by the Originator of its obligations or by the counterparties to the transactions entered into for and on behalf of the Fund, or shortfall of the financial hedging transactions for servicing the Bonds in each Series.

Bondholders and all other ordinary creditors of the Fund shall have no recourse whatsoever against the Fund Management Company other than as derived from breaches of its duties or inobservance of the provisions of the Deed of Constitution and of this Prospectus. Those actions shall be resolved in the relevant ordinary declaratory proceedings depending on the amount claimed.

d) Applicability of the Bankruptcy Act.

Both BANKINTER, S.A. (the “Originator”) and the Management Company may be declared insolvent.

Pursuant to Additional Provision 5 of Act 3/1994, April 14, adapting Spanish laws in the matter of Credit Institutions to the Second Banking Coordination Directive (“Act 3/1994”), the assignment to the Fund of the Mortgage Loan receivables by issuing Pass-Through Certificates and of the Non-Mortgage Loan receivables can only be rescinded or contested as provided for in article 71 of the Bankruptcy Act by the receivers, who shall have to prove the existence of fraud.

Notwithstanding that, in the event that the public deed of constitution should be deemed to satisfy the requirements set in Additional Provision 3 of Act 1/1999, the assignment to the Fund of the Non-Mortgage Loan receivables could be liable to be rescinded in accordance with the general system provided for under article 71 of the Bankruptcy Act. However, that same article 71 specifically provides under paragraph 5 that transactions made at arm's length in the Originator's ordinary course of business cannot be rescinded under any circumstances.

In the event of insolvency of the Management Company, it must be replaced by another management company in accordance with the provisions of article 19 of Royal Decree 926/1998.

2 Risks derived from the securities.

a) Issue Price.

The Bond Issue is made with the intention of being fully subscribed for by the Originator in order to have liquid assets available which may be used as security for Eurosystem transactions or subsequently be sold in the market, and, consequently, the terms of the Bond Issue are not an estimate of the prices at which those instruments could be sold in the secondary market or of the Eurosystem's valuations in due course for the purpose of using them as security instruments in its lending transactions to the banking system.

b) Liquidity.

Given that the Originator will fully subscribe for the Bond Issue and in the event that the Bonds should hereafter be fully or partially disposed of, there is no assurance that the Bonds will be traded on the market with a minimum frequency or volume.

In addition, there is no undertaking that any institution will be involved in secondary trading, giving the Bonds liquidity by offering consideration.

Moreover, the Fund may in no event repurchase the Bonds from Bondholders. Nevertheless, the Bonds may be fully subject to early amortisation in the event of Early Liquidation of the Fund, on the terms laid down in section 4.4.3 of the Registration Document.

c) Yield.

Calculation of the yield (internal rate of return) of the Bonds in each Series contained in section 4.10 of the Securities Note is subject, inter alia, to assumed constant Loan prepayment and delinquency rates that may not be fulfilled, and to future market interest rates, given the floating nature of the Nominal Interest Rate of each Series.

With the assumed data given in section 4.10 of the Securities Note, Series B and C Bond interest payment would not be deferred.

d) Duration.

Calculation of the average life and duration of the Bonds in each Series contained in section 4.10 of the Securities Note is subject to fulfilment of Loan repayment and to assumed Loan prepayment rates that may not be fulfilled. Loan repayment performance is influenced by a number of economic and social factors such as market interest rates, the Obligors' financial circumstances and the general level of economic activity, preventing their predictability.

e) Late-payment interest.

Late interest payment or principal repayment to holders of Bonds in any Series shall under no circumstances result in late-payment interest accruing to their favour.

f) Subordination of the Bonds.

Series B Bond interest payment is deferred with respect to Series A Bonds, as provided in the Priority of Payments and in the Liquidation Priority of Payments. Series C Bond interest payment is in turn

deferred with respect to Series A and Series B Bonds, as provided in the Priority of Payments and in the Liquidation Priority of Payments.

Series B Bond principal repayment is deferred with respect to Series A Bonds, saving the provisions of section 4.9.3.5 of this Securities Note in relation to the Conditions for Pro Rata Amortisation of Series A, B and C principal, as provided in the Priority of Payments and in the Liquidation Priority of Payments.

Series C Bond principal repayment is in turn deferred with respect to Series A and Series B Bonds, saving the provisions of section 4.9.3.5 of this Securities Note in relation to the Conditions for Pro Rata Amortisation of Series A, B and C principal, as provided in the Priority of Payments and in the Liquidation Priority of Payments. However, there is no certainty that these subordination rules will protect Series A, B and C Bondholders from the risk of loss.

The subordination rules among the different Series are established in the Priority of Payments and in the Liquidation Priority of Payments in accordance with section 3.4.6 of the Building Block.

g) Deferment of interest.

This Prospectus and the other supplementary documents relating to the Bonds provide for deferment of Series B and C Bond interest payment in the event of the circumstances provided for in section 3.4.6.2.1.2 of the Building Block occurring.

Series A Bond interest is not subject to these interest deferment rules.

h) Bond Rating.

The credit risk of the Bonds issued by the Fund has been assessed by the rating agency Moody's Investors Service España S.A. (the "**Rating Agency**").

The Rating Agency may revise, suspend or withdraw the final ratings assigned at any time, based on any information that may come to its notice.

These ratings are not and cannot therefore be howsoever construed as an invitation, recommendation or encouragement for investors to proceed to carry out any transaction whatsoever on the Bonds and, in particular, acquire, keep, charge or sell those Bonds

i) Ratings not confirmed.

The Rating Agency's failure to confirm the provisional ratings given to the Bonds by 2pm (CET) on March 17, 2009 shall be an event of termination of the establishment of the Fund and the Bond Issue.

3 Risks derived from the assets backing the issue.

a) Risk of default on the Loans.

Bondholders shall bear the risk of default on the Loans pooled in the Fund.

BANKINTER, as Originator, shall have no liability whatsoever for the Obligors' default of principal, interest or any other amount they may owe under the Loans. Under article 348 of the Commercial Code, BANKINTER would be liable to the Fund exclusively for the existence and lawfulness of the Loans, and for the personality with which the assignment of the Non-Mortgage Loan receivables and the issue of the Mortgage Loan Pass-Through Certificates are made. BANKINTER will have no liability whatsoever to directly or indirectly guarantee that the transaction will be properly performed nor give any guarantees or security, nor indeed agree to repurchase the Non-Mortgage Loan receivables or the Pass-Through Certificates, other than the undertakings contained in section 2.2.9 of the Building Block regarding substitution or redemption of Non-Mortgage Loan receivables or Pass-Through Certificates failing to conform, upon the Fund being established, to the representations given in section 2.2.8 of the Building Block.

b) Limited Liability.

The Bonds issued by the Fund neither represent nor constitute an obligation of BANKINTER or the Management Company. No other guarantees have been granted by any public or private organisation whatsoever, including BANKINTER, the Management Company and any of their affiliated or associated companies.

c) Limited Hedging.

A high level of delinquency of the Loans might reduce or indeed exhaust the limited hedging against Loan portfolio losses that the Bonds in each Series distinctly have as a result of the existence of the credit enhancement transactions described in section 3.4.2 of the Building Block.

The degree of subordination in interest payment and principal repayment between the Bonds in the different Series derived from the Priority of Payments and the Liquidation Priority of Payments is a mechanism for distinctly hedging the different Series, respectively.

d) Loan prepayment risk.

There will be a prepayment of the Loans when the Obligors prepay the portion of principal pending repayment on the Loans, or in the event that BANKINTER should be substituted in the relevant Loans by any other financial institution licensed to do so, or in any other event having the same effect.

That prepayment risk shall pass quarterly on each Payment Date to Bondholders by the partial amortisation of the Bonds, in accordance with the provisions of the rules for Distribution of Available Funds for Amortisation contained in section 4.9.3.5 of the Securities Note.

e) Delinquency.

BANKINTER's average delinquency rate at December 31, 2008 for the SME and Corporate segments (1.60%) and in any event the other assumed values referred to at the beginning of that section have been taken into account in calculating the amounts and details tabled in section 4.10 of the Securities Note. This delinquency rate would not result, as provided for in section 4.9.3.5 of this Securities Note, in the Conditions for Pro Rata Amortisation of Series B and C principal being met, and therefore total amortisation of Series B and C Bonds would occur upon exercising the Early Liquidation of the Fund and Early Amortisation of the Bond Issue option provided in section 4.4.3 of the Registration Document when the Outstanding Balance of the Loans is less than 10% of their initial Outstanding Balance upon the Fund being established; however, in the case of Series B Bonds, amortisation of that Series would commence, also making the other assumptions mentioned in section 4.10 of the Securities Note, a year and a half before Early Amortisation of the Bond Issue occurring; and in the case of Series C Bonds, amortisation of that Series would commence on the same date on which Early Amortisation of the Bond Issue occurs.

nor would it trigger a reduction of the Required Principal Cash Reserve provided for in section 3.4.2.2.1 of the Securities Note Building Block.

f) Concentration by obligor.

As described in section 2.2.2.a) of the Building Block, the obligor owing the highest amount among all obligors represents 1.04%, in terms of outstanding principal, of the total loans selected as at February 12, 2009 to be assigned to the Fund upon being established. The ten highest obligors altogether represent 6.98% of that total.

Given these concentration levels, any circumstance whatsoever having an adverse effect on these obligors could affect payments of the Loans backing the Bond Issue.

g) Sector concentration.

The selected loans as at February 12, 2009 to be assigned to the Fund upon being established with obligors whose business (Spanish Business Activity Code *CNAE*) is comprised within the building construction (19.91% of the total in terms of outstanding principal) and real estate business (28.34% of

the total in terms of outstanding principal) sector altogether represent 1,166 loans (32.68% of the total), and their outstanding principal amounts to EUR 393,171,425.11 (48.25% of the total).

Among the ten obligors weighing most in the selected loan portfolio as at February 12, 2009, those in sectors 41 Building construction and 68 Real estate activities are 5 Obligor with 7 loans in all and an outstanding principal of EUR 27,410,013.74 (3.36% in terms of selected loan outstanding principal as at February 12, 2009).

Out of the 1,166 loans with obligors whose business lies within the building construction and real estate business sector, 44 loans (their outstanding principal being EUR 26,958,951.79 at February 12, 2009, representing 3.31% of the total selected loan portfolio in terms of outstanding principal) are secured with a real estate mortgage on rustic or urban land.

Given these concentration levels, any circumstance whatsoever having a material adverse effect on the building construction business and real estate business could affect payments of the Loans backing the Bond Issue.

h) Geographical concentration.

The number of selected loans at February 12, 2009 to be assigned to the Fund upon being established granted to obligors domiciled in Madrid (563 loans representing 22.55% in terms of selected portfolio outstanding principal), the Valencian Community (575 loans representing 14.93% in terms of selected portfolio outstanding principal) and Andalusia (512 loans representing 14.51% in terms of selected portfolio outstanding principal) is 1,650 (46.24% of the total selected loans), and their outstanding principal amounts to EUR 423,643,740.19 (51.99% of the total), as detailed in section 2.2.2.p) of the Building Block.

Given this concentration level, any circumstance whatsoever having a substantial adverse effect on the Community of Madrid and/or the Valencian Community and/or Andalusia could affect payments of the Loans backing the Fund's Issue of Asset-Backed Bonds.

i) Selected loan origination date concentration.

Selected portfolio selected loans originated in the years 2007 and 2008 account for 62.14%, in terms of outstanding principal, of the total selected portfolio. The weighted average age of the portfolio is 25.39 months at February 12, 2009, the selected portfolio selection date.

The mortgage loans selected at February 12, 2009 and originated in the years 2007 and 2008 (1,077 mortgage loans with an outstanding principal of EUR 409,800,373.48), have a weighted average ratio of the outstanding principal amount at February 12, 2009, plus the outstanding principal of loans or credits of mortgages ranking senior, if any, to the appraisal value of the selected mortgage loan mortgaged properties, of 59.85%.

Out of the selected portfolio at February 12, 2009, 5.57%, in terms of outstanding principal, have a ratio, expressed as a percentage, of the outstanding principal at February 12, 2009, plus the outstanding principal of senior mortgage loans or credits to the appraisal value of the mortgage loan mortgaged properties in excess of 80%.

j) Selected loan purpose.

No information has been given as to selected loan purpose because the Originator's databases do not contain such information.

k) Loan portfolio assumptions.

The assumptions made in this Prospectus regarding Loan performance (prepayment, delinquency, default and other rates) are merely theoretical and for the sake of illustration only, which means that those assumptions may in any event differ from the actual rates in the future.

This is a Certified Translation into English of the Spanish Prospectus. No document other than the Spanish Prospectus registered by the Comisión Nacional del Mercado de Valores may have any legal effect whatsoever or be taken into account with respect to the Bond Issue.

4.4 Date of incorporation and existence of the issuer.

4.4.1 Date of establishment of the Fund.

The Management Company and BANKINTER, as Originator of the Loan receivables, shall proceed to execute on March 16, 2009 a public deed whereby BANKINTER EMPRESAS 1 FONDO DE TITULIZACIÓN DE ACTIVOS will be established, BANKINTER will assign to the Fund Non-Mortgage Loan receivables and Mortgage Loan receivables, the latter by issuing Pass-Through Certificates, and the Fund will issue the Asset-Backed Bonds (the "**Deed of Constitution**"), on the terms provided in article 6 of Royal Decree 926/1998.

The Management Company represents that the contents of the Deed of Constitution shall match the draft Deed of Constitution it has submitted to the CNMV and the terms of the Deed of Constitution shall at no event contradict, change, alter or invalidate the contents of this Prospectus, notwithstanding the need to complete the respective details and amounts of the Non-Mortgage Loan receivables and of the Mortgage Loan Pass-Through Certificates to be respectively assigned and issued and subscribed for under the Deed of Constitution.

The Deed of Constitution may not be altered other than in exceptional events, provided that there are no circumstances preventing that in accordance with the laws and regulations in force from time to time. In any event, those actions shall require that the Management Company notify and secure the prior authorisation, if necessary, of the CNMV or competent administrative body and notify the Rating Agency, and provided that such changes are not detrimental to the rating assigned to the Bonds by the Rating Agency. The Deed of Constitution can also be corrected as requested by the CNMV.

4.4.2 Existence of the Fund.

The Fund shall commence its operations on the date of execution of the Deed of Constitution.

The Fund shall be in existence until March 18, 2047 or the following Business Day if that is not a Business Day, the Final Maturity Date, unless there should previously have been an Early Liquidation as set forth in section 4.4.3 of this Registration Document or any of the events laid down in section 4.4.4 of this Registration Document should occur.

4.4.3 Early Liquidation of the Fund.

4.4.3.1 Following notice served on the CNMV, the Management Company shall be entitled to proceed to early liquidation (**“Early Liquidation”**) of the Fund and thereby early amortisation of the entire Bond Issue (**“Early Amortisation”**), in any of the following events (the **“Early Liquidation Events”**):

- (i) When the amount of the Outstanding Balance of the Loans yet to be repaid is less than ten (10) percent of the initial Outstanding Balance of the Loans upon the Fund being established, and provided that the payment obligations derived from the Bonds in each Series then outstanding may be honoured and settled in full in the Liquidation Priority of Payments.

Payment obligations derived from the Bonds in each Series on the Early Liquidation date of the Fund shall at all events be deemed to be the Outstanding Principal Balance of the Series on that date plus interest accrued and not paid until that date, which amounts shall be deemed to be due and payable on that date to all statutory intents and purposes.

- (ii) Where, in any event or circumstance whatsoever unrelated to the Fund's operations, a substantial alteration occurs or the financial balance of the Fund required by article 11.b) of Royal Decree 926/1998 is permanently damaged. This event includes such circumstances as the existence of any change in the law or supplementary implementing regulations, the establishment of withholding obligations or other situations which might permanently affect the financial balance of the Fund.
- (iii) Mandatorily, in the event that the Management Company should be adjudged insolvent and/or have its licence to operate as a securitisation fund management company revoked by the CNMV, and the statutory term to do so or otherwise four months should elapse without a new management company being designated in accordance with the provisions of section 3.7.1.3 of the Building Block to this Prospectus.
- (iv) If within less than one (1) year since the Fund was established the Management Company should have the express consent and acceptance of all the Bondholders and all the counterparties to the agreements in force with the Fund, as regards both payment of amounts resulting from, and the procedure for, such Early Liquidation.
- (v) When a default occurs indicating a major permanent imbalance in relation to any of the Bonds issued or that it is about to occur.
- (vi) Upon the lapse of forty-two (42) months from the date of the last maturity of the Loans, even if amounts are still due and payable.

4.4.3.2 The following requirements shall have to be satisfied to proceed to that Early Liquidation of the Fund:

- (i) That Bondholders be given not less than fifteen (15) Business Days' notice, as prescribed in section 4.1.3.2 of the Building Block, of the Management Company's resolution to proceed to Early Liquidation of the Fund.
- (ii) That the Management Company previously advise the CNMV and the Rating Agency of that notice.
- (iii) The notice of the Management Company's resolution to proceed to Early Liquidation of the Fund shall contain a description of (i) the event or events triggering Early Liquidation of the Fund, (ii) the liquidation procedure, and (iii) how the Bond payment obligations are to be honoured and settled in the Liquidation Priority of Payments.

4.4.3.3 In order for the Fund, through its Management Company, to proceed to Early Liquidation of the Fund and Early Amortisation of the Bond Issue, the Management Company shall, for and on behalf of the Fund:

- (i) Proceed to sell the Loan receivables remaining in the Fund at a reasonable price, initially not less than the sum of the principal then outstanding plus interest accrued and not paid on the relevant Loans, subject to the provisions of paragraph (iv) below.
- (ii) Proceed to terminate such agreements as are not necessary for the Fund liquidation procedure.
- (iii) Be entitled to arrange for a credit facility with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's, or a loan, which shall be fully allocated to early amortisation of the Bonds in the outstanding Series. Financial expenses due shall be paid and credit facility or loan principal shall be repaid in accordance with the Liquidation Priority of Payments.
- (iv) Finally, both due to the preceding actions falling short and the existence of Loan receivables or other remaining assets of the Fund, the Management Company shall proceed to sell them and shall therefore invite a bid from at least five (5) entities who may, in its view, give a reasonable market value. The Management Company shall be bound to accept the best bid received for the Loans and assets on offer. In order to set the market value, the Management Company may secure such valuation reports as it shall deem necessary.

In events (i), (iii) and (iv) above, the Originator shall have a right of first refusal and will therefore have priority over third parties to voluntarily acquire the Loan receivables or other remaining assets still on the assets of the Fund, and/or may grant to the Fund, as the case may be, the credit facility or loan designed for early amortisation of the Bonds in the outstanding Series. The Management Company shall therefore send the Originator a list of the assets and of third-party bids received, if any, and the latter may use that right for all of the Loan receivables or other remaining assets offered by the Management Company or the credit facility or the loan within ten (10) Business Days of receiving said notice, and provided that (i) its bid is at least equal to the best of the third-party bids, if any, and (ii) the Originator proves to the Management Company that the exercise of the right of first refusal was subject to its usual credit revision and approval procedures and establishing therein that the exercise of that right is not designed to implicitly support securitisation.

The Management Company shall forthwith apply all the proceeds from the sale of the Fund's assets to paying the various items, in such manner, amount and order as shall be requisite in the Liquidation Priority of Payments, other than the amounts, if any, drawn under the credit facility or loan arranged for early amortisation of Bonds in the outstanding Series, which shall be applied to meeting the payment obligations of the Bonds in these Series.

4.4.4 Termination of the Fund.

The Fund shall terminate in any case, after the relevant legal procedure is carried out and concluded, in the following events:

- (i) Upon the Loans pooled therein being fully repaid.
- (ii) Upon the Bonds issued being fully amortised.
- (iii) When the Early Liquidation procedure established in section 4.4.3 above is over.
- (iv) At all events, upon final liquidation of the Fund on the Final Maturity Date on March 18, 2047 or the following Business Day if that is not a Business Day.
- (v) Upon the establishment of the Fund terminating in the event that the Rating Agency should not confirm any of the assigned provisional ratings as final ratings by 2pm (CET) on March 17, 2009. In this event, the Management Company shall terminate the establishment of the Fund, the Bond issue and the assignment of the Non-Mortgage Loan receivables, the issue of and subscription for the Pass-Through Certificates shall be terminated.

In that case, termination of the establishment of the Fund shall be notified to the CNMV as soon as such is confirmed, and shall be publicised by means of the procedure specified in section 4.1.3.2 of the Building Block. Within not more than one month after the occurrence of the event of termination, the Management Company shall execute a statutory declaration before a notary public declaring that the Fund's obligations have been settled and terminated and that the Fund has terminated. Notwithstanding the above, the Fund Management Company shall defray the Fund set-up and Bond issue expenses payable with the Start-Up Loan, and the Start-Up Loan agreement shall not be terminated but shall rather be cancelled after those amounts are settled, principal repayment being subordinated to fulfilment of all other obligations undertaken by the Management Company, acting for and on behalf of the Fund.

In the event that there should be any remainder upon the Fund being liquidated and after making all payments to the various creditors by distributing the Liquidation Available Funds in the set Liquidation Priority of Payments, that remainder shall be for the Originator on the liquidation terms established by the Management Company. If that remainder is not a liquid amount, since relating to Loans that are pending the outcome of legal or notarial proceedings instituted as a result of default by the Loan Obligor, both their continuation and the proceeds of their termination shall be for the Originator.

In any event, the Management Company, acting for and on behalf of the Fund, shall not proceed to terminate the Fund and strike it off the relevant administrative registers until the Loan receivables and the Fund's remaining assets have been liquidated and the Fund's Liquidation Available Funds have been distributed, in the Liquidation Priority of Payments.

Upon a period of six (6) months elapsing from liquidation of the Fund's remaining assets and distribution of the Liquidation Available Funds, the Management Company shall execute a statutory declaration before a notary public declaring (i) that the Fund has terminated, and the events prompting its termination, (ii) how Bondholders and the CNMV were notified, and (iii) how the Liquidation Available Funds were distributed in the Liquidation Priority of Payments; notice of this shall be given in a nation-wide newspaper and all other appropriate administrative procedures will be observed. The Management Company will submit that statutory declaration to the CNMV.

Pursuant to article 1.1 of Royal Decree 926/1998, the Fund has no legal personality, and the Management Company is entrusted with establishing, managing and being the authorised representative of the same, and, as manager of third-party portfolios, with representing and enforcing the interests of the holders of the Bonds issued by the Fund it manages and of all its other ordinary creditors.

prospectuses and dissemination of advertisements, as currently worded, and (vii) all other legal and statutory provisions in force and applicable from time to time.

4.5.1 Tax system of the Fund.

In accordance with the provisions of article 1.2 of Royal Decree 926/1998, article 5.10 of Act 19/1992, article 7.1.h) of the Consolidation of the Corporation Tax Act approved by Legislative Royal Decree 4/2004, March 5, article 20.One.18 of Value Added Tax Act 37/1992, December 28, article 59.k of the Corporation Tax Regulations approved by Royal Decree 1777/2004, July 30, articles 45.I.B).15 and 45.I.B) 20.4 of the Consolidation of the Capital Transfer and Documents Under Seal Tax Act approved by Legislative Royal Decree 1/1993, September 24, additional provision five of Act 3/1994, April 14, Personal Income Tax Act 35/2006, November 28, partly amending the Corporation, Non-Resident Income and Wealth Tax Acts, and all other applicable rules and regulations, the most relevant characteristics of each tax under the current tax system of the Fund are as follows:

The procedure to satisfy those reporting duties was implemented by Royal Decree 1065/2007, July 27, establishing reporting duties with respect to preferred stock and other debt instruments and certain income obtained by individuals resident in the European Union (“**Royal Decree 1065/2007**”). Where pursuant to the abovementioned laws the exemption right is not satisfactorily established (that is to say, proof is not produced that the non-resident investor is not acting through a tax haven or the Management Company is not provided, through the Paying Agent, with the relevant certificates), returns on the Bonds shall be subject to withholding, currently set at 18%.

The tax implications described above are based on the laws in force at the time of issue of this Prospectus and do not purport to be comprehensive. Consequently, they should not be considered in lieu of the requisite tax advice suited to each investor's particular situation.

4.8 Nominal interest rate and provisions relating to interest payable.

4.8.1 Bond nominal interest rate.

The Bonds in each Series shall, from the Closing Date until they mature fully, accrue yearly nominal interest, variable and payable quarterly, which shall be the result of applying the policies established hereinafter for each Series.

The resultant yearly nominal interest rate (hereinafter the "**Nominal Interest Rate**") for each Series shall be payable quarterly in arrears on each Payment Date on the Outstanding Principal Balance of the Bonds in each Series at the preceding Determination Date, provided that the Fund has sufficient liquidity in the Priority of Payments or in the Liquidation Priority of Payments, as the case may be.

Withholdings, interim payments, contributions and taxes established or to be established in the future on Bond principal, interest or returns shall be borne exclusively by Bondholders, and their amount, if any, shall be deducted by the Management Company, for and on behalf of the Fund, or through the Paying Agent, as provided by law.

4.8.1.1 Interest accrual.

For interest accrual purposes, the duration of each Bond Series shall be divided into successive interest accrual periods (“**Interest Accrual Periods**”) comprising the exact number of days elapsed between every two consecutive Payment Dates, each Interest Accrual Period including the beginning Payment Date but not including the ending Payment Date. Exceptionally, the duration of the first Interest Accrual Period shall be equivalent to the exact number of days elapsed between the Closing Date, March 18, 2009, inclusive, and the first Payment Date, June 18, 2009, exclusive.

The Nominal Interest Rate shall accrue on the exact number of days in each Interest Accrual Period for which it was determined, calculated based upon a 360-day year.

4.8.1.2 Nominal Interest Rate.

The Nominal Interest Rate applicable to the Bonds in each Series and determined for each Interest Accrual Period shall be the result of adding:

- (i) the Reference Rate, as established in the following section, and
- (ii) a margin for each Series as follows:
 - **Series A:** 0.30% margin.
 - **Series B:** 0.50% margin.
 - **Series C:** 0.70% margin.

The resultant Nominal Interest Rate shall be expressed as a percentage rounded to the nearest thousandth of a whole number or rounded up to the nearest one where the differences of rounding up or down to the nearest thousandths are identical.

4.8.1.3 Reference Rate and determining the same.

The reference rate (the “**Reference Rate**”) for determining the Nominal Interest Rate applicable to each Bond Series is as follows:

- i) Three- (3-) month Euribor, “Euro Interbank Offered Rate”, calculated and distributed by the BRIDGE financial information system under an FBE (“*Fédération Bancaire de l’Union Européenne*”) mandate, fixed at 11am (CET or “Central European Time”) on the Interest Rate Fixing Date described below, which is currently published on electronic page EURIBOR01 supplied by Reuters, or any other page taking its stead in providing this service.

Euribor definitions approved by the FBE and the Financial Markets Association (ACI) supplementing the current definition of Euribor shall be considered included for the purpose of the Euribor Reference Rate without having to amend these Reference Rate terms or have the Management Company notify Bondholders.

- ii) In the event that the rate established in (i) above should not be available or be impossible to obtain, the substitute Reference Rate shall be the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable three- (3-) month deposit transactions in euros in an amount equivalent to the Outstanding Principal Balance of the Bond Issue, declared by four (4) prime banks in the Euro zone, following a simultaneous request to each of their headquarters by the Paying Agent as soon as possible after 11am (CET) on the Interest Rate Fixing Date.

The substitute Reference Rate shall be expressed as a percentage rounded to the nearest thousandth of a percentage point or rounded up to the nearest point where the differences of rounding up or down to the nearest thousandths are identical.

Should it be impossible to apply the above substitute Reference Rate, upon the failure by any or several of the banks to provide written quotations as provided for in paragraphs one and two of this section, the interest rate resulting from applying the simple arithmetic mean of the interest rates declared by at least two of the other banks shall be applicable.

- iii) If the rates established in i) and ii) above should not be available or be impossible to obtain, the last Reference Rate or substitute Reference Rate applied to the next preceding Interest Accrual Period shall apply, and so on for subsequent Interest Accrual Periods whilst matters remain the same. For the first Interest Accrual Period, the Reference Rate shall be the latest three- (3-) month Euribor available immediately before the Closing Date, published as described in (i) above.

On each Interest Rate Fixing Date, the Paying Agent shall notify the Management Company of the Reference Rate determined in accordance with i), ii) and iii) above. The Management Company shall keep the listings and supporting documents on which the Paying Agent shall notify it the Reference Rate determined.

4.8.1.4 Interest Rate Fixing Date.

The Management Company shall, for and on behalf of the Fund, determine the Nominal Interest Rate applicable to each Bond Series for every Interest Accrual Period as provided for in sections 4.8.1.2 and 4.8.1.3 above, on the second Business Day preceding each Payment Date (the “**Interest Rate Fixing Date**”), and it will apply for the following Interest Accrual Period.

Exceptionally, the Management Company shall determine the Nominal Interest Rate of the Bonds in each Series for the first Interest Accrual Period as provided for in sections 4.8.1.2 and 4.8.1.3 above, on the Business Day preceding the Closing Date, and shall notify the same in writing on the same day to the Subscriber. The Management Company will also notify this to the CNMV, the Paying Agent, AIAF and Iberclear.

The nominal interest rates determined for each Bond Series for subsequent Interest Accrual Periods shall be communicated to Bondholders within the deadline and in the manner for which provision is made in section 4.1.1.a) of the Building Block.

4.8.1.5 Formula for calculating interest.

Interest settlement for each Series, payable on each Payment Date for each Interest Accrual Period, shall be calculated for each Series in accordance with the following formula:

$$I = P \times \frac{R}{100} \times \frac{d}{360}$$

Where:

I = Interest payable on a given Payment Date.

P = Outstanding Principal Balance of the Series at the Determination Date preceding the Payment Date.

R = Nominal Interest Rate of the Series expressed as a yearly percentage determined for each Interest Accrual Period.

d = Exact number of days in each Interest Accrual Period.

4.8.2 Dates, place, institutions and procedure for paying interest.

Interest on the Bonds in each Series shall be paid until finally amortised by Interest Accrual Periods in arrears on March 18, June 18, September 18 and December 18 in each year, or the following Business Day if any of those is not a Business Day (each of those dates, a “**Payment Date**”), and interest for the then-current Interest Accrual Period will accrue until said first Business Day, not inclusive, on the terms established in section 4.8.1.2 of this Securities Note.

The first interest Payment Date for the Bonds in each Series shall be June 18, 2009, and interest will accrue at the applicable Nominal Interest Rate between the Closing Date, March 18, 2009, inclusive, and June 18, 2009, exclusive.

In this Bond Issue, business days ("**Business Days**") shall be deemed to be all days other than a:

- public holiday in the city of Madrid, or
- non-business day in the TARGET 2 calendar.

Both interest resulting for Bondholders in each Series and the amount, if any, of interest accrued and not paid, shall be notified to Bondholders as described in section 4.1.1.a) of the Building Block, at least one (1) calendar day in advance of each Payment Date.

Bond interest accrued shall be paid on each Payment Date provided that the Fund has sufficient liquidity to do so in the Priority of Payments or Liquidation Priority of Payments, as the case may be.

In the event that on a Payment Date the Fund should be unable to make full or partial payment of interest accrued on the Bonds in any Series, in the Priority of Payments, the amounts that Bondholders should not have received shall be accumulated on the following Payment Date to interest on that Series which, as the case may be, should be paid on that same Payment Date, and will be paid in the Priority of Payments and applied by order of maturity if it should be impossible once again not to pay the same fully due to a shortfall of Available Funds.

Overdue interest amounts shall not earn additional or late-payment interest and shall not be accumulated to the Outstanding Principal Balance of the Bonds in the relevant Series.

The Fund, through its Management Company, may not defer Bond interest payment beyond March 18, 2047, the Final Maturity Date, or the following Business Day if that is not a Business Day.

The Bond Issue shall be serviced through the Paying Agent, to which end the Management Company shall, for and on behalf of the Fund, enter into the Paying Agent Agreement with BANKINTER, as established in section 5.2.1 of this Securities Note.

4.9 Maturity date and amortisation of the securities.

4.9.1 Bond redemption price.

The redemption price of the Bonds in each Series shall be EUR one hundred thousand (100,000) per Bond, equivalent to 100 percent of their face value, payable as established in section 4.9.2 below.

Each and every one of the Bonds in a same Series shall be amortised in an equal amount by reducing the face amount of each of the Bonds.

4.9.2 Characteristics specific to the amortisation of each Bond Series.

4.9.2.1 Amortisation of Series A Bonds.

Series A Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins until their total face amount has been fully amortised, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series A, in accordance with the rules for Distribution of Available Funds for Amortisation given in section 4.9.3.5 below, prorated between the Bonds in Series A proper by reducing the face amount of each Series A Bond.

The first partial amortisation of Series A Bonds shall occur on the first Payment Date, June 18, 2009.

Final amortisation of Series A Bonds shall occur on the Final Maturity Date (March 18, 2047 or the following Business Day if that is not a Business Day), notwithstanding their possible full amortisation before that date due to the partial amortisation for which provision is made or because the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.2.2 Amortisation of Series B Bonds.

Series B Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins until their total face amount has been fully amortised, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series B in accordance with the rules for Distribution of Available Funds for Amortisation given in section 4.9.3.5 below, prorated between the Bonds in Series B proper by reducing the face amount of each Series B Bond.

The first partial amortisation of Series B Bonds shall occur once Series A Bonds have been fully amortised. However, even if Series A has not been fully amortised, the Available Funds for Amortisation shall also be applied to amortising Series B on the Payment Date on which the Conditions for Pro Rata Amortisation are satisfied for Series B in accordance with the rules for Distribution of Available Funds for Amortisation, in such a way that the ratio of the Outstanding Principal Balance of Series B to the Outstanding Principal Balance of the Bond Issue remains at 8.620%, or higher percentage closest thereto.

Final amortisation of Series B Bonds shall occur on the Final Maturity Date (March 18, 2047 or the following Business Day if that is not a Business Day), notwithstanding their possible full amortisation before that date due to the partial amortisation for which provision is made or because the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.2.3 Amortisation of Series C Bonds.

Series C Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins until their total face amount has been fully amortised, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series C in accordance with the rules for Distribution of Available Funds for Amortisation given in section 4.9.3.5 below, prorated between the Bonds in Series C proper by reducing the face amount of each Series C Bond.

The first partial amortisation of Series C Bonds shall occur once Series A and Series B Bonds have been fully amortised. However, even if Series A and Series B have not been fully amortised, the Available Funds for Amortisation shall also be applied to amortising Series C on the Payment Date on which the Conditions for Pro Rata Amortisation are satisfied for Series C in accordance with the rules for Distribution of Available Funds for Amortisation, in such a way that the ratio of the Outstanding Principal Balance of Series C to the Outstanding Principal Balance of the Bond Issue remains at 20.000%, or higher percentage closest thereto.

Final amortisation of Series C Bonds shall occur on the Final Maturity Date (March 18, 2047 or the following Business Day if that is not a Business Day), notwithstanding their possible full amortisation before that date due to the partial amortisation for which provision is made or because the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.3 Partial amortisation of the Bonds in each Series.

Irrespective of the Final Maturity Date and subject to Early Amortisation of the Bond Issue in the event of Early Liquidation of the Fund, the Fund shall, through its Management Company, proceed to partial amortisation of the Bonds in each Series on each Payment Date other than the Final Maturity Date or the Early Liquidation date of the Fund on the specific amortisation terms for each Series established in sections 4.9.2.1 to 4.9.2.3 of this Securities Note and on the terms described hereinafter in this section common to all three Series.

4.9.3.1 **Determination Dates and Determination Periods.**

The determination dates (the “**Determination Dates**”) will be the dates falling on the fourth (4th) Business Day preceding each Payment Date on which the Management Company on behalf of the Fund will make all necessary calculations to distribute or withhold the Available Funds and the Available Funds for Amortisation which the Fund shall dispose of on the relevant Payment Date, in the Priority of Payments. The first Determination Date shall be June 12, 2009.

Determination periods (the “**Determination Periods**”) shall be periods comprising the exact number of days elapsed between every two consecutive Determination Dates, each Determination Period excluding the beginning Determination Date and including the ending Determination Date. Exceptionally:

- (i) the duration of the first Determination Period shall be equal to the days elapsed between the date of establishment of the Fund, inclusive, and the first Determination Date, June 12, 2009, inclusive, and
- (ii) the duration of the last Determination Period shall be equal to the days elapsed a) until the Final Maturity Date or the date on which Early Liquidation of the Fund concludes, as provided for in section 4.4.4.3 of the Registration Document, on which the Loan receivables and the assets remaining in the Fund have been liquidated and all Liquidation Available Funds have been distributed in the Liquidation Priority of Payments, b) from the Determination Date preceding the Payment Date preceding the date referred to in a), not including the first date but including the last date.

4.9.3.2 **Outstanding Principal Balance of the Bonds.**

The outstanding principal balance (the “**Outstanding Principal Balance**”) of a Series shall be the sum of the principal pending repayment (outstanding balance) at a date of all the Bonds in that Series.

In addition, the outstanding principal balance of the Bond Issue (the “**Outstanding Principal Balance of the Bond Issue**”) shall be the sum of the Outstanding Principal Balance of all three Series A, B and C making up the Bond Issue.

4.9.3.3 **Outstanding Balance of the Loans.**

The outstanding balance (the “**Outstanding Balance**”) of a Loan shall be the sum of the capital or principal not yet due and the capital or principal due and not paid into the Fund on the specific Loan at a date.

The outstanding balance of the Loans (the “**Outstanding Balance of the Loans**”) at a date shall be the sum of the Outstanding Balance of each and every one of the Loans at that date.

Delinquent Loans (the “**Delinquent Loans**”) shall be deemed to be Loans that are delinquent at a date with a period of arrears in excess of three (3) months in payment of overdue amounts, excluding Doubtful Loans. Non-delinquent Loans (the “**Non-Delinquent Loans**”) shall be deemed to be Loans that at a date are not deemed to be either Delinquent Loans or Doubtful Loans.

Doubtful Loans (the “**Doubtful Loans**”) shall be deemed to be Loans that are delinquent at a date with a period of arrears equal to or greater than eighteen (18) months in payment of overdue amounts or classified as bad debts by the Management Company because there are reasonable doubts as to their full repayment based on indications or information received from the Servicer. Non-doubtful Loans (the “**Non-Doubtful Loans**”) shall be deemed to be Loans that are not deemed to be Doubtful Loans at a date.

4.9.3.4 **Amortisation Withholding and Available Funds for Amortisation on each Payment Date.**

On each Payment Date, the Available Funds shall be used in sixth (6th) place in the order of priority for withholding the amount altogether designed for amortising the Bonds and without distinguishing among the various Series (“**Amortisation Withholding**”), in an amount equal to the positive difference, if any, at the Determination Date preceding the relevant Payment Date, between (i) the Outstanding Principal Balance of the Bond Issue, and (ii) the Outstanding Balance of Non-Doubtful Loans.

Depending on the liquidity existing on each Payment Date, the amount actually applied of the Available Funds to Amortisation Withholding shall be included among the available funds for amortisation (the **"Available Funds for Amortisation"**) and be applied in accordance with the rules for Distribution of Available Funds for Amortisation established hereinafter in section 4.9.3.5 below.

4.9.3.5 **Distribution of Available Funds for Amortisation.**

The Available Funds for Amortisation shall be applied on each Payment Date to amortising each Series in accordance with the following rules (**"Distribution of Available Funds for Amortisation"**):

1. The Available Funds for Amortisation shall be sequentially applied firstly to amortising Series A until fully amortised, secondly to amortising Series B until fully amortised, and thirdly to amortising Series C until fully amortised, subject to the provisions of rule 2 below for pro rata amortisation of the different Series.
2. Even if Series A has not been fully amortised, the Available Funds for Amortisation shall also be applied to amortising Series B and, as the case may be, Series C on the Payment Dates on which the following circumstances are all satisfied with respect to amortisation of each of those Series (**"Conditions for Pro Rata Amortisation"**):
 - a) In order to amortise Series B, that on the Determination Date preceding the relevant Payment Date:
 - i) the Outstanding Principal Balance of Series B is equal to or greater than 8.620% of the Outstanding Principal Balance of the Bond Issue, and
 - ii) the Outstanding Balance of Delinquent Loans does not exceed 1.25% of the Outstanding Balance of Non-Doubtful Loans.
 - b) In order to amortise Series C, that on the Determination Date preceding the relevant Payment Date:
 - i) the Outstanding Principal Balance of Series C is equal to or greater than 20.000% of the Outstanding Principal Balance of the Bond Issue, and
 - ii) the Outstanding Balance of Delinquent Loans does not exceed 1.00% of the Outstanding Balance of Non-Doubtful Loans.
 - c) Additionally, in order to amortise Series B and, as the case may be, Series C:
 - i) that the Required Cash Reserve amount is to be fully provisioned on the relevant Payment Date; and
 - ii) that on the Determination Date preceding the relevant Payment Date, the amount of the Outstanding Balance of Non-Doubtful Loans is equal to or greater than 10 percent of the initial Outstanding Balance upon the Fund being established.

In the event that the amortisation of Series B and, as the case may be, Series C should apply on a Payment Date because the Conditions for Pro Rata Amortisation of Series B and Series C are respectively satisfied, the Available Funds for Amortisation shall also be applied to amortising Series B and, as the case may be, to amortising Series C, in such a way that the ratio of the Outstanding Principal Balance of Series B and, as the case may be, the Outstanding Principal Balance of Series C to the Outstanding Principal Balance of the Bond Issue respectively remain at 8.620% and at 20.000%, or higher percentages closest thereto.

4.9.4 **Early Amortisation of the Bond Issue.**

Notwithstanding the Fund's obligation, through its Management Company, to proceed to final amortisation of the Bonds on the Final Maturity Date or amortisation of each Series before the Final Maturity Date, the Management Company shall, after first notifying the CNMV, be authorised to proceed, as the case may be, to Early Liquidation of the Fund and consequently Early Amortisation of the entire Bond Issue in the Early Liquidation Events and subject to the requirements established in section 4.4.3 of the Registration Document and subject to the Liquidation Priority of Payments.

4.9.5 Final Maturity Date.

The final maturity date (the “**Final Maturity Date**”) and consequently final amortisation of the Bonds is on March 18, 2047 or the following Business Day if that is not a Business Day, without prejudice to the Management Company, for and on behalf of the Fund, and in accordance with the provisions of sections 4.9.2 to 4.9.4 of this Securities Note, proceeding to amortise any or all the Series in the Bond Issue before the Final Maturity Date. Final amortisation of the Bonds on the Final Maturity Date shall take place subject to the Liquidation Priority of Payments.

4.10 Indication of yield.

The average life, yield, term and final maturity of the Bonds in each Series depend on several factors, most significant among which are the following:

- i) The repayment schedule and system of each Loan established in the relevant agreements.
- ii) The Obligors’ capacity to prepay the Loans in whole or in part and the aggregate prepayment pace throughout the life of the Fund. In this sense, Loan prepayments by Obligors, subject to continual changes, and estimated in this Prospectus using several performance assumptions of the future effective constant annual early amortisation or prepayment rate (hereinafter also “**CPR**”), are very significant and shall directly affect the pace at which Bonds are amortised, and therefore their average life and duration.
- iii) The floating interest rates which shall apply to most Loans, resulting in the repayment amount on every instalment differing.
- iv) The Obligors’ delinquency in payment of Loan instalments.

The selected loan repayment systems -including principal repayment exclusion periods, if any, applicable to some loans - have been taken into account and the following assumed values have been used for the above-mentioned factors in calculating the tables contained in this section:

- Loan interest rate: 5.18% weighted average interest rate as at February 12, 2009 of the portfolio of selected loans which has been used for calculating the repayment instalments and interest of each of the selected loans;
- Loan portfolio delinquency: 1.60% of the Outstanding Balance of the Loans (BANKINTER’s average delinquency rate at December 31, 2008 for the SME and Corporate segments), with 100% recoveries within 18 months of becoming delinquent;
- Loan portfolio doubtful rate: 0.34%, with 40% recoveries within 18 months of becoming doubtful;
- cumulative Loan portfolio doubtful rates: 1.44% for a 4% CPR; 1.37% for a 6% CPR; and 1.29% for an 8% CPR;
- that the Loan prepayment rate remains constant throughout the life of the Bonds;
- that the Bond Closing Date is March 18, 2009; and
- that there is no extension of the term of any of the loans.

The actual adjusted life and the yield or return on the Bonds will also depend on their floating rate. The following nominal interest rates are assumed for each Series for the different Interest Accrual Periods resulting from 3-month Euribor (1.687%) at March 10, 2009 and the margins set for each Series in accordance with section 4.8.1.2 of this Securities Note:

	Series A Bonds	Series B Bonds	Series C Bonds
Nominal interest rate	1.987%	2.187%	2.387%

4.10.1 Estimated average life, yield or return, duration and final maturity of the Bonds.

Assuming that the Management Company shall exercise the Early Liquidation of the Fund and Early Amortisation of the Bond Issue option provided in section 4.4.3 of the Registration Document when the Outstanding Balance of the Loans is less than 10% of their initial Outstanding Balance upon the Fund being established, the average life, return (IRR) for the Bond subscriber, duration and final maturity of the Bonds for different CPRs, based on the performance in recent months of similarly characterised loans previously securitised by BANKINTER, would be as follows:

The Management Company expressly states that the servicing tables described hereinafter for each Series are merely theoretical and given for illustrative purposes, and represent no payment obligation whatsoever, on the basis that:

- Whereas CPRs are assumed to be constant respectively at 4.00%, 6.00% and 8.00% throughout the life of the Bond Issue, as explained above actual prepayment changes continually.
- The Outstanding Principal Balance of the Bonds on each Payment Date and hence interest payable on each such dates shall depend on the actual Loan prepayment, delinquency and default rates.
- Whereas Bond nominal interest rates are assumed to be constant for each Series, the interest rate in all Series is known to float.
- The assumed values referred to at the beginning of this section 4.10 are at all events taken for granted.
- It is assumed that the Management Company will exercise the Early Liquidation of the Fund and thereby the Early Amortisation of the Bond Issue option when the Outstanding Balance of the Loans is less than 10% of the Initial Outstanding Balance upon the Fund being set up, as provided in section 4.4.3 of the Registration Document.
- In this scenario, neither are the Conditions for Pro Rata Amortisation of Series B and C met nor is there deferment of Series B and C interest in the Priority of Payments.
- These are all reasonable assumptions based on the historical performance of enterprise loans granted by BANKINTER, other than the doubtful debt rate figure which is stress tested.

4.11 Representation of security holders.

No syndicate of Bondholders will be set up for the securities included in this Bond Issue.

On the terms provided for in article 12 of Royal Decree 926/1998, it is the Management Company's duty, as the manager of third-party portfolios, to represent and enforce the interests of the holders of the Bonds issued by the Fund and of all its other ordinary creditors. Consequently, the Management Company shall make its actions conditional on their protection and observe the provisions established for that purpose from time to time.

Resolution to assign the Loan receivables:

At a meeting held on June 14, 2006, the Board of Directors of BANKINTER resolved that the assignment of loans, credits and other assets and the issue, as the case may be, of pass-through certificates on the same to be transferred to, contributed to, acquired by, pooled by or subscribed for by one or several Securitisation Funds be authorised.

b) Registration by the CNMV.

The establishment of the Fund and issue of the Bonds are subject to the condition precedent of this Prospectus and all other supporting documents being entered in the Official Registers of the CNMV, in accordance with the provisions of article 5.1.e) of Royal Decree 926/1998.

This Prospectus regarding the establishment of the Fund and issue of the Bonds has been entered in the CNMV's Official Registers.

c) Execution of the Fund public deed of constitution.

Upon the CNMV registering this Prospectus, the Management Company and BANKINTER, as Originator of the Loan receivables, shall proceed to execute on March 16, 2009 a public deed whereby BANKINTER EMPRESAS 1 FONDO DE TITULIZACIÓN DE ACTIVOS will be established, BANKINTER will assign to the Fund Non-Mortgage Loan receivables and Mortgage Loan receivables, the latter by issuing Pass-Through Certificates, and the Fund will issue the Asset-Backed Bonds, on the terms provided in article 6 of Royal Decree 926/1998.

The Management Company represents that the contents of the Deed of Constitution shall match the draft Deed of Constitution it has submitted to the CNMV and the terms of the Deed of Constitution shall at no event contradict, change, alter or invalidate the contents of this Prospectus.

The Management Company shall submit a copy of the Deed of Constitution to the CNMV to be entered in the Official Registers by March 18, 2009.

4.13 Issue date of the securities.

The Bond issue date shall be March 16, 2009.

4.13.1 Bond subscription.

The Bonds in each Series shall be fully subscribed for by BANKINTER.

The Originator's subscription for the entire Bond Issue shall not howsoever restrict their potential subsequent sale. If after BANKINTER subscribes for the Bonds they should be sold and purchased on AIAF by any third party, BANKINTER may voluntarily repurchase the same.

4.13.2 Payment method and dates.

The Subscriber shall subscribe for the Bond Issue on March 17, 2009 and pay to the Fund by 2pm (CET) on March 18, 2009 (the "**Closing Date**"), for same day value, the issue price at the face value of all the Bonds subscribed for.

4.14 Restrictions on the free transferability of the securities.

There are no restrictions on the free transferability of the Bonds. They may be freely transferred by any means admissible at Law and in accordance with the rules of the AIAF market where they will be admitted to trading. A transfer in the accounts (book entry) will convey the ownership of each Bond. The effects of entering conveyance to the transferee in the accounting record shall be the same as handing over the certificates and the transfer shall thereupon be enforceable on third parties.

5 ADMISSION TO TRADING AND DEALING ARRANGEMENTS.

5.1 Market where the securities will be traded.

In fulfilment of the provisions of article 2.3 of Royal Decree 926/1998, the Management Company shall, upon the Bonds having been paid up, apply for this Bond Issue to be listed on AIAF Mercado de Renta Fija ("**AIAF**"), which is a qualified official secondary securities market pursuant to transitional provision six of Act 37/1998, November 16, amending the Securities Market Act, and a regulated market, as contained in the Annotated Presentation of Regulated Markets and Additional Provisions under the Investment Services Directive 93/22, published in the Official Journal of the European Communities on November 4, 2008. The Management Company undertakes to do all such things as may be necessary in order that definitive admission to trading is achieved not later than one month after the Closing Date.

The Management Company expressly represents that it is aware of the requirements and terms that must be observed for the securities to be eligible to be listed, remain listed and be excluded from listing on AIAF, in accordance with the laws in force and the requirements of its governing bodies, and the Fund agrees through its Management Company to observe the same.

In the event that, by the end of the one-month period referred to in the first paragraph of this section, the Bonds should not be admitted to trading on AIAF, the Management Company shall forthwith proceed to notify Bondholders thereof, moreover advising of the reasons resulting in such breach, using the extraordinary notice procedure provided for in section 4.1.2 of the Building Block. This shall be without prejudice to the Management Company being held to be contractually liable, as the case may be, if it is at fault for the delay.

5.2 Paying agent and depository agents.

5.2.1 Bond Issue Paying Agent.

The Bond Issue will be serviced through BANKINTER as Paying Agent. Payment of interest and repayments shall be notified to Bondholders in the events and in such advance as may be provided for each case in section 4.1.1 of the Building Block. Interest and amortisation shall be paid to Bondholders by the relevant members and to the latter in turn by Iberclear, the institution responsible for the accounting record.

The Management Company shall, for and on behalf of the Fund, enter with BANKINTER into a paying agent agreement to service the Bond Issue, the most significant terms of which are given in section 3.4.7.2 of the Building Block.

6 EXPENSE OF THE OFFERING AND OF ADMISSION TO TRADING.

The expected expenses for setting up the Fund and issue and admission to trading of the Bond Issue are EUR four hundred and thirty thousand four hundred (430,400.00). These expenses include, inter alia, the initial Management Company fee, notary's fees, audit, rating and legal advice fees, CNMV fees, AIAF and Iberclear fees and Prospectus translation and printing expenses.

7 ADDITIONAL INFORMATION.

7.1 Statement of the capacity in which the advisors connected with the issue mentioned in the Securities Note have acted.

RAMÓN Y CAJAL, as independent advisers, have provided legal advice for establishing the Fund and issuing the Bonds and have reviewed the tax implications thereof.

BANKINTER and EUROPEA DE TITULIZACIÓN have structured the financial terms of the Fund and of the Bond Issue.

7.2 Other information in the Securities Note which has been audited or reviewed by auditors.

Not applicable.

7.3 Statement or report attributed to a person as an expert.

PRICEWATERHOUSECOOPERS have audited the most significant features of a sample of the selected loans from which the Loans will be taken to be assigned to the Fund upon being established, on the terms set forth in section 2.2 of the Building Block.

7.4 Information sourced from a third party.

Within its duties to verify the information contained in this Prospectus, the Management Company has received confirmation from BANKINTER, as Originator, as to the truthfulness of the characteristics of BANKINTER as Originator, of the Loans, of the Pass-Through Certificates and of the Mortgage Loans, given in section 2.2.8 of the Building Block, and of the remaining information on BANKINTER and on the selected mortgage loans from which the Loans will be taken given in this Prospectus.

In the Deed of Constitution of the Fund, BANKINTER shall reaffirm to the Management Company the fulfilment of those characteristics on the date on which the Fund is established.

The Management Company confirms that the information from BANKINTER on the selected mortgage loans from which the Loans will be taken and on the Originator proper has been accurately reproduced and, to the best of its knowledge and ability to determine based on that information provided by BANKINTER, no fact has been omitted which might result in the information reproduced being inaccurate or deceptive.

7.5 Credit ratings assigned to the securities by rating agencies.

On March 12, 2009, Moody's assigned the following provisional ratings to each Bond Series, and expects to assign the same final ratings by 2pm (CET) on March 17, 2009.

Bond Series	Moody's Rating
Series A	Aaa
Series B	A3
Series C	Baa3

If the Rating Agency should not confirm any of the assigned provisional ratings as final by 2pm (CET) on March 17, 2009, this circumstance would forthwith be notified to the CNMV and be publicised in the manner for which provision is made in section 4.1.2.2 of the Building Block. Furthermore, this circumstance would result in the establishment of the Fund, the Bond Issue and the assignment of Loan receivables terminating, as provided for in section 4.4.4.(v) of the Registration Document.

Rating considerations.

The ratings assigned to each Bond Series by Moody's measure the expected loss before the Final Maturity Date. In Moody's opinion, the structure allows timely interest and principal payment during the life of the transaction and, in any event, before the Final Maturity Date. Moody's ratings measure only the credit risks inherent in the transaction; no other risk types, which could materially affect performance, are measured.

The Rating Agency's ratings are not an assessment of the likelihood of obligors prepaying capital, nor indeed of the extent to which such prepayments differ from what was originally forecast. The ratings are not by any means a rating of the level of actuarial performance.

The ratings assigned, and any revision or suspension of the ratings:

- (i) are assigned by the Rating Agency based on manifold information received with respect to which it can give no assurance, nor even as to their accuracy or wholeness, wherefore the Rating Agency may in no event be deemed to be responsible therefor; and
- (ii) are not and cannot therefore be howsoever construed as an invitation, recommendation or encouragement for investors to proceed to carry out any transaction whatsoever on the Bonds and, in particular, acquire, keep, charge or sell those Bonds.

In carrying on the rating and monitoring process, the Rating Agency relies on the accuracy and wholeness of the information provided to it by BANKINTER, the Management Company, PRICEWATERHOUSECOOPERS, as auditors of certain features and attributes of a sample of the selected loans, and on the legal advice provided by RAMÓN Y CAJAL to set up the Fund, as independent legal advisers.

The ratings take into account the structure of the Bond Issue, the legal aspects thereof and of the issuing Fund, the characteristics of the loans selected to be assigned to the Fund and the regularity and continuity of the operating flows.

The Rating Agency may revise, suspend or withdraw the final ratings assigned at any time, based on any information that may come to its notice. Those events, which shall not constitute early liquidation events of the Fund, shall be notified to both the CNMV and Bondholders, in accordance with the provisions of section 4.1 of the Building Block.

ASSET-BACKED SECURITIES NOTE BUILDING BLOCK

(Annex VIII to Commission Regulation (EC) No. 809/2004 of April 29, 2004)

1. SECURITIES

1.1 Minimum denomination of the issue.

The Fund shall be set up with the Mortgage Loan Pass-Through Certificates and the Non-Mortgage Loan receivables which BANKINTER shall issue and assign to the Fund upon being established, and their Outstanding Balance shall be equal to or slightly above EUR seven hundred and ten million (710,000,000.00), the face value amount of the Bond Issue.

1.2 Confirmation that the information relating to an undertaking or obligor not involved in the issue has been reproduced.

Not applicable.

2. UNDERLYING ASSETS

2.1 Confirmation that the securitised assets have capacity to produce funds to service any payments due and payable on the securities.

In accordance with the information supplied by the Originator, the Management Company confirms that, based on their contractual characteristics, the flows of principal, interest and any other amounts generated by the securitised Loans allow the payments due and payable on the Bonds in the Series issued to be satisfied.

Nevertheless, in order to cover for potential payment defaults by securitised Loan Obligors, a number of credit enhancement transactions have been arranged allowing the amounts payable on the Bonds in each Series to be covered to a different extent and mitigating interest risk due to the different terms of the interest clauses of the Loans and of the Bonds in each Series. In exceptional circumstances, the enhancement transactions could actually fall short. The credit enhancement transactions are described in sections 3.4.2, 3.4.3, 3.4.4 and 3.4.7 of this Building Block.

Not all the Bonds issued have the same risk of default. Hence the different credit ratings assigned by the Rating Agency to the Bonds in each Series, detailed in section 7.5 of the Securities Note.

Upon the occurrence of a (i) substantial alteration or permanent financial imbalance of the Fund due to any event or circumstance whatsoever unrelated to the Fund's operations or (ii) default indicating a serious permanent imbalance in relation to any of the Bonds issued or suggesting that it will occur, the Management Company may proceed to Early Liquidation of the Fund and thereby Early Amortisation of the Bond Issue on the terms laid down in section 4.4.3 of the Registration Document.

2.2 Assets backing the issue.

The receivables to be pooled in the Fund, represented by the Management Company, upon being established, shall be exclusively receivables owned by BANKINTER deriving from Loans granted by BANKINTER to non-financial enterprises domiciled in Spain.

The portfolio of selected loans from which the Loans will be taken in order for their receivables to be mostly assigned to the Fund upon being established comprises 3,568 loans, their outstanding principal as at February 12, 2009 being EUR 814,882,693.39 and the overdue principal being EUR 444,235.49.

Audit of the assets securitised through the Fund.

PRICEWATERHOUSECOOPERS have audited the most significant features of the selected loans .

That audit was made using sampling techniques consisting of analysing a number of transactions fewer (sample) than the full selection of loans (population), allowing a conclusion to be arrived at regarding that population. The verification deals with a number of both quantitative and qualitative attributes regarding the sample transactions and specifically regarding: nature of the loan and the obligor, title, identification of the obligor, asset transfer, loan origination date, loan maturity date, repayment term (from origination) not less than one year, initial loan amount, current loan balance (outstanding principal), reference rate or benchmark index, interest rate spread, interest rate applied, arrears in payment, insolvency status of the obligor, developer loan, and additionally for loans with real estate mortgage security, mortgage loan origination, mortgaged property, address of the mortgaged property, mortgage security, previous mortgage, appraisal value and damage insurance. Selected loans in respect of which errors are detected in verifying the sample shall not be assigned to the Fund by BANKINTER.

The audit results shall be set out in a report prepared by PRICEWATERHOUSECOOPERS, which is one of the documents on display as determined in section 10 of the Registration Document.

2.2.1 Legal jurisdiction by which the pool of assets is governed.

The securitised assets are governed by Spanish Law.

2.2.2 Description of the general characteristics of the obligors and the economic environment, as well as global statistical data referred to the securitised assets.

r) Loan to value ratio of loans with senior real estate mortgage security or level of collateralisation.

There are 1,898 selected loans with real estate mortgage security as at February 12, 2009 and their outstanding principal amounts to EUR 659,747,503.35, and the mortgages are all registered as first or second or lower ranked mortgages. In the case of selected mortgage loans with second or lower ranked registered security, there is a prior mortgage ranking as the first mortgage securing a mortgage loan or credit registered in the name of BANKINTER.

The ratio, expressed as a percentage, of the initial outstanding principal as at February 12, 2009, plus the outstanding principal of loans or credits of mortgages ranking senior, if any, to the appraisal value of the selected mortgage loan mortgaged properties was comprised between 0.44% and 262.64%, and the average ratio weighted by the outstanding principal of each mortgage loan is 55.15%.

The following table gives the distribution of the mortgage loans by 10.00% intervals of that ratio where the mortgage is entered as a first mortgage.

*Loan to Value Ratio of the loans and, as the case may be, of other loans or credits with a senior ranked mortgage refers to averages weighted by the initial principal.					

There are 19 second or junior ranked selected loans with a ratio in excess of 80% at the portfolio selection date (EUR 2,678,776.62 of outstanding principal as at February 12, 2009, representing 0.33% in terms of selected portfolio outstanding principal).

There is no overcollateralisation in the Fund since the total Loan receivables principal or capital that BANKINTER shall assign to the Fund upon being set up shall be equal to or slightly above EUR seven hundred and ten million (710,000,000.00), the face value amount of the Bonds in the Bond Issue.

2.2.3 Legal nature of the pool of assets.

The selected loans may be classified based on their collaterals into:

- (i) Loans with real estate mortgage security, originated in a public deed (the Mortgage Loans).

The Mortgage Loans were originated in a public deed subject to the Mortgage Act, February 8, 1946, Mortgage Market Regulation Act 2/1981, March 25, and ancillary laws, as currently worded.

The Mortgage Loan receivables shall be assigned to the Fund upon BANKINTER issuing and the Fund subscribing for Pass-Through Certificates subject to the provisions of Act 2/1981 and Additional Provision Five of Act 3/1994, as currently worded, on the terms provided for in section 3.3 of this Building Block. Those Pass-Through Certificates shall be issued and subscribed for in the same Deed of Constitution of the Fund.

- (ii) Loans with no special guarantee, exclusively secured by pledging money and/or with third-party personal guarantees, originated in a public document, which are enforceable (Civil Procedure Act article 517) (the Non-Mortgage Loans).

The Non-Mortgage Loan receivables shall be directly assigned to the Fund upon being sold by BANKINTER and acquired by the Fund, on the terms provided for in section 3.3 of this Building Block. The Non-Mortgage Loan receivables shall be assigned to the Fund in the same Deed of Constitution of the Fund.

2.2.4 Expiry or maturity date(s) of the assets.

The selected loans each have a final maturity date without prejudice to periodic partial repayment instalments, on the specific terms applicable to each of them.

Obligors may at any time during the life of the Loans prepay all or part of the outstanding capital, in which case the accrual of interest on the part prepaid will cease as of the date on which repayment occurs.

The final maturity date of the selected loans lies between April 1, 2009 and March 14, 2043.

2.2.5 Amount of the assets.

The Fund shall be set up with the Loan receivables which BANKINTER will assign to the Fund upon being established, and their total principal or capital shall be equal to or slightly above EUR seven hundred and ten million (710,000,000.00), the face value amount of the Bonds in the Bond Issue.

The portfolio of selected loans from which the Loans will be taken to be assigned to the Fund upon being established comprises 3,568 loans, their outstanding principal as at February 12, 2009 being EUR 814,882,693.39 and the overdue principal being EUR 444,235.49.

In order to be assigned to the Fund upon being established, BANKINTER shall choose from the selected loans (i) loans that are in good standing or that have no payments that are more than one (1) month overdue and (ii) with an aggregate outstanding principal amount for each obligor from lowest to highest up to a total principal or capital equal to or slightly above EUR seven hundred and ten million (710,000,000.00). The Outstanding Balance of Loans with overdue payments shall not however exceed 5% of the Outstanding Balance of the Loans at the assignment date.

2.2.6 Loan to value ratio or level of collateralisation.

The loan to value ratio or level of collateralisation ratio of the mortgage loans is given in section 2.2.2 r) of this Building Block.

2.2.7 Method of creation of the assets.

The loans selected for assignment to the Fund have been granted by BANKINTER observing its usual credit risk analysis and valuation procedures for granting loans to enterprises. The procedures in place at BANKINTER are described below:

Loan proposal

BANKINTER has resolved to internally segment its risk credit with customers in accordance with a map of internal categories (risk types) classifying each live position based on risk consistency characteristics to calculate their default probability, strictness and exposure.

These categories determine how transactions or parties involved shall be managed internally based on turnover, assets and total risk taken on by BANKINTER with the proposing enterprise.

Categories of enterprises according to BANKINTER:

- Micro SMEs
- SMEs
- Corporate
- Developers
- Public Sector

The following are involved in the SME proposal generation process:

- **Customer:** proposes the transaction.
- **Branch:** customer account manager and liaison between the customer and Bankinter.
- **Centre for entering data** in the system. Provides Branches with administrative assistance and support in such matters as preparing loan agreements and booking transactions.
- **Risks:** at the different decision levels in charge of approving risk transactions.
- **Administrative Centres:** in charge of booking transactions.

Information requirements

The information that must be compiled upon a proposal by an SME is summed up in the following points:

- Transaction proposal: amount, term, guarantee and use of funds.
- Customer identification.
- Relationship with BANKINTER: positions, analysis and seniority as customer.
- External information: CIRBE, RAI, ASNEF.
- Commencement and description of the business.
- Shareholders.
- Market and products.
- Customers and suppliers.
- Staff.
- Properties.
- Balance Sheet and Profit and Loss Account for the last 3 years.
- Financial Ratios.
- Subjective remarks.
- Income and capital information if an individual stands surety.

The information shall be collected in respect of all parties in the risk group.

BANKINTER uses the Bank of Spain's definition of economic group. Just one of these three requirements must be satisfied in order to consider that two companies make up a group between them:

- Directly or indirectly controlling more than 25% in a company.
- Membership of the Board of Directors of that company.
- Business or financial support in running that Company: standing surety for third parties.

Transaction analysis

Decisions are made at BANKINTER by means of two approval systems: automatic and manual.

- ***Automatic approval (automatic approval applied since 1996, inclusive):***

The software application in charge of automatically approving the risks has the following functions, inter alia:

- Captures the necessary data for every transaction and the parties involved.
- Controls the entire manual empowerment and approval process, if the latter should be necessary.
- Ensures that the authorisation and booking of transactions are consistent.
- Allows the transaction to be monitored from time to time.

- Uses two types of rules for intermediate credit ratings in the above categories and for larger enterprises, distinguishing, in the latter case, where the beneficiary of the transaction is already a customer or not.
- In addition to the above, the system analyses the status of the enterprise based on information obtained from external sources: official registers, annual accounts, etc...

BANKINTER's automatic systems currently include decision trees as the chosen statistical procedure for scoring or rating customers/transactions and subsequently automatically approving the same.

Each category (credit portfolio segmentation according to Basle II regulations) has a specific decision tree built with discriminating variables in that specific segment or product.

Supplementing the scoring or rating of each decision tree, BANKINTER has included risk policy filters adding precision to the decision.

- **Manual approval:**

BANKINTER's non-automated decisions are jointly made on the different loan committees.

The different committees analyse the risk taken on based on the amount requested by the customer. This assessment is independent of the type of security or term of the transaction.

Once the Branch has completed the electronic file, the proposed transaction shall be approved by the relevant Committee in accordance with the powers conferred.

Origination

The central legal department is responsible for preparing the various agreements, which are provided to the network of branches by means of the appropriate software. Any change in those agreements requires the legal department's authorisation.

The branch is responsible for printing and having the agreement signed. The transaction is centrally entered in the accounts at the administrative centres.

In this connection, BANKINTER has an authorisation system to control that what is booked is in conformity with what was authorised.

Control, monitoring and recovery systems

BANKINTER has certain software applications, as detailed hereinafter, to assist those responsible for the Risks area involved in Control, Monitoring and Recovery to discharge their duties.

This set of tools is designed for the Network of centres and branches to monitor the risk, and therefore has to be used by all areas in the Bank to properly control risk quality.

Statistical customer alert

The "Alerts" are mainly aimed at anticipating and providing business centres with an efficient tool making Control and Monitoring easier, detecting through a monthly scoring customers whose operating methods suggest that it is highly likely that their risk quality will worsen. This scoring relies on statistical surveys and the variables used are therefore those that actually alert the most.

Risk Quality

This risk control system is based on a permanently updated sorting and grouping of all customers whose risk quality is self-evidently poor, or where there are doubts as to the same. All customers posing a current or future asset recovery problem should be identified as being of "risk quality".

Persons may be manually rated by any Loan Committee or by automatic facilities. In addition, information is offered as to the development of these so-called "substandard" risks. Where customers are manually rated, only the rating centre may remove the rating.

The System seeks to anticipate a customer's irregular status by means of a prior rating and in addition to get to know the true quality status of the credit portfolio independently of the objective quality.

Anticipation at Centres (also Statistical Alert at Centres).

This model could basically be defined as a set of indicators helping to assess or evaluate the different risk management stages, wherever that risk occurs, at business centres. These indicators will individually allow the management at different centres to be compared to each other and will overall contribute to obtain an overview of how credit risk is treated at centres.

For an enhanced efficiency, these indicators are obtained using the structure of networks -centres and the customer segmentation established by the bank. This is an open, flexible model that will allow us to learn and extend the same, adding new indicators, improving its efficiency.

Anticipating the Risk

Lastly, BANKINTER has this application which measures the appropriateness of Statistical Alert systems at Centres and Risk Rating. In other words, "Anticipating the Risk" advises for every 100 transactions, or for every 100 euros, falling in arrears, the percentage transactions or the percentage amount that was not anticipated by these two systems.

It therefore measures the proper functioning of the two other tools .

RECOVERY PROCEDURES

1. ORGANISATIONAL DESCRIPTION

The Control and Recoveries Department is responsible for managing the portfolio after a position becomes eventful by more than one day and for managing alerts prior to default.

The Control and Recovery Process relies on the involvement of the following constituent elements:

- ? Branch
- ? Collection Agency
- ? Organisation
- ? Control and monitoring
- ? Recoveries
- ? Division
- ? Mortgage specialist

The following tables summarise the responsibility of each constituent element of the Control, Monitoring and Recoveries Process, by type of customer/term, explained in this Circular.

Legal Persons	€0 - €60,000	+ €60,000
Individuals (personal guarantee)		
0 to 30 days	Branch	Organisation Control
30 days to 45 days	Organisation Control	
45 days to 120 days	Organisation Recoveries	
More than 120 days	Legal Department	

Up to €30,000, handed after 30 days to the collection Agency.

Individuals (personal guarantee)	€0 - €120,000	+ €120,000
0 to 60 days	Branch	Branch/Organisation Control
60 days to 120 days	Organisation Recoveries	Mortgage Specialist
More than 120 days	Legal Department	Legal Department

Depending on the amount of the debt, the Recoveries Application may be used to allow claims to be made by telephone (Recovery Call Centre), post, e-mail and mobile telephone, and information to be provided as to creditworthiness, payment commitments, steps taken, etc. and automatically change the type of agent.

The Recoveries Application generates call requests through Automatic Recovery Methods to the Recovery Call Centre, letters of demand, blocking of accounts, e-mails and mobile telephone messages claiming the debt... and advises, through messages to agents and depending on amounts and periods, overdue cases to be assigned to Collection Agencies, the recovery Department and the Legal Department.

It also allows a manual request to be made for recovery telephone calls, letters of demand, blocking of accounts, etc.

The recovery department staff can stop automatic actions at any time and become involved personally, normally by contacting the obligor, in order to resolve the incident. An attempt is made at a cash recovery, acceptance of a payment schedule for the position to be regularised in the medium term, refinancing where improved collaterals are given and default interest is paid, or delivery of the mortgaged or any other asset (surrender in lieu of payment) covering the amount of the debt.

Upon pre-judicial actions being dismissed, the documents shall be handed to the relevant Legal Adviser depending on the Organisation or the channel in which the position is booked.

Legal Advisers are usually subcontracted external staff, although in some cases they are on the Bank's payroll. Legal Advisers are asked to report as to the progress of legal proceedings, so that the latest action is known at all times.

2. ORGANISATIONAL DESCRIPTION

The Recoveries Application is a computer tool ensuring recovery actions with respect to all the portfolio positions in arrears.

This application has the following functions:

- Automatically generating recovery actions.
- Manually generating recovery actions.
- Running an information system with delinquent positions and customers, allowing the user to note relevant portfolio recovery events and to view the information entered by other users.

The Application basically consists of associating, by assigning a recovery case number, an account that is past due with an automatic recovery method carrying out the set actions.

These actions are addressed to the parties involved in the account (recovery calls, e-mails with claims, messages to mobile telephones, recovery letters), the account proper or other related accounts (Blocking), and users with recovery responsibility (Warnings, assigning Agents).

In addition, the Application allows these automatic actions to be stopped and those that are best for each specific case or for given portfolios to be ordered.

Several computer files concurrently allow payment commitment information, recovery actions differing from those automatically generated, creditworthiness details, general information, court milestones, etc. to be recorded.

The Recovery Methods are a set of Recovery actions executed automatically with respect to each position to be dealt with by the recovery Department. Accordingly, positions are sorted into Cases base on the source of the position, type of account, legal type and type of security, among other criteria.

Each case has an associated method defining, depending on the days by which the account is overdue, the recovery actions to be executed and the Agent who is to oversee the account (this Agent will initially always be the Branch at which the position is booked).

Independently of the automatic actions, those responsible for managing arrears do such things as may be necessary to recover the debt, either outsourcing to an external Collection Agency, or advising the obligor to obtain refinancing at another institution or at BANKINTER where appropriate, or indeed deciding that legal proceedings be commenced.

2.2.8 Indication of representations and collaterals given to the issuer relating to the assets.

2.2.9 Substitution of the securitised assets.

Set rules for substituting Loans or Pass-Through Certificates or otherwise repayment to the Fund.

1. In the event of prepayment of the Loans upon the relevant Loan capital being prepaid, there will be no substitution of the Non-Mortgage Loan receivables or of the relevant Pass-Through Certificates.
2. In the event that during the full term of the Loans it should be found that any of them fail to conform to the representations given in section 2.2.8 above upon the Fund being established, BANKINTER agrees, subject to the Management Company's consent, to proceed forthwith to remedy and, if that is not possible, substitute or, as the case may be, redeem the affected Loans not substituted, by automatically terminating the assignment of the affected Loan receivables and, as the case may be, cancelling the relevant Pass-Through Certificate, subject to the following rules:
 - (i) The party becoming acquainted with the existence of a Loan in that circumstance, be it the Originator or the Management Company, shall advise the other party thereof. The Originator shall have a period of not more than fifteen (15) Business Days from said notice to remedy that circumstance if it may be so remedied or proceed to a substitution of the affected Loans, notifying the Management Company of the characteristics of the loans intended to be assigned to take their stead, which shall fulfil the representations given in section 2.2.8 above and be of the same kind as to residual term, interest rate and outstanding principal value as the affected Loans, type of security, if any, ranking of the mortgage security, and also credit quality in terms of ratio of outstanding principal to the appraisal value of the mortgaged property or properties of the Mortgage Loans to be replaced, in order for the financial balance of the Fund not to be affected by such substitution, nor indeed the rating of the Bonds in connection with the provisions of section 7.5 of the Securities Note. Once the Management Company has checked the appropriateness of the substitute loan or loans, and after advising the Originator expressly of loans suitable for such substitution, such substitution shall be made by terminating the assignment of the affected Loan receivables and, as the case may be, cancelling the relevant Pass-Through Certificate, and simultaneously assigning the new substitute loans and, as the case may be, issuing the new substitute pass-through certificates.

The substitution shall be recorded in a public deed subject to the same formalities established for the assignment of the Loan receivables upon the Fund being established, in accordance with the specific characteristics of the new loans assigned. The Management Company shall provide the CNMV, the undertaking in charge of the Bond accounting record and the Rating Agency with a copy of the public deed.
 - (ii) In the event that there should be no substitution of the affected Loans in accordance with rule (i) above, the assignment of the affected Loan receivables not substituted shall be terminated and, as the case may be, the relevant Pass-Through Certificate will be cancelled. That termination shall take place by a repayment in cash to the Fund by the Originator of the outstanding principal of the affected Loans not substituted, interest accrued and not paid, calculated until the repayment date, and any other amount owing to the Fund under those Loans.
 - (iii) In the event of (i) and (ii) above occurring, BANKINTER shall be vested in all the rights attaching to those Loans accruing from the date of substitution or repayment to the Fund or accrued and not due, and overdue amounts on that same date.
3. In particular, the amendment by the Originator during the life of the Loans of their terms without regard to the limits established in the special laws applicable and, in particular, to the terms agreed between the Fund, represented by the Management Company, and the Originator in this Prospectus, in the Deed of Constitution and in the Servicing Agreement, which would therefore be an absolutely

exceptional amendment, would constitute a unilateral breach by the Originator of its duties which should not be borne by the Fund or by the Management Company.

Upon any such breach occurring, the Fund may, through the Management Company: (i) demand payment of the relevant damages and losses and (ii) request replacement or repayment of the affected Loans, in accordance with the procedure provided for in paragraph 2 above of this section, which shall not result in the Originator guaranteeing that the transaction will be successfully completed, but only the requisite redress of the effects resulting from the breach of its duties, in accordance with article 1124 of the Civil Code.

The expenses originated by the actions to remedy the Originator's breach shall be borne thereby and cannot be charged to the Fund or the Management Company. The Management Company shall notify the CNMV of each and every replacement of Loans on the terms of the procedure provided for in paragraph 2 above.

2.2.10 Relevant insurance policies relating to the assets.

The public deeds originating the Mortgage Loans provide that until the latter are fully repaid the Obligor is bound to have the mortgaged properties insured against the risk of fire and other damages during the contract term, at least satisfying the minimum requirements laid down by the mortgage market laws in force for the time being, assigning to BANKINTER the insured capital and other indemnities payable by the insurer.

No details are included regarding concentration of the insurers because the current status of the insurance policies taken out by the corporate obligors and their data are not supported or updated in the Originator's computer records. Nevertheless, given that the mortgage loans are part of the selected loans as a whole and the geographic distribution, as detailed in sections 2.2.2.d) and p) of this Building Block, any possible concentration of insurers has not been considered significant for the transaction.

2.2.11 Information relating to the obligors where the securitised assets comprise obligations of 5 or fewer obligors which are legal persons or where an obligor accounts for 20% or more of the assets, or where an obligor accounts for a material portion of the assets.

Not applicable.

2.2.12 Details of the relationship, if it is material to the issue, between the issuer, guarantor and obligor.

There are no relationships between the Fund, the Originator, the Management Company and other parties involved in the transaction other than as set forth in section 5.2 of the Registration Document.

2.2.13 Where the assets comprise fixed income securities, a description of the principal terms.

Not applicable.

2.2.14 Where the assets comprise equity securities, a description of the principal terms.

Not applicable.

2.2.15 If the assets comprise equity securities that are not traded on a regulated or equivalent market, where they represent more than ten (10) per cent of the securitised assets, a description of the principal terms.

Not applicable.

2.2.16 Valuation reports relating to the property and cash flow/income streams where a material portion of the assets are secured on real property.

The appraisal values of the properties securing the selected mortgage loans correspond to appraisals made by appraisers for the purpose of granting and arranging the selected mortgage loans.

2.3 Actively managed assets backing the issue.

Not applicable.

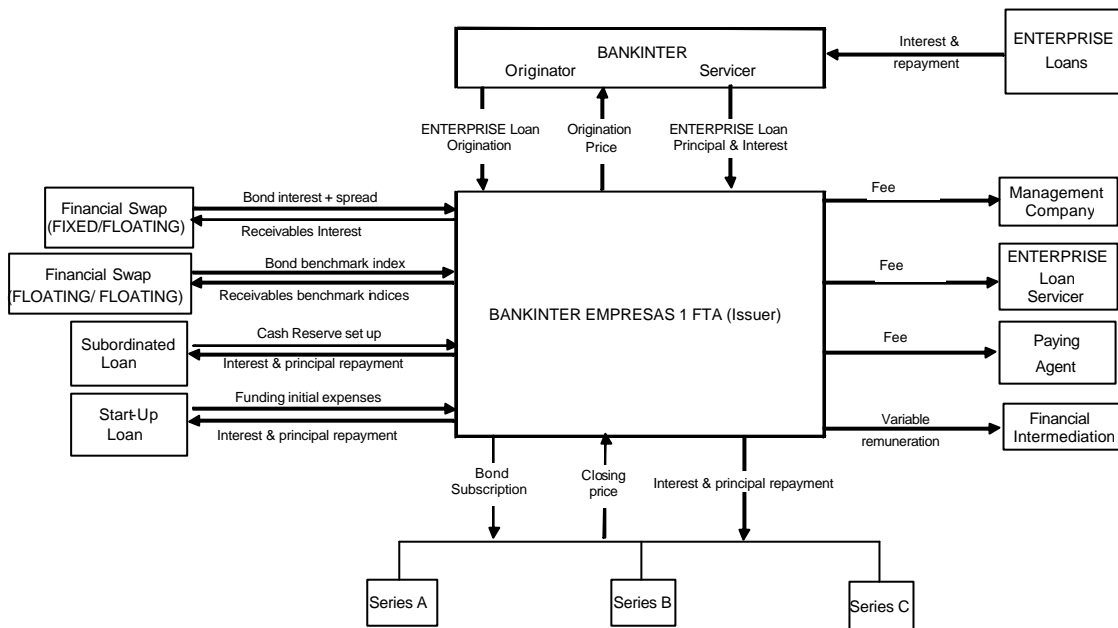

2.4 Where the issuer proposes to issue further securities backed by the same assets, statement to that effect and description of how the holders of that class will be informed.

Not applicable.

3.2 Description of the entities participating in the issue and of the functions to be performed by them.

(i) EUROPEA DE TITULIZACIÓN is the Management Company that will establish, manage and be the authorised representative of the Fund and has, together with BANKINTER, structured the financial terms of the Fund and the Bond Issue.

(ii) BANKINTER is the originator of the Loan receivables to be assigned to the Fund upon being established, shall be the Lead Manager and Subscriber of the Bond Issue and has, together with the Management Company, structured the financial terms of the Fund and of the Bond Issue.

In addition, BANKINTER shall be the Fund's counterparty under the Guaranteed Interest Rate Account (Treasury Account), Start-Up Loan, Subordinated Loan, Financial Swap, Loan Servicing and Pass-Through Certificate Custody, Bond Paying Agent and Financial Intermediation Agreements .

(iii) RAMÓN Y CAJAL, as independent advisers, have provided legal advice for establishing the Fund and issuing the Bonds , and have reviewed the tax implications thereof.

(v) Moody's is the Rating Agency that has assigned the rating to each Bond Issue Series.

The description of the institutions referred to in the above paragraphs is given in section 5.2 of the Registration Document.

The Management Company represents that the summary descriptions of those agreements, given in the relevant sections of this Prospectus, which it shall enter into for and on behalf of the Fund, include the most substantial and relevant information on each agreement, duly reflect their contents and that no information has been omitted which might affect the contents of the Prospectus.

3.3 Description of the method and date of the sale, transfer, novation or assignment of the assets or of any rights and/or obligations in the assets to the issuer.

3.3.1 Perfecting the assignment of the Loan receivables to the Fund.

The Management Company, for and on behalf of the Fund, and BANKINTER as Originator, shall in the Deed of Constitution perfect the agreement assigning the Loan receivables to the Fund, effective from that same date, as follows:

- (i) The assignment of the Mortgage Loan receivables shall be perfected upon BANKINTER issuing and the Fund subscribing for pass-through certificates (the "**Pass-Through Certificates**") as established by Act 2/1981 and by additional provision five of Act 3/1994, as currently worded, and other applicable laws.

The Pass-Through Certificates shall be represented by means of a multiple registered certificate which shall contain the minimum data provided for pass-through certificates in article 64 of Royal Decree 685/1982, and the registration particulars of the mortgaged properties securing the Mortgage Loans.

The Pass-Through Certificates may be transferred by a written statement on the very certificate and, in general, by any of the means admitted by Law. Transfer of the Pass-Through Certificate and the new holder's address shall be notified by the transferee to the issuer. They may only be acquired or held by institutional investors, and may not be acquired by the unspecialised public.

Both in the event that any Pass-Through Certificate should be substituted, as prescribed in section 2.2.9.2 of this Building Block, and in the event that the Management Company, acting for and on behalf of the Fund, should proceed to foreclose a Mortgage Loan, as prescribed in section 3.7.2.1.7 of this Building Block, and moreover if, upon Early Liquidation of the Fund, in the events and on the terms of section 4.4.3 of the Registration Document, said Pass-Through Certificates have to be sold, BANKINTER agrees to split, as the case may be, any multiple certificate into such individual or multiple certificates as may be necessary, or to substitute or exchange the same for the above purposes.

The multiple certificate representing the Pass-Through Certificates and the multiple or individual certificates, if any, into which the same is split shall be deposited at BANKINTER, and relations between the Fund and BANKINTER shall be governed by the Loan Servicing and Pass-Through Certificate Custody Agreement to be entered into between BANKINTER and the Management Company for and on behalf of the Fund. That deposit shall be made for the benefit of the Fund and therefore BANKINTER shall custody the documents supporting the Pass-Through Certificates deposited, on the Management Company's instructions.

BANKINTER, as the issuer, shall keep a special book in which it shall enter the Pass-Through Certificates issued and the changes of address notified by the Pass-Through Certificate holders, also including therein (i) Mortgage Loan origination and maturity dates, amount and settlement method; and (ii) the registration particulars of the mortgages securing the Mortgage Loans.

Given that subscription for and holding of the Pass-Through Certificates is restricted to institutional or professional investors and that the Fund is an institutional investor and further that the Fund has subscribed for the Pass-Through Certificates, for the purposes of paragraph two of article 64.6 of Royal Decree 685/1982, the issue of the Pass-Through Certificates shall not be subject to a marginal note on each entry of the mortgage underlying each Mortgage Loan in the Land Registry.

- (ii) The Non-Mortgage Loan receivables shall be assigned directly by BANKINTER to the Fund without any underlying security being issued by means of their sale by BANKINTER and acquisition by the Fund.

The assignment by BANKINTER to the Fund of the Loan receivables shall not be notified to either Obligors or third-party guarantors or the insurers with which the Obligors may have entered into the damage insurance contracts, if any, of the properties mortgaged by the Mortgage Loans underlying the Pass-

Through Certificates. Where the Loans have other security interests or third-party personal guarantees other than a real estate mortgage, the assignment will not be initially notified either to the custodian of the assets, where that is an undertaking other than the Servicer, or to the Obligors' guarantors. Where the Loans have security interests in which the custodian of the assets is the Servicer proper, the same shall be deemed to have received notice of the transfer in the Deed of Constitution.

However, in the event of insolvency, administration by the Bank of Spain, liquidation or substitution of the Servicer, or because the Management Company deems it reasonably justified, the Management Company may demand the Servicer to notify Obligors (and third-party guarantors and mortgaged property insurers, if any), of the transfer to the Fund of the outstanding Loan receivables, and that the payments derived therefrom will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify Obligors and third-party guarantors and mortgaged property insurers, if any, within five (5) Business Days of receiving the request and in the event of the Servicer becoming insolvent, the Management Company itself shall directly or, as the case may be, through a new Servicer it shall have designated, notify Obligors and third-party guarantors and mortgaged property insurers, if any.

Similarly and in the same events, the Management Company may request the Servicer to do such things and satisfy such formalities as may be necessary, including third-party notices and entries in the relevant records, in order to guarantee maximum enforceability of the assignment of the Loan receivables and collaterals with respect to third parties, all on the terms given in section 3.7.2.1.7 of this Building Block.

3.3.2 Loan receivables assignment terms.

1. The Non-Mortgage Loan receivables will be assigned and Mortgage Loan Pass-Through Certificates will be issued fully and unconditionally for the entire term remaining from the date on which the Fund is established, until maturity of each Loan.

In accordance with article 348 of the Commercial Code and 1529 of the Civil Code, the Originator will be liable to the Fund for the existence and lawfulness of the Loans, and for the personality with which the assignment is made, but shall not be liable for the solvency of the Obligors.

The Originator shall not bear the risk of default on the Loans and shall therefore have no liability whatsoever for the Obligors' default of principal, interest or any other amount whatsoever they may owe under the Loans, and shall not be answerable either for the enforceability of the securities collateral thereto. It will not be howsoever liable either to directly or indirectly guarantee that the transaction will be properly performed, nor give any guarantees or security, nor indeed agree to repurchase or substitute the Loans, saving as provided for in section 2.2.9 of this Building Block.

2. The assignment of Loan receivables shall be made for all the outstanding principal pending repayment on the assignment date, which shall be the date of establishment of the Fund, and for all ordinary interest on each Loan assigned.
3. The Fund shall have rights in and to the Loans from the date on which they are assigned and the Fund is established. Specifically, without limitation and for illustrative purposes only, the assignment shall confer on the Fund the following rights in relation to each Loan:
 - a) To receive all Loan capital or principal repayment amounts accrued.
 - b) To receive all Loan capital ordinary interest amounts accrued. Ordinary interest will also include interest accrued and not due on each Loan from the last interest settlement date, on or before the assignment date, and overdue interest, if any, at that same date. BANKINTER shall choose from the selected loans, in order to be assigned to the Fund upon being established, loans that are in good standing or that have no payments that are more than one (1) month overdue.
 - c) To receive all late-payment interest amounts on the Loans.

- d) To receive any other amounts, assets, properties, securities or rights received as payment of Loan principal, interest or expenses, either in the form of the auction sale price or amount determined by a court decision or notarial procedure in enforcing the mortgage or non-mortgage securities, on the sale or utilisation of properties, assets or securities awarded or, upon foreclosing, in the administration or interim possession of the properties, assets or securities in foreclosure proceedings.
 - e) To receive all possible rights or compensations on the Loans accruing for the Originator and derived therefrom, including those derived from the damage insurance contracts, if any, attached to the properties mortgaged by the Mortgage Loans which are also assigned to the Fund, and those derived from any right collateral to the Loans, excluding the fees established for each Loan, which shall remain for the benefit of the Originator.
4. In the event of Loan prepayment upon a full or partial repayment of the capital, there will be no direct substitution of the affected Loans.
 5. The Fund's rights resulting from the Loans shall be linked to payments made by the Obligors and shall therefore be directly affected by the evolution, late payments, prepayments or any other incident in connection therewith.
 6. The Fund shall defray any and all expenses or costs which the Originator may advance derived from recovery actions in the event of a breach by the Obligors of their obligations, including enforcement proceedings against the same.
 7. In the event of renegotiation consented to by the Management Company, for and on behalf of the Fund, of the Loans, or their due dates, the change in the terms shall affect the Fund.
 8. Until the execution of the Deed of Constitution, BANKINTER shall be the beneficiary of the damage insurance contracts entered into by the Obligors in relation to the properties mortgaged as security for the Mortgage Loans, up to the insured amount.

BANKINTER shall thereupon perfect the assignment attached to the issue of the Pass-Through Certificates of the rights BANKINTER has as the beneficiary of those damage insurance contracts taken out by the Obligors. As the holder of the Pass-Through Certificates, the Fund shall be entitled to any and all such insurance amounts received by BANKINTER.

3.3.3 Loan receivables sale or assignment price.

The price for selling the Non-Mortgage Loan receivables and subscribing for the Pass-Through Certificates shall be at par with the outstanding capital or principal. The aggregate price payable by the Fund represented by the Management Company to BANKINTER for the assignment of the Loan receivables shall be an amount equivalent to the sum of (i) the face value of the capital or principal outstanding on each Loan, and (ii) ordinary interest accrued and not due and overdue interest, if any, on each Loan at the assignment date (the "**accrued interest**"). BANKINTER shall choose from the selected loans, in order to be assigned to the Fund upon being established, loans that are in good standing or that have no payments that are more than one (1) month overdue. The Management Company shall pay the total Loan receivables assignment price on behalf of the Fund as follows:

1. The part of the assignment price consisting of the face value of the capital of all the Loans, item (i) of paragraph one of this section, shall be paid by the Fund on the Closing Date of the Bond Issue, for same day value, upon subscription for the Bond Issue being paid up, by means of instructions given by the Management Company to BANKINTER to debit the Treasury Account opened in the Fund's name. BANKINTER shall receive no interest on deferred payment until the Closing Date.
2. The part of the price consisting of interest accrued on each Loan, item (ii) of paragraph one of this section, shall be paid by the Fund on each collection date, as described in section 3.4.1 below, falling on the first interest settlement date of each Loan. Payment of accrued interest shall be made without regard to the Priority of Payments.

If the establishment of the Fund and hence the assignment of the Loan receivables should terminate, in accordance with the provisions of section 4.4.4.(v) of the Registration Document, (i) the Fund's obligation to pay the total Loan receivables assignment price shall terminate, and (ii) the Management Company shall be obliged to restore to BANKINTER any rights whatsoever accrued for the Fund upon the Loan receivables being assigned.

3.4 Explanation of the flow of funds.

3.4.1 How the cash flow from the assets will meet the issuer's obligations to holders of the securities.

Loan amounts due to the Fund and received by the Servicer will be paid by the Servicer into the Fund's Treasury Account on the seventh business day, for same day value, after the date on which they are received by the Servicer.

The weighted average interest rate of the loans selected as at February 12, 2009, as detailed in section 2.2.2.i) of this Building Block, is 5.18%, which is above the 2.04% weighted average interest rate of the Bonds that has been presumed for hypothetical purposes in the table contained in section 4.10 of the Securities Note.

Quarterly on each Payment Date Bondholders will be paid interest accrued and principal repayment on the Bonds in each Series on the terms set for each of them and in the Priority of Payments given in section 3.4.6.2 of this Building Block.

3.4.2 Information on any credit enhancement.

3.4.2.1 Description of the credit enhancement.

The following credit enhancement transactions are incorporated to the financial structure of the Fund:

- (i) Cash Reserve set up by drawing down the Subordinated Loan.
Mitigates the credit risk derived from delinquency and default on the Loans.
- (ii) Financial Swaps:
Mitigate the interest rate risk occurring in the Fund because the Loans are subject to fixed and floating interest with benchmark indices and reset and settlement periods differing from the floating interest established for the Bonds based on 3-month Euribor with quarterly accrual and settlement periods, and the risk deriving from potential Loan interest rate renegotiations which may result in their novation to a fixed or floating rate, as the case may be. In addition, a 0.30% excess margin is included in the Financial Swap (Fixed/Floating).
- (iii) Treasury Account.
Partly mitigates the loss of return on the liquidity of the Fund due to the timing difference between income received daily on the Loans and until interest payment and principal repayment on the Bonds occurs on the next succeeding Payment Date.
- (iv) Subordination and deferment in interest payment and principal repayment between the Bonds in the different Series, derived from their place in the application of the Available Funds as well as the rules for Distribution of Available Funds for Amortisation in the Priority of Payments, or in the application of the Liquidation Available Funds in the Liquidation Priority of Payments, are a means for distinctly hedging the different Series.

3.4.2.2 Cash Reserve.

The Management Company shall set up a cash reserve (the “**Cash Reserve**”) on the Closing Date by drawing fully the Subordinated Loan principal and shall subsequently, on each Payment Date, keep the Required Cash Reserve amount provisioned in the Priority of Payments.

The characteristics of the Cash Reserve shall be as follows:

Cash Reserve amount.

1. The Cash Reserve shall be set up on the Closing Date in an initial amount equal to EUR one hundred and twenty-five million three hundred and fifteen thousand (125,315,000.00) (the “**Initial Cash Reserve**”), representing 17.65% of the Bond Issue.
2. Subsequently to being set up, on each Payment Date, the Cash Reserve shall be provisioned up to the Required Cash Reserve amount established hereinafter out of the Available Funds in the Priority of Payments.

The required Cash Reserve amount on each Payment Date (the “**Required Cash Reserve**”) shall be the lower of:

- (i) EUR one hundred and twenty-five million three hundred and fifteen thousand (125,315,000.00).
- (ii) The higher of:
 - a) 35.30% of the Outstanding Principal Balance of the Bond Issue.
 - b) EUR sixty-two million six hundred and fifty-seven thousand five hundred (62,657,500.00).
3. Notwithstanding the above, the Required Cash Reserve shall not be reduced on the relevant Payment Date and shall remain at the Required Cash Reserve amount on the preceding Payment Date whenever any of the following circumstances concur on the Payment Date:
 - i) That on the Determination Date preceding the relevant Payment Date the amount of the Outstanding Balance of Delinquent Loans is in excess of 1.00% of the Outstanding Balance of Non-Doubtful Loans.
 - ii) That the Cash Reserve could not be provisioned up to the Required Cash Reserve amount on the relevant Payment Date.
 - ii) That three (3) years have not elapsed since the date of establishment of the Fund.

Yield.

The Cash Reserve amount shall remain credited to the Treasury Account, and will be remunerated on the terms of the Guaranteed Interest Rate Account (Treasury Account) Agreement.

Application.

The Cash Reserve shall be applied on each Payment Date to satisfying Fund payment obligations in the Priority of Payments and in the Liquidation Priority of Payments.

3.4.3 Details of any subordinated debt finance.

3.4.3.1 Start-Up Loan.

The Management Company shall on the date of establishment of the Fund, for and on behalf of the Fund, enter with BANKINTER into a commercial loan agreement amounting to EUR six hundred thousand (600,000.00) (the “**Start-Up Loan Agreement**”). The Start-Up Loan amount shall be delivered on the Closing Date and be allocated to financing the Fund set-up and Bond issue and admission expenses and partly financing assignment of the Loan receivables, at the difference between their total face capital and the face amount of the Bond Issue.

Outstanding Start-Up Loan principal will earn annual nominal floating interest, determined quarterly for each Interest Accrual Period, which shall be the result of adding: (i) the Bond Reference Rate determined for each Interest Accrual Period, and (ii) a 2.00% margin. This interest will be payable only if the Fund should have sufficient liquidity in the Priority of Payments or Liquidation Priority of Payments, as the case may be. Interest shall be settled and be payable on the expiry date of each Interest Accrual Period on each Payment Date, and shall be calculated based on: (i) the exact number of days in each Interest Accrual Period and (ii) a three-hundred-and-sixty (360-) day year. The first interest settlement date shall be June 18, 2009.

Interest accrued and not paid on a Payment Date will not be accumulated to the Start-Up Loan principal and shall not earn late-payment interest.

Start-Up Loan principal will be repaid quarterly on each Payment Date as follows:

- (i) The portion of Start-Up Loan principal actually used to finance the Fund set-up and Bond issue and admission expenses shall be repaid in twelve (12) consecutive quarterly instalments in an equal amount, on each Payment Date, the first of which shall be the first Payment Date, June 18, 2009, and the following until the Payment Date falling on March 18, 2012, inclusive.
- (ii) The portion of Start-Up Loan principal used to finance partially acquisition of the Non-Mortgage Loan receivables and subscription for the Pass-Through Certificates and the portion, if any, not used, shall be repaid on the first Payment Date, June 18, 2009.

All Start-Up Loan amounts due and not paid to BANKINTER because of a shortfall of Available Funds shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments. Payment of amounts not paid on preceding Payment Dates shall take precedence over amounts falling due under the Start-Up Loan on that Payment Date, satisfying in the first place overdue interest and secondly principal repayment, in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

The Start-Up Loan Agreement shall not be terminated in the event of the Fund being terminated, in accordance with the provisions of section 4.4.4.v) of the Prospectus Registration Document. In that event, the Start-Up Loan shall be used to pay the Fund set-up and Bond issue expenses and all other obligations undertaken by the Management Company, for and on behalf of the Fund, originated upon the Fund being established and which are due and payable, and principal repayment shall be deferred and subordinated to satisfaction of those obligations, out of the Fund's remaining resources.

3.4.3.2 Subordinated Loan.

The Management Company shall on the date of establishment of the Fund, for and on behalf of the Fund, enter with BANKINTER into a subordinated commercial loan agreement amounting to EUR one hundred and twenty-five million three hundred and fifteen thousand (125,315,000.00) (the "**Subordinated Loan Agreement**"). The Subordinated Loan amount shall be delivered on the Closing Date and be allocated to setting up the Initial Cash Reserve on the terms for which provision is made in section 3.4.2.2 of this Building Block, although granting of the Loan by no means guarantees performance of the securitised Loans.

Subordinated Loan principal shall be repaid on each Payment Date in an amount equal to the positive difference existing between the outstanding Subordinated Loan principal at the Determination Date preceding the relevant Payment Date and the Required Cash Reserve amount at the relevant Payment Date, and in the application priority established for that event in the application of Available Funds in the Priority of Payments.

In the event that the Fund should not have sufficient liquidity to proceed to the relevant Subordinated Loan repayment on a Payment Date, in the Priority of Payments, the portion of principal not repaid shall be repaid on the next succeeding Payment Date along with the amount, if any, that should be repaid on that same Payment Date, until fully repaid.

The Subordinated Loan shall at all events be finally due on the Final Maturity Date or, as the case may be, on the date on which the Management Company proceeds to Early Liquidation subject to the Liquidation Priority of Payments of the Fund.

Outstanding Subordinated Loan principal will accrue annual nominal interest, determined quarterly for each Interest Accrual Period, which shall be the result of adding: (i) the Bond Reference Rate determined for each Interest Accrual Period, and (ii) a 2.00% margin. Interest shall be settled and be payable upon expiry of each Interest Accrual Period on each Payment Date, and shall be calculated based on: (i) the exact number of days in each Interest Accrual Period, and (ii) a three-hundred-and-sixty- (360-) day year. The first interest settlement date shall be June 18, 2009, and interest shall accrue until said day, exclusive, and be paid on the same date. Interest will be paid provided that the Fund has sufficient liquidity in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

Interest accrued and not paid on a Payment Date will not be accumulated to Subordinated Loan principal and will not accrue late-payment interest.

All Subordinated Loan amounts due and not paid to BANKINTER because of a shortfall of Available Funds shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments. Payment of amounts not paid on preceding Payment Dates shall take precedence over amounts falling due under the Subordinated Loan on that Payment Date, satisfying firstly overdue interest and secondly principal repayment, in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments of the Fund.

The Subordinated Loan Agreement shall be fully terminated in the event that the Rating Agency should not confirm the provisional ratings assigned to the Bonds as the final ratings by 2pm (CET) on March 17, 2009.

3.4.3.3 Subordination of Series B and Series C Bonds.

Series B Bond interest payment is deferred with respect to Series A Bonds, as provided in the Priority of Payments and in the Liquidation Priority of Payments. Series C Bond interest payment is in turn deferred with respect to Series A and Series B Bonds, as provided in the Priority of Payments and in the Liquidation Priority of Payments.

Series B Bond principal repayment is deferred with respect to Series A Bonds, as provided in the Priority of Payments and in the Liquidation Priority of Payments, saving the provisions of section 4.9.3.5 of this Securities Note in relation to the Conditions for Pro Rata Amortisation of Series A, B and C principal, as provided in the Priority of Payments and in the Liquidation Priority of Payments.

Series C Bond principal repayment is deferred with respect to Series A and Series B Bonds, as provided in the Priority of Payments and in the Liquidation Priority of Payments, saving the provisions of section 4.9.3.5 of this Securities Note in relation to the Conditions for Pro Rata Amortisation of Series A, B and C principal, as provided in the Priority of Payments and in the Liquidation Priority of Payments.

Sections 4.6.1 and 4.6.2 of the Securities Note detail the order numbers in the priority of payments of the Fund of Bond interest payment and principal repayment in each Series in the Priority of Payments and in the Liquidation Priority of Payments.

3.4.4 Investment parameters for the investment of temporary liquidity surpluses and parties responsible for such investment.

3.4.4.1 Treasury Account.

The Management Company, for and on behalf of the Fund, and BANKINTER shall enter into a guaranteed interest rate account agreement (the "**Guaranteed Interest Rate Account (Treasury Account) Agreement**") whereby BANKINTER will guarantee a certain variable yield on the amounts paid by the Fund through its Management Company into a financial account. The Guaranteed Interest Rate Account (Treasury Account) Agreement shall specifically determine that all amounts received by the Fund will be paid into a financial account in euros (the "**Treasury Account**") opened at BANKINTER, in the name of the Fund by the Management Company, which amounts shall mostly consist of the following:

- (i) cash amount received upon subscription for the Bond Issue being paid up;
- (ii) Loan principal repaid and interest collected;
- (iii) any other Loan or Loan collateral amounts received payable to the Fund;
- (iv) Subordinated Loan principal drawn down and the Cash Reserve amount from time to time;
- (v) Start-Up Loan principal drawn down;
- (vi) Financial Swap amounts paid to the Fund;
- (vii) the amounts of the returns obtained on Treasury Account balances; and
- (viii) the amounts, if any, of interim withholdings on the return on investments to be effected on each relevant Payment Date on the Bond interest paid by the Fund, until due for payment to the Tax Administration.

BANKINTER shall pay an annual nominal interest rate, variable quarterly and settled quarterly, other than for the first interest accrual period, the duration of and the interest settlement for which shall be based on the duration of that period, applicable for each interest accrual period (differing from the Interest Accrual Period established for the Bonds) to the positive daily balances if any on the Treasury Account, equal to the Reference Rate determined for each Interest Accrual Period substantially matching each Treasury Account interest accrual period, translated to an interest rate based on calendar years (i.e. multiplied by 365, or 366 in leap years, and divided by 360). Interest shall be settled on the date of expiry of each interest accrual period on each of the Fund Determination Dates (the fourth (4th) Business Day preceding each Payment Date), and shall be calculated based on: (i) the exact number of days in each interest accrual period, and (ii) a three-hundred-and-sixty-five (365-) day year or a three-hundred-and-sixty-six (366-) day year if it is a leap year. The first interest accrual period shall comprise the days elapsed between the date of establishment of the Fund and the first Determination Date, June 12, 2009.

In the event that the rating of the short-term unsecured and unsubordinated debt obligations of BANKINTER or the institution in which the Treasury Account is opened (the “**Treasury Account Provider**”) should, at any time during the life of the Bond Issue, be downgraded below P-1 by Moody’s, the Management Company shall, within not more than thirty (30) days from the time of the occurrence of that circumstance and after notifying the Rating Agency, do any of the things described hereinafter allowing a suitable level of guarantee to be maintained with respect to the commitments derived from the Guaranteed Interest Rate Account (Treasury Account) Agreement in order for there to be no detriment to the rating given to the Bonds by the Rating Agency:

- a) Obtaining from an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody’s a first demand guarantee securing for the Fund, merely upon the Management Company so requesting, prompt payment by the Treasury Account Provider of its obligation to repay the amounts credited to the Treasury Account, for such time as the Treasury Account Provider remains downgraded below P-1.
- b) Transferring the Treasury Account to an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody’s, and arranging the highest possible yield for its balances, which may differ from that arranged with the Treasury Account Provider under the Guaranteed Interest Rate Account (Treasury Account) Agreement.
- c) In addition, if the above options are not possible on the terms provided for, the Management Company may invest the balances for periods not extending beyond the following Payment Date, in short-term fixed-income assets in euros issued by institutions with short-term unsecured and unsubordinated debt obligations rated at least as high as A1 and P-1 for long- and short-term debt obligations by Moody’s, including securities issued by the Spanish State, in which case the yield obtained could also differ from that obtained initially with the Treasury Account Provider and provided that the Treasury Account is opened at an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody’s.

- d) In the event of b) or c) occurring and that BANKINTER's short-term unsecured and unsubordinated debt obligations should subsequently be upgraded back to P-1 by Moody's, the Management Company shall subsequently transfer the balances back to BANKINTER under the Guaranteed Interest Rate Account (Treasury Account) Agreement

All costs, expenses and taxes incurred in connection with putting in place and arranging the above shall be borne by the Treasury Account Provider or the substituted Treasury Account Provider, as the case may be.

The Treasury Account Provider shall agree, forthwith upon its credit rating being downgraded, to use commercially reasonable efforts in order that the Management Company may do any of (a), (b) or (c) above.

3.4.5 Collection by the Fund of payments in respect of the assets.

The Servicer shall manage collection of all Loan amounts payable by the Obligors, and any other item including under the mortgaged property damage insurance contracts securing the Mortgage Loans. The Servicer shall use every effort in order for payments to be made by the Obligors to be collected in accordance with the contractual terms and conditions of the Loans.

Loan amounts received by the Servicer shall be paid by the Servicer in full into the Fund's Treasury Account on the seventh business day, for same day value, after the day on which they were received by the same. In this connection, Saturdays, Sundays and public holidays in the city of Madrid shall not be taken to be business days.

Nevertheless, in the event that the rating of the Servicer's short-term unsecured and unsubordinated debt obligations should be downgraded below P-1 by Moody's, the Management Company shall, in a written notice to the Servicer, issue instructions for those amounts to be paid to the Fund crediting the Treasury Account on the first day after the date on which they were received by the Servicer or the following business day, if that is not a business day, for same day value.

In the event of the Servicer's long-term credit rating being downgraded below Baa3 by Moody's, the Servicer will make a cash deposit for the benefit of the Fund with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's, or arrange an unconditional irrevocable credit facility upon the Management Company's first demand with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's.

The deposit amount or the maximum limit of the credit facility arranged shall be equivalent to the estimated aggregate amount of Loan repayment and interest instalments during the month with the highest collection of repayment and interest instalments from the date of downgrade below Baa3 by Moody's, in the event that the Loan delinquency rate should be 0.00% and the CPR should be 10.00%.

The Fund may only draw on that deposit or liquidity facility the Loan amounts it shall not receive, if any, owing to the Fund and received by the Servicer.

The Management Company may issue the same instructions in the event that the Servicer's short-term unsecured and unsubordinated debt obligations should not be rated by Moody's.

The Servicer shall at no event pay any Loan payment amount whatsoever to the Fund not previously received from the Obligors.

3.4.6 Order of priority of payments made by the issuer.

3.4.6.1 Source and application of funds on the Bond Closing Date and until the first Payment Date, exclusive.

The source and application of the amounts available for the Fund on the Bond Issue Closing Date shall be as follows :

1. Source: the Fund shall have the following funds :

- c) Drawdown of Subordinated Loan principal.

2. Application.

The Available Funds shall be applied on each Payment Date to meeting payment or withholding obligations falling due on each Payment Date in the following order of priority, irrespective of the time of accrual, other than the application established in the 1st place, which may be made at any time as and when due:

1. Payment of the Fund's properly supported taxes and ordinary⁽¹⁾ and extraordinary⁽²⁾ expenses, whether or not they were disbursed by the Management Company, including the management fee due to the latter, and all other expenses and service fees, including those derived from the Paying Agent Agreement. Only expenses prepaid or disbursed on the Fund's behalf by and amounts reimbursable to the Servicer, provided they are all properly supported, and the servicing fee in the event that BANKINTER should be substituted as Servicer, shall be made to the Servicer under the Servicing Agreement in this priority.
2. Payment of the net amounts, if any, payable by the Fund under the Financial Swap Agreements and, only in the event of termination of these Agreements following a breach by the Fund or in any early termination event, payment of the settlement payment amounts payable by the Fund.
3. Payment of interest due on Series A Bonds.
4. Payment of interest due on Series B Bonds unless this payment is deferred to 7th place in the order of priority.

This payment shall be deferred to 7th place when on the Determination Date preceding the relevant Payment Date the cumulative Outstanding Balance of Doubtful Loans since the Fund was established, reckoned at the amount of the Outstanding Balance as at the Doubtful Loan classification date, is in excess of 40.00% of the initial Outstanding Balance of the Loans upon the Fund being established and provided that Series A Bonds have not been and are not to be fully amortised on the relevant Payment Date.

5. Payment of interest due on Series C Bonds unless this payment is deferred to 8th place in the order of priority.

This payment shall be deferred to 8th place when on the Determination Date preceding the relevant Payment Date the cumulative Outstanding Balance of Doubtful Loans since the Fund was established, reckoned at the amount of the Outstanding Balance as at the Doubtful Loan classification date, is in excess of 32.00% of the initial Outstanding Balance of the Loans upon the Fund being established and provided that Series A and Series B Bonds have not been and are not to be fully amortised on the relevant Payment Date.

6. Amortisation withholding in an amount equivalent to the positive difference existing at the Determination Date preceding the relevant Payment Date between (i) the Outstanding Principal Balance of the Bond Issue, and (ii) the Outstanding Balance of Non-Doubtful Loans.

Depending on the liquidity existing on each Payment Date, the amount actually applied to Amortisation Withholding shall be included among the Available Funds for Amortisation to be applied in accordance with the rules for Distribution of Available Funds for Amortisation established in section 4.9.3.5 of the Securities Note.

7. Payment of interest due on Series B Bonds when this payment is deferred from 4th place in the order of priority as established therein.

16. Payment of the Financial Intermediation Margin.

When accounts payable for different items exist in a same priority order number on a given Payment Date and the Available Funds are not sufficient to settle the amounts due under all of them, the application of the remaining Available Funds shall be prorated among the amounts payable under each such item, and the amount applied to each item shall be distributed in the priority in which the accounts payable fall due.

- (1) The following shall be considered ordinary expenses of the Fund:

17. Payment of the Financial Intermediation Margin.

When accounts payable for different items exist in a same priority order number on the Final Maturity Date or upon Early Liquidation and the Liquidation Available Funds are not sufficient to settle the amounts due under all of them, the application of the remaining Liquidation Available Funds shall be prorated among the amounts payable under each such item, and the amount applied to each item shall be distributed in the priority in which the accounts payable fall due.

Additionally, and not included among the Liquidation Available Funds, the Fund shall have, as the case may be, in accordance with the provisions of section 4.4.3.3.(iii) of the Registration Document, the amount drawn under the credit facility or the loan taken out for early amortisation of outstanding Bonds designed only for settling those items.

⁽¹⁾ Reserve set up as a means of assurance in order to allow the payments to be made by the Fund in connection with the expenses occurring upon the Fund terminating as described in section 4.4.4 of the Registration Document.

3.4.6.4 Financial Intermediation Margin.

The Management Company shall, for and on behalf of the Fund, enter with the Originator into a Financial Intermediation Agreement designed to remunerate the Originator for the financial intermediation process carried out, enabling the financial transformation defining the Fund's activity, the assignment to the Fund of the Loan receivables and the rating assigned to each Bond Series.

The Originator shall be entitled to receive from the Fund a variable subordinated remuneration (the "**Financial Intermediation Margin**") which shall be determined and shall accrue upon expiry of every quarterly accrual period, comprising, other than for the first period, the three calendar months preceding each Payment Date, in an amount equal to the positive difference, if any, between income and expenditure accrued by the Fund, including losses, if any, brought forward from previous years, with reference to its accounts and before the close of the months of February, May, August and November, which are the last calendar month in each quarterly period. Exceptionally, the first period shall be comprised between the date on which the Fund is established and May 30, 2009, inclusive, this being the last day of the calendar month preceding the first Payment Date, June 18, 2009.

The Financial Intermediation Margin accrued at the close of the months of February, May, August and November shall be settled on the Payment Date next succeeding the last day of each of said months, provided that the Fund has sufficient liquidity in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

If the Fund should not have sufficient liquidity on a Payment Date in the Priority of Payments to pay the Financial Intermediation Margin in full, the Financial Intermediation Margin amount accrued and not paid shall accumulate without any penalty whatsoever on the Financial Intermediation Margin accrued, if any, in the following quarterly period in the Priority of Payments and shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments. Financial Intermediation Margin amounts not paid on preceding Payment Dates shall be paid with priority over the amount payable on the relevant Payment Date.

The Financial Intermediation Agreement shall be fully terminated in the event that the Rating Agency should not confirm any of the provisional ratings assigned to each Bond Series as final by 2pm (CET) on March 17, 2009 or in the event of termination of the Management and Subscription Agreement.

3.4.7 Other arrangements upon which payments of interest and principal to investors are dependent.

3.4.7.1 Financial Swaps.

The Management Company shall, for and on behalf of the Fund, enter with BANKINTER into two financial swap agreements (the “**Financial Swap Agreements**” or the “**Financial Swaps**”) based on the 1992 ISDA Master Agreement (Master Agreement - Multicurrency - Cross Border) and the 2006 Definitions (ISDA 2006 Definitions).

The Management Company, for and on behalf of the Fund, and BANKINTER shall enter into one of the two Financial Swap Agreements, designed to mitigate the floating-rate Loan interest rate risk, as described in subparagraph 3.4.7.1.1 below (the “**Financial Swap Agreement (Floating/Floating)**” or the “**Swap (Floating/Floating)**”).

The Management Company, for and on behalf of the Fund, and BANKINTER shall enter into one of the two Financial Swap Agreements, designed to mitigate the fixed-rate Loan interest rate risk, all as described in subparagraph 3.4.7.1.2 below (the “**Financial Swap Agreement (Fixed/Floating)**” or the “**Swap (Fixed/Floating)**”).

3.4.7.1.1 Financial Swap Agreement (Floating/Floating).

Party A : The Fund, represented by the Management Company.

Party B : BANKINTER.

1. Payment dates.

The payment dates shall fall on the Bond Payment Dates, i.e. on March 18, June 18, September 18 and December 18 in every year, or the next succeeding Business Day if any of these dates is not a Business Day. The first Payment Date shall be June 18, 2009.

The variable amounts payable by Party A and by Party B for each respective calculation period shall be netted and be paid by the paying Party to the receiving Party on each Payment Date.

2. Calculation dates.

Calculation dates shall fall on the Determination Dates, i.e. the dates falling on the fourth (4th) Business Day preceding each Payment Date.

2.1 Calculation periods.

Party A:

The Party A calculation periods shall be the exact number of days elapsed between two consecutive Determination Dates, not including the first but including the last date. Exceptionally, a) the length of the first Party A calculation period shall be equivalent to the exact number of days elapsed between the date of establishment of the Fund, inclusive, and June 12, 2009, the first Determination Date, inclusive, and b) the length of the last Party A settlement period shall be equivalent to the exact number of days elapsed between the Determination Date preceding the Financial Swap Agreement (Floating/Floating) expiry date, exclusive, and the expiry date, inclusive.

Party B:

The Party B calculation periods shall be the exact number of days elapsed between two consecutive Payment Dates, including the first but not including the last date. Exceptionally, a) the length of the first Party B calculation period shall be equivalent to the exact number of days elapsed between the Bond Issue Closing Date, inclusive, and June 18, 2009, exclusive, and b) the length of the last Party B settlement period shall be equivalent to the exact number of days elapsed between the Payment Date preceding the Financial Swap Agreement (Floating/Floating) expiry date, inclusive, and the expiry date, exclusive.

3. Notional amount for Party A and for Party B.

This shall be for each calculation period the daily average during the Party A calculation period of the Outstanding Balance of floating-rate Non-Doubtful Loans .

4. Variable amount payable by Party A.

This shall be on each Payment Date and for each Party A calculation period next preceding the amount resulting from applying the Party A Interest Rate to the Notional Amount according to the number of days in the Party A calculation period and based on a three-hundred-and-sixty- (360-) day year.

4.1 Party A Interest Rate.

This shall be for each Party A calculation period the annual interest rate resulting from dividing (i) the total interest amount at the reference indices of ordinary interest due on floating-rate Loans , excluding floating-rate Doubtful Loans , at the relevant calculation date, whether or not they were paid by the Obligors, during the Party A calculation period, by (ii) the Notional Amount, multiplied by the result of dividing 360 by the number of days in the Party A calculation period.

In this connection:

- (i) Ordinary interest due will be reduced by the interest accrued payable by the Fund for the assignment of the floating-rate Loans .
- (ii) As the case may be, ordinary interest due will also be deemed to comprise the accrued interest received by the Fund both on the sale of the floating-rate Loan receivables and on their early redemption by BANKINTER in accordance with the rules laid down for substituting the Loans .
- (iii) The floating-rate Loan ordinary interest due dates shall be deemed to be the collection dates on which they are due to be paid into the Fund under the Servicing Agreement.

5. Variable amount payable by Party B.

This shall be on each Payment Date and for each Party B calculation period the amount resulting from applying the Party B Interest Rate to the Notional Amount according to the number of days in the Party B calculation period and based on a three-hundred-and-sixty- (360-) day year.

5.1 Party B Interest Rate.

For each Party B calculation period this shall be the Reference Rate determined for the Bonds in the Interest Accrual Period coinciding with the Party B calculation period.

6. Maturity Date.

This shall be the earlier of the dates on which any of the events of termination of the Fund listed in (i) to (iv) occur in accordance with the provisions of section 4.4.4 of the Registration Document.

7. Events of default specific to the Financial Swap Agreement (Floating/Floating).

If on a Payment Date the Fund (Party A) should not have sufficient liquidity to pay the aggregate net amount, if any, payable to Party B, the portion of this amount not paid shall be settled on the following Payment Date provided that the Fund has sufficient liquidity in the Priority of Payments. Should such event of non-payment occur on two consecutive Payment Dates, Party B may choose to terminate the Financial Swap Agreement (Floating/Floating). In the event of termination, the Fund (Party A) shall take over the obligation to pay the settlement amount established on the terms of the Financial Swap Agreement (Floating/Floating), all in the Priority of Payments or, as the case may be, the Liquidation Priority of Payments. If payment of the settlement amount is for Party B and not for the Fund (Party A), Party B shall accept the obligation to pay the settlement amount provided for in the Financial Swap Agreement (Floating/Floating).

If on a Payment Date Party B should not pay the full amount payable to Party A, the Management Company may, on behalf of the Fund, choose to terminate the Financial Swap Agreement (Floating/Floating). In the event of termination, Party B shall take over the obligation to pay the settlement amount established on the terms of the Financial Swap Agreement (Floating/Floating), unless payment of the settlement amount is for Party A, who shall pay it subject to the Priority of Payments or, as the case may be, the Liquidation Priority of Payments.

Subject to the above, other than in an extreme event of permanent financial imbalance of the Fund, the Management Company shall endeavour, for and on behalf of the Fund, to enter into a new Financial Swap agreement (Floating/Floating).

8. Actions in the event of change in the rating of Party B.

Party B shall irrevocably agree as follows under the Financial Swap Agreement (Floating/Floating):

- (i) If at any time during the life of the Bond Issue neither Party B nor any of its Credit Support Providers has the First Required Rating Threshold ("**First Rating Default**"), then Party B shall within thirty (30) Business Days of the occurrence of that circumstance, post collateral in the form of cash or securities (as established in the Financial Swap Agreement (Floating/Floating) and calculated based on the Face Amount and the Financial Swap mark-to-market value) in favour of the Fund with an institution with short-term unsecured and unsubordinated debt obligations rated P1 by Moody's, on the terms of the Financial Swap Agreement (Floating/Floating).

Party B may at any time avoid posting the aforesaid collateral if it has a Credit Support Provider having the First Required Rating Threshold or is replaced by a replacement having the Second Required Rating Threshold.

- (ii) If at any time during the life of the Bond Issue neither Party B nor any of its Credit Support Providers has at least the Second Required Rating Threshold ("**Second Rating Default**"), then Party B shall, on a best efforts basis and as soon as possible (A) obtain a Credit Support Provider with at least the Second Required Rating Threshold, or (B) obtain a Replacement with at least the Second Required Rating Threshold, (or a Replacement with a Credit Support Provider with at least the Second Required Rating Threshold).

While none of the actions specified above have been taken, Party B shall, within thirty (30) Business Days of the occurrence of the Second Rating Default, post collateral in the form of cash or securities in favour of the Fund with an institution with short-term unsecured and unsubordinated debt obligations rated at least P-1 by Moody's, on the terms of the Financial Swap Agreement (Floating/Floating).

Party B's obligations under (i) and (ii) above, and the Termination events deriving therefrom, shall only apply during such time as the events respectively prompting the First Required Rating Default or the Second Required Rating Default are in place. The collateral transferred by Party B pursuant to (i) and (ii) above will be retransferred to Party B upon cessation of the causes resulting in the First Rating Default or the Second Rating Default, respectively.

All costs, expenses and taxes incurred in connection with fulfilment of the preceding obligations shall be payable by Party B.

In the above connection, "Credit Support Provider" shall mean an institution providing an unconditional, irrevocable and first demand guarantee with respect to present and future obligations of Party B under the Financial Swap Agreement (Floating/Floating) (the "Guarantee"), and provided that (A) a law firm provides a legal opinion confirming that none of the payments made by that institution to Party A under the Guarantee results in any requirement for deduction or withholding for or on account of any tax; or (B) the Guarantee determines that, if there is any such deduction or withholding, the payment made by that institution shall be increased by whatever amount is necessary in order for the net payment received by Party A to be equal to such other amount as Party A would have received had there been no such deduction or withholding; and "Replacement" shall mean any institution taking over the contractual position of Party B under the Financial Swap

Agreement (Floating/Floating) or entering into a new swap agreement with Party A, on terms substantially identical with the Financial Swap Agreement (Floating/Floating) (which shall be confirmed by Party A, on a best efforts basis), and provided that (A) a law firm provides a legal opinion confirming that none of the payments made by that institution to Party A results in any requirement for deduction or withholding for or on account of any tax; or (B) if there is any such deduction or withholding, the payment made by that institution shall be increased by whatever amount is necessary in order for the net payment received by Party A to be equal to such other amount as Party A would have received had there been no such deduction or withholding. That institution shall thereafter, to all intents and purposes, be considered Party B under the Financial Swap Agreement (Floating/Floating) or in the new swap agreement to be entered into.

An entity shall have the "First Required Rating Threshold" (A) in the event that the short-term unsecured and unsubordinated debt obligations of that entity are rated P-1 by Moody's and its long-term unsecured and unsubordinated debt obligations are rated at least as high as A2 by Moody's, and (B) in the event that the short-term unsecured and unsubordinated debt obligations of that entity are not rated by Moody's, if its long-term unsecured and unsubordinated debt obligations are rated at least as high as A1 by Moody's.

An entity shall have the "Second Required Rating Threshold" (A) in the event that the short-term unsecured and unsubordinated debt obligations of that entity are rated at least as high as P-2 by Moody's and its long-term unsecured and unsubordinated debt obligations are rated at least as high as A3 by Moody's, and (B) in the event that the short-term unsecured and unsubordinated debt obligations of that entity are not rated by Moody's, if its long-term unsecured and unsubordinated debt obligations are rated at least as high as A3 by Moody's.

9. Other characteristics of the Financial Swap Agreement (Floating/Floating).

- 9.1 In the event of Termination, in the events set out and defined in the Financial Swap Agreement (Floating/Floating), Party B shall accept the obligation to pay the settlement amount provided for in the Financial Swap Agreement (Floating/Floating). Should the settlement amount payable under the Financial Swap Agreement (Floating/Floating) be due by the Fund (Party A) and not by Party B, payment thereof by the Fund (Party A) shall be made in the Priority of Payments or in the Liquidation Priority of Payments, as the case may be.
- 9.2 Party B may only assign all its rights and obligations under the Financial Swap Agreement (Floating/Floating), subject to Party A's written consent, to a third party with a credit rating equal to Moody's First Required Rating Threshold, subject to notice to the Rating Agency.
- 9.3 The Financial Swap Agreement (Floating/Floating) shall be submitted to Spanish laws.
- 9.4 The occurrence, as the case may be, of Termination of the Financial Swap Agreement (Floating/Floating) will not in itself be an Early Amortisation event of the Bond Issue and an Early Liquidation event of the Fund referred to in sections 4.9.4 of the Securities Notes and 4.4.3 of the Registration Document, unless in conjunction with other events or circumstances related to the net asset value of the Fund, its financial balance should be materially or permanently altered.
- 9.5 The Financial Swap Agreement (Floating/Floating) shall be fully terminated in the event that the Rating Agency should not confirm the provisional ratings assigned to each Series as final ratings by 2pm (CET) on March 17, 2009.

3.4.7.2 Bond Issue Paying Agent.

The Management Company shall, for and on behalf of the Fund, enter with BANKINTER into a paying agent agreement to service the Bonds issued by the Fund (the "**Paying Agent Agreement**").

The obligations to be taken on by BANKINTER (the "**Paying Agent**") under this Paying Agent Agreement are summarily as follows:

- (i) On each Bond Payment Date, paying interest and, as the case may be, repaying Bond principal through Iberclear, after deducting the total amount of the interim tax withholding for return on investments to be made by the Management Company, on the Fund's behalf, in accordance with applicable tax laws.
- (ii) On each Interest Rate Fixing Date, notifying the Management Company of the Reference Rate determined to be used as the basis for the Management Company to calculate the Nominal Interest Rate applicable to each Bond Series.

In the event that the rating of the Paying Agent's short-term unsecured and unsubordinated debt obligations should, at any time during the life of the Bond Issue, be downgraded below P-1 by Moody's, the Management Company shall within not more than thirty (30) days, from the time of the occurrence of such circumstance, do any of the following: (i) obtain from an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's, an unconditional and irrevocable first demand guarantee securing payment to the Fund, merely upon the Management Company so requesting, of the commitments made by the Paying Agent, for such time as the Paying Agent remains downgraded below P-1, or (ii) revoke the Paying Agent's designation and thereupon designate another institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's to take its place before terminating the Paying Agent Agreement, or, as the case may be, under a new payment agent agreement, and subject to prior notice being served on the Rating Agency. Should BANKINTER be replaced as Paying Agent, the Management Company shall be entitled to change the fee payable to the substitute institution, which may be higher than that established with BANKINTER under the Paying Agent Agreement. All Paying Agent substitution costs, expenses and taxes incurred shall be borne by the substituted institution.

BANKINTER shall agree, forthwith upon its credit rating being downgraded, to use commercially reasonable efforts in order that the Management Company may do either of (i) or (ii) above.

In consideration of the services provided by the Paying Agent, the Fund shall pay it on each Payment Date during the term of the agreement, a fee of EUR 1,502.53, inclusive of taxes as the case may be. This fee shall be paid on the same Payment Date provided that the Fund has sufficient liquidity and in the Priority of Payments or, as the case may be, the Liquidation Priority of Payments.

In the event that, in the Priority of Payments, the Fund should not have sufficient liquidity to pay said full fee, then the amounts accrued and not paid shall be accumulated without any penalty whatsoever to the fee falling due on the following Payment Date, unless that absence of liquidity should continue, in which case the amounts due shall build up until fully paid on the Payment Date on which they are settled, in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

The Paying Agent Agreement shall be fully terminated in the event that the Rating Agency should not confirm the provisional ratings assigned to each Series as final ratings by 2pm (CET) on March 17, 2009 or in the event of termination of the Management and Subscription Agreement.

3.6 Return on and/or repayment of the securities linked to others which are not assets of the issuer.

Not applicable.

3.7 Administrator, calculation agent or equivalent.

3.7.1 Management, administration and representation of the Fund and of the holders of the securities.

The Management Company, EUROPEA DE TITULIZACIÓN, shall be responsible for managing and being the authorised representative of the Fund, on the terms set in Royal Decree 926/1998, Act 19/1992, failing a provision in Royal Decree 926/1998 and to the extent applicable, and other applicable laws, and on the terms of the Deed of Constitution and the Prospectus.

The Management Company shall discharge for the Fund the functions attributed to it in Royal Decree 926/1998.

It is also the Management Company's duty, as the manager of third-party portfolios, to represent and enforce the interests of the holders of the Bonds issued by the Fund and of all its other ordinary creditors. Consequently, the Management Company shall make its actions conditional on their protection and observe the provisions established for that purpose from time to time. Bondholders and all other ordinary creditors of the Fund shall have no recourse against the Fund Management Company, other than for a breach of its duties or failure to observe the provisions of the Deed of Constitution and the Prospectus.

3.7.1.2 Administration and representation of the Fund.

The Management Company's obligations and actions in fulfilment of its duty to manage and be the authorised representative of the Fund are the following, for illustrative purposes only and without prejudice to any other actions provided in this Prospectus:

- (i) Keeping the Fund's accounts duly separate from the Management Company's own, rendering accounts and satisfying tax and any other statutory obligations of the Fund.
- (ii) Making such decisions as may be appropriate in connection with the liquidation of the Fund, including the decision to proceed to Early Liquidation of the Fund and Early Amortisation of the Bond Issue, in accordance with the provisions of the Deed of Constitution of the Fund and this Prospectus. Moreover, making all appropriate decisions in the event of the establishment of the Fund terminating.
- (iii) Complying with its formal, documentary and reporting duties to the CNMV, the Rating Agency and any other supervisory body.
- (iv) Appointing and, as the case may be, replacing and dismissing the auditor who is to review and audit the Fund's annual accounts.
- (v) Providing Bondholders, the CNMV and the Rating Agency with all such information and notices as may be prescribed by the laws in force for the time being and specifically as established in the Deed of Constitution and in this Prospectus.
- (vi) Complying with the calculation duties provided for and taking the actions laid down in the Deed of Constitution and in this Prospectus and in the various Fund transaction agreements or in such others as the Management Company may enter into in due course for and on behalf of the Fund.
- (vii) The Management Company may extend or amend the agreements entered into on behalf of the Fund, or substitute, as the case may be, each of the Fund service providers on the terms provided for in each agreement, and indeed, if necessary, enter into additional agreements, including a credit facility or loan agreement in the event of Early Liquidation of the Fund, and amend the Deed of Constitution, provided that circumstances preventing the foregoing in accordance with the laws and regulations in force from time to time do not occur. In any event, those actions shall require that the Management Company notify and first secure the authorisation, if necessary, of the CNMV or competent administrative body and notify the Rating Agency, and provided that such actions are not detrimental to the rating assigned to the Bonds by the Rating Agency. The Deed of Constitution or the agreements may also be corrected upon a request by the CNMV.
- (viii) Exercising the rights attaching to the ownership of the Non-Mortgage Loan receivables and the Pass-Through Certificates acquired by the Fund and, in general, carrying out all such acts of administration and disposition as may be required for properly managing and being the authorised representative of the Fund.
- (ix) Checking that the Loan income amount actually received by the Fund matches the amounts that must be received by the Fund, on the terms of assignment of the Loan receivables and on the terms of their respective agreements communicated by the Originator, and that the Loan amounts receivable are provided by the Servicer to the Fund within the time-periods and on the terms provided for under the Servicing Agreement.

- (x) Determining on each Interest Rate Fixing Date and for each Interest Accrual Period thereafter, the Nominal Interest Rate to be applied for each Bond Series and calculating and settling the accrued interest amounts payable on each Payment Date.
- (xi) Calculating and determining on each Determination Date the principal to be amortised and repaid on each Bond Series on the relevant Payment Date.
- (xii) Determining the interest rate applicable to each of the relevant borrowing, lending and hedge transactions and calculating and settling the interest and fee amounts receivable and payable by the Fund under the same, and the fees payable for the various financial services arranged for.
- (xiii) Taking the actions for which provision is made in relation to the debt ratings or the financial position of the Fund counterparties in the financial and service provision agreements listed in section 3.2 of this Building Block.
- (xiv) Watching that the amounts credited to the Treasury Account return the yield set in the Agreement.
- (xv) Calculating the Available Funds, the Available Funds for Amortisation, the Liquidation Available Funds and the payment or withholding obligations to be complied with, and applying the same in the Priority of Payments or the Liquidation Priority of Payments, as the case may be.
- (xvi) Instructing transfers of funds between the various borrowing and lending accounts, and issuing all relevant payment instructions, including those allocated to servicing the Bonds.

3.7.1.3 Resignation and substitution of the Management Company.

The Management Company shall be substituted in managing and representing the Fund, in accordance with articles 18 and 19 of Royal Decree 926/1998 set forth hereinafter and with subsequent rules statutorily established in that connection.

Resignation.

- (i) The Management Company may resign its duties to manage and be the authorised representative of all or part of the funds managed whenever it deems this fit, applying to be substituted in a letter addressed to the CNMV, including a designation of the substitute management company. That letter shall enclose a letter from the new management company, declaring its willingness to take over those duties and applying for the appropriate authorisation.
- (ii) The CNMV's substitution authorisation shall be subject to meeting of the following requirements:
 - (a) The substituted Management Company's delivery of the accounting records and data files to the new management company. That delivery will only be taken to have been made when the new management company is able to fully take over its function and that circumstance is notified to the CNMV.
 - (b) The rating accorded to the Bonds by the Rating Agency should not fall as a result of the proposed substitution.
- (iii) The Management Company may in no event resign its duties until and unless all requirements and formalities have been complied with in order for its substitute to take over its duties.
- (iv) The substitution expenses originated shall be borne by the resigning Management Company and may in no event be passed on to the Fund.
- (v) The substitution shall be published within fifteen days by means of a notice inserted in two nationwide newspapers and in the bulletin of the organised secondary market where the Bonds issued by the Fund are listed. Furthermore, the Management Company shall notify the Rating Agency of that substitution.

Forced substitution.

- (i) In the event that the Management Company should be adjudged insolvent or have its licence to operate as a securitisation fund management company revoked by the CNMV, it shall find a substitute management company, in accordance with the provisions of the foregoing section.
- (ii) In the event for which provision is made in the preceding section, if four months should have elapsed from the occurrence determining the substitution and no new management company should have been found willing to take over management, the Fund shall be liquidated early, the Bonds issued by the same shall be redeemed and the loans shall be repaid, in accordance with the provisions of this Prospectus and of the Deed of Constitution.

The Management Company agrees to execute such public and private documents as may be necessary for it to be substituted by another management company, in accordance with the system for which provision is made in the preceding paragraphs of this section. The substitute management company shall be substituted in the Management Company's rights and duties under this Prospectus. Furthermore, the Management Company shall hand to the substitute management company such accounting records and data files as it may have to hand in connection with the Fund.

3.7.1.4 Subcontracting.

The Management Company shall be entitled to subcontract or subdelegate to reputable creditworthy third parties the provision of any of the services it has to provide as the manager and authorised representative of the Fund, as established in this Prospectus, provided that the subcontractor or delegated party waives the right to take any action holding the Fund liable. In any event, subcontracting or delegating any service (i) may not result in an additional cost or expense for the Fund, (ii) shall have to be legally possible, (iii) shall not result in the rating accorded to each Bond Series by the Rating Agency being downgraded, and (iv) shall be notified to the CNMV and, where statutorily required, first be authorised by the CNMV. Notwithstanding any subcontracting or subdelegation, the Management Company shall not be exonerated or released, under that subcontract or subdelegation, from any of the liabilities undertaken in this Prospectus which may legally be attributed or ascribed to it.

3.7.1.5 Management Company's remuneration.

In consideration of the functions to be discharged by the Management Company, the Fund will pay it a management fee consisting of:

- (i) An initial fee which shall accrue upon the Fund being established and be payable on the Closing Date.
- (ii) A periodic fee on the Outstanding Principal Balance of the Bond Issue, which shall accrue daily from the establishment of the Fund until it terminates and shall be settled and paid by Interest Accrual Periods in arrears on each Payment Date subject to the Priority of Payments or, as the case may be, the Liquidation Priority of Payments. The periodic fee amount on each Payment Date may not be lower than the minimum amount determined. The minimum amount shall be cumulatively reset in the same proportion, from the year 2010, inclusive, and be effective from January 1 of each year.

If on a Payment Date, in the Priority of Payments, the Fund should not have sufficient liquidity to settle the above-mentioned fee, the amount due shall accrue interest at the Bond Reference Rate, payable on the following Payment Date for the relevant Interest Accrual Period. The unpaid amount and interest due shall build up for payment on the fee payable on the following Payment Date, unless that absence of liquidity should continue, in which case the amounts due shall build up until fully paid, in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

3.7.2 Servicing and custody of the securitised assets.

BANKINTER, Originator of the Loan receivables to be assigned to the Fund, as established in article 2.2.b) of Royal Decree 926/1998, and for the Pass-Through Certificates as established in article 61.3 of Royal Decree 685/1982, shall continue as attorney for the Management Company to be responsible for servicing and managing the Loans, and relations between BANKINTER and the Fund, represented by the Management Company, shall be governed by the Loan Servicing and Pass-Through Certificate Custody Agreement (the “**Servicing Agreement**”) in relation to custody and servicing of the Loans and custody of the Pass-Through Certificates.

BANKINTER (the “**Servicer**” in that Agreement) shall accept the appointment received from the Management Company and thereby agrees as follows:

- (i) To service and manage the Loans acquired by the Fund subject to the system terms and ordinary servicing and management procedures established in the Servicing Agreement.
- (ii) To continue servicing the Loans, devoting the same time and efforts to them as it would devote and use to service its own loans and in any event on the terms for which provision is made in the Servicing Agreement.
- (iii) That the procedures it applies and will apply to service and manage the Loans are and will continue to be in accordance with the laws and statutory regulations in force applicable thereto.
- (iv) To full faithfully observe the instructions issued by the Management Company.
- (v) To pay the Fund damages and losses resulting from a breach of the obligations undertaken, although the Servicer shall not be liable for actions put in place on the Management Company's instructions .

In any event, the Servicer waives the privileges and authorities conferred on it by law as the manager of collections for the Fund, as servicer of the Loans, and as custodian of the relevant agreements and of the Pass-Through Certificates , and in particular those for which provision is made in articles 1730 and 1780 of the Civil Code and 276 of the Commercial Code.

3.7.2.1 Ordinary system and procedures for servicing and managing the Loans.

1. Custody of deeds, agreements, documents and files.

The Servicer shall keep all Loan deeds, agreements, documents and data files in safe custody and shall not give up their possession, custody or control other than with the Management Company's prior written consent for it to do so, unless a document should be required to institute proceedings to claim a Loan, or any other competent authority should so require informing the Management Company.

The Servicer shall allow the Management Company or the auditors of the Fund duly authorised thereby reasonable access at all times to such deeds, agreements, documents and files. The Servicer shall, in addition, whenever it is asked to do so by the Management Company, provide within two (2) Business Days of that request and free of charge, a copy or photocopy of any of such deeds, agreements and documents.

2. Collection management.

The Servicer shall continue managing collection of all Loan amounts payable by the Obligors and any other item including under the mortgaged property insurance contracts securing the Mortgage Loans. The Servicer shall use all reasonable efforts for payments to be made by the Obligors to be collected in accordance with the contractual terms and conditions of the Loans.

Loan amounts received by the Servicer owing to the Fund shall be paid by the Servicer in full into the Fund's Treasury Account on the seventh business day, for same day value, after the day on which they were received by the same. In this connection, Saturdays, Sundays and public holidays in the city of Madrid shall not be taken to be business days.

Nevertheless, in the event that the rating of the Servicer's short-term unsecured and unsubordinated debt obligations should be downgraded below P-1 by Moody's, the Management Company shall, in a written notice to the Servicer, issue instructions for those amounts to be paid into the Fund's Treasury Account on the first day after the date on which they were received by the Servicer or the following business day, if that is not a business day, for same day value.

In the event of the Servicer's long-term credit rating being downgraded below Baa3 by Moody's, the Servicer will make a cash deposit for the benefit of the Fund with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's, or arrange an unconditional irrevocable credit facility upon the Management Company's first demand with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's.

The deposit amount or the maximum limit of the credit facility arranged shall be equivalent to the estimated aggregate amount of Loan repayment and interest instalments during the month with the highest collection of repayment and interest instalments from the date of downgrade below Baa3 by Moody's, in the event that the Loan delinquency rate should be 0.00% and the CPR should be 10.00%.

The Fund may only draw on that deposit or liquidity facility the Loan amounts it shall not receive, if any, owing to the Fund and received by the Servicer.

The Management Company may issue the same instructions in the event that the Servicer's short-term unsecured and unsubordinated debt obligations should not be rated by Moody's.

The Servicer may at no event pay any amount whatsoever to the Fund not previously received from the Obligors as payment for the Loans.

3. Fixing the interest rate.

In the case of floating-rate Loans, notwithstanding a possible renegotiation to a fixed rate, the Servicer shall continue fixing the interest rates applicable in each interest period as established in the respective Loan agreements underlying each Loan, submitting such communications and notices as may be established therein.

4. Mortgage extension.

If the Servicer should actually become aware at any time that for any reason the value of a mortgaged property securing a Mortgage Loan shall have fallen in excess of the percentages permitted by law, in accordance with the provisions of article 29 of Royal Decree 685/1982, then the Obligor at issue shall be asked:

- i) to extend the mortgage to other assets sufficient to cover the required ratio of the value of the asset to the Mortgage Loan secured thereby, or
- ii) to repay all or such portion of the Mortgage Loan as may be in excess of the amount resulting from applying to the current appraisal the percentage used to initially determine its amount.

If within two (2) months of being requested to extend the Obligor should fail to do so or repay the portion of the Mortgage Loan referred to in the preceding paragraph, the Obligor shall be deemed to have chosen to repay the Mortgage Loan fully, which the Servicer shall forthwith require the Obligor to do.

5. Information.

The Servicer shall regularly communicate to the Management Company the information concerning the individual characteristics of each Loan, fulfilment by the Obligors of their obligations under the Loans, delinquency status, changes in the characteristics of the Loans, and actions for payment in the event of late payment, legal actions and auction of real estate or assets, the foregoing subject to the procedures and with the frequency established in the Servicing Agreement.

Furthermore, the Servicer shall prepare and hand to the Management Company such additional information concerning the Loans or the rights attaching thereto as the Management Company may request, and in particular the documents required for the Management Company, as the case may be, to bring legal actions.

6. Loan subrogation.

The Servicer shall be authorised to permit subrogations in the Obligor's position under the Loan agreements, exclusively where the new Obligor's characteristics are not less creditworthy than those of the former Obligor and those characteristics observe the lending policies described in section 2.2.7 of this Building Block, and further provided that the expenses derived from that change are fully borne by the Obligors. The Management Company may fully or partially limit this authority of the Servicer or set conditions therefor, in the event that those substitutions might adversely affect the ratings accorded to the Bonds by the Rating Agency.

In relation to the Mortgage Loans, a mortgagor may apply to the Servicer for subrogation under the Mortgage Loans pursuant to Act 2/1994. Subrogation of a new creditor under the Mortgage Loan and the ensuing payment of the amount due shall, as the case may be, result in prepayment of the Mortgage Loan and early amortisation of the respective Pass-Through Certificate.

7. Authorities and actions in relation to Loan renegotiation procedures.

The Servicer may not voluntarily cancel the Loans or their security arrangements for any reason other than payment of the Loan, relinquish or settle in regard thereto, forgive the Loans in full or in part or extend the same, or in general do anything that may diminish the legal effectiveness or economic value of the Loans or of the security arrangements, without prejudice to its heeding requests by Obligors using the same efforts and procedure as if they were own loans.

Notwithstanding the above, the Management Company, as manager of third-party portfolios and having regard to Obligors' requests to the Servicer directly or under Act 2/1994, may instruct or first authorise the Servicer to agree with the Obligor, subject to the terms and conditions for which provision is made in this section, for a novation changing the relevant Loan, either by an interest rate renegotiation or by an extension of the maturity period, provided in the case of Mortgage Loans that those novations are not detrimental to the mortgage ranking.

Without prejudice to the provisions hereinafter, any novation changing a Loan subscribed by the Servicer shall be made exclusively with the prior consent of the Management Company, on behalf of the Fund, and the Servicer agrees to seek such consent from the Management Company as soon as it is aware that an Obligor has requested a change. The Management Company may nevertheless initially authorise the Servicer to entertain and accept Loan interest rate and term renegotiations, without requiring the Management Company's prior consent, subject to the following general enabling requirements:

a) Renegotiating the interest rate.

Loan interest rate, irrespective of whether it is novated from a fixed to a floating rate or vice versa, may be renegotiated subject to the following rules and limitations :

1. The Servicer may under no circumstances entertain on its own account, and without being so requested by the Obligor, interest rate renegotiations which may result in a decrease in the interest rate applicable to a Loan. The Servicer shall, without encouraging interest rate renegotiation, act in relation to such renegotiation bearing in mind the Fund's interests at all times.
2. Subject to whatever is determined, the Servicer may renegotiate the Loan interest rate clause on terms that are deemed to be at arm's length and that do not differ from those applied by the actual Servicer in renegotiating or granting its floating- and fixed-rate credits and loans. For these purposes, arm's length interest rate shall be deemed to be the rate offered by the Servicer in the Spanish market for loans or credits granted to enterprises in an amount and on terms substantially similar to the Loan.

- a) The fixed rate of a Loan shall under no circumstances be renegotiated down in the event that the average interest rate of all fixed-rate Loans weighted by the outstanding principal of each fixed-rate Loan is below 4.00%.
- b) The floating rate of a Loan shall under no circumstances be renegotiated down in the event that (i) the change is to a floating rate with a benchmark index for determining the same other than Euribor, and/or (ii) the average margin or spread weighted by the floating-rate Loan outstanding principal is not in excess of 50 basis points.

The Management Company may, on the Fund's behalf, at any time during the term of the Servicing Agreement, cancel, suspend or modify the Servicer's authorisation to renegotiate the interest rate.

b) Extending the period of maturity.

The final maturity or final amortisation date of the Loans may be deferred ("**extending the term**") subject to the following rules and limitations:

- (i) The Servicer may in no case entertain on its own account, i.e. without it being so requested by the Obligor, a change in the final maturity date of the Loan which may result in an extension thereof. The Servicer, without encouraging an extension of the term, shall act in relation to such extension bearing in mind the Fund's interests at all times.
- (ii) The aggregate of the capital or principal assigned to the Fund of the Loans with respect to which the maturity date is extended may not exceed 10% of the face amount of the Bond Issue.
- (iii) The term of a specific Loan may be extended provided that the following requirements are met:
 - a) That the same Loan capital or principal repayment instalment frequency is at all events maintained or increased and that the same repayment system and interest rate reset frequency are maintained.
 - b) That the new final maturity or final repayment date does not extend beyond March 14, 2043.

The Management Company may, on the Fund's behalf, at any time during the term of the Servicing Agreement, cancel or suspend or amend the Servicer's power to extend the term.

If there should be any renegotiation of the interest rate of a Loan or its due dates, the Servicer shall forthwith notify the Management Company of the terms resulting from each renegotiation. Such notice shall be made through the software or data file provided for the terms of the Loans to be updated.

In the event of a renegotiation of the interest rate of the Loans or their due dates, consented to by the Management Company, for and on behalf of the Fund, the change in the terms shall affect the Fund.

The contractual documents supporting the novation of the renegotiated Loans will be kept by the Servicer, in accordance with the provisions of paragraph 2 of this section.

8. Action against Obligors in the event of Loan default.

Actions in the event of late payment.

The Servicer shall use the same efforts and procedure for claiming overdue Loan amounts it applies for the rest of its portfolio loans.

In the event of default of payment obligations by the Obligor, the Servicer shall do the things described in the Servicing Agreement, taking for that purpose the steps it would ordinarily take if they were its own portfolio loans and in accordance with standard banking usage and practice for collecting overdue amounts, and shall be bound to advance such expenses as may be necessary for those actions to be

taken, without prejudice to its right to be reimbursed by the Fund. Needless to say, these actions include all such legal and other actions as the Servicer may deem necessary to claim and collect the amounts due by the Obligor or their guarantors.

Legal actions.

The Servicer shall, using its fiduciary title to the Loans or using the power referred to in the following paragraph, take all relevant actions against Obligor failing to meet their Loan payment obligations and against guarantors, if any. Such an action shall be brought using the appropriate court enforcement procedures prescribed in articles 517 et seq. of the Civil Procedure Act.

In the above connection and for the purposes prescribed in articles 581.2 and 686.2 of the Civil Procedure Act, and in the event that this should be necessary, the Management Company shall confer in the Deed of Constitution as full and extensive a power of attorney as may be required at Law on BANKINTER in order that the latter may, acting through any of its attorneys properly empowered for those purposes, on the Management Company's instructions, for and on behalf of the Fund, or in its own name but for the Management Company as the Fund's authorised representative, demand in or out of court that any Loan Obligor and guarantors, if any, pay the debt and take legal action against the same, in addition to other authorities required to discharge its duties as Servicer.

The Servicer shall generally commence the relevant legal proceedings, if, for a period of six (6) months, a Loan Obligor having failed to honour his payment obligations should not resume payments to the Servicer and the latter, with the Management Company's consent, should not obtain a payment commitment satisfactory to the Fund's interests. The Servicer shall in any event forthwith proceed to file an executive action if the Management Company, acting for the Fund, and after analysing the specific circumstances of the case, should deem this necessary.

If six (6) months should elapse from the oldest default without the Obligor having resumed payments or the Servicer, with the Management Company's consent, securing a payment commitment satisfactory to the Fund's interests, and the Servicer should fail to file the recovery action without there being proper reasons therefor, the Management Company may, on behalf of the Fund, proceed directly to commence the appropriate legal proceedings to fully claim the debt.

In the event that the proceedings commenced by the Servicer should be stopped without there being proper reasons therefor, the Management Company may, as the case may be, on behalf of the Fund, take over from the latter and continue with the legal proceedings.

In addition to the Servicer's legal actions against Obligor as provided for above in this section, the Management Company, for the Fund, may also take action against Obligor who are in breach of their Loan payment obligations and against guarantors, if any. That action shall be brought observing the formalities for the relevant legal procedure in accordance with the provisions of the Civil Procedure Act, satisfying, as the case may be, the requirements as to right of action allowing that to be done.

If this should be legally required, and for the purposes prescribed in the Civil Procedure Act, BANKINTER shall confer in the Deed of Constitution as full and extensive an irrevocable power of attorney as may be required at Law in order for the Management Company, acting for and on behalf of BANKINTER, to demand through a notary public any Loan Obligor and against guarantors, if any, to pay the debt.

1. As for the Mortgage Loans, in the event of default by any Obligor (or third-party guarantors, if any), the Management Company, acting for and on behalf of the Fund, shall have the following remedies provided for mortgage participation certificates in article 66 of Royal Decree 685/1982, which also apply to the pass-through certificates :
 - (i) To demand the Servicer to apply for foreclosure.
 - (ii) To take part on an equal standing with the Servicer, as issuer of the Pass-Through Certificates, in the foreclosure the latter shall have instituted against the Obligor, intervening to that end in any foreclosure proceedings commenced by the former.

- (iii) If the Servicer should fail to take that action within sixty (60) calendar days of a notice served through a Notary demanding payment of the debt, the Management Company shall, for and on behalf of the Fund, be secondarily entitled to apply for Mortgage Loan foreclosure claiming both principal and interest.
- (iv) In the event that the proceedings instituted by the Servicer should come to a standstill, the Fund, duly represented by the Management Company, may be subrogated in the position of the former and continue the foreclosure proceedings, without the above period having to elapse.

In the events provided in paragraphs (iii) and (iv), the Management Company, for and on behalf of the Fund, may apply to the Judge or Notary with jurisdiction to commence or continue with the respective foreclosure proceedings, attaching to the application the original Pass-Through Certificate, the notice served through a Notary Public provided for in (iii) above and an office certificate as to mortgage registration and subsistence. The Servicer shall be bound to issue a certification of the balance outstanding on the Mortgage Loan.

The Management Company, for and on behalf of the Fund as holder of the Pass-Through Certificates, may also take part on an equal standing with BANKINTER in the foreclosure proceedings and may in this sense, on the terms for which provision is made in the Civil Procedure Act, request the award of the mortgaged property as Mortgage Loan payment. The Management Company shall proceed, directly or through the Servicer, to sell the property awarded within the shortest possible space of time and at arm's length.

- 2. In the event of default by the Obligor (or third-party guarantors, if any) of Non-Mortgage Loan payment obligations, the Management Company, acting for the Fund shall have:
 - (i) An executive action against those Obligors (and third-party guarantors, if any), taking the steps provided for such proceedings in the Civil Procedure Act (articles 517.4 and 517.5).
 - (ii) In the case of Loans secured with a money pledge, and subject to delivery, as the case may be, of the bank-book, passbook, receipt or public deed supporting the pledged receivable or entry or recording therein or in the relevant originals, protocols or records concerning transfer of the pledge, the enforcement means provided for in the agreement proper, in the Civil Procedure Act and in the Civil Code (article 1872) shall be available.

The actions and procedures described above are not to be construed as a waiver by the Servicer or the Management Company of any other court or out-of-court actions and procedures whatsoever available against Obligors, or any guarantors or other third parties, if any, to recover the amounts due or keep in place or enforce the Loan security arrangements.

The Servicer agrees to promptly advise of payment demands, legal actions and all and any other circumstances affecting collection of overdue Loans amounts. Furthermore, the Servicer will provide the Management Company with all such documents as the latter may request in relation to said Loans and in particular the documents required for the Management Company to take legal actions, as the case may be.

9. Mortgage Loan mortgaged property damage insurance.

The Servicer shall not take or fail to take any action resulting in cancellation of any fire and damage insurance policy covering the Mortgage Loan mortgaged properties or reducing the amount payable in any claim thereunder. The Servicer shall use all reasonable efforts and in any event use the rights conferred under the insurance policies or the Mortgage Loans in order to keep those policies in full force and effect in relation to each Mortgage Loan and the respective mortgaged property.

Whenever the Servicer receives notice of non-payment of policy premiums by any Obligor the Servicer may demand the Obligor to pay the same and indeed take out fire and damage insurance on the Obligor's behalf where it is able to do so under the Mortgage Loan deed, advancing payment of the premiums, without prejudice to being reimbursed by the Obligor for amounts so paid.

In the event of a claim, each Servicer shall coordinate actions for collecting compensations derived from the property damage insurance policies on the terms and conditions of the Mortgage Loans and the actual policies, paying the amounts received to the Fund.

10. Set-off.

In the exceptional event that any of Loan Obligor should have a liquid credit right, due and payable vis-à-vis the Servicer, and because the assignment is made without the Obligor being aware, any Loan should be fully or partially set-off against that credit, the Servicer shall remedy that circumstance or, if it cannot be remedied, shall proceed to pay to the Fund the amount set off plus accrued interest which would have been payable to the Fund until the date on which payment is made, calculated on the terms applicable to the relevant Loan.

11. Subcontracting.

The Servicer may subcontract any of the services it may have agreed to provide under the Servicing Agreement other than those that may not be so delegated in accordance with the laws in force for the time being. That subcontracting may in no event result in an additional cost or expense for the Fund or the Management Company, and may not result in the rating assigned to each Bond Series by the Rating Agency being downgraded. Notwithstanding any subcontracting or subdelegation, the Servicer shall not be excused or released under that subcontract or subdelegation from any of the liabilities undertaken in the Servicing Agreement which may legally be attributed or ascribed to it.

12. Auction of real property and other assets.

The Servicer agrees to notify the Management Company of the places, dates, terms and valuation of the real estate mortgaged as security for the Mortgage Loans and of the chattels attached as security for the Loans, auctions scheduled, and proposed action and bid, in suitable advance in order that the Management Company may put in place such actions as it shall see fit and submit instructions on the subject to the Servicer in suitable time.

The Servicer agrees to attend auctions of real property and other assets, but shall thereat abide at all times by the instructions it shall have received from the Management Company, and shall therefore only tender a bid or apply for the award of the real property or asset to the Fund, fulfilling the instructions received from the Management Company.
