<sup>1</sup> Includes, as the case may be, the net book value (fair value minus 25% as the estimated selling costs) of the unsold properties and assets awarded to or accepted in lieu of foreclosure by the Fund for securitised assets. In reports generated before August 2015, unsold properties awarded or accepted in lieu of foreclosure were accounted for in this report at the acquisition value.

<sup>2</sup> Details are only given for periods in which there are entries of securitised assets in arrears for the period analysed or of securitised assets additionally included as specified in note<sup>3</sup> below.

<sup>3</sup> Includes, as the case may be, securitised assets classified as doubtful/bad debts because full repayment thereof is reasonably to be doubted. In reports generated from August 2015 this moreover includes securitised assets removed following an award by the court or acceptance in lieu of foreclosure of the mortgaged properties, even if they had been in arrears for a period shorter than that analysed in this report. Computation of those securitised assets takes into account both the date on which the award or acceptance in lieu of foreclosure of the property is booked and the outstanding principal balance immediately before that date.
