RISK FACTORS

1 Risks derived from the issuer's legal nature and operations.

a) Nature of the Fund and obligations of the Management Company.

BANCAJA 12 FONDO DE TITULIZACIÓN DE ACTIVOS (the “Fund” and/or the “Issuer”) is a separate closed-end fund devoid of legal personality and, in accordance with Royal Decree 926/1998, May 14, regulating asset securitisation funds and securitisation fund management companies (“Royal Decree 926/1998”), is managed by a management company, EUROPEA DE TITULIZACIÓN S.A. SOCIEDAD GESTORADE FONDOS DE TITULIZACIÓN (the “Management Company”). The Fund shall be liable only for its obligations to its creditors with its assets.

The Management Company shall discharge for the Fund the functions attributed to it in Royal Decree 926/1998, which include enforcing Bondholders’ interests as the manager of third-party portfolios. There shall be no syndicate of bondholders. Therefore, the capacity to enforce Bondholders’ interests shall depend on the Management Company’s means.

b) Forced substitution of the Management Company.

In accordance with article 19 of Royal Decree 926/1998, where the Management Company is adjudged insolvent or has its licence to operate as a securitisation fund management company revoked by the CNMV, it shall find a substitute management company. In any such event, if four months should have elapsed from the occurrence determining the substitution and no new management company should have been found willing to take over management, there shall be early liquidation of the Fund and early amortisation of the Bonds issued by the same, as provided for in the Deed of Constitution and in this Prospectus.

c) Limitation of actions.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against Mortgage Loan Obligors who may have defaulted on their payment obligations or against the Originator. Any such rights shall lie with the Management Company, representing the Fund.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against the Fund or against the Management Company in the event of non-payment of amounts due by the Fund resulting from the existence of default or prepayment of the Mortgage Loans, a breach by the Originator of its obligations or by the counterparties to the transactions entered into for and on behalf of the Fund, or shortfall of the financial hedging transactions for servicing the Bonds in each Series.

Bondholders and all other ordinary creditors of the Fund shall have no recourse whatsoever against the Fund Management Company other than as derived from a breach of its duties or inobservance of the provisions of the Deed of Constitution and of this Prospectus. Those actions shall be resolved in the relevant ordinary declaratory proceedings, depending on the claimed amount.

d) Applicability of the Bankruptcy Act

Both the Originator of the Mortgage Loans, CAJA DE AHORROS DE VALENCIA, CASTELLÓN Y ALICANTE, BANCAJA (“BANCAJA”), and the Fund Management Company may be declared insolvent.

In particular, the Originator’s insolvency could affect its contractual relationships with the Fund, in accordance with the provisions of Bankruptcy Act 22/2003, July 9 (the “Bankruptcy Act”).

As for the transaction involving the assignment of the Mortgage Loan receivables by issuing the Pass-Through Certificates, the latter cannot be the subject of restitution other than by an action brought by the Originator’s receivers, in accordance with the provisions of the Bankruptcy Act and after proving the existence of fraud in that transaction, all as set down in section 4 of Additional Provision Five of Act 3/1994, April 14.

In addition, in the event of the Originator being decreed insolvent, in accordance with the Bankruptcy Act, the Fund, acting through the Management Company, shall have a right of separation with respect to the Pass-Through Certificates, on the terms provided for in articles 80 and 81 of the Bankruptcy Act. In addition, the Fund, acting through its Management Company, shall be entitled to obtain from the insolvent Originator the resulting Mortgage Loan amounts from the date on which insolvency is decreed, for those amounts will be considered to be the Fund's property, through its Management Company, and must therefore be transferred to the Management Company, representing the Fund. This right of separation would not necessarily extend to the monies received and kept by the insolvent Originator on behalf of the Fund before that date, for they might be earmarked as a result of the insolvency, given the essential fungible nature of money.

2 Risks derived from the securities.

a) Issue Price.

The Bond Issue is made with the intention of being fully subscribed for by the Originator in order to have liquid assets available which may be sold in the market or be used as security for Eurosystem transactions, and, consequently, the terms of the Bond Issue are not an estimate of the prices at which those instruments could be sold in the secondary market or of the Eurosystem's valuations in due course for the purpose of using them as security instruments in its lending transactions to the banking system.

b) Liquidity

There is no assurance that the Bonds will be traded on the market with a minimum frequency or volume.

There is no undertaking that any institution will be involved in secondary trading, giving the Bonds liquidity by offering consideration.

Moreover, the Fund may in no event repurchase the Bonds from Bondholders. Nevertheless, the Bonds may be fully subject to early amortisation in the event of Early Liquidation of the Fund, on the terms laid down in section 4.4.3 of the Registration Document.

c) Yield.

Calculation of the yield (internal rate of return) of the Bonds in each Series contained in section 4.10 of the Securities Note is subject, inter alia, to assumed Mortgage Loan prepayment and delinquency rates that may not be fulfilled, and to future market interest rates, given the floating nature of the Nominal Interest Rate of each Series.

d) Duration.

Calculation of the average life and duration of the Bonds in each Series contained in section 4.10 of the Securities Note is subject to fulfilment of Mortgage Loan repayment and to assumed Mortgage Loan prepayment rates that may not be fulfilled. Mortgage Loan repayment performance is influenced by a number of economic and social factors such as market interest rates, the Obligors' financial circumstances and the general level of economic activity, preventing their predictability.

e) Late-payment interest.

Late interest payment or principal repayment to Bondholders in any of the Series shall under no circumstances result in additional or late-payment interest accruing to their favour.

f) Subordination of the Bonds.

Series B Bond interest payment and principal repayment is deferred with respect to Series A Bonds, Series C Bond interest payment and principal repayment is in turn deferred with respect to Series A and Series B Bonds, and Series D Bond interest payment and principal repayment is in turn deferred with respect to Series A, Series B and Series C Bonds. There is however no assurance whatsoever that these subordination rules shall protect Series A, B, C and D Bondholders from the risk of loss.

The subordination rules among the different Series are established in the Priority of Payments and in the Liquidation Priority of Payments of the Fund in accordance with section 3.4.6 of the Building Block.

g) Deferral of interest.

This Prospectus and the other supplementary documents relating to the Bonds provide for deferment of Series B, C and D Bond interest payment in the event of the circumstances provided for in section 3.4.6.2.1.2 of the Building Block occurring.

Series A Bond interest is not subject to these deferment rules.

h) Bond Rating.

The credit risk of the Bonds issued by the Fund has been assessed by the rating agency Standard & Poor's España S.A.

The rating agencies may revise, suspend or withdraw the final ratings assigned at any time, based on any information that may come to their notice.

These ratings are not and cannot therefore be howsoever construed as an invitation, recommendation or encouragement for investors to proceed to carry out any transaction whatsoever on the Bonds and, in particular, acquire, keep, charge or sell those Bonds .

i) Ratings not confirmed.

The Rating Agency's failure to confirm the provisional ratings given to the Bonds by 1pm (CET) on April 10, 2008 shall be an event of termination of the establishment of the Fund and the Bond Issue.

j) Fulfilment of formal obligations by investors not resident in Spain.

In accordance with Spanish laws for the time being in force, returns on the Bonds obtained by an investor who is not a resident of Spain shall be either (i) exempt from a withholding on account of Non-Resident Income Tax (in the case of investors acting through a permanent establishment), or (ii) exempt on the same terms established for returns on public debt (in the case of investors acting in Spain without a permanent establishment and provided that they are not obtained through countries or territories statutorily considered to be tax havens).

Notwithstanding the above, in order for the aforementioned withholding exclusion to be effective, those investors needs must satisfy certain formal obligations, currently laid down (i) in the Order of December 22, 1999, in the case of non-residents acting with respect to the Bonds through a permanent establishment in Spain, and (ii) in Royal Decree 1065/2007, July 27, establishing reporting duties with respect to preferred stock and other debt instruments and certain income obtained by individuals resident in the European Union ("**Royal Decree 1065/2007**"), in the case of non-residents not acting, with respect to the Bonds, through a permanent establishment in Spain and satisfying the terms and requirements referred to above, though specific laws may be passed for securitisation funds in the future.

Where pursuant to the abovementioned laws the exemption right is not satisfactorily established (that is to say, proof is not produced that the non-resident investor is not acting through a tax haven or the Fund is not provided, through the Paying Agent, with the relevant certificates of the Bond clearing institution and custodian), returns on the Bonds shall be subject to a withholding that is currently set at 18%.

The tax implications described above are based on the laws in force at the time of issue and do not purport to be comprehensive. Consequently, they should not be considered in lieu of the requisite tax advice suited to each investor's particular situation.

3 Risks derived from the assets backing the issue.

a) Risk of default on the Mortgage Loans.

Holders of the Bonds issued by the Fund shall bear the risk of default on the Mortgage Loans pooled therein by issuing the Pass-Through Certificates .

BANCAJA, as Originator, shall have no liability whatsoever for the Obligors' default of principal, interest or any other amount they may owe under the Mortgage Loans. Under article 348 of the Commercial Code, BANCAJA is liable to the Fund exclusively for the existence and lawfulness of the Mortgage Loans, on the terms and conditions declared in the Deed of Constitution and in this Prospectus , and for the personality with which the Pass-Through Certificates are issued. BANCAJA will have no liability whatsoever to directly or indirectly guarantee that the transaction will be properly performed nor give any guarantees or security, nor indeed agree to repurchase the Pass-Through Certificates , other than the undertakings contained in section 2.2.9 of the Building Block regarding substitution or redemption of Pass-Through Certificates where any of them or of the relevant Mortgage Loans fail to conform, upon the Fund being established, to the representations given in section 2.2.8 of the Building Block.

b) Limited Liability.

The Bonds issued by the Fund neither represent nor constitute an obligation of BANCAJA or the Management Company. No other guarantees have been granted by any public or private organisation whatsoever, including BANCAJA, the Management Company and any of their affiliated or associated companies.

c) Limited Hedging.

A high level of delinquency of the Mortgage Loans might reduce or indeed exhaust the limited hedging against Mortgage Loan portfolio losses that the Bonds in each Series distinctly have as a result of the existence of the credit enhancement transactions described in section 3.4.2 of the Building Block.

The degree of subordination in interest payment and principal repayment between the Bonds in the different Series derived from the Priority of Payments and the Liquidation Priority of Payments of the Fund is a mechanism for distinctly hedging the different Series, respectively.

d) Mortgage Loan prepayment risk.

There will be an early amortisation of the Pass-Through Certificates pooled in the Fund when Obligors prepay the portion of Mortgage Loan principal pending repayment, or in the event that BANCAJA should be substituted in the relevant Mortgage Loans by any other financial institution licensed to do so, or in any other event having the same effect.

That prepayment risk shall pass quarterly on each Payment Date to Bondholders by the partial amortisation of the Bonds, in accordance with the amortisation conditions of each Series contained in section 4.9.2 of the Securities Note .

e) Geographical concentration.

The number of selected mortgage loans as at February 29, 2008 to be assigned to the Fund upon being established with mortgage security located in the Valencian Community is 7,665 (46.75% of the total loans), and their outstanding principal amounts to EUR 1,015,219,864.41 (41.84% of the total), as detailed in section 2.2.2.k) of the Building Block.

Given this concentration level, any circumstance whatsoever having a substantial negative effect on the Valencian Community could affect payments of the Mortgage Loans backing the Fund's Issue of Asset-Backed Bonds.

f) Concentration concerning selected mortgage loan origination date.

The selected mortgage loans making up the selected portfolio originated in the years 2006 and 2007 account for 94.25%, in terms of outstanding principal, of the total selected portfolio. The weighted average age of the portfolio is 13.67 months at February 29, 2008, the selected portfolio selection date.

g) Interest risk.

The weighted average interest rate of the finance charge of the mortgage loans selected at February 29, 2008, as detailed in section 2.2.2.g) of this Building Block, is 5.28%, which is below the 5.32% weighted average nominal interest rate of the Bonds that has been presumed for hypothetical purposes in the table contained in section 4.10 of the Securities Note. This state of affairs shall gradually be corrected as the Mortgage Loans (annual and six-monthly reset periods) reset their respective interest rates and include Euribor rate rises in recent months.

Nevertheless, the Financial Swap Agreement partly mitigates the interest rate risk occurring in the Fund because the Mortgage Loans are subject to floating interest with benchmark indices and reset and settlement periods that differ from the floating interest established for the Bonds based on 3-month Euribor and with quarterly accrual and settlement periods. Additionally, the Financial Swap includes a 0.50% excess margin.

This is a Certified Translation into English of the Spanish Prospectus. No document other than the Spanish Prospectus registered by the Comisión Nacional del Mercado de Valores may have any legal effect whatsoever or be taken into account with respect to the Bond Issue.

- (i) When the amount of the Outstanding Balance of the Mortgage Loans yet to be repaid is less than ten (10) percent of the initial Outstanding Balance of the Mortgage Loans upon the Fund being established, and provided that Series A, B, C and D Bond payment obligations then outstanding may be honoured and settled in full in the Liquidation Priority of Payments.

Series A, B, C and D Bond payment obligations on the Early Liquidation date of the Fund shall at all events be deemed to be the Outstanding Principal Balance of the Series on that date plus interest accrued and not paid until that date, which amounts shall be deemed to be due and payable on that date to all statutory intents and purposes.

- (ii) Where, in any event or circumstance whatsoever unrelated to the Fund's operations, a substantial alteration occurs or the financial balance of the Fund required by article 11.b) of Royal Decree 926/1998 is permanently damaged. This event includes such circumstances as the existence of any change in the law or supplementary implementing regulations, the establishment of withholding obligations or other situations which might permanently affect the financial balance of the Fund.
- (iii) Mandatorily, in the event that the Management Company should be adjudged insolvent and/or have its licence to operate as a securitisation fund management company revoked by the CNMV, or the statutory term to do so or otherwise four months should elapse without a new management company being designated in accordance with the provisions of section 3.7.1.3 of the Building Block.
- (iv) In the event that the Management Company should have the express consent and acceptance of all the Bondholders and all the counterparties to the agreements in force with the Fund, as regards both payment of amounts resulting from, and the procedure for, such Early Liquidation.
- (v) When a default occurs indicating a major permanent imbalance in relation to any of the Bonds issued or that it is about to occur.
- (vi) Upon the lapse of thirty-six (36) months from the date of the last maturity of the Mortgage Loans, even if amounts are still due and payable.

4.4.3.2 The following requirements shall have to be satisfied to proceed to that Early Liquidation of the Fund:

- (i) That Bondholders be given not less than fifteen (15) Business Days' notice, as prescribed in section 4.1.3.2 of the Building Block, of the Management Company's resolution to proceed to Early Liquidation of the Fund.
- (ii) That the Management Company previously advise the CNMV and the Rating Agency of that notice.
- (iii) The notice of the Management Company's resolution to proceed to Early Liquidation of the Fund shall contain a description of (i) the event or events triggering Early Liquidation of the Fund, (ii) the liquidation procedure, and (iii) the manner in which Bond payment obligations are to be honoured and settled in the Liquidation Priority of Payments.

4.4.3.3 In order for the Fund, through its Management Company, to proceed to Early Liquidation of the Fund and Early Amortisation of the Bond Issue, the Management Company shall, for and on behalf of the Fund:

- (i) Subject to the provisions of paragraph (iv) below, proceed to sell the Pass-Through Certificates remaining in the Fund at a reasonable market price, initially not less than the sum of the principal still outstanding plus interest accrued and not paid on the relevant Mortgage Loans .
- (ii) Proceed to terminate such agreements as are not necessary for the Fund liquidation procedure.

- (iii) Be entitled to arrange for a credit facility, with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1 by S&P, which shall be fully and immediately allocated to early amortisation of Series A, B, C and D Bonds then outstanding. The financial expenses due shall be paid and the credit facility principal shall be repaid in accordance with the Liquidation Priority of Payments of the Fund.
- (iv) Finally, both due to the preceding actions falling short and the existence of Pass-Through Certificates or other remaining assets of the Fund, the Management Company shall proceed to sell them and shall therefore invite a bid from at least five (5) entities which may, in its view, give a reasonable market value. The Management Company shall be bound to accept the best bid received for the Pass-Through Certificates and for the assets on offer. In order to set the reasonable market value, the Management Company may secure such valuation reports as it shall deem necessary.

In (i), (iii) and (iv) above, the Originator shall have a pre-emptive right and will therefore have priority over third parties to voluntarily acquire the Pass-Through Certificates or other remaining assets still on the assets of the Fund, and/or may grant to the Fund the credit facility designed for early amortisation of the outstanding Series A, B, C and D Bonds. The Management Company shall therefore send the Originator a list of the assets and of third-party bids received, and the latter may use that right for all Pass-Through Certificates or other remaining assets offered by the Management Company or the credit facility within ten (10) Business Days of receiving said notice, and provided that its bid is at least equal to the best of the third-party bids.

- 4.4.3.4 The Management Company shall forthwith apply all the proceeds from the sale of the Fund's assets to paying the various items, in such manner, amount and order as shall be requisite in the Liquidation Priority of Payments, other than the amounts, if any, drawn under the credit facility arranged for early amortisation of Series A, B, C and D Bonds yet to be repaid, which shall be applied to meeting the payment obligations of the Bonds in these Series.

4.4.4 Termination of the Fund.

The Fund shall terminate in any case, after complying with and observing the relevant legal procedure, in the following events:

- (i) Upon the Pass-Through Certificates pooled therein being fully amortised.
- (ii) Upon the Bonds issued being fully amortised.
- (iii) When the Early Liquidation procedure established in section 4.4.3 above is over.
- (iv) At all events, upon final liquidation of the Fund on the Final Maturity Date on July 22, 2051 or the following Business Day if that is not a Business Day.
- (v) Upon the establishment of the Fund terminating in the event that the Rating Agency should not confirm any of the assigned provisional ratings as final ratings by 1pm (CET) on April 10, 2008. In this event, the Management Company shall terminate the establishment of the Fund, subscription for the Pass-Through Certificates by the Fund and the Bond Issue.

Termination of the establishment of the Fund shall be notified to the CNMV as soon as such is confirmed, and shall be publicised by means of the procedure specified in section 4.1.3.2 of the Building Block. Within not more than one month after the occurrence of the event of termination, the Management Company shall execute a statutory declaration before a notary public declaring that the Fund's obligations have been settled and terminated and that the Fund has terminated. Notwithstanding the above, the Fund Management Company shall defray the expenses of setting up the Fund and issue and admission of the Bonds payable with the Start-Up Loan, and the Start-Up Loan agreement shall not be terminated but shall rather be cancelled after those amounts are settled, principal repayment being subordinated to fulfilment of all other obligations undertaken by the Management Company, acting for and on behalf of the Fund.

In the event that there should be any remainder upon the Fund being liquidated and after making all payments to the various creditors by distributing the Liquidation Available Funds in the set Liquidation Priority of Payments, that remainder shall be for the Originator on the liquidation terms established by the Management Company. If that remainder is not a liquid amount, since relating to Mortgage Loans that are pending the outcome of legal or notarial proceedings instituted as a result of default by the Mortgage Loan Obligor, both their continuation and the proceeds of their termination shall be for the Originator.

In any event, the Management Company, acting for and on behalf of the Fund, shall not proceed to terminate the Fund and strike it off the relevant administrative registers until the Pass-Through Certificates and other remaining assets of the Fund have been liquidated and the Liquidation Available Funds have been distributed, in the Liquidation Priority of Payments.

Upon a period of six (6) months elapsing from liquidation of the Fund's remaining assets and distribution of the Liquidation Available Funds, the Management Company shall execute a statutory declaration before a notary public declaring (i) that the Fund has terminated, and the events prompting its termination, (ii) how Bondholders and the CNMV were notified, and (iii) how the Liquidation Available Funds were distributed in the Liquidation Priority of Payments; notice of this shall be given in a nation-wide newspaper and all other appropriate administrative procedures will be observed. The Management Company will submit that statutory declaration to the CNMV.

4.8 Nominal interest rate and provisions relating to interest payable.

4.8.1 Bond nominal interest rate.

The Bonds in each Series shall, from the Closing Date until they mature fully, accrue yearly nominal interest, variable and payable quarterly, which shall be the result of applying the policies established hereinafter for each Series.

The resultant yearly nominal interest rate (hereinafter the “**Nominal Interest Rate**”) for each Series shall be payable quarterly in arrears on each Payment Date on the Outstanding Principal Balance of the Bonds in each Series at the preceding Determination Date, provided that the Fund has sufficient liquidity in the Priority of Payments or in the Liquidation Priority of Payments, as the case may be.

Withholdings, interim payments, contributions and taxes established or to be established in the future on Bond principal, interest or returns shall be borne exclusively by Bondholders, and their amount, if any, shall be deducted by the Management Company, for and on behalf of the Fund, or through the Paying Agent, as provided by law.

4.8.1.1 **Interest accrual.**

For interest accrual purposes, the duration of each Bond Series shall be divided into successive interest accrual periods (“**Interest Accrual Periods**”) comprising the exact number of days elapsed between every two consecutive Payment Dates, each Interest Accrual Period including the beginning Payment Date but not including the ending Payment Date. Exceptionally, the duration of the first Interest Accrual Period shall be equivalent to the exact number of days elapsed between the Closing Date, April 11, 2008, inclusive, and the first Payment Date, July 22, 2008, exclusive.

The Nominal Interest Rate shall accrue on the exact number of days in each Interest Accrual Period for which it was determined, calculated based upon a 360-day year.

4.8.1.2 **Nominal Interest Rate.**

The Nominal Interest Rate applicable to the Bonds in each Series and determined for each Interest Accrual Period shall be the result of adding:

- (i) the Reference Rate, as established in the following section, and
- (ii) a margin for each Series as follows:
 - **Series A:** 0.55% margin.
 - **Series B:** 0.70% margin.
 - **Series C:** 1.20% margin.
 - **Series D:** 2.00% margin.

The resultant Nominal Interest Rate shall be expressed as a percentage rounded to the nearest thousandth of a whole number or rounded up to the nearest one where the differences of rounding up or down to the nearest thousandths are identical.

4.8.1.3 **Reference Rate and determining the same.**

The reference rate (“**Reference Rate**”) for determining the Nominal Interest Rate applicable to each Bond Series is as follows:

- i) Other than for the first Interest Accrual Period, three- (3-) month Euribor, “Euro Interbank Offered Rate”, calculated and distributed by the BRIDGE financial information system under an FBE (“Fédération Bancaire de l’Union Européene”) mandate, set at 11am (CET or “Central European Time”) on the Interest Rate Fixing Date described below, which is currently published on electronic pages EURIBOR01 supplied by Reuters, and 248 supplied by Dow Jones Markets (Bridge Telerate), or any other page taking their stead in providing these services.

Exceptionally, the Reference Rate for the first Interest Accrual Period shall be the result of a straight-line interpolation between three- (3-) month Euribor and four- (4-) month Euribor, fixed at 11am (CET) on the Business Day preceding the Closing Date, bearing in mind the number of days in the first Interest Accrual Period. The Reference Rate for the first Interest Accrual Period shall be calculated in accordance with the following formula:

$$IR = [((D-90)/30) \times E4] + [(1-((D-90)/30)) \times E3]$$

Where:

IR = Reference Rate for the first Interest Accrual Period.

D = Number of days in the first Interest Accrual Period.

E3 = Three- (3-) month Euribor.

E4 = Four- (4-) month Euribor.

Euribor definitions approved by the FBE and the Financial Markets Association (ACI) supplementing the current definition of Euribor shall be considered included for the purpose of the Euribor Reference Rate without having to amend these Reference Rate terms or have the Management Company notify Bondholders.

- ii) In the event that the Euribor rate established in paragraph i) above should not be available or be impossible to obtain, the substitute Reference Rate shall be the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable three- (3-) month deposit transactions in euros in an amount equivalent to the Outstanding Principal Balance of the Bond Issue, declared by four (4) prime banks in the Euro zone, following a simultaneous request to each of their headquarters by the Paying Agent after and around 11am (CET) on the Interest Rate Fixing Date.

Exceptionally, the substitute Reference Rate for the first Interest Accrual Period shall be the rate resulting from a straight-line interpolation between the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable three- (3-) month deposit transactions in euros and the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable four- (4-) month deposit transactions in euros, both in an amount equivalent to the face amount of the Bond Issue, declared by the banks as provided for in paragraph one above, following a simultaneous request to each of their headquarters by the Paying Agent after and around 11am (CET) on the Business Day preceding the Closing Date.

The substitute Reference Rate shall be expressed as a percentage rounded to the nearest thousandth of a percentage point or rounded up to the nearest point where the differences of rounding up or down to the nearest thousandths are identical.

Should it be impossible to apply the above substitute Reference Rate, upon the failure by any or several of the banks to provide written quotations as provided for in paragraphs one and two of this section, the interest rate resulting from applying the simple arithmetic mean of the interest rates declared by at least two of the other banks shall be applicable.

- iii) If the rates established in paragraphs i) and ii) above should not be available or be impossible to obtain (other than as specified for the first Interest Accrual Period), the last Reference Rate or substitute Reference Rate applied to the next preceding Interest Accrual Period shall apply, and so on for successive Interest Accrual Periods whilst matters remain the same.

On each Interest Rate Fixing Date, the Paying Agent shall notify the Management Company of the Reference Rate determined in accordance with paragraphs i) and ii) above. The Management Company shall keep the listings and supporting documents on which the Paying Agent shall notify it the Reference Rate determined.

4.8.1.4 **Interest Rate Fixing Date.**

The Management Company shall, for and on behalf of the Fund, determine the Nominal Interest Rate applicable to each Bond Series for every Interest Accrual Period as provided for in sections 4.8.1.2 and 4.8.1.3 above, on the second Business Day preceding each Payment Date (the "**Interest Rate Fixing Date**"), and it will apply for the following Interest Accrual Period.

Exceptionally, the Management Company shall determine the Nominal Interest Rate of the Bonds in each Series for the first Interest Accrual Period as provided for in sections 4.8.1.2 and 4.8.1.3 above, on the Business Day preceding the Closing Date, and shall notify the same in writing on the same day to BANCAJA as Bond Issue subscriber. The Management Company will also notify this to the CNMV, the Paying Agent, AIAF and Iberclear.

The nominal interest rates determined for each Bond Series for successive Interest Accrual Periods shall be communicated to Bondholders within the deadline and in the manner for which provision is made in section 4.1.1.a) of the Building Block.

4.8.1.5 Formula for calculating interest.

Interest settlement for each Series, payable on each Payment Date for each Interest Accrual Period, shall be calculated for each Series in accordance with the following formula:

$$I = P \times \frac{R}{100} \times \frac{d}{360}$$

Where:

I = Interest payable on a given Payment Date, rounded up to the nearest eurocent

P = Outstanding Principal Balance of the Series at the Determination Date preceding that Payment Date.

R = Nominal Interest Rate of the Series expressed as a yearly percentage.

d = Exact number of days in each Interest Accrual Period.

4.8.2 Dates, place, institutions and procedure for paying interest.

Interest on the Bonds in all Series will be paid until they are finally amortised by Interest Accrual Periods in arrears on January 22, April 22, July 22 and October 22 in each year, or the following Business Day if any of those is not a Business Day (each of those dates, a "**Payment Date**"), and interest for the then-current Interest Accrual Period will accrue until said first Business Day, not inclusive, on the terms established in section 4.8.1.2 of this Securities Note.

The first interest Payment Date for the Bonds in each Series shall be July 22, 2008, and interest will accrue at the applicable Nominal Interest Rate between the Closing Date, April 11, 2008, inclusive, and July 22, 2008, exclusive.

In this Bond Issue, business days ("**Business Days**") shall be deemed to be all days other than a:

- public holiday in the city of Madrid, or
- non-business day in the TARGET calendar (Trans European Automated Real-Time Gross Settlement Express Transfer System).

Both interest resulting for Bondholders in each Series and the amount, if any, of interest accrued and not paid, shall be notified to Bondholders as described in section 4.1.1.a) of the Building Block, at least one (1) calendar day in advance of each Payment Date.

Bond interest accrued shall be paid on each Payment Date provided that the Fund has sufficient liquidity to do so in the Priority of Payments or Liquidation Priority of Payments, as the case may be.

In the event that on a Payment Date the Fund should be unable to make full or partial payment of interest accrued on the Bonds in any Series, in the Priority of Payments, the amounts that Bondholders should not have received shall be accumulated on the following Payment Date to interest on the Series proper that, as the case may be, should be paid on that same Payment Date, and will be paid in the Priority of Payments and applied by order of maturity if it should be impossible once again not to pay the same fully due to a shortfall of Available Funds.

Overdue interest amounts shall not earn additional or late-payment interest and shall not be accumulated to the Outstanding Principal Balance of the Bonds in the relevant Series.

The Fund, through its Management Company, may not defer Bond interest payment beyond July 22, 2051, the Final Maturity Date, or the following Business Day if that is not a Business Day.

The Bond issue shall be serviced through the Paying Agent, to which end the Management Company shall, for and on behalf of the Fund, enter into the Paying Agent Agreement with BANCAJA set out in section 5.2.1 of this Securities Note.

4.9 Maturity date and amortisation of the securities.

4.9.1 Bond redemption price.

The redemption price of the Bonds in each Series shall be EUR one hundred thousand (100,000) per Bond, equivalent to 100 percent of their face value, payable as established in section 4.9.2 below.

Each and every one of the Bonds in a same Series shall be amortised in an equal amount by reducing the face amount of each of the Bonds.

4.9.2 Characteristics specific to the amortisation of each Bond Series.

4.9.2.1 Amortisation of Series A Bonds.

Series A Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins until their total face amount has been fully amortised, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series A in accordance with the rules for Distribution of Available Funds for Amortisation given in sections 4.9.3.4 and 4.9.3.5 below, prorated between the Bonds in Series A proper by reducing the face amount of each Series A Bond.

Final amortisation of Series A Bonds shall occur on the Final Maturity Date (July 22, 2051 or the following Business Day if that is not a Business Day), notwithstanding full amortisation before that date due to the partial amortisation for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.2.2 Amortisation of Series B Bonds.

The first partial amortisation of Series B Bonds shall occur once Series A Bonds have been fully amortised. However, even if Series A has not been fully amortised, the Available Funds for Amortisation shall also be applied to amortising Series B on the Payment Date on which the Conditions for Pro Rata Amortisation are satisfied for Series B in accordance with the rules for Distribution of Available Funds for Amortisation, in such a way that the ratio of the Outstanding Principal Balance of Series B to the sum of the Outstanding Principal Balance of Series A, B, C and D remains at 5.505%, or higher percentage closest thereto.

Final amortisation of Series B Bonds shall occur on the Final Maturity Date (July 22, 2051 or the following Business Day if that is not a Business Day), notwithstanding full amortisation before that date due to the partial amortisation for which provision is made, and the fact that the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.2.3 **Amortisation of Series C Bonds.**

The first partial amortisation of Series C Bonds shall occur once Series A and Series B Bonds have been fully amortised. However, even if Series A and Series B have not been fully amortised, the Available Funds for Amortisation shall also be applied to amortising Series C on the Payment Date on which the Conditions for Pro Rata Amortisation are satisfied for Series C in accordance with the rules for Distribution of Available Funds for Amortisation, in such a way that the ratio of the Outstanding Principal Balance of Series C to the sum of the Outstanding Principal Balance of Series A, B, C and D remains at 4.000%, or higher percentage closest thereto.

Final amortisation of Series C Bonds shall occur on the Final Maturity Date (July 22, 2051 or the following Business Day if that is not a Business Day), notwithstanding full amortisation before that date due to the partial amortisation for which provision is made, and the fact that the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.2.4 **Amortisation of Series D Bonds.**

Series D Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins until their total face amount has been fully amortised, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series D in accordance with the rules for Distribution of Available Funds for Amortisation given in sections 4.9.3.4 and 4.9.3.5 below, prorated between the Bonds in Series D proper by reducing the face amount of each Series D Bond.

The first partial amortisation of Series D Bonds shall occur once Series A, Series B Bonds and Series C Bonds have been fully amortised. However, even if Series A, Series B and Series C have not been fully amortised, the Available Funds for Amortisation shall also be applied to amortising Series D on the Payment Date on which the Conditions for Pro Rata Amortisation are satisfied for Series D in accordance with the rules for Distribution of Available Funds for Amortisation, in such a way that the ratio of the Outstanding Principal Balance of Series D to the sum of the Outstanding Principal Balance of Series A, B, C and D remains at 2.000%, or higher percentage closest thereto.

Final amortisation of Series D Bonds shall occur on the Final Maturity Date (July 22, 2051 or the following Business Day if that is not a Business Day), notwithstanding full amortisation before that date due to the partial amortisation for which provision is made, and the fact that the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.3 **Partial amortisation of Series A, B, C and D Bonds.**

Irrespective of the Final Maturity Date and subject to Early Amortisation of the Bond Issue in the event of Early Liquidation of the Fund, the Fund shall, through its Management Company, proceed to partial amortisation of Series A, B, C and D Bonds on each Payment Date other than the Final Maturity Date or upon Early Liquidation of the Fund in accordance with the specific amortisation terms for each Series established in sections 4.9.2.1 to 4.9.2.4 of this Securities Note and on the terms described hereinafter in this section common to Series A, B, C and D.

Determination Periods shall be periods comprising the exact number of days elapsed between every two consecutive Determination Dates, each Determination Period excluding the beginning Determination Date and including the ending Determination Date. Exceptionally:

- (i) the duration of the first Determination Period shall be equal to the days elapsed between the date of establishment of the Fund, inclusive, and the first Determination Date, July 16, 2008, inclusive, and
- (ii) the duration of the last Determination Period shall be equal to the days elapsed a) until the Final Maturity Date or the date on which Early Liquidation of the Fund concludes, as provided for in section 4.4.3 of the Registration Document, on which the Pass-Through Certificates and the assets remaining in the Fund have been liquidated and all the Liquidation Available Funds have been distributed in the Liquidation Priority of Payments of the Fund, b) from the Determination Date preceding the Payment Date preceding the date referred to in a), not including the first date but including the last date.

4.9.3.2 **Outstanding Principal Balance of the Bonds.**

The Outstanding Principal Balance of a Series shall be the sum of the principal pending repayment (outstanding balance) on a given date of all the Bonds in that Series.

By addition, the Outstanding Principal Balance of the Bond Issue shall be the sum of the Outstanding Principal Balance of all four Series A, B, C and D making up the Bond Issue.

4.9.3.3 **Outstanding Balance of the Mortgage Loans.**

The Outstanding Balance of a Mortgage Loan shall be the sum of the capital or principal not yet due and the capital or principal due and not paid into the Fund on the specific Mortgage Loan as at a given date.

The Outstanding Balance of the Mortgage Loans on a date shall be the sum of the Outstanding Balance of each and every one of the Mortgage Loans as at that date.

Delinquent Mortgage Loans shall be deemed to be Mortgage Loans that at a given date are delinquent with a period of arrears in excess of three (3) months in payment of overdue amounts, excluding Doubtful Mortgage Loans. Non-Delinquent Mortgage Loans shall be deemed to be Mortgage Loans that at a given date are not deemed to be either Delinquent Mortgage Loans or Doubtful Mortgage Loans.

Doubtful Mortgage Loans shall be deemed to be Mortgage Loans that at a given date are delinquent with a period of arrears equal to or greater than eighteen (18) months in payment of overdue amounts or classified as bad debts by the Management Company because there are reasonable doubts as to their full repayment based on indications or information obtained from the Servicer. Non-Doubtful Mortgage Loans shall be deemed to be Mortgage Loans that are not deemed to be Doubtful Mortgage Loans at a given date.

4.9.3.4 **Amortisation Withholding and Available Funds for Amortisation on each Payment Date.**

On each Payment Date, the Available Funds shall be used in eighth (8th) place in the order of priority, in accordance with the Priority of Payments, for withholding the amount designed for amortising Series A, B, C and D Bonds as a whole, without distinguishing between those Series ("**Amortisation Withholding**"), in an amount equal to the positive difference, if any, on the Determination Date preceding the relevant Payment Date, between (i) the sum of the Outstanding Principal Balance of Series A, B, C and D, and (ii) the Outstanding Balance of Non-Doubtful Mortgage Loans.

Depending on the liquidity existing on each Payment Date, the amount actually applied of the Available Funds to the Amortisation Withholding shall make up the available funds for amortisation (the "**Available Funds for Amortisation**") and be applied in accordance with the rules for Distribution of Available Funds for Amortisation established hereinafter in section 4.9.3.5 below.

4.9.3.5 Distribution of Available Funds for Amortisation on each Payment Date.

The Available Funds for Amortisation shall be applied on each Payment Date to amortising Series A, B, C and D in accordance with the following rules ("**Distribution of Available Funds for Amortisation**"):

1. The Available Funds for Amortisation shall be sequentially applied firstly to amortising Series A until fully amortised, secondly to amortising Series B until fully amortised, thirdly to amortising Series C until fully amortised and fourthly to amortising Series D until fully amortised, subject to the provisions of rules 2 and 3 below for pro rata amortisation of the different Series .
2. There shall be no exception and, even if Series A has not been fully amortised, the Available Funds for Amortisation shall also be applied to amortising Series B and, as the case may be, Series C and, as the case may be, Series D on the Payment Dates on which the following circumstances are all satisfied ("**Conditions for Pro Rata Amortisation**") in relation to each of these Series :
 - a) In order to amortise Series B, that on the Determination Date preceding the relevant Payment Date:
 - i) the Outstanding Principal Balance of Series B is equal to or greater than 5.505% of the sum of the Outstanding Principal Balance of Series A, B, C and D, and
 - ii) the Outstanding Balance of Delinquent Mortgage Loans does not exceed 1.10% of the Outstanding Balance of Non-Doubtful Mortgage Loans .
 - b) In order to amortise Series C, that on the Determination Date preceding the relevant Payment Date:
 - i) the Outstanding Principal Balance of Series C is equal to or greater than 4.000% of the sum of the Outstanding Principal Balance of Series A, B, C and D, and
 - ii) the Outstanding Balance of Delinquent Mortgage Loans does not exceed 0.85% of the Outstanding Balance of Non-Doubtful Mortgage Loans .
 - c) In order to amortise Series D, that on the Determination Date preceding the relevant Payment Date:
 - i) the Outstanding Principal Balance of Series D is equal to or greater than 2.000% of the sum of the Outstanding Principal Balance of Series A, B, C and D, and
 - ii) the Outstanding Balance of Delinquent Mortgage Loans does not exceed 0.60% of the Outstanding Balance of Non-Doubtful Mortgage Loans .
 - d) In addition, in order to amortise Series B and, as the case may be, Series C and, as the case may be, Series D:
 - i) that the Required Cash Reserve amount should have been fully provisioned on the preceding Payment Date and is to be provisioned on the relevant Payment Date, and
 - ii) that on the Determination Date preceding the relevant Payment Date, the amount of the Outstanding Balance of the Mortgage Loans is equal to or greater than 10 percent of the initial Outstanding Balance upon the Fund being established.
3. In the event that the amortisation of Series B and, as the case may be, of Series C and, as the case may be, of Series D should apply on a Payment Date as provided for in rule 2 above, the Available Funds for Amortisation shall also be applied to amortising Series B and, as the case may be, Series C and, as the case may be, Series D in such a way that the ratio of (i) the Outstanding Principal Balance of Series B and, as the case may be, of Series C and, as the case may be, of Series D to (ii) the sum of the Outstanding Principal Balance of Series A, B, C and D respectively remains at 5.505% and at 4.000% and at 2.000%, or higher percentages closest thereto.

4.9.4 **Early Amortisation of the Bond Issue.**

Subject to the Fund's obligation, through its Management Company, to proceed to final amortisation of the Bonds on the Final Maturity Date or amortisation of each Series before the Final Maturity Date, the Management Company shall be authorised to proceed, as the case may be, to Early Liquidation of the Fund and hence Early Amortisation of the entire Bond Issue in the Early Liquidation Events and subject to the requirements established in section 4.4.3 of the Registration Document and subject to the Liquidation Priority of Payments.

4.9.5 **Final Maturity Date.**

The Final Maturity Date and consequently final amortisation of the Bonds shall be on July 22, 2051 or the following Business Day if that is not a Business Day, without prejudice to the Management Company, for and on behalf of the Fund, and in accordance with the provisions of sections 4.9.2 to 4.9.4 of this Securities Note, proceeding to amortise any or all the Series in the Bond Issue before the Final Maturity Date. Final amortisation of the Bonds on the Final Maturity Date shall be made subject to the Liquidation Priority of Payments.

4.10 **Indication of yield.**

The average life, yield, term and final maturity of the Bonds in each Series depend on several factors, most significant among which are the following:

- i) Each Mortgage Loan repayment schedule and system as established in the relevant contracts.
- ii) The Obligor's capacity to prepay the Mortgage Loans in whole or in part and the aggregate prepayment pace throughout the life of the Fund. In this sense, Mortgage Loan prepayments by Obligor, subject to continual changes, and estimated in this Prospectus using several performance assumptions of the future effective constant annual early amortisation or prepayment rate (hereinafter also "CPR"), are very significant and shall directly affect the pace at which the Bonds are amortised, and therefore their average life and duration.
- iii) The floating interest rates which shall apply to the Mortgage Loans resulting in the repayment amount on every instalment differing.
- iv) The Obligor's delinquency and default in payment of Mortgage Loan instalments.

The following assumed values have been used for the above-mentioned factors in calculating the details contained in the tables of this section:

- Mortgage Loan interest rate: 5.28% weighted average interest rate as at February 29, 2008 of the portfolio of selected mortgage loans which has been used for calculating the repayment and interest instalments of each of the selected mortgage loans;
- Mortgage Loan portfolio delinquency: 0.65% of the Outstanding Balance of the Mortgage Loans, 0.50% being recovered, with 100% recoveries within 18 months of becoming delinquent, and the remaining 0.15% becoming doubtful from October 2009, with 90% recoveries within 18 months of becoming doubtful;
- that the Mortgage Loan prepayment rate remains constant throughout the life of the Bonds;
- that the Bond Closing Date is April 11, 2008; and
- that there is no extension of the term of any of the selected mortgage loans.

The actual adjusted life and the yield or return on the Bonds will also depend on their floating rate. The following nominal interest rates are assumed for each Series for the first Interest Accrual Period, resulting from a straight-line interpolation bearing in mind the number of days in the First Interest Accrual Period between 3-month Euribor (4.736%) and 4-month Euribor (4.735%) as at April 2, 2008, 4.736% being the

resultant interpolated nominal interest rate, and the applicable margins set for each Series in accordance with section 4.8.1.2 of this Securities Note:

	Series A Bonds	Series B Bonds	Series C Bonds	Series D Bonds
Nominal interest rate	5.286%	5.436%	5.936%	6.736%

For successive Interest Accrual Periods, the floating interest rate of the Bonds in each Series is assumed to be constant as follows, resulting from 3-month Euribor (4.736%) as at April 2, 2008 and the applicable margins detailed in the preceding paragraph:

	Series A Bonds	Series B Bonds	Series C Bonds	Series D Bonds
Nominal interest rate	5.286%	5.436%	5.936%	6.736%

4.10.1 Estimated average life, yield or return, duration and final maturity of the Bonds.

Assuming that the Management Company shall exercise the Early Liquidation of the Fund and Early Amortisation of the Bond Issue option provided in section 4.4.3.1.(i) of the Registration Document when the Outstanding Balance of the Mortgage Loans is less than 10% of their initial Outstanding Balance upon the Fund being established, the average life, return (IRR) for the Bond subscriber, duration and final maturity of the Bonds for different CPRs, would be as follows:

The Management Company expressly states that the servicing tables described hereinafter for each Series are merely theoretical and given for illustrative purposes, and represent no payment obligation whatsoever, on the basis that:

- Whereas CPRs are assumed to be constant respectively at 10.00%, 12.00% and 14.00%, throughout the life of the Bond Issue, as explained above actual prepayment changes continually.
- The Outstanding Principal Balance of the Bonds on each Payment Date and hence interest payable on each such dates shall depend on the actual Mortgage Loan prepayment, delinquency and default rates.
- Whereas Bond nominal interest rates are assumed to be constant for each Series from the second Interest Accrual Period, the interest rate in all the Series is known to float.
- The assumed values referred to at the beginning of this section 4.10 are at all events taken for granted.
- It is assumed that the Management Company will exercise the Early Liquidation option of the Fund and thereby proceed to Early Amortisation of the Bond Issue when the Outstanding Balance of the Mortgage Loans is less than 10% of the Initial Outstanding Balance upon the Fund being set up, as provided in section 4.4.3.1.(i) of the Registration Document.
- In this scenario, the Conditions for Pro Rata Amortisation of Series B, C and D apply.
- These are all reasonable assumptions based on the historical performance of securitised mortgage loans granted by BANCAJA to individuals.

On the terms provided for in article 12.1 of Royal Decree 926/1998, it is the Management Company's duty, as the manager of third-party portfolios, to represent and enforce the interests of the holders of the Bonds issued by the Fund and of all its other ordinary creditors. Consequently, the Management Company shall make its actions conditional on their protection and observe the provisions established for that purpose from time to time.

b) Registration by the CNMV.

The establishment of the Fund and issue of the Bonds are subject to the condition precedent of the entry in the Official Registers of the CNMV of this Prospectus and all other supporting documents, in accordance with the provisions of article 5 of Royal Decree 926/1998.

This Prospectus regarding the establishment of the Fund and issue of the Bonds has been entered in the CNMV's Official Registers.

c) Execution of the Fund public deed of constitution.

Upon the CNMV registering this Prospectus, the Management Company shall, with the presence of BANCAJA, as Originator of the Mortgage Loans by issuing the Pass-Through Certificates, proceed to execute on April 9, 2008 a public deed whereby BANCAJA 12 FONDO DE TITULIZACIÓN DE ACTIVOS will be established, BANCAJA will issue and the Fund will subscribe for the Pass-Through Certificates, and the Fund will issue the Asset-Backed Bonds, on the terms provided in article 6 of Royal Decree 926/1998.

The Management Company represents that the contents of the Deed of Constitution shall match the draft Deed of Constitution it has submitted to the CNMV and the terms of the Deed of Constitution shall at no event contradict, change, alter or invalidate the contents of this Prospectus.

The Management Company shall submit a copy of the Deed of Constitution to the CNMV to be entered in the Official Registers by 1pm (CET) on April 10, 2008.

4.13 Issue date of the securities.

The Bond issue date shall be April 9, 2008.

4.13.1 Potential investors to whom the Bonds are offered.

The Bond Issue shall be fully subscribed for by BANCAJA.

4.13.2 Bond Issue subscription payment method and dates.

BANCAJA shall subscribe for the Bond Issue and pay to the Fund by 1pm (CET) on April 11, 2008 (the "Closing Date"), for same day value, the issue price comprising the face value of all the Bonds subscribed for.

4.14 Restrictions on the free transferability of the securities.

There are no restrictions on the free transferability of the Bonds. They may be freely transferred by any means admissible at Law and in accordance with the rules of the AIAF market where they will be traded. A transfer in the accounts (book entry) will convey the ownership of each Bond. The effects of entering the conveyance to the transferee in the accounting record shall be the same as handing over the certificates and the transfer shall thereupon be enforceable on third parties.

5 ADMISSION TO TRADING AND DEALING ARRANGEMENTS.

5.1 Market where the securities will be traded.

In fulfilment of the provisions of article 2.3 of Royal Decree 926/1998, the Management Company shall, upon the Bonds having been paid up, apply for this Bond Issue to be listed on AIAF Mercado de Renta Fija ("AIAF"), which is a qualified official secondary securities market pursuant to transitional provision six of Act 37/1998, November 16, amending the Securities Market Act, and a regulated market, as contained in the Annotated List of Regulated Markets and Additional Provisions under the Investment Services Directive 93/22, published in the Official Journal of the European Communities on March 1, 2008. The Management Company undertakes to do such things as may be necessary in order that definitive admission to trading is achieved not later than one month after the Closing Date.

The Management Company expressly represents that it is aware of the requirements and terms that must be observed for the securities to be eligible to be listed, remain listed and be excluded from listing on the AIAF, in accordance with the laws in force and the requirements of its governing bodies, and the Fund agrees through its Management Company to observe the same.

In the event that, by the end of the one-month period referred to in the first paragraph of this section, the Bonds should not be admitted to trading on the AIAF, the Management Company shall forthwith proceed to notify Bondholders thereof, moreover advising of the reasons resulting in such breach, using the extraordinary notice procedure provided for in section 4.1.2 of the Building Block. This shall be without prejudice to the Management Company being held to be contractually liable, as the case may be, if the delay is due to events exclusively attributable to the same.

5.2 Paying agents and depository agents.

5.2.1 Paying Agent of the Bond Issue.

The Bond Issue will be serviced through BANCAJA as Paying Agent. Payment of interest and repayments shall be notified to Bondholders in the events and in such advance as may be provided for each case in section 4.1.1 of the Building Block. Interest and amortisation shall be paid to Bondholders by the relevant members and to the latter in turn by Iberclear, the institution responsible for the accounting record.

The Management Company shall, for and on behalf of the Fund, enter with BANCAJA into a paying agent agreement to service the Bond Issue, the most significant terms of which are given in section 3.4.7.2 of the Building Block.

6 EXPENSE OF THE OFFERING AND OF ADMISSION TO TRADING.

The expected expenses deriving from setting up the Fund and issue and admission to trading of the Bond Issue are EUR four hundred and thirty-two thousand nine hundred and twenty-two (432,922.00). These expenses include, inter alia, the initial Management Company fee, notary's fees, audit, rating and legal advice fees, CNMV fees, AIAF and Iberclear fees for including the Bonds in the register of book entries, and Prospectus translation and printing expenses.

7 ADDITIONAL INFORMATION.

7.1 Statement of the capacity in which the advisors connected with the issue mentioned in the Securities Note have acted.

GARRIGUES, as independent advisers, have provided legal advice for establishing the Fund and issuing the Bonds and have reviewed the tax implications thereof.

BANCAJA has structured the financial terms of the Fund and of the Bond Issue.

7.2 Other information in the Securities Note which has been audited or reviewed by auditors.

Not applicable.

7.3 Statement or report attributed to a person as an expert.

ERNST & YOUNG have audited the selected mortgage loans on the terms set forth in section 2.2 of the Building Block and have audited BANCAJA's annual accounts for the years ended December 31, 2004 and 2003.

7.4 Information sourced from a third party.

Within its duties to verify the information contained in this Prospectus, the Management Company has received confirmation from BANCAJA as to the truthfulness of the characteristics of BANCAJA as Originator of the Mortgage Loans and of the Pass-Through Certificates, given in section 2.2.8 of the Building Block, and of the remaining information on BANCAJA and the Mortgage Loans given in this Prospectus.

In the Deed of Constitution of the Fund, BANCAJA shall reaffirm to the Management Company the fulfilment of those characteristics on the date on which the Fund is established.

The Management Company confirms that the information sourced from BANCAJA on the selected mortgage loans from which the Mortgage Loans will be taken has been accurately reproduced and, to the best of its knowledge and ability to determine based on that information provided by BANCAJA, no fact has been omitted which might result in the information reproduced being inaccurate or deceptive.

7.5 Credit ratings assigned to the securities by rating agencies.

S&P has, on April 7, 2008, assigned the following provisional ratings to each Bond Series, and expects to assign the same final ratings by 1pm (CET) on April 10, 2008.

Bond Series	S&P Ratings
Series A	AAA
Series B	A
Series C	BBB
Series D	BB

If the Rating Agency should not confirm any of the assigned provisional ratings as final by 1pm (CET) on April 10, 2008, this circumstance would forthwith be notified to the CNMV and be publicised in the manner for which provision is made in section 4.1.2.2 of the Building Block. Furthermore, this circumstance would result in the establishment of the Fund, the Bond Issue and the issue of and subscription for the Pass-Through Certificates terminating, as provided for in section 4.4.4.(v) of the Registration Document.

Rating considerations.

The ratings assigned to each Bond Series by S&P are an opinion as to the Fund's ability to pay interest on a timely basis and pay principal throughout the life of the transaction and, in any event, before the Final Maturity Date.

The Rating Agency's ratings are not an assessment of the likelihood of obligors prepaying principal, nor indeed of the extent to which such prepayments differ from what was originally forecast. The ratings are not by any means a rating of the level of actuarial performance.

The ratings assigned, and any revision or suspension of the ratings:

- (i) are assigned by the Rating Agency based on manifold information received with respect to which it can give no assurance, nor even as to their accuracy or wholeness, wherefore the Rating Agency may in no event be deemed to be responsible therefor; and
- (ii) are not and cannot therefore be howsoever construed as an invitation, recommendation or encouragement for investors to proceed to carry out any transaction whatsoever on the Bonds and, in particular, acquire, keep, charge or sell those Bonds.

In carrying on the rating and monitoring process, the Rating Agency relies on the accuracy and wholeness of the information provided by BANCAJA, the Management Company, and Ernst & Young as auditors of the selected mortgage loans, and on the legal opinion to be issued by GARRIGUES on the date of establishment of the Fund.

The Rating Agency may revise, suspend or withdraw the final ratings assigned at any time, based on any information that may come to its notice. Those events, which shall not constitute early liquidation events of the Fund, shall forthwith be notified to both the CNMV and the Bondholders, in accordance with the provisions of section 4.1 of the Building Block.

ASSET-BACKED SECURITIES NOTE BUILDING BLOCK

(Annex VIII to Commission Regulation (EC) No. 809/2004 of April 29, 2004)

1. SECURITIES

1.1 Minimum denomination of the issue.

The Fund shall be set up by pooling the Pass-Through Certificates to be issued by BANCAJA to be subscribed for by the Fund upon being established and their Outstanding Balance shall be equal to or slightly above EUR two billion one hundred million (2,100,000,000.00), the face value amount of Series A, B, C and D Bonds.

1.2 Confirmation that the information relating to an undertaking or obligor not involved in the issue has been accurately reproduced.

Not applicable.

2. UNDERLYING ASSETS

2.1 Confirmation that the securitised assets have capacity to produce funds to service any payments due and payable on the securities.

The Management Company confirms that, based on their contractual characteristics, the flows of principal, interest and any other amounts generated by the securitised Mortgage Loans allow the payments due and payable on Series A, B, C and D Bonds issued to be satisfied.

Nevertheless, in order to cover for potential payment defaults by the securitised Mortgage Loan Obligors, a number of credit enhancement transactions have been arranged allowing Series A, B, C and D Bond amounts payable to be covered to a different extent and mitigating the interest risk due to the different terms of the interest clauses of the Mortgage Loans and of the Bonds in each Series. In exceptional circumstances, the enhancement transactions could actually fall short. The credit enhancement transactions are described in sections 3.4.2, 3.4.3, 3.4.4 and 3.4.7 of this Building Block.

Not all the Bonds issued have the same risk of default. Hence the different credit ratings assigned by the Rating Agency to the Bonds in each Series, detailed in section 7.5 of the Securities Note.

Upon the occurrence of a (i) substantial alteration or permanent financial imbalance of the Fund due to any event or circumstance whatsoever unrelated to the Fund's operations or (ii) default indicating a serious permanent imbalance in relation to any of the Bonds issued or suggesting that it will occur, the Management Company shall proceed to Early Liquidation of the Fund and thereby Early Amortisation of the Bond Issue on the terms laid down in section 4.4.3 of the Registration Document.

The contents of the preceding paragraphs are provided by the Management Company based on the Originator's representations given in section 2.2.8 of the Building Block in relation to the Pass-Through Certificates and the Mortgage Loans, and to the Originator proper, on the information supplied by the Originator and on the audit report on the portfolio of selected mortgage loans that will mostly be assigned to the Fund.

2.2 Assets backing the issue.

The portfolio of selected mortgage loans from which the Mortgage Loans will be taken, their rights being mostly represented by the Pass-Through Certificates to be subscribed for by the Fund upon being established, comprises 16,397 loans, their outstanding principal as at February 29, 2008 being EUR 2,426,193,872.40 and their overdue principal being EUR 248,229.13.

The contract terms of 2.88% of the selected mortgage loans allow for a lowering of the margin applicable for determining the interest rate by up to not more than 0.30%, provided that the obligor is not more than 90 days in arrears in fulfilment of the payment obligations, and subject to the following requirements:

- a) That the obligor's salary is paid directly into an account at BANCAJA.
- b) That the obligor has taken out an individual Pension Plan through BANCAJA.
- c) That the obligor is the holder of a life insurance policy associated with the mortgage loan, arranged through a BANCAJA Group insurer.

In any event, and even if the above three requirements are satisfied, the minimum margin applicable for determining the interest rate in this type of mortgage loans shall be 0.70%.

Audit of the assets securitised through the Fund.

The most significant characteristics of the selected mortgage loans have been audited by Ernst & Young.

That audit was made using sampling techniques consisting of analysing a number of transactions fewer (sample) than the full selection of loans (population), allowing a conclusion to be arrived at regarding that population. The verification deals with a number of both quantitative and qualitative attributes regarding the sample transactions and specifically regarding: loan and mortgage origination, nature of the loan and obligor, identification of the obligor, loan origination date, loan maturity date, initial loan amount, current loan balance, reference rate or benchmark index, interest rate spread, interest rate applied, mortgaged property, appraisal value, loan-to-value ratio, mortgaged property, address of the mortgaged property, mortgage security, damage insurance, loan transfer and arrears in payment. Mortgage loans in respect of which errors are detected in verifying the sample shall not be assigned to the Fund by BANCAJA.

The audit results shall be set out in a report prepared by Ernst & Young, which is one of the documents on display as determined in section 10 of the Registration Document.

2.2.1 Legal jurisdiction by which the pool of assets is governed.

The securitised assets are governed by Spanish Law.

2.2.2 Description of the general characteristics of the obligors and the economic environment, as well as global statistical data referred to the securitised assets.

The mortgage loans selected are all loans with real estate mortgage security, originated in a public deed granted by BANCAJA to individuals with real estate mortgage security on finished homes (and in addition annexes, if any) located in Spanish territory.

The Mortgage Loans were originated in a public deed subject to the Mortgage Act, February 8, 1946, Mortgage Market Regulation Act 2/1981, March 25, and ancillary laws. The real estate mortgage securities are entered in the relevant Land Registries in respect of the senior-ranked mortgaged properties or, as the case may be, BANCAJA has documents relating to cancellation of the debts originated by previous mortgages which are yet to be struck off the registers.

The Mortgage Loan receivables shall be assigned to the Fund upon BANCAJA issuing and the Fund subscribing for Pass-Through Certificates subject to the provisions of Act 2/1981, Royal Decree 685/1982 and additional provision five of Act 3/1994 as worded by Act 41/2007, on the terms provided for in section 3.3 of this Building Block.

2.2.4 Expiry or maturity date(s) of the assets.

The selected mortgage loans each have a final maturity date without prejudice to periodic partial repayment instalments, on the specific terms applicable to each of them.

Obligors may at any time during the life of the loans prepay all or part of the outstanding capital, in which case the accrual of interest on the part prepaid will cease as of the date on which repayment occurs.

The final maturity date of the selected mortgage loans lies between April 30, 2008 and December 5, 2047, as specified in section 2.2.2.j) of this Building Block.

2.2.5 Amount of the assets.

The Fund shall be set up with the Pass-Through Certificates, representing Mortgage Loan rights, issued by BANCAJA and subscribed for by the Fund upon being established, and their Outstanding Balance shall be equal to or slightly above EUR two billion one hundred million (2,100,000,000.00), the face value amount of Series A, B, C and D Bonds.

The portfolio of selected mortgage loans from which the Mortgage Loans will be taken, their rights being mostly attached to the Pass-Through Certificates to be subscribed for by the Fund upon being established, comprises 16,397 loans, their outstanding principal as at February 29, 2008 being EUR 2,426,193,872.40 and their overdue principal being EUR 248,229.13.

2.2.6 Loan to value ratio or level of collateralisation.

The loan to value ratio or level of collateralisation ratio is given in section 2.2.2.m).

2.2.7 Method of creation of the assets.

The selected mortgage loans, with part of their rights attached to the Pass-Through Certificates, have been granted by BANCAJA following its usual credit risk analysis and assessment procedures for granting mortgage loans to individuals. The following is a summary description of the procedures currently in place at BANCAJA:

1. Private individual lending model used

Lending to private individuals is governed by BANCAJA's credit policy, defined as the criteria, measures and procedures altogether designed for management as a whole to allow a quality credit portfolio to be obtained, minimising the insolvency risk. The main component of that insolvency risk is repayment capacity.

The Risks management at BANCAJA draws up the Basic analysis policies for approving lending transactions, based on a positive repayment capacity for the transaction and the existence of a suitable level of cover and profitability, which shall be specified having regard to the client's particular characteristics, transaction type, amount and term applied for. General policies are the same for any type of lending transaction, but the analysis and tools used differ according to the segment in which the client belongs.

BANCAJA's model relies on an electronic private individual file, which supports customer particulars, to be analysed by the scoring models. These models analyse client payment history through statistical methods.

BANCAJA's risk analysis takes into account the customer's global risk with BANCAJA. In so doing the concept of UER/Group is used, taking two or more enterprises/individuals to make up a Group, for risk purposes, where common shareholders stand for more than 25% of the share capital or they have a

common management (that is, when despite not having a direct interest, management is controlled). Based on a broader judgment, two or more individuals/enterprises will make up a single Group where they have common or cross collaterals and where downturn of one of them can affect the normal development of the other(s).

Economic groups are managed by means of an application integrated in TL4 (an IT tool for all daily operations), which moreover dumps summary information onto the CIN (Information Centre), and permits Groups to be composed and maintained, providing integrated information on Asset positions and CIRBE. The information at the Information Centre gives end-of-month details at time of generation of the information, providing both risk figures and a breakdown by group components, giving the Group's global position global as of that date for the different sinking periods.

2. Empowerment.

BANCAJA has structured a loan approval empowerment system based on BANCAJA's total risk with each "Economic Risk Unit" (UER). Risks are approved on the committees at the various levels depending on the extent of authority.

Management Bodies <i>More than 3% of BANCAJA's equity</i>		
General Manager Risks Committee <i>Up to 3% of BANCAJA's equity</i>		
Business Area <i>Up to €9,000,000</i>		
Business Unit <i>Up to €3,000,000</i>		
Branches		
External Network <i>Up to €1,800,000</i>	Traditional Network <i>Retail banking</i> <i>Up to €1,800,000</i>	Specialised banking <i>Up to €3,000,000</i>

Table: Simplified outline of empowerment at BANCAJA

Risks are approved at the various levels depending on the extent of authority, and that is done by means of the "APA" (asset product authorisation) application. The main object of this application is providing BANCAJA with efficient control and management tools enhancing asset management and providing an assurance that all risks booked were previously authorised at the appropriate level. In essence, the system sees to it that the need for there to be an authorisation is tied to the booking of asset products, and ensures that risk authorisations are issued by whoever has authority to do so.

For every application, the system creates a case file recording the details of the risk to be taken with a customer, automatically assigning a file number uniquely identifying the same. Upon completion of the transaction, an asset account is linked to the file and the system prevents the asset account opened from having risk characteristics or terms different from those approved.

The managers of each Business Area and the Risks Area manager are on the Management Risks Committee. This Committee meets weekly to review applications with an UER in excess of €9 million. This Committee is authorised for approving loans with UER of up to 3% of BANCAJA's equity). For higher risks, the Committee draws up and submits a proposal to BANCAJA's management bodies.

2.2.8 Indication of representations and collaterals given to the issuer relating to the assets.

Representations of the Originator.

The Management Company reproduces below the representations and warranties that BANCAJA shall, as holder of the Mortgage Loans until assigned to the Fund and as issuer of the Pass-Through Certificates, give and make to the Fund and to the Management Company in the Deed of Constitution.

- (7) That the Mortgage Loans are all originated in a public deed, and the mortgages are all duly granted and entered in the relevant Land Registries. The registration of the mortgaged properties is in force and has not been howsoever opposed and is subject to no limitation whatsoever taking precedence over the mortgage, in accordance with the applicable regulations.

- (12) That the Obligors are all individuals and are not employees, officers or directors of BANCAJA.

- (41) That nobody has a preferred right over the Fund in and to the Mortgage Loans, as holder of the Pass-Through Certificates.

2.2.9 Substitution of the securitised assets.

Set rules for substituting Pass-Through Certificates or otherwise repayment to the Fund.

1. In the event of early amortisation of the Pass-Through Certificates upon the relevant Mortgage Loan capital being prepaid, there will be no substitution of the affected Pass-Through Certificates.
2. In the event that during the full term of the Pass-Through Certificates it should be found that any of them fail to conform to the representations given in section 2.2.8 above upon the Fund being established, BANCAJA agrees, subject to the Management Company's consent, to proceed forthwith to remedy and, if that is not possible, substitute or, as the case may be, redeem the affected Pass-Through Certificates not substituted, by early amortisation of the affected Pass-Through Certificates, subject to the following rules:
 - (i) The party becoming acquainted with the existence of a Pass-Through Certificate in that circumstance, be it the Originator or the Management Company, shall advise the other party in writing. The Originator shall have a period of not more than fifteen (15) Business Days from said notice to remedy that circumstance if it may be so remedied or proceed to substitution of the affected Pass-Through Certificates, notifying the Management Company of the characteristics of the mortgage loans intended to be assigned to take their stead, which shall fulfil the representations given in section 2.2.8 above and be of the same kind as to residual term, interest rate and outstanding principal value as the affected Pass-Through Certificates and mortgage ranking and loan to value ratio of the mortgaged property or properties of the Pass-Through Certificates to be replaced, in order for the financial balance of the Fund not to be affected by such substitution, nor indeed the rating of the Bonds in connection with the provisions of section 7.5 of the Securities Note. Once the Management Company has checked the appropriateness of the substitute mortgage loan or loans, and after advising the Originator expressly of loans suitable for such substitution, such substitution shall be made by early amortisation of the affected Pass-Through Certificates and issuing the new substitute pass-through certificates.

Substitution shall be recorded in a public deed subject to the same formalities established for the assignment of the Pass-Through Certificates upon the Fund being established, and shall be notified to the CNMV and to the Rating Agency. The Management Company shall provide the CNMV, the undertaking in charge of the Bond accounting record and the Rating Agency with a copy of the public deed.
 - (ii) In the event that here should be no substitution of the affected Pass-Through Certificates in accordance with rule (i) above, the affected Pass-Through Certificates not substituted shall be amortised early. That early amortisation shall take place by a repayment in cash to the Fund by the Originator of the outstanding principal of the affected Pass-Through Certificates not substituted, interest accrued and not paid, calculated until the repayment date, and any other amount owing to the Fund under those Pass-Through Certificates.
 - (iii) In the event of paragraphs (i) and (ii) above occurring, BANCAJA shall be vested in all the rights attaching to those Pass-Through Certificates accruing from the date of substitution or repayment to the Fund or accrued and not due, and overdue amounts on that same date.
3. In particular, the amendment by the Servicer during the life of the Mortgage Loans of their terms without regard to the limits established in the special laws applicable and, in particular, to the terms agreed between the Fund, represented by the Management Company, and the Originator in this Prospectus, in the Deed of Constitution and in the Servicing Agreement, which would therefore be an absolutely exceptional amendment, would constitute a unilateral breach by the Servicer of its duties which should not be borne by the Fund or by the Management Company.

Upon any such breach occurring, the Fund may, through the Management Company: (i) demand payment of the relevant damages and losses and (ii) request replacement or repayment of the affected Pass-Through Certificates, in accordance with the procedure provided for in paragraph 2 above of this section, which shall not result in the Servicer guaranteeing that the transaction will be successfully completed, but only the requisite redress of the effects resulting from the breach of its duties, in accordance with article 1124 of the Civil Code.

The expenses originated by the actions to remedy the Originator's breach shall be borne by the Originator and cannot be charged to the Fund or the Management Company. The Management Company shall notify the CNMV of Pass-Through Certificate replacements on the terms of the procedure provided for in paragraph 2 above.

2.2.10 Relevant insurance policies relating to the assets.

In accordance with BANCAJA's representation (21) given in section 2.2.8.2 of this Building Block, the properties mortgaged as security for the Mortgage Loans all have at least damage insurance and the insured sum thereunder is not less than the appraisal value of the mortgaged property or mortgaged properties, excluding elements that cannot by nature be insured, or that BANCAJA has taken out a secondary global insurance policy ensuring damage insurance cover in the event of that insurance not existing or of the insured sums falling short of the current loan balance. The policy taken out by BANCAJA was taken out with MAPFRE, S.A. The total sum insured by this general policy amounts to EUR 593,015,073.

Other than the general insurance policy described above, no details are included regarding concentration of the Insurers because the current status of the insurance policies taken out by the obligors and their data is not supported or updated in the Originator's computer records. Nevertheless, any possible concentration of Insurers has not been considered significant for the credit enhancement transaction.

Not applicable.

2.2.14 Where the assets comprise equity securities, a description of the principal terms.

2.2.15 If the assets comprise equity securities that are not traded on a regulated or equivalent market, where they represent more than ten (10) per cent of the securitised assets, a description of the principal terms.

Not applicable.

2.2.16 Valuation reports relating to the property and cash flow/income streams where a material portion of the assets are secured on real property.

The appraisal values of the properties securing the selected mortgage loans correspond to appraisals made by appraisers for the purpose of granting and arranging the selected mortgage loans.

2.3 Actively managed assets backing the issue.

Not applicable.

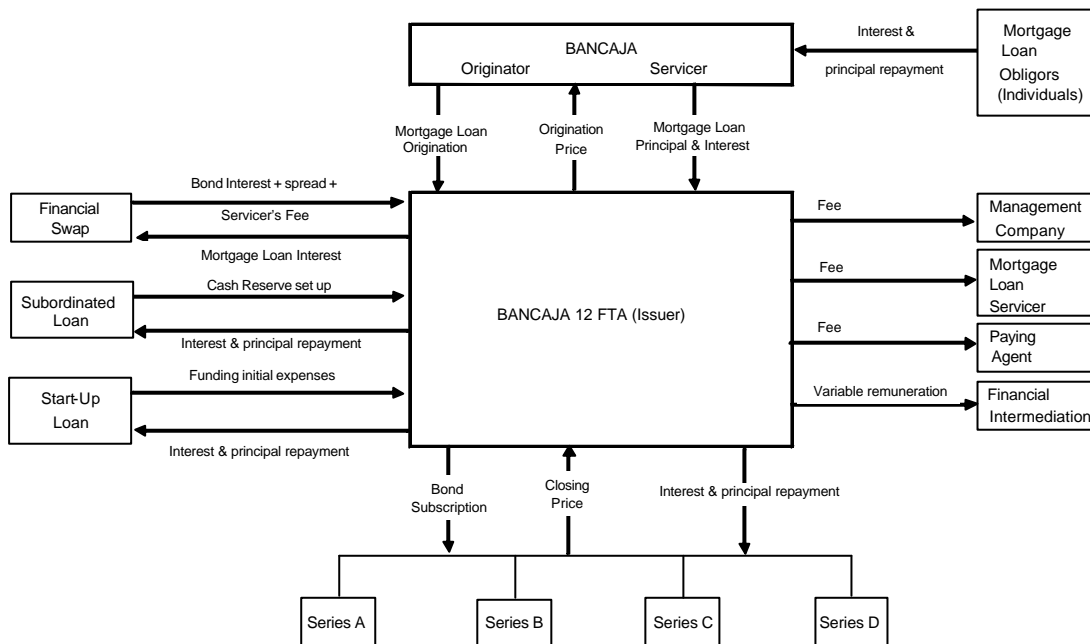

2.4 Where the issuer proposes to issue further securities backed by the same assets, statement to that effect and description of how the holders of that class will be informed.

Not applicable.

- (ii) BANCAJA is the originator of the Mortgage Loans to be assigned to the Fund upon being established, shall be a Lead Manager, shall fully subscribe for the Bond Issue, has structured the financial terms of the Fund and the Bond Issue, and shall be the Fund's counterparty under the Guaranteed Interest Rate Account (Treasury Account), Start-Up Loan, Subordinated Loan, Financial Swap, Mortgage Loan Servicing and Pass-Through Certificate Custody, Financial Intermediation and Bond Paying Agent Agreements.
- (iii) BANCAJA and JPMORGAN shall be the Lead Managers of the Bond Issue.

The description of the institutions referred to in the preceding paragraphs is given in section 5.2 of the Registration Document.

The Management Company represents that the summary descriptions of these agreements, given in the relevant sections of this Prospectus, which it shall enter into for and on behalf of the Fund, include the most substantial and relevant information on each agreement, duly reflect their contents and that no information has been omitted which might affect the contents of the Prospectus.

3.3 Description of the method and date of the sale, transfer, novation or assignment of the assets or of any rights and/or obligations in the assets to the issuer.

3.3.1 Perfecting the assignment of the Mortgage Loan receivables to the Fund.

The Deed of Constitution shall perfect the issue by BANCAJA of the Pass-Through Certificates which shall be the instruments for assigning the Mortgage Loan receivables effective upon the very date on which the Fund is established, and their subscription by the Fund, represented by the Management Company.

The Pass-Through Certificates will be issued in accordance with the provisions of Act 2/1981 and Additional Provision Five of Act 3/1994, as currently worded, and other applicable laws.

The Pass-Through Certificates shall be represented by means of a registered multiple certificate which shall contain the minimum data provided in article 64 of Royal Decree 685/1982, March 17, implementing certain aspects of Mortgage Market Regulation Act 2/1981, March 25 ("**Royal Decree 685/1982**"), and specifically the registration particulars of the mortgaged properties securing the Mortgage Loans.

The Pass-Through Certificates may be transferred by a written statement on the very certificate and, in general, by any of the means admitted by Law. Transfer of the Pass-Through Certificate and the new holder's address shall be notified by the transferee to the issuer. They may only be acquired or held by institutional or professional investors, and may not be acquired by the unspecialised public.

BANCAJA, as the issuer, shall keep a special book in which it shall enter the Pass-Through Certificates issued and the changes of address notified by Pass-Through Certificate holders, moreover including therein (i) Mortgage Loan origination and maturity dates, amount and settlement method; and (ii) the registration particulars of the mortgage securing the Mortgage Loans.

Given that the Fund is an institutional investor and that the Fund has subscribed for the Pass-Through Certificates, for the purposes of paragraph two of article 64.6 of Royal Decree 685/1982, the issue of the Pass-Through Certificates shall not be subject to a marginal note on each entry of the mortgage underlying each Mortgage Loan in the Land Registry.

The assignment by BANCAJA to the Fund of the Mortgage Loan receivables, by issuing and subscribing for the Pass-Through Certificates, shall not be notified to the respective Obligors, which notice is not compulsory in order for the assignment to be effective. However, in the event of insolvency, or indications thereof, administration by the Bank of Spain, liquidation of the Originator or substitution of the Originator as Servicer, or because the Management Company deems it reasonably justified, the Management Company may demand the Servicer to notify Obligors (and third-party guarantors and mortgaged property insurers, if any) of subscription by the Fund of the Pass-Through Certificates representing the outstanding Mortgage Loan rights, and that the payments derived therefrom will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify Obligors (and third-party guarantors and mortgaged property insurers, if any) within five (5) Business Days of receiving the request and in the event of the Servicer becoming insolvent, the Management Company itself shall directly or, as the case may be, through a new Servicer it shall have designated, notify Obligors.

3.3.2 Pass-Through Certificate issue and subscription terms.

1. The Mortgage Loan receivables will be fully and unconditionally assigned, perfected by issuing the Pass-Through Certificates, from the date of establishment and for the entire term remaining until maturity of each Mortgage Loan.
2. The Pass-Through Certificates shall be represented by means of registered certificates as established in section 3.3.4 below.

3. BANCAJA shall, in accordance with article 348 of the Commercial Code and 1529 of the Civil Code, be liable to the Fund for the existence and lawfulness of the Mortgage Loans, and for the personality with which the issue of the Pass-Through Certificates is made, but shall not be liable for Obligors' creditworthiness.

Moreover, BANCAJA shall not, in accordance with article 5.8 of Act 19/1992, bear the risk of default on the Mortgage Loans and shall therefore have no liability whatsoever for default by the Obligors of Mortgage Loan principal, interest or any other amount owing by the Obligors. BANCAJA will moreover have no liability whatsoever to directly or indirectly guarantee that the transaction will be properly performed, nor give any guarantees or security, nor indeed agree to replace or repurchase the Pass-Through Certificates, saving as provided for in section 2.2.9 of this Building Block.

4. The Pass-Through Certificates will be issued in respect of 100 percent of the outstanding principal and interest and any and all other amounts, assets or rights attaching to each of the relevant Mortgage Loans, excluding fees if any established for each Mortgage Loan, which shall remain for the benefit of BANCAJA.

Specifically, the Pass-Through Certificates shall confer on the Fund as their holder the following rights in relation to each Mortgage Loan:

- a) To receive all Mortgage Loan capital or principal repayment amounts accrued.
- b) To receive all Mortgage Loan principal ordinary interest amounts accrued.
- c) To receive all Mortgage Loan late-payment interest amounts accrued.
- d) To receive any other amounts, real properties, assets or rights received as payment of Mortgage Loan principal, interest or expenses, either in the form of knock-down price or amount determined by a court decision or notarial procedure in enforcing the mortgage securities, on the sale or utilisation of real properties awarded or, upon foreclosing, in the administration or interim possession of the real properties in foreclosure proceedings.
- e) To receive all possible rights or compensations accruing for the Originator, including not only those derived from the damage insurance contracts attached to the Mortgage Loans which are also assigned to the Fund, but also those derived from any right collateral to the Mortgage Loans, excluding fees if any established for each Mortgage Loan, which shall remain for the benefit of the Originator.

The above-mentioned rights will all accrue for the Fund from the Pass-Through Certificate issue date. Interest shall moreover include interest accrued and not due since the last interest settlement date on each Mortgage Loan, on or before the Pass-Through Certificate issue date and overdue interest, if any, on each Mortgage Loan as of the issue date.

5. Until the execution of the Deed of Constitution, BANCAJA shall be the beneficiary of the damage insurance contracts taken out by the Obligors in relation to the properties mortgaged as security for the Mortgage Loans, up to the insured amount.

BANCAJA shall thereupon perfect the assignment attached to the issue of the Pass-Through Certificates of the rights BANCAJA has as the beneficiary of those damage insurance contracts taken out by the Obligors and the general damage insurance policy taken out by BANCAJA. As the holder of the Pass-Through Certificates, the Fund shall be entitled to all the amounts BANCAJA would have received under these policies.

6. In the event of prepayment of the Mortgage Loans upon a full or partial principal prepayment, there will be no substitution of the affected Pass-Through Certificates.
7. The Fund's rights resulting from the Pass-Through Certificates shall be linked to payments made by the Obligors and are therefore directly affected by the evolution, late payments, prepayments or any other incident in connection with the Mortgage Loans.

8. The Fund shall defray any and all expenses or costs resulting for the Originator derived from recovery actions in the event of a breach by the Mortgage Loan Obligors of their obligations, including enforcement proceedings against the same.
9. In the event of renegotiation consented to by the Management Company, for and on behalf of the Fund, of the Mortgage Loans, or their due dates, the change in the terms shall affect the Fund.

3.3.3 Pass-Through Certificate issue price.

The Pass-Through Certificate issue price shall be at par with the face value of the Mortgage Loan capital. The aggregate amount payable by the Fund represented by the Management Company to BANCAJA for subscribing for the Pass-Through Certificates shall be an amount equivalent to the sum of (i) the face value of the capital or principal outstanding on each Mortgage Loan, and (ii) ordinary interest accrued and not due and overdue interest, if any, on each Mortgage Loan on the Pass-Through Certificate issue date (the “**accrued interest**”).

The Management Company shall pay the total Pass-Through Certificate subscription amount on behalf of the Fund as follows:

1. The part of the amount consisting of the face value of the capital of all the Mortgage Loans, item (i) of the first paragraph of this section, shall be paid by the Fund on the Closing Date of the Bond Issue, for same day value, upon the subscription for the Bond Issue being paid up. BANCAJA shall receive no interest on the deferment of payment until the Closing Date.
2. The part of the price consisting of payment of interest accrued on each Mortgage Loan, item (ii) of the first paragraph of this section, shall be paid by the Fund on each collection date falling on the first interest settlement date of each Mortgage Loan, irrespective of collection of the relevant instalment, and will not be subject to the Fund Priority of Payments.

If the establishment of the Fund and hence the issue of and subscription for the Pass-Through Certificates should terminate, (i) the Fund's obligation to pay the total Pass-Through Certificate subscription price shall terminate, and (ii) the Management Company shall be obliged to restore to BANCAJA any rights whatsoever accrued for the Fund upon subscription for the Pass-Through Certificates .

3.4 Explanation of the flow of funds.

3.4.1 How the cash flow from the assets will meet the issuer's obligations to holders of the securities.

The Mortgage Loan amounts received by the Servicer will be paid by the Servicer into the Fund's Treasury Account on the seventh day after the date on which they are received by the Servicer or the following business day if that is not a business day, for same day value. In this connection, business days shall be taken to be all those that are business days in the Savings Bank sector in the city of Valencia.

The weighted average interest rate of the mortgage loans selected as at February 29, 2008, as detailed in section 2.2.2.g) of this Building Block, is 5.28%, which is below the 5.32% weighted average interest rate of the Bonds that has been presumed for hypothetical purposes in the table contained in section 4.10 of the Securities Note. Nevertheless, the Financial Swap Agreement partly mitigates the interest rate risk occurring in the Fund because the Mortgage Loans are subject to floating interest with benchmark indices and reset and settlement periods that differ from the floating interest established for the Bonds based on 3-month Euribor and with quarterly accrual and settlement periods. Additionally, the Financial Swap includes a 0.50% excess margin.

Quarterly on each Payment Date Bondholders will be paid interest accrued and principal repayment on the Bonds in each Series on the terms set for each of them and in the Priority of Payments given in section 3.4.6.2 of this Building Block.

3.4.2 Information on any credit enhancement.

3.4.2.1 Description of the credit enhancement.

The following credit enhancement transactions are incorporated to the financial structure of the Fund:

- (i) Cash Reserve set up by drawing down the Subordinated Loan.
Mitigates the Mortgage Loan delinquency and default credit risk.
- (ii) Financial Swap.
Partly mitigates the interest rate risk occurring in the Fund because the Mortgage Loans have floating interest rates with benchmark indices and reset and settlement periods differing from the floating interest established for the Bonds based on 3-month Euribor with quarterly accrual and settlement periods. Additionally, a 0.50% excess margin is included.
- (iii) Treasury Account.
Partly mitigates the loss of return on the liquidity of the Fund due to the timing difference between daily Mortgage Loan income received and until Bond interest payment and principal repayment on the next succeeding Payment Date.
- (iv) Subordination and deferment in interest payment and principal repayment between the Bonds in the different Series, derived from their place in the application of the Available Funds as well as the rules for Distribution of Available Funds for Amortisation in the Priority of Payments, or in the application of the Liquidation Available Funds in the Liquidation Priority of Payments, are a means for distinctly hedging the different Series.

3.4.2.2 Cash Reserve.

The Management Company shall set up on the Closing Date an Initial Cash Reserve by drawing fully the Subordinated Loan principal and shall subsequently, on each Payment Date, keep the Required Cash Reserve amount provisioned in the Fund Priority of Payments.

The characteristics of the Cash Reserve shall be as follows:

Cash Reserve amount.

1. The Cash Reserve shall be set up on the Closing Date at a sum of EUR forty-two million (42,000,000.00) ("**Initial Cash Reserve**").
2. Subsequently to being set up, on each Payment Date, the Cash Reserve shall be provisioned up to the Required Cash Reserve amount established hereinafter out of the Available Funds in the Priority of Payments.

The required Cash Reserve amount on each Payment Date (the "**Required Cash Reserve**") shall be the lower of the following:

- (i) EUR forty-two million (42,000,000.00).
 - (ii) The higher of:
 - a) 4.00% of the Outstanding Principal Balance of the Bond Issue.
 - b) EUR twenty-one million (21,000,000.00).
3. Notwithstanding the above, the Required Cash Reserve shall not be reduced on the relevant Payment Date and shall remain at the Required Cash Reserve amount on the preceding Payment Date whenever any of the following circumstances concur on the Payment Date:

- i) That, on the Determination Date preceding the relevant Payment Date, the amount of the Outstanding Balance of Delinquent Mortgage Loans is greater than 1.00% of the Outstanding Balance of Non-Doubtful Mortgage Loans .
- ii) That the Cash Reserve could not be provisioned up to the Required Cash Reserve amount on the relevant Payment Date.
- iii) That the average margin added to the relevant benchmark index for determining the nominal interest rate of the Mortgage Loans, weighted by the outstanding principal of the Mortgage Loans , is equal to or less than 0.66%.
- iv) That three (3) years have not elapsed since the date of establishment of the Fund.

Yield.

The Cash Reserve amount shall remain credited to the Treasury Account, and will be remunerated on the terms of the Guaranteed Interest Rate Account (Treasury Account) Agreement.

Application.

The Cash Reserve shall be applied on each Payment Date to satisfying Fund payment obligations in the Priority of Payments and in the Liquidation Priority of Payments.

3.4.3 Details of any subordinated finance.

3.4.3.1 Subordinated Loan.

The Management Company shall, for and on behalf of the Fund, enter with BANCAJA into an agreement on the date on which the Fund is established whereby BANCAJA shall grant to the Fund a commercial subordinated loan totalling EUR forty-two million (42,000,000.00) (the "**Subordinated Loan Agreement**"). The Subordinated Loan amount shall be delivered on the Closing Date and be applied to setting up the Initial Cash Reserve on the terms for which provision is made in section 3.4.2.2 of this Building Block, although granting of the Loan by no means guarantees performance of the securitised Mortgage Loans.

Subordinated Loan principal shall be repaid on each Payment Date in an amount equal to the positive difference existing between the outstanding Subordinated Loan principal at the Determination Date preceding the relevant Payment Date and the Required Cash Reserve amount at the relevant Payment Date, and in the application priority established for that event in the application of Available Funds in the Priority of Payments.

In the event that the Fund should not have sufficient liquidity to proceed to the relevant Subordinated Loan repayment on a Payment Date, in the Priority of Payments, the portion of principal not repaid shall be repaid on the next succeeding Payment Date along with the amount that should be repaid, as the case may be, on that same Payment Date, until fully repaid.

The Subordinated Loan shall at all events be finally due on the Final Maturity Date or, as the case may be, on the date on which the Management Company proceeds to Early Liquidation subject to the Liquidation Priority of Payments of the Fund.

Outstanding Subordinated Loan principal shall earn floating annual nominal interest, determined quarterly in each Interest Accrual Period, which shall be the result of adding: (i) the Reference Rate determined for the Bonds, and (ii) a 1.50% margin. This interest will be payable only if the Fund should have sufficient liquidity in the Priority of Payments or, as the case may be, the Liquidation Priority of Payments. Interest shall be settled and be payable on the date of expiration of each Interest Accrual Period on each Payment Date, and shall be calculated based on: (i) the exact number of days in each Interest Accrual Period and (ii) a three-hundred-and-sixty- (360-) day year. The first interest settlement date shall fall on July 22, 2008.

Interest accrued and not paid on a Payment Date shall not be accumulated to the Subordinated Loan principal and shall not earn late-payment interest.

All Subordinated Loan amounts due and not paid to BANCAJA because of a shortfall of Available Funds shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments. Payment of amounts not paid on preceding Payment Dates shall take precedence over amounts falling due under the Subordinated Loan on that Payment Date, satisfying in the first place overdue interest and secondly principal repayment in the Priority of Payments or the Liquidation Priority of Payments, as the case may be.

The Subordinated Loan Agreement shall be fully terminated in the event that the Rating Agency should not confirm the provisional rating assigned to the Bonds as the final rating by 1pm (CET) on April 10, 2008.

3.4.3.2 Start-Up Loan.

The Management Company shall, for and on behalf of the Fund, enter with BANCAJA into a commercial loan agreement amounting to EUR six hundred thousand (600,000.00) (the "**Start-Up Loan Agreement**"). The Start-Up Loan amount shall be delivered on the Closing Date and be allocated to financing the expenses of setting up the Fund and issue and admission of the Bonds, partly financing subscription for the Pass-Through Certificates in an amount equal to the difference between their total capital and the total face amount of Series A, B, C and D.

Outstanding Start-Up Loan principal will accrue floating annual nominal interest, determined quarterly for each Interest Accrual Period, which shall be the result of adding: (i) the Reference Rate determined for the Bonds, and (ii) a 2.00% margin. This interest will be payable only if the Fund should have sufficient liquidity in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments. Interest shall be settled and be payable on the expiration date of each Interest Accrual Period on each Payment Date, and shall be calculated based on: (i) the exact number of days in each Interest Accrual Period, and (ii) a three-hundred-and-sixty- (360-) day year. The first interest settlement date shall be July 22, 2008.

Interest accrued and not paid on a Payment Date shall not be accumulated to the Start-Up Loan principal nor earn late-payment interest.

Start-Up Loan Principal will be repaid quarterly on each Payment Date as follows:

- (i) The portion of Start-Up Loan principal actually used to finance the Fund set-up and Bond issue and admission expenses shall be repaid in twenty (20) consecutive quarterly instalments in an equal amount, on each Payment Date, the first of which shall be the first Payment Date, July 22, 2008, and the following until the Payment Date falling on April 22, 2013, inclusive.
- (ii) The portion of Start-Up Loan principal used to partly finance subscription for the Pass-Through Certificates and the portion not used, if any, shall be repaid on the first Payment Date, July 22, 2008.

All Start-Up Loan amounts due and not paid to BANCAJA because of a shortfall of Available Funds shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments. Payment of amounts not paid on preceding Payment Dates shall take precedence over amounts falling due under the Start-Up Loan on that Payment Date, in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

The Start-Up Loan Agreement shall not be terminated upon the establishment of the Fund being terminated in the event that the Rating Agency should fail to confirm any of the provisional ratings assigned as final by 1pm (CET) on April 10, 2008 in accordance with the provisions of section 4.4.4.(v) of the Prospectus Registration Document. In that event, the Start-Up Loan shall be used to pay the expenses of setting up the Fund and issue and admission of the Bonds and all other obligations undertaken by the Management Company, for and on behalf of the Fund, originated upon the Fund being established and which are due and payable, and principal repayment shall be deferred and subordinated to satisfaction of those obligations, out of the Fund's remaining assets.

3.4.3.3 Subordination of Series B, C and D Bonds.

Series B Bond interest payment and principal repayment is deferred with respect to Series A Bonds, saving the provisions of section 4.9.3.5 of the Securities Note in relation to the Conditions for Pro Rata Amortisation of Series A, B, C and D principal, as provided in the Priority of Payments and in the Liquidation Priority of Payments of the Fund.

Series C Bond interest payment and principal repayment is deferred with respect to Series A and Series B Bonds, saving the provisions of section 4.9.3.5 of the Securities Note in relation to the Conditions for Pro Rata Amortisation of Series A, B, C and D principal, as provided in the Priority of Payments and in the Liquidation Priority of Payments of the Fund.

Series D Bond interest payment and principal repayment is deferred with respect to Series A, Series B and Series C Bonds, other than as provided for in section 4.9.3.5 of the Securities Note in relation to the Conditions for Pro Rata Amortisation of Series A, B, C and D principal, as provided in the Priority of Payments and in the Liquidation Priority of Payments of the Fund.

Sections 4.6.1 and 4.6.2 of the Securities Note detail the order numbers of Bond interest payment and principal repayment in each Series in the priority of payments of the Fund.

3.4.4 Investment parameters for the investment of temporary liquidity surpluses and parties responsible for such investment.

3.4.4.1 Treasury Account.

The Management Company, for and on behalf of the Fund, and BANCAJA shall enter into a Guaranteed Interest Rate Account (Treasury Account) Agreement whereby BANCAJA will guarantee a certain variable yield on the amounts paid by the Fund through its Management Company into a financial account. The Guaranteed Interest Rate Account (Treasury Account) Agreement shall specifically determine that all amounts received by the Fund will be paid into a financial account in euros (the “**Treasury Account**”) opened at BANCAJA, in the name of the Fund by the Management Company, which amounts shall mostly consist of the following items:

- (i) cash amount received upon subscription for the Bond Issue being paid up;
- (ii) Mortgage Loan principal repaid and interest collected;
- (iii) any other Mortgage Loan amounts received owing to the Fund and the proceeds of the sale or utilisation of properties or assets awarded or under administration or interim possession in foreclosure proceedings;
- (iv) the Cash Reserve amount from time to time;
- (v) Start-Up Loan principal drawn down;
- (vi) Financial Swap Agreement amounts paid to the Fund;
- (vii) the amounts of the returns obtained on Treasury Account balances; and
- (viii) the amounts of interim withholdings on the return on investments to be effected on each relevant Payment Date on the Bond interest paid by the Fund, until due for payment to the Tax Administration.

BANCAJA shall pay an annual nominal interest rate, variable quarterly and settled quarterly, other than for the first interest accrual period, the duration of and the interest settlement for which shall be based on the duration of that period, applicable for each interest accrual period (differing from the Interest Accrual Period established for the Bonds) to the positive daily balances if any on the Treasury Account, equal to the Bond Reference Rate determined for each Bond Interest Accrual Period substantially matching each Treasury Account interest period. Interest shall be settled on the expiration date of each interest accrual period, on each settlement date, on January 17, April 17, July 17 and October 17 and shall be calculated based on: (i) the exact number of days in each interest accrual period, and (ii) a three-hundred-and-sixty

(360-) day year. The first interest accrual period shall comprise the days elapsed between the date of establishment of the Fund and the first settlement date, July 17, 2008.

In the event that the rating of BANCAJA's short-term unsecured and unsubordinated debt obligations or the institution in which the Treasury Account is opened (the "**Treasury Account Provider**") should, at any time during the life of the Bond Issue, be downgraded below A-1 by S&P (in accordance with S&P's updated counterparty criteria dated May 8, 2007 -*Revised Framework For Applying Counterparty Supporting Party Criteria*-), the Management Company shall within not more than sixty (60) days from the time of the occurrence of such circumstance put in place, after notifying the Rating Agency, any of the options described hereinafter allowing a suitable level of guarantee to be maintained with respect to the commitments derived from the Guaranteed Interest Rate Account (Treasury Account) Agreement in order for the rating given to the Bonds by the Rating Agency not to be adversely affected:

- a) Obtaining from an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1 by S&P, and subject at all times to the prior communication to the Rating Agency, a first demand guarantee securing for the Fund, merely upon the Management Company so requesting, prompt payment by the Treasury Account Provider of its obligation to repay the amounts credited to the Treasury Account, for such time as the Treasury Account Provider remains downgraded below A-1.
- b) Transferring the Fund's Treasury Account to an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1 by S&P, arranging the highest possible yield for its balances, which may differ from that arranged with the Treasury Account Provider under the Guaranteed Interest Rate Account (Treasury Account) Agreement.
- c) If a) and b) above are not possible, obtaining from the Treasury Account Provider or a third party collateral security in favour of the Fund on financial assets with a credit quality of not less than that of Spanish State Government Debt (*Deuda Pública del Estado Español*) on the Closing Date, in an amount sufficient to guarantee the commitments established in the Guaranteed Interest Rate Account (Treasury Account) Agreement.
- d) In the event of b) above occurring and that the Treasury Account Provider's short-term unsecured and unsubordinated debt obligations should subsequently be upgraded back to A-1 by S&P, the Management Company shall subsequently transfer the balances back to the Treasury Account Provider under the Guaranteed Interest Rate Account (Treasury Account) Agreement.

All costs, expenses and taxes incurred in connection with putting in place and arranging the above shall be borne by the Treasury Account Provider or, as the case may be, the substitute Treasury Account Provider.

BANCAJA shall agree, forthwith upon its credit rating being downgraded, to use commercially reasonable efforts in order that the Management Company may adopt any of (a), (b) and (c) above.

3.4.5 Collection by the Fund of payments in respect of the assets.

The Servicer shall manage collection of all Mortgage Loan amounts payable by the Obligors. The Servicer shall use every effort in order for payments to be made by the Obligors to be collected in accordance with the contractual terms and conditions of the Mortgage Loans.

The Mortgage Loan amounts received by the Servicer shall be paid by the Servicer in full into the Fund's Treasury Account on the seventh day after the day on which they were received by the Servicer, or the following business day if that is not a business day, for same day value. In this connection, business days shall be taken to be all those that are business days in the savings bank sector in the city of Valencia.

Nevertheless, in the event that the rating of the Servicer's short-term unsecured and unsubordinated debt obligations should be downgraded below A2 by S&P, the Mortgage Loan amounts received by the Servicer shall be paid by the Servicer to the Fund crediting the Treasury Account on the first day after the day on which they were received by the Servicer or the following business day if that is not a business day, for same day value.

If the Servicer's downgrade below A-2 by S&P could result in a downgrade of the ratings given by S&P to each Bond Series, the Servicer shall do any of the following:

- (i) obtain from an institution with short-term unsecured and unsubordinated debt obligations rated at least A-1 by S&P within not more than thirty (30) days starting from the time of the occurrence of that circumstance, a first demand guarantee, satisfying the S&P criteria in force from time to time, at such an amount as to allow the ratings given to the Bonds by S&P to be maintained; or
- (ii) post collateral in the form of cash in favour of the Fund in order for there to be no detriment to the rating given to the Bonds by S&P, within not more than ten (10) days starting from the time of the occurrence of the aforesaid circumstance, with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1 by S&P, at an amount equivalent to the aggregate estimated amount of the Mortgage Loan repayment and interest instalments which would become due during one month from the date on which the A-2 rating by S&P is lost, and at a CPR based on the historical CPR of the Mortgage Loans assigned to the Fund. The Fund may only draw on the amount of such deposit to the extent of the amounts, if any, not received owing to the Fund and received by the Servicer deriving from the Mortgage Loans.

All costs, expenses and taxes incurred in connection with doing and arranging the above shall be borne by the Servicer.

The Management Company may issue the same instructions in the event that the Servicer's short-term unsecured and unsubordinated debt obligations should not be rated by S&P.

The Servicer may at no event pay any amount whatsoever to the Fund not previously received from the Obligor as payment for the Mortgage Loans.

3.4.6 Order of priority of payments made by the issuer.

3.4.6.1 Source and application of funds on the Bond Closing Date and until the first Payment Date, exclusive.

The source and application of the amounts available to the Fund on the Bond Issue Closing Date shall be as follows :

1. **Source:** the Fund shall have the following funds :
 - a) Bond subscription payment

Income under a), b) and f) above received by the Fund and credited to the Treasury Account from the preceding Determination Date, exclusive, until the relevant Payment Date, shall not be included in the Available Funds on the relevant Payment Date, and that amount shall remain credited to the Treasury Account, to be included in the Available Funds on the following Payment Date.

2. Application: Priority of Payments.

The Available Funds shall be applied on each Payment Date to meeting payment or withholding obligations falling due on each Payment Date in the following priority of payments, irrespective of the time of accrual, other than the application established in the 1st place, which may be made at any time as and when due:

1. Payment of the Fund’s properly supported taxes and ordinary⁽¹⁾ and extraordinary⁽²⁾ expenses, whether or not they were disbursed by the Management Company, including the management fee due to the latter, and all other expenses and service fees, including those derived from the Paying Agent Agreement. Only expenses prepaid or disbursed on the Fund’s behalf by and Mortgage Loan amounts reimbursable to the Servicer, provided they are all properly supported, shall be made to the Servicer under the Servicing Agreement in this priority.
2. Payment to the Servicer of the fee established in the Servicing Agreement.
3. Payment of net amounts, if any, payable by the Fund under the Financial Swap Agreement and, only in the event of termination of the Agreement following a breach by the Fund or because the latter is the party affected by any termination event, payment of the settlement payment amounts payable by the Fund.
4. Payment of interest due on Series A Bonds.
5. Payment of interest due on Series B Bonds unless this payment is deferred to 9th place in the priority of payments.

This payment shall be deferred to 9th place if on the Determination Date preceding the relevant Payment Date the cumulative Outstanding Balance of Doubtful Mortgage Loans, reckoned at the amount of the Outstanding Balance as of the date of classification of the Doubtful Mortgage Loan, since the Fund was established exceeds 10.74% of the Outstanding Balance of the Mortgage

Loans upon the Fund being established and provided that Series A Bonds have not been or are not to be fully amortised on the relevant Payment Date.

6. Payment of interest due on Series C Bonds unless this payment is deferred to 10th place in the priority of payments.

This payment shall be deferred to 10th place if on the Determination Date preceding the relevant Payment Date the cumulative Outstanding Balance of Doubtful Mortgage Loans, reckoned at the amount of the Outstanding Balance as of the date of classification of the Doubtful Mortgage Loan, since the Fund was established exceeds 7.49% of the Outstanding Balance of the Mortgage Loans upon the Fund being established and provided that Series A and Series B Bonds have not been or are not to be fully amortised on the relevant Payment Date.

7. Payment of interest due on Series D Bonds unless this payment is deferred to 11th place in the priority of payments.

This payment shall be deferred to 11th place if on the Determination Date preceding the relevant Payment Date the cumulative Outstanding Balance of Doubtful Mortgage Loans, reckoned at the amount of the Outstanding Balance as of the date of classification of the Doubtful Mortgage Loan, since the Fund was established exceeds 5.86% of the Outstanding Balance of the Mortgage Loans upon the Fund being established and provided that Series A, Series B and Series C Bonds have not been or are not to be fully amortised on the relevant Payment Date.

8. Series A, B, C and D Bond principal Amortisation Withholding in an amount equivalent to the positive difference existing on the Determination Date preceding the relevant Payment Date between (i) the sum of the Outstanding Principal Balance of Series A, B, C and D, and (ii) the Outstanding Balance of Non-Doubtful Mortgage Loans.

Depending on the liquidity existing on each Payment Date, the amount actually applied to Series A, B, C and D Bond principal Amortisation Withholding shall constitute the Available Funds for Amortisation which shall be applied in accordance with the rules for Distribution of Available Funds for Amortisation established in section 4.9.3.5 of the Securities Note.

9. Payment of interest due on Series B Bonds when this payment is deferred from 5th place in the priority of payments as established therein.
10. Payment of interest due on Series C Bonds when this payment is deferred from 6th place in the priority of payments as established therein.

16. Payment of interest due on the Start-Up Loan.
17. Repayment of Start-Up Loan principal in the amortised amount.
18. Payment of the Financial Intermediation Margin.

When accounts payable for different items exist in a same priority order number on the Payment Date and the Available Funds are not sufficient to settle the amounts due under all of them, application of the remaining Available Funds shall be prorated among the amounts payable under each such item, and the amount applied to each item shall be distributed in the priority in which the accounts payable fall due.

- (1) The following shall be considered ordinary expenses of the Fund:
- a) Any expenses deriving from mandatory administrative verifications, registrations and authorisations, other than payment of the expenses of setting up the Fund and issue and admission of the Bonds.

The Fund's ordinary expenses in its first year, including the management fee due to the Management Company and those derived from the Paying Agent Agreement, are estimated at EUR two hundred and twenty-five thousand (225,000.00). Because most of those expenses are directly related to the Outstanding Principal Balance of Series A, B, C and D and those balances shall fall throughout the life of the Fund, the Fund's ordinary expenses will also fall as time goes by.

- (2) The following shall be considered extraordinary expenses of the Fund:
- a) Expenses, if any, deriving from preparing and perfecting an amendment of the Deed of Constitution and of the agreements, and from entering into additional agreements.

2. Distribution of Available Funds for Amortisation.

The rules for Distribution of Available Funds for Amortisation are respectively given in sections 4.9.3.4 and 4.9.3.5 of the Securities Note.

The Management Company shall proceed to liquidate the Fund upon the Fund being liquidated on the Final Maturity Date or upon Early Liquidation in accordance with the provisions of sections 4.4.3 and 4.4.4 of the Registration Document, by applying the following available funds (the "**Liquidation Available Funds**"): (i) the Available Funds, (ii) the amounts obtained by the Fund from time to time upon disposing of the Pass-Through Certificates and the remaining assets, and, as the case may be, (iii) the amount drawn under the credit facility arranged and exclusively used for final amortisation of Series A, B, C and D Bonds then outstanding, in accordance with the provisions of section 4.4.3.3.(iii) of the Registration Document, in the following order of priority of payments (the "**Liquidation Priority of Payments**"):

3. Payment to the Servicer of the fee established in the Servicing Agreement.
4. Payment of amounts, if any, due upon termination of the Financial Swap Agreement and, only in the event of termination of the Agreement following a breach by the Fund or because the Fund is the party affected by any termination event, payment of the settlement payment amounts payable by the Fund.

6. Repayment of Series A Bond principal.
7. Payment of interest due on Series B Bonds.
8. Repayment of Series B Bond principal.
9. Payment of interest due on Series C Bonds.
10. Repayment of Series C Bond principal.

12. Repayment of Series D Bond principal.
13. In the event of the credit facility being arranged for early amortisation of Series A, B, C and D Bonds then outstanding as provided for in section 4.4.3.3.(iii) of the Registration Document, payment of financial costs accrued and repayment of principal drawn on the credit facility arranged.
14. Payment of interest due on the Subordinated Loan.
15. Repayment of Subordinated Loan principal.
16. Payment of the settlement payment amounts, if any, payable by the Fund under the Financial Swap Agreement other than in the events provided for in 4th place above (i.e., in the event of termination of the Agreement following a breach by the Fund's counterparty or because the Fund is the party affected by any termination event).
17. Payment of Start-Up Loan interest due.
18. Repayment of Start-Up Loan principal
19. Payment of the Financial Intermediation Margin.

Where receivables for different items exist in a same priority order number on the Final Maturity Date or upon Early Liquidation and the Liquidation Available Funds are not sufficient to settle the amounts due under all of them, application of the remaining Liquidation Available Funds shall be prorated among the amounts payable under each such item, and the amount applied to each item shall be distributed in the priority in which the accounts payable fall due.

3.4.6.4 Financial Intermediation Margin.

The Management Company shall, for and on behalf of the Fund, enter with the Originator into a Financial Intermediation Agreement designed to remunerate the Originator for the financial intermediation process carried out, enabling the financial transformation defining the Fund's activity, the subscription by the Fund for the Pass-Through Certificates and the rating assigned to each Bond Series.

The Originator shall be entitled to receive from the Fund a variable subordinated remuneration (the "**Financial Intermediation Margin**") which shall be determined and accrue upon expiration of every quarterly period, comprising, other than for the first period, the three calendar months next preceding each Payment Date, in an amount equal to the positive difference, if any, between income and expenditure, including losses brought forward from previous years, if any, accrued by the Fund with reference to its accounts and before the close of the months of March, June, September and December.

The Financial Intermediation Margin accrued at the close of the months of March, June, September and December shall be settled on the Payment Date next succeeding the last day of each of said months, provided that the Fund has sufficient liquidity in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments of the Fund.

Exceptionally, the first accrual period for the Financial Intermediation Margin shall be comprised between the date on which the Fund is established and June 30, 2008, both inclusive, which is the last day of the month preceding the first Payment Date. The first settlement date of the Financial Intermediation Margin shall be on the first Payment Date, July 22, 2008.

If the Fund should not have sufficient liquidity on a Payment Date in the Priority of Payments to pay the full Financial Intermediation Margin, the amount not paid shall accumulate without any penalty whatsoever on the Financial Intermediation Margin accrued, as the case may be, in the following quarterly period and shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments. Financial Intermediation Margin amounts not paid on preceding Payment Dates shall be paid with priority over the amount payable on the relevant Payment Date.

The Financial Intermediation Agreement shall be fully terminated in the event that the Rating Agency should not confirm any of the provisional ratings assigned to each Bond Series as final by 1pm (CET) on April 10, 2008.

3.4.7 Other arrangements upon which payments of interest and principal to investors are dependent.

3.4.7.1 Financial Swap.

The Management Company shall, for and on behalf of the Fund, enter with BANCAJA into a financial swap agreement (the "**Financial Swap Agreement**" or the "**Financial Swap**") based on the Spanish Banking Association's standard Master Financial Transaction Agreement (CMOF), the most relevant characteristics of which are described below.

Under the Financial Swap Agreement, the Fund will make payments to BANCAJA calculated on the Mortgage Loan interest rate and in consideration BANCAJA will make payments to the Fund calculated on the weighted average Nominal Interest Rate of the Bond Series and other items, the foregoing as described hereinafter.

Party A : The Fund, represented by the Management Company.

Party B : BANCAJA.

1. Settlement dates.

The settlement dates shall fall on the Bond Payment Dates, i.e. on January 22, April 22, July 22 and October 22 in every year, or the next succeeding Business Day if any of these dates is not a Business Day. The first settlement date shall be July 22, 2008.

The variable amounts payable by Party A and by Party B for each respective settlement period shall be netted and be paid by the paying Party to the receiving Party on each Payment Date.

2. Settlement periods.

Party A:

The Party A settlement periods shall be the exact number of days elapsed between two consecutive Determination Dates, not including the first but including the last date. Exceptionally, a) the length of the first Party A settlement period shall be equivalent to the exact number of days elapsed between the date of establishment of the Fund, inclusive, and July 16, 2008, the first Determination Date, inclusive, and b) the length of the last Party A settlement period shall be equivalent to the exact number of days elapsed between the Determination Date preceding the date on which the Financial Swap Agreement terminates, exclusive, and the date on which termination occurs, inclusive.

Party B:

The Party B settlement periods shall be the exact number of days elapsed between two consecutive settlement dates, including the first but not including the last date. Exceptionally, a) the length of the first Party B settlement period shall be equivalent to the exact number of days elapsed between the Bond Issue Closing Date, inclusive, and July 22, 2008, exclusive, and b) the length of the last Party B settlement period shall be equivalent to the exact number of days elapsed between the Payment Date preceding the date on which the Financial Swap Agreement terminates, inclusive, and the date on which termination occurs, exclusive.

3. Face Amount.

This shall be on each settlement date the daily average during the next preceding Party A settlement period of the Outstanding Balance of Non-Delinquent Mortgage Loans.

4. Party A amounts payable.

This shall be on each settlement date the result of applying the Party A Interest Rate, determined for the next preceding Party A settlement period, to the Face Amount according to the number of days in the Party A settlement period and based on a three-hundred-and-sixty- (360-) day year.

4.1 Party A Interest Rate.

For each Party A settlement period this shall be the annual interest rate resulting from dividing (i) the sum of the total Mortgage Loan interest amount received and paid into the Fund during the Party A settlement period, decreased by the amount of interest accrued as appropriate upon subscription for the Pass-Through Certificates paid by the Fund, as the case may be, during the same Party A settlement period, by (ii) the Face Amount, multiplied by the result of dividing 360 by the number of days in the Party A settlement period.

5. Party B amounts payable.

This shall be on each settlement date the result of adding (i) the amount resulting from applying the Party B Interest Rate, determined for the Party B settlement period falling due, to the Face Amount according to the number of days in the Party B settlement period falling due, and based on a three-hundred-and-sixty- (360-) day year, and (ii) the amount on the relevant settlement date of the fee accrued under the Servicing Agreement or, in the event of replacement, under a new servicing agreement.

5.1 Party B Interest Rate.

For each Party B settlement period this shall be the annual interest rate resulting from adding (i) the Nominal Interest Rate applicable to each Bond Series determined for the then-current Interest Accrual Period coinciding with each Party B settlement period, weighted by the Outstanding Principal Balance in each Series during that then-current Interest Accrual Period and (ii) 0.50%.

6. Maturity Date.

This shall be the earlier of the dates on which events (i) to (iv) listed for termination of the Fund occur in accordance with the provisions of section 4.4.4 of the Registration Document.

7. Events of default particular to the Financial Swap Agreement.

If on a Payment Date the Fund (Party A) should not have sufficient liquidity to make payment of the full net amount, if any, payable to Party B, the portion of this net amount not paid shall be settled on the following Payment Date provided that the Fund has sufficient liquidity in the Priority of Payments. Should such event of non-payment occur on two consecutive Payment Dates, Party B may choose to terminate the Financial Swap Agreement (Termination). In this event, the Fund (Party A) shall accept the obligation to pay the settlement amount established to which it is bound on the terms of the Financial Swap Agreement, the foregoing in the Priority of Payments or, as the case may be, the Liquidation Priority of Payments. Should the settlement amount under the Financial Swap Agreement be a payment obligation for Party B and not for the Fund (Party A), Party B shall take over the obligation to pay the settlement amount provided for in the Financial Swap Agreement.

Similarly, if on a Payment Date Party B should not make payment of the full amount payable to the Fund (Party A), the Management Company, for and on behalf of the Fund, may choose to terminate the Financial Swap Agreement (Termination). In that event, Party B shall accept the obligation to pay the settlement amount established in the Financial Swap Agreement. Should the settlement amount under the Financial Swap Agreement be due by the Fund (Party A) and not by Party B, payment thereof by the Fund (Party A) shall be made in the Priority of Payments or, as the case may be, the Liquidation Priority of Payments.

Without prejudice to the foregoing, other than in an event of permanent financial imbalance of the Fund, the Management Company shall endeavour, for and on behalf of the Fund, to enter into a new swap agreement on terms substantially identical with the terminated Financial Swap Agreement.

8. Actions in the event of change in the rating of Party B.

In accordance with valid S&P criteria, subject at all times to change or revision in the future:

In the event that the rating of the short-term unsecured and unsubordinated debt obligations of Party B (or its successor) should, at any time during the life of the Bonds, be downgraded to A-2 (or its equivalent) by S&P, then Party B (or its successor) shall become an ineligible Financial Swap counterparty and shall: (i) post collateral to Party A, within not more than 10 Business Days, at an amount covering 125% of the Financial Swap mark-to-market value, in accordance with the criteria then in force published by S&P, and (ii) within not more than 60 calendar days:

(A) transfer all of its rights and obligations with respect to the Financial Swap Agreement to a replacement third party with short-term unsecured and unsubordinated debt obligations rated at least A-1 by S&P; or

(B) procure a credit institution suitable for S&P with short-term unsecured and unsubordinated debt obligations rated at least A-1 by S&P to secure by means of a first demand bank guarantee, satisfying the S&P criteria in force from time to time, the obligations of Party B under the Financial Swap Agreement.

Any collateral shall be subject to the Bond rating given by S&P being confirmed and maintained by S&P. All costs deriving from any of the actions defined above shall be borne by the ineligible counterparty.

9. Other characteristics of the Financial Swap Agreement.

9.1 Party B may only assign all its rights and obligations under the Financial Swap Agreement, subject to Party A's consent, to a third party with a required rating by S&P, subject to notice to the Rating Agency and to the CNMV.

9.2 The Financial Swap Agreement shall be submitted to Spanish laws.

9.3 The Financial Swap Agreement shall be fully terminated in the event that the Rating Agency should not confirm the provisional ratings assigned to each of the Series as final by 1pm (CET) on April 10, 2008.

9.4 The occurrence, as the case may be, of the Termination of the Financial Swap Agreement will not in itself be an Early Amortisation event of the Bond Issue and an Early Liquidation event of the Fund referred to in sections 4.9.4 of the Securities Notes and 4.4.3 of the Registration Document, unless in conjunction with other events or circumstances related to the net asset value of the Fund, its financial balance should be materially or permanently altered.

3.4.7.2 Bond Issue Paying Agent.

The Bond Issue will be serviced through BANCAJA as Paying Agent. Payment of interest and repayments shall be notified to Bondholders in the events and in such advance as may be provided for each case in section 4.1.1 of the Building Block. Interest and amortisation shall be paid to Bondholders by the relevant members and to the latter in turn by Iberclear, the institution responsible for the accounting record.

The Management Company shall, for and on behalf of the Fund, enter with BANCAJA into a paying agent agreement to service the Bonds issued by the Fund (the "**Paying Agent Agreement**").

The obligations to be taken on by BANCAJA (the "**Paying Agent**") under this Paying Agent Agreement are summarily as follows:

- (i) On each Bond Payment Date, paying interest and, as the case may be, repaying Bond principal, after deducting the total amount of the interim tax withholding for return on investments to be made in accordance with applicable tax laws.
- (ii) On each Interest Rate Fixing Date, notifying the Management Company of the Reference Rate determined to be used as the basis for the Management Company to calculate the Nominal Interest Rate applicable to each Bond Series.

In the event that the rating of BANCAJA's short-term unsecured and unsubordinated debt obligations should, at any time during the life of the Bond Issue, be downgraded below A-1 by S&P, the Management Company shall within not more than sixty (60) days, from the time of the occurrence of that circumstance, after notifying the Rating Agency, do any of the following: (i) obtain from an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1 by S&P, a first demand guarantee securing for the Fund, merely upon the Management Company so requesting, the commitments made by the Paying Agent, for such time as the Paying Agent remains downgraded below A-1, or (ii) revoke the Paying Agent's designation as Paying Agent and thereupon designate another institution with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1 by S&P to take its place before terminating the Paying Agent Agreement. Should BANCAJA be replaced as Paying Agent, the Management Company shall be entitled to change the fee payable to the substitute institution, which may be higher than that established with BANCAJA under the Paying Agent Agreement.

BANCAJA shall agree, forthwith upon its credit rating being downgraded, to use commercially reasonable efforts in order that the Management Company may replace it as Paying Agent.

In consideration of the services provided by the Paying Agent, the Fund shall pay it a 0.01% fee, inclusive of taxes, if any, on the amount to be distributed to Bondholders on each Bond Payment Date during the term of the Paying Agent Agreement, payable on the same Payment Date, provided that the Fund has sufficient liquidity and in the Priority of Payments or, as the case may be, the Liquidation Priority of Payments.

In the event that the Fund should not have sufficient liquidity to pay said full fee, then the amounts accrued and not paid shall be accumulated without any penalty whatsoever to the fee falling due on the following Payment Date, unless that absence of liquidity should continue, in which case the amounts due shall build up until fully paid on the Payment Date on which they are settled.

The Bond Paying Agent Agreement shall be fully terminated in the event that the Rating Agency should not confirm the provisional ratings assigned to each Series as final ratings by 1pm (CET) on April 10, 2008.

Consequently, the Management Company shall make its actions conditional on their protection and observe the provisions established for that purpose from time to time. Bondholders and all other ordinary creditors of the Fund shall have no recourse against the Fund Management Company, other than for a breach of its duties or failure to observe the provisions of the Deed of Constitution and the Prospectus.

In any event, those actions shall require that the Management Company previously notify and first secure the authorisation, if necessary, of the CNMV or competent administrative body and notify the Rating Agency, and provided that such actions are not detrimental to the rating assigned to the Bonds by the Rating Agency. The Deed of Constitution or the agreements may also be corrected upon a request by the CNMV.

- (xiv) Watching that the amounts credited to the Treasury Account return the yield set in the Agreement.
- (xv) Calculating the Available Funds, the Available Funds for Amortisation, the Liquidation Available Funds and the payment or withholding obligations to be complied with, and applying the same in the Priority of Payments or the Liquidation Priority of Payments, as the case may be.

3.7.1.3 Resignation and substitution of the Management Company.

The Management Company shall be substituted in managing and representing the Fund, in accordance with articles 18 and 19 of Royal Decree 926/1998 set forth hereinafter and with subsequent rules statutorily established in that connection.

Resignation.

- (i) The Management Company may resign its management and authorised representative duties with respect to all or part of the funds managed whenever it deems this fit, applying to be substituted in a letter addressed to the CNMV, including a designation of the substitute management company. That

letter shall enclose a letter from the new management company, declaring its willingness to take over that function and applying for the appropriate authorisation.

- (ii) The CNMV's substitution authorisation shall be subject to meeting of the following requirements:
 - (a) The substituted Management Company's delivery of the accounting records and data files to the new management company. That delivery will only be taken to have been made when the new management company is able to fully take over its function and that circumstance is notified to the CNMV.
 - (b) The rating accorded to the securities by the Rating Agency should not fall as a result of the proposed substitution.
- (iii) The Management Company may in no event resign its duties until and unless all requirements and formalities have been complied with in order for its substitute to take over its duties.
- (iv) The substitution expenses originated shall be borne by the resigning Management Company and may in no event be passed on to the Fund.
- (v) The substitution shall be published within fifteen days by means of a notice inserted in two nationwide newspapers and in the bulletin of the organised secondary market where the Bonds issued by the Fund are listed. Furthermore, the Management Company shall notify the Rating Agency of that substitution.

Forced substitution.

- (i) In the event that the Management Company should be adjudged insolvent, it shall find a substitute management company, in accordance with the provisions of the foregoing section.
- (ii) In the event for which provision is made in the preceding section, if four months should have elapsed from the occurrence determining the substitution and no new management company should have been found willing to take over management, there shall be early liquidation of the Fund and amortisation of the Bonds issued by the same and of the loans, in accordance with the provisions of this Prospectus and of the Deed of Constitution.

The Management Company agrees to execute such public and private documents as may be necessary for it to be substituted by another management company, in accordance with the system for which provision is made in the preceding paragraphs of this section. The substitute management company shall be substituted in the Management Company's rights and duties under this Prospectus. Furthermore, the Management Company shall hand to the substitute management company such accounting records and data files as it may have to hand in connection with the Fund.

3.7.1.4 Subcontracting.

The Management Company shall be entitled to subcontract or subdelegate to solvent and reputable third parties the provision of any of the services it has to provide as the manager and authorised representative of the Fund, as established in this Prospectus, provided that the subcontractor or delegated party waives the right to take any action holding the Fund liable. In any event, subcontracting or delegating any service (i) may not result in an additional cost or expense for the Fund, (ii) shall have to be legally possible, (iii) shall not result in the rating accorded to each Bond Series by the Rating Agency being downgraded, and (iv) shall be notified to the CNMV and, where statutorily required, will first be authorised by the CNMV. Notwithstanding any subcontracting or subdelegation, the Management Company shall not be exonerated or released, under that subcontract or subdelegation, from any of the liabilities undertaken in this Prospectus which may be legally attributed or ascribed to it.

3.7.1.5 Management Company's remuneration.

In consideration of the functions to be discharged by the Management Company, the Fund will pay it a management fee consisting of:

- (i) An initial fee which shall accrue upon the Fund being established and be payable on the Closing Date.
- (ii) A periodic fee, accruing daily from the date on which the Fund is established until it terminates, and to be settled and paid by Interest Accrual Periods in arrears on each Payment Date subject to the Priority of Payments or, as the case may be, the Liquidation Priority of Payments, consisting of (i) a fixed amount and (ii) a variable part on the sum of the Outstanding Principal Balance of Series A, B, C and D on the Determination Date preceding the relevant Payment Date, which may not exceed the maximum amount determined.

If on a Payment Date the Fund should not have sufficient liquidity to settle the periodic fee in full in accordance with the Priority of Payments, the amount due not paid shall accrue interest equal to the Bond Reference Rate, and shall be paid with the relevant fee payable on the following Payment Date, unless that absence of liquidity should continue, in which case the amounts due and interest thereon shall build up on the following Payment Dates until paid in full.

3.7.2 Servicing and custody of the securitised assets.

3.7.2.1 Ordinary system and procedures for servicing and managing the Mortgage Loans.

1. Custody of deeds, policies, agreements, documents and files.

The Servicer shall keep all deeds, documents and data files relating to the Mortgage Loans and the damage insurance policies of the mortgaged properties under safe custody and shall not give up their possession, custody or control other than with the Management Company's prior written consent for it to do so, unless a document should be required to institute proceedings to claim a Mortgage Loan, or any other competent authority should so require informing the Management Company.

The Servicer shall allow the Management Company or the auditors of the Fund duly authorised thereby reasonable access at all times to the aforesaid deeds, documents, records and policies. Furthermore, whenever it is required to do so by the Management Company, it shall provide within two (2) Business Days of that request and clear of expenses, a copy or photocopy of any such deeds and documents.

2. Collection management.

The Servicer shall continue managing collection of all Mortgage Loan amounts payable by the Obligors and any other item including under the insurance contracts of the mortgaged properties securing the Mortgage Loans. The Servicer shall use all reasonable efforts for payments to be made by the Obligors to be collected in accordance with the contractual terms and conditions of the Mortgage Loans.

The Mortgage Loan amounts received by the Servicer owing to the Fund shall be paid by the Servicer into the Fund's Treasury Account on the seventh day after the date on which they were received by the Servicer, or the following business day, for same day value, if that is not a business day. In this connection, business days shall be taken to be all those that are business days in the savings bank sector in the capital city of Valencia.

Nevertheless, in the event that the rating of the Servicer's short-term unsecured and unsubordinated debt obligations should be downgraded below A-2 by S&P, the Mortgage Loan amounts received by the Servicer shall be paid to the Fund crediting the Treasury Account on the first day after the date on which they were received by the Servicer or the following business day, if that is not a business day, for same day value.

If the Servicer's downgrade below A-2 by S&P could result in a downgrade of the ratings given by S&P to each Bond Series, the Servicer shall do any of the following:

- (i) obtain from an institution with short-term unsecured and unsubordinated debt obligations rated at least A-1 by S&P within not more than thirty (30) days starting from the time of the occurrence of that circumstance, a first demand guarantee, satisfying the S&P criteria in force from time to time, at such an amount as to allow the ratings given to the Bonds by S&P to be maintained; or
- (ii) post collateral in the form of cash in favour of the Fund in order for there to be no detriment to the rating given to the Bonds by S&P, within not more than ten (10) days starting from the time of the occurrence of the aforesaid circumstance, with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1 by S&P, at an amount equivalent to the aggregate estimated amount of the Mortgage Loan repayment and interest instalments which would become due during one month from the date on which the A-2 rating by S&P is lost, and at a CPR based on the historical CPR of the Mortgage Loans assigned to the Fund. The Fund may only draw on the amount of such deposit to the extent of the amounts, if any, not received owing to the Fund and received by the Servicer deriving from the Mortgage Loans.

All costs, expenses and taxes incurred in connection with doing and arranging the above shall be borne by the Servicer.

The Management Company may issue the same instructions in the event that the Servicer's short-term unsecured and unsubordinated debt obligations should not be rated by S&P.

The Servicer may in no event pay any amount whatsoever to the Fund not previously received from the Obligors as payment for the Mortgage Loans.

3. Fixing the interest rate.

Because the Mortgage Loan interest rate floats, the Servicer shall continue fixing the interest rates applicable in each interest period as established in the respective Mortgage Loan agreements, submitting such communications and notices as may be established therein.

4. Information.

The Servicer shall regularly communicate to the Management Company the information relating to the individual characteristics of each Mortgage Loan, to fulfilment by the Obligor of their obligations under the Mortgage Loans, to delinquency status and ensuing changes in the characteristics of the Mortgage Loans, and to actions to demand payment in the event of late payment, court actions and auction of real properties, the foregoing using the procedures and timing established in the Servicing Agreement.

Furthermore, the Servicer shall prepare and hand to the Management Company such additional information relating to the Mortgage Loans or the rights attaching thereto as the Management Company may reasonably request, and in particular the documents required for the Management Company, as the case may be, to bring legal actions.

5. Mortgage Loan subrogation.

The Servicer shall be authorised to permit substitutions in the Obligor's position under the Mortgage Loan agreements, exclusively where the new Obligor's characteristics are not less creditworthy than those of the former Obligor and those characteristics observe the mortgage lending policies described in section 2.2.7 of this Building Block, and further provided that the expenses derived from that change are fully borne by the Obligor. The Management Company may fully or partially limit this authority of the Servicer or set conditions therefor, in the event that those substitutions might adversely affect the ratings accorded to the Bonds by the Rating Agency.

In relation to Mortgage Loans, the mortgagor may apply for subrogation to the Servicer in connection with the Mortgage Loans pursuant to Act 2/1994. Subrogation of a new creditor under the Mortgage Loan and the ensuing payment of the amount due shall, as the case may be, result in prepayment of the Mortgage Loan and early amortisation of the respective Pass-Through Certificate.

6. Authorities and actions in relation to Mortgage Loan renegotiation procedures.

The Servicer may not voluntarily cancel the Mortgage Loans or their mortgages or security arrangements for any reason other than payment of the Mortgage Loan, relinquish or settle in regard thereto, forgive the Mortgage Loans in full or in part or extend the same, or in general do anything that may diminish the legal effectiveness, ranking or economic value of the Mortgage Loans or of the mortgages or security arrangements, without prejudice to its heeding requests by Obligor using the same efforts and procedure as if they were own mortgage loans. In particular, the Servicer shall not impose clauses limiting the interest rate amount applicable to the Mortgage Loans.

Notwithstanding the above, the Management Company, as manager of third-party portfolios and having regard to Obligor's requests to the Servicer directly or under Act 2/1994, may instruct or first authorise the Servicer to agree with the Obligor, subject to the terms and conditions for which provision is made in this section, for a novation changing the relevant Mortgage Loan, either by a renegotiation of the margin applicable for determining the interest rate or by an extension of the maturity period, provided that those novations are not detrimental to mortgage ranking.

Without prejudice to the provisions hereinafter, any novation changing a Mortgage Loan subscribed by the Servicer shall be made exclusively with the prior consent of the Management Company, on behalf of the Fund, and the Servicer agrees to seek such consent from the Management Company as soon as it is aware that an Obligor has requested a change. The Management Company shall nevertheless initially authorise the Servicer to entertain and accept renegotiations of the margin applicable for determining the interest rate and extending the maturity period of the Mortgage Loans, without requiring the prior consent of the Management Company, subject to the following general enabling requirements:

a) Renegotiating the margin applicable for determining the interest rate.

1. The Servicer may under no circumstance entertain on its own account and without being so requested by the Obligor, renegotiations of the margin applicable for determining the interest rate ("**Interest Rate Renegotiation**") which may result in a decrease in the interest rate applicable to a Mortgage Loan. In any event, any Mortgage Loan Interest Rate Renegotiation shall be taken on and resolved bearing in mind the interests of the Fund and the Servicer shall, without encouraging an Interest Rate Renegotiation, act in relation to such Interest Rate Renegotiation bearing in mind the Fund's interests at all times.
2. Subject to the provisions of paragraph 3 below, the Servicer shall in every Interest Rate Renegotiation observe that the new interest rate terms are at arm's length and no different from those applied by the Servicer proper in renegotiating or granting its floating-rate mortgage loans. In this connection, arm's length interest rate shall be deemed to be the interest rate offered by the Servicer on the Spanish market for loans granted to individuals with real estate security on finished homes located in Spanish territory with amounts and terms substantially similar to the Mortgage Loan being renegotiated.
3. Interest Rate Renegotiation of a Mortgage Loan shall in no event be made to a fixed rate and may not be made either if previously or as a result of the renegotiation the average margin or spread weighted by the outstanding principal of the Mortgage Loans over the benchmark index is below 70 basis points. In particular, the Servicer shall not impose clauses limiting the interest rate amount applicable to the Mortgage Loans.

The Management Company may, on the Fund's behalf, cancel, suspend or change at any time during the term of the Agreement the Servicer's Interest Rate Renegotiation enabling requirements previously determined.

b) Extending the period of maturity.

The final maturity or final amortisation date of the Mortgage Loans may be extended or deferred ("**extending the term**") subject to the following rules and limitations:

- (i) The Servicer may in no case entertain on its own account, i.e. without it being so requested by the Obligor, a change in the final maturity date of the Mortgage Loan which may result in an extension thereof. The Servicer, without encouraging an extension of the term, shall act in relation to such extension bearing in mind the Fund's interests at all times.
- (ii) The aggregate of the capital or principal assigned to the Fund of the Mortgage Loans with respect to which the maturity date is extended may not exceed 10% of the initial Outstanding Balance of the Mortgage Loans upon the Fund being established.
- (iii) The term of a specific Mortgage Loan may be extended provided that the following requirements are met:
 - a) That the same Mortgage Loan interest settlement and capital or principal repayment frequency and the same repayment system are at all events maintained.
 - b) That the new final maturity or final amortisation date does not extend beyond December 5, 2047.

The Management Company may, on the Fund's behalf, at any time during the term of the Servicing Agreement, cancel or suspend or amend the Servicer's power to extend the term.

If there should be any renegotiation of the interest rate of a Mortgage Loan or its due dates, the Servicer shall forthwith notify the Management Company of the terms resulting from each renegotiation. Such notice shall be made through the software or data file provided for the terms of the Mortgage Loans to be updated.

In the event of Mortgage Loan interest rate or due date renegotiation consented to by the Management Company, for and on behalf of the Fund, the change in the terms shall affect the Fund.

The contractual documents supporting the novation of the renegotiated Mortgage Loans will be kept by the Servicer, in accordance with the provisions of paragraph 1 of this section.

7. Action against Obligors in the event of default on the Mortgage Loans.

Actions in the event of late payment.

The Servicer shall use the same efforts and procedure for claiming overdue Mortgage Loan amounts it applies for the rest of its portfolio mortgage loans.

In the event of default by the Obligor of the payment obligations, the Servicer shall put in place the actions described in the Servicing Agreement, taking for that purpose the steps it would ordinarily take if they were its own portfolio mortgage loans and in accordance with standard banking usage and practice for collecting overdue amounts, and shall be bound to advance such expenses as may be necessary for those actions to be taken, without prejudice to its right to be reimbursed by the Fund. Needless to say, these actions include all such legal and other actions as the Servicer may deem necessary to claim and collect the amounts due by the Obligors.

Legal actions.

The Servicer, using its fiduciary title to the Mortgage Loans or using the power referred to in the following paragraph, shall take all relevant actions against Obligors failing to meet their Mortgage Loan payment obligations. Such action shall be brought using the appropriate court enforcement procedures prescribed in articles 517 et seq. of the Civil Procedure Act.

In the above connection and for the purposes prescribed in articles 581.2 and 686.2 of the Civil Procedure Act, and in the event that this should be necessary, the Management Company shall confer in the Deed of Constitution as full and extensive a power of attorney as may be required at Law on BANCAJA in order that the latter may, acting through any of its attorneys properly empowered for those purposes, on the Management Company's instructions, for and on behalf of the latter, or in its own name but for the Management Company as the Fund's authorised representative, demand by any judicial or other means any Mortgage Loan Obligor to pay the debt and take legal action against them, in addition to other authorities required to discharge its duties as Servicer. These authorities may be extended and amended in another deed if that should be necessary or appropriate.

The Servicer shall generally commence the relevant legal proceedings, if, for a period of six (6) months, a Mortgage Loan Obligor having failed to honour his payment obligations should not resume payments to the Servicer and the latter, with the Management Company's consent, should not obtain a payment commitment satisfactory to the Fund's interests. The Servicer shall in any event forthwith proceed to file a legal action if the Management Company, acting for the Fund, and after analysing the specific circumstances of the case, should deem this necessary.

If six (6) months should elapse from the oldest default without the Obligor having resumed payments or the Servicer, with the Management Company's consent, securing a payment commitment satisfactory to the Fund's interests, and the Servicer should fail to file the recovery action without there being proper reasons therefor, the Management Company may, on behalf of the Fund, proceed directly to commence the appropriate legal proceedings to fully claim the debt.

In the event that the proceedings commenced by the Servicer should be stopped without there being proper reasons therefor, the Management Company may, as the case may be, on behalf of the Fund, take over from the latter and continue with the legal proceedings.

In addition to the Servicer's legal actions against Obligors as provided for above in this section, the Management Company, for the Fund, may also take action against Obligors who are in breach of their Mortgage Loan payment obligations. That action shall be brought observing the formalities for the relevant legal procedure in accordance with the provisions of the Civil Procedure Act, satisfying, as the case may be, the requirements as to right of action allowing that to be done.

If this should be legally required, and for the purposes prescribed in the Civil Procedure Act, BANCAJA shall confer in the Deed of Constitution as full and extensive an irrevocable power of attorney as may be required at Law in order for the Management Company, acting for and on behalf of the Fund, to demand through a notary public any Mortgage Loan Obligor to pay the debt.

In the event of default by any Obligor, the Management Company, acting for and on behalf of the Fund, shall have the following remedies provided for mortgage certificates in article 66 of Royal Decree 685/1982, which also apply to the pass-through certificates :

- (i) To demand the Servicer to apply for foreclosure.
- (ii) To take part on an equal standing with the Servicer, as issuer of the Pass-Through Certificates, in the foreclosure the latter shall have instituted against the Obligor, intervening to that end in any foreclosure proceedings commenced by the former.
- (iii) If the Servicer should fail to take that action within sixty (60) calendar days of a notice served through a Notary demanding payment of the debt, the Management Company, for and on behalf of the Fund, shall be secondarily entitled to bring the foreclosure action on the Mortgage Loan for both principal and interest.
- (iv) In the event that the proceedings instituted by the Servicer should come to a standstill, the Fund, duly represented by the Management Company, may be subrogated in the position of the former and continue the foreclosure proceedings, without the above period having to elapse.

In the events provided in paragraphs (iii) and (iv), the Management Company, for and on behalf of the Fund, may apply to the Judge or Notary with jurisdiction to commence or continue with the respective foreclosure proceedings, attaching to the application the original Pass-Through Certificate, the notice served through a Notary Public provided for in section (iii) above and an office certificate as to the registration and subsistence of the mortgage. The Servicer shall be bound to issue a certification of the balance outstanding on the Mortgage Loan.

The Management Company, for and on behalf of the Fund as holder of the Pass-Through Certificates, may also take part with the same rights as BANCAJA in the foreclosure proceedings and may in this sense, on the terms for which provision is made in the Civil Procedure Act, request the award of the mortgaged property as payment of the Mortgage Loan. The Management Company shall proceed, directly or through the Servicer, to sell the properties awarded within the shortest possible space of time and at arm's length.

Whereas some of the Mortgage Loans backing the Pass-Through Certificates may have valid entries in the registry regarding the properties mortgaged under the Mortgage Loans in respect of mortgages pre-dating the mortgage under that Mortgage Loan, as represented by BANCAJA in section 2.2.8.2.(6) of this Building Block, the loans subject of those valid mortgages have been fully repaid.

Therefore, those Mortgage Loans will not for registration purposes have a senior mortgage but a mortgage ranking junior to those entered in the registry. Notwithstanding this, the loans subject of the previous mortgages have been fully repaid.

The Servicer shall, in events of mortgage foreclosure, where the Land Registry contains entries regarding the real estate secured with the mortgage under which action is taken in respect of mortgages senior to the latter mortgage which however have been repaid, previously to or upon the action being brought, do all such things as shall be appropriate at law and in court in order for the Registry to match the legal reality outside the Registry. In the event that the relevant documents are available, then the procedure shall be as provided for in article 40 and in Title IV of the Mortgage Act of February 8, 1946, and otherwise the procedure shall be as provided for in article 209 of that Act.

The Servicer agrees to promptly advise of payment demands, legal actions and any and all other circumstances affecting collection of overdue Mortgage Loan amounts. Furthermore, the Servicer will provide the Management Company with all such documents as the latter may request in relation to said

Mortgage Loans and in particular the documents required for the Management Company to take legal actions, as the case may be.

8. Damage insurance for properties mortgaged under the Mortgage Loans.

The Servicer shall not take or fail to take any action resulting in cancellation of any damage insurance policy covering the properties mortgaged under the Mortgage Loans or reducing the amount payable in any claim thereunder. The Servicer shall use all reasonable efforts and in any event use the rights conferred under the insurance policies or the Mortgage Loans in order to keep those policies in force and fully effective in relation to each Mortgage Loan and the respective mortgaged property.

Whenever the Servicer receives notice of non-payment of policy premiums by any Obligor the Servicer may demand the Obligor to pay the same and indeed take out fire and damage insurance on the Obligor's behalf where it is able to do so under the Mortgage Loan deed, advancing payment of the premiums, without prejudice to its right to be ultimately reimbursed by the Obligor for amounts so paid.

In the event of a claim, each Servicer shall coordinate actions for collecting compensations derived from the property damage insurance policies on the terms and conditions of the Mortgage Loans and the actual policies, paying the amounts received to the Fund.

9. Set-off.

In the exceptional event that any Mortgage Loan Obligor should have a receivable that is liquid, due and payable by the Servicer, and because the assignment is made without the Obligor being aware, any of the Mortgage Loans should be fully or partially set-off against that credit, the Servicer shall remedy that circumstance or, if it cannot be remedied, proceed to pay to the Fund the amount set off plus accrued interest which would have been payable to the Fund until the date on which the payment is made, calculated on the terms applicable to the relevant Mortgage Loan.

10. Subcontracting.

The Servicer may subcontract any of the services it may have agreed to provide under the Servicing Agreement other than those that may not be so delegated in accordance with the laws in force for the time being. That subcontracting may in no event result in an additional cost or expense for the Fund or the Management Company, and may not result in the rating assigned to each Bond Series by the Rating Agency being downgraded. Notwithstanding any subcontracting or subdelegation, the Servicer shall not be excused or released under that subcontract or subdelegation from any of the liabilities undertaken in the Servicing Agreement which may legally be attributed or ascribed to it.

11. Auction of real properties.

The Servicer agrees to notify the Management Company of the places, dates, terms and valuation of the real properties mortgaged as security for the Mortgage Loans and of all other assets attached as a result of the legal proceedings commenced against the Obligors, auctions scheduled, and proposed action and bid, in suitable advance in order that the Management Company may put in place such actions as it shall see fit and submit instructions on the subject to the Servicer in suitable time.

The Servicer agrees to attend auctions of real properties, but shall thereat abide at all times by the instructions it shall have received from the Management Company, and shall therefore only tender a bid or apply for the award of the real estate to the Fund, fulfilling the instructions received from the Management Company.

In the event of real properties or other assets being awarded to the Fund, the Management Company shall proceed, directly or through the Servicer, to sell the same within the shortest possible space of time and at arm's length and the Servicer shall actively assist in expediting their disposal.

3.7.2.2 Term and substitution.

The services shall be provided by the Servicer until all obligations undertaken by the Servicer as Originator of the Mortgage Loans acquired by the Fund terminate, once all the Mortgage Loans have been repaid, or when the liquidation of the Fund concludes after it terminates, without prejudice to the possible early revocation of its appointment under the Servicing Agreement.

In the event of insolvency of the Servicer, administration by the Bank of Spain, breach by the Servicer of the obligations imposed on the Servicer under the Servicing Agreement or in the event of the Servicer's credit rating being downgraded or lost or its financial circumstances changing to an extent that may be detrimental to or place the financial structure of the Fund or Bondholders' rights and interests at risk, the Management Company shall, in addition to demanding the Servicer to fulfil the obligations laid down in the Servicing Agreement, proceed to do any of the following, where this is legally possible, inter alia and after notifying the Rating Agency, in order for the rating assigned to the Bonds by the Rating Agency not to be adversely affected: (i) demand the Servicer to subcontract or subdelegate to another institution the performance of the obligations and undertakings made in the Servicing Agreement; (ii) have another institution with sufficient credit rating and quality secure all or part of the Servicer's obligations; or (iii) terminate the Servicing Agreement, in which case the Management Company shall previously designate a new Servicer with sufficient credit quality and accepting the obligations contained in the Servicing Agreement or, as the case may be, in a new servicing agreement. Any additional expense or cost derived from those actions shall be covered by the Servicer and at no event by the Fund or the Management Company. In the event of insolvency of the Servicer, only (iii) above shall be possible.

Furthermore, in the event of insolvency, or indications thereof, administration by the Bank of Spain, liquidation or substitution of the Servicer or because the Management Company deems this reasonably justified, the Management Company may demand the Servicer to notify Obligors (and, if any, third-party guarantors and mortgaged property insurers) of the transfer to the Fund of the outstanding Mortgage Loans, and that payments thereunder will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify Obligors, within five (5) Business Days of receiving the request and in the event of insolvency or liquidation of the Servicer, the Management Company itself shall notify Obligors, directly or, as the case may be, through a new Servicer it shall have designated.

Similarly, and in the same events, the Management Company may request the Servicer to do such things and satisfy such formalities as may be necessary, including third-party notices and entries in the relevant accounting records, in order to guarantee maximum efficiency of the assignment of Mortgage Loan receivables, all on the terms given in section 3.7.2.1.7 of the Building Block.

Upon early termination of the Servicing Agreement, the outgoing Servicer shall provide the new Servicer, on demand by the Management Company and as determined thereby, with the necessary documents and data files it may have in order for the new Servicer to carry on the relevant activities.

The Servicing Agreement shall be fully terminated in the event that the Rating Agency should not confirm the provisional ratings assigned to each Series as final ratings by 1pm (CET) on April 10, 2008.

3.7.2.3 Liability of the Servicer and indemnity.

The Servicer shall at no time have any liability whatsoever in relation to the Management Company's obligations as Fund manager and manager of Bondholders' interests, nor in relation to the Obligors' obligations under the Mortgage Loans, without prejudice to the liabilities undertaken thereby in the Deed of Constitution of the Fund as Originator of the Mortgage Loans acquired by the Fund upon subscribing for the Pass-Through Certificates.

The Servicer takes on the obligation to indemnify the Fund or its Management Company for any damage, loss or expense resulting for the same on account of any breach by the Servicer of its obligations to custody, service and report on the Mortgage Loans and custody the Pass-Through Certificates, established under the Servicing Agreement, or in the event of breach of the provisions of paragraph 3 of section 2.2.9 of this Building Block.

The Management Company shall, for and on behalf of the Fund, be entitled to take executive action against the Servicer where the breach of the obligation to pay any and all principal repayment and interest and other amounts paid by the Obligors under the Mortgage Loans owing to the Fund does not result from default by the Obligors and is attributable to the Servicer.

Upon the Mortgage Loans terminating, the Fund shall, through its Management Company, retain a right of action against the Servicer until fulfilment of its obligations.

Neither Bondholders nor any other creditor of the Fund shall have any direct right of action whatsoever against the Servicer; that action shall lie with the Management Company, as the Fund's representative, who shall have that action on the terms described in this section.

3.7.2.4 Servicer's remuneration.

In consideration of the custody, servicing and management of the Mortgage Loans and custody of the documents representing the Pass-Through Certificates, the Servicer shall be entitled to receive in arrears on each Payment Date during the term of the Servicing Agreement, a servicing fee equal to 0.01% per annum, inclusive of VAT if there is no exemption, which shall accrue on the exact number of days elapsed in each Determination Period preceding the Payment Date and on the mean daily Outstanding Balance of the Mortgage Loans serviced during that Determination Period. If BANCAJA should be replaced in that servicing task, the Management Company will be entitled to change the above percentage fee for the new Servicer, which may be in excess of that agreed with BANCAJA. The servicing fee will be paid on the relevant Payment Date provided that the Fund has sufficient liquidity in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

If the Fund should, through its Management Company, due to a liquidity shortfall in the Fund Priority of Payments, fail to pay on a Payment Date the full fee due to the Servicer, the overdue amounts shall accumulate without any penalty whatsoever on the fee payable on the following Payment Dates, until fully paid.

Furthermore, on each Payment Date, the Servicer shall be entitled to reimbursement of all Mortgage Loan servicing and management expenses of an exceptional nature incurred, such as in connection with legal and/or recovery actions, including procedural expenses and costs, or managing and overseeing the sale of assets or properties, if any, awarded to the Fund, after first justifying the same. Those expenses will be paid whenever the Fund has sufficient liquidity and in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

3.8 Name, address and brief description of any swap, credit, liquidity or account counterparties.
