5. A glossary of definitions.

RISK FACTORS

1 RISKS DERIVED FROM THE ISSUER'S LEGAL NATURE AND OPERATIONS.

a) Nature of the Fund and obligations of the Management Company.

RURAL HIPOTECARIO XIV FONDO DE TITULIZACIÓN DE ACTIVOS (the "Fund" and/or the "Issuer") is a separate closed-end fund devoid of legal personality and, in accordance with Royal Decree 926/1998, May 14, regulating asset securitisation funds and securitisation fund management companies, as currently worded ("Royal Decree 926/1998"), is managed by a management company, EUROPEA DE TITULIZACIÓN S.A., SOCIEDAD GESTORA DE FONDOS DE TITULIZACIÓN (the "Management Company" or "EUROPEA DE TITULIZACIÓN"). The Fund shall be liable only for its obligations to its creditors with its assets.

The Management Company shall discharge for the Fund the functions attributed to it in Royal Decree 926/1998, which include enforcing Bondholders' interests as the manager of third-party portfolios. There shall be no syndicate of bondholders. Therefore, the capacity to enforce Bondholders' interests shall depend on the Management Company's means.

b) Forced substitution of the Management Company.

In accordance with article 19 of Royal Decree 926/1998, where the Management Company is adjudged insolvent or has its licence to operate as a securitisation fund management company revoked by the Comisión Nacional del Mercado de Valores (*National Securities Market Commission*) (the "CNMV"), it shall find a substitute management company. In any such event, if four months should have elapsed from the occurrence determining the substitution and no new management company should have been found willing to take over management, the Fund shall be liquidated early and the Bonds issued by the same shall be redeemed early, as provided for in the Deed of Constitution and in this Prospectus.

c) Limitation of actions.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against Mortgage Loan Obligors who may have defaulted on their payment obligations or against the Originator. Any such rights shall lie with the Management Company, representing the Fund.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against the Fund or against the Management Company in the event of non-payment of amounts due by the Fund resulting from the existence of Mortgage Loan default or, as the case may be, prepayment, breach of obligations by the Originator or by the counterparties to the transactions entered into for and on behalf of the Fund, or shortfall of the financial hedging transactions for servicing the Bonds in each Series.

Bondholders and all other creditors of the Fund shall have no recourse against the Fund Management Company other than as derived from a breach of its duties or inobservance of the provisions of the Deed of Constitution and of this Prospectus. Those actions shall be resolved in the relevant ordinary declaratory proceedings, depending on the claimed amount.

d) Applicability of the Bankruptcy Act.

Both NUEVA CAJA RURAL DE ARAGÓN, S.C.C. (the "Originator") and the Fund Management Company may be declared insolvent.

Pursuant to Additional Provision 5 of Act 3/1994, April 14, adapting Spanish laws in the matter of Credit Institutions to the Second Banking Coordination Directive and introducing other financial system changes, as currently worded ("Act 3/1994"), the assignment of the Mortgage Loan receivables to the Fund by issuing Mortgage Certificates and Pass-Through Certificates can only be rescinded or contested as provided for in article 71 of Bankruptcy Act 22/2003, July 9, as currently worded (the "Bankruptcy Act") by the receivers, who shall have to prove the existence of fraud.

In addition, in the event of the Originator being decreed insolvent, in accordance with the Bankruptcy Act, the Fund, acting through the Management Company, shall have a right of separation with respect to Mortgage Certificates and the Pass-Through Certificates, on the terms provided for in articles 80 and 81 of the Bankruptcy Act. In addition, the Fund, acting through its Management Company, shall be entitled to obtain from the insolvent Originator the resulting Mortgage Certificate and Pass-Through Certificate amounts from the date on which insolvency is decreed, for those amounts will be considered to be the Fund's property, through its Management Company, and must therefore be transferred to the Management Company, representing the Fund. This right of separation would not necessarily extend to the monies received and kept by the insolvent Originator on behalf of the Fund before that date, for they might be earmarked as a result of the insolvency, given the essential fungible nature of money.

In the event of insolvency of the Management Company, it must be replaced by another management company in accordance with the provisions of article 19 of Royal Decree 926/1998.

Notwithstanding all of the above, the insolvency of any party involved (be that the Originator, the Management Company or any other Fund counterparty institution) could in any event affect its contractual relations with the Fund.

2 RISKS DERIVED FROM THE SECURITIES.

a) Issue Price.

The Bond Issue shall be fully subscribed for by the Originator. The Bond Issue is made in order for the Originator to have liquid assets available which may be used as security for Eurosystem transactions or subsequently be sold on the market, and, consequently, the terms of the Bond Issue are not an estimate of the prices at which those instruments could be sold on the secondary market or of the Eurosystem's valuations in due course for the purpose of using them as security instruments in its lending transactions to the banking system.

b) Liquidity.

Notwithstanding the foregoing, if the Bonds are subsequently sold on the market, there is no assurance that the Bonds will be traded on the market with a minimum frequency or volume.

In addition, there is no undertaking that any institution will be involved in secondary trading, giving the Bonds liquidity by offering consideration.

Moreover, the Fund may in no event repurchase the Bonds from Bondholders. Nevertheless, the Bonds may be fully subject to early amortisation in the event of Early Liquidation of the Fund, on the terms laid down in section 4.4.3 of the Registration Document.

c) Yield and duration.

Calculation of the yield (internal rate of return) of the Bonds in each Series contained in section 4.10 of the Securities Note is subject, inter alia, to assumed Mortgage Loan prepayment and delinquency rates that might not be fulfilled, and to future market interest rates, given the floating nature of the Nominal Interest Rate of each Series.

Calculation of the average life and duration of the Bonds in each Series contained in section 4.10 of the Securities Note is subject to fulfilment of Mortgage Loan repayment and, inter alia, to assumed Mortgage Loan prepayment rates (CPR) which might not be fulfilled. Mortgage Loan repayment performance is influenced by a number of economic and social factors such as market interest rates, the Obligors' financial circumstances and the general level of economic activity, preventing their predictability.

d) Late-payment interest.

Late interest payment or principal repayment to Bondholders in any Series shall under no circumstances result in late-payment interest accruing to their favour.

e) Subordination of the Bonds.

Series B Bond interest payment and principal repayment is deferred with respect to Series A Bonds. There is however no assurance whatsoever that this subordination rule shall protect Series A Bondholders from the risk of loss.

The subordination rules among both Series are established in the Priority of Payments and in the Liquidation Priority of Payments in accordance with section 3.4.6 of the Building Block.

f) Bond Rating.

The credit risk of the Bonds issued by the Fund has been assessed by DBRS Ratings Limited and Fitch Ratings España S.A. (the "**Rating Agencies**").

The Rating Agencies may revise, suspend or withdraw the final ratings assigned at any time, based on any information that may come to their notice.

These ratings are not and cannot therefore be howsoever construed as an invitation, recommendation or encouragement for investors to proceed to carry out any transaction whatsoever on the Bonds and, in particular, acquire, keep, charge or sell those Bonds.

g) Ratings not confirmed.

The Rating Agencies' failure to confirm the provisional ratings given to the Bonds by 1pm (CET) on July 15, 2013 shall be an event of termination of the establishment of the Fund and the Bond Issue.

3 RISKS DERIVED FROM THE ASSETS BACKING THE ISSUE.

a) Risk of default on the Mortgage Loans.

Holders of the Bonds issued by the Fund shall bear the risk of default on the Mortgage Loans backing the issue of the Mortgage Certificates and the Pass-Through Certificates pooled in the Fund.

The Originator shall have no liability whatsoever for the Obligors' default of principal, interest or any other Mortgage Loan amount they may owe. Pursuant to article 348 of the Commercial Code, the Originator shall be liable to the Fund exclusively for the existence and lawfulness of the Mortgage Loans, and for the personality with which Mortgage Certificates and Pass-Through Certificates will be issued, on the terms and conditions declared in the Deed of Constitution and set out in this Prospectus. The Originator will have no liability whatsoever to directly or indirectly guarantee that the transaction will be properly performed nor give any guarantees or security, nor indeed agree to repurchase Mortgage Loan Mortgage Certificates or Pass-Through Certificates, other than the undertakings contained in section 2.2.9 of the Building Block regarding substitution or redemption of Mortgage Certificates and Pass-Through Certificates when any of them or of the underlying Mortgage Loans fail to conform, upon the Fund being established, to the representations given in section 2.2.8 of the Building Block.

b) Limited Liability.

The Bonds issued by the Fund neither represent nor constitute an obligation of the Originator or the Management Company. No guarantees have been granted by any public or private organisation whatsoever, including the Originator, the Management Company and any of their subsidiary or associated companies.

c) Limited Protection.

A high level of delinquency of the Mortgage Loans might reduce or indeed exhaust the limited hedging against Mortgage Loan losses that the Bonds in each Series distinctly have as a result of the existence of the credit enhancement transactions described in section 3.4.2 of the Building Block.

The degree of subordination in interest payment and principal repayment between the Bonds in the different Series derived from the Priority of Payments and the Liquidation Priority of Payments of the Fund is a mechanism for distinctly hedging the different Series, respectively.

d) Mortgage Certificate and Pass-Through Certificate early amortisation risk.

There will be an early amortisation of Mortgage Certificates and Pass-Through Certificates pooled in the Fund when Obligors prepay the portion of Mortgage Loan principal pending repayment, or in the event that the Originator should be substituted in the relevant Mortgage Loans by any other financial institution licensed to do so, or in any other event having the same effect.

That prepayment risk shall pass quarterly on each Payment Date to Bondholders upon the Bonds being partially amortised, in accordance with the provisions of the conditions for amortisation of each Series and of the rules for Distribution of Available Funds for Amortisation on each Payment Date, given in sections 4.9.2 and 4.9.3.5 of the Securities Note.

e) Geographical concentration.

The number of mortgage loans selected at June 18, 2013 to be assigned to the Fund upon being established with mortgage security located, as detailed in section 2.2.2.k) of the Building Block, in (i) Aragón, is 2,010 (79.98% of the total), the outstanding principal being EUR 180,172,516.47 (76.20% of the total), in (ii) Catalonia, is 281 (11.04% of the total), the outstanding principal being EUR 28,166,733.62 (11.91% of the total), and in (iii) La Rioja, is 117 (4.60% of the total), the outstanding principal being EUR 12,816,939.21 (5.42% of the total).

Given this concentration level, any circumstance whatsoever having a substantial adverse effect on Aragón, Catalonia or La Rioja could affect payments of the Mortgage Loans backing the Fund's Issue of Asset-Backed Bonds.

f) Concentration concerning selected mortgage loan origination date.

Selected portfolio selected mortgage loans originated in the years 2007, 2008, 2009 and 2010 account for 56.72%, in terms of outstanding principal, of the total selected portfolio. The weighted average age of the portfolio is 59.34 months at June 18, 2013, the selected portfolio selection date. Presumably, given this concentration and based on experience, the delinquency rate has not reached its highest value and it is therefore likely that the Mortgage Loan delinquency rate may rise in the coming months.

g) Going concern risk.

As set out in the audit report on the consolidated annual accounts of BANTIERRA for the year 2012 issued by Deloitte, S.L., and specifically regarding note "2.11 Going concern note" of the consolidated annual report, reference is made to the "existence of major uncertainty as to the Group's capability to continue as a going concern and therefore as to realisation of its consolidated assets and liquidation of its consolidated liabilities at the amounts and as they are ranked in the consolidated annual accounts for the year 2012, which have been drawn up assuming that it will continue as a going concern, which will however depend on the outcome of the expected measures."

In the event that BANTIERRA should discontinue its operations as set out in the preceding paragraph, BANTIERRA would cease to be the Mortgage Loan Servicer and BANCO COOPERATIVO, as counterparty under the Servicing Agreement and potential replacement for the Servicer, would discharge the duties of Mortgage Loan Servicer.

h) Impact of Act 1/2013.

Act 1/2013, May 14, implementing measures to boost the protection of mortgagors, debt restructuring and social rentals ("Act 1/2013") introduces a number of measures which may affect recovery of unpaid Mortgage Loans and, therefore, the Fund, mainly as follows :

- The two-year stay of eviction in awards of the main residence of people who are in the specially vulnerable and financial circumstances provided for would delay repossession by the Fund of any such residences and therefore their marketing and sale.
- The limitation of default interest applicable to Mortgage Loans for the purchase of the main residence reduces the default interest amount recoverable in Mortgage Loans where the agreed default interest exceeds three times the legal interest of money.
- Where a court holds that one or several Mortgage Loan clauses are abusive, it may extend or invalidate the recovery proceedings and reduce the amount which may be claimed by the Fund.
- Upon the mortgaged home being awarded to repay a Mortgage Loan, the obligor may be released from liability where 65% of the outstanding debt is covered within five years thereafter or 80% of the debt is covered within ten years thereafter, and the amounts which the Fund may claim from obligors subsequently to the award may be reduced.
- At an auction with no bidders of the main residence securing the Mortgage Loans, the Fund may request the award of the asset at 70 percent of the auction value if the total debt is above that percentage, compared to 60 percent before Act 1/2013, and therefore the amounts which the Fund may claim from obligors subsequently to the award may be reduced.

In addition, application to the Mortgage Loans of the measures laid down in the Best Practice Code, as amended by Act 1/2013, on the terms set out in section 3.7.2.1.6 of the Building Block to this Prospectus, could delay collection (restructuring plan including payment exclusions or extended deadlines, etc.) and reduce the amounts to be claimed by the Fund (restructuring plan including lower interest rates, reduced amounts, handover in lieu of payment fully cancelling the rest of the debt, etc.).

i) Mortgage loan margin risk.

Out of the portfolio mortgage loans selected at June 18, 2013, 17.28% in terms of outstanding principal allow reductions in the margin applicable for determining the floating nominal interest rate (the "eligible mortgage loans"), the average margin weighted by the outstanding principal including the reductions in force at that date being 0.86% (0.76% for the entire selected portfolio). In the event that all obligors with eligible mortgage loans should have met the requirements listed in section 2.2 of the Building Block in relation to mortgage loan reductions at June 18, 2013, the margin of the eligible mortgage loans at that date would have been 0.44% (0.678% for the entire selected portfolio).

The average margin of the Bond Issue upon the Fund being established weighted by the Outstanding Principal Balance of Series A and B Bonds will be 0.32% (0.30% margin applicable to Series A Bonds and 0.50% margin applicable to Series B Bonds).

Mortgage loan interest accrued, calculated using the above margin, even in the event of the maximum reduction being applied, plus the relevant benchmark index (including where interest rate floor clauses do not apply as set out in 2.2.2 i) of the Building Block), would allow payment of the periodic expenses listed in the 1st place in the Priority of Payments and Series A and B Bond interest in the Priority of Payments. Nevertheless, in order to cover for potential payment defaults by the securitised Mortgage Loan Obligors, a number of credit enhancement transactions have been arranged allowing the amounts payable to the Bonds in each Series to be covered to a different extent and mitigating the interest risk due to the different terms of the interest clauses of the Mortgage Loans and of the Bonds in each Series. In exceptional circumstances, the enhancement transactions could actually fall short. The credit enhancement transactions are described in sections 3.4.2, 3.4.3 and 3.4.4 of the Building Block.

4.4.3 Early Liquidation of the Fund.

4.4.3.1 Following notice served on the CNMV, the Management Company shall be entitled to proceed to early liquidation ("**Early Liquidation**") of the Fund and thereby early amortisation of the entire Bond Issue ("**Early Amortisation**") on a date other than the Payment Date and in any of the following events ("**Early Liquidation Events**"):

- (i) When the amount of the Outstanding Balance of the Mortgage Loans yet to be repaid is less than ten (10) percent of the initial Outstanding Balance of the Mortgage Loans upon the Fund being established, and provided that payment obligations derived from the Bonds in each Series then outstanding may be honoured and settled in full in the Liquidation Priority of Payments.

The payment obligations derived from the Bonds in each Series on the Early Liquidation date of the Fund shall at all events be deemed to be the Outstanding Principal Balance of the Series on that date plus interest accrued and not paid until that date, which amounts shall be deemed to be due and payable on that date to all statutory intents and purposes.

- (ii) Where, in any event or circumstance whatsoever unrelated to the Fund's operations, a substantial alteration occurs or the financial balance of the Fund is permanently damaged as provided for in article 11.b) of Royal Decree 926/1998. This event includes such circumstances as changes in the law or supplementary implementing regulations, the establishment of withholding obligations or other situations which might permanently affect the financial balance of the Fund.
- (iii) Mandatorily, in the event that the Management Company should be adjudged insolvent and/or have its licence to operate as a securitisation fund management company revoked by the CNMV, or the statutory term to do so or otherwise four months should elapse without a new management company being designated in accordance with the provisions of section 3.7.1.3 of the Building Block of this Prospectus.
- (iv) When a default occurs indicating a major permanent imbalance in relation to any of the Bonds issued or that it is about to occur.
- (v) If the Management Company should have the express consent and acceptance of all Bondholders in each Series and of any existing lenders and creditors to the Fund, as regards both payment of amounts resulting from, and the procedure for, such Early Liquidation.
- (vi) Upon the lapse of thirty-six (36) months from the date of the last maturity of the Mortgage Loan receivables, even if amounts are still due and payable thereunder.

4.4.3.2 The following requirements shall have to be satisfied to proceed to that Early Liquidation of the Fund:

- (i) That Bondholders be given not less than fifteen (15) Business Days' notice, as prescribed in section 4.1.3.2 of the Building Block, of the Management Company's resolution to proceed to Early Liquidation of the Fund.
- (ii) That the Management Company previously notify the CNMV and the Rating Agencies of that notice.

- (iii) The notice of the Management Company's resolution to proceed to Early Liquidation of the Fund shall contain a description of (i) the event or events triggering Early Liquidation of the Fund, (ii) the liquidation procedure, and (iii) the manner in which Bond payment obligations are to be honoured and settled in the Liquidation Priority of Payments.

4.4.3.3 In order for the Fund, through its Management Company, to proceed to Early Liquidation of the Fund and Early Amortisation of the Bond Issue, the Management Company shall, for and on behalf of the Fund:

- (i) Proceed to sell the Mortgage Certificates and the Pass-Through Certificates remaining in the Fund at a reasonable market price, initially not less than the sum of the principal still outstanding plus interest accrued and not paid on the relevant Mortgage Loans, subject to the provisions of paragraph (iv) below.
- (ii) Proceed to terminate such agreements as are not necessary for the Fund liquidation procedure.
- (iii) Be entitled to arrange for a loan which shall be fully allocated to early amortisation of the Bonds in the Series then outstanding. Financial expenses due shall be paid and loan principal shall be repaid in accordance with the Liquidation Priority of Payments.
- (iv) Finally, both due to the preceding actions falling short and the existence of Mortgage Certificates, Pass-Through Certificates or other remaining assets of the Fund, the Management Company shall proceed to sell them and shall therefore invite a bid from at least five (5) entities which may, in its view, give a reasonable market value, in Early Liquidation events other than (i) and (v). The Management Company shall be bound to accept the best bid received for the Mortgage Certificates, the Pass-Through Certificates and the assets on offer. In order to set the reasonable market value, the Management Company may secure such valuation reports as it shall deem necessary.

In (i) and (iv) above, however, the Originator shall have a pre-emptive right and may therefore voluntarily acquire with priority over third parties the Mortgage Certificates and the Pass-Through Certificates and other assets originating from the same still on the assets of the Fund, and in (iii) above, the Originator shall have priority to grant to the Fund the loan, if any, designed for early amortisation of the Bonds in the Series then outstanding. The Management Company shall in relation to (iv) above send the Originator a list of the assets and of third-party bids received, if any, and the Originator may use that right for the Mortgage Certificates and the Pass-Through Certificates or other remaining assets offered by the Management Company within ten (10) Business Days of receiving said notice, and provided that its bid is at least equal to the best of the third-party bids, if any. The Originator shall communicate to the Management Company that the exercise of the pre-emptive right was subject to its usual revision procedures and that the exercise of that right is not designed to implicitly support securitisation.

4.4.3.4 The Management Company shall forthwith apply all the proceeds from the sale of the Mortgage Certificates, the Pass-Through Certificates and the Fund's assets to paying the various items, in such manner, amount and order as shall be requisite in the Liquidation Priority of Payments, other than the amounts, if any, drawn under the loan arranged for early amortisation of the Bonds in the Series then outstanding, which shall be applied to meeting the payment obligations of the Bonds in those Series.

4.4.4 Termination of the Fund.

The Fund shall terminate in any case, after the relevant legal procedure is carried out, in the following events:

- (i) Upon the Mortgage Certificates and Pass-Through Certificates pooled therein being fully amortised.
- (ii) Upon the Bonds issued being fully amortised.
- (iii) When the Early Liquidation procedure established in section 4.4.3 above is over.

- (iv) At all events, upon final liquidation of the Fund on the Final Maturity Date on May 12, 2055) or the following Business Day if that is not a Business Day.
- (v) Upon the establishment of the Fund terminating in the event that the Rating Agencies should not confirm any of the assigned provisional ratings as final ratings by 1pm (CET) on July 15, 2013. In this event, the Management Company shall terminate the establishment of the Fund, subscription for the Mortgage Certificates and the Pass-Through Certificates by the Fund and issue of the Bonds.

In this case, termination of the establishment of the Fund shall be notified to the CNMV as soon as such is confirmed, and shall be publicised by means of the procedure specified in section 4.1.3.2 of the Building Block. Within not more than one month after the occurrence of the event of termination, the Management Company shall execute a statutory declaration before a notary declaring that the Fund's obligations have been settled and terminated and that the Fund has terminated. notwithstanding the above, the Management Company shall defray the Fund set-up and Bond issue expenses payable with the Start-Up Loan, and the Start-Up Loan agreement shall not be terminated but shall rather be cancelled after those amounts are settled, principal repayment being subordinated to fulfilment of all other obligations undertaken by the Management Company, acting for and on behalf of the Fund.

In the event that there should be any remainder upon the Fund being liquidated and after making all payments to the various creditors by distributing the Liquidation Available Funds in the Liquidation Priority of Payments, that remainder shall be for the Originator on the liquidation terms established by the Management Company. If that remainder is not a liquid amount, since relating to Mortgage Loan receivables that are pending the outcome of court or out-of-court proceedings instituted as a result of default by the Mortgage Loan Obligor, both their continuation and the proceeds of their termination shall be for the Originator.

Upon a period of six (6) months elapsing from liquidation of the Fund's remaining assets and distribution of the Liquidation Available Funds, and at all events by the Final Maturity Date, the Management Company shall execute a statutory declaration before a notary declaring (i) that the Fund has terminated, and the events prompting its termination, (ii) as the case may be, how Bondholders and the CNMV were notified, and (iii) how the Liquidation Available Funds were distributed in the Liquidation Priority of Payments; this shall be the subject of an extraordinary notice and all other appropriate administrative procedures will be observed. The Management Company will submit that statutory declaration to the CNMV.

Payment of interest accrued by Series B Bonds is (i) fourth (4th) in the application of Available Funds in the Priority of Payments established in said section 3.4.6.2.1.2 of the Building Block, other than in the event provided for in that same section for the same to be deferred, in which case it shall be sixth (6th), and (ii) fifth (5th) in the application of Liquidation Available Funds in the Liquidation Priority of Payments established in section 3.4.6.3 of the Building Block.

4.6.2 Simple reference to the order number of Bond principal repayment in each Series in the Fund priority of payments.

The Amortisation Withholding amount designed for amortising the Bonds as a whole without distinction between those Series is fifth (5th) in the application of Available Funds in the Priority of Payments established in section 3.4.6.2.1.2 of the Building Block.

Bond principal in each Series shall be repaid in accordance with the rules for Distribution of Available Funds for Amortisation given in section 4.9.3.5 of this Securities Note.

Repayment of Series A Bond principal is fourth (4th) in the application of Liquidation Available Funds in the Liquidation Priority of Payments established in section 3.4.6.3 of the Building Block.

Repayment of Series B Bond principal is sixth (6th) in the application of Liquidation Available Funds in the Liquidation Priority of Payments established in section 3.4.6.3 of the Building Block.

4.7 Description of the rights attached to the securities.

Bondholders' economic and financial rights associated with acquiring and holding the Bonds shall, for each Series, be as derived from the terms as to interest rate, yields and redemption terms on which they are to be issued and given in sections 4.8 and 4.9 of this Securities Note. In accordance with the laws in force for the time being, the Bonds subject of this Securities Note shall vest the investor acquiring the same in no present and/or future political rights in and to the Fund.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against Mortgage Loan Obligors who may have defaulted on their payment obligations or against the Originator. Any such rights shall lie with the Management Company, representing the Fund.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against the Fund or against the Management Company in the event of non-payment of amounts due by the Fund resulting from the existence of Mortgage Loan default or prepayment, breach of obligations by the Originator or by the counterparties to the transactions entered into for and on behalf of the Fund, or shortfall of the financial hedging transactions for servicing the Bonds in each Series.

Bondholders and all other creditors of the Fund shall have no recourse against the Management Company other than as derived from breaches of its duties or inobservance of the provisions of this Prospectus and of the Deed of Constitution. Those actions shall be resolved in the relevant ordinary declaratory proceedings depending on the amount claimed.

All matters, disagreements, actions and claims arising out of the Management Company establishing the Fund, managing and being the authorised representative of the Fund and the Bond Issue by the same shall be heard and ruled upon by the competent Spanish Courts and Tribunals.

4.8 Nominal interest rate and provisions relating to interest payable.

4.8.1 Bond nominal interest rate.

The Bonds in each Series shall, from the Closing Date until they mature fully, accrue yearly nominal interest, floating and payable quarterly, which shall be the result of applying the policies established hereinafter for each Series.

The resultant yearly nominal interest rate (the “**Nominal Interest Rate**”) for each Series shall be payable quarterly in arrears on each Payment Date on the Outstanding Principal Balance of the Bonds in each Series at the preceding Determination Date, provided that the Fund has sufficient liquidity in the Priority of Payments or in the Liquidation Priority of Payments, as the case may be.

Withholdings, interim payments, contributions and taxes established or to be established in the future on Bond principal, interest or returns shall be borne exclusively by Bondholders, and their amount, if any, shall be deducted by the Management Company, for and on behalf of the Fund, or through the Paying Agent, as provided by law.

4.8.1.1 Interest accrual.

For interest accrual purposes, the duration of each Bond Series shall be divided into successive interest accrual periods (“**Interest Accrual Periods**”) comprising the exact number of days elapsed between every two consecutive Payment Dates, each Interest Accrual Period including the beginning Payment Date but not including the ending Payment Date. Exceptionally,

- (i) the duration of the first Interest Accrual Period shall be equivalent to the exact number of days elapsed between the Closing Date, July 16, 2013, inclusive, and the first Payment Date, August 12, 2013, exclusive; and
- (ii) the duration of the last Interest Accrual Period shall be equivalent to the exact number of days elapsed between the last Payment Date prior to Fund liquidation and the liquidation date, exclusive.

The Nominal Interest Rate shall accrue on the exact number of days in each Interest Accrual Period for which it was determined, calculated based upon a 360-day year.

4.8.1.2 Nominal Interest Rate.

The Nominal Interest Rate applicable to the Bonds in each Series and determined for each Interest Accrual Period shall be the result of adding:

- (i) the Reference Rate, as established in the following section, and
- (ii) a margin for each Series as follows:
 - **Series A:** 0.30% margin.
 - **Series B:** 0.50% margin.

The resultant Nominal Interest Rate shall be expressed as a percentage to three decimal spaces rounding the relevant figure to the nearest thousandth, rounding up when equidistant.

4.8.1.3 Reference Rate and determining the same.

The reference rate (“**Reference Rate**”) for determining the Nominal Interest Rate applicable to each Bond Series is as follows:

- i) Other than for the first Interest Accrual Period, three- (3-) month Euribor, “Euro Interbank Offered Rate”, calculated and distributed by the BRIDGE financial information system under an FBE (“Fédération Bancaire de l’Union Européene”) mandate, set at 11am (CET or “Central European Time”) on the Interest Rate Fixing Date described below, which is currently published on electronic page EURIBOR01 supplied by Reuters, or any other page taking its stead in providing this service.

Exceptionally, the Reference Rate for the first Interest Accrual Period shall be one- (1-) month Euribor, set at 11am (CET) on the Business Day preceding the Closing Date.

Euribor definitions approved by the FBE and the Financial Markets Association (ACI) supplementing the current definition of Euribor shall be considered included for the purpose of the Euribor Reference Rate without having to amend these Reference Rate terms or have the Management Company notify Bondholders.

- ii) In the event that the Euribor rate established in i) above should not be available or be impossible to obtain, the substitute Reference Rate shall be the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable three- (3-) month deposit transactions in Euros in an amount equivalent to the Outstanding Principal Balance of the Bond Issue, declared by four (4) prime banks in the Euro zone, following a simultaneous request to each of their headquarters by the Paying Agent as soon as possible after 11am (CET) on the Interest Rate Fixing Date.

Exceptionally, the substitute Reference Rate for the first Interest Accrual Period shall be the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable one- (1-) month deposit transactions in Euros in an amount equivalent to the face amount of the Bond Issue, declared by the banks as provided for in paragraph one above, following a simultaneous request to each of their headquarters by the Paying Agent as soon as possible after 11am (CET) on the Business Day preceding the Closing Date.

The substitute Reference Rate shall be expressed as a percentage rounding the relevant figure to the nearest thousandth, rounding up when equidistant.

Should it be impossible to apply the above substitute Reference Rate, upon the failure by any or several of the banks to provide written quotations as provided for in paragraphs one and two of this section, the interest rate resulting from applying the simple arithmetic mean of the interest rates declared by at least two of the other banks shall be applicable.

- iii) If the rates established in i) and ii) above should not be available or be impossible to obtain, the last Reference Rate or substitute Reference Rate applied to the next preceding Interest Accrual Period shall apply, and so on for subsequent Interest Accrual Periods whilst matters remain the same. For the first Interest Accrual Period, this shall be one- (1-) month Euribor available immediately before 11am (CET) on the Business Day preceding the Closing Date, calculated and distributed as described in the first paragraph of i) above.

On each Interest Rate Fixing Date, the Paying Agent shall notify the Management Company of the Reference Rate determined in accordance with i) to iii) above. The Management Company shall keep the listings and supporting documents on which the Paying Agent shall notify it the Reference Rate determined.

4.8.1.4 Interest Rate Fixing Date.

The Management Company shall, for and on behalf of the Fund, determine the Nominal Interest Rate applicable to each Bond Series for every Interest Accrual Period as provided for in sections 4.8.1.2 and 4.8.1.3 above, on the second Business Day preceding each Payment Date (the “**Interest Rate Fixing Date**”), and it will apply for the following Interest Accrual Period.

Exceptionally, the Management Company shall determine the Nominal Interest Rate applicable to each Series for the first Interest Accrual Period as provided for in sections 4.8.1.2 and 4.8.1.3 above, on the Business Day preceding the Closing Date, and shall notify the same by 1pm (CET) on July 15, 2013 to the Subscriber. The Management Company will also notify this to the CNMV, the Paying Agent, AIAF and Iberclear.

The nominal interest rates determined for each Bond Series for subsequent Interest Accrual Periods shall be communicated to Bondholders within the deadline and in the manner for which provision is made in section 4.1.1.a) of the Building Block.

4.8.1.5 Formula for calculating interest.

Interest settlement for each Series, payable on each Payment Date for each Interest Accrual Period, shall be calculated for each Series in accordance with the following formula:

$$I = P \times \frac{R}{100} \times \frac{d}{360}$$

Where:

I = Interest payable on a given Payment Date or on the liquidation date.

P = Outstanding Principal Balance of the Series at the Determination Date preceding that Payment Date or at the liquidation date.

R = Nominal Interest Rate of the Series expressed as a yearly percentage.

d = Exact number of days in each Interest Accrual Period.

4.8.2 Dates, place, institutions and procedure for paying interest.

Interest on the Bonds in each Series will be paid until the Bonds are finally amortised by Interest Accrual Periods in arrears on February 12, May 12, August 12 and November 12 in each year, or the following Business Day if any of those is not a Business Day (each of those dates, a “**Payment Date**”), and interest for the then-current Interest Accrual Period will accrue until said first Business Day, not inclusive, on the terms established in section 4.8.1.2 of this Securities Note.

The first interest Payment Date for the Bonds in each Series shall be August 12, 2013, and interest will accrue at the applicable Nominal Interest Rate between the Closing Date, July 16, 2013, inclusive, and August 12, 2013, exclusive.

In this Bond Issue, business days (“**Business Days**”) shall be deemed to be all days other than a:

- public holiday in the city of Madrid, or
- non-business day in the TARGET 2 calendar (or future replacement calendar).

Both interest resulting for Bondholders in each Series and the amount, if any, of interest accrued and not paid, shall be notified to Bondholders as described in section 4.1.1.a) of the Building Block, at least one (1) calendar day in advance of each Payment Date.

Bond interest accrued shall be paid provided that the Fund has sufficient liquidity to do so on each Payment Date in the Priority of Payments or, upon the Fund being liquidated, in the Liquidation Priority of Payments.

In the event that on a Payment Date the Fund should be unable to make full or partial payment of interest accrued on the Bonds in any Series, in the Priority of Payments, unpaid amounts shall be accumulated on the following Payment Date to interest on the Series proper that, as the case may be, should be paid on that same Payment Date, and will be paid in the Priority of Payments and applied by order of maturity if it should be impossible once again not to pay the same fully due to a shortfall of Available Funds.

Overdue interest amounts shall not earn additional or late-payment interest and shall not be accumulated to the Outstanding Principal Balance of the Bonds in the relevant Series.

The Fund, through its Management Company, may not defer Bond interest payment beyond May 12, 2055), the Final Maturity Date, or the following Business Day if that is not a Business Day.

The Bond Issue shall be serviced through the Paying Agent, to which end the Management Company shall, for and on behalf of the Fund, enter into the Paying Agent Agreement with BARCLAYS.

4.9 Maturity date and amortisation of the securities.

4.9.1 Bond redemption price.

The redemption price of the Bonds in each Series shall be EUR one hundred thousand (100,000.00) per Bond, equivalent to 100 percent of their face value, payable as established in section 4.9.2 below.

Each and every one of the Bonds in a same Series shall be amortised in an equal amount by reducing the face amount of each Bond.

4.9.2 Characteristics specific to the amortisation of each Bond Series.

4.9.2.1 Amortisation of Series A Bonds.

Series A Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series A, in accordance with the rules for Distribution of Available Funds for Amortisation given in section 4.9.3.5 below, prorated between the Bonds in Series A proper by reducing the face amount of each Series A Bond.

The first partial amortisation of Series A Bonds shall occur on the first Payment Date, August 12, 2013, in accordance with the rules for Distribution of Available Funds for Amortisation.

Final amortisation of Series A Bonds shall occur on the Final Maturity Date (May 12, 2055) or the following Business Day if that is not a Business Day), notwithstanding potential full amortisation before that date due to the partial amortisation for which provision is made or because the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.2.2 Amortisation of Series B Bonds.

Series B Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series B in accordance with the rules for Distribution of Available Funds for Amortisation given in section 4.9.3.5 below, prorated between the Bonds in Series B proper by reducing the face amount of each Series B Bond.

The first partial amortisation of Series B Bonds shall occur once Series A Bonds have been fully amortised.

Final amortisation of Series B Bonds shall occur on the Final Maturity Date (May 12, 2055) or the following Business Day if that is not a Business Day), notwithstanding potential full amortisation before that date due to the partial amortisation for which provision is made, or because the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.3 **Partial amortisation of the Bonds in each Series.**

Irrespective of the Final Maturity Date and subject to Early Amortisation of the Bond Issue in the event of Early Liquidation of the Fund, the Fund shall, through its Management Company, proceed to partial amortisation of the Bonds in each Series on each Payment Date other than the Final Maturity Date or upon Early Liquidation of the Fund on the specific amortisation terms for each Series established in sections 4.9.2.1 to 4.9.2.2 of this Securities Note and on the terms described hereinafter in this section common to the two Series.

4.9.3.1 **Determination Dates and Determination Periods.**

Determination dates (the **"Determination Dates"**) will be the dates falling on the fifth (5th) Business Day preceding each Payment Date on which the Management Company on behalf of the Fund will make all necessary calculations to distribute or withhold the Available Funds and the Available Funds for Amortisation which the Fund shall dispose of on the relevant Payment Date, in the Priority of Payments. The first Determination Date shall be August 5, 2013.

Determination periods (the **"Determination Periods"**) shall be periods comprising the exact number of days elapsed between every two consecutive Determination Dates, each Determination Period excluding the beginning Determination Date and including the ending Determination Date. Exceptionally:

- (i) the duration of the first Determination Period shall be equal to the days elapsed between the date of establishment of the Fund, inclusive, and the first Determination Date, August 5, 2013, inclusive, and
- (ii) the duration of the last Determination Period shall be equal to the days elapsed a) until the Final Maturity Date or the date on which Early Liquidation of the Fund concludes, as provided for in section 4.4.3.3 of the Registration Document, on which the Mortgage Certificates, Pass-Through Certificates and assets remaining in the Fund have been liquidated and all the Liquidation Available Funds have been distributed in the Liquidation Priority of Payments of the Fund, b) from the Determination Date preceding the Payment Date preceding the date referred to in a), not including the first date but including the last date.

4.9.3.2 **Outstanding Principal Balance of the Bonds.**

The outstanding principal balance (the **"Outstanding Principal Balance"**) of a Series shall be the sum of the principal pending repayment (outstanding balance) at a date of all the Bonds in that Series.

By addition, the Outstanding Principal Balance of the Bond Issue shall be the sum of the Outstanding Principal Balance of the two Series A and B making up the Bond Issue.

4.9.3.3 **Outstanding Balance of the Mortgage Loans.**

The outstanding balance (the **"Outstanding Balance"**) of a Mortgage Loan at a date shall be the sum of the capital or principal not yet due and the capital or principal due and not paid into the Fund on the specific Mortgage Loan at a date.

The outstanding balance of the Mortgage Loans (the **"Outstanding Balance of the Mortgage Loans"**) at a date shall be the sum of the Outstanding Balance of each and every one of the Mortgage Loans at that date.

Delinquent Mortgage Loans (the **"Delinquent Mortgage Loans"**) shall be deemed to be Mortgage Loans that are delinquent with a period of arrears in excess of three (3) months in payment of overdue amounts, excluding Doubtful Mortgage Loans. Non-delinquent Mortgage Loans (the **"Non-Delinquent Mortgage Loans"**) shall be deemed to be Mortgage Loans that at a date are not deemed to be either Delinquent Mortgage Loans or Doubtful Mortgage Loans.

Doubtful Mortgage Loans (the “**Doubtful Mortgage Loans**”) shall be deemed to be Mortgage Loans that are delinquent at a date with a period of arrears equal to or greater than eighteen (18) months in payment of overdue amounts or classified as bad debts by the Management Company because there are reasonable doubts as to their full repayment based on indications or information received from the Servicer. Non-doubtful Mortgage Loans (the “**Non-Doubtful Mortgage Loans**”) shall be deemed to be Mortgage Loans that are not deemed to be Doubtful Loans at a date.

4.9.3.4 **Amortisation Withholding and Available Funds for Amortisation on each Payment Date.**

On each Payment Date, the Available Funds shall be used in fourth (4th) place in the Priority of Payments for withholding the amount altogether allocated to amortising the Bonds, without distinguishing between the various Series (“**Amortisation Withholding**”), in an amount equal to the positive difference, if any, at the Determination Date preceding the relevant Payment Date, between (i) the Outstanding Principal Balance of the Bond Issue, and (ii) the Outstanding Balance of Non-Doubtful Mortgage Loans.

Depending on the liquidity existing on each Payment Date, the amount of the Available Funds actually applied to Amortisation Withholding shall make up the available funds for amortisation (the “**Available Funds for Amortisation**”) and be applied in accordance with the rules for Distribution of Available Funds for Amortisation established in section 4.9.3.5 below.

4.9.3.5 **Distribution of Available Funds for Amortisation.**

The Available Funds for Amortisation shall be applied on each Payment Date to amortising each Series (“**Distribution of Available Funds for Amortisation**”), firstly to amortising Series A until fully amortised, and secondly to amortising Series B until fully amortised.

4.9.4 **Early Amortisation of the Bond Issue.**

Subject to the Fund's obligation, through its Management Company, to proceed to final amortisation of the Bonds on the Final Maturity Date or partial amortisation of each Series before the Final Maturity Date, the Management Company shall be authorised to proceed, as the case may be, to Early Liquidation of the Fund and hence Early Amortisation of the entire Bond Issue in the Early Liquidation Events and subject to the requirements established in section 4.4.3 of the Registration Document and subject to the Liquidation Priority of Payments.

4.9.5 **Final Maturity Date.**

The final maturity date (the “**Final Maturity Date**”) and consequently final amortisation of the Bonds shall be on May 12, 2055) or the following Business Day if that is not a Business Day, without prejudice to the Management Company, for and on behalf of the Fund, and in accordance with the provisions of sections 4.9.2 to 4.9.4 of this Securities Note, proceeding to amortise any or both Series in the Bond Issue before the Final Maturity Date. Final amortisation of the Bonds on the Final Maturity Date shall be made subject to the Liquidation Priority of Payments.

4.10 **Indication of yield.**

The average life, yield, term and final maturity of the Bonds in each Series depend on several factors, most significant among which are the following:

- i) Each Mortgage Loan repayment schedule and system as established in the relevant contracts.
- ii) The Obligors' capacity to prepay the Mortgage Loans in whole or in part and the aggregate prepayment pace throughout the life of the Fund. In this sense, Mortgage Loan prepayments by Obligors, subject to continual changes, and estimated in this Prospectus using several performance assumptions of the future effective constant annual early amortisation or prepayment rate (hereinafter also “**CPR**”), are very significant and shall directly affect the pace at which the Bonds are amortised, and therefore their average life and duration.
- iii) The floating interest rates which shall apply to each Mortgage Loan resulting in the repayment amount on every instalment differing.

iv) The Obligors' delinquency in payment of Mortgage Loan instalments.

The following assumed values have been used for the above-mentioned factors in calculating the amounts contained in the tables of this section:

- Mortgage Loan interest rate: the prevailing interest rate of each mortgage loan selected at June 18, 2013 has been used for calculating the repayment and interest instalments of each selected mortgage loan;
- Mortgage Loan portfolio delinquency: 2.4% of the Outstanding Balance of the Mortgage Loans (the Originator's private individual home mortgage delinquency rate at March 31, 2012, set out in section 3.5 of the Building Block), with 60% recoveries within 18 months of becoming doubtful (based on the performance of mortgage loans previously securitised by CAJA RURAL DE ARAGÓN, S.C.C. and CAJA RURAL ARAGONESA Y DE LOS PIRINEOS, S.C.C., entities merged into BANTIERRA);
- Mortgage Loan portfolio doubtful rate: 1.08% (the result of applying 45% not recovered to 2.4% of the Mortgage Loan portfolio, as set out in the preceding paragraph), with 60% recovery within 18 months of becoming doubtful;
- cumulative Mortgage Loan portfolio doubtful rates from the establishment of the Fund with respect to the initial Outstanding Balance of the Mortgage Loans upon the Fund being established: 8.95% for a 5% CPR; 8.22% for a 6% CPR; and 7.55% for a 7% CPR;
- that the Mortgage Loan prepayment rate remains constant throughout the life of the Bonds;
- that the Treasury Account yield, after the first interest accrual period, remains at 3-month Euribor (the yield is guaranteed for the first two years in the Treasury Account Agreement);
- that the Bond Closing Date is July 16, 2013; and
- that there is no extension of the term of any of the selected mortgage loans.

The actual adjusted life and the yield or return on the Bonds will also depend on their floating rate. The following nominal interest rates are assumed for each Series for the first Interest Accrual Period, resulting from 1-month Euribor (0.122%) at July 8, 2013, and the margins set for each Series in accordance with section 4.8.1.2 of this Securities Note:

	Series A Bonds	Series B Bonds
Nominal interest rate	0.422%	0.622%

For subsequent Interest Accrual Periods, the floating interest rate of the Bonds in each Series is assumed to be constant as follows, resulting from 3-month Euribor (0.217%) at July 8, 2013, and the margins set for each Series in accordance with section 4.8.1.2 of this Securities Note:

	Series A Bonds	Series B Bonds
Nominal interest rate	0.517%	0.717%

The weighted average interest rate of the mortgage loans selected at June 18, 2013, as detailed in section 2.2.2.h) of this Building Block, is 2.31%, which is above the 0.44% weighted average interest rate of the Bonds that has been presumed for hypothetical purposes for the first Interest Accrual Period.

4.10.1 Estimated average life, yield or return, duration and final maturity of the Bonds.

Assuming that the Management Company shall exercise the Early Liquidation of the Fund and Early Amortisation of the Bond Issue option provided in section 4.4.3 of the Registration Document when the Outstanding Balance of the Mortgage Loans is less than 10% of their initial Outstanding Balance upon the Fund being established, the average life, return (IRR) for the Bond subscriber, duration and final maturity of the Bonds for different CPRs, based on the performance over the past twelve months of mortgage loans previously securitised by the Originator, would be as follows:

% CPR:	5.00%	6.00%	7.00%
Series A Bonds			
Average life (years)	6.81	6.30	5.84
IRR	0.524%	0.524%	0.524%
Duration (years)	6.60	6.11	5.68
Final maturity	12 08 2031	12 08 2030	13 08 2029
(in years)	18.08	17.08	16.09
Series B Bonds			
Average life (years)	18.08	17.08	16.09
IRR	0.729%	0.728%	0.728%
Duration (years)	16.84	15.97	15.09
Final maturity	12 08 2031	12 08 2030	13 08 2029
(in years)	18.08	17.08	16.09

The Management Company expressly states that the servicing tables described hereinafter for each Series are merely theoretical and given for illustrative purposes, and represent no payment obligation whatsoever, on the basis that:

- Whereas CPRs are assumed to be constant respectively at 5.00%, 6.00% and 7.00% throughout the life of the Bond Issue, as explained above actual prepayment changes continually.
- The Outstanding Principal Balance of the Bonds on each Payment Date and hence interest payable on each such dates shall depend on the actual Mortgage Loan prepayment, delinquency and default rates.
- Whereas Bond nominal interest rates are assumed to be constant for each Series from the second Interest Accrual Period, the interest rate in all the Series is known to float.
- The assumed values referred to at the beginning of this section 4.10 are at all events taken for granted.
- It is assumed that the Management Company will exercise the Early Liquidation option of the Fund and thereby proceed to Early Amortisation of the Bond Issue when the Outstanding Balance of the Mortgage Loans is less than 10% of the initial Outstanding Balance upon the Fund being set up, as provided in section 4.4.3 of the Registration Document.

Consequently, the Management Company shall make its actions conditional on their protection and observe the provisions established for that purpose from time to time.

b) Registration by the CNMV.

The condition precedent for the Fund to be established and the Bonds to be issued is that this Prospectus and all other supporting documents be entered in the Official Registers of the CNMV, in accordance with the provisions of article 5 of Royal Decree 926/1998.

This Prospectus regarding the establishment of the Fund and Bond Issue has been entered in the CNMV's Official Registers.

c) Execution of the Fund public deed of constitution.

Upon the CNMV registering this Prospectus, the Management Company shall with the Originator proceed to execute on July 12, 2013 a public deed whereby RURAL HIPOTECARIO XIV FONDO DE TITULIZACIÓN DE ACTIVOS will be established, the Originator will issue and the Fund will subscribe for Mortgage Loan Mortgage Certificates and Pass-Through Certificates, and the Fund will issue the Asset-Backed Bonds, on the terms provided in article 6 of Royal Decree 926/1998.

The Management Company represents that the contents of the Deed of Constitution shall match the draft Deed of Constitution it has submitted to the CNMV and the terms of the Deed of Constitution shall at no event contradict, change, alter or invalidate the contents of this Prospectus, notwithstanding the need to complete the respective details and amounts of the Mortgage Loan Mortgage Certificates and Pass-Through Certificates to be respectively issued and subscribed for under the Deed of Constitution.

The Management Company shall submit a copy of the Deed of Constitution to the CNMV to be entered in the Official Registers by July 16, 2013.

4.14 Restrictions on the free transferability of the securities.

There are no restrictions on the free transferability of the Bonds. They may be freely transferred by any means admissible at Law and in accordance with the rules of the AIAF market where they will be traded. A transfer in the accounts (book entry) will convey the ownership of each Bond. The effects of entering the conveyance to the transferee in the accounting record shall be the same as handing over the certificates and the transfer shall thereupon be enforceable on third parties.

5 ADMISSION TO TRADING AND DEALING ARRANGEMENTS.

5.1 Market where the securities will be traded.

In fulfilment of the provisions of article 2.3 of Royal Decree 926/1998, the Management Company shall, upon the Bonds having been paid up, apply for this Bond Issue to be listed on AIAF Mercado de Renta Fija (“AIAF”), which is a qualified official secondary securities market pursuant to transitional provision six of Act 37/1998, November 16, amending the Securities Market Act, and a regulated market, as contained in the Annotated Presentation of Regulated Markets and Additional Provisions under the Investment Services Directive 93/22, published in the Official Journal of the European Communities on July 11, 2009. The Management Company undertakes to do all such things as may be necessary in order that definitive admission to trading is achieved not later than one month after the Closing Date.

The Management Company expressly represents that it is aware of the requirements and terms that must be observed for the securities to be eligible to be listed, remain listed and be excluded from listing on the AIAF, in accordance with the laws in force and the requirements of its governing bodies, and the Fund agrees through its Management Company to observe the same.

In the event that, by the end of the one-month period referred to in the first paragraph of this section, the Bonds should not be admitted to trading on the AIAF, the Management Company shall forthwith proceed to notify Bondholders and the Lead Manager thereof, moreover advising of the reasons resulting in such breach, using the extraordinary notice procedure provided for in section 4.1.2 of the Building Block. This shall be without prejudice to the Management Company being held to be contractually liable, as the case may be, if it is exclusively at fault for the delay.

5.2 Paying agent and depository agents.

5.2.1 Bond Issue Paying Agent.

The Bond Issue will be serviced through BARCLAYS as Paying Agent. Payment of interest and repayments shall be notified to Bondholders in the events and in such advance as may be provided for each case in section 4.1.1 of the Building Block. Interest and amortisation shall be paid to Bondholders by the relevant members and to the latter in turn by Iberclear, the institution responsible for the accounting record.

The Management Company shall, for and on behalf of the Fund, enter with BARCLAYS into a paying agent agreement to service the Bond Issue, the most significant terms of which are given in section 3.4.7.2 of the Building Block.

6 EXPENSE OF THE OFFERING AND OF ADMISSION TO TRADING.

The expected expenses deriving from setting up the Fund and issue and admission to trading of the Bond Issue are EUR four hundred thousand (400,000.00). These expenses include, inter alia, the initial Management Company fee, the Lead Manager's fee, rating and legal advice fees, notary's fees, CNMV fees, AIAF and Iberclear fees for including the Bonds in the register of book entries, the initial fee payable to European DataWarehouse ("ED") and Prospectus translation expenses.

BANCO COOPERATIVO and EUROPEA DE TITULIZACIÓN have structured the financial terms of the Fund and of the Bond Issue.

7.2 Other information in the Securities Note which has been audited or reviewed by auditors.

Not applicable.

7.3 Statement or report attributed to a person as an expert.

DELOITTE have audited certain features and attributes of a sample of the selected mortgage loans on the terms set forth in section 2.2 of the Building Block and have audited BANTIERRA's and the Management Company's annual accounts for the year ended December 31, 2012.

7.4 Information sourced from a third party.

Within its duties to verify the information contained in this Prospectus, the Management Company has received confirmation from BANTIERRA, as Originator, as to the truthfulness of the characteristics of the Mortgage Loans, given in section 2.2.8 of the Building Block, and of the remaining information on the Originator and the Mortgage Loans given in this Prospectus.

In the Deed of Constitution of the Fund, BANTIERRA shall reaffirm to the Management Company the fulfilment of those characteristics on the date on which the Fund is established.

The Management Company confirms that the information sourced from BANTIERRA in relation to the selected mortgage loans, the Mortgage Certificates, the Pass-Through Certificates and the Originator itself has been accurately reproduced and, to the best of its knowledge and ability to determine based on that information provided by the Originator, that no fact has been omitted which might result in the information reproduced being inaccurate or deceptive.

7.5 Credit ratings assigned to the securities by rating agencies.

DBRS and Fitch have, on July 9, 2013, assigned the following provisional ratings to each Bond Series, and expect to assign the same final ratings by 1pm (CET) on July 15, 2013.

Bond Series	DBRS Rating	Fitch Rating
Series A	A (sf)	Asf*
Series B	BB(low) (sf)	Bsf*
		*Negative outlook

If the Rating Agencies should not confirm any of the assigned provisional ratings as final by 1pm (CET) on July 15, 2013, this circumstance would forthwith be notified to the CNMV and be publicised in the manner for which provision is made in section 4.1.2.2 of the Building Block. Furthermore, this circumstance would result in the establishment of the Fund, the Bond Issue and issue of and subscription for the Pass-Through Certificates terminating, as provided for in section 4.4.4.(iv) of the Registration Document.

Rating considerations.

The rating assigned to Series A Bonds by DBRS is an opinion with respect to those bonds as to timely interest payment and principal payment by or on the Final Maturity Date, in accordance with the transaction documents.

The rating assigned to Series B Bonds by DBRS is an opinion with respect to those bonds as to timely interest payment and principal payment by or on the Final Maturity Date, in accordance with the transaction documents.

The DBRS Bond ratings are not an opinion as to underlying obligation repayment probability or frequency or the possibility of the bondholder obtaining a return below what is expected.

The ratings assigned to each Bond Series by Fitch measure the Fund's capacity for timely Bond interest payment and principal repayment in each Series throughout the life of the transaction and at all events before the Final Maturity Date, on the terms given in this Prospectus.

The aforementioned Rating Agencies have been registered and authorised on October 31, 2011 as rating agencies in the European Union in accordance with Regulation (EC) no. 1060/2009 of the European Parliament and of the Council of September 16, 2009 on credit rating agencies.

The ratings assigned, and any revision or suspension of the ratings:

- (i) are assigned by the Rating Agencies based on manifold information received with respect to which they can give no assurance, nor even as to their accuracy or wholeness, wherefore the Rating Agencies may in no event be deemed to be responsible therefor; and
- (ii) are not and cannot therefore be howsoever construed as an invitation, recommendation or encouragement for investors to proceed to carry out any transaction whatsoever on the Bonds and, in particular, acquire, keep, charge or sell those Bonds.

In carrying on the rating and monitoring process, the Rating Agencies rely on the accuracy and wholeness of the information provided by the Originator, DELOITTE, as auditors of certain features and attributes of a sample of the selected mortgage loans, and GARRIGUES, as independent legal advisers.

The ratings take into account the structure of the Bond Issue, the legal aspects thereof and of the issuing Fund, the characteristics of the mortgage loans selected to be assigned to the Fund and the regularity and continuity of the operating flows.

This is a Certified Translation into English of the Spanish Prospectus. No document other than the Spanish Prospectus registered by the Comisión Nacional del Mercado de Valores may have any legal effect whatsoever or be taken into account with respect to the Bond Issue.

The Rating Agencies may revise, suspend or withdraw the final ratings assigned at any time, based on any information that may come to their notice. Those events, which shall not constitute early liquidation events of the Fund, shall forthwith be notified to both the CNMV and Bondholders, in accordance with the provisions of section 4.1 of the Building Block.

ASSET-BACKED SECURITIES NOTE BUILDING BLOCK

(Annex VIII to Commission Regulation (EC) No. 809/2004 of April 29, 2004)

1. SECURITIES

1.1 Minimum denomination of the issue.

The Fund shall be set up with the Mortgage Certificates and the Pass-Through Certificates, representing Mortgage Loan receivables, which shall be issued by BANTIERRA and subscribed for by the Fund upon being established, and their Outstanding Balance shall be equal to or slightly above EUR two hundred and twenty-five million (225,000,000.00), the face value amount of the Bond Issue.

1.2 Confirmation that the information relating to an undertaking or obligor not involved in the issue has been reproduced.

Not applicable.

2. UNDERLYING ASSETS

2.1 Confirmation that the securitised assets have capacity to produce funds to service any payments due and payable on the securities.

In accordance with the Mortgage Loan information supplied by the Originator, the Management Company confirms that, based on their contractual characteristics, the flows of principal, interest and any other amounts generated by the securitised Mortgage Loan receivables allow the payments due and payable on the Bonds in the Series issued to be distinctly satisfied.

Nevertheless, in order to cover for potential payment defaults by the securitised Mortgage Loan Obligors, a number of credit enhancement transactions have been arranged allowing the amounts payable to the Bonds in each Series to be covered to a different extent and mitigating the interest risk due to the different terms of the interest clauses of the Mortgage Loans and of the Bonds in each Series. In exceptional circumstances, the enhancement transactions could actually fall short. The credit enhancement transactions are described in sections 3.4.2, 3.4.3 and 3.4.4 of this Building Block.

Not all the Bonds issued have the same risk of default. Hence the different credit ratings assigned by the Rating Agencies to the Bonds in each Series, detailed in section 7.5 of the Securities Note.

Upon the occurrence of a (i) substantial alteration or permanent financial imbalance of the Fund due to any event or circumstance whatsoever unrelated to the Fund's operations or (ii) default indicating a serious permanent imbalance in relation to any of the Bonds issued or suggesting that it will occur, the Management Company may proceed to Early Liquidation of the Fund and thereby Early Amortisation of the Bond Issue on the terms laid down in section 4.4.3 of the Registration Document.

The contents of the preceding paragraphs are provided by the Management Company based on the Originator's representations given in section 2.2.8 of the Building Block in relation to the Mortgage Certificates, the Pass-Through Certificates and the Mortgage Loans, and to the Originator proper, on the information supplied by the Originator and on the audit report on certain features and attributes of a sample of the portfolio of selected mortgage loans that will mostly be assigned to the Fund.

2.2 Assets backing the issue.

The portfolio of selected mortgage loans from which the Mortgage Loans will be taken in order for their receivables to be mostly assigned to the Fund upon being established by having BANTIERRA issue and the Fund subscribe for the Mortgage Certificates and Pass-Through Certificates is made up of mortgage loans owned by BANTIERRA granted to individuals residing in Spain with senior real estate mortgage security on finished homes (and their annexes -parking spaces and/or lumber rooms- if any), located in Spain and comprises 2,545 mortgage loans, their outstanding principal at June 18, 2013 being EUR 236,455,740.52 and the overdue principal being EUR 15,061.87. There are no homes bound to an officially protected housing scheme securing the mortgage loans.

Out of the selected portfolio mortgage loans, 97.44%, in terms of outstanding principal, are mortgage loans granted to resident Spanish individuals, whereas the remaining 2.564% are mortgage loans granted to resident foreign individuals.

Out of the selected portfolio mortgage loans, 21.70%, in terms of outstanding principal, are secured by third parties (personal surety, bonds or guarantees).

The selected mortgage loans allowing for a margin reduction (404 loans with an outstanding principal of EUR 40,869,662.75 at June 18, 2013 and with a 0.858% weighted average margin, which includes the reductions in place at the portfolio selection date) start from an initial 1.80% spread. Eligibility for that margin reduction shall depend on the following requirements being satisfied:

- (a) The mortgage loan obligor shall have arranged for direct payment at BANTIERRA of the salary, pension or unemployment benefit or work-related revenues in the case of self-employed workers. The amount paid in directly shall be at least EUR 800 monthly. The margin reduction if this requirement is satisfied is 0.25%.
- (b) A valid multi-risk household insurance shall have be in place, insuring the contents of the mortgaged property at least at the value set in the appraisal of the property. The insurance shall be purchased through BANTIERRA. The margin reduction if this requirement is satisfied is 0.10%.

Additionally, and only in the event that any borrower should satisfy both requirements (a) and (b) above, the spread may benefit from the following additional reductions:

- (a) Having life insurance in place for the loan repayment risk, naming BANTIERRA as the beneficiary and covering at least 100% of the outstanding debt on the mortgage loan, and purchased through BANTIERRA: 0.25%.
- (b) Having payment protection insurance in place insuring regular mortgage loan instalment payment for reasons derived from unemployment or temporary disability, purchased through BANTIERRA: 0.15%.
- (c) Holding a credit card marketed by BANTIERRA and using the same for buying items worth in excess of EUR 600 in the immediately preceding six months: 0.10%.
- (d) Paying by direct debit at BANTIERRA at least 3 essential home utility or regular supply bills: 0.05%.
- (e) The borrower having a pension plan in place taken out through BANTIERRA and into which a yearly contribution of at least EUR 400 is made: 0.10%.

The aforementioned reductions shall no longer be applied upon the interest rate being reset provided that the eligibility requirements are not satisfied. They shall be checked every six months, on the last day of the month before the month in which the interest rate is reset.

The details of the 2,545 selected mortgage loans for the issue of the Mortgage Certificates and the issue of the Pass-Through Certificates, based on the criteria for loans to be eligible for issues of mortgage securities established in Chapter II of Royal Decree 716/2009, at the mortgage loan selection date, is as follows:

	No. Principal (EUR)	%
Eligible loans	2.470	97.05
	225.290.948.70	95.28
Ineligible Loans	75	2.95
	11.164.791.82	4.72
Total loans	2.545	100.00
	236.455.740.52	100.00

Mortgage Loan receivables assigned to the Fund by issuing mortgage participation certificates are so assigned because the relevant Mortgage Loans satisfy all the requirements established in Chapter II of Royal Decree 716/2009, and are therefore considered eligible loans for mortgage participation certificates to be issued. Mortgage Loan receivables assigned to the Fund by issuing pass-through certificates are so assigned because the relevant Mortgage Loans do not satisfy all the requirements established in Chapter II of Royal Decree 716/2009, and are not therefore considered eligible loans for mortgage participation certificates to be issued.

Audit of the assets securitised through the Fund.

DELOITTE has audited the significant features of the selected mortgage loans .

That audit was made using sampling techniques consisting of analysing a number of transactions fewer (sample) than the full selection of mortgage loans (population), allowing a conclusion to be arrived at regarding that population. The verification deals with a number of both quantitative and qualitative attributes regarding the sample transactions and specifically regarding: loan and mortgage origination, loan purpose, identification of the borrower, loan origination date, loan maturity date, initial loan amount, current loan balance, reference rate or benchmark index, interest rate spread, interest rate applied, mortgaged property, mortgaged property address, appraisal value, current loan-to-value ratio, mortgage security, arrears in payment, damage insurance and mortgage loan transfer. The Originator shall not assign to the Fund s elected mortgage loans in respect of which errors are detected in verifying the sample.

The audit results are set out in a report prepared by DELOITTE, which is one of the documents on display as determined in section 10 of the Registration Document.

2.2.1 Legal jurisdiction by which the pool of assets is governed.

The securitised assets are governed by Spanish Law.

2.2.2 Description of the general characteristics of the obligors and the economic environment, as well as global statistical data referred to the securitised assets.

In relation to those clauses, so-called "interest rate floor clauses", a recent Judgment no. 241/2013 of the Supreme Court's Civil Chamber dated May 9, 2013 has ruled that the interest rate floor clauses contained in certain mortgage loan deeds entered into with consumers for three lenders are null and avoid in that they are lacking transparency, albeit ruling the subsistence of the relevant agreements and that the judgment had no retrospective effect.

For the avoidance of doubt, it is noted that in the analysis of the selected portfolio mortgage loans by the Rating Agencies, the existence of interest rate floor clauses was not considered, and therefore the hypothetical elimination of interest rate floor clauses, as the case may be, would not have a bearing on the Bond rating.

The Originator has advised the Management Company that the use of clauses providing for interest rate floors and/or caps in retail loans with mortgage security, the Originator's stated commercial and business policy will be adjusted.

The signature of any such clauses with clients shall conform at all times to the requirements laid down in both legal and statutory regulations and the rules issued by the Bank of Spain to be used in loans with mortgage security.

2.2.3 Legal nature of the pool of assets to be securitised.

The selected assets to be securitised are loans with real estate mortgage security, originated in a public deed (the **'Mortgage Loans'**) granted by the Originator to individuals with real estate mortgage security on finished homes (and their annexes -parking spaces and/or lumber rooms- if any) located in Spain.

The Mortgage Loans were originated in a public deed subject to the Mortgage Act, mortgage market regulation laws and ancillary laws.

The Mortgage Loan receivables shall be assigned to the Fund upon the Originator issuing and the Fund subscribing for Mortgage Certificates and Pass-Through Certificates subject to the provisions of Act 2/1981, additional provision five of Act 3/1994 and Royal Decree 716/2009, on the terms provided for in section 3.3 of this Building Block.

2.2.4 Expiry or maturity date(s) of the assets.

The selected mortgage loans each have a final maturity date without prejudice to periodic partial repayment instalments, on the specific terms applicable to each of them.

Obligors may at any time during the life of the mortgage loans prepay all or part of the outstanding capital, in which case interest accrual on the part prepaid will cease as of the date on which repayment occurs.

The final maturity date of the selected mortgage loans at June 18, 2013 lies between December 5, 2013 and October 18, 2051.

2.2.5 Amount of the assets.

The Fund shall be set up with the Mortgage Certificates and the Pass-Through Certificates, representing Mortgage Loan receivables, issued by the Originator and subscribed for by the Fund upon being established, and their Outstanding Balance shall be equal to or slightly above EUR two hundred and twenty-five million (225,000,000.00), the face value amount of the Bond Issue.

The selected mortgage loan portfolio from which the Mortgage Loans will be taken in order for their receivables to be assigned to the Fund when it is established upon the Originator issuing and the Fund subscribing for Mortgage Certificates and Pass-Through Certificates comprises 2,545 mortgage loans, their outstanding principal at June 18, 2013 being EUR 236,455,740.52 and the overdue principal being EUR 15,061.87.

2.2.6 Loan to value ratio or level of collateralisation.

The loan to value ratio or level of collateralisation is given in section 2.2.2 m) of this Building Block.

2.2.7 Method of creation of the assets.

The mortgage loans selected for assignment to the Fund have been granted by the Originator (without any intermediary whatsoever being involved) following its usual current credit risk analysis and assessment procedures for granting mortgage loans to individuals at the date of grant of the loans. Those procedures are described below:

Admission and analysis policies.

Any risk transaction entails the existence of a correlatively numbered proposal. An analysis is made in the following order, and the process is stopped where the set requirements are not satisfied. That results in the risk being refused or negatively reported on.

Document analysis. Checking that the documentary information is as required for the analysis to be made:

- Full proposal.
- Supporting report.
- Economic data (income, payslips, corporation tax, etc.).
- Asnef / Experian.
- Cirbe.
- Rai.
- Wealth tax return, contracts, appraisals, etc.
- Customer (borrower/guarantor) analysis. Applicant's identification and business (legal entity/individual and activity) for, depending on these variables, the analysis is different.
- Transaction analysis.
- Intended use of funds.
- Repayment capacity based on repayment schedule.
- Cash flow stability.
- Analysis of collaterals.
- Credit standing.
- Assessment of collaterals and availability if the contract is enforced. This is the last analysis made and collaterals must always be considered in the event that the repayment forecasts based on customer and transaction analysis do not come true. Admission of the risk must not therefore be based only on the collaterals.

Transaction origination.

Upon being analysed, the transaction is approved by the competent body, as empowered.

SYSTEM CONTROL

The IT system has set empowerment parameters for every branch/person based on amounts. In addition, the correct application of such terms as rates, fees and time limits is channelled through the lending lines, a system instrument grouping the various transaction types depending on the parameters set by the head office, which is exclusively responsible for maintaining and changing those lines based on the guidelines set from time to time.

The system turns down transactions that are not within the set limits. The risks area processes approval after checking that the proposal is authorised by the competent body.

Scoring and rating tools are used, although initially they are not binding until their efficiency and accuracy are known.

The Electronic Document Management system (GED) in risks is used as a tool assisting not only filing problems but in addition improving processing circuit control and monitoring, minimising operational risk and expediting access.

CONTROLLING DEEDS

Transactions originated directly at the head office, including Saragossa urban area and metropolitan area branch transactions. A check is made and a draft is prepared to be sent to the notary's office. The bank controls processing by arrangements with agents (collection and payment of deeds at notaries' offices, payment of Taxes and submission to the Land Registry).

Transactions originated in all other branches: The file is received at the head office (proposal, appraisal and simple copy) and recorded therein until the original deed is fully entered in the register and submitted. Registration is controlled by the branch.

These procedures are controlled claiming transactions not received using a computerised office application. Terms are checked against the approved proposal. Deeds are filed at the head office.

Empowerment Level

Risk acceptance needs to be delegated in order for admission procedures to be swifter and for everyone to take responsibility for their quality.

The empowerment figure granted is the maximum amount to be arrived at with a customer or group of customers considered as a business group or family unit.

That figure shall be authorised by the bank's highest decision-making body and is cascaded down the hierarchic line.

Authority is conferred on an individual, analysing the extent to which it needs to be used.

The figure authorised is given for unrestricted customers, and is subject to review, supporting documents and decision-making, based on the standards set by the bank.

For loans with security interest: a distinction will be made between residential and other mortgage loans. The authority shall be conditional on the loan-to-value ratio and loan repayment-to-income ratio.

The decision-making bodies' empowerment levels are set on the basis of the followed scaled powers:

Body	€ Amount
MANAGEMENT BOARD/EXECUTIVE COMMITTEE	More than 3,000,000
RISKS COMMITTEE WITH OFFICE OF GENERAL MANAGER	Up to 3,000,000
RISKS COMMITTEE WITHOUT OFFICE OF GENERAL MANAGER	Up to 2,000,000
RISKS AREA	Up to 1,000,000
REGIONAL MANAGERS	Up to 250,000
BRANCH MANAGERS	Up to 120,000 and 150,000

Mortgage loan recovery procedure

This procedure consists of detecting problematic transactions, obtaining information, analysing the chances of taking action and designing the debt collection strategy.

The following are the stages in the recovery procedure:

1.- Commencement of the recovery procedure.

Transactions arrive at the recovery department following the set procedure, or, as the case may be, in anticipation where there are serious doubts as to collection.

2.- Identification and progress of the obligor.

The working philosophy is to encourage branches to anticipate default and delinquency situations and apply the BANTIERRA standard then in force to manage the client. Ongoing client knowledge and monitoring should allow problem transactions to be singled out early.

The above is supplemented with existing computerised tools which detect doubtful transactions and trigger commencement of the recovery procedure:

- The branches detect default and delinquency situations on a daily basis through the IRIS computer application incidents manager, IRIS lists, etc.
- BANTIERRA has several IRIS system applications for both detection and information and support.

3.- Contacting the client.

The aim in establishing telephone contact or holding a personal meeting with the client, depending on the problem the obligor has, is to study the situation resulting from the problem, and seeing whether the client is willing and able to settle the debt.

4.- Obtaining information on the borrower.

The first step upon detecting default or potential default is always taken from the branch in order to collect information on the chances of recovery and the obligor's collaterals.

To do so, direct contact is established with the client based on client knowledge and the regular provision of documentation or information, or various information sources are used to look into the real chances of collection or the collaterals BANTIERRA has with respect to the obligor. A search in the Index Register will provide details as to any properties registered to the obligors' names. An attempt is also made to search for the ownership of vehicles or ascertain whether the borrower works for any company.

5.- Consensus as to steps to be taken.

Court foreclosure shall be the last decision to be made or step to be taken at BANTIERRA. In any case, a schedule of payments is established or the debt is rearranged in order for payment to be made easier, depending on the repayment capacity that has been or may be established and the collaterals offered by the obligor. Depending on the outcome of the meeting with the client, the relevant file shall be drawn up from the branch for the risks department and a decision shall be made jointly by the branch manager and the regional manager of BANTIERRA on the step to be taken: (short-term) payments schedule, refunding or foreclosure, unless the client provides a definitive and imminent solution to the default.

6.- Drawing up the file.

In drawing up the relevant file, deadlines are set and documents and reports to be submitted are defined.

7.- Approach in the payments schedule file.

Upon receiving the file, the risks department will review the data provided and analyse the client and the client's position. The client will be contacted and the transaction and the short-term commitment made shall be monitored.

8.- Debt rearrangement or conversion approach.

The branch will send the risks department documents on the relevant transaction to provide an overall solution to the problem which is feasible for the client.

9.- Foreclosure and submission to the Legal Department.

If there is to be foreclosure, the debt is certified and the set documents are sent to the legal department in order for collection in court to be commenced.

2.2.8 Indication of representations and collaterals given to the issuer relating to the assets.

Representations of the Originator.

The Management Company sets out below the representations and warranties which the Originator shall, as holder of the Mortgage Loan receivables until assigned to the Fund and as issuer of the Mortgage Certificates and/or the Pass-Through Certificates, declare and give to the Fund and the Management Company in the Deed of Constitution, in relation to itself and the Mortgage Loans, the Mortgage Certificates and the Pass-Through Certificates.

- (31) That the information about the Mortgage Certificates, Pass-Through Certificates and Mortgage Loans given in the Prospectus is accurate and strictly true.
- (32) That, to the best of its knowledge, no circumstance whatsoever exists which might prevent the mortgage security of each Mortgage Loan from being enforced.
- (33) That the Mortgage Loans are not earmarked for any issue whatsoever of mortgage debentures, mortgage bonds, mortgage participation certificates or pass-through certificates, other than the issue of the Mortgage Certificates or the Pass-Through Certificates, and, during their life, the Mortgage Loans shall not be earmarked for any issue whatsoever of mortgage debentures, mortgage bonds, other mortgage participation certificates or other pass-through certificates.

- (34) That, to the best of its knowledge, no third party has a preferred right over the Fund in and to the Mortgage Loans, as holder of the Mortgage Certificates and the Pass-Through Certificates .
- (35) That none of the Mortgage Loans have clauses allowing deferment of periodic interest payment and principal repayment, other than the principal repayment exclusion period there may be as set out in section 2.2.2.g) of the Building Block.
- (36) That none of the Mortgage Loans are an extension or reinstatement of earlier loans in arrears.
- (37) That none of the Mortgage Loans has officially protected housing as security.

2.2.9 Substitution of the securitised assets.

Set rules for substituting the Mortgage Certificates and the Pass-Through Certificates or otherwise repayment to the Fund.

1. In the event of early amortisation of the Mortgage Certificates or the Pass-Through Certificates upon the relevant Mortgage Loan capital being prepaid, there will be no substitution of the affected Mortgage Certificates or Pass-Through Certificates.
2. In the event that during the full term of the Mortgage Certificates or the Pass-Through Certificates it should be found that any of them or the relevant Mortgage Loan fails to conform to the representations given in section 2.2.8 above upon the Fund being established, the Originator agrees, subject to the Management Company's consent, to proceed forthwith to remedy and, if that is not possible, substitute or, as the case may be, redeem the affected Mortgage Certificates or Pass-Through Certificates not substituted, by early amortisation of the affected Mortgage Certificates or Pass-Through Certificates, subject to the following rules:
 - (i) The party learning of the existence of a Mortgage Certificate or a Pass-Through Certificate in that circumstance, be it the Originator or the Management Company, shall advise the other party. The Originator shall have a period of not more than fifteen (15) Business Days from said notice to remedy that circumstance if it may be so remedied or proceed to substitute the affected Mortgage Certificates or Pass-Through Certificates, notifying the Management Company of the characteristics of the mortgage loans intended to be assigned to take their stead, which shall fulfil the representations given in section 2.2.8 above and be of the same kind as to ranking, residual term, interest rate, outstanding principal value as the affected Mortgage Certificates or Pass-Through Certificates , mortgage ranking and also credit quality in terms of loan to value ratio of the mortgaged property or properties of the Mortgage Certificates or the Pass-Through Certificates to be replaced, in order for the financial balance of the Fund not to be affected by such substitution, nor indeed the rating of the Bonds in connection with the provisions of section 7.5 of the Securities Note. Once the Management Company has checked the appropriateness of the substitute mortgage loan or loans, and after advising the Originator expressly of mortgage loans suitable for such substitution, such substitution shall be made by early amortisation of the affected Mortgage Certificates or Pass-Through Certificates and, as the case may be, issuing the new substitute mortgage participation certificates or pass-through certificates.

Substitution shall be recorded in a public deed subject to the same formalities established for the issue of and subscription for the Mortgage Certificates or the Pass-Through Certificates upon the Fund being established, in accordance with the specific characteristics of the new mortgage loans assigned. The Management Company shall provide the CNMV, the undertaking in charge of the Bond accounting record and the Rating Agencies with a copy of the public deed.

- (ii) In the event that there should be no substitution of the affected Mortgage Certificates or Pass-Through Certificates in accordance with rule (i) above, the affected Mortgage Certificates or Pass-Through Certificates not substituted shall be cancelled early. That cancellation shall take place by a repayment in cash to the Fund by the Originator of the outstanding principal of the affected Mortgage Certificates or Pass-Through Certificates not substituted, interest accrued and not paid, calculated until the repayment date, and any other amount owing to the Fund under those Mortgage Certificates or Pass-Through Certificates.

(iii) In the event of (i) and (ii) above occurring, the Originator shall be vested in all the rights attaching to the Mortgage Certificates or Pass-Through Certificates accruing from the date of substitution or repayment to the Fund or accrued and not due, and overdue amounts on that same date.

3. In particular, the amendment by the Originator during the life of the Mortgage Loans of their terms without regard to the limits established in the special laws applicable and, in particular, to the terms agreed between the Fund, represented by the Management Company, and the Originator in this Prospectus, in the Deed of Constitution and in the Servicing Agreement, which would therefore be an absolutely exceptional amendment, would constitute a unilateral breach by the Servicer of its duties which should not be borne by the Fund or by the Management Company.

Upon any such breach occurring, the Fund may, through the Management Company: (i) demand payment of the relevant damages and losses and (ii) request replacement or repayment of the affected Mortgage Certificates or Pass-Through Certificates, in accordance with the procedure provided for in paragraph 2 above of this section, which shall not result in the Originator guaranteeing that the transaction will be successfully completed, but only the requisite redress of the effects resulting from a breach of its duties, in accordance with article 1124 of the Civil Code.

The expenses originated by the actions to remedy the Originator's breach shall be borne by the Originator and cannot be charged to the Fund or the Management Company. The Management Company shall notify the CNMV of Mortgage Certificate or Pass-Through Certificate replacements on the terms of the procedure provided for in paragraph 2 above.

2.2.10 Relevant insurance policies relating to the assets.

In accordance with the Originator's representation (17) given in section 2.2.8.2 of this Building Block, the properties mortgaged as security for the Mortgage Loans have at least damage and fire insurance under policies for the benefit of the Originator and the insured sum is not less than the appraisal value of the mortgaged property or mortgaged properties, excluding elements that are uninsurable by nature, or the Originator has taken out a secondary general insurance policy ensuring damage insurance cover in the event of that insurance not existing or of the insured sums falling short of (a) the appraisal value of the mortgaged property or mortgaged properties, excluding elements that are uninsurable by nature, in the case of Mortgage Certificates or, in the case of Pass-Through Certificates, (b) the lower of: (i) the current Mortgage Loan balance or (ii) the appraisal value of the mortgaged property or properties, excluding elements that are uninsurable by nature. To this end, the Originator has taken out a general insurance policy with Seguros Generales Rural S.A. de Seguros y Reaseguros to cover those risks in the event of the damage insurance policy taken out by the Obligor not existing or falling short. The total insured sum under these policies amounts to EUR 26,175,650.48.

Other than the general insurance policy described above, no details are included regarding concentration of the insurers because that has not been considered significant.

The Originator shall upon the Fund being established complete the assignment attached to the issue of the Mortgage Certificates and the Pass-Through Certificates of the rights in which it is vested as beneficiary of those damage insurance contracts entered into by the Obligors, and the insurance policy taken out by the Originator. All amounts the Originator should have received under these policies shall therefore be for the Fund, as the holder of the Mortgage Certificates and the Pass-Through Certificates.

2.2.11 Information relating to the obligors where the securitised assets comprise obligations of 5 or fewer obligors which are legal persons or where an obligor accounts for 20% or more of the assets, or where an obligor accounts for a material portion of the assets.

Not applicable.

2.2.12 Details of the relationship, if it is material to the issue, between the Issuer, guarantor and obligor.

There are no relationships between the Fund, the Originator, the Management Company and other parties involved in the transaction other than as set forth in sections 5.2 and 6.7 of the Registration Document and in section 3.2 of this Building Block.

2.2.13 Where the assets comprise fixed income securities, a description of the principal terms.

Not applicable.

2.2.14 Where the assets comprise equity securities, a description of the principal terms.

2.2.15 If the assets comprise equity securities that are not traded on a regulated or equivalent market, where they represent more than ten (10) per cent of the securitised assets, a description of the principal terms.

Not applicable.

2.2.16 Valuation reports relating to the property and cash flow/income streams where a material portion of the assets are secured on real property.

The appraisal values of the properties securing the selected mortgage loans correspond to appraisals made by appraisers for the purpose of granting and arranging the selected mortgage loans.

2.3 Actively managed assets backing the issue.

Not applicable.

2.4 Where the Issuer proposes to issue further securities backed by the same assets, statement to that effect and description of how the holders of that class will be informed.

Not applicable.

3.2 Description of the entities participating in the issue and of the functions to be performed by them.

- (ii) BANCO COOPERATIVO and EUROPEA DE TITULIZACIÓN have structured the financial terms of the Fund and the Bond Issue.

In addition, it shall be the Fund's counterparty in the Subordinated Loan, Start-Up Loan, Mortgage Loan Servicing, Commingling Reserve and Financial Intermediation Agreements. In addition, BANTIERRA shall be the Bond Issue Subscriber.
- (iv) BANCO COOPERATIVO is involved as Lead Manager of the Bond Issue and as Fund counterparty under the Mortgage Certificate and Pass-Through Certificate Custody and Mortgage Loan Servicing Agreements (as potential substitute in certain circumstances)
- (v) BARCLAYS is involved as Paying Agent of the Bond Issue and shall be the Fund's counterparty in the Guaranteed Interest Rate Account (Treasury Account) Agreement.

- (viii) DBRS and Fitch are the Rating Agencies that have assigned the rating to each Bond Issue Series.

The description of the institutions referred to in the above paragraphs is given in section 5.2 of the Registration Document.

The Management Company represents that the summary descriptions of those agreements, given in the relevant sections of this Prospectus, which it shall enter into for and on behalf of the Fund, include the most substantial and relevant information on each agreement, duly reflect their contents and that no information has been omitted which might affect the contents of the Prospectus.

3.3 Description of the method and date of the sale, transfer, novation or assignment of the assets or of any rights and/or obligations in the assets to the issuer.

3.3.1 Perfecting the assignment of the Mortgage Loan receivables to the Fund.

The Deed of Constitution shall perfect the issue by BANTIERRA of the Mortgage Certificates and the Pass-Through Certificates which shall be the instruments for assigning the Mortgage Loan receivables effective upon the very date on which the Fund is established, and their subscription by the Fund, represented by the Management Company.

The Mortgage Certificates and the Pass-Through Certificates will be issued in accordance with the provisions of Act 2/1981 and additional provision five of Act 3/1994, as currently worded, and other applicable laws.

The Mortgage Certificates and the Pass-Through Certificates issued by the Originator shall be represented by means of multiple registered certificates which shall contain the minimum data provided for pass-through certificates in article 29 of Royal Decree 716/2009, and the registration particulars of the properties mortgaged as security for the Mortgage Loans.

The Mortgage Certificates and the Pass-Through Certificates may be transferred by a written statement on the very certificate and, in general, by any of the means admitted by Law. Transfer of the Mortgage Certificate or the Pass-Through Certificate and the new holder's address shall be notified by the transferee to the issuer. They may only be acquired or held by institutional investors, and may not be acquired by the unspecialised public.

Both in the event that any Mortgage Certificate or any Pass-Through Certificate should be substituted, as prescribed in section 2.2.9.2 of this Building Block, and in the event that the Management Company, acting for and on behalf of the Fund, should proceed to foreclose a Mortgage Loan, as prescribed in section 3.7.2.1.7 of this Building Block, and moreover if upon Early Liquidation of the Fund, in the events and on the terms of section 4.4.3 of the Registration Document, said Mortgage Certificates and Pass-Through Certificates have to be sold, the Originator agrees to split, as the case may be, any multiple certificate into such individual or multiple certificates as may be necessary, or to substitute or exchange the same for the above purposes, including such references as may apply from time to time.

The Originator, as issuer, shall keep a special book in which to enter the Mortgage Certificates and the Pass-Through Certificates issued and the changes of address notified by the Mortgage Certificate and the Pass-Through Certificate holders, also including therein (i) Mortgage Loan origination and maturity dates, amount and settlement method; and (ii) the registration particulars of the mortgages securing the Mortgage Loans.

Given that the Mortgage Certificates and the Pass-Through Certificates are securities that may only be subscribed for and held by investors qualifying as institutional investors, for the purposes of paragraph two of article 32.1 of Royal Decree 716/2009, the issue of the Mortgage Certificates and the Pass-Through Certificates shall not be subject to a marginal note on each entry of the mortgage underlying each of the Mortgage Loans in the Land Registry.

In the event of the Originator being decreed insolvent, the issue of the Mortgage Certificates and the Pass-Through Certificates and their subscription by the Fund may only be revoked as provided for in the insolvency laws if whoever exercises the relevant termination action proves that the Originator issued and the Fund subscribed for the Mortgage Certificates and the Pass-Through Certificates fraudulently, all as provided for in Additional Provision Five of Act 3/1994 and articles 10 and 15 of Act 2/1981.

The Originator's assignment of the Mortgage Loan receivables to the Fund shall not be notified to the respective Obligors and that notice shall not be necessary in order for the assignment to be effective.

However, the Management Company shall instruct the Servicer as to the requirement to notify the respective Obligors of the assignment of outstanding Mortgage Loan receivables (and third-party guarantors and mortgaged property insurers, if any) whenever the Management Company deems it justified and in any case in the events of replacement of the Servicer, decree of insolvency or liquidation of the Originator, using for such notice of assignment such means of communication as the Management Company shall deem swiftest and most effective.

For all the purposes set out in the preceding paragraph, the Management Company shall be entitled to request the Originator as Servicer and the latter shall be bound to supply all such information as the Management Company shall deem necessary or expedient.

The Servicer shall notify Obligors (and third-party guarantors and mortgaged property insurers, if any) of the assignment of the outstanding Mortgage Loan receivables forthwith upon receiving the Management Company's instructions and shall in any event prove to the Management Company within not more than five (5) Business Days of those instructions being sent that Obligors (and third-party guarantors and mortgaged property insurers, if any) were actually notified, enclosing an acknowledgement of receipt of such notices.

In any event, from the date on which the Originator as Servicer receives the relevant instructions from the Management Company, it shall forthwith transfer to the Fund's Treasury Account any Mortgage Loan amount to which the Fund is entitled and which may then be in its possession and shall continue to transfer daily any Mortgage Loan amount it shall receive to which the Fund is entitled.

However, the Originator shall empower the Management Company as extensively as may be required at Law in order that the Management Company may notify Obligors of the assignment of the outstanding Mortgage Loans (and third-party guarantors and mortgaged property insurers, if any) whenever the Management Company deems it appropriate. In any event, the Management Company shall forthwith give Obligors (and third-party guarantors and mortgaged property insurers, if any) satisfactory notice, either directly or as the case may be through a new Servicer it shall have designated, of the assignment in the events of replacement of the Servicer, decree of insolvency, liquidation of the Servicer or because the Management Company deems it reasonably justified, if the Servicer fails to prove to the Management Company within five (5) Business Days as set out above notice by the Servicer on the Obligors of the outstanding Mortgage Loans serviced by the same.

In the above connection, the Originator shall agree to forthwith notify the Management Company of the occurrence of a decree of insolvency or the passing of a resolution to put in place its liquidation.

The Servicer shall bear the expense of notifying Obligors of the outstanding Mortgage Loans (and third-party guarantors and mortgaged property insurers, if any), even in the event of such notice being given by the Management Company, and shall agree to assist the Management Company in notifying those Obligors.

3.3.2 Mortgage Certificate and Pass-Through Certificate issue and subscription terms.

1. The Mortgage Loan receivables will be fully and unconditionally assigned, perfected upon the Mortgage Certificates and the Pass-Through Certificates being issued and subscribed for by the Fund, from the date of establishment of the Fund and for the entire term remaining until maturity of each Mortgage Loan.

In accordance with article 348 of the Commercial Code and 1529 of the Civil Code, the Originator will be liable to the Fund for the existence and lawfulness of the Mortgage Loans, and for the personality with which the issue of the Mortgage Certificates and the Pass-Through Certificates is made, but shall not be liable for the Obligors' solvency.

The Originator shall not bear the risk of default on the respective Mortgage Loans and shall therefore have no liability whatsoever for default by the Obligors of principal, interest or any other amount whatsoever they may owe under the Mortgage Loans, and shall not be answerable either for the enforceability of the securities collateral thereto. It will not be howsoever liable either to directly or indirectly guarantee that the transaction will be properly performed, nor give any guarantees or security, nor indeed agree to repurchase or substitute the Mortgage Loans, saving as provided for in section 2.2.9 of this Building Block.

2. The issue of the Mortgage Certificates and the Pass-Through Certificates shall be made for all the outstanding principal pending repayment on each Mortgage Loan on the issue date, which shall be the date on which the Fund is established, and for all ordinary and late-payment interest and all other amounts, real estate, assets, securities or rights whatsoever under each Mortgage Loan.
3. The Fund shall have rights in and to the Mortgage Loans from the date on which the Mortgage Certificates and the Pass-Through Certificates are issued by the Originator and subscribed for by the Fund upon the Fund being established. Specifically, for illustration, without limitation, the Mortgage Certificates and the Pass-Through Certificates shall confer on the Fund, as their holder, the following rights in relation to each Mortgage Loan:
 - a) To receive all Mortgage Loan capital or principal repayment amounts accrued.
 - b) To receive all Mortgage Loan principal ordinary interest amounts accrued. Interest shall in addition include Mortgage Loan interest accrued and not due from the last interest settlement date, before or on the issue date of the Mortgage Certificates and the Pass-Through Certificates, and overdue interest as at that same date.
 - c) To receive all Mortgage Loan late-payment interest amounts.
 - d) To receive any other amounts, real properties, assets, securities or rights received as payment of Mortgage Loan principal, interest or expenses, either in the form of the auction sale price or amount determined by a court decision or out-of-court procedure in enforcing the mortgage or non-mortgage securities, on the sale or utilisation of properties or assets or securities awarded or given as payment, upon foreclosing, in the administration or interim possession of the properties, assets or securities in foreclosure proceedings.
 - e) To receive all possible rights or compensations on the Mortgage Loans accruing for the Originator and derived therefrom, including those derived from the Mortgage Loan insurance contracts which are also assigned to the Fund, and those derived from any right collateral to the Mortgage Loans, including full or partial early repayment fees.
4. Until execution of the Deed of Constitution, the Originator shall be the beneficiary of the damage insurance contracts entered into by the Obligors in relation to the mortgaged properties, as security for the Mortgage Loans, up to the insured sum.

The Originator shall thereupon perfect the assignment attached to the issue of the Mortgage Certificates and the Pass-Through Certificates of the rights the Originator has as beneficiary of the damage insurance contracts taken out by the Obligors and of the general damage insurance policy taken out by the Originator. As the holder of the Mortgage Certificates and the Pass-Through Certificates, the Fund shall therefore be entitled to all such insurance amounts the Originator would have received.

5. In the event of Mortgage Loan prepayment upon a full or partial repayment of the principal, there will be no direct substitution of the affected Mortgage Certificates and Pass-Through Certificates.
6. The Fund's rights resulting from the Mortgage Certificates and the Pass-Through Certificates are linked to the Obligors' payments and the Mortgage Certificates and the Pass-Through Certificates are therefore directly affected by the evolution, late payments, prepayments or any other incident in connection with the Mortgage Loans.

7. The Fund shall defray any and all expenses or costs resulting for the Originator derived from recovery actions in the event of a breach by the Obligor of their obligations, including enforcement proceedings against the same.
8. In the event of renegotiation consented to by the Management Company, for and on behalf of the Fund, of the Mortgage Loans, or their due dates, the change in the terms shall affect the Fund.

3.3.3 Mortgage Certificate and Pass-Through Certificate issue price.

The Mortgage Certificate and Pass-Through Certificate issue price shall be at par with the face value of the Mortgage Loan capital. The aggregate amount payable by the Fund represented by the Management Company to the Originator for subscribing for the Mortgage Certificates and the Pass-Through Certificates shall be an amount equivalent to the sum of (i) the face value of the capital or principal outstanding on each Mortgage Loan, and (ii) ordinary interest accrued and not due and overdue interest, if any, on each Mortgage Loan as at the issue date of the Mortgage Certificates and the Pass-Through Certificates (the “**accrued interest**”).

The Fund, represented by the Management Company, shall pay the Originator the total Mortgage Certificate and Pass-Through Certificate subscription amount on the Closing Date of the Bond Issue, for same day value, upon the subscription for the Bond Issue being paid up. The Originator shall receive no interest on the deferment of payment until the Closing Date.

If the establishment of the Fund and hence the issue of and subscription for the Mortgage Certificates and the Pass-Through Certificates should terminate, (i) the Fund’s obligation to pay the total Mortgage Certificate and Pass-Through Certificate subscription price shall terminate, and (ii) the Management Company shall be obliged to restore to the Originator any rights whatsoever accrued for the Fund upon subscription for the Mortgage Certificates and the Pass-Through Certificates.

3.3.4 Compliance with Royal Decree 216/2008.

In compliance with the provisions of article 40 bis of Royal Decree 216/2008, February 15, in relation to the capital of financial institutions (“**Royal Decree 216/2008**”), introduced by Royal Decree 771/2011, June 3, and of rule fifty-six bis of Bank of Spain Circular 3/2008, May 22, to credit institutions, on determination and control of minimum capital requirements (“**Circular 3/2008**”), added by Bank of Spain Circular 4/2011, November 30, the Originator has notified the Management Company that it shall on an ongoing basis retain a material net economic interest in the Fund on the terms required by the Bank of Spain. In this regard, the Originator has notified the Management Company that “on an ongoing basis” shall be construed in the sense that the net economic interest retained is not covered or sold, other than for adjustments derived from repayment of the Subordinated Loan described below and which do not affect fulfilment of the retention commitment. The Originator shall agree in the Deed of Constitution to include at its website a reference to the location where all the updated details concerning retention of a net economic interest may be found.

Notwithstanding the above, a number of details shall be provided hereinafter in this Prospectus as to such retention. In particular:

- That, pursuant to article 40 bis.1.d) and rule 56bis of Circular 3/2008, the Originator, as originator of the securitisation, shall agree in the Deed of Constitution to retain on an ongoing basis the Subordinated Loan principal (first loss tranche), thereby for the retention to initially equal 5.35% of the Outstanding Balance of the Loans (securitised exposures) and at all times a ratio of not less than five percent (5%) of the Outstanding Balance of the Loans from time to time, on the terms required to that end by the Bank of Spain.
- That the Originator shall agree in the Deed of Constitution to notify the Management Company, on a quarterly basis, of fulfilment of the retention commitment taken on in order for the latter in turn to post that information at its website www.edt-sg.com. In connection with such notice, the Originator shall explicitly declare that it has not taken any action (credit risk cover, sale, short positions, etc.) undermining the application of the retention requirement.

In compliance with the provisions of paragraph two of article 40 quater of Royal Decree 216/2008 and rule 56bis of Circular 3/2008, the Originator shall make sure that potential investors may readily access all the relevant details in order that they may comply with their due diligence obligations. Accordingly, if the Bonds should be transferred to third parties, whatever the amount transferred may be, the Originator shall include at its website (or any future replacement website), a reference to the location where those details may be found which, to the extent considered relevant, shall include information as to credit quality and evolution of the underlying exposures, cash flows and real securities backing the securitisation exposures, and all such information as may be necessary in order to carry out thorough, documented stress tests with respect to the cash flows and the value of the real securities, if any, backing the underlying exposures.

3.4 Explanation of the flow of funds.

3.4.1 How the cash flow from the assets will meet the issuer's obligations to holders of the securities.

Mortgage Loan amounts received by the Servicer will be paid by the Servicer into the Fund's Treasury Account on the day after the date on which they are received by the Servicer or the following business day if that is not a business day, and for same day value.

The weighted average interest rate of the mortgage loans selected as at June 18, 2013, as detailed in section 2.2.2.h) of this Building Block, is 2.31%, which is above the 0.44% weighted average nominal interest rate of the Bonds that has been presumed for hypothetical purposes in the table contained in section 4.10 of the Securities Note.

Quarterly on each Payment Date Bondholders will be paid interest accrued and principal repayment on the Bonds in each Series on the terms set for each of them and in the Priority of Payments given in section 3.4.6.2 of this Building Block.

3.4.2 Information on any credit enhancement.

3.4.2.1 Description of the credit enhancement.

The following credit enhancement transactions are incorporated to the financial structure of the Fund:

- (i) Principal Cash Reserve and Secondary Cash Reserve set up by drawing down the Subordinated Loan.

Mitigates the credit risk derived from Mortgage Loan delinquency and default and the interest rate risk occurring in the Fund because the Mortgage Loans are subject to floating interest with benchmark indices and reset and settlement periods differing from the floating interest established for the Bonds based on 3-month Euribor with quarterly accrual and settlement periods.

- (ii) Treasury Account.

Partly mitigates the loss of return on the liquidity of the Fund due to the timing difference between Mortgage Loan income received until interest payment and principal repayment on the Bonds occurs on the next succeeding Payment Date.

- (iii) Subordination and deferment in interest payment and principal repayment between the Bonds in both Series, derived from their place in the application of the Available Funds as well as the rules for Distribution of Available Funds for Amortisation in the Priority of Payments, or in the application of the Liquidation Available Funds in the Liquidation Priority of Payments, are a means for distinctly hedging the different Series.

- (iv) Commingling Reserve.

Mitigates the risk, in the event of insolvency of the Servicer, administration by the Bank of Spain or liquidation of the Servicer, notice to Obligor of the Mortgage Loan assignment by the Servicer or because the Management Company deems it reasonably justified, of the Fund not receiving Mortgage Loan amounts due to the Fund and paid to the Servicer.

3.4.2.2 Cash Reserve.

The Management Company shall set up two cash reserves on the Closing Date (the **‘Principal Cash Reserve’** and the **‘Secondary Cash Reserve’**) by drawing fully the available Subordinated Loan principal and shall subsequently, on each Payment Date, keep the same provisioned in the relevant amounts in accordance with the following sections and in the Priority of Payments.

The characteristics of the Principal Cash Reserve and the Secondary Cash Reserve shall be as follows:

3.4.2.2.1 Principal Cash Reserve

Principal Cash Reserve amount.

1. The Principal Cash Reserve shall be set up on the Closing Date in an amount of EUR eleven million two hundred and fifty thousand (11,250,000.00) (the **‘Principal Cash Reserve’**), equivalent to 5.00% of the face amount of the Bond Issue.
2. Subsequently to being set up, on each Payment Date, the Principal Cash Reserve shall be provisioned in such amount as may be necessary to keep the same amount of eleven million two hundred and fifty thousand (11,250,000.00) out of the Available Funds in the Priority of Payments of the Fund.

Yield.

The Principal Cash Reserve amount shall remain credited to the Treasury Account, and will be remunerated in terms of the Guaranteed Interest Rate Account (Treasury Account) Agreement.

Application.

The Principal Cash Reserve shall be applied on each Payment Date to satisfying Fund payment obligations in the Priority of Payments and in the Liquidation Priority of Payments.

3.4.2.2.2 Secondary Cash Reserve

Secondary Cash Reserve amount.

1. The Secondary Principal Cash Reserve shall be set up on the Closing Date in an amount of EUR seven hundred and ninety thousand (790,000.00) (the **‘Initial Secondary Cash Reserve’**).
2. Subsequently to being set up, on each Payment Date, the Secondary Cash Reserve shall be provisioned in the amount of the Required Secondary Cash Reserve established hereinafter out of the Available Funds in the Fund Priority of Payments.

The Secondary Cash Reserve amount required on each Payment Date (the **‘Required Secondary Cash Reserve’**) shall be 0.39% of the Outstanding Principal Balance of Series A Bonds.

Yield.

The Secondary Cash Reserve amount shall remain credited to the Treasury Account, and will be remunerated in terms of the Guaranteed Interest Rate Account (Treasury Account) Agreement.

Application.

The Secondary Cash Reserve shall be applied on each Payment Date to satisfying Fund payment obligations on each Payment Date (obligations in 1st and 2nd place) in the Priority of Payments and, upon liquidation of the Fund, in the Liquidation Priority of Payments.

3.4.3 Details of any subordinated finance.

3.4.3.1 Subordinated Loan.

The Management Company shall on the date of establishment of the Fund, for and on behalf of the Fund, enter with the Originator into an agreement whereby it shall grant to the Fund a commercial subordinated loan (the "**Subordinated Loan**") totalling EUR twelve million and forty thousand (12,040,000.00) (the "**Subordinated Loan Agreement**").

The Subordinated Loan amount shall be delivered on the Closing Date and be applied to setting up the Principal Cash Reserve and the Secondary Cash Reserve on the terms for which provision is made in section 3.4.2.2 of this Building Block, although granting of the Loan by no means guarantees performance of the securitised Mortgage Loans.

Subordinated Loan principal shall be repaid on each Payment Date in an amount equal to the positive difference between (i) the Required Secondary Cash Reserve at the relevant Payment Date and (ii) the Required Secondary Cash Reserve at the relevant Payment Date, and in the application order provided for that event in accordance with the application of Available Funds in the Priority of Payments.

The Subordinated Loan shall at all events be finally due on the Final Maturity Date or, as the case may be, on the date on which the Management Company proceeds to Early Liquidation subject to the Liquidation Priority of Payments.

Outstanding Subordinated Loan principal shall earn annual nominal interest, determined quarterly for each Interest Accrual Period, which shall be the result of adding: (i) the Bond Reference Rate determined for each Interest Accrual Period, and (ii) a 1.00% margin. The Start-Up Loan Agreement shall not be terminated in the event of the Fund being terminated, in accordance with the provisions of section 4.4.4.(v) of the Prospectus Registration Document. In that event, the Start-Up Loan shall be used to pay the Fund set-up and Bond issue expenses and all other obligations undertaken by the Management Company, for and on behalf of the Fund, originated upon the Fund being established and which are due and payable, and principal repayment shall be deferred and subordinated to satisfaction of those obligations, out of the Fund's remaining resources.

3.4.3.3 Commingling Reserve.

The Management Company shall, for and on behalf of the Fund, enter with the Originator into a commercial reserve agreement (the "**Commingling Reserve Agreement**" or "**Commingling Reserve**").

The Originator shall pay the Commingling Reserve amount on the Closing Date into the Treasury Account opened in the Fund's name.

- (b) If the Commingling Reserve amount has been drawn on preceding Payment Dates to be used in the Available Funds for reimbursement, subject to the Priority of Payments, in an amount equal to the existing difference, if positive, between (i) the Commingling Reserve amount available at the preceding Determination Date, increased by the amount paid by the Servicer into the Fund during the preceding Determination Period for amounts drawn on preceding Payment Dates, and (ii) the Required Commingling Reserve amount at the relevant Payment Date.

All Commingling Reserve amounts repayable by the Fund and not paid to the Servicer because of a shortfall of Available Funds in the Priority of Payments shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments of the Fund. Payment of amounts not paid on preceding Payment Dates shall take precedence over the Commingling Reserve Amount payable on that Payment Date, in the Priority of Payments or, upon liquidation of the Fund, in the Liquidation Priority of Payments.

The Commingling Reserve Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to each Series as final ratings by 1pm (CET) on July 15, 2013.

3.4.3.4 Subordination of Series B Bonds.

Series B Bond interest payment and principal repayment is deferred with respect to Series A Bonds, in accordance with the provisions of section 4.9.3.5 of the Securities Note, as provided in the Priority of Payments and in the Fund Liquidation Priority of Payments.

The interest rate applicable to each interest accrual period shall be equal to three- (3-) month Euribor set at 11am (CET) on the second Business Day preceding the start of each interest accrual period (the "**Guaranteed Interest Rate**"). Exceptionally, the interest rate applicable to the first interest accrual period shall be equal to the Reference Rate determined for the first Bond Interest Accrual Period. Interest shall be settled on each interest accrual period ending date on each of February 5, May 5, August 5 and November 5, and shall be calculated based on: (i) the exact number of days in each interest accrual period, and (ii) a three-hundred-and-sixty (360-) day year. In the event that the unsecured and unsubordinated debt obligations of BARCLAYS or of the institution at which the Treasury Account is opened (the "**Treasury Account Provider**") should, at any time during the life of the Bond Issue, be downgraded below BBB based on the public rating assigned by DBRS or, where there is no such rating, the internal assessments made and/or private ratings given by DBRS (the "**DBRS Rating**") in the long-term, or be downgraded in the short- or long-term respectively below F2 or BBB+ by Fitch, the Management Company shall, within not more than thirty (30) calendar days from the occurrence of any such circumstances, do one of the following to allow a suitable level of guarantee to be maintained with respect to the Treasury Account Provider's commitments under the Guaranteed Interest Rate Account (Treasury Account) Agreement in order for the rating given to the Bonds by the Rating Agencies not to be adversely affected:

- a) Obtain from an institution with unsecured and unsubordinated debt obligations having a long-term DBRS Rating at least as high as BBB (such rating not to be "Under Review (Negative)") and rated in the short- and long-term respectively at least as high as F2 and BBB+ by Fitch, a first demand guarantee securing for the Fund, merely upon the Management Company so requesting, prompt payment by the Treasury Account Provider of its obligation to repay the amounts credited to the Treasury Account, for such time as the Treasury Account Provider remains downgraded below the aforementioned BBB and/or F2 and/or BBB+ ratings.
- b) Transfer the Treasury Account to an institution with unsecured and unsubordinated debt obligations having a long-term DBRS Rating at least as high as BBB (such rating not to be "Under Review (Negative)") and rated in the short- and long-term respectively at least as high as F2 and BBB+ by Fitch, arranging the highest possible yield for its balances, which may differ from that arranged with BARCLAYS under the Guaranteed Interest Rate Account (Treasury Account) Agreement.

In the event that the Treasury Account Provider's debt obligations should be downgraded or removed by the Rating Agencies, it shall notify the Management Company.

All costs, expenses and taxes incurred in connection with putting in place and arranging the above options shall be borne by BANCO COOPERATIVO.

BANCO COOPERATIVO shall agree, upon a credit rating downgrade of the Treasury Account Provider triggering one of a) or b) above, to use commercially reasonable efforts in order that the Management Company may do one of the above.

After the period of two (2) years from the date of establishment of the Fund, in the event that BANCO COOPERATIVO's short-term unsecured and unsubordinated debt obligations should be upgraded to a long-term DBRS Rating at least as high as BBB (such rating not to be "Under Review (Negative)") and a short- and long-term rating respectively at least as high as F2 and BBB+ by Fitch, the Management Company shall transfer the balances to BANCO COOPERATIVO under the Guaranteed Interest Rate Account (Treasury Account) Agreement.

In the event that the Paying Agent's debt obligations should be downgraded or removed by the Rating Agencies, it shall notify the Management Company. BANCO COOPERATIVO shall agree, upon a credit rating downgrade of the Paying Agent triggering one of (i) or (ii) above, to use commercially reasonable efforts in order that the Management Company may do one of the above.

All costs, expenses and taxes incurred in connection with putting in place and arranging the above options shall be borne by BANCO COOPERATIVO.

In consideration of the services provided by the Paying Agent, the Fund shall pay it on each Payment Date during the term of the agreement, a fee, which shall be paid provided that the Fund has sufficient liquidity and in the Priority of Payments or, upon liquidation of the Fund, in the Liquidation Priority of Payments. If BARCLAYS should be replaced as Paying Agent, the Management Company shall be entitled to change the fee payable to the replacement entity, which may be higher than that established with BARCLAYS.

In the event that, in accordance with the Priority of Payments, the Fund should not have sufficient liquidity to pay said full fee, then the amounts accrued and not paid shall be accumulated without any penalty whatsoever to the fee falling due on the following Payment Date, unless that absence of liquidity should continue, in which case the amounts due shall build up until fully paid on the Payment Date on which they are settled, in the Priority of Payments or, upon liquidation of the Fund, in the Liquidation Priority of Payments .

The Paying Agent Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to each Series as final ratings by 1pm (CET) on July 15, 2013.

It is also the Management Company's duty, as the manager of third-party portfolios, to represent and enforce the interests of the holders of the Bonds issued by the Fund and of all its other ordinary creditors. Consequently, the Management Company shall make its actions conditional on their protection and observe the provisions established for that purpose from time to time. Bondholders and all other ordinary creditors of the Fund shall have no recourse against the Fund Management Company, other than for a breach of its duties or failure to observe the provisions of the Deed of Constitution and the Prospectus.

- (ii) Making such decisions as may be appropriate in connection with liquidation of the Fund, including the decision to proceed to Early Liquidation of the Fund and Early Amortisation of the Bond Issue, in accordance with the provisions of the Deed of Constitution and this Prospectus. Moreover, making all appropriate decisions in the event of the establishment of the Fund terminating.
- (iii) Complying with its formal, documentary and reporting duties to the CNMV, the Rating Agencies and any other supervisory body.

- (vii) The Management Company may extend or amend the agreements entered into on behalf of the Fund, substitute, as the case may be, each of the Fund service providers on the terms provided for in each agreement, and indeed, if necessary, enter into additional agreements, including a loan agreement in the event of Early Liquidation of the Fund, and amend the Deed of Constitution, on the terms laid down in article 7 of Act 19/1992. In any event, those actions shall require that the Management Company first notify the CNMV and notify the Rating Agencies, and provided that such changes are not detrimental to the rating assigned to the Bonds by the Rating Agencies. Amendment of the Deed of Constitution shall require that the Management Company first notify the CNMV, proving that the requirements established in the aforesaid article 7 are satisfied. Upon the CNMV

checking that the statutory requirements for amendment are satisfied, the Management Company shall execute the relevant deed of amendment and submit a certified copy thereof to the CNMV. The amendment of the Deed of Constitution shall be notified by the Management Company to the Rating Agencies and be disclosed by the Management Company through the Fund's periodic public information, and be posted at the Management Company's website. The Deed of Constitution or the agreements may also be corrected upon a request by the CNMV.

- (ix) Checking that the Mortgage Loan income amounts actually received by the Fund match the amounts that must be received by the Fund, on the terms of issue of the Mortgage Certificates and the Pass-Through Certificates and on the terms of their respective Mortgage Loans, and that the Mortgage Loan amounts receivable are provided by the Servicer to the Fund within the time-periods and on the terms provided for under the Servicing Agreement.
- (x) Determining on each Interest Rate Fixing Date and for each Interest Accrual Period thereafter, the Nominal Interest Rate to be applied for each Bond Series and calculating and settling the accrued interest amounts payable on each Payment Date.
- (xi) Calculating and determining on each Determination Date the principal to be amortised and repaid on each Bond Series on the relevant Payment Date.
- (xii) Determining the interest rate applicable to each of the relevant borrowing, lending and hedge transactions and calculating and settling the interest and fee amounts receivable and payable by the Fund under the same, and the fees payable for the various financial services arranged for.
- (xiii) Taking the actions for which provision is made in relation to the debt ratings or the financial position of the Fund counterparties in the financial and service provision agreements listed in section 3.2 of this Building Block.
- (xiv) Watching that the amounts credited to the Treasury Account return the yield set in the Agreement.
- (xv) Calculating the Available Funds, the Available Funds for Amortisation, the Liquidation Available Funds and the payment or withholding obligations to be complied with, and applying the same in the Priority of Payments or the Liquidation Priority of Payments, as the case may be.
- (xvi) Instructing transfers of funds between the various borrowing and lending accounts, and issuing all relevant payment instructions, including those allocated to servicing the Bonds.

3.7.1.3 Resignation and substitution of the Management Company.

The Management Company shall be substituted in managing and representing the Fund, in accordance with articles 18 and 19 of Royal Decree 926/1998 set forth hereinafter and with subsequent rules statutorily established in that connection.

Resignation.

- (i) The Management Company may resign its management and authorised representative duties with respect to all or part of the funds managed whenever it deems this fit, applying to be substituted in a letter addressed to the CNMV, including a designation of the substitute management company. That letter shall enclose a letter from the new management company, declaring its willingness to take over that function and applying for the appropriate authorisation.
- (ii) The CNMV's substitution authorisation shall be subject to meeting of the following requirements:

- (a) The substituted Management Company's delivery of the accounting records and data files to the new management company. That delivery will only be taken to have been made when the new management company is able to fully take over its function and that circumstance is notified to the CNMV.
- (b) The rating accorded to the Bonds by the Rating Agencies should not fall as a result of the proposed substitution.
- (iii) The Management Company may in no event resign its duties until and unless all requirements and formalities have been complied with in order for its substitute to take over its duties.
- (iv) The substitution expenses originated shall be borne by the resigning Management Company and may in no event be passed on to the Fund.
- (v) The substitution shall be published within fifteen days by means of a notice inserted in two nationwide newspapers and in the bulletin of the organised secondary market where the Bonds issued by the Fund are listed. Furthermore, the Management Company shall notify the Rating Agencies of that substitution.

Forced substitution.

- (i) In the event that the Management Company should be adjudged insolvent or have its licence to operate as a securitisation fund management company revoked by the CNMV, it shall find a substitute management company, in accordance with the provisions of the foregoing section.
- (ii) In the event for which provision is made in the preceding section, if four months should have elapsed from the occurrence determining the substitution and no new management company should have been found willing to take over management, there shall be Early Liquidation of the Bond Issue, in accordance with the provisions of sections 4.4.3 and 4.4.4 of this Prospectus Registration Document and of the Deed of Constitution.

The Management Company agrees to execute such public and private documents as may be necessary for it to be substituted by another management company, in accordance with the system for which provision is made in the preceding paragraphs of this section. The substitute management company shall be substituted in the Management Company's rights and duties under this Prospectus. Furthermore, the Management Company shall hand to the substitute management company such accounting records and data files as it may have to hand in connection with the Fund.

3.7.1.4 Subcontracting.

The Management Company shall be entitled to subcontract or subdelegate to solvent and reputable third parties the provision of any of the services it has to provide as the manager and authorised representative of the Fund, as established in this Prospectus, provided that the subcontractor or delegated party waives the right to take any action holding the Fund liable. In any event, subcontracting or delegating any service (i) may not result in an additional cost or expense for the Fund, (ii) shall have to be legally possible, (iii) shall not result in the rating accorded to each Bond Series by the Rating Agencies being downgraded, and (iv) shall be notified to the CNMV and, where statutorily required, will first be authorised by the CNMV. Notwithstanding any subcontracting or subdelegation, the Management Company shall not be exonerated or released, under that subcontract or subdelegation, from any of the liabilities undertaken in this Prospectus which may be legally attributed or ascribed to it.

3.7.1.5 Management Company's remuneration.

In consideration of the functions to be discharged by the Management Company, the Fund will pay it a management fee consisting of:

- (i) An initial fee which shall accrue upon the Fund being established and be payable on the Closing Date.

(ii) A periodic fee on the Outstanding Principal Balance of the Bond Issue, which shall accrue daily from the establishment of the Fund until it terminates and be settled and paid by Interest Accrual Periods in arrears on each Payment Date subject to the Priority of Payments or, as the case may be, the Liquidation Priority of Payments. The periodic fee amount on each Payment Date may not be below the minimum amount determined. The minimum amount shall be cumulatively reset in the same proportion, from the year 2014, inclusive, and effective as of January 1 of each year.

(iii) Fee for preparing the file and for each submission to ED.

If on a Payment Date, in the Priority of Payments, the Fund should not have sufficient liquidity to settle the above-mentioned fee, the amount due shall accrue interest equal to the Bond Reference Rate for the relevant Interest Accrual Period. The unpaid amount and accrued interest shall be accumulated for payment to the fee payable on the following Payment Date, unless that absence of liquidity should continue, in which case the amounts due shall build up until fully paid in the Priority of Payments or, upon liquidation of the Fund, in the Liquidation Priority of Payments.

3.7.2 Servicing and custody of the securitised assets.

BANTIERRA, Originator of the Mortgage Loan receivables upon the Mortgage Certificates and the Pass-Through Certificates being issued to be subscribed for by the Fund, as established in article 2.2.b) of Royal Decree 926/1998 and article 26.3 of Royal Decree 716/2009, shall agree to service and manage the Mortgage Loans underlying the Mortgage Certificates and the Pass-Through Certificates, and relations between the Originator (hereinafter in regard to that Agreement the "**Servicer**"), BANCO COOPERATIVO as the Servicer's potential substitute in certain circumstances, and the Fund, represented by the Management Company, shall be governed by the Mortgage Loan Servicing Agreement (the "**Servicing Agreement**") in relation to custody, management and servicing of the Mortgage Loans.

The registered office and significant business activities of BANTIERRA are respectively given in section 5.2 of the Registration Document and in section 3.5 of this Building Block. The registered office of BANCO COOPERATIVO is given in section 5.2 of the Registration Document.

The Servicer and BANCO COOPERATIVO, as the Servicer's potential substitute in certain circumstances, shall accept the appointment received from the Management Company and thereby agree as follows:

- (i) To manage and service the Mortgage Loans subject to the system terms and ordinary servicing and management procedures established in the Servicing Agreement.
- (ii) To continue servicing the Mortgage Loans, devoting the same time and efforts to them as they would devote and use to service their own mortgage loans and in any event on the terms for which provision is made in the Servicing Agreement.
- (iii) That the procedures they apply and will apply to manage and service the Mortgage Loans are and will continue to be in accordance with the laws and statutory regulations in force applicable thereto.
- (iv) To full faithfully observe the instructions issued by the Management Company.
- (v) To pay the Fund damages resulting from a breach of the obligations undertaken, although the Servicer shall not be liable for actions carried out on the Management Company's instructions.

In any event, the Servicer waives the privileges and authorities conferred on it by law as the manager of collections for the Fund and as servicer of the Mortgage Loans, and custodian of the relevant public deeds, and in particular those for which provision is made in articles 1730 and 1780 of the Civil Code and 276 of the Commercial Code.

The most relevant terms of the Servicing Agreement are given hereinafter in the following paragraphs of this section.

3.7.2.1 Ordinary system and procedures for servicing and managing the Mortgage Loans.

1. Custody of deeds, policies, agreements, documents and files.

The Servicer shall keep all deeds, documents and data files relating to the Mortgage Loans underlying the Mortgage Certificates and the Pass-Through Certificates and mortgage property damage insurance policies under safe custody and shall not give up their possession, custody or control other than with the Management Company's prior written consent for it to do so, unless a document should be required to institute proceedings to claim a Mortgage Loan, or any other competent authority should so require informing the Management Company.

The Servicer shall allow the Management Company or the auditors of the Fund duly authorised thereby reasonable access at all times to said deeds, documents, records and policies. Furthermore, whenever required to do so by the Management Company, it shall provide within two (2) Business Days of that request and clear of expenses, a copy or photocopy of any of such deeds and documents.

2. Collection management.

The Servicer shall continue managing collection of all Mortgage Loan amounts payable by the Obligors to which the Fund is entitled under the underlying Mortgage Certificates and Pass-Through Certificates and any other item including under the damage insurance contracts. The Servicer shall use all reasonable efforts for payments to be made by the Obligors to be collected in accordance with the contractual terms and conditions of the Mortgage Loans.

Mortgage Loan amounts received by the Servicer shall be paid in full into the Fund's Treasury Account or upon the same being moved, as the case may be, into such account as may be designated by the Management Company, on the day next succeeding the date on which they are received by the Servicer, or the following business day, for same day value, if that is not a business day, in accordance with the set terms and conditions. In this connection, business days shall be taken to be all those that are business days in the banking sector in the city of Madrid.

The Servicer shall at no event pay any amount whatsoever to the Fund not previously received as payment for the Mortgage Loans.

3. Fixing the interest rate.

Because the Mortgage Loans are floating-rate Mortgage Loans, the Servicer shall continue fixing the interest rates applicable in each interest period as established in the relevant Mortgage Loan deeds, submitting such communications and notices as may be established therein.

4. Information.

The Servicer shall regularly communicate to the Management Company the information relating to the individual characteristics of each Mortgage Loan underlying the Mortgage Certificates and the Pass-Through Certificates, to fulfilment by Obligors of their Mortgage Loan obligations, to delinquency status and ensuing changes in the characteristics of the Mortgage Loans, and to actions to demand payment in the event of late payment and court and out-of-court actions, real estate or asset auctions and, as the case may be, the award or giving of the same to the Fund and the possessory status and circumstances thereof, the foregoing using the procedures and timing established in the Servicing Agreement.

Furthermore, the Servicer shall prepare and hand to the Management Company such additional information relating to the Mortgage Loans or the rights attaching thereto as the Management Company may reasonably request, and in particular the documents required for the Management Company, as the case may be, to bring legal actions.

5. Mortgage Loan subrogation.

The Servicer shall be authorised to allow substitutions in the Obligor's position under the Mortgage Loan documents underlying the Mortgage Certificates and the Pass-Through Certificates, exclusively where the new Obligor's characteristics are not less creditworthy than those of the former Obligor and those characteristics observe the mortgage lending policies described in section 2.2.7 of this Building Block, and further provided that the expenses derived from that change are fully borne by the Obligors. The Management Company may fully or partially limit this power of the Servicer or set conditions therefor, in the event that those substitutions might adversely affect the ratings accorded to the Bonds by the Rating Agencies.

The Obligor may apply for subrogation to the Servicer in connection with the Mortgage Loans pursuant to Act 2/1994. Subrogation of a new creditor under the Mortgage Loan and the ensuing payment of the amount due shall, as the case may be, result in Mortgage Loan prepayment and early amortisation of the respective Mortgage Certificate or Pass-Through Certificate.

6. Authorities and actions in relation to Mortgage Loan renegotiation procedures.

The Servicer may not voluntarily cancel the Mortgage Loans underlying the Mortgage Certificates and the Pass-Through Certificates or their mortgages and securities for any reason other than Mortgage Loan payment, relinquish or settle in regard thereto, forgive the Mortgage Loans in full or in part or extend the same, or in general do anything that may diminish the status, legal effectiveness, ranking or economic value of the Mortgage Loans or of the mortgages, without prejudice to its heeding requests by Obligors using the same efforts and procedure as if they were own mortgage loans.

BANTIERRA has adhered to the Best Practice Code provided for in Royal Decree-Act 6/2012, March 9, on urgent measures for protecting insolvent mortgagors ("**Royal-Decree Act 6/2012**"), and intends to adhere to the Best Practice Code approved by Act 1/2013. Pursuant to article 5.3 of Royal Decree-Act 6/2012, on April 10, 2013, the Official State Gazette published a Decision dated April 8, 2012, of the Secretary of State of the Economy and Business Support listing the institutions that have notified their voluntary adhesion to the Best Practice Code for a feasible restructuring of debts secured with a mortgage on a main residence, including BANTIERRA.

Given the financial capacity of obligors on the exclusion threshold, the Management Company will initially authorise BANTIERRA, as Servicer, to apply the measures laid down in the Best Practice Code to any Mortgage Loans lying within the scope of application of that Best Practice Code, provided that the requirements laid down in Royal Decree-Act 6/2012 are met. In this connection, the Servicer shall first notify the Management Company of requests made by Obligors, enclosing all documents received from the Obligor to prove that the Obligor is on the exclusion threshold established in the aforesaid Royal Decree-Act and the proposed measures to be adopted in accordance with the aforementioned Best Practice Code.

Subject to the above and the provisions hereinafter laid down, any novation changing a Mortgage Loan entered into by the Servicer shall be made exclusively with the prior consent of the Management Company, on behalf of the Fund, and the Servicer agrees to seek such consent from the Management Company as soon as it is aware that an Obligor has requested a change. The Management Company shall nevertheless initially authorise the Servicer to entertain and accept Mortgage Loan interest rate renegotiations and extended terms without requiring the Management Company's prior consent, subject to the following generic enabling requirements.

a) Renegotiating the interest rate.

Mortgage Loan interest rate may be renegotiated subject to the following rules and limits:

1. The Servicer may under no circumstance entertain on its own account and without being so requested by the Obligor, interest rate renegotiations which may result in a decrease in the interest rate applicable to a Mortgage Loan. The Servicer shall not encourage interest rate renegotiation and shall act in relation to such renegotiation bearing in mind the Fund's interests at all times.

2. The Servicer may, subject to the provisions of paragraph 3 below, renegotiate the Mortgage Loan interest rate clause on terms that are considered at arm's length and no different from those applied by the Servicer in renegotiating or granting its floating-rate mortgage loans and credits. In this connection, arm's length floating interest rate shall be deemed to be the interest rate offered by the Servicer on the Spanish market for loans or credits granted to individuals with real estate mortgage security on finished homes (and their annexes -parking spaces and/or lumber rooms- if any) located in Spain with amounts and other terms substantially similar to the renegotiated Mortgage Loan.
3. Renegotiation of the interest rate applicable to a Mortgage Loan shall in no event be to a fixed rate, nor (i) result in its being changed to a floating interest rate with a benchmark index for determination other than the Euribor index or with a reset frequency differing from that of the Mortgage Loan upon the Fund being established, nor (ii) may it be carried out if previously, or as a result of renegotiating, the average margin or spread weighted by the outstanding principal of the Mortgage Loans on their respective benchmark indices is less than 65 percentage basis points.

b) Extending the period of maturity.

The final maturity or final repayment date of the Mortgage Loans may be extended or deferred ("**extending the term**") subject to the following rules and limitations:

- (i) The Servicer may in no case entertain on its own account, i.e. without being so requested by the Obligor, a change in the final maturity date of the Mortgage Loan which may result in an extension of that date. The Servicer, without encouraging an extension of the term, shall act in relation to such extension bearing in mind the Fund's interests at all times.
- (ii) The aggregate of the initial capital or principal of the Mortgage Certificates and the Pass-Through Certificates for the Mortgage Loans with respect to which the maturity date is extended may not exceed 10.00% of the face amount of the total initial capital or principal of the Mortgage Certificates and the Pass-Through Certificates.
- (iii) The term of a specific Mortgage Loan may be extended provided that the following requirements are met:
 - a) That the Mortgage Loan capital or principal repayment and interest instalment frequency is at all events maintained or increased, maintaining the same repayment system.
 - b) That the new final maturity or final repayment date does not extend beyond October 18, 2051.

The Management Company may at any time during the term of the Servicing Agreement, on behalf of the Fund, cancel, suspend or change any of the powers or authorisations for the Mortgage Loans to be amended as set out in this section 6 by the Servicer.

If there should be any amendment of a Mortgage Loan, the Servicer shall forthwith notify the Management Company of the terms resulting from each amendment. Such notice shall be made through the software or data file provided for the terms of the Mortgage Loans to be updated.

In the event of amendment of the Mortgage Loans, with the Management Company's consent, for and on behalf of the Fund, the change in the terms shall affect the Fund.

The contractual documents supporting novation of the renegotiated Mortgage Loans will be kept by the Servicer, in accordance with the provisions of paragraph 2 of this section.

7. Action against Obligor in the event of default on Mortgage Loan payment.

Actions in the event of late payment.

The Servicer shall use the same efforts and the same procedure for claiming overdue amounts on the Mortgage Loans applied to the rest of its portfolio mortgage loans.

In the event of the Obligor's default of payment obligations, the Servicer shall do the things described in the Servicing Agreement, taking for that purpose the steps it would ordinarily take if they were its own portfolio mortgage loans, in accordance with standard banking usage and practice for collecting overdue amounts, and shall be bound to advance such expenses as may be necessary for those things to be done, notwithstanding its right to be reimbursed by the Fund. These actions include all such court and out-of-court actions as the Servicer may deem necessary to claim and collect amounts due by the Obligor.

Legal actions.

The Servicer shall, using its fiduciary title to the Mortgage Loans, take all relevant actions against Obligor failing to meet their Mortgage Loan payment obligations. Such action shall be brought using the appropriate court enforcement procedures prescribed by articles 517 et seq. of the Civil Procedure Act.

For the above purposes, and for the purposes prescribed by Civil Procedure Act articles 581.2 and 686.2 and in the event that this should be necessary, the Management Company shall confer in the Deed of Constitution as full and extensive a power of attorney as may be required at Law on the Servicer in order that the Servicer may, acting through any of its attorneys-in-fact duly empowered for such purpose, for and on behalf of the Management Company as the Fund's authorised representative, demand any Mortgage Loan Obligor in or out of court to pay the debt and bring a legal action against the same, in addition to other powers required to discharge its duties as Servicer. These powers may be extended and amended in another deed if need be.

The Servicer shall generally apply for foreclosure, advancing all necessary expenses to do so, if, for a period of six (6) months, a Mortgage Loan Obligor in default of payment obligations should fail to resume payments or the Servicer, with the Management Company's consent, should fail to obtain a payment commitment satisfactory to the Fund's interests. In the event of Mortgage Loan default or application of the measures laid down in the Best Practice Code, payment agreements and terms shall not be subject to the terms and calculation laid down in paragraph 6 above, other than as regards the latest final maturity date of February 4, 2052. The Servicer shall in any event forthwith proceed to apply for such foreclosure if the Management Company, acting for the Fund, and after analysing the specific circumstances of the case, should deem this necessary.

In addition to the legal actions in the event of default by any Obligor as established in this section, the Management Company shall, acting for and on behalf of the Fund, have the following remedies provided for mortgage participation certificates in article 31 of Royal Decree 716/2009, which also apply to the Mortgage Certificates and the Pass-Through Certificates:

- (i) To demand the Servicer to apply for foreclosure.
- (ii) To take part on an equal standing with the Servicer, as issuer of the Mortgage Certificates and the Pass-Through Certificates, in the foreclosure the latter shall have instituted against the Obligor, intervening to that end in any foreclosure proceedings commenced by the former.
- (iii) If the Servicer should fail to take that action within sixty (60) calendar days of a notice served through a Notary demanding payment of the debt, the Management Company, for and on behalf of the Fund, shall be secondarily entitled to bring the foreclosure action on the Mortgage Loan for both principal and interest.
- (iv) In the event that the proceedings instituted by the Servicer should come to a standstill, the Fund, duly represented by the Management Company, may be subrogated in the former's position and continue the foreclosure proceedings, without the above period having to elapse.

In events (iii) and (iv) above, the Management Company, for and on behalf of the Fund, may apply to the Judge or Notary with jurisdiction to commence or continue with the respective foreclosure proceedings, attaching to the application the original Mortgage Certificate or Pass-Through Certificate, the notice served through a Notary provided for in section (iii) above and an office certificate as to registration and subsistence of the mortgage. The Servicer shall be bound to issue a certification of the balance outstanding on the Mortgage Loan.

If this should be required by law, and for the purposes of the provisions of the Civil Procedure Act, the Servicer shall confer in the Deed of Constitution an irrevocable and as extensive and sufficient a power of attorney as may be required by Law in order for the Management Company, acting for and on behalf of the Servicer, to demand through a Notary payment of the debt by the Obligor under any of the Mortgage Loans underlying the Mortgage Certificates and the Pass-Through Certificates.

The Management Company, for and on behalf of the Fund as holder of the Mortgage Certificates and the Pass-Through Certificates, may also take part with equal rights with the Servicer in the foreclosure proceedings and may in this sense, on the terms for which provision is made in the Civil Procedure Act, request the award of the mortgaged property as payment of the Mortgage Loan.

The Servicer agrees to promptly advise of payment demands, legal actions and all and any other circumstances affecting collection of overdue amounts on the serviced Mortgage Loans. Furthermore, the Servicer will provide the Management Company with all such documents as the latter may request in relation to said Mortgage Loans and in particular the documents required for the Management Company to take legal recovery actions, as the case may be.

8. Mortgage Loan mortgaged property insurance.

The Servicer shall not take or fail to take any action resulting in cancellation of any mortgage property fire and damage insurance policy or reducing the amount payable in any claim thereunder. The Servicer shall use all reasonable efforts and in any event use the rights conferred under the insurance policies or the Mortgage Loans in order for those policies (or any other policy granting equivalent cover) to be kept in force and fully effective in relation to each Mortgage Loan and the respective property to which the Mortgage Loan refers.

Whenever the Servicer receives notice of non-payment of policy premiums by any Obligor, the Servicer shall demand the Obligor to pay the same and indeed take out fire and damage insurance on the Obligor's behalf where it is able to do so under the Mortgage Loan deed, advancing payment of the premiums, without prejudice to being reimbursed by the Obligor for amounts so paid.

In the event of a claim, the Servicer shall coordinate actions for collecting compensations derived from mortgaged property damage insurance policies on the terms and conditions of the Mortgage Loans and the actual policies, paying the amounts received, if any, to the Fund.

In the event of insolvency, administration by the Bank of Spain, liquidation or substitution of the Servicer or because the Management Company deems this reasonably justified, the Management Company may demand the Servicer, at any time and at its cost, and for the purposes laid down in the second paragraph of article 40 of Insurance Contract Act 50/1980, October 8, as currently worded, to notify the relevant insurers of the transfer of the Mortgage Loan receivables, and that payments of indemnities under the relevant damage or Mortgage Loan security insurance policies will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify insurers within five (5) Business Days of receiving the request and in the event of insolvency or liquidation of the Servicer, the Management Company shall itself directly or, as the case may be, through a new Servicer it shall have designated, notify the insurers observing insolvency rules, as appropriate.

9. Set-off.

In the exceptional event that any Mortgage Loan Obligor should have a liquid receivable, due and payable vis-à-vis the Servicer, and because the assignment is made without the Obligor being aware, any Mortgage Loan should be fully or partially set-off against that claim, the Servicer shall remedy such circumstance or, if that is not possible, the Servicer shall proceed to pay to the Fund the amount set off plus accrued interest which would have been payable to the Fund until the date on which the payment is made, calculated on the terms applicable to the relevant Mortgage Loan.

10. Subcontracting.

The Servicer may subcontract any of the services it may have agreed to provide under the Servicing Agreement other than those that may not be so delegated in accordance with the laws in force for the time being. That subcontracting may in no event result in an additional cost or expense for the Fund or the Management Company, and may not result in the rating assigned to each Bond Series by the Rating Agencies being downgraded. Notwithstanding any subcontracting or subdelegation, the Servicer shall not be excused or released under that subcontract or subdelegation from any of the liabilities undertaken in the Servicing Agreement which may legally be attributed or ascribed to it.

11. Award of real properties.

The Servicer agrees to notify the Management Company of the places, dates, terms and valuation of the real properties mortgaged as security for the Mortgage Loans and of all other assets attached as a result of the court or out-of-court proceedings commenced against the Obligors, auctions scheduled, and proposed action and bid, in suitable advance in order that the Management Company may do such things as it shall see fit and submit instructions on the subject to the Servicer in suitable time.

The Servicer agrees to attend auctions of real properties or other assets, but shall thereat abide at all times by the instructions it shall have received from the Management Company, and shall therefore only tender a bid or apply for the award of the real estate or the asset to the Fund, fulfilling the instructions received from the Management Company.

As for repossession of awarded homes, Chapter I of Act 1/2013 provides for a two-year stay from the entry into force of that Act 1/2013 (i.e. until May 15, 2015) for eviction where in court or out-of-court foreclosure proceedings the Fund is awarded the main residence of people who are in the specially vulnerable and financial circumstances provided for in the aforementioned Act 1/2013.

In the event of real properties or other assets being awarded or given as payment to the Fund, the Servicer shall send to the Management Company the relevant title deeds, and shall do all things necessary for the same to be entered in the register and repossessed.

The Management Company shall proceed, through the Servicer (or, as the case may be, directly through third parties), to sell the properties within the shortest possible space of time and at arm's length and the Servicer shall actively assist in expediting their disposal.

3.7.2.2 Term and substitution.

The services shall be provided by the Servicer until all obligations undertaken by the Servicer as issuer of the Mortgage Certificates and the Pass-Through Certificates terminate, once all the Mortgage Loans have been repaid, or when liquidation of the Fund concludes after it terminates, without prejudice to the possible early revocation of its appointment under the Servicing Agreement.

In the event of a breach by the Servicer of any of the obligations imposed in the Servicing Agreement on the Servicer, the Management Company shall be entitled to demand the Servicer to perform as agreed or, as the case may be and where this is legally possible and after first notifying the Rating Agencies, terminate the Servicing Agreement without prejudice to the Servicer's contractual liability, if any, consequent upon that breach. Similarly, both upon a breach by and in the event of the Servicer's credit rating falling or there being a change in its financial position which may be detrimental to or place the financial structure of the Fund at risk, or be detrimental to the ratings assigned to the Bonds by the Rating Agencies, the Management Company shall be entitled, where this is legally possible, to terminate the Servicing Agreement with the Servicer.

In the event of termination of the Agreement with the Servicer, the Management Company shall previously designate a new Servicer for the Mortgage Loans, provided that the new Servicer accepts the obligations contained in the Servicing Agreement. If however the Management Company shall not have designated a new Servicer, BANCO COOPERATIVO shall be automatically designated as the new Servicer. The new Servicer shall, upon a written request from the Management Company and where that is legally possible, take over the servicing and management function of the Mortgage Loans, on terms and conditions matching those contained in the Servicing Agreement. In that connection, the parties agree to enter into such documents as might be necessary.

The Management Company shall instruct the Servicer as to the requirement to notify the respective Obligors of the assignment of outstanding Mortgage Loans whenever the Management Company deems it fit and in any event upon the Servicer being substituted or in the event of a decree of insolvency, liquidation of the Servicer or because the Management Company deems it reasonably justified, using for such notice of assignment such means of communication as the Management Company shall deem swiftest and most effective.

For all the purposes set out in the preceding paragraph, the Management Company shall be entitled to request and the Servicer shall be bound to supply all such information as the Management Company shall deem necessary or expedient.

The Servicer shall notify Obligors of the assignment of the outstanding Mortgage Loans forthwith upon receiving the Management Company's instructions and shall in any event prove to the Management Company within not more than five (5) Business Days of those instructions being sent that Obligors were actually notified, enclosing an acknowledgement of receipt of such notices.

In any event, from the date on which the Servicer receives the relevant instructions from the Management Company, it shall forthwith transfer to the Fund's Treasury Account any Mortgage Loan amount to which the Fund is entitled and which may at that time be in its possession and shall continue to transfer daily any Mortgage Loan amount it shall receive to which the Fund is entitled.

However, the Servicer shall empower the Management Company as extensively as may be required at Law in order that the Management Company may notify Obligors of the assignment of the outstanding Mortgage Loans whenever the Management Company deems it appropriate. In any event, the Management Company shall forthwith give Obligors satisfactory notice, either directly or as the case may be through a new Servicer it shall have designated, of the assignment upon the Servicer being substituted or in the event of a decree of insolvency, or indications thereof, liquidation of the Servicer or because the Management Company deems it reasonably justified, if the Servicer fails to prove to the Management Company within five (5) Business Days as set out above notice by the Servicer on the Obligors of the outstanding Mortgage Loans.

In the above connection, the Servicer shall agree to forthwith notify the Management Company of the occurrence of a decree of insolvency or the passing of a resolution to put in place its liquidation.

The Servicer shall bear the expenses of notifying Obligors of the outstanding Mortgage Loans, even in the event of such notice being given by the Management Company, and shall agree to assist the Management Company in notifying those Obligors.

Upon early termination of the Servicing Agreement, the outgoing Servicer shall provide BANCO COOPERATIVO or the new Servicer, as the case may be, on demand by the Management Company and as determined thereby, with the necessary documents and data files it may have in order for the new Servicer to carry on the relevant activities.

The Servicing Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to each Series as final ratings by 1pm (CET) on July 15, 2013.

3.7.2.3 Liability of the Servicer and indemnity.

The Servicer shall at no time have any liability whatsoever in relation to the Management Company's obligations as Fund manager and manager of Bondholders' interests, nor in relation to the Obligors' Mortgage Loan obligations, without prejudice to the liabilities undertaken thereby as issuer of the Mortgage Certificates and the Pass-Through Certificates.

The Servicer takes on the obligation to indemnify the Fund or its Management Company for any damage, loss or expense resulting for the same on account of any breach by the Servicer of its obligations to service, manage and report on the Mortgage Loans and the properties awarded or given as payment to the Fund established under the Servicing Agreement or in the event of breach as established in paragraph 3 of section 2.2.9 of this Building Block.

The Management Company shall, for and on behalf of the Fund, have recourse against the Servicer where the breach of the obligation to pay any and all principal repayment and interest and other Mortgage Loan amounts paid by the Obligors owing to the Fund does not result from Obligors' default but is attributable to the Servicer.

Upon the Mortgage Loans terminating, the Fund shall, through its Management Company, retain a right of action against the Servicer until fulfilment of its obligations.

Neither Bondholders nor any other creditor of the Fund shall have any direct right of action whatsoever against the Servicer; that right shall lie with the Management Company, as the representative of the Fund, who shall have that right on the terms described in this section.

3.7.2.4 Servicer's remuneration.

In consideration of the servicing and management of the Mortgage Loans, the Servicer shall be entitled to receive in arrears on each Payment Date during the term of the Servicing Agreement, a subordinated servicing fee equal to 0.01% per annum, inclusive of VAT if there is no exemption, which shall accrue on the exact number of days elapsed in each Determination Period preceding the Payment Date and on the sum of the mean daily Outstanding Balance of the Mortgage Loans and of the daily mean net book value of the properties awarded to the Fund during that Determination Period. If the Servicer should be replaced in that servicing task, the Management Company will be entitled to change the above percentage fee for the new Servicer, which may be in excess of the fee previously established. The servicing fee will be paid on the relevant Payment Date provided that the Fund has sufficient liquidity in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

If the Fund should, through its Management Company, due to a shortfall of liquidity in the Fund Priority of Payments, fail to pay on a Payment Date the full fee due to the Servicer, the overdue amounts shall accumulate without any penalty whatsoever on the fee payable on the following Payment Dates, until fully paid.

Furthermore, on each Payment Date, the Servicer shall be entitled to reimbursement of all Mortgage Loan servicing and management expenses of an exceptional nature incurred, such as in connection with legal and/or recovery actions, including procedural expenses and costs, or managing, maintaining, valuing and overseeing the sale of assets or properties awarded or given as payment to the Fund, after first justifying the same. Those expenses will be paid whenever the Fund has sufficient liquidity and in the Priority of Payments or, upon liquidation of the Fund, in the Liquidation Priority of Payments.

3.7.3 Mortgage Certificate and Pass-Through Certificate Custody.

The Management Company shall, for and on behalf of the Fund, enter with BANCO COOPERATIVO (in this connection the "Custodian") into a Mortgage Certificate and Pass-Through Certificate Custody Agreement. That custody shall be established for the benefit of the Fund and BANCO COOPERATIVO shall therefore hold the documents representing the Mortgage Certificates and the Pass-Through Certificates in custody as directed by the Management Company.

In consideration of the services to be provided by the Custodian, the Fund shall pay a fee of 0.01 per thousand per annum, inclusive of tax, if any, on the mean daily outstanding balance of the Mortgage Certificates and the Pass-Through Certificates during each Determination Period, and during the term of the agreement, payable on each Bond Payment Date for periods in arrears, provided that the Fund has sufficient liquidity in the Priority of Payments or, upon liquidation of the Fund, in the Liquidation Priority of Payments.

If the Fund, through its Management Company, should not have sufficient liquidity in the Fund Priority of Payments and fail on a Payment Date to pay the full fee due, unpaid amounts shall accumulate without any penalty whatsoever on the fee payable on the following Payment Dates, until paid in full.

The Mortgage Certificate and Pass-Through Certificate Custody Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to each Bond Series as final by 1pm (CET) on July 15, 2013.
