BBVA EMPRESAS 2 FONDO DE TITULIZACIÓN DE ACTIVOS

Pursuant to section 4.1.4 of the Securities Note Building Block of the Prospectus for **BBVA EMPRESAS 2 Fondo de Titulización de Activos** (the “Fund”) notice is given to the COMISIÓN NACIONAL DEL MERCADO DE VALORES of the following material event:

- On November 28, 2011, once the CNMV had checked compliance with the provisions of article 7 of Act 19/1992, as worded by Act 5/2009, June 29, the Management Company amended the Fund’s Deed of Constitution, observing the procedure provided for in subparagraph 3.a) of that article, namely that the consent of all holders of the securities issued by the Fund, and of lenders and other creditors, be secured. The Deed of Constitution has been amended in order for Series A Bonds to be rated by DBRS Ratings Limited (“**DBRS**”).
- On that same date, the Management Company, for and on behalf of the Fund, and BBVA as counterparty amended the Loan and Pass-Through Certificate Custody, Guaranteed Interest Rate Account (Treasury Account), Financial Swap and Paying Agent Agreements (collectively the “**Agreements**”), to include DBRS’ criteria in credit rating downgrade events for the counterparties to the Agreements and the actions to be taken in those events.
- On November 29, 2011, DBRS assigned an AAA (sf) rating to Series A Bonds.

Attached hereto is the letter received from DBRS notifying assignment of the aforementioned rating.

- On December 1, 2011, the CNMV entered the deed amending the deed of constitution of the Fund in its official records.
- The amendments to the Deed of Constitution and the Agreements have resulted in DBRS’ criteria being included, and therefore the following sections of the Fund Prospectus shall henceforth read as follows:

Section	Description
Miscellany	<p>Generally, all references to the “Rating Agency” throughout the Prospectus, defined as Moody’s, shall be construed as made, during the life of Series A Bonds, to “the Rating Agencies”, defined as Moody’s and DBRS collectively.</p> <p>In addition, all references to the terms Bond “ratings” or “rating” shall in any event be construed as references to the ratings issued by the two Rating Agencies, i.e. both the Bond ratings given by Moody’s and the Series A Bond rating given by DBRS.</p>
7.5 Securities Note Rating Considerations New Paragraphs	<p>DBRS’ Series A Bond rating is an opinion as to timely interest payment and principal payment by or on the Final Maturity Date, in accordance with the transaction documents.</p> <p>DBRS Ratings Limited (“DBRS”) is a rating agency with registered office at 1 Minster Court, 10th floor, Mincing Lane, London, EC3R 7AA, United Kingdom. It is privately owned and operated and provides independent assessments in North America, Europe and Asia. DBRS ratings are all available online at Bloomberg and at its website (www.dbrs.com).</p>

Section	Description
	<p>DBRS ratings are now taken into account for considering asset-backed Bonds as security instruments in the Eurosystem's lending transactions to the banking system (based on information available at the European Central Bank's website at http://www.ecb.int/mopo/assets/ecaf/html/index.en.html). The comparison of DBRS ratings to the other rating agencies' ratings is on display at the European Central Bank's following website page: http://www.ecb.int/paym/coll/eliss/ratingscale/html/index.en.html.</p> <p>DBRS and Moody's have been authorised as rating agencies licensed in the European Union in accordance with the procedure provided for in Regulation 1060/2009 of the Parliament and of the Council of September 16, 2009.</p>
<p>3.4.4.1 Building Block Paragraphs 3 et seq. (Treasury Account)</p>	<p>In the event that the rating of the short-term unsecured and unsubordinated debt obligations of the institution in which the Treasury Account is opened (the "Treasury Account Provider") should, at any time during the life of the Bond Issue, be downgraded below P-1 by Moody's or, while Series A Bonds are outstanding, the public rating assigned by DBRS or, where there is no such rating, the internal assessments made by DBRS (in both cases the "DBRS Rating") for the Treasury Account Provider's long-term debt obligations should be downgraded below A, the Management Company shall, within not more than thirty (30) calendar days from the downgrade below P-1 or A, transfer the Treasury Account to an institution with short-term unsecured and unsubordinated debt obligations rated P-1 by Moody's, and, while Series A remains outstanding, with a DBRS Rating for long-term debt obligations at least as high as A, in order for the rating given to the Bonds by the Rating Agencies not to be adversely affected, and arrange a yield for its balances, which may differ from that arranged with the Treasury Account Provider under the Guaranteed Interest Rate Account (Treasury Account) Agreement.</p> <p>If the aforementioned rating downgrade should only occur with respect to Moody's rating scale, the Management Company shall, within not more than thirty (30) calendar days from the time of the downgrade below P-1, and if the Treasury Account is not transferred as provided for in the preceding paragraph, obtain from an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's, an unconditional, irrevocable and first demand guarantee securing for the Fund, merely upon the Management Company so requesting, prompt payment by the Treasury Account Provider of its obligation to repay the amounts credited to the Treasury Account, for such time as the Treasury Account Provider's debt obligations remain downgraded below P-1.</p> <p>In the event that the Treasury Account should be transferred and that BBVA's short-term unsecured and unsubordinated debt obligations should subsequently be upgraded back to P-1 by Moody's, and, if Series A are outstanding, the DBRS Rating for long-term debt obligations should be upgraded back to A, the Management Company shall subsequently transfer the balances back to BBVA under the Guaranteed Interest Rate Account (Treasury Account) Agreement.</p> <p>All costs, expenses and taxes incurred in connection with putting in place and arranging the above shall be borne by BBVA or, as the case may be, the guaranteed Treasury Account Provider.</p> <p>The Treasury Account Provider and, as the case may be, BBVA shall agree, forthwith upon the aforesaid credit ratings being downgraded, to use commercially reasonable efforts in order that the Management Company may do any of the above.</p>

<p>3.4.7.1 Building Block Section 9.2 Financial Swap Agreement</p>	<p>9.2 Party B may only assign all its rights and obligations under the Financial Swap Agreement, with Party A's written consent, to a third party rated with Moody's Second Required Rating Threshold and, if Series A Bonds are outstanding, with DBRS' First Rating Threshold (or with DBRS' Second Rating Threshold as provided for in 8.bis (B) (b) (ii) above), following notice to the Rating Agencies.</p>

Section	Description

RISK FACTORS

1

Risks derived from the issuer's legal nature and operations.

a) Nature of the Fund and obligations of the Management Company.

BBVA EMPRESAS 2 FONDO DE TITULIZACIÓN DE ACTIVOS (the “**Fund**” and/or the “**Issuer**”) is a separate closed-end fund devoid of legal personality and is managed by a management company, EUROPEA DE TITULIZACIÓN S.A. SOCIEDAD GESTORA DE FONDOS DE TITULIZACIÓN (the “**Management Company**”), in accordance with Royal Decree 926/1998, regulating asset securitisation funds and securitisation fund management companies (“**Royal Decree 926/1998**”). The Fund shall be liable only for its obligations to its creditors with its assets.

The Management Company shall discharge for the Fund the functions attributed to it in Royal Decree 926/1998, which include enforcing Bondholders' interests as the manager of third-party portfolios. There shall be no syndicate of bondholders. Therefore, the capacity to enforce Bondholders' interests shall depend on the Management Company's means.

b) Forced substitution of the Management Company.

In accordance with article 19 of Royal Decree 926/1998, where the Management Company is adjudged insolvent or has its licence to operate as a securitisation fund management company revoked by the Comisión Nacional del Mercado de Valores (*National Securities Market Commission*) (the “**CNMV**”), it shall find a substitute management company. In any such event, if four months should have elapsed from the occurrence determining the substitution and no new management company should have been found willing to take over management, the Fund shall be liquidated early and the Bonds issued by the same shall be redeemed, in accordance with the provisions of the Deed of Constitution and of this Prospectus.

c) Limitation of actions against the Management Company.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against Loan Obligors who may have defaulted on their payment obligations or against the Originator. Any such recourse may be used by the Management Company, representing the Fund.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against the Fund or against the Management Company in the event of non-payment of amounts due by the Fund resulting from the existence of Loan default or prepayment, a breach by the Originator of its obligations or by the counterparties to the transactions entered into for and on behalf of the Fund, or shortfall of the financial hedging transactions for servicing the Bonds in each Series.

Bondholders and all other ordinary creditors of the Fund shall have no recourse whatsoever against the Fund Management Company other than as derived from breaches of its duties or inobservance of the provisions of the Deed of Constitution and of this Prospectus. Those actions shall be resolved in the relevant ordinary declaratory proceedings depending on the amount claimed.

d) Applicability of the Bankruptcy Act.

Both BANCO BILBAO VIZCAYA ARGENTARIA S.A. (the “**Originator**”) and the Management Company may be declared insolvent.

Pursuant to Additional Provision 5 of Act 3/1994, April 14, adapting Spanish laws in the matter of Credit Institutions to the Second Banking Coordination Directive, the assignment to the Fund of the Mortgage Loan receivables by issuing Pass-Through Certificates and of the Non-Mortgage Loan receivables can only be rescinded or contested as provided for in article 71 of the Bankruptcy Act by the receivers, who shall have to prove the existence of fraud.

Notwithstanding that, in the event that the public deed of constitution should be deemed to satisfy the requirements set in Additional Provision 3 of Act 1/1999, the assignment to the Fund of the Non-Mortgage Loan receivables could be liable to be rescinded in accordance with the general system provided for under article 71 of the Bankruptcy Act. However, that same article 71 specifically provides under paragraph 5 that transactions made at arm's length in the Originator's ordinary course of business cannot be rescinded under any circumstances. There is no case law on the subject.

In the event of insolvency of the Management Company, it must be replaced by another management company in accordance with the provisions of article 19 of Royal Decree 926/1998.

2 Risks derived from the securities.

a) Issue Price.

The Bond Issue is made with the intention of being fully subscribed for by the Originator in order to have liquid assets available which may be used as security for Eurosystem transactions or be sold in the market, and, consequently, the terms of the Bond Issue are not an estimate of the prices at which those instruments could be sold in the secondary market or of the Eurosystem's valuations in due course for the purpose of using them as security instruments in its lending transactions to the banking system.

b) Liquidity.

Given that the Originator will fully subscribe for the Bond Issue and in the event that the Bonds in the Bond Issue should hereafter be fully or partially disposed of, there is no assurance that the Bonds will be traded on the market with a minimum frequency or volume.

There is no undertaking that any institution will be involved in secondary trading, giving the Bonds liquidity by offering consideration.

Moreover, the Fund may in no event repurchase the Bonds from Bondholders. Nevertheless, the Bonds may be fully subject to early amortisation in the event of Early Liquidation of the Fund, on the terms laid down in section 4.4.3 of the Registration Document.

c) Yield.

Calculation of the yield (internal rate of return) of the Bonds in each Series contained in section 4.10 of the Securities Note is subject, inter alia, to assumed Loan prepayment and delinquency rates that may not be fulfilled, and to future market interest rates, given the floating nature of the Nominal Interest Rate of each Series.

d) Duration.

Calculation of the average life and duration of the Bonds in each Series contained in section 4.10 of the Securities Note is subject to fulfilment of Loan repayment and to assumed Loan prepayment rates that may not be fulfilled. Loan repayment performance is influenced by a number of economic and social factors such as market interest rates, the Obligors' financial circumstances and the general level of economic activity, preventing their predictability.

e) Late-payment interest.

Late interest payment or principal repayment to holders of Bonds in any Series shall under no circumstances result in late-payment interest accruing to their favour.

f) Subordination of the Bonds.

Series B Bond interest payment and principal repayment is deferred with respect to Series A Bonds, and Series C Bond interest payment and principal repayment is in turn deferred with respect to Series A and Series B Bonds. However, there is no certainty that these subordination rules will protect Series A, B and C Bondholders from the risk of loss.

The subordination rules among the different Series are established in the Priority of Payments and in the Liquidation Priority of Payments in accordance with section 3.4.6 of the Building Block.

g) Deferment of interest.

This Prospectus and the other supplementary documents relating to the Bonds provide for deferment of Series B and C Bond interest payment in the event of the circumstances provided for in section 3.4.6.2.1.2 of the Building Block occurring.

Series A Bond interest is not subject to these deferment rules.

h) Bond Rating.

The credit risk of the Bonds issued by the Fund has been assessed by the rating agency Moody's Investors Service España S.A. (the "**Rating Agency**").

The Rating Agency may revise, suspend or withdraw the final ratings assigned at any time, based on any information that may come to its notice.

These ratings are not and cannot therefore be howsoever construed as an invitation, recommendation or encouragement for investors to proceed to carry out any transaction whatsoever on the Bonds and, in particular, acquire, keep, charge or sell those Bonds.

3 Risks derived from the assets backing the issue.

a) Risk of default on the Loans.

Bondholders shall bear the risk of default on the Loans pooled in the Fund.

BBVA, as Originator, shall have no liability whatsoever for the Obligors' default of principal, interest or any other amount they may owe under the Loans. Under article 348 of the Commercial Code, BBVA would be liable to the Fund exclusively for the existence and lawfulness of the Loans, and for the personality with which the issue of the Mortgage Loan Pass-Through Certificates and the assignment of the Non-Mortgage Loan receivables are made. BBVA will have no liability whatsoever to directly or indirectly guarantee that the transaction will be properly performed nor give any guarantees or security, nor indeed agree to repurchase the Non-Mortgage Loan receivables or the Pass-Through Certificates, other than the undertakings contained in section 2.2.9 of the Building Block regarding substitution or redemption of Non-Mortgage Loan receivables or Pass-Through Certificates failing to conform, upon the Fund being established, to the representations given in section 2.2.8 of the Building Block.

b) Limited Liability.

The Bonds issued by the Fund neither represent nor constitute an obligation of BBVA or the Management Company. No other guarantees have been granted by any public or private organisation whatsoever, including BBVA, the Management Company and any of their affiliated or associated companies.

c) Limited Hedging.

A high level of delinquency of the Loans might reduce or indeed exhaust the limited hedging against Loan portfolio losses that the Bonds in each Series distinctly have as a result of the existence of the credit enhancement transactions described in section 3.4.2 of the Building Block.

The degree of subordination in interest payment and principal repayment between the Bonds in the different Series derived from the Priority of Payments and the Liquidation Priority of Payments is a mechanism for distinctly hedging the different Series, respectively.

d) Loan prepayment risk.

There will be a prepayment of the Loans when the Obligors prepay the portion of principal pending repayment on the Loans, or in the event that BBVA should be substituted in the relevant Loans by any other financial institution licensed to do so, or in any other event having the same effect.

That prepayment risk shall pass quarterly on each Payment Date to Bondholders by the partial amortisation of the Bonds, in accordance with the provisions of the rules for Distribution of Available Funds for Amortisation contained in section 4.9.2 of the Securities Note.

e) Geographical concentration.

The number of selected loans to be assigned to the Fund upon being established with obligors domiciled in Catalonia, the Community of Madrid and Andalusia is 8,064 (43.44% of the total loans) and their outstanding principal amounts to EUR 1,622,498,337.65 (51.02% of the total), as detailed in section 2.2.2.o) of the Building Block.

Given this concentration level, any circumstance whatsoever having a substantial adverse effect on these Autonomous Communities could affect payments of the Loans backing the Fund's Issue of Asset-Backed Bonds.

f) Selected loan origination date concentration.

Selected portfolio selected loans originated in the years 2007 and 2008 account for 67.03%, in terms of outstanding principal, of the total selected portfolio. The weighted average age of the portfolio is 24.14 months at February 10, 2009, the selected portfolio selection date.

g) Sector concentration.

The selected loans at February 10, 2009 to be assigned to the Fund upon being established with obligors whose business (Spanish Business Activity Code *CNAE*) is comprised within the building construction and real estate business sectors altogether represent 833 loans (4.49% of the total), and their outstanding principal amounts to EUR 544,290,862.05 (17.11% of the total).

Given these concentration levels, any circumstance whatsoever having a material adverse effect on the building construction and real estate business sectors could affect payments of the Loans backing the Bond Issue.

h) Loan portfolio assumptions.

The assumptions made in this Prospectus regarding Loan performance (prepayment, delinquency, default and other rates) are merely theoretical and for the sake of illustration only, which means that those assumptions may in any event differ from the actual rates in the future.

Companies Register

For the record, neither the establishment of the Fund nor the Bonds issued backed by its assets shall be entered in the Companies Register, in pursuance of the facultative authority for which provision is made in article 5.4 of Royal Decree 926/1998.

4.4 Date of incorporation and existence of the issuer.

4.4.1 Date of establishment of the Fund.

The Management Company and BBVA, as Originator of the Loan receivables, shall proceed to execute on March 9, 2009 a public deed whereby BBVA EMPRESAS 2 FONDO DE TITULIZACIÓN DE ACTIVOS will be established, BBVA will assign to the Fund Non-Mortgage Loan receivables and Mortgage Loan receivables, the latter by issuing Pass-Through Certificates, and the Fund will issue the Asset-Backed Bonds (the "**Deed of Constitution**"), on the terms provided in article 6 of Royal Decree 926/1998.

The Management Company represents that the contents of the Deed of Constitution shall match the draft Deed of Constitution it has submitted to the CNMV and the terms of the Deed of Constitution shall at no event contradict, change, alter or invalidate the contents of this Prospectus, notwithstanding the need to complete the respective details and amounts of the Non-Mortgage Loan receivables and of the Mortgage Loan Pass-Through Certificates to be respectively assigned and issued and subscribed for under the Deed of Constitution.

The Deed of Constitution may not be altered other than in exceptional events, provided that there are no circumstances preventing that in accordance with the laws and regulations in force from time to time. In any event, those actions shall require that the Management Company notify and secure the prior authorisation, if necessary, of the CNMV or competent administrative body and notify the Rating Agency, and provided that such changes are not detrimental to the rating assigned to the Bonds by the Rating Agency. The Deed of Constitution can also be corrected as requested by the CNMV.

4.4.2 Existence of the Fund.

The Fund shall commence its operations on the date of execution of the Deed of Constitution.

The Fund shall be in existence until August 16, 2041 or the following Business Day if that is not a Business Day, the Final Maturity Date, unless there should previously have been an Early Liquidation as set forth in section 4.4.3 of this Registration Document or any of the events laid down in section 4.4.4 of this Registration Document should occur.

4.4.3 Early Liquidation of the Fund.

4.4.3.1 Following notice served on the CNMV, the Management Company shall be entitled to proceed to early liquidation (**“Early Liquidation”**) of the Fund and thereby early amortisation of the entire Bond Issue (**“Early Amortisation”**), in any of the following events (the **“Early Liquidation Events”**):

- (i) When the amount of the Outstanding Balance of the Loans yet to be repaid is less than ten (10) percent of the initial Outstanding Balance of the Loans upon the Fund being established, and provided that the payment obligations derived from the Bonds in each Series then outstanding may be honoured and settled in full in the Liquidation Priority of Payments.

Payment obligations derived from the Bonds in each Series on the Early Liquidation date of the Fund shall at all events be deemed to be the Outstanding Principal Balance of the Series on that date plus interest accrued and not paid until that date, which amounts shall be deemed to be due and payable on that date to all statutory intents and purposes.

- (ii) Where, in any event or circumstance whatsoever unrelated to the Fund's operations, a substantial alteration occurs or the financial balance of the Fund required by article 11.b) of Royal Decree 926/1998 is permanently damaged. This event includes such circumstances as the existence of any change in the law or supplementary implementing regulations, the establishment of withholding obligations or other situations which might permanently affect the financial balance of the Fund.
- (iii) Mandatorily, in the event that the Management Company should be adjudged insolvent or have its licence to operate as a securitisation fund management company revoked by the CNMV, and the statutory term to do so or otherwise four months should elapse without a new management company being designated in accordance with the provisions of section 3.7.1.3 of the Building Block to this Prospectus.
- (iv) If within less than one (1) year since the Fund was established the Management Company should have the express consent and acceptance of all the Bondholders and all the counterparties to the agreements in force with the Fund, as regards both payment of amounts resulting from, and the procedure for, such Early Liquidation.
- (v) When a default occurs indicating a major permanent imbalance in relation to any of the Bonds issued or that it is about to occur.
- (vi) Upon the lapse of forty-two (42) months from the date of the last maturity of the Loans, even if amounts are still due and payable.

4.4.3.2 The following requirements shall have to be satisfied to proceed to that Early Liquidation of the Fund:

- (i) That Bondholders be given not less than fifteen (15) Business Days' notice, as prescribed in section 4.1.3.2 of the Building Block, of the Management Company's resolution to proceed to Early Liquidation of the Fund.
- (ii) That the Management Company previously advise the CNMV and the Rating Agency of that notice.
- (iii) The notice of the Management Company's resolution to proceed to Early Liquidation of the Fund shall contain a description of (i) the event or events triggering Early Liquidation of the Fund, (ii) the liquidation procedure, and (iii) how the Bond payment obligations are to be honoured and settled in the Liquidation Priority of Payments.

4.4.3.3 In order for the Fund, through its Management Company, to proceed to Early Liquidation of the Fund and Early Amortisation of the Bond Issue, the Management Company shall, for and on behalf of the Fund:

- (i) Proceed to sell the Loan receivables remaining in the Fund at a reasonable price, initially not less than the sum of the principal then outstanding plus interest accrued and not paid on the relevant Loans, subject to the provisions of paragraph (iv) below.

- (ii) Proceed to terminate such agreements as are not necessary for the Fund liquidation procedure.
- (iii) Be entitled to arrange for a credit facility with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's, or a loan, which shall be fully allocated to early amortisation of the Bonds in the outstanding Series. Financial expenses due shall be paid and credit facility or loan principal shall be repaid in accordance with the Liquidation Priority of Payments.
- (iv) Finally, both due to the preceding actions falling short and the existence of Loan receivables or other remaining assets of the Fund, the Management Company shall proceed to sell them and shall therefore invite a bid from at least five (5) entities who may, in its view, give a reasonable market value. The Management Company shall be bound to accept the best bid received for the Loans and assets on offer. In order to set the market value, the Management Company may secure such valuation reports as it shall deem necessary.

In events (i), (iii) and (iv) above, the Originator shall have a right of first refusal and will therefore have priority over third parties to voluntarily acquire the Loan receivables or other remaining assets still on the assets of the Fund, and/or may grant to the Fund, as the case may be, the credit facility or loan designed for early amortisation of the Bonds in the outstanding Series. The Management Company shall therefore send the Originator a list of the assets and of third-party bids received, if any, and the latter may use that right for all of the Loans or other assets offered by the Management Company or the credit facility or loan within ten (10) Business Days of receiving said notice, and provided that (i) its bid is at least equal to the best of the third-party bids, if any, and (ii) the Originator proves to the Management Company that the exercise of the right of first refusal was subject to its usual credit revision and approval procedures and establishing therein that the exercise of that right is not designed to implicitly support securitisation.

The Management Company shall forthwith apply all the proceeds from the sale of the Fund's assets to paying the various items, in such manner, amount and order as shall be requisite in the Liquidation Priority of Payments, other than the amounts, if any, drawn under the credit facility or loan arranged for early amortisation of Bonds in the outstanding Series, which shall be applied to meeting the payment obligations of the Bonds in these Series.

4.4.4 Termination of the Fund.

The Fund shall terminate in any case, after completing the relevant legal procedure, in the following events:

- (i) Upon the Loans pooled therein being fully repaid.
- (ii) Upon the Bonds issued being fully amortised.
- (iii) When the Early Liquidation procedure established in section 4.4.3 above is over.
- (iv) At all events, upon final liquidation of the Fund on the Final Maturity Date on August 16, 2041 or the following Business Day if that is not a Business Day.
- (v) Upon the establishment of the Fund terminating in the event that the Rating Agency should not confirm any of the assigned provisional ratings as final ratings by March 11, 2009. In this event, the Management Company shall terminate the establishment of the Fund, the Bond issue and the assignment of the Non-Mortgage Loan receivables, the issue of and subscription for the Pass-Through Certificates shall be terminated.

In that case, termination of the establishment of the Fund shall be notified to the CNMV as soon as such is confirmed, and shall be publicised by means of the procedure specified in section 4.1.3.2 of the Building Block. Within not more than one month after the occurrence of the event of termination, the Management Company shall execute a statutory declaration before a notary public declaring that the Fund's obligations have been settled and terminated and that the Fund has terminated. Notwithstanding the above, the Fund Management Company shall defray the Fund set-up and Bond issue and admission expenses payable with the Start-Up Loan, and the Start-Up Loan agreement

shall not be terminated but shall rather be cancelled after those amounts are settled, principal repayment being subordinated to fulfilment of all other obligations undertaken by the Management Company, acting for and on behalf of the Fund.

In the event that there should be any remainder upon the Fund being liquidated and after making all payments to the various creditors by distributing the Liquidation Available Funds in the set Liquidation Priority of Payments, that remainder shall be for the Originator on the liquidation terms established by the Management Company. If that remainder is not a liquid amount, since relating to Loans that are pending the outcome of legal or notarial proceedings instituted as a result of default by the Loan Obligor, both their continuation and the proceeds of their termination shall be for the Originator.

Upon a period of six (6) months elapsing from liquidation of the Fund's remaining assets and distribution of the Liquidation Available Funds, the Management Company shall proceed to terminate the Fund and strike it off the relevant administrative registers and shall execute a statutory declaration before a notary public declaring (i) that the Fund has terminated, and the events prompting its termination, (ii) how Bondholders and the CNMV were notified, and (iii) how the Liquidation Available Funds were distributed in the Liquidation Priority of Payments; notice of this shall be given in a nation-wide newspaper and all other appropriate administrative procedures will be observed. The Management Company will submit that statutory declaration to the CNMV.

4.5 Domicile, legal form and legislation applicable to the Issuer.

Pursuant to article 1.1 of Royal Decree 926/1998, the Fund has no legal personality, and the Management Company is entrusted with establishing, managing and being the authorised representative of the same, and, as manager of third-party portfolios, with representing and enforcing the interests of the holders of the Bonds issued by the Fund it manages and of all its other ordinary creditors.

4.5.1 Tax system of the Fund.

In accordance with the provisions of article 1.2 of Royal Decree 926/1998, article 5.10 of Act 19/1992, article 7.1.h) of the Consolidation of the Corporation Tax Act approved by Legislative Royal Decree 4/2004, March 5, article 20.One.18 of Value Added Tax Act 37/1992, December 28, article 59.k of the Corporation Tax Regulations approved by Royal Decree 1777/2004, July 30, articles 45.I.B).15 and 45.I.B) 20.4 of the Consolidation of the Capital Transfer and Documents Under Seal Tax Act approved by

Legislative Royal Decree 1/1993, September 24, additional provision five of Act 3/1994, April 14, Personal Income Tax Act 35/2006, November 28, partly amending the Corporation, Non-Resident Income and Wealth Tax Acts, and all other applicable rules and regulations, the most relevant characteristics of each tax under the current tax system of the Fund are mainly as follows:

- (i) The establishment of the Fund and all transactions entered into by the Fund falling under the “corporate transactions” category of Capital Transfer and Documents under Seal Tax, are exempt from the “corporate transactions” item of Capital Transfer and Documents Under Seal Tax.
- (ii) Bond issue, subscription, transfer and amortisation is either not subject to or exempt from payment, as the case may be, of Value Added Tax and Capital Transfer and Documents Under Seal Tax.
- (iii) The Fund is liable to pay Corporation Tax, determining the taxable income in accordance with the provisions of Title IV of the Corporation Tax Act, applying the general rate in force from time to time, which currently stands at 30%, and subject to common rules regarding tax credit, set-off of losses and other substantial constituent elements of the tax.
- (iv) The management and custody services provided to the Fund are exempt from Value Added Tax.
- (v) The assignment of the Non-Mortgage Loan receivables to the Fund and the issue by BBVA of and subscription by the Fund for the Pass-Through Certificates are transactions subject to and exempt from Value Added Tax and Capital Transfer and not subject to Documents Under Seal Tax.
- (vi) Fulfilment of the reporting duties established by Additional Provision Two of Financial Intermediary Investment Ratios, Equity and Reporting Duties Act 13/1985 shall apply to the Fund.

The procedure to satisfy those reporting duties was implemented by Royal Decree 1065/2007, July 27, establishing reporting duties with respect to preferred stock and other debt instruments and certain income obtained by individuals resident in the European Union (“**Royal Decree 1065/2007**”). Royal Decree 1065/2007 entered into force on January 1, 2008.

In accordance with Spanish laws for the time being in force, returns on the Bonds obtained by an investor who is not a resident of Spain shall be either (i) exempt from a withholding on account of Non-Resident Income Tax (in the case of investors acting through a permanent establishment), or (ii) exempt on the same terms established for returns on public debt.

Notwithstanding the above, in order for the aforementioned withholding exclusion to be effective, those investors needs must satisfy certain formal obligations, currently laid down (i) in the Order of December 22, 1999, in the case of non-residents acting with respect to the Bonds through a permanent establishment in Spain, and (ii) in Royal Decree 1065/2007, in the case of non-residents not acting, with respect to the Bonds, through a permanent establishment in Spain.

Where pursuant to the abovementioned laws the exemption right is not satisfactorily established (that is to say, proof is not produced that the non-resident investor is not acting through a tax haven or the Management Company is not provided, through the Paying Agent, with the relevant certificates), returns on the Bonds shall be subject to withholding, currently set at 18%.

The tax implications described above are based on the laws in force at the time of issue of this Prospectus and do not purport to be comprehensive. Consequently, they should not be considered in lieu of the requisite tax advice suited to each investor's particular situation.

- (vii) Financial Swap Agreement payments received by the Fund shall pay tax based on the Corporation Tax rules and shall not be subject to a withholding on account.

4.6 Issuer's authorised and issued capital.

Not applicable.

In accordance with the laws in force for the time being, the Bonds subject of this Securities Note shall vest the investor acquiring the same in no present and/or future political rights in and to the Fund.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against Loan Obligors who may have defaulted on their payment obligations or against the Originator. Any such rights shall lie with the Management Company, representing the Fund.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against the Fund or against the Management Company in the event of non-payment of amounts due by the Fund resulting from the existence of Loan default or prepayment, a breach by the Originator of its obligations or by the counterparties to the transactions entered into for and on behalf of the Fund, or shortfall of the financial hedging transactions for servicing the Bonds in each Series.

Bondholders and all other creditors of the Fund shall have no recourse against the Management Company other than as derived from a breach of its duties or inobservance of the provisions of this Prospectus and the Deed of Constitution. Those actions shall be resolved in the relevant ordinary declaratory proceedings depending on the amount claimed.

All matters, disagreements, actions and claims deriving from the Management Company's establishing the Fund, managing and being the authorised representative of the Fund and the Bond Issue by the same shall be heard and ruled upon by the competent Spanish Courts and Tribunals in the city of Madrid.

4.8 Nominal interest rate and provisions relating to interest payable.

4.8.1 Bond nominal interest rate.

The Bonds in each Series shall, from the Closing Date until they mature fully, accrue yearly nominal interest, variable and payable quarterly, which shall be the result of applying the policies established hereinafter for each Series.

The resultant yearly nominal interest rate (hereinafter the "**Nominal Interest Rate**") for each Series shall be payable quarterly in arrears on each Payment Date on the Outstanding Principal Balance of the Bonds in each Series at the preceding Determination Date, provided that the Fund has sufficient liquidity in the Priority of Payments or in the Liquidation Priority of Payments, as the case may be.

Withholdings, interim payments, contributions and taxes established or to be established in the future on Bond principal, interest or returns shall be borne exclusively by Bondholders, and their amount, if any, shall be deducted by the Management Company, for and on behalf of the Fund, or through the Paying Agent, as provided by law.

4.8.1.1 Interest accrual.

For interest accrual purposes, the duration of each Bond Series shall be divided into successive interest accrual periods ("**Interest Accrual Periods**") comprising the exact number of days elapsed between every two consecutive Payment Dates, each Interest Accrual Period including the beginning Payment Date but not including the ending Payment Date. Exceptionally, the duration of the first Interest Accrual Period shall be equivalent to the exact number of days elapsed between the Closing Date, March 12, 2009, inclusive, and the first Payment Date, August 17, 2009 because August 16, 2009 is not a Business Day.

The Nominal Interest Rate shall accrue on the exact number of days in each Interest Accrual Period for which it was determined, calculated based upon a 360-day year.

4.8.1.2 Nominal Interest Rate.

The Nominal Interest Rate applicable to the Bonds in each Series and determined for each Interest Accrual Period shall be the result of adding:

- (i) the Reference Rate, as established in the following section, and
- (ii) a margin for each Series as follows :

- **Series A:** 0.30% margin.
- **Series B:** 0.50% margin.
- **Series C:** 0.80% margin.

The resultant Nominal Interest Rate shall be expressed as a percentage rounded to the nearest thousandth of a whole number or rounded up to the nearest one where the differences of rounding up or down to the nearest thousandths are identical.

4.8.1.3 Reference Rate and determining the same.

The reference rate ("**Reference Rate**") for determining the Nominal Interest Rate applicable to each Bond Series is as follows:

- i) Other than for the first Interest Accrual Period, three- (3-) month Euribor, "Euro Interbank Offered Rate", calculated and distributed by the BRIDGE financial information system under an FBE ("*Fédération Bancaire de l'Union Européenne*") mandate, fixed at 11am (CET or "Central European Time") on the Interest Rate Fixing Date described below, which is currently published on electronic page EURIBOR01 supplied by Reuters, or any other page taking its stead in providing this service.

Exceptionally, the Reference Rate for the first Interest Accrual Period shall be the result of a straight-line interpolation between five- (5-) month Euribor and six- (6-) month Euribor, fixed at 11am (CET) on the second Business Day preceding the Closing Date, bearing in mind the number of days in the first Interest Accrual Period. The Reference Rate for the first Interest Accrual Period shall be calculated in accordance with the following formula:

$$IR = [((D-150)/30) \times E6] + [(1-((D-150)/30)) \times E5]$$

Where:

IR = Reference Rate for the first Interest Accrual Period.

D = Number of days in the first Interest Accrual Period.

E5 = Five- (5-) month Euribor.

E6 = Six- (6-) month Euribor.

Euribor definitions approved by the FBE and the Financial Markets Association (ACI) supplementing the current definition of Euribor shall be considered included for the purpose of the Euribor Reference Rate without having to amend these Reference Rate terms or have the Management Company notify Bondholders.

- ii) In the event that the rate established in (i) above should not be available or be impossible to obtain, the substitute Reference Rate shall be the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable three- (3-) month deposit transactions in euros in an amount equivalent to the Outstanding Principal Balance of the Bond Issue, declared by four (4) prime banks in the Euro zone, following a simultaneous request to each of their headquarters by the Paying Agent as soon as possible after 11am (CET) on the Interest Rate Fixing Date.

Exceptionally, the substitute Reference Rate for the first Interest Accrual Period shall be the rate resulting from the straight-line interpolation between the interest rate resulting from finding the simple

arithmetic mean of the interbank offered interest rates for non-transferable five- (5-) month deposit transactions in euros and the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable six- (6-) month deposit transactions in euros, both in an amount equivalent to the face amount of the Bond Issue, declared by the banks as provided for in the preceding paragraph, following a simultaneous request to each of their headquarters by the Paying Agent as soon as possible after 11am (CET) on the second Business Day preceding the Closing Date.

The substitute Reference Rate shall be expressed as a percentage rounded to the nearest thousandth of a percentage point or rounded up to the nearest point where the differences of rounding up or down to the nearest thousandths are identical.

Should it be impossible to apply the above substitute Reference Rate, upon the failure by any or several of the banks to provide written quotations as provided for in paragraphs one and two of this section, the interest rate resulting from applying the simple arithmetic mean of the interest rates declared by at least two of the other banks shall be applicable.

- iii) If the rates established in i) and ii) above should not be available or be impossible to obtain, the last Reference Rate or substitute Reference Rate applied to the next preceding Interest Accrual Period shall apply, and so on for subsequent Interest Accrual Periods whilst matters remain the same. For the first Interest Accrual Period, that interpolation would be made taking the latest five- (5-) month Euribor and six- (6-) month Euribor available immediately before 11am (CET) on the second Business Day preceding the Closing Date, calculated and distributed as described in (i) above.

On each Interest Rate Fixing Date, the Paying Agent shall notify the Management Company of the Reference Rate determined in accordance with i), ii) and iii) above. The Management Company shall keep the listings and supporting documents on which the Paying Agent shall notify it the Reference Rate determined.

4.8.1.4 Interest Rate Fixing Date.

The Management Company shall, for and on behalf of the Fund, determine the Nominal Interest Rate applicable to each Bond Series for every Interest Accrual Period as provided for in sections 4.8.1.2 and 4.8.1.3 above, on the second Business Day preceding each Payment Date (the "**Interest Rate Fixing Date**"), and it will apply for the following Interest Accrual Period.

Exceptionally, the Management Company shall determine the Nominal Interest Rate of the Bonds in each Series for the first Interest Accrual Period as provided for in sections 4.8.1.2 and 4.8.1.3 above, on the second Business Day preceding the Closing Date, and shall notify the same in writing on the same day to the Subscriber. The Management Company will also notify this to the CNMV, the Paying Agent, AIAF and Iberclear.

The nominal interest rates determined for each Bond Series for subsequent Interest Accrual Periods shall be communicated to Bondholders within the deadline and in the manner for which provision is made in section 4.1.1.a) of the Building Block.

4.8.1.5 Formula for calculating interest.

Interest settlement for each Series, payable on each Payment Date for each Interest Accrual Period, shall be calculated for each Series in accordance with the following formula:

$$I = P \times \frac{R}{100} \times \frac{d}{360}$$

Where:

I = Interest payable on a given Payment Date, rounded up to the nearest eurocent..

P = Outstanding Principal Balance of the Series at the Determination Date preceding that Payment Date.

R = Nominal Interest Rate of the Series expressed as a yearly percentage.

d = Exact number of days in each Interest Accrual Period.

4.8.2 Dates, place, institutions and procedure for paying interest.

Interest on the Bonds in each Series shall be paid until finally amortised by Interest Accrual Periods in arrears on February 16, May 16, August 16 and November 16 in each year, or the following Business Day if any of those is not a Business Day (each of those dates, a **"Payment Date"**), and interest for the then-current Interest Accrual Period will accrue until said first Business Day, not inclusive, on the terms established in section 4.8.1.2 of this Securities Note.

The first interest Payment Date for the Bonds in each Series shall be August 17, 2009 because August 16, 2009 is not a Business Day, and interest will accrue at the applicable Nominal Interest Rate between the Closing Date, March 12, 2009, inclusive, and August 17, 2009 because August 16, 2009 is not a Business Day, exclusive.

In this Bond Issue, business days (**"Business Days"**) shall be deemed to be all days other than a:

- public holiday in the city of Madrid, or
- non-business day in the TARGET 2 calendar.

Both interest resulting for Bondholders in each Series and the amount, if any, of interest accrued and not paid, shall be notified to Bondholders as described in section 4.1.1.a) of the Building Block, at least one (1) calendar day in advance of each Payment Date.

Bond interest accrued shall be paid on each Payment Date provided that the Fund has sufficient liquidity to do so in the Priority of Payments or Liquidation Priority of Payments, as the case may be.

In the event that on a Payment Date the Fund should be unable to make full or partial payment of interest accrued on the Bonds in any Series, in the Priority of Payments, the amounts that Bondholders should not have received shall be accumulated on the following Payment Date to interest on that Series which, as the case may be, should be paid on that same Payment Date, and will be paid in the Priority of Payments and applied by order of maturity if it should be impossible once again not to pay the same fully due to a shortfall of Available Funds.

Overdue interest amounts shall not earn additional or late-payment interest and shall not be accumulated to the Outstanding Principal Balance of the Bonds in the relevant Series.

The Fund, through its Management Company, may not defer Bond interest payment beyond August 16, 2041, the Final Maturity Date, or the following Business Day if that is not a Business Day.

The Bond Issue shall be serviced through the Paying Agent, to which end the Management Company shall, for and on behalf of the Fund, enter into a Paying Agent Agreement with BBVA, as established in section 5.2.1 of this Securities Note.

4.9 Maturity date and amortisation of the securities.

4.9.1 Bond redemption price.

The redemption price of the Bonds in each Series shall be EUR one hundred thousand (100,000) per Bond, equivalent to 100 percent of their face value, payable as established in section 4.9.2 below.

Each and every one of the Bonds in a same Series shall be amortised in an equal amount by reducing the face amount of each of the Bonds.

4.9.2 Characteristics specific to the amortisation of each Bond Series.

4.9.2.1 Amortisation of Series A Bonds.

Series A Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins until their total face amount has been fully amortised, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series A in accordance with the rules for Distribution of Available Funds for Amortisation given in section 4.9.3.5 below, prorated between the Bonds in Series A proper by reducing the face amount of each Series A Bond.

The first partial amortisation of Series A Bonds shall occur on the first Payment Date, August 17, 2009 because August 16, 2009 is not a Business Day.

Final amortisation of Series A Bonds shall occur on the Final Maturity Date (August 16, 2041 or the following Business Day if that is not a Business Day), notwithstanding their full amortisation before that date due to the partial amortisation for which provision is made and that the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.2.2 Amortisation of Series B Bonds.

Series B Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins until their total face amount has been fully amortised, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series B in accordance with the rules for Distribution of Available Funds for Amortisation given in section 4.9.3.5 below, prorated between the Bonds in Series B proper by reducing the face amount of each Series B Bond.

The first partial amortisation of Series B Bonds shall occur once Series A Bonds have been fully amortised. However, even if Series A has not been fully amortised, the Available Funds for Amortisation shall also be applied to amortising Series B on the Payment Date on which the Conditions for Pro Rata Amortisation are satisfied for Series B in accordance with the rules for Distribution of Available Funds for Amortisation, in such a way that the ratio of the Outstanding Principal Balance of Series B to the Outstanding Principal Balance of the Bond Issue remains at 10.80%, or higher percentage closest thereto.

Final amortisation of Series B Bonds shall occur on the Final Maturity Date (August 16, 2041 or the following Business Day if that is not a Business Day), notwithstanding their full amortisation before that date due to the partial amortisation for which provision is made and that the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.2.3 Amortisation of Series C Bonds.

Series C Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins until their total face amount has been fully amortised, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series C in accordance with the rules for Distribution of Available Funds for Amortisation given in section 4.9.3.5 below, prorated between the Bonds in Series C proper by reducing the face amount of each Series C Bond.

The first partial amortisation of Series C Bonds shall occur once Series A and Series B Bonds have been fully amortised. However, even if Series A and Series B have not been fully amortised, the Available Funds for Amortisation shall also be applied to amortising Series C on the Payment Date on which the Conditions for Pro Rata Amortisation are satisfied for Series C in accordance with the rules for Distribution of Available Funds for Amortisation, in such a way that the ratio of the Outstanding Principal Balance of Series C to the Outstanding Principal Balance of the Bond Issue remains at 19.60%, or higher percentage closest thereto.

Final amortisation of Series C Bonds shall occur on the Final Maturity Date (August 16, 2041 or the following Business Day if that is not a Business Day), notwithstanding their full amortisation before that date due to the partial amortisation for which provision is made and that the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.3 **Partial amortisation of the Bonds in each Series.**

Irrespective of the Final Maturity Date and subject to Early Amortisation of the Bond Issue in the event of Early Liquidation of the Fund, the Fund shall, through its Management Company, proceed to partial amortisation of the Bonds in each Series on each Payment Date other than the Final Maturity Date or the Early Liquidation date of the Fund on the specific amortisation terms for each Series established in sections 4.9.2.1 to 4.9.2.3 of this Securities Note and on the terms described hereinafter in this section common to all three Series.

4.9.3.1 **Determination Dates and Determination Periods.**

The determination dates (the “**Determination Dates**”) will be the dates falling on the fourth (4th) Business Day preceding each Payment Date on which the Management Company on behalf of the Fund will make all necessary calculations to distribute or withhold the Available Funds and the Available Funds for Amortisation which the Fund shall dispose of on the relevant Payment Date, in the Priority of Payments. The first Determination Date shall be August 11, 2009.

Determination periods (the “**Determination Periods**”) shall be periods comprising the exact number of days elapsed between every two consecutive Determination Dates, each Determination Period excluding the beginning Determination Date and including the ending Determination Date. Exceptionally:

- (i) the duration of the first Determination Period shall be equal to the days elapsed between the date of establishment of the Fund, inclusive, and the first Determination Date, August 11, 2009, inclusive, and
- (ii) the duration of the last Determination Period shall be equal to the days elapsed a) until the Final Maturity Date or the date on which Early Liquidation of the Fund concludes, as provided for in section 4.4.4.3 of the Registration Document, on which the Loan receivables and the assets remaining in the Fund have been liquidated and all Liquidation Available Funds have been distributed in the Liquidation Priority of Payments, b) from the Determination Date preceding the Payment Date preceding the date referred to in a), not including the first date but including the last date.

4.9.3.2 **Outstanding Principal Balance of the Bonds.**

The outstanding principal balance (the “**Outstanding Principal Balance**”) of a Series shall be the sum of the principal pending repayment (outstanding balance) at a date of all the Bonds in that Series.

By addition, the outstanding principal balance of the Bond Issue (the “**Outstanding Principal Balance of the Bond Issue**”) shall be the sum of the Outstanding Principal Balance of all three Series A, B and C making up the Bond Issue.

4.9.3.3 **Outstanding Balance of the Loans.**

The outstanding balance (the “**Outstanding Balance**”) of a Loan shall be the sum of the capital or principal not yet due and the capital or principal due and not paid into the Fund on the specific Loan at a date.

The outstanding balance of the Loans (the “**Outstanding Balance of the Loans**”) at a date shall be the sum of the Outstanding Balance of each and every one of the Loans at that date.

Delinquent Loans (the “**Delinquent Loans**”) shall be deemed to be Loans that are delinquent with a period of arrears in excess of three (3) months in payment of overdue amounts, excluding Doubtful Loans. Non-delinquent Loans (the “**Non-Delinquent Loans**”) shall be deemed to be Loans that at a date are not deemed to be either Delinquent Loans or Doubtful Loans.

Doubtful Loans (the “**Doubtful Loans**”) shall be deemed to be Loans that are delinquent with a period of arrears equal to or greater than twelve (12) months in payment of overdue amounts or classified as bad debts by the Management Company because there are reasonable doubts as to their full repayment based on indications or information received from the Servicer. Non-doubtful Loans (the “**Non-Doubtful Loans**”) shall be deemed to be Loans that are not deemed to be Doubtful Loans at a date.

4.9.3.4 **Amortisation Withholding and Available Funds for Amortisation on each Payment Date.**

On each Payment Date, the Available Funds shall be used in seventh (7th) place in the order of priority for withholding the amount altogether designed for amortising the Bonds and without distinguishing among the various Series (“**Amortisation Withholding**”), in an amount equal to the positive difference, if any, at the Determination Date preceding the relevant Payment Date, between (i) the Outstanding Principal Balance of the Bond Issue, and (ii) the Outstanding Balance of Non-Doubtful Loans.

Depending on the liquidity existing on each Payment Date, the amount actually applied of the Available Funds to Amortisation Withholding shall be included among the available funds for amortisation (the “**Available Funds for Amortisation**”) and be applied in accordance with the rules for Distribution of Available Funds for Amortisation established hereinafter in section 4.9.3.5 below.

4.9.3.5 **Distribution of Available Funds for Amortisation.**

The Available Funds for Amortisation shall be applied on each Payment Date to amortising each Series in accordance with the following rules (“**Distribution of Available Funds for Amortisation**”):

1. The Available Funds for Amortisation shall be sequentially applied firstly to amortising Series A until fully amortised, secondly to amortising Series B until fully amortised, and thirdly to amortising Series C until fully amortised, subject to the provisions of rule 2 below for pro rata amortisation of the different Series.
2. Even if Series A has not been fully amortised, the Available Funds for Amortisation shall also be applied to amortising Series B and, as the case may be, Series C on the Payment Dates on which the following circumstances are all satisfied with respect to amortisation of each of those Series (“**Conditions for Pro Rata Amortisation**”):
 - a) In order to amortise Series B, that on the Determination Date preceding the relevant Payment Date:
 - i) the Outstanding Principal Balance of Series B is equal to or greater than 10.80% of the Outstanding Principal Balance of the Bond Issue, and
 - ii) the Outstanding Balance of Delinquent Loans does not exceed 1.25% of the Outstanding Balance of Non-Doubtful Loans.
 - b) In order to amortise Series C, that on the Determination Date preceding the relevant Payment Date:
 - i) the Outstanding Principal Balance of Series C is equal to or greater than 19.60% of the Outstanding Principal Balance of the Bond Issue, and
 - ii) the Outstanding Balance of Delinquent Loans does not exceed 1.00% of the Outstanding Balance of Non-Doubtful Loans.
 - c) Additionally, in order to amortise Series B and, as the case may be, Series C:
 - i) that the Required Cash Reserve amount is to be fully provisioned on the relevant Payment Date; and
 - ii) that on the Determination Date preceding the relevant Payment Date, the amount of the Outstanding Balance of Non-Doubtful Loans is equal to or greater than 10 percent of the initial Outstanding Balance upon the Fund being established.

In the event that the amortisation of Series B and, as the case may be, Series C should apply on a Payment Date because the Conditions for Pro Rata Amortisation of Series B and Series C are respectively satisfied, the Available Funds for Amortisation shall also be applied to amortising Series B and, as the case may be, to amortising Series C, in such a way that the ratio of the Outstanding Principal Balance of Series B and, as the case may be, the Outstanding Principal Balance of Series C to the Outstanding Principal Balance of the Bond Issue respectively remain at 10.80% and at 19.60%, or higher percentages closest thereto.

4.9.4 Early Amortisation of the Bond Issue.

Notwithstanding the Fund's obligation, through its Management Company, to proceed to final amortisation of the Bonds on the Final Maturity Date or amortisation of each Series before the Final Maturity Date, the Management Company shall, after first notifying the CNMV, be authorised to proceed, as the case may be, to Early Liquidation of the Fund and consequently Early Amortisation of the entire Bond Issue in the Early Liquidation Events and subject to the requirements established in section 4.4.3 of the Registration Document and subject to the Liquidation Priority of Payments.

4.9.5 Final Maturity Date.

The Final Maturity Date and consequently final amortisation of the Bonds is on August 16, 2041 or the following Business Day if that is not a Business Day, without prejudice to the Management Company, for and on behalf of the Fund, and in accordance with the provisions of sections 4.9.2 to 4.9.4 of this Securities Note, proceeding to amortise any or all the Series in the Bond Issue before the Final Maturity Date. Final amortisation of the Bonds on the Final Maturity Date shall take place subject to the Liquidation Priority of Payments.

4.10 Indication of yield.

The average life, yield, term and final maturity of the Bonds in each Series depend on several factors, most significant among which are the following:

- i) The repayment schedule and system of each Loan established in the relevant agreements.
- ii) The Obligors' capacity to prepay the Loans in whole or in part and the aggregate prepayment pace throughout the life of the Fund. In this sense, Loan prepayments by Obligors, subject to continual changes, and estimated in this Prospectus using several performance assumptions of the future effective constant annual early amortisation or prepayment rate (hereinafter also "CPR"), are very significant and shall directly affect the pace at which Bonds are amortised, and therefore their average life and duration.
- iii) The floating interest rates which shall apply to most Loans, resulting in the repayment amount on every instalment differing.
- iv) The Obligors' delinquency in payment of Loan instalments.

The following assumed values have been used for the above-mentioned factors in calculating the tables contained in this section:

- Loan interest rate: 4.64% weighted average interest rate as at February 10, 2009 of the portfolio of selected loans which has been used for calculating the repayment instalments and interest of each of the selected loans;
- Loan portfolio delinquency: 2.12% (BBVA's delinquency rate at 31.12.2008) of the Outstanding Balance of the Loans, 1.59% being recovered (75% of the aggregate Outstanding Balance of Loans falling in arrears), with 100% recoveries within 12 months of becoming delinquent, and the remaining 0.53% becoming doubtful from March 2010, with 80% recoveries within 18 months of becoming doubtful;
- that the Loan prepayment rate remains constant throughout the life of the Bonds;
- that the Bond Closing Date is March 12, 2009; and

- that there is no extension of the term of any of the loans.

The actual adjusted life and the yield or return on the Bonds will also depend on their floating rate. The following nominal interest rates are assumed for each Series for the first Interest Accrual Period, resulting from a straight-line interpolation bearing in mind the number of days in the First Interest Accrual Period between 5-month Euribor (1.895%) and 6-month Euribor (1.933%) at February 27, 2009 and the applicable margins set for each Series in accordance with section 4.8.1.2 of this Securities Note:

	Series A Bonds	Series B Bonds	Series C Bonds
Nominal interest rate	2.205%	2.405%	2.705%

For subsequent Interest Accrual Periods, the floating interest rate of the Bonds in each Series is assumed to be constant as follows, resulting from 3-month Euribor (1.825%) at February 27, 2009 and the applicable margins are the margins set for each Series in accordance with section 4.8.1.2 of this Securities Note:

	Series A Bonds	Series B Bonds	Series C Bonds
Nominal interest rate	2.125%	2.325%	2.625%

4.10.1 Estimated average life, yield or return, duration and final maturity of the Bonds.

Assuming that the Management Company shall exercise the Early Liquidation of the Fund and Early Amortisation of the Bond Issue option provided in section 4.4.3 of the Registration Document when the Outstanding Balance of the Loans is less than 10% of their initial Outstanding Balance upon the Fund being established, the average life, return (IRR) for the Bond subscriber, duration and final maturity of the Bonds for different CPRs, based on the performance in recent months of similarly characterised loans previously securitised by BBVA, would be as follows:

% CPR:	5.00%	7.00%	9.00%
---------------	--------------	--------------	--------------

Series A Bonds

Average life (years)	2.81	2.62	2.45

(in years)	8.69	8.18	7.69

The Management Company expressly states that the servicing tables described hereinafter for each Series are merely theoretical and given for illustrative purposes, and represent no payment obligation whatsoever, on the basis that:

- Whereas CPRs are assumed to be constant respectively at 5.00%, 7.00% and 9.00% throughout the life of the Bond Issue, as explained above actual prepayment changes continually.
- The Outstanding Principal Balance of the Bonds on each Payment Date and hence interest payable on each such dates shall depend on the actual Loan prepayment, delinquency and default rates.
- Whereas Bond nominal interest rates are assumed to be constant for each Series from the second Interest Accrual Period, the interest rate in all Series is known to float.
- The assumed values referred to at the beginning of this section 4.10 are at all events taken for granted.
- It is assumed that the Management Company will exercise the Early Liquidation of the Fund and thereby the Early Amortisation of the Bond Issue option when the Outstanding Balance of the Loans is less than 10% of the Initial Outstanding Balance upon the Fund being set up, as provided in section 4.4.3 of the Registration Document.
- In this scenario, the Pro Rata Amortisation of Series A, B and C does not apply.
- These assumptions are all based on the historical performance of enterprise loans granted by BBVA.

The Management Company represents that the contents of the Deed of Constitution shall match the draft Deed of Constitution it has submitted to the CNMV and the terms of the Deed of Constitution shall at no event contradict, change, alter or invalidate the contents of this Prospectus.

The Management Company shall submit a copy of the Deed of Constitution to the CNMV to be entered in the Official Registers on March 10, 2009.

4.13 Issue date of the securities.

The Bond issue date shall be March 9, 2009.

4.13.1 Bond subscription.

The Bond Issue shall be fully subscribed for by BBVA.

4.13.2 Payment method and dates.

The Subscriber shall subscribe for the Bond Issue on March 11, 2009 and pay to the Fund by 1pm (CET) on March 12, 2009 (the “**Closing Date**”), for same day value, the issue price at the face value of all the Bonds subscribed for.

4.14 Restrictions on the free transferability of the securities.

There are no restrictions on the free transferability of the Bonds. They may be freely transferred by any means admissible at Law and in accordance with the rules of the AIAF market where they will be admitted to trading. A transfer in the accounts (book entry) will convey the ownership of each Bond. The effects of entering conveyance to the transferee in the accounting record shall be the same as handing over the certificates and the transfer shall thereupon be enforceable on third parties.

5 ADMISSION TO TRADING AND DEALING ARRANGEMENTS.

5.1 Market where the securities will be traded.

In fulfilment of the provisions of article 2.3 of Royal Decree 926/1998, the Management Company shall, upon the Bonds having been paid up, apply for this Bond Issue to be listed on AIAF Mercado de Renta Fija (“**AIAF**”), which is a qualified official secondary securities market pursuant to transitional provision six of Act 37/1998, November 16, amending the Securities Market Act, and a regulated market, as contained in the Annotated Presentation of Regulated Markets and Additional Provisions under the Investment Services Directive 93/22, published in the Official Journal of the European Communities on November 4, 2008. The Management Company undertakes to do all such things as may be necessary in order that definitive admission to trading is achieved not later than one month after the Closing Date.

The Management Company expressly represents that it is aware of the requirements and terms that must be observed for the securities to be eligible to be listed, remain listed and be excluded from listing on AIAF, in accordance with the laws in force and the requirements of its governing bodies, and the Fund agrees through its Management Company to observe the same.

In the event that, by the end of the one-month period referred to in the first paragraph of this section, the Bonds should not be admitted to trading on AIAF, the Management Company shall forthwith proceed to notify Bondholders thereof, moreover advising of the reasons resulting in such breach, using the extraordinary notice procedure provided for in section 4.1.2 of the Building Block. This shall be without prejudice to the Management Company being held to be contractually liable, as the case may be, if it is at fault for the delay.

5.2 Paying agent and depository agents.

5.2.1 Bond Issue Paying Agent.

The Bond Issue will be serviced through BBVA as Paying Agent. Payment of interest and repayments shall be notified to Bondholders in the events and in such advance as may be provided for each case in section 4.1.1 of the Building Block. Interest and amortisation shall be paid to Bondholders by the relevant members and to the latter in turn by Iberclear, the institution responsible for the accounting record.

The Management Company shall, for and on behalf of the Fund, enter with BBVA into a paying agent agreement to service the Bond Issue, the most significant terms of which are given in section 3.4.7.2 of the Building Block.

6 EXPENSE OF THE OFFERING AND OF ADMISSION TO TRADING.

The expected expenses for setting up the Fund and issue and admission to trading of the Bond Issue are EUR three hundred and eighty-four thousand one hundred and thirty-one (384,131.00). These expenses include, inter alia, the initial Management Company fee, notary's fees, rating and legal advice fees, CNMV fees, AIAF and Iberclear fees and Prospectus translation expenses.

7 ADDITIONAL INFORMATION.

7.1 Statement of the capacity in which the advisors connected with the issue mentioned in the Securities Note have acted.

GARRIGUES, as independent advisers, have provided legal advice for establishing the Fund and issuing the Bonds and have reviewed the tax implications thereof.

BBVA and EUROPEA DE TITULIZACIÓN have structured the financial terms of the Fund and of the Bond Issue.

7.2 Other information in the Securities Note which has been audited or reviewed by auditors.

Not applicable.

7.3 Statement or report attributed to a person as an expert.

Deloitte has audited the most significant features of a sample of the selected loans from which the Loans will be taken to be assigned to the Fund upon being established, on the terms set forth in section 2.2 of the Building Block and has audited the Management Company's annual accounts for the years ended December 31, 2007, 2006 and 2005 and BBVA's annual accounts for the years ended December 31, 2008, 2007 and 2006.

7.4 Information sourced from a third party.

Within its duties to verify the information contained in this Prospectus, the Management Company has received confirmation from BBVA, as Originator, as to the truthfulness of the characteristics of BBVA as Originator, of the Loans, the Pass-Through Certificates and the Mortgage Loans, given in section 2.2.8 of the Building Block, and of the remaining information on BBVA and on the selected mortgage loans from which the Loans will be taken given in this Prospectus.

In the Deed of Constitution of the Fund, BBVA shall reaffirm to the Management Company the fulfilment of those characteristics on the date on which the Fund is established.

The Management Company confirms that the information from BBVA on the selected mortgage loans from which the Loans will be taken and on the Originator proper has been accurately reproduced and, to the best of its knowledge and ability to determine based on that information provided by BBVA, no fact has been omitted which might result in the information reproduced being inaccurate or deceptive.

7.5 Credit ratings assigned to the securities by rating agencies.

On March 4, 2009, Moody's assigned the following provisional ratings to each Bond Series, and expects to assign the same final ratings by March 11, 2009.

Bond Series	Moody's Ratings
Series A	Aaa
Series B	A3
Series C	Baa3

If the Rating Agency should not confirm any of the assigned provisional ratings as final by March 11, 2009, this circumstance would forthwith be notified to the CNMV and be publicised in the manner for which provision is made in section 4.1.2.2 of the Building Block. Furthermore, this circumstance would result in the establishment of the Fund, the Bond Issue and the assignment of Loan receivables terminating, as provided for in section 4.4.4.(iv) of the Registration Document.

Rating considerations.

The ratings assigned to each Bond Series by Moody's measure the expected loss before the Final Maturity Date. In Moody's opinion, the structure allows timely interest and principal payment during the life of the transaction and, in any event, before the Final Maturity Date. Moody's ratings measure only the credit risks inherent in the transaction; no other risk types, which could materially affect performance, are measured.

The Rating Agency's ratings are not an assessment of the likelihood of obligors prepaying capital, nor indeed of the extent to which such prepayments differ from what was originally forecast. The ratings are not by any means a rating of the level of actuarial performance.

The ratings assigned, and any revision or suspension of the ratings:

- (i) are assigned by the Rating Agency based on manifold information received with respect to which it can give no assurance, nor even as to their accuracy or wholeness, wherefore the Rating Agency may in no event be deemed to be responsible therefor; and
- (ii) are not and cannot therefore be howsoever construed as an invitation, recommendation or encouragement for investors to proceed to carry out any transaction whatsoever on the Bonds and, in particular, acquire, keep, charge or sell those Bonds.

In carrying on the rating and monitoring process, the Rating Agency relies on the accuracy and wholeness of the information provided to it by BBVA, the Management Company, the auditors of certain features and attributes of a sample of the selected loans, and GARRIGUES, as independent legal advisers.

The ratings take into account the structure of the Bond Issue, the legal aspects thereof and of the issuing Fund, the characteristics of the loans selected to be assigned to the Fund and the regularity and continuity of the operating flows.

The Rating Agency may revise, suspend or withdraw the final ratings assigned at any time, based on any information that may come to its notice. Those events, which shall not constitute early liquidation events of the Fund, shall be notified to both the CNMV and Bondholders, in accordance with the provisions of section 4.1 of the Building Block.

This is a Certified Translation into English of the Spanish Prospectus. No document other than the Spanish Prospectus registered by the Comisión Nacional del Mercado de Valores may have any legal effect whatsoever or be taken into account with respect to the Bond Issue.

ASSET-BACKED SECURITIES NOTE BUILDING BLOCK

(Annex VIII to Commission Regulation (EC) No. 809/2004 of April 29, 2004)

1. SECURITIES

1.1 Minimum denomination of the issue.

The Fund shall be set up with the Mortgage Loan Pass-Through Certificates and the Non-Mortgage Loan receivables which BBVA shall issue and assign to the Fund upon being established, and their Outstanding Balance shall be equal to or slightly above EUR two billion eight hundred and fifty million (2,850,000,000.00), the face value amount of the Bond Issue.

1.2 Confirmation that the information relating to an undertaking or obligor not involved in the issue has been reproduced.

Not applicable.

2. UNDERLYING ASSETS

2.1 Confirmation that the securitised assets have capacity to produce funds to service any payments due and payable on the securities.

In accordance with the information supplied by the Originator, the Management Company confirms that, based on their contractual characteristics, the flows of principal, interest and any other amounts generated by the securitised Loans allow the payments due and payable on the Bonds in the Series issued to be satisfied.

Nevertheless, in order to cover for potential payment defaults by securitised Loan Obligors, a number of credit enhancement transactions have been arranged allowing the amounts payable on the Bonds in each Series to be covered to a different extent and mitigating interest risk due to the different terms of the interest clauses of the Loans and of the Bonds in each Series. In exceptional circumstances, the enhancement transactions could actually fall short. The credit enhancement transactions are described in sections 3.4.2, 3.4.3, 3.4.4 and 3.4.7 of this Building Block.

Not all the Bonds issued have the same risk of default. Hence the different credit ratings assigned by the Rating Agency to the Bonds in each Series, detailed in section 7.5 of the Securities Note.

Upon the occurrence of a (i) substantial alteration or permanent financial imbalance of the Fund due to any event or circumstance whatsoever unrelated to the Fund's operations or (ii) default indicating a serious permanent imbalance in relation to any of the Bonds issued or suggesting that it will occur, the Management Company may proceed to Early Liquidation of the Fund and thereby Early Amortisation of the Bond Issue on the terms laid down in section 4.4.3 of the Registration Document.

2.2 Assets backing the issue.

The receivables to be pooled in the Fund, represented by the Management Company, upon being established, shall be exclusively receivables owned by BBVA deriving from Loans granted by BBVA to non-financial enterprises (legal persons and sole traders) domiciled in Spain.

The portfolio of selected loans from which the Loans will be taken in order to be assigned to the Fund upon being established comprises 18,564 loans, their outstanding principal as at February 10, 2009 being EUR 3,180,357,776.50 and the overdue principal being EUR 9,194,623.47.

Audit of the assets securitised through the Fund.

The most significant features of the selected loans have been audited by Deloitte.

That audit was made using sampling techniques consisting of analysing a number of transactions fewer (sample) than the full selection of loans (population), allowing a conclusion to be arrived at regarding that population. The verification deals with a number of both quantitative and qualitative attributes regarding the sample transactions and specifically regarding: nature of the loan and the obligor, title, identification of the obligor, asset transfer, loan origination date, loan maturity date, initial loan amount, current loan balance (outstanding principal), reference rate or benchmark index, interest rate spread, interest rate applied, arrears in payment, insolvency status, developer loan, and additionally for loans with real estate mortgage security, mortgage loan origination, mortgaged property, address of the mortgaged property, mortgage security, appraisal value and damage insurance. Selected loans in respect of which errors are detected in verifying the sample shall not be assigned to the Fund by BBVA.

The audit results shall be set out in a report prepared by Deloitte, which is one of the documents on display as determined in section 10 of the Registration Document.

2.2.1 Legal jurisdiction by which the pool of assets is governed.

The securitised assets are governed by Spanish Law.

2.2.2 Description of the general characteristics of the obligors and the economic environment, as well as global statistical data referred to the securitised assets.

*Loan to Value Ratio refers to averages weighted by the initial principal.

The 221 selected mortgage loans with a second-ranked mortgage amounted to EUR 122,987,352.71 at February 10, 2009. No details are given for these mortgage loans of the ratio of the outstanding principal to the appraisal value of the mortgage loan mortgaged properties because the amount of the earlier mortgage is unknown.

There is no overcollateralisation in the Fund since the total Loan receivables principal or capital that BBVA shall assign to the Fund upon being set up shall be equal to or slightly above EUR two billion eight hundred and fifty million (2,850,000,000.00), the face value amount of the Bond Issue.

2.2.3 Legal nature of the pool of assets.

The selected loans may be classified based on their collaterals into:

- (i) Loans with real estate mortgage security, and the additional security, if any, specified in paragraph (ii) below, originated in a public deed (the Mortgage Loans).

The Mortgage Loans were originated in a public deed subject to the Mortgage Act, February 8, 1946, Mortgage Market Regulation Act 2/1981, March 25, and ancillary laws, as currently worded.

The Mortgage Loan receivables shall be assigned to the Fund upon BBVA issuing and the Fund subscribing for Pass-Through Certificates subject to the provisions of Act 2/1981 and additional provision five of Act 3/1994, as currently worded, on the terms provided for in section 3.3 of this Building Block. Those Pass-Through Certificates shall be issued and subscribed for in the same Deed of Constitution of the Fund.

- (ii) Loans with no special guarantee, exclusively secured by pledging money and/or units in investment funds and/or with third-party personal guarantees, originated in a public document, which are enforceable (Civil Procedure Act article 517) (the Non-Mortgage Loans).

The Non-Mortgage Loan receivables shall be directly assigned to the Fund upon being sold by BBVA and acquired by the Fund, on the terms provided for in section 3.3 of this Building Block. The Non-Mortgage Loan receivables shall be assigned to the Fund in the same Deed of Constitution of the Fund.

2.2.4 Expiry or maturity date(s) of the assets.

The selected loans each have a final maturity date without prejudice to periodic partial repayment instalments, on the specific terms applicable to each of them.

Obligors may at any time during the life of the Loans prepay all or part of the outstanding capital, in which case the accrual of interest on the part prepaid will cease as of the date on which repayment occurs.

The final maturity date of the selected loans at February 10, 2009 was comprised between February 15, 2009 and July 31, 2037.

2.2.5 Amount of the assets.

The Fund shall be set up with the Loan receivables which BBVA will assign to the Fund upon being established, and their total principal or capital shall be equal to or slightly above EUR two billion eight hundred and fifty million (2,850,000,000.00), the face value amount of the Bond Issue.

The portfolio of selected loans from which the Loans will be taken to be assigned to the Fund upon being established comprises 18,564 loans, their outstanding principal as at February 10, 2009 being EUR 3,180,357,776.50 and the overdue principal being EUR 9,194,623.47.

In order to be assigned to the Fund upon being established, BBVA shall choose from the selected loans (i) loans that are in good standing or that have no payments that are more than one (1) month overdue and (ii) with an aggregate outstanding principal amount for each obligor from lowest to highest up to a total principal or capital equal to or slightly above EUR two billion eight hundred and fifty million (2,850,000,000.00).

2.2.6 Loan to value ratio or level of collateralisation.

The loan to value ratio or level of collateralisation ratio of the Mortgage Loans is given in section 2.2.2 q) of this Building Block.

2.2.7 Method of creation of the assets.

The loans selected for assignment to the Fund have been granted by BBVA following its usual credit risk analysis and assessment procedures for lending to enterprises. The procedures currently in place at BBVA are described below:

1. Introduction.

Banca de Empresas is the Business Unit set up at BBVA to serve businesses. This unit specialises in managing and serving large, medium-sized and small enterprises. Banca Comercial is the Business Unit set up at BBVA to manage the business from the private customer, retail and small enterprise segments.

Origination channels.

Banca de Empresas y Corporaciones (BEC) has a network of 277 Branches, 209 of which serve the enterprise segment, 58 serve the institutions segment and 10 the corporations segment.

Banca Comercial has 3,220 branches nation-wide.

The management model is based on a customised integral customer management; customers are all allocated a personal account manager.

2. Lending procedures.

2.1 System supporting lending decision making: internal rating.

Rating tools are analysis and assessment systems enabling BBVA to assign a customer a credit rating based on data and standards. This is the basis for:

- Providing risk policies consistent with the rating and monitoring the live risk
- Conferring powers
- Permitting distinct pricing policies

This tool is integrated in the risks procedures and circuits covering all stages of the risks cycle, each of them including a value added system avoiding the need to re-collect information (incremental analysis system) and allows efforts to be adjusted and capacities to be assigned based on risk types:

- Less information in low-profile risks.
- More in-depth information and analysis in complex risks.

Thus, admission standards can be consistently applied and decision-making can be decentralised, trimming response times. The rating tool was the result of internal development at BBVA and was implemented in September 2002.

- **Rating methodology**

Rating

The following method is used for rating a customer:

1. Score-based valuing of the business.

Two types of information are considered:

- Quantitative factors: analysis of financial statements
- Qualitative factors: from customer reports

Each factor carries certain points or weights. The sum determines the customer's final score.

2. Obtaining alerted variables.

These are elements that, while not influencing the score obtained by the enterprise, may alert to situations exceeding predefined parameters. Alerts may be given on both scoring variables and other purposely defined quantitative and qualitative variables.

Based on their importance they are classified as:

- Variables to be explained: they do not condition the score obtained and indicate that certain variables take unusual values
- Conditioning variables: given their relevance, their existence condition the customer's score.

3. Assessing alerted variables.

The account manager or analyst at BBVA in charge of the rating shall assess any alerted variables and duly explain the reasons originating the alerts and their justification, if any.

Rating models

The models developed may, depending on the size of the enterprise, be sorted into:

- Corporate
- Enterprises
- SMEs

Master scale

One of the prime objectives of a rating system is rating customers based on their credit quality. This quality is defined by the likelihood of a customer being in arrears. A master scale is used to calculate the default rate: it allows each customer to be assigned a default probability. It is unique for the whole Bank.

The master scale consists of a number of values or grades and each is assigned a default probability (expected default frequency or EDF).

- **Enterprise Rating**

The following variables are involved in rating scoring:

Quantitative factors.

- Creditworthiness of the enterprise
 - Real estate net of liens on the balance sheet total
 - Other facilities on balance sheet total
 - Size (total assets)
- Creditworthiness of guarantors
 - Capacity to take on business debts
 - Members' credit rating
- Financial
 - Total investment in the business
 - Investment funding
 - Bank debt
 - Repayment capacity

- Economic
 - Progress of sales
 - Cash-flow on sales
 - Total balance sheet cash-flow

Qualitative factors

The following qualitative factors are captured in obtaining the rating:

- Sector: automatically obtained from the assessment made by the Sector Analysis Area
- Time in the business

The final score obtained is set against BBVA's master scale and each score is allocated an expected default frequency (EDF) reflecting the likelihood of the enterprise being in arrears within one year starting from the last date of the statements analysed. Once the score is obtained, the alerted variables are analysed.

Benchmarking, consistency and alerts

A number of ratios and variables have to be checked for the rating to be completed. These factors are an integral part of the Rating and are attached to the score obtained by the customer. There may be two types: quantitative and qualitative.

General operating diagram

In order to obtain an internal rating a minimum information on the customer has to be available (financial statements, other information and CIRBE), corporate application data must be captured, the automatic system calculation must be obtained, based on an algorithm calculated as described above, and finally an analysis and assessment of the results provided by the tool must be made.

2.2 Lending procedure.

a) Banca Comercial

The account manager receives a proposal from a client who may or may not be a customer of BBVA. The account manager requests such information as is deemed necessary to be able to decide and which shall at a minimum be the information established in the internal risks Empowerment Rule as detailed in paragraph 2.2.4 concerning risks empowerment.

b) Banca de Empresas

The admission procedure begins with the customer's risk application. BBVA Group has implemented a customised management model in the enterprise segment.

Admission of transactions begins with the customer's application. The customer may be known to have a current risk with BBVA or to have been a customer in the past or not to have ever dealt with BBVA.

2.2.2 Required information.

a) Banca Comercial

The following will be the minimum information to be able to decide:

- Balance sheet or, alternatively, declaration of assets or wealth return
- Operating account for the last fiscal year
- In enterprises in which the risks at BBVA are in excess of €300,000 or €1,200,000 in SCIR total, the balance sheets and operating accounts must be audited. It should usefully be noted that companies must satisfy this requirement when at least two of the following circumstances occur:

- i. The Assets are in excess of €2,373,997.81.
 - ii. The turnover is in excess of €4,747,995.62
 - iii. The average number of workers employed during the fiscal year shall have been in excess of 50 workers.
- Checking the RAI, internal delinquency at BBVA, ASNEF, etc.
 - Customer's complete position.
 - Checking the assets and collaterals of the applicant and guarantors.
 - For rated customers, rating history.

b) Banca de Empresas

Prior to analysing and approving the transaction, the account manager generally does the following:

Updating or opening a record with the following information:

- Balance sheets, financial statements, audits
- Guarantors' declaration of assets
- Business activity reports and purpose of the transaction
- Searches in registers
- Current positions at BBVA and in the banking system

Studying the transaction

Based on the information provided by the customer, completed with information available to BBVA proper and other outside sources, a financial plan or base support is prepared including:

- Financial plan: economic and financial position, activity, shareholders, interests, etc.
- Searching for or preparing the rating and business risk conduction (CRE). Progress
- Search in default filters
- Progress of CIR, including guarantors
- Previous experience, if a customer
- Any other data relevant to or revealing for decision-making

2.2.3 Preparing the proposal and approval.

a) Banca Comercial

Proposed transactions shall be entered in a Certificate/Register of transactions/Committees, in chronological order, whether the proposals are authorised, refused in exercising the empowerment or submitted to be studied and decided on to higher levels.

b) Banca de Empresas

After the analysis made and the conclusions arrived at, the Branch draws up a mandatory proposal. If a dismissal is considered, then a reference is made to such refusal.

If the transaction is accepted, the proposal and supporting information passes to the approval process by the Branch's committee, where it has authority over the customer at issue, or is submitted to the Regional Management or the Central Credit Risks Unit.

2.2.4 Empowerment in authorising risks

a) Banca Comercial

The account manager's empowerment figure and the requirements laid down in the internal risks empowerment rule shall determine whether the account manager is able to authorise the transaction. Being empowered to take on risks is a requirement but is not sufficient in order for a person to decide. Powers are conferred personally and based on the empowered person's experience and qualification. The figure to be empowered with shall be determined based on the empowered person's capacity and the characteristics of the market and segment allocated. The empowerment does not cover certain transactions, either because of their type, amount, term, instrumentation, documentation, products or type of client at issue.

b) Banca de Empresas

Empowerment is implemented under an internal policy. The following is noteworthy among the most relevant aspects influencing the management model:

- The conferment of powers to accept risks is a requirement but is not sufficient in order for a person to decide.
- Powers are conferred personally based on the attorney's experience and qualification.
- It is advisable for powers to be gradually conferred.
- The empowerment figure embodies the maximum limits and risks to be arrived at with a customer or group of customers considered to be an economic group or family unit.
- Empowerment originates in the group's political bodies and is hierarchically conveyed.
- The conferrer shall specify to his or her attorneys the empowerment figure conferred and the extent and capacity in and by which the attorney may in turn subdelegate.

Quantitatively, the general manager, Retail Banking, confers on the Corporate Banking Manager powers for approving risks of up to EUR 8 million, with authority to subdelegate 75% of that figure.

The Corporate Banking Manager has in turn subdelegated to regional managers between EUR 5.2 and EUR 6 million, subject to the restriction that they may in turn subdelegate to Branch managers up to 33% of that figure.

Risks exceeding the Regional Managers' authority because of their amount or other circumstances are decided, on a proposal by the Branches, at the Central Credit Risks Unit.

3. Risk monitoring.

a) Banca Comercial

Each of the 7 territorial offices (DT) have teams, reporting to the Head Office, in charge of monitoring general progress (of the risk), although responsibility for the transaction being duly performed ultimately lies with the team at the branch originating the investment. Each DT has a team consisting of two Monitoring supervisors and a group of Monitoring Analysts. Each Monitoring Analyst is allocated an Area altogether covering between 40 and 50 branches. In turn, the monitoring supervisors at each DT liaise with and support the Risk Monitoring Analysts' performance within their scope of operation.

Although risk management is integral, methodology varies according to client/product typology.

Two different monitoring methods could be pointed to:

- 1- Statistics or development by business lines, and
- 2- Individual clients. The paths for detecting clients with alert signs are mainly as follows:
 - a. Daily list of defaults
 - b. Clients detected via internal audits

- c. How the enterprise risk is dealt with
- d. Rating alerts
- e. Development of risks both at BBVA and in the financial system
- f. Searching external databases, mainly RAI (bad debts registry and DBI, claims database)

In addition, Risk Monitoring Committees meet weekly at four levels within the organisation:

- Head Office
- Territorial Office
- Area Office
- Commercial Banking Centre Office

Committees review how the different dependent units and clients with alert signs and defaults are developing, drawing up action plans for those who are to be added to the list of alerts and monitoring the progress of listed clients.

Monthly information is obtained by client in order to analyse the status of their risks, an appropriate analysis is made and so are actions to be improved if such is concluded to be necessary.

The lists are as follows:

- Clients with an obsolete balance sheet.
- Clients who have lost 3 ratings in a month.
- Clients rated B or below.

b) Banca de Empresas

Risk quality has intrinsic value in Banca de Empresas and is present throughout its activity. Therefore, it is conceived within the Unit strategy as a quantifiable target in terms of both delinquency ratio and impact on the Profit and Loss Account.

The risk management process stems from the "Global Risk Control" concept, consisting of monitoring Branches, clients, products and account managers' portfolios.

The risk monitoring and recoveries managers is posted at the Head Office and, together with a team of three people, manages and coordinates the tasks for which he or she is responsible.

In addition, each regional office has a specific team of two or three people (15 altogether) in charge of dealing with this function.

Their goals are as follows:

- Overseeing risk quality, control and monitoring, within an established setting for decision-making and rating
- Supporting and encouraging the Branch network to implement and develop a defined action plan in regard to monitoring live risk, overdue payments and listing as Doubtful Assets
- Encouraging the achievement of the set risk quality and credit writedown targets

Their functions include the following:

- Reviewing risk quality indicators and progress.
- Monitoring the daily development of irregular investments.
- Coordinating and supervising the rating of regional office clients.
- Monitoring the risk of clients singled out for surveillance and problem clients.

- Diagnosing risk portfolios.
- Setting up, preparing, attending and participating on Risk Monitoring Committees.
- Developing, implementing and using suitable risk monitoring tools.
- Coordinating with recoveries and the legal department the transfer of cases of late payment and subsequently monitoring the same.
- Other responsibilities:
 - Visiting branches
 - Monitoring written audit proceedings
 - Sampling case files and sub-delegating
 - Controlling Risk admission and management procedures

The risk quality variable is objectified and periodic controls are made in order to ascertain the same through several action plans which, upon being evaluated, are reused to newly feed the circuit.

Client rating systems

This is for departments and those involved in risk management: account managers, admission and monitoring teams and central credit risks unit (UCRC). It also includes the valuation assigned by Internal Audit, in addition to other indicators sourced in the various applications, products, delinquency filters, CIRBE, etc.

These ratings and information are fed into the ALERT SIGNS SYSTEM which shall identify problem groups or groups specifically singled out for surveillance in order to anticipate and mitigate the negative effects of their potentially falling into arrears .

4. Recoveries.

a) Banca Comercial

Recovery at Banca Comercial is centrally managed by a business unit that is in turn divided into three subunits:

- Outsourcing
- Operations
- Judicial

Each unit has functions and is organised as follows :

1-Outsourcing Unit

This unit manages recovery integrally for a certain client profile and not integrally for certain other client group products:

- 1) Integral recovery procedure (starts and ends in Outsourcing)
 - Client matters where the risk is < €15,000
 - Friendly + legal action
- 2) Ordinary recovery procedure (before OPERATIONS/JUDICIAL become involved)
 - Friendly recovery of petty sums with non-integral recovery profile clients not involved in legal proceedings managed by CER
 - Debt collection proceedings of doubtful accounts where there is no enforceable document in order to obtain and forward the same to CER

The Outsourcing Area is a CENTRALISED MANAGEMENT UNIT managing 11 national outsourced management companies.

2-Operations Unit

The Unit's main functions are as follows:

- 1) Friendly recovery procedure with Obligors
- 2) Preparing the Judicial File for CER
- 3) Accountancy

Its structure is very flexible and readily adapts to the workload.

3- Judicial Unit (CER)

Its main function is to manage judicial recoveries. In so doing, the Unit acts proactively with obligors, including bringing the action, attachments, court withholdings and enforcements, with lawyers, with respect to legal proceedings, with third parties, and with respect to large claims.

The following Recovery Management tools are used:

- Entering arrears in the accounts: arrears/bad debts application
- Recovery management agenda
- Outsourcing applications
- Information centre

These tools are used in the following recovery management stages:

Pre-litigation recovery stage: Pre-judicial stage, bringing the court claim

Judicial enforcement proceedings. The procedural stages for enforcement are as follows:

- Submitting the application.
- Clearing or allowing enforcement
- Court payment demand served on the obligor (attachment of assets)
- Auction: application, scheduling of auction date and notice on the obligor, after publishing such edicts as are established by Law.

b) Banca de Empresas

Each regional office has a legal services department whose main duties are to provide advice, prepare the paperwork for perfecting transactions and deal with recovery in cases of arrears, failures and bad debts shown on the balance sheets of dependent branches within their sphere of authority, including bringing actions and attending hearings.

Both lawyers and staff in charge of providing administrative support in charge of recovering the Bank's overdue accounts have proven skills and ample expertise, specifically 18 years on average in the case of lawyers and some 15 years in the latter case.

At the Head Office, the Spain and Portugal Legal Services structure has a Spain Banking Business Legal Services Manager to whom the following report: both the 7 lawyers, responsible for each territory described above, and the Recovery Legal Services Manager, with functional legal responsibility within BEC (Banca de Empresas y Grandes Corporaciones) recoveries, and the commercial and special projects banking Recoveries Manager (Banca Comercial y Proyectos Especiales), who manages commercial banking matters entrusted to BEC and, among other functions, deals with liaising between BEC legal Services and the Real Estate Area.

Circuits for transferring matters to arrears

Once a transaction has been automatically or manually transferred to Arrears, observing the rules laid down in Bank of Spain Circular 4/2004, a decision shall have to be made based on the IMAS (Arrears Report in Support of the Decision) which shall include all necessary remarks in order for actions to be taken to recover the overdue debt. At the same time, the so-called Case Manager shall validate the

documents required which, upon being obtained, shall be submitted to the Regional Office. If the client risk should exceed €240,000.00, the Regional Office shall also forward the same to the Head Office.

Branches get to know of transactions reclassified in due course as doubtful assets in several ways; in the first place, through the IMAS - Transactions "pending a recommendation" or through Facilities 3270 - Recovery Agenda - Management Spheres. In addition, Regional Offices receive daily information from Central Services on Arrears, Failures and Bad Debts related activity, with details concerning both receipts and recoveries.

When a matter is transferred to Arrears, the IMAS supporting file shall have been drawn up and a check shall have been made as to the existence or not of credit balances, the details underlying the arrears (accurately including obligors, credit support providers, guarantors, sureties, etc.), and that the collaterals specified in the certificates, contracts, agreements, deeds, etc. are duly entered in the "Guarantees and Guarantors" Application.

Upon attempts at friendly collection being exhausted the head of Risk Monitoring at the Regional Office shall instruct reassignment under Doubtful Assets in the books of account and the Legal Services will weigh up whether or not legal action should be taken. Initiative and prompt decision-making are key elements for recoveries to be successful in the future.

The following will be transferred to arrears:

- The entire current risk of a transaction if both overdue payments and overdue interest are more than three months late.
- All of a client's transactions where the balances classified as doubtful because they are late are in excess of 25% of the amounts outstanding.
- All risks held by clients who have been legally decreed to be insolvent.

In order not to delay transfer to arrears, the branch shall before the lapse of three months prepare the file that shall be attached to the proposal with all supporting documents.

Central Services shall send Regional Offices monthly inventories with details of clients with transactions affected for Regional Offices to analyse, note the impact on the profit and loss account and make all relevant decisions.

There are different mechanisms in place for controlling arrears:

- Risk Monitoring Committees and Regional Office Arrears.
- Scheduled visits from Regional Office lawyers to Branches.
- The Banca de Empresas model relies on internal recovery management by the lawyers actually assigned to the Area and the use of external lawyers based on objective distribution standards. As a general rule, insolvency proceedings, foreclosures and other proceedings where the amount loaned is substantial shall be handled directly by in-house lawyers.
- There is regular monitoring of matters entrusted to external lawyers, including both the Recovery Management application which must be updated by the actual external lawyers or Court Attorneys, and presence to gain first-hand information on actions that are being taken, the results obtained, the advisability of new actions and in general to set the tone of procedures.
- On-the-spot committees are also set up at regional offices. The Risk Monitoring and Recoveries Manager travels at least four times a year to each Regional Office to assess the status of the risks in irregular investments, recommend actions and monitor developments in arrears and failures.

Recovery management tools

- Arrears Report in Support of the Decision (IMAS)
- Closing of Accounts
- Accounting module
- File Manager

- Allocation of account managers, lawyers and court attorneys
- Printing of complaints

Transfer of recoverable insolvent debtor cases to bad debts

Debts are bad where the likelihood of recovery is remote based on information available at a given point in time.

Having regard to that definition, the logic is that where a transfer is made to bad debts, all necessary checks shall have been made in order to make sure none of the following exist, inter alia:

- Payment agreements
- Wage garnishments (whatever the amount may be)
- Attachment of any asset
- Legal proceedings under way, outcome pending
- Credit balances associated with the debtors or any party involved
- Second mortgages
- Personal guarantees, not solvent, but with known whereabouts
- Insolvency situations with an arrangement
- Bankruptcies (previous legislation) with realisable assets
- Obligors and parties involved with risks declared to CIRBE

The following will in any event be done before the transfer:

- Netting any credit position, if that is legally possible
- Checking advance payments to court attorneys and the existence of outstanding expense invoices
- Adjustment of indemnities having regard to legal and financial circumstances, such as for instance: approved arrangements not complied with and not providing for interest payment

Transfer to bad debt shall be proposed by the relevant Regional Office, if the amount should exceed the figure of empowerment, submitting to Central Services a proposal including the obligors' positions, particulars, the remarks set out in the Recovery Agenda, and the reasons why transfer is requested.

2. In the event that during the full term of the Loans it should be found that any of them fail to conform to the representations given in section 2.2.8 above upon the Fund being established, BBVA agrees, subject to the Management Company's consent, to proceed forthwith to remedy and, if that is not possible, substitute or, as the case may be, redeem the affected Loans not substituted, by automatically terminating the assignment of the affected Loan receivables and, as the case may be, cancelling the relevant Pass-Through Certificate, subject to the following rules:
 - (i) The party becoming acquainted with the existence of a Loan in that circumstance, be it the Originator or the Management Company, shall advise the other party thereof. The Originator shall have a period of not more than fifteen (15) Business Days from said notice to remedy that circumstance if it may be so remedied or proceed to a substitution of the affected Loans, notifying the Management Company of the characteristics of the loans intended to be assigned to take their stead, which shall fulfil the representations given in section 2.2.8 above and be of the same kind as to residual term, interest rate and outstanding principal value as the affected Loans and also credit quality in terms of ratio of outstanding principal to the appraisal value of the mortgaged property or properties of the Mortgage Loans to be replaced, in order for the financial balance of the Fund not to be affected by such substitution, nor indeed the rating of the Bonds in connection with the provisions of section 7.5 of the Securities Note. Once the Management Company has checked the appropriateness of the substitute loan or loans, and after advising the Originator expressly of loans suitable for such substitution, such substitution shall be made by terminating the assignment of the affected Loan receivables and, as the case may be, cancelling the relevant Pass-Through Certificate, and simultaneously assigning the new substitute loans and, as the case may be, issuing the new substitute pass-through certificates.

The substitution shall be recorded in a public deed subject to the same formalities established for the assignment of the Loan receivables upon the Fund being established, in accordance with the specific characteristics of the new loans assigned. The Management Company shall provide the

CNMV, the undertaking in charge of the Bond accounting record and the Rating Agency with a copy of the public deed.

- (ii) In the event that there should be no substitution of the affected Loans in accordance with rule (i) above, the assignment of the affected Loan receivables not substituted shall be terminated and, as the case may be, the relevant Pass-Through Certificate will be cancelled. That termination shall take place by a repayment in cash to the Fund by the Originator of the outstanding principal of the affected Loans not substituted, interest accrued and not paid, calculated until the repayment date, and any other amount owing to the Fund under those Loans.
 - (iii) In the event of (i) and (ii) above occurring, BBVA shall be vested in all the rights attaching to those Loans accruing from the date of substitution or repayment to the Fund or accrued and not due, and overdue amounts on that same date.
3. In particular, the amendment by the Originator during the life of the Loans of their terms without regard to the limits established in the special laws applicable and, in particular, to the terms agreed between the Fund, represented by the Management Company, and the Originator in this Prospectus, in the Deed of Constitution and in the Servicing Agreement, which would therefore be an absolutely exceptional amendment, would constitute a unilateral breach by the Originator of its duties which should not be borne by the Fund or by the Management Company.

Upon any such breach occurring, the Fund may, through the Management Company: (i) demand payment of the relevant damages and losses and (ii) request replacement or repayment of the affected Loans, in accordance with the procedure provided for in paragraph 2 above of this section, which shall not result in the Originator guaranteeing that the transaction will be successfully completed, but only the requisite redress of the effects resulting from the breach of its duties, in accordance with article 1124 of the Civil Code.

The expenses originated by the actions to remedy the Originator's breach shall be borne thereby and cannot be charged to the Fund or the Management Company. The Management Company shall notify the CNMV of each and every replacement of Loans on the terms of the procedure provided for in paragraph 2 above.

2.2.10 Relevant insurance policies relating to the assets.

The public deeds originating the Mortgage Loans provide that until the latter are fully repaid the Obligor is bound to have the mortgaged properties insured against the risk of fire and other damages during the contract term, at least satisfying the minimum requirements laid down by the mortgage market laws in force for the time being, assigning to BBVA the insured capital and other indemnities payable by the insurer.

No details are included regarding concentration of the insurers because the current status of the insurance policies taken out by the corporate obligors and their data are not supported or updated in the Originator's computer records. Nevertheless, given that the mortgage loans are part of the selected loans as a whole and the geographic distribution, as detailed in sections 2.2.2.d) and o) of this Building Block, any possible concentration of insurers has not been considered significant for the transaction.

2.2.11 Information relating to the obligors where the securitised assets comprise obligations of 5 or fewer obligors which are legal persons or where an obligor accounts for 20% or more of the assets, or where an obligor accounts for a material portion of the assets.

Not applicable.

2.2.12 Details of the relationship, if it is material to the issue, between the issuer, guarantor and obligor.

There are no relationships between the Fund, the Originator, the Management Company and other parties involved in the transaction other than as set forth in section 5.2 of the Registration Document.

2.2.13 Where the assets comprise fixed income securities, a description of the principal terms.

Not applicable.

2.2.14 Where the assets comprise equity securities, a description of the principal terms.

Not applicable.

2.2.15 If the assets comprise equity securities that are not traded on a regulated or equivalent market, where they represent more than ten (10) per cent of the securitised assets, a description of the principal terms.

Not applicable.

2.2.16 Valuation reports relating to the property and cash flow/income streams where a material portion of the assets are secured on real property.

The appraisal values of the properties securing the selected mortgage loans correspond to appraisals made by appraisers for the purpose of granting and arranging the selected mortgage loans.

2.3 Actively managed assets backing the issue.

Not applicable.

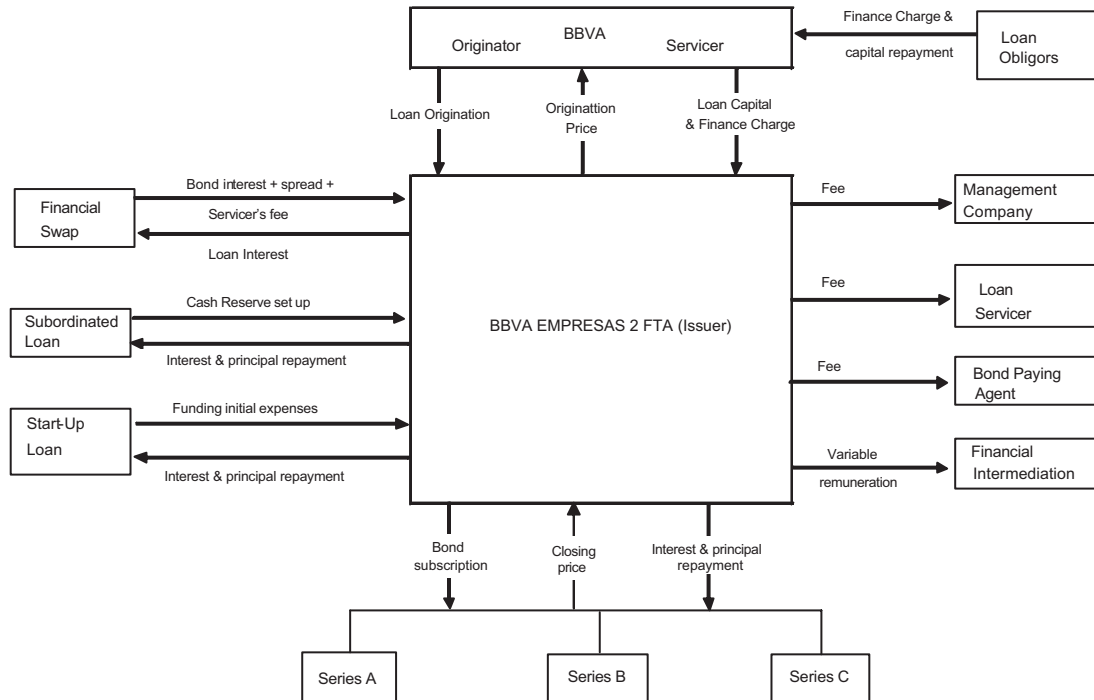

2.4 Where the issuer proposes to issue further securities backed by the same assets, statement to that effect and description of how the holders of that class will be informed.

3.2 Description of the entities participating in the issue and of the functions to be performed by them.

- (i) EUROPEA DE TITULIZACIÓN is the Management Company that will establish, manage and be the authorised representative of the Fund and has, together with BBVA, structured the financial terms of the Fund and the Bond Issue.
- (ii) BBVA is the originator of the Loan receivables to be assigned to the Fund upon being established, shall be the Lead Manager and Subscriber of the Bond Issue and has, together with the Management Company, structured the financial terms of the Fund and of the Bond Issue.

In addition, BBVA shall be the Fund's counterparty under the Guaranteed Interest Rate Account (Treasury Account), Subordinated Loan, Start-Up Loan, Financial Swap, Loan Servicing, Bond Paying Agent and Financial Intermediation Agreements.

- (iii) GARRIGUES, as independent advisers, have provided legal advice for establishing the Fund and issuing the Bonds, and have reviewed the tax implications thereof.
- (iv) Deloitte has audited the most significant features of a sample of BBVA's selected loans from which the Loans will be taken to be assigned to the Fund upon being established.
- (v) Moody's is the Rating Agency that has assigned the rating to each Bond Issue Series.

The description of the institutions referred to in the above paragraphs is given in section 5.2 of the Registration Document.

The Management Company represents that the summary descriptions of those agreements, given in the relevant sections of this Prospectus, which it shall enter into for and on behalf of the Fund, include the most substantial and relevant information on each agreement, duly reflect their contents and that no information has been omitted which might affect the contents of the Prospectus.

3.3 Description of the method and date of the sale, transfer, novation or assignment of the assets or of any rights and/or obligations in the assets to the issuer.

3.3.1 Perfecting the assignment of the Loan receivables to the Fund.

The Management Company, for and on behalf of the Fund, and BBVA as Originator, shall in the Deed of Constitution perfect the agreement assigning the Loan receivables to the Fund, effective from that same date, as follows:

- (i) The assignment of the Mortgage Loan receivables shall be perfected upon BBVA issuing and the Fund subscribing for pass-through certificates (the "**Pass-Through Certificates**") as established by Act 2/1981 and by additional provision five of Act 3/1994, as currently worded, and other applicable laws.

The Pass-Through Certificates shall be represented by means of a multiple registered certificate which shall contain the minimum data provided for pass-through certificates in article 64 of Royal Decree 685/1982, March 17, implementing certain aspects of Mortgage Market Regulation Act 2/1981 ("**Royal Decree 685/1982**"), and the registration particulars of the mortgaged properties securing the Mortgage Loans.

The Pass-Through Certificates may be transferred by a written statement on the very certificate and, in general, by any of the means admitted by Law. Transfer of the Pass-Through Certificate and the new holder's address shall be notified by the transferee to the issuer. They may only be acquired or held by institutional investors, and may not be acquired by the unspecialised public.

Both in the event that any Pass-Through Certificate should be substituted, as prescribed in section 2.2.9.2 of this Building Block, and in the event that the Management Company, acting for and on behalf of the Fund, should proceed to foreclose a Mortgage Loan, as prescribed in section 3.7.2.1.7 of

this Building Block, and moreover if, upon Early Liquidation of the Fund, in the events and on the terms of section 4.4.3 of the Registration Document, said Pass-Through Certificates have to be sold, BBVA agrees to split, as the case may be, any multiple certificate into such individual or multiple certificates as may be necessary, or to substitute or exchange the same for the above purposes.

The multiple certificate representing the Pass-Through Certificates and the multiple or individual certificates, if any, into which the same is split shall be deposited at BBVA, and relations between the Fund and BBVA shall be governed by the Loan Servicing and Pass-Through Certificate Custody Agreement to be entered into between BBVA and the Management Company for and on behalf of the Fund. That deposit shall be made for the benefit of the Fund and therefore BBVA shall custody the documents supporting the Pass-Through Certificates deposited, on the Management Company's instructions.

BBVA, as the issuer, shall keep a special book in which it shall enter the Pass-Through Certificates issued and the changes of address notified by the Pass-Through Certificate holders, also including therein (i) Mortgage Loan origination and maturity dates, amount and settlement method; and (ii) the registration particulars of the mortgages securing the Mortgage Loans.

Given that subscription for and holding of the Pass-Through Certificates is restricted to institutional or professional investors and that the Fund is an institutional investor and further that the Fund has subscribed for the Pass-Through Certificates, for the purposes of paragraph two of article 64.6 of Royal Decree 685/1982, the issue of the Pass-Through Certificates shall not be subject to a marginal note on each entry of the mortgage underlying each Mortgage Loan in the Land Registry.

- (ii) The Non-Mortgage Loan receivables shall be assigned directly by BBVA to the Fund without any underlying security being issued by means of their sale by BBVA and acquisition by the Fund.

The assignment by BBVA to the Fund of the Loan receivables shall not be notified to either Obligors or third-party guarantors or the insurers with which the Obligors may have entered into the damage insurance contracts, if any, attaching to the Mortgage Loans underlying the Pass-Through Certificates. Where the Loans have other security interests or third-party personal guarantees other than a real estate mortgage, the assignment will not be initially notified either to the custodian of the assets, where that is an undertaking other than the Servicer, or to the Obligors' guarantors. Where the Loans have security interests in which the custodian of the assets is the Servicer proper, the same shall be deemed to have received notice of the transfer in the Deed of Constitution.

However, in the event of insolvency, or indications thereof, administration by the Bank of Spain, liquidation or substitution of the Servicer, or because the Management Company deems it reasonably justified, the Management Company may demand the Servicer to notify Obligors (and third-party guarantors and mortgaged property insurers, if any), of the transfer to the Fund of the outstanding Loan receivables, and that the payments derived therefrom will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify Obligors and third-party guarantors and mortgaged property insurers, if any, within five (5) Business Days of receiving the request and in the event of the Servicer becoming insolvent, the Management Company itself shall directly or, as the case may be, through a new Servicer it shall have designated, notify Obligors and third-party guarantors and mortgaged property insurers, if any.

Similarly and in the same events, the Management Company may request the Servicer to do such things and satisfy such formalities as may be necessary, including third-party notices and entries in the relevant accounting records, in order to guarantee maximum enforceability of the assignment of the Loan receivables and collaterals with respect to third parties, all on the terms given in section 3.7.2.1.7 of this Building Block.

3.3.2 Loan receivables assignment terms.

1. The Non-Mortgage Loan receivables will be assigned and Mortgage Loan Pass-Through Certificates will be issued fully and unconditionally for the entire term remaining from the date on which the Fund is established, until maturity of each Loan.

In accordance with article 348 of the Commercial Code and 1529 of the Civil Code, the Originator will be liable to the Fund for the existence and lawfulness of the Loans, and for the personality with which the assignment is made, but shall not be liable for the solvency of the Obligors.

The Originator shall not bear the risk of default on the Loans and shall therefore have no liability whatsoever for the Obligors' default of principal, interest or any other amount whatsoever they may owe under the Loans, and shall not be answerable either for the enforceability of the securities collateral thereto. It will not be howsoever liable either to directly or indirectly guarantee that the transaction will be properly performed, nor give any guarantees or security, nor indeed agree to repurchase or substitute the Loans, saving as provided for in section 2.2.9 of this Building Block.

2. The assignment of Loan receivables shall be made for all the outstanding principal pending repayment on the assignment date, which shall be the date of establishment of the Fund, and for all ordinary interest on each Loan assigned.
3. The Fund shall have rights in and to the Loans from the date on which they are assigned and the Fund is established. Specifically, without limitation and for illustrative purposes only, the assignment shall confer on the Fund the following rights in relation to each Loan:
 - a) To receive all Loan capital or principal repayment amounts accrued.
 - b) To receive all Loan capital ordinary interest amounts accrued. Ordinary interest will also include interest accrued and not due on each Loan from the last interest settlement date, on or before the assignment date, and overdue interest, if any, at that same date.
 - c) To receive all late-payment interest amounts on the Loans.
 - d) To receive any other amounts, assets, properties, securities or rights received as payment of Loan principal, interest or expenses, either in the form of the auction sale price or amount determined by a court decision or notarial procedure in enforcing the mortgage or non-mortgage securities, on the sale or utilisation of properties, assets or securities awarded or, upon foreclosing, in the administration or interim possession of the properties, assets or securities in foreclosure proceedings.
 - e) To receive all possible rights or compensations on the Loans accruing for the Originator and derived therefrom, including those derived from the damage insurance contracts, if any, attached to the properties mortgaged by the Mortgage Loans which are also assigned to the Fund, and those derived from any right collateral to the Loans, excluding the fees established for each Loan, which shall remain for the benefit of the Originator.
4. In the event of Loan prepayment upon a full or partial repayment of the capital, there will be no direct substitution of the affected Loans.
5. The Fund's rights resulting from the Loans shall be linked to payments made by the Obligors and shall therefore be directly affected by the evolution, late payments, prepayments or any other incident in connection therewith.
6. The Fund shall defray any and all expenses or costs resulting for the Originator derived from recovery actions in the event of a breach by the Obligors of their obligations, including enforcement proceedings against the same.
7. In the event of renegotiation consented to by the Management Company, for and on behalf of the Fund, of the Loans, or their due dates, the change in the terms shall affect the Fund.

8. Until the execution of the Deed of Constitution, BBVA shall be the beneficiary of the damage insurance contracts entered into by the Obligors in relation to the properties mortgaged as security for the Mortgage Loans, up to the insured amount.

BBVA shall thereupon perfect the assignment attached to the issue of the Pass-Through Certificates of the rights BBVA has as the beneficiary of those damage insurance contracts taken out by the Obligors. As the holder of the Pass-Through Certificates, the Fund shall be entitled to any and all such amounts received by BBVA.

3.3.3 Loan receivables sale or assignment price.

The price for selling the Non-Mortgage Loan receivables and subscribing for the Pass-Through Certificates shall be at par with the outstanding capital or principal. The aggregate price payable by the Fund represented by the Management Company to BBVA for the assignment of the Loan receivables shall be an amount equivalent to the sum of (i) the face value of the capital or principal outstanding on each Loan, and (ii) ordinary interest accrued and not due and overdue interest, if any, on each Loan at the assignment date (the “**accrued interest**”).

The Management Company shall pay the total Loan receivables assignment price on behalf of the Fund as follows:

1. The part of the assignment price consisting of the face value of the capital of all the Loans, item (i) of paragraph one of this section, shall be paid by the Fund on the Closing Date of the Bond Issue, for same day value, upon subscription for the Bond Issue and the Start-Up Loan being paid up, by means of instructions given by the Management Company to BBVA to debit the Treasury Account opened in the Fund's name. BBVA shall receive no interest on deferred payment until the Closing Date.
2. The part of the price consisting of interest accrued on each Loan, item (ii) of paragraph one of this section, shall be paid by the Fund on each collection date, as described in section 3.4.1 below, falling on the first interest settlement date of each Loan. Payment of accrued interest shall be made without regard to the Fund Priority of Payments.

If the establishment of the Fund and hence the assignment of the Loan receivables should terminate, in accordance with the provisions of section 4.4.4.(v) of the Registration Document, (i) the Fund's obligation to pay the total Loan receivables assignment price shall terminate, and (ii) the Management Company shall be obliged to restore to BBVA any rights whatsoever accrued for the Fund upon the Loan receivables being assigned.

3.4 Explanation of the flow of funds.

3.4.1 How the cash flow from the assets will meet the issuer's obligations to holders of the securities.

Loan amounts due to and received by the Fund will be paid by the Servicer into the Fund's Treasury Account on the seventh day after the date on which they are received by the Servicer or the following business day if that is not a business day, and for value on the seventh calendar day after the date on which they are received by the Servicer. Therefore, the Fund shall be receiving almost daily income into the Treasury Account on the amounts received from the Loans. In this connection, business days shall be taken to be all those that are business days in the banking sector in the city of Madrid.

The Financial Swap mitigates the interest rate risk occurring in the Fund because the Loans are subject to fixed interest and floating interest with benchmark indices and reset and settlement periods differing from the floating interest established for the Bonds based on 3-month Euribor and with quarterly accrual and settlement periods and the risk deriving from potential Loan interest rate renegotiations which may even result in their novation to a fixed rate.

Quarterly on each Payment Date Bondholders will be paid interest accrued and principal repayment on the Bonds in each Series on the terms set for each of them and in the Priority of Payments given in section 3.4.6.2 of this Building Block.

3.4.2 Information on any credit enhancement.

3.4.2.1 Description of the credit enhancement.

The following credit enhancement transactions are incorporated to the financial structure of the Fund:

- (i) Cash Reserve set up by drawing down the Subordinated Loan.
Mitigates the credit risk derived from delinquency and default on the Loans.
- (ii) Financial Swap:
Mitigates the interest rate risk occurring in the Fund because the Loans are subject to fixed interest and floating interest with benchmark indices and reset and settlement periods differing from the floating interest established for the Bonds based on 3-month Euribor with quarterly accrual and settlement periods, and the risk deriving from potential Loan interest rate renegotiations which may even result in their novation to a fixed rate. In addition, a 0.50% margin excess is included, on the weighted average Nominal Interest Rate applicable to each Series A, B and C, and the securitised Loan servicing fee amount is covered.
- (iii) Treasury Account.
Partly mitigates the loss of return on the liquidity of the Fund due to the timing difference between income received daily on the Loans and until interest payment and principal repayment on the Bonds occurs on the next succeeding Payment Date.
- (iv) Subordination and deferment in interest payment and principal repayment between the Bonds in the different Series, derived from their place in the application of the Available Funds as well as the rules for Distribution of Available Funds for Amortisation in the Priority of Payments, or in the application of the Liquidation Available Funds in the Liquidation Priority of Payments, are a means for distinctly hedging the different Series.

3.4.2.2 Cash Reserve.

The Management Company shall set up a cash reserve (the “**Cash Reserve**”) on the Closing Date by drawing fully the Subordinated Loan principal and shall subsequently, on each Payment Date, keep the Required Cash Reserve amount provisioned in the Priority of Payments.

The characteristics of the Cash Reserve shall be as follows:

Cash Reserve amount.

1. The Cash Reserve shall be set up on the Closing Date in an initial amount equal to EUR four hundred and sixty-five million nine hundred and seventy-five thousand (465,975,000.00) (the “**Initial Cash Reserve**”).
2. Subsequently to being set up, on each Payment Date, the Cash Reserve shall be provisioned up to the Required Cash Reserve amount established hereinafter out of the Available Funds in the Priority of Payments.

The required Cash Reserve amount on each Payment Date (the “**Required Cash Reserve**”) shall be the lower of:

- (i) EUR four hundred and sixty-five million nine hundred and seventy-five thousand (465,975,000.00).
- (ii) The higher of:
 - a) 32.70% of the Outstanding Principal Balance of the Bond Issue.

- b) EUR two hundred and thirty-two million nine hundred and eighty-seven thousand five hundred (232,987,500.00).
3. Notwithstanding the above, the Required Cash Reserve shall not be reduced on the relevant Payment Date and shall remain at the Required Cash Reserve amount on the preceding Payment Date whenever any of the following circumstances concur on the Payment Date:
- i) That on the Determination Date preceding the relevant Payment Date the amount of the Outstanding Balance of Delinquent Loans is in excess of 1.00% of the Outstanding Balance of Non-Doubtful Loans.
 - ii) That the Cash Reserve could not be provisioned up to the Required Cash Reserve amount on the relevant Payment Date.
 - ii) That three (3) years have not elapsed since the date of establishment of the Fund.

Yield.

The Cash Reserve amount shall remain credited to the Treasury Account, and will be remunerated on the terms of the Guaranteed Interest Rate Account (Treasury Account) Agreement.

Application.

The Cash Reserve shall be applied on each Payment Date to satisfying Fund payment obligations in the Priority of Payments and in the Liquidation Priority of Payments.

3.4.3 Details of any subordinated debt finance.

3.4.3.1 Subordinated Loan.

The Management Company shall, for and on behalf of the Fund, on the date of establishment of the Fund enter with BBVA into an agreement whereby BBVA shall grant to the Fund a commercial subordinated loan (the “**Subordinated Loan**”) totalling EUR four hundred and sixty-five million nine hundred and seventy-five thousand (465,975,000.00) (the “**Subordinated Loan Agreement**”). The Subordinated Loan amount shall be delivered on the Closing Date and be applied to setting up the Initial Cash Reserve on the terms for which provision is made in section 3.4.2.2 of this Building Block, although granting of the Loan by no means guarantees performance of the securitised Loans.

Subordinated Loan principal shall be repaid on each Payment Date in an amount equal to the positive difference existing between the outstanding Subordinated Loan principal at the Determination Date preceding the relevant Payment Date and the Required Cash Reserve amount at the relevant Payment Date, and in the application priority established for that event in the application of Available Funds in the Priority of Payments.

In the event that the Fund should not have sufficient liquidity to make the relevant Subordinated Loan repayment on a Payment Date, in the Priority of Payments, the portion of principal not repaid shall be repaid on the next succeeding Payment Date along with the amount that should be repaid, as the case may be, on that same Payment Date, until fully repaid.

The Subordinated Loan shall at all events be finally due on the Final Maturity Date or, as the case may be, on the date on which the Management Company proceeds to Early Liquidation subject to the Liquidation Priority of Payments of the Fund.

Outstanding Subordinated Loan principal shall earn floating annual nominal interest, determined quarterly in each Interest Accrual Period, which shall be the result of adding: (i) the Reference Rate determined for the Bonds, and (ii) a 3.00% margin. This interest will be payable only if the Fund should have sufficient liquidity in the Priority of Payments or the Liquidation Priority of Payments, as the case may be. Interest shall be settled and be payable on the expiry date of each Interest Accrual Period on each Payment Date, and shall be calculated based on: (i) the exact number of days in each Interest Accrual Period and (ii) a three-hundred-and-sixty- (360-) day year. The first interest settlement date shall be August 17, 2009 because August 16, 2009 is not a Business Day.

Interest accrued and not paid on a Payment Date shall not be accumulated to the Subordinated Loan principal and shall not earn late-payment interest.

All Subordinated Loan amounts due and not paid to BBVA because of a shortfall of Available Funds shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments. Payment of amounts not paid on preceding Payment Dates shall take precedence over amounts falling due under the Subordinated Loan on that Payment Date, satisfying in the first place overdue interest and secondly principal repayment in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

The Subordinated Loan Agreement shall be fully terminated in the event that the Rating Agency should not confirm the provisional ratings assigned to each Series as final ratings by March 11, 2009.

3.4.3.2 Start-Up Loan.

The Management Company shall, for and on behalf of the Fund, on the date of establishment of the Fund enter with BBVA into a commercial loan agreement (the “**Start-Up Loan**”) totalling EUR five hundred and fifty thousand (550,000.00) (the “**Start-Up Loan Agreement**”). The Start-Up Loan amount shall be delivered on the Closing Date and be allocated to financing the Fund set-up and Bond issue and admission expenses and partly financing assignment of the Loan receivables, at the difference between the total face capital of the Loan receivables and the face amount of the Bond Issue.

Outstanding Start-Up Loan principal will earn annual nominal floating interest, determined quarterly for each Interest Accrual Period, which shall be the result of adding: (i) the Bond Reference Rate determined for each Interest Accrual Period, and (ii) a 2.00% margin. This interest will be payable only if the Fund should have sufficient liquidity in the Priority of Payments or Liquidation Priority of Payments, as the case may be. Interest shall be settled and be payable on the expiry date of each interest accrual period on each Payment Date, and shall be calculated based on: (i) the exact number of days in each Interest Accrual Period and (ii) a three-hundred-and-sixty- (360-) day year. The first interest settlement date shall be August 17, 2009 because August 16, 2009 is not a Business Day.

Interest accrued and not paid on a Payment Date will not be accumulated to the Start-Up Loan principal and shall not earn late-payment interest.

Start-Up Loan principal will be repaid quarterly on each Payment Date as follows:

- (i) The portion of Start-Up Loan principal actually used to finance the Fund set-up and Bond issue and admission expenses shall be repaid in twelve (12) consecutive quarterly instalments in an equal amount, on each Payment Date, the first of which shall be the first Payment Date, August 17, 2009 because August 16, 2009 is not a Business Day, and the following until the Payment Date falling on May 16, 2012, inclusive.
- (ii) The portion of Start-Up Loan principal used to finance partially assignment of the Loan receivables and the unused portion, if any, shall be repaid on the first Payment Date, August 17, 2009 because August 16, 2009 is not a Business Day.

All Start-Up Loan amounts due and not paid to BBVA because of a shortfall of Available Funds shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments. Payment of amounts not paid on preceding Payment Dates shall take precedence over amounts falling due under the Start-Up Loan on that Payment Date, satisfying in the first place overdue interest and secondly principal repayment, in the Priority of Payments or Liquidation Priority of Payments, as the case may be.

The Start-Up Loan Agreement shall not be terminated in the event of the Fund being terminated, in accordance with the provisions of section 4.4.4 (v) of the Prospectus Registration Document. In that event, the Start-Up Loan shall be used to pay the Fund set-up and Bond issue and admission expenses and all other obligations undertaken by the Management Company, for and on behalf of the Fund, originated upon the Fund being established and which are due and payable, and principal repayment shall be deferred and subordinated to satisfaction of those obligations, out of the Fund's remaining resources.

3.4.3.3 Subordination of Series B and Series C Bonds.

Series B Bond interest payment and principal repayment is deferred with respect to Series A Bonds, saving the provisions of section 4.9.3.5 of this Securities Note in relation to the Conditions for Pro Rata Amortisation of Series A, B and C principal, as provided in the Priority of Payments and in the Liquidation Priority of Payments.

Series C Bond interest payment and principal repayment is deferred with respect to Series A and Series B Bonds, saving the provisions of section 4.9.3.5 of this Securities Note in relation to the Conditions for Pro Rata Amortisation of Series A, B and C principal, as provided in the Priority of Payments and in the Liquidation Priority of Payments.

Sections 4.6.1 and 4.6.2 of the Securities Note detail the order numbers in the priority of payments of the Fund of Bond interest payment and principal repayment in each Series in the Priority of Payments and in the Liquidation Priority of Payments.

3.4.4 Investment parameters for the investment of temporary liquidity surpluses and parties responsible for such investment.

3.4.4.1 Treasury Account.

The Management Company, for and on behalf of the Fund, and BBVA shall enter into a Guaranteed Interest Rate Account (Treasury Account) Agreement whereby BBVA will guarantee a certain variable yield on the amounts paid by the Fund through its Management Company into a financial account. The Guaranteed Interest Rate Account (Treasury Account) Agreement shall specifically determine that all amounts received by the Fund will be paid into a financial account in euros (the "**Treasury Account**") opened at BBVA, in the name of the Fund by the Management Company, which amounts shall mostly consist of the following:

- (i) cash amount received upon subscription for the Bond Issue being paid up;
- (ii) Loan principal repaid and interest collected;
- (iii) any other Loan amounts received payable to the Fund;
- (iv) Subordinated Loan principal drawn down and the Cash Reserve amount from time to time;
- (v) Start-Up Loan principal drawn down;
- (vi) Financial Swap amounts paid to the Fund;
- (vii) the amounts of the returns obtained on Treasury Account balances; and
- (viii) the amounts, if any, of interim withholdings on the return on investments to be effected on each relevant Payment Date on the Bond interest paid by the Fund, until due for payment to the Tax Administration.

BBVA shall pay an annual nominal interest rate, variable quarterly and settled quarterly, other than for the first interest accrual period, the duration of and the interest settlement for which shall be based on the duration of that period, applicable for each interest accrual period (differing from the Interest Accrual Period established for the Bonds) to the positive daily balances if any on the Treasury Account, equal to the interest rate resulting from decreasing (i) the Reference Rate determined for each Bond Interest Accrual Period substantially matching each Treasury Account interest accrual period (ii) by a 0.10% margin, translated to an interest rate based on calendar years (i.e. multiplied by 365, or 366 in leap years, and divided by 360). Interest shall be settled on the date of expiry of each interest accrual period on each of the Fund Determination Dates (the fourth (4th) Business Day preceding each Payment Date), and shall be calculated based on: (i) the exact number of days in each interest accrual period, and (ii) a three-hundred-and-sixty-five (365-) day year or a three-hundred-and-sixty-six (366-) day year if it is a leap year. The first interest accrual period shall comprise the days elapsed between the date of establishment of the Fund and the first Determination Date, August 11, 2009.

In the event that the rating of the short-term unsecured and unsubordinated debt obligations of BBVA or the institution in which the Treasury Account is opened (the “**Treasury Account Provider**”) should, at any time during the life of the Bond Issue, be downgraded below P-1 by Moody’s, the Management Company shall, within not more than thirty (30) days from the time of the occurrence of that circumstance and after notifying the Rating Agency, do any of the things described hereinafter allowing a suitable level of guarantee to be maintained with respect to the commitments derived from the Guaranteed Interest Rate Account (Treasury Account) Agreement in order for there to be no detriment to the rating given to the Bonds by the Rating Agency:

- a) Obtaining from an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody’s a first demand guarantee securing for the Fund, merely upon the Management Company so requesting, prompt payment by the Treasury Account Provider of its obligation to repay the amounts credited to the Treasury Account, for such time as the Treasury Account Provider remains downgraded below P-1.
- b) Transferring the Treasury Account to an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody’s, and arranging the highest possible yield for its balances, which may differ from that arranged with the Treasury Account Provider under the Guaranteed Interest Rate Account (Treasury Account) Agreement.
- c) In addition, if the above options are not possible on the terms provided for, the Management Company may invest the balances for periods not extending beyond the following Payment Date, in short-term fixed-income assets in euros issued by institutions with short-term unsecured and unsubordinated debt obligations rated at least as high as A1 and P-1 for long- and short-term debt obligations by Moody’s, including securities issued by the Spanish State, in which case the yield obtained could also differ from that obtained initially with the Treasury Account Provider under the Guaranteed Interest Rate Account (Treasury Account) Agreement.

In the event of b) or c) occurring and that BBVA’s short-term unsecured and unsubordinated debt obligations should subsequently be upgraded back to P-1 by Moody’s, the Management Company shall subsequently transfer the balances back to BBVA under the Guaranteed Interest Rate Account (Treasury Account) Agreement

All costs, expenses and taxes incurred in connection with putting in place and arranging the above shall be borne by BBVA or the substituted Treasury Account Provider, as the case may be.

The Treasury Account Provider shall agree, forthwith upon its credit rating being downgraded, to use commercially reasonable efforts in order that the Management Company may do any of (a), (b) or (c) above.

3.4.5 Collection by the Fund of payments in respect of the assets.

The Servicer shall manage collection of all Loan amounts payable by the Obligors, and any other item including under the mortgaged property damage insurance contracts securing the Mortgage Loans. The Servicer shall use every effort in order for payments to be made by the Obligors to be collected in accordance with the contractual terms and conditions of the Loans.

Loan amounts received by the Servicer shall be paid by the Servicer in full into the Fund’s Treasury Account on the seventh day after the day on which they were received by the Servicer, or the following business day if that is not a business day, and for value date on the seventh calendar day after the date on which they were received by the Servicer, in accordance with the set terms and conditions. In this connection, business days shall be taken to be all those that are business days in the banking sector in the city of Madrid.

Nevertheless, in the event that the rating of the Servicer’s short-term unsecured and unsubordinated debt obligations should be downgraded below P-1 by Moody’s, the Management Company shall, in a written notice to the Servicer, issue instructions for those amounts to be paid to the Fund crediting the Treasury Account on the first day after the date on which they were received by the Servicer or the following business day, if that is not a business day, for same day value.

In the event of the Servicer's long-term credit rating being downgraded below Baa3 by Moody's, the Servicer will make a cash deposit for the benefit of the Fund with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's, or arrange an unconditional irrevocable credit facility upon the Management Company's first demand with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's.

The deposit amount or the maximum limit of the credit facility arranged shall be equivalent to the estimated aggregate amount of Loan repayment and interest instalments during the month with the highest collection of repayment and interest instalments from the date of downgrade below Baa3 by Moody's, in the event that the Loan delinquency rate should be 0.00% and the CPR should be 10.00%.

The Fund may only draw on that deposit or liquidity facility the Loan amounts it shall not receive, if any, owing to the Fund and received by the Servicer.

Additionally, and not included among the Liquidation Available Funds, the Fund shall have, as the case may be, in accordance with the provisions of section 4.4.3.3.(iii) of the Registration Document, the amount drawn under the credit facility or the loan taken out for early amortisation of outstanding Bonds designed only for settling those items.

3.4.6.4 Financial Intermediation Margin.

The Management Company shall, for and on behalf of the Fund, enter with the Originator into a Financial Intermediation Agreement designed to remunerate the Originator for the financial intermediation process carried out, enabling the financial transformation defining the Fund's activity, the assignment to the Fund of the Loan receivables and the rating assigned to each Bond Series.

The Originator shall be entitled to receive from the Fund a variable subordinated remuneration (the "**Financial Intermediation Margin**") which shall be determined and shall accrue upon expiry of every quarterly accrual period comprised between every two consecutive Determination Dates, in an amount equal to the positive difference, if any, between the income and expenditure accrued by the Fund, including losses, if any, brought forward from previous years, with reference to its accounts and before the close of the day next preceding every Determination Date. The Financial Intermediation Margin accrued at the close of the day preceding every Determination Date shall be settled on the next succeeding Payment Date, provided that the Fund has sufficient liquidity in the Fund Priority of Payments.

Exceptionally: (i) the first Intermediation Margin accrual period shall be comprised between the date on which the Fund is established, inclusive, and the first Determination Date, August 11, 2009, exclusive, which is the Determination Date preceding the first Payment Date, and (ii) the last Financial Intermediation Margin accrual period shall comprise a) until the Final Maturity Date or the date on which Early Liquidation of the Fund concludes, as provided for in section 4.4.3 of the Registration Document, on which the Loans and the assets remaining in the Fund shall have been liquidated and the Liquidation Available Funds shall have been distributed in the Liquidation Priority of Payments, b) from the Determination Date preceding the Payment Date before the date referred to in a), both inclusive. The first Financial Intermediation Margin settlement date shall be the first Payment Date, August 17, 2009 because August 16, 2009 is not a Business Day.

If the Fund should not have sufficient liquidity on a Payment Date in the Priority of Payments to pay the full Financial Intermediation Margin, the unpaid amount shall accumulate without any penalty whatsoever on the Financial Intermediation Margin accrued, as the case may be, in the following quarterly period and shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments. The Financial Intermediation Margin amounts not paid on preceding Payment Dates shall be paid with priority over the amount payable on the relevant Payment Date.

The Financial Intermediation Agreement shall be fully terminated in the event that the Rating Agency should not confirm any of the provisional ratings assigned to each Bond Series as final by March 11, 2009.

3.4.7 Other arrangements upon which payments of interest and principal to investors are dependent.

3.4.7.1 Financial Swap.

The Management Company shall, for and on behalf of the Fund, enter with BBVA, into a financial swap agreement (the “**Financial Swap Agreement**” or the “**Financial Swap**”) based on the Spanish Banking Association’s standard Master Financial Transaction Agreement (CMOF), including the Master Agreement, Schedule I, Schedule II, Schedule III and Confirmation, the most relevant characteristics of which are described below.

Under the Financial Swap Agreement, the Fund will make payments to BBVA calculated on the Loan rate, and in consideration BBVA will make payments to the Fund calculated on the weighted average Nominal Interest Rate of the Bond Series and other items, the foregoing as described hereinafter.

Party A : The Fund, represented by the Management Company.

Party B : BBVA

1. Payment dates.

The payment dates shall fall on the Bond Payment Dates, i.e. on February 16, May 16, August 16 and November 16 in every year, or the next succeeding Business Day if any of these dates is not a Business Day. The first payment date shall be August 17, 2009 because August 16, 2009 is not a Business Day.

The variable amounts payable by Party A and by Party B for each respective calculation period shall be netted and be paid by the paying Party to the receiving Party on each Payment Date.

2. Calculation periods.

Party A:

The Party A calculation periods shall be the exact number of days elapsed between two consecutive Determination Dates, not including the first but including the last date. Exceptionally, a) the length of the first Party A calculation period shall be equivalent to the exact number of days elapsed between the date of establishment of the Fund, inclusive, and August 11, 2009, the first Determination Date, inclusive, and b) the length of the last Party A calculation period shall be equivalent to the exact number of days elapsed between the Determination Date preceding the date on which the Financial Swap Agreement terminates, exclusive, and the date on which termination occurs, inclusive.

Party B:

The Party B calculation periods shall be the exact number of days elapsed between two consecutive payment dates, including the first but not including the last date. Exceptionally, a) the length of the first Party B calculation period shall be equivalent to the exact number of days elapsed between the Bond Issue Closing Date, inclusive, and August 17, 2009 because August 16, 2009 is not a Business Day, exclusive, and b) the length of the last Party B calculation period shall be equivalent to the exact number of days elapsed between the Payment Date preceding the date on which the Financial Swap Agreement terminates, inclusive, and the date on which termination occurs, exclusive.

3. Face Amount.

This shall be on each payment date the daily average during the next preceding Party A calculation period of the Outstanding Balance of Non-Delinquent Loans.

4. Party A amounts payable.

This shall be on each payment date the result of applying the Party A Interest Rate, determined for the next preceding Party A calculation period, to the Face Amount according to the number of days in the Party A calculation period and based on a three-hundred-and-sixty- (360-) day year.

4.1 Party A Interest Rate.

For each Party A calculation period this shall be the annual interest rate resulting from dividing (i) the sum of the total ordinary Loan interest amount received and credited to the Fund during the Party A calculation period, decreased by the amount of interest accrued on the Loan receivables assigned, if any, paid by the Fund during the same Party A calculation period, by (ii) the Face Amount, multiplied by the result of dividing 360 by the number of days in the Party A calculation period.

5. Party B amounts payable.

This shall be on each payment date the result of adding (i) the amount resulting from applying the Party B Interest Rate, determined for the Party B calculation period falling due, to the Face Amount according to the number of days in the Party B calculation period falling due, and based on a three-hundred-and-sixty- (360-) day year, and (ii) the accrued fee amount on the relevant payment date under the Servicing Agreement or under a new servicing agreement in the event of substitution.

5.1 Party B Interest Rate.

For each Party B calculation period this shall be the annual interest rate resulting from adding (i) the average Nominal Interest Rate applicable to each Series A, B and C determined for the then-current Interest Accrual Period matching each Party B calculation period, weighted by the Outstanding Principal Balance of each Series A, B and C during the then-current Interest Accrual Period and (ii) 0.50%.

6. Maturity Date.

This shall be the earlier of the dates on which any of events (i) to (iv) listed for termination of the Fund occurs in accordance with the provisions of section 4.4.4 of the Registration Document.

7. Events of default of the Financial Swap Agreement.

If on a Payment Date the Fund (Party A) should not have sufficient liquidity to pay the full net amount, if any, payable to Party B, the portion of this net amount not paid shall be settled on the following Payment Date provided that the Fund has sufficient liquidity in the Priority of Payments. Should such event of default occur on two consecutive Payment Dates, Party B may choose to terminate the Financial Swap Agreement. In this event, the Fund (Party A) shall accept the obligation to pay the settlement amount payable established to which it is bound on the terms of the Financial Swap Agreement, the foregoing in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments. Should the settlement amount under the Financial Swap Agreement be a payment obligation for Party B and not for the Fund (Party A), Party B shall take over the obligation to pay the settlement amount payable provided for in the Financial Swap Agreement.

It shall also be determined that if on a Payment Date Party B should not pay the full amount payable to the Fund (Party A), the Management Company, for and on behalf of the Fund, may choose to terminate the Financial Swap Agreement. In that event, Party B shall accept the obligation to pay the settlement amount payable established in the Financial Swap Agreement. Should the settlement amount payable under the Financial Swap Agreement be due by the Fund (Party A) and not by Party B, payment thereof by the Fund (Party A) shall be made in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

Subject to the above, other than in an event of permanent financial imbalance of the Fund, the Management Company shall endeavour, for and on behalf of the Fund, to enter into a new financial swap agreement on terms substantially identical with the Financial Swap Agreement.

8. Actions in the event of change in the rating of Party B.

Party B shall irrevocably agree as follows under the Financial Swap Agreement:

- (i) If at any time during the life of the Bond Issue neither Party B nor any of its Credit Support Providers has the First Required Rating Threshold ("**First Rating Default**"), then Party B shall within thirty (30) Business Days of the occurrence of that circumstance, post collateral in the form of cash or securities (as established in the Financial Swap Agreement and calculated based on the Face Amount and the Financial Swap mark-to-market value) in favour of the Fund with an institution with short-term unsecured and unsubordinated debt obligations rated P-1 by Moody's, in accordance with the terms of the Financial Swap Agreement.

Party B may at any time avoid posting the aforesaid collateral if it has a Credit Support Provider having the First Required Rating Threshold or is replaced by a replacement having the Second Required Rating Threshold.

- (ii) If at any time during the life of the Bond Issue neither Party B nor any of its Credit Support Providers has at least the Second Required Rating Threshold ("**Second Rating Default**"), then Party B shall, on a best efforts basis and as soon as possible (A) obtain a Credit Support Provider with the Second Required Rating Threshold, or (B) obtain a replacement with at least the Second Required Rating Threshold ("Suitable Replacement"), (or a Suitable Replacement with a Credit Support Provider with at least the Second Required Rating Threshold).

While none of the actions specified above have been taken, Party B shall, within thirty (30) Business Days of the occurrence of the Second Rating Default, post collateral in the form of cash or securities in favour of the Fund with an institution with short-term unsecured and unsubordinated debt obligations rated at least P-1 by Moody's, on the terms of the Financial Swap Agreement.

Party B's obligations under (i) and (ii) above, and the Termination events deriving therefrom, shall only apply during such time as the events respectively prompting the First Required Rating Default or the Second Required Rating Default are in place. The collateral transferred by Party B pursuant to (i) and (ii) above will be retransferred to Party B upon cessation of the causes resulting in the First Rating Default or the Second Rating Default, respectively.

All costs, expenses and taxes incurred in connection with fulfilment of the preceding obligations shall be payable by Party B.

In the above connection, "Credit Support Provider" shall mean an institution providing an unconditional, irrevocable and first demand guarantee with respect to present and future obligations of Party B under the Financial Swap Agreement (the "Guarantee"), and provided that (A) a law firm provides a legal opinion confirming that none of the payments made by that institution to Party A under the Guarantee results in any requirement for deduction or withholding for or on account of any tax; or (B) the Guarantee determines that, if there is any such deduction or withholding, the payment made by that institution shall be increased by whatever amount is necessary in order for the net payment received by Party A to be equal to such other amount as Party A would have received had there been no such deduction or withholding; and "Replacement" shall mean any institution taking over the contractual position of Party B under the Financial Swap Agreement or entering into a new swap agreement with Party A, on terms substantially identical with the Financial Swap Agreement (which shall be confirmed by Party A, on a best efforts basis), and provided that (A) a law firm provides a legal opinion confirming that none of the payments made by that institution to Party A results in any requirement for deduction or withholding for or on account of any tax; or (B) if there is any such deduction or withholding, the payment made by that institution shall be increased by whatever amount is necessary in order for the net payment received by Party A to be equal to such other amount as Party A would have received had there been no such deduction or withholding.

That institution shall thereafter, to all intents and purposes, be considered Party B under the Financial Swap Agreement or in the new swap agreement to be entered into.

An entity shall have the "First Required Rating Threshold" (A) in the event that the short-term unsecured and unsubordinated debt obligations of that entity are rated P-1 by Moody's and its long-term unsecured and unsubordinated debt obligations are rated at least as high as A2 by Moody's, and (B) in the event that the short-term unsecured and unsubordinated debt obligations of that entity are not rated by Moody's, if its long-term unsecured and unsubordinated debt obligations are rated at least as high as A1 by Moody's.

An entity shall have the "Second Required Rating Threshold" (A) in the event that the short-term unsecured and unsubordinated debt obligations of that entity are rated at least as high as P-2 by Moody's and its long-term unsecured and unsubordinated debt obligations are rated at least as high as A3 by Moody's, and (B) in the event that the short-term unsecured and unsubordinated debt obligations of that entity are not rated by Moody's, if its long-term unsecured and unsubordinated debt obligations are rated at least as high as A3 by Moody's.

9. Other characteristics of the Financial Swap Agreement.

- 9.1 In the event of Termination, in the events set out and defined in the Financial Swap Agreement, Party B shall accept the obligation to pay the settlement amount payable provided for in the Financial Swap Agreement. Should the settlement amount payable under the Financial Swap Agreement be due by the Fund (Party A) and not by Party B, payment thereof by the Fund (Party A) shall be made in the Priority of Payments or in the Liquidation Priority of Payments, as the case may be.
- 9.2 Party B may only assign all its rights and obligations under the Financial Swap Agreement, subject to Party A's written consent, to a third party with a credit rating equal to Moody's Second Required Rating Threshold, subject to notice to the Rating Agency.
- 9.3 The Financial Swap Agreement shall be submitted to Spanish laws.
- 9.4 The Financial Swap Agreement shall be fully terminated in the event that the Rating Agency should not confirm the provisional ratings assigned to each Series as final ratings by March 11, 2009.
- 9.5 The occurrence, as the case may be, of Termination of the Financial Swap Agreement will not in itself be an Early Amortisation event of the Bond Issue and an Early Liquidation event of the Fund referred to in sections 4.9.4 of the Securities Notes and 4.4.3 of the Registration Document, unless in conjunction with other events or circumstances related to the net asset value of the Fund, its financial balance should be materially or permanently altered.

3.4.7.2 Bond Issue Paying Agent.

The Management Company shall, for and on behalf of the Fund, enter with BBVA into a paying agent agreement to service the Bond Issue (the "**Paying Agent Agreement**").

The obligations to be taken on by BBVA (the "**Paying Agent**") under this Paying Agent Agreement are summarily as follows:

- (i) On each Bond Payment Date, paying interest and, as the case may be, repaying Bond principal through Iberclear, after deducting the total amount of the interim tax withholding for return on investments to be made by the Management Company, on the Fund's behalf, in accordance with applicable tax laws.
- (ii) On each Interest Rate Fixing Date, notifying the Management Company of the Reference Rate determined to be used as the basis for the Management Company to calculate the Nominal Interest Rate applicable to each Bond Series.

In the event that the rating of the Paying Agent's short-term unsecured and unsubordinated debt obligations should, at any time during the life of the Bond Issue, be downgraded below P-1 by Moody's, the Management Company shall within not more than thirty (30) days, from the time of the occurrence of such circumstance, do any of the following: (i) obtain from an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's, an unconditional and irrevocable first demand guarantee securing payment to the Fund, merely upon the Management Company so requesting, of the commitments made by the Paying Agent, for such time as the Paying Agent remains downgraded below P-1, or (ii) revoke the Paying Agent's designation and thereupon designate another institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's to take its place before terminating the Paying Agent Agreement, or, as the case may be, under a new payment agent agreement, and subject to prior notice being served on the Rating Agency. Should BBVA be replaced as Paying Agent, the Management Company shall be entitled to change the fee payable to the substitute institution, which may be higher than that established with BBVA under the Paying Agent Agreement. All Paying Agent substitution costs, expenses and taxes incurred shall be borne by the substituted institution.

The Paying Agent shall agree, forthwith upon its credit rating being downgraded, to use commercially reasonable efforts in order that the Management Company may do either of (i) or (ii) above.

In consideration of the services provided by the Paying Agent, the Fund shall pay it on each Payment Date during the term of the agreement, a fee of EUR twelve thousand (12,000.00), inclusive of taxes as the case may be. This fee shall be paid provided that the Fund has sufficient liquidity and in the Priority of Payments or, as the case may be, the Liquidation Priority of Payments.

In the event that, in the Priority of Payments, the Fund should not have sufficient liquidity to pay said full fee, then the amounts accrued and not paid shall be accumulated without any penalty whatsoever to the fee falling due on the following Payment Date, unless that absence of liquidity should continue, in which case the amounts due shall build up until fully paid on the Payment Date on which they are settled, in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

The Paying Agent Agreement shall be fully terminated in the event that the Rating Agency should not confirm the provisional ratings assigned to each Series as final ratings by March 11, 2009.

3.6 Return on and/or repayment of the securities linked to others which are not assets of the issuer.

Not applicable.

3.7 Administrator, calculation agent or equivalent.

3.7.1 Management, administration and representation of the Fund and of the holders of the securities.

The Management Company, EUROPEA DE TITULIZACIÓN, shall be responsible for managing and being the authorised representative of the Fund, on the terms set in Royal Decree 926/1998, Act 19/1992, failing a provision in Royal Decree 926/1998 and to the extent applicable, and other applicable laws, and on the terms of the Deed of Constitution.

The Management Company shall discharge for the Fund the functions attributed to it in Royal Decree 926/1998.

It is also the Management Company's duty, as the manager of third-party portfolios, to represent and enforce the interests of the holders of the Bonds issued by the Fund and of all its other ordinary creditors. Consequently, the Management Company shall make its actions conditional on their protection and observe the provisions established for that purpose from time to time. Bondholders and all other ordinary creditors of the Fund shall have no recourse against the Fund Management Company, other than for a breach of its duties or failure to observe the provisions of the Deed of Constitution and the Prospectus.

3.7.1.2 Administration and representation of the Fund.

The Management Company's obligations and actions in fulfilment of its duty to manage and be the authorised representative of the Fund are the following, for illustrative purposes only and without prejudice to any other actions provided in this Prospectus:

- (i) Keeping the Fund's accounts duly separate from the Management Company's own, rendering accounts and satisfying tax and any other statutory obligations of the Fund.
- (ii) Making such decisions as may be appropriate in connection with the liquidation of the Fund, including the decision to proceed to Early Liquidation of the Fund and Early Amortisation of the Bond Issue, in accordance with the provisions of the Deed of Constitution of the Fund and this Prospectus. Moreover, making all appropriate decisions in the event of the establishment of the Fund terminating.
- (iii) Complying with its formal, documentary and reporting duties to the CNMV, the Rating Agency and any other supervisory body.
- (iv) Appointing and, as the case may be, replacing and dismissing the auditor who is to review and audit the Fund's annual accounts.
- (v) Providing Bondholders, the CNMV and the Rating Agency with all such information and notices as may be prescribed by the laws in force for the time being and specifically as established in the Deed of Constitution and in this Prospectus.
- (vi) Complying with the calculation duties provided for and taking the actions laid down in the Deed of Constitution and in this Prospectus and in the various Fund transaction agreements or in such others as the Management Company may enter into in due course for and on behalf of the Fund.
- (vii) The Management Company may extend or amend the agreements entered into on behalf of the Fund, or substitute, as the case may be, each of the Fund service providers on the terms provided for in each agreement, and indeed, if necessary, enter into additional agreements, including a credit facility or loan agreement in the event of Early Liquidation of the Fund, and amend the Deed of Constitution, provided that circumstances preventing the foregoing in accordance with the laws and regulations in force from time to time do not occur. In any event, those actions shall require that the Management Company notify and first secure the authorisation, if necessary, of the CNMV or competent administrative body and notify the Rating Agency, and provided that such actions are not detrimental to the rating assigned to the Bonds by the Rating Agency. The Deed of Constitution or the agreements may also be corrected upon a request by the CNMV.

- (viii) Exercising the rights attaching to the ownership of the Non-Mortgage Loan receivables and the Pass-Through Certificates acquired by the Fund and, in general, carrying out all such acts of administration and disposition as may be required for properly managing and being the authorised representative of the Fund.
- (ix) Checking that the Loan income amount actually received by the Fund matches the amounts that must be received by the Fund, on the terms of assignment of the Loan receivables and on the terms of their respective agreements communicated by the Originator, and that the Loan amounts receivable are provided by the Servicer to the Fund within the time-periods and on the terms provided for under the Servicing Agreement.
- (x) Determining on each Interest Rate Fixing Date and for each Interest Accrual Period thereafter, the Nominal Interest Rate to be applied for each Bond Series and calculating and settling the accrued interest amounts payable on each Payment Date.
- (xi) Calculating and determining on each Determination Date the principal to be amortised and repaid on each Bond Series on the relevant Payment Date.
- (xii) Determining the interest rate applicable to each of the relevant borrowing, lending and hedge transactions and calculating and settling the interest and fee amounts receivable and payable by the Fund under the same, and the fees payable for the various financial services arranged for.
- (xiii) Taking the actions for which provision is made in relation to the debt ratings or the financial position of the Fund counterparties in the financial and service provision agreements listed in section 3.2 of this Building Block.
- (xiv) Watching that the amounts credited to the Treasury Account return the yield set in the respective Agreements.
- (xv) Calculating the Available Funds, the Available Funds for Amortisation, the Liquidation Available Funds and the payment or withholding obligations to be complied with, and applying the same in the Priority of Payments or the Liquidation Priority of Payments, as the case may be.
- (xvi) Instructing transfers of funds between the various borrowing and lending accounts, and issuing all relevant payment instructions, including those allocated to servicing the Bonds.

3.7.1.3 Resignation and substitution of the Management Company.

The Management Company shall be substituted in managing and representing the Fund, in accordance with articles 18 and 19 of Royal Decree 926/1998 set forth hereinafter and with subsequent rules statutorily established in that connection.

Resignation.

- (i) The Management Company may resign its duties to manage and be the authorised representative of all or part of the funds managed whenever it deems this fit, applying to be substituted in a letter addressed to the CNMV, including a designation of the substitute management company. That letter shall enclose a letter from the new management company, declaring its willingness to take over those duties and applying for the appropriate authorisation.
- (ii) The CNMV's substitution authorisation shall be subject to meeting of the following requirements:
 - (a) The substituted Management Company's delivery of the accounting records and data files to the new management company. That delivery will only be taken to have been made when the new management company is able to fully take over its function and that circumstance is notified to the CNMV.
 - (b) The rating accorded to the Bonds by the Rating Agency should not fall as a result of the proposed substitution.

- (iii) The Management Company may in no event resign its duties until and unless all requirements and formalities have been complied with in order for its substitute to take over its duties.
- (iv) The substitution expenses originated shall be borne by the resigning Management Company and may in no event be passed on to the Fund.
- (v) The substitution shall be published within fifteen days by means of a notice inserted in two nationwide newspapers and in the bulletin of the organised secondary market where the Bonds issued by the Fund are listed. Furthermore, the Management Company shall notify the Rating Agency of that substitution.

Forced substitution.

- (i) In the event that the Management Company should be adjudged insolvent or have its licence to operate as a securitisation fund management company revoked by the CNMV, it shall find a substitute management company, in accordance with the provisions of the foregoing section.
- (ii) In the event for which provision is made in the preceding section, if four months should have elapsed from the occurrence determining the substitution and no new management company should have been found willing to take over management, the Fund shall be liquidated early, the Bonds issued by the same shall be redeemed and the loans shall be repaid, in accordance with the provisions of this Prospectus and of the Deed of Constitution.

The Management Company agrees to execute such public and private documents as may be necessary for it to be substituted by another management company, in accordance with the system for which provision is made in the preceding paragraphs of this section. The substitute management company shall be substituted in the Management Company's rights and duties under this Prospectus. Furthermore, the Management Company shall hand to the substitute management company such accounting records and data files as it may have to hand in connection with the Fund.

3.7.1.4 Subcontracting.

The Management Company shall be entitled to subcontract or subdelegate to reputable creditworthy third parties the provision of any of the services it has to provide as the manager and authorised representative of the Fund, as established in this Prospectus, provided that the subcontractor or delegated party waives the right to take any action holding the Fund liable. In any event, subcontracting or delegating any service (i) may not result in an additional cost or expense for the Fund, (ii) shall have to be legally possible, (iii) shall not result in the rating accorded to each Bond Series by the Rating Agency being downgraded, and (iv) shall be notified to the CNMV and, where statutorily required, first be authorised by the CNMV. Notwithstanding any subcontracting or subdelegation, the Management Company shall not be exonerated or released, under that subcontract or subdelegation, from any of the liabilities undertaken in this Prospectus which may legally be attributed or ascribed to it.

3.7.1.5 Management Company's remuneration.

In consideration of the functions to be discharged by the Management Company, the Fund will pay it a management fee consisting of:

- (i) An initial fee which shall accrue upon the Fund being established and be payable on the Closing Date.
- (ii) A periodic fee on the Outstanding Principal Balance of the Bond Issue, which shall accrue daily from the establishment of the Fund until it terminates and shall be settled and paid by Interest Accrual Periods in arrears on each Payment Date subject to the Priority of Payments or, as the case may be, the Liquidation Priority of Payments. The periodic fee amount on each Payment Date may not be respectively higher or lower than the maximum and minimum amounts determined. The minimum amount shall be cumulatively reset in the same proportion, from the year 2010, inclusive, and be effective from January 1 of each year.

If on a Payment Date, in the Priority of Payments, the Fund should not have sufficient liquidity to settle the above-mentioned fee, the amount due shall accrue interest at the Bond Reference Rate, payable on the following Payment Date for the relevant Interest Accrual Period. The unpaid amount and interest due shall build up for payment on the fee payable on the following Payment Date, unless that absence of liquidity should continue, in which case the amounts due shall build up until fully paid, in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

3.7.2 Servicing and custody of the securitised assets.

BBVA, Originator of the Loan receivables to be assigned to the Fund, as established in article 2.2.b) of Royal Decree 926/1998, and for the Pass-Through Certificates as established in article 61.3 of Royal Decree 685/1982, shall continue as attorney for the Management Company to be responsible for servicing and managing the Loans, and relations between BBVA and the Fund, represented by the Management Company, shall be governed by the Loan Servicing and Pass-Through Certificate Custody Agreement (the “**Servicing Agreement**”) in relation to custody and servicing of the Loans and custody of the Pass-Through Certificates.

BBVA (the “**Servicer**” in that Agreement) shall accept the appointment received from the Management Company and thereby agrees as follows:

- (i) To service and manage the Loans subject to the system terms and ordinary servicing and management procedures established in the Servicing Agreement.
- (ii) To continue servicing the Loans, devoting the same time and efforts to them as it would devote and use to service its own loans and in any event on the terms for which provision is made in the Servicing Agreement.
- (iii) That the procedures it applies and will apply to service and manage the Loans are and will continue to be in accordance with the laws and statutory regulations in force applicable thereto.
- (iv) To full faithfully observe the instructions issued by the Management Company, provided that they observe the provisions of the Servicing Agreement, this Prospectus, the Deed of Constitution and the laws for the time being in force.
- (v) To pay the Fund damages and losses resulting from a breach of the obligations undertaken, although the Servicer shall not be liable for actions put in place on the Management Company's instructions.

In any event, the Servicer waives the privileges and authorities conferred on it by law as the manager of collections for the Fund, as servicer of the Loans, and as custodian of the relevant agreements and of the Pass-Through Certificates, and in particular those for which provision is made in articles 1730 and 1780 of the Civil Code and 276 of the Commercial Code.

3.7.2.1 Ordinary system and procedures for servicing and managing the Loans.

1. Custody of deeds, agreements, documents and files.

The Servicer shall keep all Loan deeds, agreements, documents and data files in safe custody and shall not give up their possession, custody or control other than with the Management Company's prior written consent for it to do so, unless a document should be required to institute proceedings to claim a Loan, or any other competent authority should so require informing the Management Company.

The Servicer shall allow the Management Company or the auditors of the Fund duly authorised thereby reasonable access at all times to such deeds, agreements, documents and files. The Servicer shall, in addition, whenever it is asked to do so by the Management Company, provide within two (2) Business Days of that request and free of charge, a copy or photocopy of any of such deeds, agreements and documents.

2. Collection management.

The Servicer shall continue managing collection of all Loan amounts payable by the Obligors and any other item including under the mortgaged property insurance contracts securing the Mortgage Loans. The Servicer shall use all reasonable efforts for payments to be made by the Obligors to be collected in accordance with the contractual terms and conditions of the Loans.

Loan amounts due to and received by the Servicer shall be paid by the Servicer in full into the Fund's Treasury Account on the seventh day after the day on which they were received by the Servicer, or the following business day if that is not a business day, and for value date on the seventh calendar day after the date on which they were received by the Servicer, in accordance with the set terms and conditions. In this connection, business days shall be taken to be all those that are business days in the banking sector in the city of Madrid.

Nevertheless, in the event that the rating of the Servicer's short-term unsecured and unsubordinated debt obligations should be downgraded below P-1 by Moody's, the Management Company shall, in a written notice to the Servicer, issue instructions for those amounts to be paid into the Fund's Treasury Account on the first day after the date on which they were received by the Servicer or the following business day, if that is not a business day, for same day value.

In the event of the Servicer's long-term credit rating being downgraded below Baa3 by Moody's, the Servicer will make a cash deposit for the benefit of the Fund with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's, or arrange an unconditional irrevocable credit facility upon the Management Company's first demand with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's.

The deposit amount or the maximum limit of the credit facility arranged shall be equivalent to the estimated aggregate amount of Loan repayment and interest instalments during the month with the highest collection of repayment and interest instalments from the date of downgrade below Baa3 by Moody's, in the event that the Loan delinquency rate should be 0.00% and the CPR should be 10.00%.

The Fund may only draw on that deposit or liquidity facility the Loan amounts it shall not receive, if any, owing to the Fund and received by the Servicer.

The Management Company may issue the same instructions in the event that the Servicer's short-term unsecured and unsubordinated debt obligations should not be rated by Moody's.

The Servicer may at no event pay any amount whatsoever to the Fund not previously received from the Obligors as payment for the Loans.

3. Fixing the interest rate.

In the case of floating-rate Loans, notwithstanding a possible renegotiation to a fixed rate, the Servicer shall continue fixing the interest rates applicable in each interest period as established in the respective Loan agreements, submitting such communications and notices as may be established therein.

4. Information.

The Servicer shall regularly communicate to the Management Company the information concerning the individual characteristics of each Loan, fulfilment by the Obligors of their obligations under the Loans, delinquency status, changes in the characteristics of the Loans, and actions for payment in the event of late payment, legal actions and auction of real estate or assets, the foregoing subject to the procedures and with the frequency established in the Servicing Agreement.

Furthermore, the Servicer shall hand to the Management Company such additional information concerning the Loans or the rights attaching thereto as the Management Company may request, and in particular the documents required for the Management Company, as the case may be, to bring legal actions.

5. Loan subrogation.

The Servicer shall be authorised to permit substitutions in the Obligor's position under the Loan agreements, exclusively where the new Obligor's characteristics are not less creditworthy than those of the former Obligor and those characteristics observe the lending policies described in section 2.2.7 of this Building Block, and further provided that the expenses derived from that change are fully borne by the Obligors. The Management Company may fully or partially limit this authority of the Servicer or set conditions therefor, in the event that those substitutions might adversely affect the ratings accorded to the Bonds by the Rating Agency.

In relation to the Mortgage Loans, a mortgagor may apply to the Servicer for subrogation under the Mortgage Loans pursuant to Act 2/1994. Subrogation of a new creditor under the Mortgage Loan and the ensuing payment of the amount due shall, as the case may be, result in prepayment of the Mortgage Loan and early amortisation of the respective Pass-Through Certificate.

6. Authorities and actions in relation to Loan renegotiation procedures.

The Servicer may not voluntarily cancel the Loans or their security arrangements for any reason other than payment of the Loan, relinquish or settle in regard thereto, forgive the Loans in full or in part or extend the same, or in general do anything that may diminish the legal effectiveness or economic value of the Loans or of the security arrangements, without prejudice to its heeding requests by Obligors using the same efforts and procedure as if they were own loans.

Notwithstanding the above, the Management Company, as manager of third-party portfolios and having regard to Obligors' requests to the Servicer directly or under Act 2/1994, may instruct or first authorise the Servicer to agree with the Obligor, subject to the terms and conditions for which provision is made in this section, for a novation changing the relevant Loan, either by an interest rate renegotiation or by an extension of the maturity period, provided in the case of Mortgage Loans that those novations are not detrimental to the mortgage ranking.

Without prejudice to the provisions hereinafter, any novation changing a Loan subscribed by the Servicer shall be made exclusively with the prior consent of the Management Company, on behalf of the Fund, and the Servicer agrees to seek such consent from the Management Company as soon as it is aware that an Obligor has requested a change. The Management Company may nevertheless initially authorise the Servicer to entertain and accept Loan interest rate and term renegotiations, without requiring the Management Company's prior consent, subject to the following general enabling requirements:

a) Renegotiating the interest rate.

Loan interest rate may be renegotiated subject to the following rules and limitations:

1. The Servicer may under no circumstances entertain on its own account, and without being so requested by the Obligor, interest rate renegotiations which may result in a decrease in the interest rate applicable to a Loan. The Servicer shall, without encouraging interest rate renegotiation, act in relation to such renegotiation bearing in mind the Fund's interests at all times.
2. Subject to the provisions of paragraph 3 below, the Servicer may renegotiate the Loan interest rate clause on terms that are deemed to be at arm's length and that do not differ from those applied by the actual Servicer in renegotiating or granting its floating- and fixed-rate credits and loans. For these purposes, arm's length interest rate shall be deemed to be the rate offered by the Servicer in the Spanish market for loans or credits granted to enterprises in an amount and on terms substantially similar to the Loan.
3. Timely renegotiation of the interest rate applicable to a Loan may in no case occur in the event that (i) the change is to a floating interest rate with a benchmark index for determination other than Euribor or Mibor or mortgage market reference rates or benchmark indices, established in section 3 of rule six bis of Bank of Spain Circular no. 8/1990, September 7, and (ii) the average margin or spread weighted by the outstanding principal of outstanding Loans (including the margin if any resulting from a fixed-rate renegotiation as provided for in section 4.(ii) below) is

not in excess of 50 basis points above the Euribor or Mibor benchmark rates or index. For the purposes prescribed in this section, the provisions of section 4 below shall govern in the case of Loans having benchmark indices other than the Euribor or Mibor benchmark rates or indices or which are fixed-rate loans in regard to consistency with reference to margin over a Euribor or Mibor benchmark index.

4. For the purposes of paragraph 3 above:

- (i) The margin or spread of a floating-rate Loan with a benchmark index other than Euribor or Mibor rates or indices shall be considered to be the result of increasing or reducing the margin applicable to the Loan by the difference between the simple averages of the values for the last three (3) months, published by the Bank of Spain, of (a) the Loan benchmark index and (b) one-year EURIBOR index (one-year Interbank reference).
- (ii) The novated fixed-rate Loan margin shall be deemed to be the difference between the fixed rate applicable to the Loan and the EURIBOR BASIS fixed rate on Reuters' ISDAFIX2 screen, or any other replacement screen, at 11:00AM CET on the effective date of the new fixed rate for the term of the average life of the Loan based on its new repayment schedule. In the absence of a same term EURIBOR BASIS fixed rate, the latter shall be calculated by a straight-line interpolation between the EURIBOR BASIS fixed rates for the lower and higher terms closest to the average life of the Loan.

Calculation of the average life of a novated fixed-rate Loan: average of the time periods from the effective date of the novation until each Loan settlement date, using for weighting purposes the weights of the principal to be repaid on each settlement date, in accordance with the applicable repayment system, on the outstanding principal amount, in accordance with the following expression:

$$V = \frac{\sum (P \times d)}{T} \times \frac{1}{365}$$

Where:

V = Average life of the novated fixed-rate Loan expressed in years.

P = Principal to be repaid on each settlement date under the applicable repayment system.

d = Number of days elapsed between the effective date of the novation and the relevant settlement date.

T = Outstanding principal on the effective date of the novation.

The Management Company may, on the Fund's behalf, at any time during the term of the Servicing Agreement, cancel, suspend or modify the Servicer's authorisation to renegotiate the interest rate.

b) Extending the period of maturity.

The final maturity or final amortisation date of the Loans may be deferred ("**extending the term**") subject to the following rules and limitations:

- (i) The Servicer may in no case entertain on its own account, i.e. without it being so requested by the Obligor, a change in the final maturity date of the Loan which may result in an extension thereof. The Servicer, without encouraging an extension of the term, shall act in relation to such extension bearing in mind the Fund's interests at all times.
- (ii) The aggregate of the capital or principal assigned to the Fund of the Loans with respect to which the maturity date is extended may not exceed 10% of the face amount of the Bond Issue.

- (iii) The term of a specific Loan may be extended provided that the following requirements are met:
 - a) That the same Loan capital or principal repayment instalment frequency is at all events maintained or increased and the same repayment system is maintained.
 - b) That the new final maturity or final repayment date does not extend beyond July 31, 2037.

The Management Company may, on the Fund's behalf, at any time during the term of the Servicing Agreement, cancel or suspend or amend the Servicer's power to extend the term.

If there should be any renegotiation of the interest rate of a Loan or its due dates, the Servicer shall forthwith notify the Management Company of the terms resulting from each renegotiation. Such notice shall be made through the software or data file provided for the terms of the Loans to be updated.

In the event of a renegotiation of the interest rate of the Loans or their due dates, consented to by the Management Company, for and on behalf of the Fund, the change in the terms shall affect the Fund.

The contractual documents supporting the novation of the renegotiated Loans will be kept by the Servicer, in accordance with the provisions of paragraph 2 of this section.

7. Action against Obligors in the event of Loan default.

Actions in the event of late payment.

The Servicer shall use the same efforts and procedure for claiming overdue Loan amounts it applies for the rest of its portfolio loans.

In the event of default of payment obligations by the Obligor, the Servicer shall do the things described in the Servicing Agreement, taking for that purpose the steps it would ordinarily take if they were its own portfolio loans and in accordance with standard banking usage and practice for collecting overdue amounts, and shall be bound to advance such expenses as may be necessary for those actions to be taken, without prejudice to its right to be reimbursed by the Fund. Needless to say, these actions include all such legal and other actions as the Servicer may deem necessary to claim and collect the amounts due by the Obligors or their guarantors.

Legal actions.

The Servicer shall, using its fiduciary title to the Loans or using the power referred to in the following paragraph, take all relevant actions against Obligors failing to meet their Loan payment obligations and against guarantors, if any. Such an action shall be brought using the appropriate court enforcement procedures prescribed in articles 517 et seq. of the Civil Procedure Act.

In the above connection and for the purposes prescribed in articles 581.2 and 686.2 of the Civil Procedure Act, and in the event that this should be necessary, the Management Company shall confer in the Deed of Constitution as full and extensive a power of attorney as may be required at Law on BBVA in order that the latter may, acting through any of its attorneys properly empowered for those purposes, on the Management Company's instructions, for and on behalf of the Fund, or in its own name but for the Management Company as the Fund's authorised representative, demand in or out of court that any Loan Obligor and guarantors, if any, pay the debt and take legal action against the same, in addition to other authorities required to discharge its duties as Servicer. These authorities may be extended and amended in another deed if necessary or appropriate.

The Servicer shall generally commence the relevant legal proceedings, if, for a period of six (6) months, a Loan Obligor having failed to honour his payment obligations should not resume payments to the Servicer and the latter, with the Management Company's consent, should not obtain a payment commitment satisfactory to the Fund's interests. The Servicer shall in any event forthwith proceed to file an executive action if the Management Company, acting for the Fund, and after analysing the specific circumstances of the case, should deem this necessary.

If six (6) months should elapse from the oldest default without the Obligor having resumed payments or the Servicer, with the Management Company's consent, securing a payment commitment satisfactory to the Fund's interests, and the Servicer should fail to file the recovery action without there being proper reasons therefor, the Management Company may, on behalf of the Fund, proceed directly to commence the appropriate legal proceedings to fully claim the debt.

In the event that the proceedings commenced by the Servicer should be stopped without there being proper reasons therefor, the Management Company may, as the case may be, on behalf of the Fund, take over from the latter and continue with the legal proceedings.

In addition to the Servicer's legal actions against Obligors as provided for above in this section, the Management Company, for the Fund, may also take action against Obligors who are in breach of their Loan payment obligations and against guarantors, if any. That action shall be brought observing the formalities for the relevant legal procedure in accordance with the provisions of the Civil Procedure Act, satisfying, as the case may be, the requirements as to right of action allowing that to be done.

If this should be legally required, and for the purposes prescribed in the Civil Procedure Act, BBVA shall confer in the Deed of Constitution as full and extensive an irrevocable power of attorney as may be required at Law in order for the Management Company, acting for and on behalf of BBVA, to demand through a notary public any Loan Obligor and third-party guarantors, if any, to pay the debt.

1. As for the Mortgage Loans, in the event of default by any Obligor, the Management Company, acting for and on behalf of the Fund, shall have the following remedies provided for mortgage participation certificates in article 66 of Royal Decree 685/1982, which also apply to the pass-through certificates:
 - (i) To demand the Servicer to apply for foreclosure.
 - (ii) To take part on an equal standing with the Servicer, as issuer of the Pass-Through Certificates, in the foreclosure the latter shall have instituted against the Obligor, intervening to that end in any foreclosure proceedings commenced by the former.
 - (iii) If the Servicer should fail to take that action within sixty (60) calendar days of a notice served through a Notary demanding payment of the debt, the Management Company shall, for and on behalf of the Fund, be secondarily entitled to apply for Mortgage Loan foreclosure claiming both principal and interest.
 - (iv) In the event that the proceedings instituted by the Servicer should come to a standstill, the Fund, duly represented by the Management Company, may be subrogated in the position of the former and continue the foreclosure proceedings, without the above period having to elapse.

In the events provided in paragraphs (iii) and (iv), the Management Company, for and on behalf of the Fund, may apply to the Judge or Notary with jurisdiction to commence or continue with the respective foreclosure proceedings, attaching to the application the original Pass-Through Certificate, the notice served through a Notary Public provided for in (iii) above and an office certificate as to mortgage registration and subsistence. The Servicer shall be bound to issue a certification of the balance outstanding on the Mortgage Loan.

The Management Company, for and on behalf of the Fund as holder of the Pass-Through Certificates, may also take part on an equal standing with BBVA in the foreclosure proceedings and may in this sense, on the terms for which provision is made in the Civil Procedure Act, request the award of the mortgaged property as Mortgage Loan payment. The Management Company shall proceed, directly or through the Servicer, to sell the property awarded within the shortest possible space of time and at arm's length.

2. In the event of default by the Obligor (or third-party guarantors, if any) of Non-Mortgage Loan payment obligations, the Management Company, acting for the Fund shall have an executive action against those Obligors (and third-party guarantors, if any), taking the steps provided for such proceedings in the Civil Procedure Act (articles 517.4 and 517.5).

3. In the event of default by the Obligor (or third-party guarantors, if any) of payment obligations of Loans secured with pledges, the Management Company, acting for the Fund, shall avail of an action to enforce those pledges, after entering, as the case may be, the assignment of the respective Loan in the relevant register. In particular:

The Servicer agrees to promptly advise of payment demands, legal actions and all and any other circumstances affecting collection of overdue Loans amounts. The Servicer shall use all reasonable efforts and in any event use the rights conferred under the insurance policies or the Mortgage Loans in order to keep those policies in full force and effect in relation to each Mortgage Loan and the respective mortgaged property.

Whenever the Servicer receives notice of non-payment of policy premiums by any Obligor the Servicer may demand the Obligor to pay the same and indeed take out fire and damage insurance on the Obligor's behalf where it is able to do so under the Mortgage Loan deed, advancing payment of the premiums, without prejudice to being reimbursed by the Obligor for amounts so paid.

In the event of a claim, each Servicer shall coordinate actions for collecting compensations derived from the property damage insurance policies on the terms and conditions of the Mortgage Loans and the actual policies, paying the amounts received to the Fund.

10. Subcontracting.

The Servicer may subcontract any of the services it may have agreed to provide under the Servicing Agreement other than those that may not be so delegated in accordance with the laws in force for the time being. That subcontracting may in no event result in an additional cost or expense for the Fund or the Management Company, and may not result in the rating assigned to each Bond Series by the Rating Agency being downgraded. Notwithstanding any subcontracting or subdelegation, the Servicer shall not be excused or released under that subcontract or subdelegation from any of the liabilities undertaken in the Servicing Agreement which may legally be attributed or ascribed to it.

11. Auction of real property and other assets.

3.7.2.2 Term and substitution.

The services shall be provided by the Servicer until all the obligations undertaken by the Servicer as Originator of the Loans assigned to the Fund terminate, once all the Loans have been repaid, or when the liquidation of the Fund concludes after it terminates, without prejudice to a possible early revocation of its appointment under the Servicing Agreement.

In the event of insolvency of the Servicer or of administration by the Bank of Spain or in the event of a breach by the Servicer of the obligations imposed on the Servicer under the Servicing Agreement or in the event of the Servicer's credit rating falling or being lost or its financial circumstances changing to an extent that may be detrimental to or place the financial structure of the Fund or Bondholders' rights and interests at risk, the Management Company shall, in addition to demanding the Servicer to fulfil the obligations laid down in the Servicing Agreement, proceed, where this is legally possible, inter alia and after notifying the Rating Agency, to do any of the following in order for there to be no detriment to the rating assigned to the Bonds by the Rating Agency: (i) demand the Servicer to subcontract or subdelegate to another institution the performance of the obligations and undertakings made in the Servicing Agreement; (ii) have another institution with sufficient credit rating and quality secure all or part of the Servicer's obligations; (iii) post collateral in the form of cash or securities in favour of the Fund in an amount sufficient to secure all or part of the Servicer's obligations, and (iv) terminate the Servicing Agreement, in which case the Management Company shall previously designate a new Servicer with sufficient credit quality and accepting the obligations contained in the Servicing Agreement or, as the case may be, in a new servicing agreement. In the event of insolvency of the Servicer, only (iv) above shall be valid.

Notwithstanding the above provisions, in the event of the rating of a Servicer's long-term unsecured and unsubordinated debt obligations being downgraded below Baa3 by Moody's, the relevant Servicer agrees within not more than 60 calendar days of the aforesaid downgrade to enter into a replacement undertaking with another institution in order for the latter to discharge the responsibilities for which provision is made in the Servicing Agreement with respect to the Mortgage Loans serviced by the relevant Servicer, merely upon request by the Management Company if required to do so and provided that such action is not detrimental to the Rating Agencies' rating assigned to the Bonds.

Any additional expense or cost derived from the aforesaid actions shall be covered by the Servicer and at no event by the Fund or the Management Company.

Furthermore, in the event of insolvency, or indications thereof, administration by the Bank of Spain, liquidation or substitution of the Servicer or because the Management Company deems this reasonably justified, the Management Company may demand the Servicer to notify Obligors (and third-party guarantors or the Mortgage Loan mortgaged property insurers, if any) of the transfer to the Fund of the outstanding Loan receivables, and that the payments thereunder will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify Obligors and third-party guarantors and Mortgage Loan mortgaged property insurers, if any, within five (5) Business Days of receiving the request and in the event of insolvency or liquidation of the Servicer, the Management Company itself shall notify Obligors and third-party guarantors

and Mortgage Loan mortgaged property insurers, if any, directly or, as the case may be, through a new Servicer it shall have designated.

Similarly, and in the same events, the Management Company may request the Servicer to do such things and satisfy such formalities as may be necessary, including third-party notices and entries in the relevant accounting records, in order to guarantee maximum efficiency of the assignment of Loan receivables and ancillary guarantees with respect to third parties, all on the terms given in section 3.7.2.1.7 of this Building Block.

Upon early termination of the Servicing Agreement, the outgoing Servicer shall provide the new Servicer, on demand by the Management Company and as determined thereby, with the necessary documents and data files it may have in order for the new Servicer to carry on the relevant activities.

The Servicing Agreement shall be fully terminated in the event that the Rating Agency should not confirm the provisional ratings assigned to each Series as final ratings by March 11, 2009.
